PROXY STATEMENT

Solicitation

This proxy statement is furnished to our stockholders in connection with the solicitation of proxies by our Board of Directors for use at our annual meeting of stockholders to be held on April 26, 2002 and at any and all adjournments of our annual meeting. The approximate date on which this proxy statement and the form of proxy solicited on behalf of our Board of Directors will be sent to our stockholders is March 22, 2002.

Voting Rights

On March 8, 2002, the record date for the determination of stockholders entitled to notice of, and to vote at, our annual meeting, we had 18,393,322 shares of common stock outstanding. Each share of common stock is entitled to one vote on all matters properly brought before the annual meeting. The presence, in person or by proxy, of stockholders entitled to cast a majority of all the votes entitled to be cast constitutes a quorum for the transaction of business at the annual meeting.

Voting of Proxies

Shares of common stock represented by all properly executed proxies received in time for the annual meeting will be voted in accordance with the choices specified in the proxy. Unless contrary instructions are indicated on the proxy, the shares will be voted FOR the election of the nominees named in this Proxy Statement as Directors.

Our management and Board of Directors know of no matters to be brought before the annual meeting other than as set forth herein; no stockholder proposals were received by us on or before February 15, 2002, the deadline for inclusion of such proposals in this Proxy Statement. Other business may properly come before the annual meeting, and in that event, it is the intention of the persons named in the accompanying proxy to vote in accordance with their judgment on such matters.

Revocability of Proxy

The giving of the enclosed proxy does not preclude the right to vote in person should the stockholder giving the proxy so desire. A proxy may be revoked at any time prior to its exercise by delivering a written statement to our Corporate Secretary that the proxy is revoked, by delivering to us a later-dated proxy executed by the person executing the prior proxy, or by attending the annual meeting and voting in person.

Our principal executive offices are located at 300 Esplanade Drive, Suite 1860, Oxnard, California, 93030.

PROPOSAL 1

ELECTION OF DIRECTORS

At the annual meeting, five directors will be elected to hold office until the 2003 annual meeting of stockholders and, in each case, until their respective successors have been duly elected and qualified.

The nominees for election as directors at the annual meeting are Andre C. Dimitriadis, Edmund C. King, Wendy L. Simpson, Timothy J. Triche, M.D. and Sam Yellen, each of whom is presently serving as a director of our company. Unless authority to vote for the election of directors has been specifically withheld, the persons named in the accompanying proxy intend to vote for the election of the nominees named above to hold office as directors until the 2003 annual meeting of stockholders and until their respective successors have been duly elected and qualified.

If any nominee becomes unavailable to serve as a director for any reason (which event is not anticipated), the shares of common stock represented by the enclosed proxy may (unless such proxy contains instructions to the contrary) be voted for such other person or persons as may be determined by the holders of such proxies.

Board of Directors and Committees of the Board

During 2001, the Board of Directors met seven times and each of the incumbent directors attended all of the meetings of the Board of Directors and committees on which the director served. The Board of Directors has an Audit Committee and a Compensation Committee. There is no standing Nominating Committee or other committee performing similar functions.

During 2001, the Audit Committee was comprised of Mr. Yellen, Chair, Mr. King and Dr. Triche. The Audit Committee held four meetings during fiscal 2001. The Audit Committee is authorized to select and recommend to the Board of Directors the independent auditors to serve us for the ensuing year, review with the independent accountants the scope and results of the audit, review management's evaluation of our system of internal controls, and review non-audit professional services provided by the independent accountants and the amount of audit and non-audit fees. To ensure independence of the audit, the Audit Committee consults separately and jointly with the independent accountants and management.

During 2001, the Compensation Committee was comprised of Mr. King, Chair, Dr. Triche and Mr. Yellen. The Compensation Committee held two meetings during 2001. The Compensation Committee reviews and

approves the compensation of our executive officers and determines our general compensation policy. The Compensation Committee also is responsible for the administration of our Amended and Restated 1992 Stock Option Plan and our 1998 Equity Participation Plan and is authorized to determine the options and restricted stock to be granted under such plans and the terms and provisions of such options.

