PROXY STATEMENT
FOR
ANNUAL MEETING OF SHAREHOLDERS
To Be Held April 29, 2003

This proxy statement is being furnished to shareholders by the Board of Directors (the "Board") of Banta Corporation (the "Company"), beginning on or about March 19, 2003, in connection with a solicitation of proxies by the Board for use at the annual meeting of shareholders to be held on Tuesday, April 29, 2003, at 2:00 p.m., Central Time, at the Fox Cities Performing Arts Center, Kimberly-Clark Theater, 400 West College Avenue, Appleton, Wisconsin, and all adjournments or postponements thereof (the "Annual Meeting"), for the purposes

Edgar Filing: BANTA CORP - Form DEF 14A

set forth in the attached Notice of Annual Meeting of Shareholders.

Execution of a proxy given in response to this solicitation will not affect a shareholder's right to attend the Annual Meeting and to vote in person. Presence at the Annual Meeting of a shareholder who has signed a proxy does not in itself revoke a proxy. Any shareholder giving a proxy may revoke it at any time before it is voted by giving notice thereof to the Company in writing or in open meeting, by attending the Annual Meeting and voting in person, or by delivering a proxy bearing a later date.

A proxy, in the enclosed form, which is properly executed, duly returned to the Company and not revoked will be voted in accordance with the instructions contained therein. The shares represented by executed but unmarked proxies will be voted FOR the nine persons nominated for election as directors referred to herein and on such other business or matters which may properly come before the Annual Meeting in accordance with the best judgment of the persons named as proxies in the enclosed form of proxy. Other than the election of directors, the Board has no knowledge of any matters to be presented for action by the shareholders at the Annual Meeting.

Only holders of record of the Company's common stock, \$.10 par value (the "Common Stock"), at the close of business on March 7, 2003 are entitled to notice of and to vote at the Annual Meeting. On that date, the Company had outstanding and entitled to vote 25,247,832 shares of Common Stock, each of which is entitled to one vote per share.

ELECTION OF DIRECTORS

At the Annual Meeting, the shareholders will elect nine directors of the Company, each to hold office until the 2004 annual meeting of shareholders and until his or her successor is duly elected and has qualified. Set forth below are the Board's nominees to serve as directors of the Company. Unless shareholders otherwise specify, the shares represented by the proxies received will be voted in favor of the election as directors of the

nine persons named as nominees herein. The Board has no reason to believe that any of the listed nominees will be unable or unwilling to serve as a director if elected. However, in the event that any nominee should be unable or unwilling to serve, the shares represented by proxies received will be voted for another nominee selected by the Board.

The following sets forth certain information, as of March 7, 2003, about each of the Board nominees for election at the Annual Meeting. Except as otherwise noted, each nominee has engaged in the principal occupation or employment and has held the offices shown for more than the past five years.

BOARD OF DIRECTORS

General

The Board held nine meetings in 2002. Each director attended at least 75% of the aggregate of (a) the total number of meetings of the Board and (b) the total number of meetings held by all committees of the Board on which the director served during 2002.

