English Translation of Press Release issued in Hebrew on November 28, 2005

Sapiens INSIGHT™ Responds to Israeli New Capital Market Needs in the Wake of the Bachar Reform

Developed in collaboration with Sapiens' key clients in Israel

November 28, 2005 - Sapiens International Corporation N.V. (NASDAQ and TASE: SPNS) a member of the Formula Group (NASDAQ: FORTY and TASE: FORT), today announced the customization of the INSIGHT™ information system to the new requirements of the Israeli capital market, that evolved as a result of the Bachar Committee's recommendations.

Sapiens INSIGHT™ provides the operational solutions mandated by the capital market reform in respect to life insurance, pension and provident funds and long term saving schemes. Until recently, the capital market was structured in four distinct segments: banks, insurance companies, pension funds and provident funds. As a result of the Bachar Reform, the boundaries that used to delineate the capital markets have converged, allowing the various entities to play in all four segments through newly-developed services that cut across the previously clear-cut areas, resulting in increased competition. Sapiens' fully-integrated INSIGHT™ solution responds to the needs of all segments.

"As a web-based system, Sapiens INSIGHT™ allows companies, their agents or branches, as well as their customers (corporate and private) to use the same system, have access to financial data that has been calculated in the same place, and benefit from improved accuracy and relevance," says Mely Lerman, Vice President Insurance, Life & Pensions at Sapiens. "Our system provides the bank teller, the insurance agent or the pension or provident fund representative with a complete view of the client, including products from diversified sources, enabling them for the first time to offer complementary products."

Sapiens INSIGHT™ for Life & Pensions was developed in collaboration with Sapiens' key customers in Israel. Having gone into production at Menorah Insurance Company several months ago, it will soon be rolled into the New Mivtachim pension fund while also being evaluated by several provident funds in the banking sector.