Each non-employee director receives a fee of \$10,000 per year for services as a director plus \$500 for attendance in person at each meeting of the Board of Directors or of any committee meeting held on a day on which the Board of Directors does not meet. Furthermore, non-employee directors were reimbursed \$500 for attendance on teleconference Board Meetings. In addition, we reimburse the directors for travel expenses incurred in connection with their duties as directors of our company.

Directors participate in LTC Properties' Amended and Restated 1992 Stock Option Plan and our 1998 Equity Participation Plan. Both plans permit the Compensation Committee to grant nonqualified stock options or restricted shares to directors from time-to-time. During 2001, Dr. Triche was granted 10,000 and 15,000 stock options at exercise prices of \$4.06 and \$5.17, respectively. In addition, directors are eligible to participate in our Amended Deferred Compensation Plan whereby non-employee directors are entitled to receive annual deferred compensation equal to a minimum of \$10,000 per year. All contributions made by us to the deferred compensation plan trust are invested in shares of our common stock. In 2001, we contributed \$10,000 to the deferred compensation account for the benefit of Dr. Triche.

In January 2000, Ms. Kopta was granted 20,000 shares of restricted stock. In March 1999, all outstanding shares of restricted stock were cancelled and replaced with a new restricted stock grant with a performance based vesting schedule. Employment Agreements

On March 26, 1999, we entered into employment agreements with Messrs. Dimitriadis and Ishikawa. The employment agreements dated March 26, 1999 amend and restate employment agreements dated June 30, 1998 between LTC Properties and Messrs. Dimitriadis and Ishikawa. Mr. Dimitriadis, as Chairman, Chief Executive Officer and President, has been provided with a four-year ever-green employment contract. Mr. Dimitriadis' current annual base salary is \$400,000. Mr. Ishikawa, as Executive Vice President and Chief Investment Officer, has been provided with a two-year ever-green employment contract. Mr. Ishikawa's current annual base salary is \$250,000.

On January 1, 2000, we entered into an employment agreement with Ms. Kopta. Ms. Kopta, as Executive Vice President, General Counsel and Secretary has been provided with a one-year ever-green employment contract. Ms. Kopta's current base salary is \$250,000.

On April 10, 2000, we entered into an employment agreement with Ms. Simpson. Ms. Simpson, as Vice Chairman and Chief Financial Officer has been provided with a one-year ever-green employment contract. Ms. Simpson's current base salary is \$300,000.

On September 4, 2001, we entered into an employment agreement with Mr. Chavez. Mr. Chavez, as Senior Vice President and Treasurer has been provided with a one-year ever-green employment contract. Mr. Chavez's current base salary is \$150,000.

The employment agreements provide that the base salaries may be increased at the discretion of our Board of Directors. Any increase in base salary will automatically amend each executive's respective employment agreement to provide that thereafter the executive's annual base salary will not be less than the increased base salary approved by our Board of Directors.

If the executive officer's employment is terminated for any reason, except for a termination for cause or a voluntary resignation without a good reason or a change in control of our company, then we will pay the executive officer a lump sum severance payment equal to four times base salary for Mr. Dimitriadis, two times base salary for Mr. Ishikawa and Ms. Simpson and one times base salary for Mr. Chavez and Ms. Kopta. Upon a change in control of our company whether or not the executive officer's employment is terminated, we will pay the executive officer a severance payment in cash equal to \$5,000,000 for Mr. Dimitriadis, \$1,000,000 for Mr. Ishikawa and two times base salary for Ms. Kopta, Ms. Simpson and Mr. Chavez. In addition, if any payment or benefit received by these executive officers from us subjects the executive officer to excise taxes under the golden parachute rules on payments and benefits, the executive officer will be entitled to receive an additional amount (a gross-up payment) to make the executive officer whole for these excise taxes (and for all taxes on the gross-up payment). Notwithstanding the foregoing, we will have no liability if a executive officer's employment is terminated for cause or by voluntary resignation without a good reason. During the term of his employment by us, each executive officer will devote the time necessary to provide the services reasonably required by our Board of Directors and will not, without the express approval of our Board of Directors, engage for his own account or for the account of any other person or entity, in a business which competes with us.