The Company has Audit, Compensation, and Nominating and Corporate Governance Committees of the Board. The Audit Committee consists of Messrs. Gunderson (Chairperson), Richelsen and DeNero. The principal functions performed by the Audit Committee, which met eight times in 2002, are to assist the Board in monitoring: the integrity of the Company's financial statements; the independent auditor's qualifications and independence; the performance of the Company's independent auditors; and the Company's compliance with legal and regulatory requirements. The Audit Committee has the sole authority to retain and terminate the Company's independent auditors and to approve the compensation paid to the independent auditors. The Audit Committee is also responsible for overseeing the Company's internal audit function. The Compensation Committee consists of Ms. Baxter (Chairperson), Ms. Burns and Messrs. Bergstrom and Richelsen. The principal functions of the Compensation Committee, which met four times in 2002, are: to administer the Company's deferred and incentive compensation plans (including the Company's equity incentive plans); to annually evaluate salary grades and ranges; to establish guidelines concerning average compensation increases; to establish performance criteria for and to evaluate the performance of the Chief Executive Officer; and to approve compensation of all officers, directors and subsidiary or division presidents. The Nominating and Corporate Governance Committee consists of Ms. Baxter and Messrs. DeNero (Chairperson), Gunderson and Winkler. The principal functions of the Nominating and Corporate Governance Committee, which met two times in 2002, are: to recommend persons to be selected by the Board as nominees for election as directors; to recommend persons to be elected to fill any vacancies on the Board; to consider and recommend to the Board qualifications for the office of director and policies concerning the term of office of directors and the composition of the Board; and to consider and recommend to the Board other actions relating to corporate governance. The Nominating and Corporate Governance Committee will consider persons recommended by shareholders to become nominees for election as directors. Recommendations for consideration by the Nominating and Corporate Governance Committee should be sent to the Secretary of the Company in writing together with appropriate biographical information concerning each proposed nominee. The Company's By-laws also set forth certain requirements for shareholders wishing to nominate director candidates directly for consideration by the shareholders. With respect to an election of directors to be held at an annual meeting, a shareholder must, among other things, give written notice of an intent to make such a nomination to the Secretary of the Company in advance of the meeting in compliance with the terms and within the time period specified in the By-laws.

Director Compensation

Annual Retainer and Meeting Fees. For fiscal 2002, non-employee directors of the Company received an annual retainer fee of \$26,000 (\$13,000 of which was payable in shares of Common Stock). In addition, these directors in fiscal 2002 were paid a fee of \$1,000 for every Board and committee meeting they attended. Each committee chairperson received an additional \$5,000 for serving in such capacity (\$2,500 of which was payable in shares of Common Stock). A director may elect to defer all or any part of the cash compensation he or she is entitled to receive for serving as a director, in which case the amount deferred will be paid in cash in three annual installments after such person ceases to be a director and, at the direction of the director, either will be credited with interest at the prime rate or will be treated for valuation purposes as if such deferred compensation had been invested in Common Stock pursuant to the phantom stock subaccount under the director's deferred compensation plan. The portion of the retainer fee payable in Common Stock may also be deferred. Such amount will be credited to the phantom stock subaccount and will ultimately be paid in cash in the same manner as cash retainer fees which are deferred.

Director Stock Options. In addition to the compensation described above, each of Ms. Baxter, Ms. Burns and Messrs. DeNero, Gunderson, Bergstrom, Richelsen and Winkler automatically received an option for 3,000 shares of Common Stock at a per share exercise price of \$36.71 on April 24, 2002, in accordance with the terms of the Company's Equity Incentive Plan (the "Equity Plan"). In addition, Ms. Burns automatically received an option for 6,000 shares of Common Stock at a per share exercise price of \$29.52 upon her election to the Board in January 2002. Under the terms of the Equity Plan, each person when first elected as a non-employee director of the Company automatically receives an option for 6,000 shares of Common Stock. The Equity Plan also provides that, subsequent to the initial grant, each non-employee director (who continues to serve in such capacity) automatically receives an option to purchase an additional 3,000 shares of Common Stock on the day after each annual meeting of shareholders; provided, however, that if a person who is first elected as a non-employee director on the date of the annual meeting of shareholders receives the initial option grant under the Equity Plan on that date, such director will not be entitled to begin receiving subsequent grants until the day following the next succeeding annual meeting of shareholders. Options granted to non-employee directors under the Equity Plan have a per share exercise price equal to 100% of the market value of a share of Common Stock on the date of grant and become exercisable six months after the date of grant, except that if the non-employee director ceases to be a director by reason of death, disability or retirement during such six-month period, the option will become immediately exercisable in full. Options granted to non-employee directors under the Equity Plan terminate on the earlier of (a) ten years after the date of grant or (b) twelve months after the non-employee director ceases to be a director.

Stock Options

The Company has in effect equity plans pursuant to which options to purchase Common Stock may be granted to key employees (including executive officers) of the Company and its subsidiaries. The following table presents certain information as to grants of stock options made during fiscal 2002 to the named executive officers. Mr. Henseler was not granted stock options in fiscal 2002.

