ASUR 4Q06 PASSENGER TRAFFIC UP 57.01% YOY

4Q06 Highlights¹:

EBITDA increased by 138.24% to Ps.330.6 million.

Total passenger traffic up 57.01%.

Total revenues rose by 66.37%, mainly due to an increase of 82.48% in non-aeronautical revenues and a 59.49% increase in aeronautical revenues.

Commercial revenues per passenger rose by 27.54% to Ps.46.31 per passenger.

Operating profit increased by 713.84%.

EBITDA margin was 58.86% compared with 41.11% in 4Q05.

México D.F., February 21, 2007 Grupo Aeroportuario del Sureste, S.A.B. de C.V. (NYSE:ASR; BMV:ASUR), (ASUR) the first privatized airport group in Mexico and operator of Cancun Airport and eight others in the southeast of Mexico, today announced results for the three- and twelve-month periods ended December 31, 2006.

¹ Unless otherwise stated, all financial figures discussed in this announcement are unaudited, prepared in accordance with Financial Reporting Standards, expressed in constant Mexican pesos as of December 31, 2006, and represent comparisons between the three-month period ended December 31, 2006, and the equivalent three-month period ended December 31, 2005. Tables state figures in thousands of pesos, unless otherwise noted. Passenger figures exclude transit and general aviation passengers. Commercial revenues include revenues from the activities of non-permanent ground transportation and parking lots. All U.S. dollar figures are calculated at the exchange rate of US\$1 = Ps. 10.8116.

ASUR 4Q06, Page 1 of 16

Passenger Traffic

For the fourth quarter of 2006, total passenger traffic increased year-over-year by 57.01%; domestic passenger traffic increased by 22.09%; and international passenger traffic rose by 104.48%.

The 57.01% year-over-year increase in total passenger traffic primarily reflected the sharp drop in passenger traffic experienced in the fourth quarter of 2005 due to the impact of Hurricane Wilma.

The 22.09% growth in domestic passenger traffic resulted mainly from the 74.00%, 43.12% and 32.77% increases at the Cancun, Cozumel and Veracruz airports, respectively. The increases at Cancun and Cozumel were principally due to the 4Q05 impact of Hurricane Wilma, as noted above. The increase in Veracruz was principally due to the opening of new airline services in that airport. Domestic passenger traffic, however, was negatively affected by a 34.13% decline at Oaxaca airport. The decline at Oaxaca was due to the cancellation of 133 flights during the quarter, as a result of ongoing public demonstrations in the city. The protests began as a teachers strike in May 2006 but have grown into more general unrest against the Oaxaca state government that has adversely affected tourism. The US State Department has issued several advisories regarding travel to Oaxaca. At this time we are unable to predict whether or how the conflict will be resolved, or how the ongoing demonstrations may affect our operations.

The growth in international passenger traffic was the result of increases of 117.49%, 261.11% and 75.61% at the Cancun, Cozumel and Huatulco airports, respectively (the first two largely due to the 4Q05 impact of Hurricane Wilma, as noted above).

For FY06, total passenger traffic rose by 3.44% compared to FY05, with international passenger traffic down 0.98% and domestic passenger traffic up 10.29%.

Consolidated Results for 4Q06

Total revenues for 4Q06 increased year-over-year by 66.37% to Ps.561.7 million. This was mainly due to increases of:

59.49% in revenues from aeronautical services, principally as a result of the 57.01% rise in passenger traffic; and

82.48% in revenues from non-aeronautical services, principally as a result of the 98.56% rise in commercial revenues detailed below.

ASUR classifies commercial revenues as those derived from the following activities: duty-free services, car rental, retail, banking and currency exchange, advertising, teleservices, non-permanent ground transportation, food and beverage and parking lots.

ASUR 4Q06, Page 3 of 16

Commercial revenues increased year-over-year by 98.56%. Commercial revenues were principally the result of increases in the following areas:

Banking and currency exchange services were up 10.08% as a result of the combined effect of the 117.5% increase in international passenger traffic at Cancun Airport, which was offset in part by the expiration of a contract with Banamex on August 6, 2006. As a result of the contract expiration, the company has stopped collecting rent from branches that Banamex previously operated in Cancun, Merida, Oaxaca, Veracruz and Villahermosa airports;

Duty-free services were up 246.54%, principally due to the increase in international passenger traffic and one-time income from Aldeasa, one of the duty-free concessionaires, in connection with a new contract regarding operations for Terminal 3 at Cancun Airport;

Food & beverage services rose 77.33%, mainly due to a one-time payment received from Hotelaria e Inmobiliaria, S.A. de C.V. for the lease of a restaurant that until June 2006 was operated directly by ASUR. Revenues were also positively impacted by the increase in passenger traffic during the quarter;

Teleservices were up 14.86% mainly due to the increase in passenger traffic;

Retail revenues were up 90.54%, principally due to the increase in total passenger traffic during the quarter;

Parking lot revenues rose 15.82%, mainly as a result of a rate increase at some airports and higher occupancy due to the increase in passenger traffic;

Revenues from car rental companies were up 49.88%, mainly as a result of the improved economic terms obtained in a bidding process for leases at Cancun Airport. Lease renewals in June 2006 at the Mérida, Minatitlan, Oaxaca, Veracruz and Villahermosa airports, each of which included an increase in minimum guaranteed fees, also contributed to revenues;

Other revenues rose 75.39%, reflecting rental income from booths leased to tour operators established at Cancun Airport in June 2006, as well as the increase in passenger traffic;

Ground transportation revenues increased 95.14% as a result of the increase in passenger traffic; and

Advertising revenues rose 61.58% reflecting the direct commercialization of advertising space.