On August 12, 2001 we entered into an Amended and Restated Separation Agreement and Release with Mr. Pieczynski. On that date, Mr. Pieczynski resigned as a Board Member and Chief Strategic Planning Officer of our company. The agreement provides that we would reduce the balance of his Employee and Director Stock Option Loan from \$759,723 to \$474,392, a \$285,331 reduction. The agreement further provides that Mr. Pieczynski would immediately receive 48,801 shares of our stock held in his name in the Deferred Compensation Plan and allowed Mr. Pieczynski to retain 20,000 unvested options. Additionally, Mr. Pieczynski gave our company an irrevocable proxy to vote shares he owns of our company and of CLC Healthcare, Inc. These proxies expire on August 12, 2003.

Certain Transactions

At LTC Healthcare Inc.'s annual meeting of stockholders held February 6, 2002, the stockholders approved a change in the name of LTC Healthcare, Inc. to CLC Healthcare, Inc. (CLC).

During 1998, we completed the spin-off of all CLC voting common stock through a taxable dividend distribution to the holders of our company's common stock, Cumulative Convertible Series C Preferred Stock and Convertible Subordinated Debentures. Upon completion of the distribution, CLC began operating as a separate public company. Beginning in September 1999, CLC began operating skilled nursing facilities owned or financed by us and from that date through the current date, assumed operations of additional facilities and closed certain facilities on our company's behalf. These facilities were previously financed or leased to operators who experienced financial difficulties to such extent that the operators were not able to comply with lease provisions or debt provisions underlying the properties. As such, CLC primarily assumed operations for these properties that were in need of assistance. As a result CLC took over operations of troubled facilities and was not able to pay, nor did we record as income, rent under its leases or interest on its line of credit with us in 2001.

As of December 31, 2001, 24 of our company's skilled nursing facilities with 2,651 beds, which represents approximately 9.8%, or \$58,151,000 (including impairments totaling \$2,964,000 on three facilities) of our direct real estate investment portfolio were leased to CLC. Rents under these leases totaled approximately \$3,148,000, annually. These leases were cancelled and replaced with new leases in January 2002 as more fully discussed below. In addition, CLC operates one skilled nursing facility securing a mortgage loan payable to a REMIC pool originated by us.

Subsequent to December 31, 2001, we sold to an unrelated party two properties in Illinois operated by CLC. CLC will continue to operate these facilities until the new owner obtains a license and regulatory approval. Additionally, subsequent to December 31, 2001, we agreed to sell a wholly owned subsidiary, LTC-Fort Tucum, Inc. to CLC for a \$500,000 note bearing no interest for one year and thereafter interest at 8% annually for two years. CLC has certain rights to extend the note at its maturity. LTC-Fort Tucum, now owned by CLC has acquired two skilled nursing facilities in New Mexico, previously operated by Integrated Health Services, Inc., in a deed-in-lieu of foreclosure transaction. These properties are financed with debt from a REMIC pool originated by our company. CLC expects to begin operating the two facilities during the second quarter of 2002. Additionally, in January 2001, we acquired a skilled nursing facility in Texas operated by CLC through the assumption of a \$1,357,000 mortgage loan payable to a REMIC pool originated by our company and a cash payment of \$505,000.

As a result of the subsequent events, our company leases 23 facilities to CLC under individual six-year leases that provide for total rents of \$3,000,000; \$4,000,000; \$4,750,000; \$5,350,000; \$5,900,000 and \$6,500,000 respectively, in years 2002 through 2007. The leases contain two five-year renewal options with increases of 2% annually. These leases have cross default provisions and a provision for acceleration should there be a change of control, as defined in the lease, of CLC. Additionally, CLC owns and operates the two New Mexico facilities discussed above that are financed with mortgage loans payable to a REMIC pool originated by our company.