Option Grants in 2002 Fiscal Year

Individual Grants

Name	Number of Securities Underlying Options Granted (1)	Percentage of Total Options Granted to Employees in Fiscal Year	Exercise or Base Price (\$/share)	Expiration Date

Daniel W. Kiener.....	20,000	2.7	34.30	(3)

- The options reflected in the table (which are nonstatutory stock options for purposes of the Internal Revenue Code) were granted on October 28, 2002 (March 11, 2002 in the case of Mr. Kiener and October 1, 2002 in the case of Ms. Streeter) and vest ratably over the three-year period following the date of grant. The options are subject to early vesting in the case of the optionee's death, disability or retirement.
- The option values presented are based on the Black-Scholes option pricing model adopted for use in valuing stock options. Material assumptions and adjustments incorporated in the Black-Scholes model in estimating the value of the options reflected in the table above include the following: (a) an exercise price of the option equal to the fair market value of the underlying stock on the date of grant; (b) a risk-free rate of return

Edgar Filing: BANTA CORP - Form DEF 14A

representing the interest rate

on a U.S. Treasury security with a maturity date corresponding to the term of the option; (c) volatility of 30% (32.9% and 30.8% in the case of the options granted to Mr. Kiener and Ms. Streeter, respectively), which was calculated using daily Common Stock prices for the one-year period prior to the date of grant; (d) a dividend yield equal to 1.9% (1.8% in the case of the option granted to Ms. Streeter) representing the dividend yield on the Common Stock as of the date of grant; (e) an option term of ten years; and (f) reductions of 15.6% to reflect the probability of forfeiture due to termination prior to vesting and 22.6% (22.0% and 22.7% in the case of the options granted to Mr. Kiener and Ms. Streeter, respectively) to reflect the probability of a shortened option term due to termination of employment prior to the expiration date. The actual value, if any, that an optionee may realize upon exercise will depend on the excess of the price of the Common Stock over the option exercise price on the date that the option is exercised. There is no assurance that the value realized by an optionee will be at or near the value estimated under the Black-Scholes model.

3. Mr. Kiener's options originally had a term of ten years from the date of grant. Due to his resignation, Mr. Kiener's options expired.

The following table sets forth information regarding the exercise of stock options by each of the named executive officers during the 2002 fiscal year and the fiscal year-end value of unexercised options held by the named executive officers.

Aggregated Option Exercises in 2002 Fiscal Year and Fiscal Year-End Option Values

1. The dollar values are calculated by determining the difference between the fair market value of the underlying Common Stock and the exercise price of the options at exercise or fiscal year-end, as the case may be.

Long-Term Incentives

The Company maintains the Banta Corporation Economic Profit (EP) Long-Term Incentive Plan (the "EP Long-Term Plan"), which provides an incentive based both on earnings per share performance and on the value created (i.e., "economic profit") when a business generates a financial return that exceeds the total

Edgar Filing: BANTA CORP - Form DEF 14A

cost of capital employed. The EP Long-Term Plan defines economic profit as the difference between (a) net operating profit after tax and (b) the charge for capital employed in the business. Payouts under the EP Long-Term Plan are made in three annual installments contingent (other than in the case of death, disability, retirement or termination without cause) upon the participant's continued employment with the Company.

Set forth below under the heading "Maximum" are the amounts accrued but not paid for fiscal 2002 performance for each of the named executive officers under the EP Long-Term Plan. The amounts under the heading "Threshold" reflect the fact that the accrued but

-10-

unpaid amounts are subject to forfeiture. No amounts are reflected for Mr. Kiener since he forfeited his accrued but unpaid award under the EP Long-Term Plan upon his resignation.

Pension Plan Benefits

The following table sets forth the estimated annual pension benefits payable to a covered participant at normal retirement age under the Company's Employees Pension Plan as well as under the Company's Supplemental Retirement Plan (which, in part, provides benefits that would otherwise be denied participants by reason of (i) certain Internal Revenue Code limitations on qualified benefit plans and (ii) the exclusion of cash incentive awards and deferred compensation in calculating benefits under the qualified plan). The benefits that are payable under the pension and retirement plans are based upon remuneration that is covered under the plans and years of service with the Company and its subsidiaries.

