GENERAL

For a discussion of certain factors, which should be considered in evaluating the Company and its business, see Risk Factors.

Raptor Investments, Inc., formerly Paramark Enterprises, Inc., (the Company), a Florida corporation, was originally formed in December 1985, under the name T.J. Cinnamons, Inc., as a franchiser of specialty retail bakeries. Previous management acquired the Company from its founders in 1992, sold the retail bakeries and franchise system in 1996 to Triarc Restaurant Group, and subsequently developed the Company into a wholesale manufacturer and distributor of specialty bakery products. The majority of the wholesale bakery operations were sold to Rich Products Manufacturing Group in December 2000 with the remaining assets sold to Brooks Street Companies, Inc. in October 2000. In August 2001, the Company completed the sale of 500,000 shares of the Company's common stock in a privately negotiated transaction for a purchase price of \$30,000. The shares were sold to a group of investors. Pursuant to the transaction, the former officers and directors resigned and were replaced by the investors. In December 2001, the Company entered into agreements to acquire LBI Properties, Inc., a development stage real estate holding company, and LBI E Web Communities, Inc., an internet-related holding company. The acquisition of these companies was closed on January 7, 2002. These companies were held by the current management prior to their acquisition by the Company. In October 2001 the Company changed its name to Raptor Investments, Inc. and changed its trading symbol to RAPT. The Company's Common Stock is publicly traded on the OTC Bulletin Board under the symbol RAPT.

In August 2001, the Company completed and closed upon the sale of 500,000 shares of the Company's common stock in a privately negotiated transaction for a purchase price of \$30,000 to investors, Paul, Matthew and Marc Lovito (the "Lovitos"). Pursuant to the Agreement, on September 22, 2001, the Company's officers and directors, Charles Loccisano, Alan Gottlich, Philip Friedman and Paul Begun, resigned and were replaced by the Lovitos on the board. In addition, on September 26, 2001, Paul Lovito became the Chairman, President and Chief Executive Officer replacing Alan Gottlich and Charles Loccisano. Marc Lovito became Vice President and Secretary replacing Alan Gottlich, and Matthew Lovito became the Company's Treasurer and Chief Financial Officer replacing Alan Gottlich.

This transaction is referred to as the "Lovito Transaction" and is described in full in the Company's previous reports. Reference is made to Form 10-KSB for the period ended December 31, 2002 which is incorporated herein and made a part hereof by reference.

3

LBI Properties, Inc. Transaction. In December 2001, the Company entered into an Acquisition Agreement with LBI Properties, Inc., a Florida corporation, and the shareholders of LBI Properties. The shareholders of LBI Properties include the Company's Chairman, President and CEO Paul F. Lovito, Jr., the Company's CFO and

Edgar Filing: RAPTOR INVESTMENTS INC - Form 10KSB/A

Treasurer Matthew J. Lovito and the Company's Vice President and Director Marc A. Lovito, officers and directors of the Company. Pursuant to the Acquisition Agreement, the Company effected the stock exchange at the rate of 1:5. The Company acquired all of the issued and outstanding shares of the Common Stock of LBI Properties in exchange for the issuance of 19,974,298 shares of the Common Stock of the Company to be delivered to the LBI Properties shareholders on a pro-rata basis. This acquisition closed on January 7, 2002.

LBI E Web Communities, Inc. Transaction. In December 2001, the Company entered into a Stock Acquisition Agreement with the Company's Chairman, President and CEO Paul F. Lovito, Jr., the Company's CFO and Treasurer Matthew J. Lovito, Company's Vice President and Director Marc A. Lovito, Darrin Lovito and LBI Capital Partners, L.P., a limited partnership in which the Company's Chairman, President and CEO is a general partner, as shareholders of LBI E Web Communities, Inc., a Florida corporation. Pursuant to the Stock Agreement, the Company effected the stock exchange at the rate of 1:3. The Company acquired all of the issued and outstanding shares of the Common Stock of LBI E Web in exchange for the issuance of 19,800,000 shares of the Common Stock of the Company to be delivered to the LBI E Web shareholders on a pro-rata basis. This acquisition closed on January 7, 2002. LBI E Web is an Internet related holding company that currently owns the following five domain names: FinanceItOnTheWeb.com (a financial services directory site), Brassbulls.com (a public relations and financial information site), MyEnumber.com (an online address book and one stop Rolodex), Homewaiter.com (a food delivery and information site), and Mimesaro.com (a Spanish food delivery and information site).