CLC owned \$8,500,000 face value of 7.5% convertible subordinated debentures of Regent Assisted Living, Inc. (Regent). These debentures were part of the collateral securing amounts owed to us by CLC. During 2001, Regent announced that it had appointed financial advisors to evaluate strategic alternatives and had approached us about rent concessions on five assisted living facilities leased from us. During the third quarter of 2001, as a result of several uncured events of default, we terminated the five leases with Regent and released the facilities to another operator for comparable rents. We believed that Regent's financial problems would cause them to default under their 7.5% convertible debentures. On November 21, 2001, we entered into a Securities Purchase Agreement with CLC pursuant to which our company purchased from CLC their 7.5% convertible subordinated debentures of Regent for \$7,800,000. The purchase price of \$7,800,000 was applied to reduce total indebtedness owed by CLC to us. The purchase price represented our estimate of the fair market value of the debentures. Additionally we purchased Regent convertible subordinated debentures with an aggregate face value of \$410,000 from our Chairman, CEO and President, Mr. Andre C. Dimitriadis, another current officer and a former officer of our company. Mr. Dimitriadis owned \$160,000 in face value and cost basis of the Regent debentures. At the request of the Audit Committee of the Board of Directors, Mr. Dimitriadis agreed to sell us his debentures for \$1.00 in order to avoid any appearance of self-interest or impropriety in his recommending to the Board the purchase of these debentures. The other current officer and the former officer, neither a Board Member, received \$125,000 in the aggregate which represented 50% of the face value and cost basis of the debentures they owned. At this point, we owned 99% of Regent's convertible subordinated debentures. We then entered into an agreement with Regent to apply all of these debentures as part of the consideration necessary to acquire two assisted living centers with a total of 222 units from Regent. The total cost of these two facilities was approximately \$26,116,000 and was paid by assuming \$17,942,000 of non-recourse debt with a weighted average interest rate of 8.56% and tendering the debentures to Regent. We leased these two facilities to the same operator that leased the other five facilities previously operated by Regent. The annual lease amount on these two facilities is \$1,800,000 in year one, increasing by \$200,000 in the second and third years, by \$100,000 in years four and five and then by 2% each year thereafter. We no longer have any facilities operated by or financed with Regent nor do we or CLC own any Regent securities.

On December 17, 2001, our company entered into an Assignment and Assumption Agreement (Agreement) with Healthcare Holdings, Inc. (Holdings), a wholly owned subsidiary of CLC, to sell to Holdings the right to receive common stock of ALC to be distributed pursuant to the First Amended Joint Plan of Reorganization of Assisted Living Concepts, Inc. and Carriage House Assisted Living, Inc. (Plan). The Plan was subsequently confirmed at a hearing on December 5, 2001.

On December 31, 2001, Holdings issued a Promissory Note (Note) in accordance with the Agreement in the face amount of \$7,000,000 in payment for the right to receive 1,238,076 shares of ALC common stock distributed pursuant to the Plan (approximately \$5.65 per share). The price of the shares was determined by reference to Exhibit G, Volume II of II of ALC's First Amended Joint Plan of Reorganization. This Exhibit G reported that the projected stockholders' equity of ALC upon emergence from bankruptcy to be \$32,799,000 and to be \$37,117,000 on December 31, 2002. ALC issued 6,500,000 shares of new common stock at emergence which results in a calculated valuation of \$5.05 and \$5.71 per share value as of January 1, 2002 and December 31, 2002, respectively. The Note is for a term of five years and bears interest at 5.0%, compounded annually and accruing to the principal balance plus interest at 2.0% on the original principal of \$7,000,000 payable in cash annually. The Note is a full recourse obligation of Holdings and is secured by all of the assets owned now or in the future by Holdings and contains a provision for acceleration should there be a change of control of Holdings or CLC.

Prior to ALC's emergence from bankruptcy, Holdings owned \$5,715,000 face value of ALC's 5.625% convertible subordinated debentures and 30,847 shares of ALC's common stock. As a result of the Plan, Holdings received \$1,382,000 of ALC's new Senior Secured Notes bearing interest at 10.0% per annum, payable semi-annually in arrears; \$524,000 of new Junior Secured Notes bearing interest payable in additional new Junior Secured Notes for three years at 8.0% per annum and thereafter payable in cash at 12.0% per annum, payable semi-annually in arrears and 214,250 shares of ALC common stock. Additionally, Holdings received 468 shares of ALC common stock in exchange for the 30,847 shares owned prior to emergence. All of these securities are additional collateral for the \$7,000,000 note but have not been given value on our company's balance sheet. At December 31, 2001, the fair market value of these additional securities was approximately \$2,052,000. At December 31, 2001, we recorded the Note at a value of approximately \$3,095,000 which represented only the then fair market value of the 1,238,076 shares acquired by Holdings pursuant to the Agreement.