A participant's remuneration covered by the Company's pension arrangement is such participant's base salary, annual bonus and long-term incentive compensation. The covered remuneration paid for the last fiscal year to the named executive officers is set forth in the Summary Compensation Table under the headings "Salary", "Bonus" and "LTIP Payouts." As of December 31, 2002, Messrs. Belcher, Kneezel, Meyer, Rudolph and Henseler

-11-

had completed 8, 14, 9, 2 and 35 years of credited service under the Company's pension plans, respectively. On such date, Ms. Streeter had two years of credited service. Due to the limited period of time Mr. Kiener was employed by the Company, he is not entitled to pension benefits from the Company. Benefits shown in the table are computed as a straight single life annuity assuming retirement at age 65. The benefits reflected in the table are not subject to reduction for Social Security benefits.

Agreements with Named Executive Officers

The Company has agreements with Ms. Streeter as well as Messrs. Belcher, Kneezel, Meyer, Rudolph and certain other officers and key employees which provide for continued employment for periods of from two to three years after a change of control (the "Employment Period") and for lump-sum termination payments equal to three times the executive's base salary plus the highest incentive compensation earned by the executive in any year during the preceding three years if employment is terminated during the Employment Period by the Company (other than for cause or disability) or by the executive due to significant changes in his or her working conditions or status without his or her consent. The agreements also provide the foregoing benefits in connection with certain terminations which are effected in anticipation of a change of control. Under the agreements, the executive's employee benefits such as health, accident and life insurance will also be continued following a termination for which a termination payment is made for up to three years or until comparable benefits are available from a new employer. The agreements similarly provide for the accelerated vesting of outstanding stock options in the event of a change of control. The agreements provide that, if any payments thereunder constitute an "excess parachute payment" under the Internal Revenue Code, the Company will pay the officer the amount necessary to offset the excise tax and any additional taxes resulting from the payment of an excess parachute payment. In addition, the Company has agreed to pay Mr. Belcher a severance payment of two year's salary (and continue to provide health insurance for two years) if, prior to a change of control, the Company terminates his employment other than for cause or disability. Ms. Streeter has a similar agreement that provides for a severance payment of one year's salary (and the continuation of health insurance for one year) if, prior to a change of control, the Company terminates her employment other than for cause or disability.

The Company has deferred compensation plans for key employees in which the named executive officers are eligible to participate and which provide for deferral of salary and cash incentive compensation. Payments under the deferred compensation plans generally commence following retirement of the participant. However, in the event of a change of control, a participant in the deferred compensation plans will receive a lump sum payment. The lump sum payment will be equal to the present value of the participant's future benefits if the participant is receiving benefits at the time of such change of control or the

Edgar Filing: BANTA CORP - Form DEF 14A

amount standing to the participant's credit in his or her deferred compensation account if the participant is not otherwise entitled to receive benefits at the time of such change of control. The Company has entered into an executive trust agreement with a third party trust company to provide a means of segregating assets for the payment of these benefits (as well as benefits under the Company's Supplemental Retirement Plan), subject to claims of the Company's

-12-

creditors. Such trust is only nominally funded until the occurrence of a potential change of control.

The Company has a retirement agreement with Mr. Belcher pursuant to which he will receive three annual payments of \$500,000 each provided that he remains employed by the Company through April 30, 2004. Payments would also be due to Mr. Belcher under this agreement if, prior to April 30, 2004, Mr. Belcher is terminated by the Company other than for cause, he terminates his employment due to disability or good reason (as defined in the agreement) or his employment is terminated as a result of his death. In the event that this retirement benefit is earned by Mr. Belcher, payments will commence in April 2005.