Raptor Merger Transaction. In December 2001., current management and the majority shareholders approved and effected a corporate reorganization, the principal feature of which was to transfer the Company's legal domicile from Delaware to Florida pursuant to an Agreement and Plan of Merger between the Company and its wholly-owned subsidiary, Raptor Investments, Inc., a Florida corporation, wherein the Florida corporation was the surviving corporation.

The J&B Wholesale Produce, Inc. transaction. Effective July 2, 2002 Raptor acquired 100% of the issued and outstanding stock of J&B Wholesale Produce, Inc., from Gennaro Mugnano, in exchange for \$2,325,000., as described in the 8-K document filed with the SEC on July 2, 2002. Raptor and J&B borrowed \$2,825,000. from Gelpid Associates, LLC, a Florida Limited Liability Company, in order to complete the acquisition. A true and correct copy of the Stock Purchase Agreement is included in the 8-K filing and is incorporated herein by reference. The loan to Raptor by Gelpid Associates LLC was personally guaranteed by the President of Raptor, Mr. Paul Lovito. J&B is engaged in the wholesale produce industry. Pursuant to the Stock Purchase Agreement, Raptor acquired 1000 shares of J&B common Stock, par value \$0.01, and J&B became a wholly-owned subsidiary of Raptor. J&B was incorporated in Florida as a for-profit corporation on May 16, 1994. The loan from Gelpid Associates is evidenced by a note, which has a term of three years and bears interest at the rate of LIBOR plus ten percent per annum. The minimum monthly payment due under the note is accrued interest only. There is no prepayment penalty under the note. The note is secured by the

machinery, equipment, furniture, fixtures, inventory, accounts receivable, works in progress, motor vehicles, and computer hardware and software of J&B. Raptor has received an additional loan from Gelpid in the amount of \$800,000. With which Raptor (1) closed on the purchase of the cold storage warehouse housing J&B located in Pompano Beach, Florida in the amount of \$400,000., and (2) utilized approximately \$400,000. to expand J&B as a retail seller of fruits,

Edgar Filing: RAPTOR INVESTMENTS INC - Form 10KSB/A

vegetables, dairy products and prepared foods.

On July 15, 2003 the Company entered into a loan extension agreement with its lender, Gelpid Associates LLC. Under the express terms of the 2002 loan to the Company in the amount of \$2,825,000, the Company was obligated to make a minimum payment to reduce the principal balance of the loan of \$250,000 by July 1, 2003. Under the express terms of the loan extension agreement, the lender waived the requirement of payment of the unpaid sums due for principal reduction under the 2002 loan until July 2, 2004.

The foregoing summaries of the Lovito Agreement, the LBI Properties, Inc. Agreement, the LBI E Web Agreement, the J&B Wholesale Produce, Inc. agreement and the Raptor Merger are only a brief description of the agreements and are qualified in their entirety by the detailed provisions of the agreements which were filed as exhibits to the Company's Current Report on Form 8-K filed on August 23, 2001 (Lovito Transaction), Schedule 14C filed on December 3, 2001 (Raptor Merger) and Form 8-K filed on January 7, 2002 (LBI Properties, Inc. and LBI E Web Communities, Inc. Transaction) and the Form 8-K filed on July 2, 2003 (J&B transaction) are incorporated herein by reference.

The Factoring Arrangement.