On December 20, 2001, our company entered into an agreement to acquire from CLC six skilled nursing facilities and four assisted living facilities. The total purchase price was approximately \$45,860,000 subject to mortgage debt assumed of approximately \$33,062,000 and minority interest of approximately \$3,518,000. Of the mortgage debt assumed, \$16,395,000 was payable to REMIC pools originated by us and \$16,667,000 of mortgage debt was payable to an unrelated third party. Our company and CLC relied on current appraisals of the properties in establishing the purchase/sale price. The \$9,285,000 net proceeds from this transaction were used by CLC to reduce their total indebtedness to us. These properties will generate approximately \$3,760,000 in annual rental income before debt service costs of \$2,997,000 (of which \$2,529,000 is interest expense and \$467,000 is principal) resulting in \$1,230,000 in additional future earnings.

Additionally, in December 2001, we agreed to forgive approximately \$4,401,000 in amounts owed by CLC to us, which we had not recognized as income. This forgiveness was granted to compensate CLC for assuming operations and absorbing losses on certain facilities that our company and CLC agreed should be, and subsequently were, closed. This and the other transactions mentioned above reduced CLC's indebtedness to us under the line of credit to \$5,342,000 at December 31, 2001.

Cumulatively, the above transactions reduced CLC's indebtedness to us by approximately \$21,485,000 and will (not including recording interest income on the \$7,000,000 note) increase our rental income by approximately \$5,560,000 and net cash flow after debt service payments by approximately \$1,297,000 in 2002.

All of the aforementioned transactions between our company and CLC were approved by the respective disinterested and/or independent members of the Board of Directors of each company. All interested and/or non-independent Board members abstained from any such vote.

In February 2002, the independent members of CLC's Board of Directors approved, in principle, an Administrative Services Agreement between CLC and our company. This agreement would terminate on June 30, 2007 and provide that during its term, we will provide office space and certain management and

administrative services to CLC for a fee of approximately \$1,000,000 per year beginning as of July 1, 2002. Currently, several of our company's Directors and Officers also serve as Directors and/or Officers of CLC.

In April 2001, our company's Board of Directors approved an indemnification agreement covering four of our officers who also serve as officers of CLC and one current CLC outside director.

During 2001, our company sold all 180,000 shares of CLC common stock it owned at December 31, 2000. The shares were sold to CLC for \$225,000, excluding selling commissions, which was the fair market value as of the date of sale. We recognized a loss of \$386,000 on the sale of these shares. Our company sold these shares because the recently enacted Tax Relief Extension Act of 1999 (Act) provides that, subject to certain exceptions for taxable years commencing after December 31, 2000, a REIT may not own more than 10% of the total value of the securities of any corporation. Without qualifying as safe harbor debt, securities under the Act include the line of credit provided by us to CLC. In order to qualify as safe harbor debt and retain REIT status, our company was required to hold only such debt or the shares.

We have provided CLC with a \$20,000,000 secured line of credit that bears interest at 10% and matures in April 1, 2008. This agreement contains a provision for acceleration should there be a change of control of CLC. As of December 31, 2001, \$5,342,000 was outstanding under the line of credit. Under the terms of our Senior Secured Revolving Line of Credit, we are permitted to loan CLC up to \$25,000,000. Our company and CLC have not increased the \$20,000,000 secured line of credit between the companies. Should any such amendment be proposed, it would need approval of the independent Board members of each company's board. During the years ended December 31, 2001 we recorded no interest income on the average outstanding principal balance under the line of credit.

While we believe that CLC has significantly improved the operations of the nursing facilities it operates, we will continue to record amounts due from CLC based on our evaluation of collectibility during 2002.

Pursuant to an intercompany agreement entered into at the time CLC was formed, CLC has agreed not to engage in activities or make investments that involve real estate, unless it has first provided written notice to us of the material terms and conditions of such activities or investments, and we have determined not to pursue such activities or investments either by providing written notice to CLC rejecting the opportunity or by allowing a 10-day notice period to lapse. Pursuant to the intercompany agreement, CLC and our company also agreed to notify each other of, and make available to each other, investment opportunities that they develop or of which they become aware but are unable or unwilling to pursue. The intercompany agreement has a term of 10 years but shall terminate earlier upon a change of control of our company.