The Company also has an agreement with Mr. Henseler that provides for monthly payments of \$2,000 for 120 months. These payments commenced upon Mr. Henseler's August 1, 2002 retirement. The agreement provides that Mr. Henseler may designate a beneficiary to receive the payments to which he is entitled in the event of his death prior to the receipt of any or all such payments. Payments under the agreement may be forfeited in the event Mr. Henseler engages in specified competitive activities during the first four years following his retirement. In connection with Mr. Henseler rejoining the Company as an executive officer in January 2003, the Company agreed to provide an enhanced retirement benefit to Mr. Henseler. The amount of this benefit will depend on the length of time after January 2003 that Mr. Henseler serves as Executive Vice President and Chief Financial Officer. The amount of the enhanced benefit is intended to approximate the amount of retirement benefits Mr. Henseler is foregoing by delaying his retirement and will be paid in conjunction with the agreement described above.

Committee Report on Executive Compensation

The Compensation Committee of the Board is responsible for all aspects of the Company's compensation package offered to its executive officers, including the named executive officers. The following is a report of the Compensation Committee regarding executive compensation:

Policies Governing Executive Compensation. The Company's general policies relating to executive compensation are: (a) to establish a direct link between executive compensation and the annual, intermediate-term and long-term performance of the Company; (b) to provide performance-based compensation opportunities (including equity-based awards) which allow executive officers to earn rewards for maximizing shareholder value; (c) to attract and retain the key executives necessary for the Company's long-term success; and (d) to reward individual initiative and the achievement of specified goals. In applying these general policies, the objective of the Compensation Committee has been to ensure that a significant portion of the compensation paid to senior executive officers, such as the named executive officers, be incentive-based since these individuals have significant control and responsibility for the Company's direction and performance.

-13-

Edgar Filing: BANTA CORP - Form DEF 14A

Executive Compensation Package. As reflected under the section entitled "Executive Compensation," the Company's executive compensation package currently consists of a mix of salary, annual and long-term bonus awards and stock option grants as well as benefits under the employee benefit plans offered by the Company.

In setting and adjusting executive salaries, including the salaries of the Chief Executive Officer and the other named executive officers, the Compensation Committee, in conjunction with the Company's independent compensation consultants, has historically compared the base salaries paid or proposed to be paid by the Company with the ranges of salaries paid by corporations of similar size relative to the Company and operating in comparable industries. It is the judgment of the Compensation Committee that a review of the compensation practices of companies with such characteristics is appropriate in establishing competitive salary ranges for the Company's executive officers.

Based on its analysis of comparative data, the Compensation Committee increased the minimum, midpoint and maximum ranges for each salary grade by 3.0% for fiscal 2002. The Compensation Committee also approved a 4.0% guideline for 2002 executive officer base salary increases, subject to individual variances to reflect above or below average performance. In establishing 2002 salaries for each individual executive officer, Mr. Belcher, the Company's then Chief Executive Officer, made specific recommendations for salary adjustments (other than his own) to the Compensation Committee based on the foregoing guidance provided by the Committee as well as a review of industry comparables, the level of responsibility delegated to the particular executive officer, the expertise and skills offered by each officer, the officer's individual job performance and the performance of the group over which the individual had responsibility. These various factors were considered on a case-by-case basis and no specific formula was used to give any one factor a relative weight as compared to the others. The Compensation Committee reviewed the foregoing recommendations and then made final decisions on the base salaries to be paid by the Company. The Compensation Committee also reviewed and fixed the base salary of Mr. Belcher for 2002 based on similar competitive compensation data and individual job performance criteria. The base salary paid to Mr. Belcher for fiscal 2002 was \$700,000. Upon her appointment as Chief Executive Officer of the Company effective October 1, 2002, Ms. Streeter's base salary was increased to \$615,000.