Total operating costs and expenses for 4Q06 increased 13.92% year over year, primarily as a result of:

an 8.03% increase in the cost of services, mainly as a result of higher energy costs, insurance premiums and maintenance expenses;

a 9.90% increase in depreciation and amortization, resulting from the capitalization of investments in fixed assets and improvements made to concession assets;

a 118.81% increase in the cost of technical assistance, principally due to the increase in EBITDA for the quarter (a factor for the calculation of the fee).

a 66.38% increase in concession fees, mainly due to higher revenues; and

a 2.66% decline in administrative expenses.

Operating margin for the quarter rose to 36.66% from 7.49% in the fourth quarter of 2005. This was mainly the result of a 66.37% increase in total revenues, which more than offset the increase in costs during the period.

Mexican companies are generally required to pay the greater of their income tax liability or their asset tax liability (determined at a rate of 1.8% of the average tax value of virtually all of the company's assets including, in ASUR's case, its concessions), less the average tax value of certain liabilities. ASUR made asset tax payments of Ps.35.8 million for 4Q06. Of these payments, Ps.4.1 million was recorded as an expense in the results for the quarter. The difference was recorded as an asset, since the Company expects to recover Ps.31.7 million as a credit against future income tax payments.

In December, the Mexican authorities approved a change in the methodology used to calculate asset tax liabilities and reduced the tax rate to 1.25% from 1.8%, which is now applicable to the average tax value of virtually all of the company's assets without deducting the average tax value of certain liabilities. The company expects a positive impact from this change in the methodology.

Net income for 4Q06 was Ps.131.1 million, an increase of 1,946.50% from 4Q05. Earnings per common share for the quarter were Ps.0.4371, or earnings per ADS (EPADS) of US\$0.4043 (one ADS represents ten series B common shares). This compares with Ps.0.0214, or EPADS of US\$0.0198, for the same period last year.

ASUR 4Q06, Page 6 of 16

Consolidated Results for Fiscal Year 2006

Total revenues for FY06 increased by 4.26% from FY05 to Ps.2,238.9 million. This was mainly due to increases of:

4.46% in revenues from aeronautical services as a result of the 3.44% rise in passenger traffic during the period; and

3.79% in revenues from non-aeronautical services, principally as a result of the 3.94% rise in commercial revenues resulting from higher passenger traffic and other factors detailed below.

Commercial revenues for FY06 rose by 3.94%, mainly due to the following:

6.27% increase in retail revenues, due to the opening of the following new stores:

Store	Business	Opening Date
Cancún Terminal 2		
Air Shop	Convenience store	March 2006
Air Shop Portafolio	Gift shop	June 2006
Harley Davidson	Gift shop	April 2006
Pineda Covalín	Gift shop	June 2006
Air Shop	Convenience store	December 2006
Mérida		
Air Shop Todo x 180	Gift shop	February 2006
Oaxaca		
Go Go	Jewelry	May 2006
GEO	Real estate	June 2006
Villahermosa		
Air Shop Portafolio	Gift shop	May 2006
Cenca	Convenience store	April 2006
Huatulco		
Artesanías	Mexican handcraft	December 2006

10.49% increase in revenues from ground transportation services;

14.66% increase in revenues from car rental companies;

One-time payment of Ps.19.1 million received from Aldeasa in connection with a new concession contract for duty-free shops in Terminal 3 of Cancun Airport;

ASUR 4Q06, Page 7 of 16

10.63% increase in teleservices, mainly reflecting Ps.1.2 million in one-time income during 2005 at the Huatulco, Tapachula and Veracruz airports;

9.16% increase in other income;

22.15% increase in advertising revenues;

10.78% increase in parking lot revenue; and

8.51% increase in food and beverage revenues as a result of the higher passenger traffic. The following restaurants began operations in 2006:

Name	Opening Date
Villahermosa	May 2006
La Sevillana	May 2006

This was partially offset by declines in the following areas:

Duty-free revenues declined 5.93% in 2006 as a result of non-recurring payments in May and August 2005, respectively of Ps.7.0 million and Ps.32.5 million from Dufry Mexico, pursuant to a ruling of the International Court of Arbitration in ASUR's favor;

The 0.98% decline in international passenger traffic and the implementation in August 2006 of new Transportation Security Administration (TSA) security measures relating to carry-on items also had an adverse impact on duty-free sales. The subsequent relaxation of some of these measures has led to some improvement, but sales continue to be affected. We are unable to predict whether this effect will continue or for how long.