Employee and Director Stock Option Loans In 1997, the Board of Directors adopted a loan program designed to encourage executives, key employees, consultants and directors to acquire common stock through the exercise of options. Under the program, we made full recourse, secured loans to participants equal to the exercise price of vested options plus up to 50% of the taxable income resulting from the exercise of options. Such loans bear interest at the then current Applicable Federal Rate (AFR). In January 2000, the Board of Directors approved a new loan agreement for current executives and directors in the amounts of the remaining principal balance of the original loans.

The current loan agreements provide that the interest rate is 6.07% (AFR for an equivalent 3 to 9 year instrument) and interest payments are to be paid from the dividends received on the shares pledged as security for the notes during the quarter in which the interest is due. If the dividend does not fully pay the interest due or if no dividend is paid during the quarter, the unpaid interest is added to the principal balance. In addition, the notes also require the borrower to reduce principal by one-half of the most recent dividend received on the pledged shares less the interest paid on the loans from that dividend. No dividend was paid on our common shares in 2001 and all interest due on these loans were accrued to the principal amounts.

During 2001, our company granted a reduction in the loans to officers and Board Members with such loans. The loans were reduced to the sum of the shares collateralizing the notes times the net book value (NBV) of a share of common stock as of September 30, 2001. The NBV per share at that date was \$8.60 and the closing price as reported by the NYSE was \$5.13. This total reduction amounted to a non-cash charge of \$2,453,000.

Of this reduction, \$1,617,000 was for the loan to our Chairman, CEO and President, Mr. Andre C. Dimitriadis. At February 28, 2002, Mr. Dimitriadis directly held 1,147,877 shares of our common stock including the 333,500 shares collateralizing his note, 75,257 shares held in our deferred compensation plan and 90,888 shares of unvested restricted stock. Since inception of the note in 1997 and as of December 31, 2001, Mr. Dimitriadis has paid in cash \$856,000 in interest and \$615,000 in principal reduction relating to this note. Since founding our company in 1992, Mr. Dimitriadis has never sold a share of our common stock nor has he acquired any financial instrument that would guarantee him a specific price for this shares (a collar). As a result of the loan reduction, Mr. Dimitriadis was excluded from participating in the bonus program in 2001.

Approximately \$437,000, in the aggregate, of the reduction was granted to two members of the Board of Directors who each own 46,000 shares each collateralizing the loans. One of these Board Members sold 6,680 shares in 2000 and purchased 6,680 shares in 2001 but as of December 31, 2001 has not otherwise sold shares of our common stock. As of December 31, 2001, the other Board Member has never sold a share of our common stock. As a result of these loan reductions, our company did not make a contribution to the deferred compensation plan for either of these directors in 2001.

The remaining \$399,000 reduction was granted to three officers of our company. The aggregate shares collateralizing these loans are 96,500. As of December 31, 2001, none of these officers had ever sold a share of our common stock.

The maturity date of the notes is December 31, 2008 and at that time the remaining principal amount is due in full. Additionally, the notes contain a provision that allows the borrower the option of fully discharging the then remaining principal balance of the loan by tendering the pledged shares as full payment upon the event of a change of control of our company or upon the death of the borrower.

Unless the Board of Directors approves otherwise, loans must be repaid within 90 days after termination of employment for any reason, other than in connection with a change of control of our company. In 2001, the Board of Directors approved the continuation of the December 31, 2008 maturity for Mr. Pieczynski s note when he resigned from our company.

We no longer make loans under this program and we have not made a loan since 1998. The outstanding principal and the number of shares of common stock and the market value of the common stock securing these loans at December 31, 2001 was:

Name	Shares Securing the Loans		
	Outstanding Principal	Number of Shares	Market Value
Andre C. Dimitriadis	\$ 2,911,623	333,500	\$ 2,091,045
Christopher T. Ishikawa	209,532	24,000	150,480
Edmund C. King	401,603	46,000	288,420
Wendy Simpson	87,305	10,000	62,700
Sam Yellen	401,603	46,000	288,420

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

There are no interlocks (as defined by the rules of the Securities and Exchange Commission) with respect to any member of the Compensation and Option Committee of the Board of Directors, and this Committee consists entirely of independent, non-employee directors.

COMPENSATION AND OPTION COMMITTEE REPORT

The Compensation and Option Committee Report shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or the Securities and Exchange Act of 1934, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under such Acts.