The Compensation Committee has adopted the Economic Profit (EP) Incentive Compensation Plan (the "EP Incentive Plan"), which provides an annual incentive for certain employees of the Company, including the named executive officers. The factors on which awards under the EP Incentive Plan are based include: (i) earnings per share performance; (ii) the creation of economic profit for the Company; and (iii) for participants affiliated with a specific business unit, the operating earnings and the creation of economic profit for such unit. An award under the EP Incentive Plan may also have a discretionary component based on such criteria as the Committee may determine. For purposes of the economic value creation component of the formula, the EP Incentive Plan defines economic profit as the difference between (a) net operating profit after tax and (b) the charge for capital employed in the business. The EP Incentive Plan is designed to reward executive officers and key managers

-14-

for EPS performance, productive use of Company assets, reduction of costs and creation of efficiencies throughout the Company's organization. Under the EP Incentive Plan, target bonuses calculated as a percentage of salary are fixed by the Compensation Committee as are economic profit levels. The EP Incentive Plan also incorporates a "bonus bank" into which that portion of an award, if any, in excess of 200% of target is credited. Such bonus amounts are thereafter scheduled to be paid out over three years contingent (other than in the case of

Edgar Filing: BANTA CORP - Form DEF 14A

death, disability, retirement or termination without cause) upon the participant's continued employment with the Company. Under the EP Incentive Plan, Mr. Belcher and Ms. Streeter received payouts of \$524,731 and \$310,487, respectively, for the 2002 fiscal year.

The Compensation Committee has also adopted the Economic Profit (EP) Long-Term Incentive Compensation Plan (the "EP Long-Term Plan"), which provides long-term incentives for certain employees of the Company, including the named executive officers. The EP Long-Term Plan is similar to the EP Incentive Plan. Awards paid under the EP Long-Term Plan to the executive officers are paid based entirely on Company performance (EPS and economic profit performance) and are paid out in three annual installments contingent (other than in the case of death, disability, retirement or termination without cause) upon the participant's continued employment with the Company. Under the EP Long-Term Plan, Mr. Belcher and Ms. Streeter received payouts of \$133,208 and \$47,172, respectively, in 2002.

In addition to the foregoing annual and long-term incentive plans, the Company's executive compensation package has historically included stock option grants. The Compensation Committee has the authority to grant, in addition to stock options, other equity-based awards, including stock appreciation rights, restricted stock and performance shares. To date, however, only stock options have been granted under the Company's equity-based plans. Stock options granted by the Compensation Committee have a per share exercise price of 100% of the fair market value of a share of Common Stock on the date of grant and, accordingly, the value of the option will be dependent on the future market value of the Common Stock. It has been the view of the Compensation Committee that options should create a long-term incentive and align the interests of management with the interests of shareholders.

In determining proposed stock option grants to be made to the Company's executive officers, the Compensation Committee reviews, in consultation with the Company's independent compensation consultants, equity-based incentive programs of a select group of peer companies. Based on this analysis, Mr. Belcher received an option to purchase 110,000 shares of Common Stock at a per share exercise price of \$35.04 on October 28, 2002. Upon her appointment as Chief Executive Officer of the Company effective October 1, 2002, Ms. Streeter received an option to purchase 75,000 shares of Common Stock at a per share exercise price of \$35.50. By tying a portion of each executive officer's overall compensation to stock price through the grant of options, the Compensation Committee seeks to enhance its objective of providing a further incentive to maximize long-term shareholder value.

In connection with the equity-based plans, the Company endorses the policy that stock ownership by management is an important factor in aligning the interests of management

-15-

and shareholders. The Company has adopted stock ownership guidelines that are intended to encourage stock ownership by management. Under these guidelines, management personnel are expected to own a specified number of shares of Common Stock depending upon their respective salary grade. The Compensation Committee considers an individual's compliance with the stock ownership guidelines in determining the size of equity-based grants.

The Company's policy with respect to other employee benefit plans is to provide competitive benefits to the Company's employees, including executive officers, to encourage their continued service with the Company. In the view of the Compensation Committee, a competitive benefits package is an essential component in achieving the Company's goal of being able to attract new key

Edgar Filing: BANTA CORP - Form DEF 14A

employees from time to time as events warrant.

