**Item 1.01. Entry into a Material Definitive Agreement.**

On February 16, 2007, Trimble Navigation Limited (the “Company”) entered into an amendment and restatement of the Company’s existing unsecured credit agreement with The Bank of Nova Scotia, as administrative agent, issuing bank and swing line bank, Citibank, N.A. and BMO Capital Markets, as co-syndication agents, and Bank of America, N.A. and Wells Fargo Bank, N.A., as co-documentation agents, and a syndicate of other lenders party to the agreement (the “Credit Agreement”).

The Credit Agreement increased the availability under the revolving facility by \$100,000,000, for availability of an aggregate principal amount of up to \$300,000,000, and provided for a term loan in an aggregate principal amount of up to \$100,000,000, for an aggregate facility of up to \$400,000,000. The funds available under the Credit Agreement may be used by the Company for general corporate purposes and for financing certain acquisitions, including the financing of the acquisition of @Road, Inc. and payment of transaction fees and expenses related to the acquisition. Up to \$25 million of the revolving facility may be used for the issuance of letters of credit on behalf of the Company, and up to \$20 million may be used for swing line loans.

The Company may borrow, repay and reborrow funds under the revolving facility until the maturity of February 16, 2012, at which time the revolving facility terminates, and all amounts borrowed must be repaid. Amounts not borrowed under the revolving facility will be subject to a commitment fee, to be paid in arrears on the last day of each fiscal quarter, ranging from 0.125% to 0.225% per annum depending on the Company’s leverage ratio as of the most recently ended fiscal quarter. The term loan will be repaid in quarterly installments, with principal being amortized at the following annual rates: year 1 at 10%, year 2 at 15%, year 3 at 15%, year 4 at 20%, year 5 at 20%, with the last quarterly payment to be made at the maturity of February 16, 2012, together with a final payment of 20% of the original principal amount. The term loan may be prepaid by the Company in whole or in part, subject to certain minimum thresholds, without penalty or premium.

On February 20, 2007, the Company made an initial borrowing of \$150,000,000 under the revolving facility and \$100,000,000 under the term facility of the Credit Agreement. Additional funds may be borrowed under the Credit Agreement in U.S. Dollars or in certain other currencies. Borrowings will bear interest, at the Company’s option, at either: (i) a floating per annum base rate based on the administrative agent’s prime rate or other agreed-upon rate, depending on the currency borrowed, plus a margin of between 0% and 0.125%, depending on the Company’s leverage ratio as of its most recently ended fiscal quarter, or (ii) a reserve-adjusted fixed per annum rate based on LIBOR, EURIBOR, STIBOR or other agreed-upon rate, depending on the currency borrowed, plus a margin of between 0.625% and 1.125%, depending on the Company’s leverage ratio as of the most recently ended fiscal quarter. Interest will be paid on the last day of each fiscal quarter with respect to borrowings bearing interest based on a floating rate, or on the last day of an interest period, but at least every three months, with respect to borrowings bearing interest at a fixed rate. The Company’s obligations under the Credit Agreement are guaranteed by certain of the Company’s domestic subsidiaries.

---

The Credit Agreement contains customary affirmative, negative and financial covenants including, among other requirements, negative covenants that restrict the Company's ability to dispose of assets, create liens, incur indebtedness, repurchase stock, pay dividends, make acquisitions, enter into mergers and acquisitions, make investments and make capital expenditures, and financial covenants that require the maintenance of maximum leverage and minimum fixed charge coverage ratios.

The Credit Agreement contains events of default that include, among others, non-payment of principal, interest or fees, breach of covenants, inaccuracy of representations and warranties, cross defaults to certain other indebtedness, bankruptcy and insolvency events, material judgments, and events constituting a change of control. Upon the occurrence and during the continuance of an event of default, interest on the obligations will accrue at an increased rate and the lenders may accelerate the Company's obligations under the Credit Agreement; however that acceleration will be automatic in the case of bankruptcy and insolvency events of default. Additionally, the Company's subsidiaries that have guaranteed the Credit Agreement could be required to pay the full amount of the Company's obligations under the Credit Agreement.

**ITEM 2.01 Completion of Acquisition or Disposition of Assets.**

On February 16, 2007, the Company completed the acquisition of @Road, Inc., of Fremont, California for a total purchase price of \$493.1 million. @Road common stockholders will receive \$5.00 in cash and 0.0447 shares of Trimble common stock for each outstanding share of @Road common stock.

**ITEM 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.**

The information set forth under Item 1.01, "Entry into a Material Definitive Agreement," is incorporated herein by reference.

On February 21, 2007, the Company amended Article III of its Articles of Incorporation to effect a two-for-one stock split payable on February 22, 2007. The text of the amendment is as follows:

Article III of the Articles of Incorporation of this corporation is amended and restated to read in its entirety as follows:

Upon the adoption of this amendment each outstanding share of Common is split up and converted into two shares of Common."