During 2001, the Compensation Committee was comprised of Mr. King, Chair and Dr. Triche and Mr. Yellen. The Compensation Committee reviews and approves the compensation of our executive officers and determines our general compensation policy. The Compensation Committee is also responsible for the administration of our Restated 1992 Stock Option Plan and 1998 Equity Participation Plan. The Compensation Committee is authorized to determine the options and restricted stock awards to be granted under such plans and the terms and provisions of such options and restricted stock awards. We have five executive officers, one of which is our Chief Executive Officer.

Compensation Philosophy

The Compensation Committee endeavors to ensure that the compensation programs for our executive officers are effective in attracting and retaining key executives responsible for our company's success and are administered in appropriate fashion in the long-term interests of our company and our stockholders. The Compensation Committee seeks to align total compensation for executive management with our overall performance as well as the individual performance of each executive officer. Our compensation package, which currently is comprised of base salary, bonuses, deferred compensation, stock options and restricted stock, is intended to reinforce management's commitment to enhancing profitability and stockholder value.

The policies of the Compensation Committee may be summarized as follows:

- (1) LTC Properties' compensation programs are designed to attract, motivate and retain qualified key executives;
- (2) An executive's salary, bonuses and incentive compensation and other benefit programs should reflect both the Company's performance as a whole and the executive's individual performance and effort;
- (3) LTC Properties' compensation programs should enable the executive to have a financial interest in the Company that parallels the financial interests of the Company's stockholders.

In determining the level and composition of compensation for the executive officers, the Compensation Committee considers various corporate performance measures, both in absolute terms and in relation to similar companies, and individual performance measures. Although the Compensation Committee considers funds from operations per share as an important measure of our performance, the Compensation Committee does not apply any specific quantitative formula in making compensation decisions. The Compensation Committee also may evaluate the following factors in establishing executive compensation: (a) periodically, the comparative compensation surveys and other material concerning compensation levels and stock grants at similar companies; (b) our historical compensation levels and stock awards; (c) overall competitive environment for executives and the level of compensation necessary to attract and retain executive talent; (d) financial performance of other real estate investment trusts and its peer group relative to market condition; and (e) from time to time, the

Compensation Committee may seek the advice of an independent compensation consultant in assessing its overall compensation philosophy. The Compensation Committee assigns no specific weight to any of the factors discussed above in establishing executive compensation.

Base Salaries

Base salaries are reviewed and adjusted by the Compensation Committee on an annual basis. The Compensation Committee seeks to ensure that the base salaries are established at levels considered appropriate in light of responsibilities and duties of the executive officers as well as at levels competitive to amounts paid to executive officers of its peer group. In determining an individual executive's actual base salary, the Compensation Committee also considers other factors, which may include the executive's past performance and contributions to our success. Base compensation for Messrs. Dimitriadis, Ms. Simpson, Mr. Ishikawa, Ms. Kopta and Mr. Chavez as of January 1, 2002 were \$400,000; \$300,000; \$250,000; \$250,000 and \$150,000 respectively.

Bonuses

Bonuses are awarded based on our overall performance and individual performance of each executive officer. The amounts awarded may vary from year to year and may be awarded to executive officers in other forms such as stock awards in lieu of cash payments. The regulatory and reimbursement environments in which nursing homes operate experienced significant adverse changes, beginning in 1998, that are still continuing. The negative impact of these changes caused many long-term care operating companies, including certain companies that operate some of our properties, to file for reorganization under Chapter 11 of the Bankruptcy Code. In connection with this, management has been pro-active in reducing our exposure to properties operated by troubled operators.

We believe that the adverse operational and financial changes in the nursing home industry directly impacted our negotiations with its lenders in 2000 relating to the renewal of the then existing bank credit agreements. Several lenders, who had historically supported and financed health care companies, communicated their intention to exit or drastically limit their exposure to health care companies, and as a result, to us as owners/lessors and lenders to health care operators.

In this difficult environment, management secured a new, four-year credit agreement with its lenders and has undertaken strategies, including a program of selected asset sales, designed to de-leverage our company and improve the equity value of our stockholders.