Under Section 162(m) of the Internal Revenue Code, the tax deduction by corporate taxpayers, such as the Company, is limited with respect to the compensation of certain executive officers unless such compensation is based upon performance objectives meeting certain regulatory criteria or is otherwise excluded from the limitation. The Compensation Committee currently intends, in all appropriate circumstances, to qualify compensation paid to the Company's executive officers for deductibility by the Company under Section 162(m) of the Internal Revenue Code.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board is composed of three directors, each of whom is independent as defined in the New York Stock Exchange's listing standards. The Audit Committee operates under a written charter adopted by the Board. In January 2003, the Board approved revisions to the charter. A copy of the charter of the Audit Committee, as so revised, is attached to this proxy statement as Appendix A.

Ernst & Young LLP has served as the independent auditors for the Company since May 17, 2002 and audited the financial statements of the Company for the fiscal year ended December 28, 2002. Under its revised charter, the Audit Committee is solely responsible for the selection and termination of the Company's independent auditors.

The Company's management is responsible for the Company's internal controls and the financial reporting process, including the system of internal controls. The Company's independent auditors are responsible for expressing an opinion on the conformity of the Company's audited consolidated financial statements with accounting principles generally accepted in the United States. The Audit Committee's responsibility is to monitor and oversee this process.

The Audit Committee has reviewed and discussed the audited consolidated financial statements of the Company for the fiscal year ended December 28, 2002 with management and the independent auditors. The Audit Committee has discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

Ernst & Young LLP has provided to the Audit Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with Ernst & Young LLP its independence. The Audit Committee considered whether the independent auditors' provision of non-audit services is compatible with maintaining Ernst & Young LLP's independence.

During the fiscal years ended December 28, 2002 and December 29, 2001, the Company retained and paid Ernst & Young LLP to provide audit and/or other services. Arthur Andersen LLP served as the Company's independent auditors in

Edgar Filing: BANTA CORP - Form DEF 14A

the fiscal year ended December 29, 2001 and provided services to the Company in fiscal 2002 until such firm was succeeded by Ernst & Young LLP as the Company's independent auditors on May 17, 2002. The fees paid to Ernst & Young LLP and Arthur Andersen LLP for the years ended December 28, 2002 and December 29, 2001 were as follows:

Audit Fees. Fees for audit services paid to Ernst & Young LLP totaled \$434,000 in 2002 and \$0 in 2001. Fees for audit services paid to Arthur Andersen LLP totaled \$8,000 in 2002 and \$334,000 in 2001. All Other Fees. There were no such fees paid to Ernst & Young LLP in 2002 or 2001. All other fees paid to Arthur Andersen LLP totaled \$0 in 2002 and \$298,000 in 2001. Such fees paid to Arthur Andersen LLP related primarily to services for financial information systems design and implementation.

The Audit Committee discussed with the Company's internal and independent auditors the overall scopes and plans for their respective audits. The Audit Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, the evaluation of the Company's internal controls and overall quality of the Company's financial reporting.

Based on the Audit Committee's reviews and discussions with management, the internal auditors and Ernst & Young LLP referred to above, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 28, 2002 for filing with the Securities and Exchange Commission.

INDEPENDENT PUBLIC ACCOUNTANTS

Current Independent Accountants

Ernst & Young LLP has served as the independent auditors for the Company since May 17, 2002 and audited the financial statements of the Company for the fiscal year ended December 28, 2002. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting to answer appropriate questions and, if they so desire, to make a statement. The Company's independent auditors for fiscal year 2003 will be appointed later in the year by the Audit Committee.

Change in Independent Accountants

On May 17, 2002, the Board of Directors, upon the recommendation of the Audit Committee, dismissed Arthur Andersen LLP ("Andersen") as the Company's independent accountants and engaged Ernst & Young LLP to serve as the Company's independent accountants for 2002.

Andersen's reports on the Company's consolidated financial statements for the fiscal years ended December 29, 2001 and December 30, 2000 did not contain an adverse opinion, disclaimer of opinion or qualification or modification as to uncertainty, audit scope or accounting principles.

-19-

During the fiscal years ended December 29, 2001 and December 30, 2000 and the subsequent interim period from December 30, 2001 through May 17, 2002, there were no disagreements between the Company and Andersen on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of said former accountant, would have caused it to make a reference to the subject matter of such disagreements in connection with its reports ("Disagreements"). During the fiscal years ended December 29, 2001 and December 30, 2000 and the subsequent interim period, there were no reportable events (as described in Item 304(a)(1)(v) of Regulation S-K).