Revenue from banking and currency exchange services declined 14.24% as a result of the termination of the contract with Banamex to provide such services at the Cancun, Merida, Oaxaca, Veracruz and Villahermosa airports;

Costs and expenses for the twelve-month period increased year-over-year by 7.12%, mainly due to the following:

a 10.43% increase in costs of services, mainly as a result of higher personnel costs associated with the implementation of new baggage screening procedures and an increase in insurance premiums;

ASUR 4Q06, Page 8 of 16

an 8.00% increase in depreciation and amortization, resulting from the capitalization of investments in fixed assets and improvements made to concession assets;

a 4.13% increase in concession fees mainly due to higher revenues; and

a 2.77% rise in technical assistance costs reflecting the corresponding increase in EBITDA during the period.

The increase in costs was partially offset by:

an 8.79% decline in administrative expenses, reflecting lower professional fees during the period.

Operating margin declined to 37.06%, down from 38.73% for FY05. This was mainly the result of the 7.12% increase in expenses, which were not totally offset by the 4.26% increase in revenues for the year.

Net income for the twelve-month period declined by 9.88% to Ps.528.11 million. Earnings per common share for the period were Ps.1.7604, or earnings per ADS (EPADS) of US\$1.6282 (one ADS represents ten series B common shares). This compares with Ps.1.9534, or EPADS of US\$1.8068, for the same period last year.

Table VII: Summary of Consolidated Results for the Twelve-Month Period

	FY05	FY06	%
			Change
Total Revenues	2,147,460	2,238,961	4.26

Total Commercial Revenue per Passenger	38.12	38.48	0.94
<i>Commercial revenue from direct operations per passenger(1)</i>	6.28	7.07	12.58
<i>Commercial revenue per passenger (excluding direct operations)</i>	31.84	31.41	(1.35)

Note: For purposes of this table, about 332,400 and 280,900 transit and general aviation passengers are included for FY05 and FY06, respectively. Revenue figures are in thousands of constant Mexican pesos as of December 31, 2006.

(1) Revenues from direct commercial operations include a restaurant, a snack bar and five convenience stores. On July 1, 2006, ASUR ceased the direct commercial operation of the restaurant and snack bar, and these facilities are now leased to a subsidiary of Grupo Mera. Since July 1, 2006, this represents solely the operation of the five convenience stores, as well as the direct commercialization of advertising space starting in November 2006.

Table IX: Operating Costs and Expenses for the Twelve-Month Period

	FY05	FY06	% Change

Note: Revenue figures are shown in thousands of constant Mexican pesos as of December 31, 2006.

Tariff Regulation

The Mexican Ministry of Communications and Transportation regulates the majority of ASUR's activities through maximum rates, which represent the rates for the maximum possible revenues allowed per traffic unit at each airport.

ASUR's regulated revenues for FY06 were Ps.1,559.10 million, resulting in an annual average tariff per work load unit of Ps.109.39. ASUR's regulated revenues accounted for approximately 74.60% of total income for the period.

ASUR 4Q06, Page 10 of 16

The Mexican Ministry of Communications and Transportation reviews compliance with the maximum rates on an annual basis at the close of each year.

Balance Sheet

On December 31, 2006, Airport Facility Usage Rights and Airport Concessions represented 81.62% of the Company's total assets, with current assets representing 10.58% and other assets representing 7.80%.

On December 31, 2006, cash and marketable securities were Ps.1,241.68 million. On the same date, shareholder's equity was Ps.13,785.10 million and total liabilities were Ps.1,156.30 million, representing 92.26% and 7.74% of total assets, respectively. Total deferred liabilities represented 78.06% of the Company's total liabilities.

Capex

During the quarter, ASUR made investments of Ps.372.93 million as part of the Company's ongoing plan to modernize its airports pursuant to its master development plans. For FY06 ASUR made capital investments of Ps.1,088.98 million.

About ASUR:

Grupo Aeroportuario del Sureste, S.A.B. de C.V. (ASUR) is a Mexican airport operator with concessions to operate, maintain and develop the airports of Cancun, Merida, Cozumel, Villahermosa, Oaxaca, Veracruz, Huatulco,

ASUR 4Q06, Page 11 of 16

Tapachula and Minatitlan in the southeast of Mexico. The Company is listed both on the NYSE in the U.S., where it trades under the symbol ASR, and on the Mexican Bolsa, where it trades under the symbol ASUR. One ADS represents ten (10) series B shares.

Some of the statements contained in this press release discuss future expectations or state other forward-looking information. Those statements are subject to risks identified in this press release and in ASUR's filings with the SEC. Actual developments could differ significantly from those contemplated in these forward-looking statements. The forward-looking information is based on various factors and was derived using numerous assumptions. Our forward-looking statements speak only as of the date they are made and, except as may be required by applicable law, we do not have an obligation to update or revise them, whether as a result of new information, future or otherwise.