The Compensation Committee recommended that bonuses be paid to Ms. Simpson, Mr. Ishikawa, Ms. Kopta, and Mr. Chavez of \$250,000, \$225,000, \$225,000 and \$150,000, respectively.

Stock Option Plans

We have adopted the Restated 1992 Stock Option Plan and the 1998 Equity Participation Plan under which awards may be granted including stock options (incentive or non-qualified), stock appreciation rights, restricted stock, deferred stock and dividend equivalents. We reserved 1,400,000 shares of common stock for issuance under the Restated Plan and 500,000 shares for issuance under the Equity Participation Plan. Both plans are administered by the Compensation Committee which sets the terms and provisions of the awards granted under the plans. Incentive stock options, stock appreciation rights, restricted stock, deferred stock and dividend equivalents may only be awarded officers and other full-time employees to promote our long-term performance and specifically, to retain and motivate senior management to achieve a sustained increase in stockholder value. Non-qualified stock options, stock appreciation rights, restricted stock, deferred stock and dividend equivalents may be awarded to non-employee directors, officers, other employees, consultants and other key persons who provide services to us. Currently, the plans have no pre-set formula or criteria for determining the number of options that may be granted. The Compensation Committee reviews and evaluates the overall compensation

package of the executive officers and determines the awards based on our overall performance and the individual performance of the executive officers. In 2001, the Compensation Committee granted stock options to Mr. Ishikawa and Ms. Kopta in the amount of 14,000 each. All options were granted at a price of \$5.17 per share.

401(k) Savings Plan

In January 2002 we implemented a 401(k) Savings Plan (the Plan) which is a defined contribution plan covering all of our employees who have six months or more service to our company. Each year participants may contribute up to 15% of pre-tax annual compensation (not to exceed \$11,000 or \$12,000 if the employee is 50 years or older). Our company will match up to 3% of salaries for our three vice-presidents and contribute 3% of the individual s salary for staff that open an account. We will not contribute any amount, nor match contributions for our five senior officers.

Policy with Respect to Section 162(m)

The Compensation Committee has considered the anticipated tax treatment to us regarding the compensation and benefits paid to the executive officers in light of the enactment of Section 162(m) of the Internal Revenue Code of 1986, as amended. Under Section 162(m), the amount of compensation paid to our chief executive officer and certain other highly compensated executives that is deductible for federal income tax purposes is limited to \$1,000,000 annually, subject to certain performance, disclosure, and stockholder approval requirements. Our basic philosophy is to strive to provide such executive officers with a compensation package that will balance the deductibility of such payments for us with the necessity to provide competitive compensation packages. Certain types of compensation payments and their deductibility depend upon the timing of the executive officer s vesting or exercise of previously granted rights. Certain compensation arising from restricted stock awarded to executive officers under our 1992 Stock Option Plan does not meet the requirements of section 162(m). If awards under the 1998 Equity Participation Plan constitute qualified performance-based compensation, such awards will not be subject to the Section 162(m) deduction limitation.

Interpretations of and changes in the tax laws and other factors beyond the compensation committee s control may affect the deductibility of certain compensation payments. The Compensation Committee will consider various alternatives to preserve the deductibility of compensation payments and benefits to the extent reasonably practicable and to the extent consistent with its other compensation objectives.

STOCK PERFORMANCE GRAPH

This graph compares the cumulative total stockholder return on our common stock from December 31, 1996 to December 31, 2001 with the cumulative stockholder total return of (1) the Standard & Poor's 500 Stock Index and (2) the NAREIT Hybrid REIT Index. The comparison assumes \$100 was invested on December 31, 1996 in our common stock and in each of the foregoing indices and assumes the reinvestment of dividends.

Total Return Stock Performance

The stock performance depicted in the above graph is not necessarily indicative of future performance. The stock performance graph and compensation committee report shall not be deemed incorporated by reference into any filing by us under the Securities Act or the Exchange Act except to the extent that we specifically incorporate such information by reference, and shall not otherwise be deemed filed under such Acts.

Officers, directors and greater than ten percent stockholders are required by Securities and Exchange Commission regulations to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on review of the copies of such reports furnished to us and written representations that no other reports were required, during the fiscal year ended December 31, 2001, all directors, executive officers and persons who beneficially own more than 10% of our common stock have complied with the reporting requirements of Section 16(a).