The Company provided Andersen with a copy of the foregoing statements.

Edgar Filing: BANTA CORP - Form DEF 14A

Anderson delivered a letter to the Company, dated May 22, 2002, stating its agreement with such statements.

During the Company's two most recent fiscal years and the subsequent interim period through May 17, 2002, the date on which Ernst & Young LLP was engaged, the Company did not consult Ernst & Young LLP regarding the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, or any matter that was either the subject of a Disagreement or a reportable event (as described in Item 304(a)(1)(v) of Regulation S-K).

OTHER MATTERS

In addition to soliciting proxies by mail, proxies may be solicited personally and by telephone by certain officers and regular employees of the Company. Brokers, nominees and custodians who hold Common Stock in their names and who solicit proxies from the beneficial owners will be reimbursed by the Company for out-of-pocket and reasonable clerical expenses.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers and directors to file reports of ownership and changes of ownership with the Securities and Exchange Commission and the New York Stock Exchange. The regulations of the Securities and Exchange Commission require the officers and directors to furnish the Company with copies of all Section 16(a) forms they file. Based on such forms, the Company believes that all its officers and directors have complied with the Section 16(a) filing requirements.

Related Party Transaction

The Company has an agreement with Hewlett-Packard Company (formerly Compaq Computer Corporation) pursuant to which the Company provides various supply-chain management services in connection with the configuration, testing and worldwide distribution

of Hewlett-Packard's hard drives. Michael J. Winkler, a director of the Company, is an Executive Vice President of Hewlett-Packard. The Company's revenue attributable to its contract with Hewlett-Packard totaled \$115 million in 2002. The Company currently expects that revenue from the Hewlett-Packard contract in fiscal 2003 will be comparable to the fiscal 2002 revenue. Due to the business relationship between the Company and Hewlett-Packard, it is not expected that Mr. Winkler will be appointed in the future to serve on the Company's Audit, Compensation or Nominating and Corporate Governance Committees.

Further, a shareholder who otherwise intends to present business at the 2004 annual meeting must comply with the requirements set forth in the Company's By-laws. Among other things, to bring business before an annual meeting, a shareholder must give written notice thereof, complying with the By-laws, to the Secretary of the Company not less than 60 days and not more than 90 days prior to the second Tuesday in the month of April, provided that the date of the annual meeting is not advanced by more than 30 days or delayed by more than 60 days from the second Tuesday in the month of April. -21-

and the Company will not be required to present such proposal at the 2004 annual meeting. If the Board nonetheless chooses to present such proposal at the 2004 annual meeting, then the persons named in proxies solicited by the Board for the 2004 annual meeting may exercise discretionary voting power with respect to such proposal.

The Committee may delegate authority to grant preapprovals of audit and permitted non-audit services to one or more of its members, provided that decisions of such member or members to grant preapprovals shall be presented to the full Committee at its next scheduled meeting. Except as specified in the preceding sentence, the Committee shall have no authority to delegate its responsibilities and duties to a subcommittee of its members.

The Committee shall have the authority, to the extent it deems necessary or appropriate, to retain independent legal, accounting or other advisors. The Company shall provide for appropriate funding, as determined by the Committee, for payment of compensation to the independent auditors for the purpose of rendering or issuing an audit report and to any advisors employed by the Committee.

Evaluate the qualifications, performance and independence of the independent auditors, including considering whether the auditors' quality controls are adequate and the provision of permitted non-audit services is compatible with maintaining the auditors' independence, and taking into account the opinions of management and the internal auditors. The Committee shall present its conclusions with respect to the independent auditors to the Board of Directors.
18. Ensure the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law. Report regularly to the Board of Directors (i) following meetings of the Committee, (ii) with respect to such other matters as are relevant to the Committee's discharge of its responsibilities and (iii) with respect to such recommendations as the Committee may deem appropriate.
