Issuance and Sale of Senior Notes

The information included in Item 2.03 of this Current Report on Form 8-K under the captions Issuance and Sale of Senior Notes and Registration Rights Agreement is incorporated into this Item 1.01 of this Current Report on Form 8-K.

Item 2.03. Creation of a Direct Financial Obligation.

Issuance and Sale of Senior Notes

On March 21, 2007, General Cable Corporation (the Company) completed the issuance and sale of \$325.0 million in aggregate principal amount of senior notes, comprised of \$125.0 million of Senior Floating Rate Notes due 2015 (the Floating Rate Notes) and \$200.0 million of 7.125% Senior Fixed Rate Notes due 2017 (the Fixed Rate Notes and together, the Notes). The Notes are jointly and severally guaranteed by each of the Company's current and future domestic subsidiaries (the Guarantees). The Notes and the Guarantees were offered and sold in private transactions in accordance with Rule 144A and Regulation S under the Securities Act of 1933, as amended (the Securities Act). The Notes and the Guarantees have not been registered under the Securities Act and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements of the Securities Act.

The Company issued the Notes pursuant to an Indenture, dated as of March 21, 2007 (the Indenture), by and among the Company, the subsidiary guarantors named therein (the Guarantors) and U.S. Bank National Association, as Trustee (the Trustee).

The Company intends to use a substantial portion of the net proceeds from the offering of the Notes to repurchase all or substantially all of the Company's existing 9.5% Senior Notes due 2010 (the 9.5% Notes) (including approximately \$280.0 million of the 9.5% Notes validly tendered and not withdrawn on or prior to March 15, 2007 in the Company's previously announced tender offer and consent solicitation and related fees and expenses), and the remaining net proceeds for general corporate purposes.

The Floating Rate Notes will bear interest at a rate equal to the applicable LIBOR rate (as defined in the Indenture) plus 237.5 basis points per year. Interest on the Floating Rate Notes will be payable quarterly in arrears on January 1, April 1, July 1 and October 1 of each year, commencing July 1, 2007. The Fixed Rate Notes will bear interest at a rate of 7.125% per year and will be payable semi-annually in arrears on April 1 and October 1 of each year, commencing October 1, 2007. The Floating Rate Notes will mature on April 1, 2015 and the Fixed Rate Notes will mature on April 1, 2017. The Notes and Guarantees will be the Company's and the Guarantors' unsecured senior obligations, will rank equally with all of the Company's and Guarantors' existing and future senior debt, will rank senior in right of payment to all of the Company's and the Guarantors' future subordinated debt, will be subordinated to all of the Company's existing and future secured debt, including obligations under the Company's existing senior secured credit facility, to the extent of the value of the assets securing such debt, and will be effectively subordinated to all existing and future debt and other liabilities, including trade payables, of the Company's subsidiaries that do not guarantee the Notes.

The Indenture contains covenants that limit the ability of the Company and certain of its subsidiaries to:

pay dividends on, redeem or repurchase the Company's capital stock;

incur additional indebtedness;

make investments;

create liens;

sell assets;

engage in certain transactions with affiliates;

create or designate unrestricted subsidiaries; and

consolidate, merge or transfer all or substantially all assets.

These covenants are subject to important exceptions and qualifications.

Upon certain Events of Default (as defined in the Indenture), the Trustee or the holders of at least 25% in aggregate principal amount of the Notes then outstanding may declare the entire principal of all of the Notes to be due and payable immediately. If an Event of Default occurs based on certain events of bankruptcy, insolvency or reorganization affecting the Company or the Company's Significant Subsidiaries (as defined in the Indenture), the Notes will automatically become immediately due and payable without any declaration or other act on the part of the Trustee or any Note holder.

The Company may, at its option, redeem the Floating Rate Notes, in whole or in part, at any time on or after April 1, 2009 at a redemption price equal to 100% of the principal amount thereof, plus a make-whole premium and accrued and unpaid interest, and special interest, if any, to the date of redemption. In addition, at any time on or prior to April 1, 2009, the Company may, at its option, redeem up to 35% of the aggregate principal amount of the Floating Rate Notes with the net proceeds of certain equity offerings at a redemption price equal to 100% of the aggregate principal amount thereof, plus a premium equal to the interest rate per annum on the Floating Rate Notes applicable on the date on which notice of redemption is given, plus accrued and unpaid interest thereon, and special interest, if any, to the redemption date, so long as:

at least 65% of the aggregate principal amount of Floating Rate Notes issued under the Indenture remains outstanding immediately after giving effect to any such redemption; and

notice of any such redemption is given within 60 days after the date of the closing of any such equity offering.

At any time prior to April 1, 2009, the Company may also redeem, in whole or in part, the Floating Rate Notes, upon not less than 10 nor more than 60 days prior notice to each holder of a Floating Rate Note, at a redemption price equal to 100% of the aggregate principal amount of the Floating Rate Notes redeemed plus an applicable premium as of, and accrued and unpaid interest thereon, and special interest, if any, to the date of redemption, subject to the rights of the holders of Floating Rate Notes on the relevant record date to receive interest due on the relevant interest payment date.

The Company may, at its option, redeem the Fixed Rate Notes, in whole or in part, at any time on or after April 1, 2012 at a redemption price equal to 100% of the principal amount

thereof, plus a make-whole premium and accrued and unpaid interest, and special interest, if any, to the date of redemption. In addition, at any time on or prior to April 1, 2010, the Company may, at its option, redeem up to 35% of the aggregate principal amount of the Fixed Rate Notes with the net proceeds of certain equity offerings at a redemption price equal to 107.125% of the aggregate principal amount thereof, plus accrued and unpaid interest thereon, and special interest, if any, to the redemption date, so long as:

at least 65% of the aggregate principal amount of Fixed Rate Notes issued under the Indenture remains outstanding immediately after giving effect to any such redemption; and

notice of any such redemption is given within 60 days after the date of the closing of any such equity offering.

At any time prior to April 1, 2012, the Company may also redeem, in whole or in part, the Fixed Rate Notes, upon not less than 10 nor more than 60 days prior notice to each holder of a Fixed Rate Note, at a redemption price equal to 100% of the aggregate principal amount of the Fixed Rate Notes redeemed plus an applicable premium as of, and accrued and unpaid interest thereon, and special interest, if any, to the date of redemption, subject to the rights of the holders of Fixed Rate Notes on the relevant record date to receive interest due on the relevant interest payment date.

If the Company experiences a Change of Control (as defined in the Indenture), holders of the Notes will be entitled to require the Company to purchase all or a portion of the Notes at 101% of their principal amount, plus accrued and unpaid interest to the date of repurchase.

Registration Rights Agreement

On March 21, 2007, the Company and the Guarantors entered into a Registration Rights Agreement with Goldman, Sachs & Co., as representative of the initial purchasers of the Notes (the Registration Rights Agreement). Pursuant to the Registration Rights Agreement, the Company agreed to: (i) file a registration statement within 90 days after the issue date of the Notes enabling the holders of the Notes to exchange the Notes for publicly registered notes with identical terms; (ii) use commercially reasonable efforts to have the registration statement declared effective within 210 days after the issue date of the Notes; and (iii) cause the registration statement to become effective within 270 days after the issue date of the Notes. In addition, the Company agreed to use commercially reasonable efforts to file a shelf registration statement for the resale of the Notes in the event that an exchange offer could not be effected within the time periods listed above or in other circumstances. If the Company fails to comply with certain obligations under the Registration Rights Agreement, it will be required to pay special interest to the holders of the Notes in accordance with the provisions of the Registration Rights Agreement.
