To Our Valued Suppliers:

We have received a number of inquiries related to the financial information submitted to the U.S. Trustee's Office for the period ending December 4, 2004 which includes the month of November 2004, as well as totals for the period since Huffly Corporation filed for protection under Chapter 11 of the U. S. Bankruptcy Code on October 20, 2004.

Although the net loss, as reported, for November was \$5.6 million, this amount included a number of one-time charges related to discontinued operations, as well as other non-cash charges to income taken during the month.

The loss from continuing operations, before interest expense and income taxes, was \$229 thousand, which was \$500 thousand less than the anticipated loss for November. During the month, sales volumes were slightly lower than anticipated; however, margins were in line with expectations and operating expenses were less than planned, with results for the bicycles and corporate better than expected and golf slightly short of expectations.

The balance of the pre-tax loss for the month consists of interest expense, which included the write-off of unamortized bank fees (reflected in interest expense), \$1.4 million in fees for professionals involved in the bankruptcy reorganization, as well as \$1.4 million of charges related to discontinued businesses taken in November. Additionally, the Company took a write-off related to deferred tax assets of \$1.3 million. The unamortized bank fees and deferred tax assets write-off were non-cash items, totaling approximately \$2.6 million. We anticipate that there may be additional charges in subsequent months as the company sells assets related its discontinued businesses.

We believe that Huffly has sufficient liquidity to achieve its plan to reorganize around its core product lines, with approximately \$8.5 million of excess borrowing capacity under the DIP facility with Congress Financial as of the end of November 2004 and approximately \$5.9 million in borrowing capacity at the end of December 2004.