The Company has entered into a factoring arrangement with American Millennium Investment Corporation. Commencing on October 6, 2003, the Company has received a line of credit against pledged receivables in the total amount of \$1,100,000. As of December 31, 2003 the Company had drawn down \$805,000. under the factoring agreement. Gelpid Associates LLC, the Company's principal lender, agreed to subordinate its first perfected lien position on the Company's receivables in order to make the factoring arrangement possible. Gelpid Associates LLC and American Millennium Investment Corporation are related entities.

Management believes that the factoring arrangement will allow the Company to expand at a faster rate, and more broadly, than would have been possible without factoring. The factoring arrangement has allowed the Company to compete for larger, national chain restaurant accounts which frequently require terms as long as sixty days for payment. Also, the Company can pursue large accounts such as cruise lines and tourist facilities which would otherwise be out of the reach of the Company.

Risk Factors

In addition to the other information in this report, the following information should be considered carefully by investors in evaluating the Company and its business.

5

(a) History of Operating Losses; Operating Cash Flow Deficit. The Company has had net operating losses since 1988. For the fiscal year ended December 31, 2003, the Company's net operating income on a going concern basis was \$ 49,911. See Management's Discussion and Analysis of Financial Conditions and Results of Operations.

(b) Lack of Liquidity; Volatility of Market Price of Common Stock. The Common Stock of the Company was delisted from the Nasdaq SmallCap Market on January 7, 1998 and is presently quoted and traded on the OTC Bulletin Board. As a result, the purchaser of the Company's securities may find it more difficult to dispose

Edgar Filing: RAPTOR INVESTMENTS INC - Form 10KSB/A

of, or to obtain accurate quotations as to the market value of the Common Stock. Consequently, there can be no assurance that an active and liquid market for the Common Stock or the uniform quotation of prices for the Common Stock can be sustained. The market price for the Company's Common Stock may also be significantly affected by such factors as the introduction of new products by the Company or its competitors. Additionally, in recent years, the stock market has experienced a high level of price and volume volatility, and market prices for many companies, particularly small and emerging growth companies, the securities of which trade in the over-the-counter market, have experienced wide price fluctuations not necessarily related to the operating performance of such companies. The market price and liquidity of the Company's Common Stock may also be significantly affected by the general business condition of the Company.

As a result of the delisting of the Company's securities from the Nasdaq SmallCap Market, sales of the Company's securities are within the scope of Securities and Exchange Commission rules that imposes additional sales practice requirements on broker-dealers who sell such securities to persons other than their established customers and accredited investors (generally institutions with assets in excess of \$5,000,000 or individuals with a net worth in excess of \$1,000,000 or annual income exceeding \$200,000 or \$300,000 jointly with their spouses). For transactions covered by that rule, the broker-dealer must make a special suitability determination with respect to each purchaser, and receive the purchaser's written agreement to the transaction prior to the sale. Consequently, the rule may affect the ability of broker-dealers to sell the Company's securities and also may affect the ability of current shareholders to sell their securities in the secondary market. There can be no assurance that trading of the Company's securities will not be adversely affected by the Company's failure to comply with these or other regulations that could adversely effect the market for such securities.

(c) Effect of Penny Stock Rules on Liquidity for the Company's Securities. The Securities and Exchange Commission (the Commission) regulations define a penny stock to be an equity security not registered on a national securities exchange, or for which quotation information is disseminated on the Nasdaq SmallCap Market that has a market price (as therein defined) of less than \$5.00 per share or an exercise price of less than \$5.00 per share, subject to certain exemptions. For any transaction involving a penny stock, unless exempt, the rules require delivery, prior to a transaction in a penny stock, of a disclosure schedule prepared by the Commission relating to the penny stock market. Disclosure is also required to be made about commissions payable to both the broker-dealer and the registered representative and current quotations for the securities. Finally, monthly statements are required to be sent disclosing recent price information for the penny stock held in the account and information on the limited market in penny stocks.

The foregoing required penny stock restrictions apply to the Company's securities if such securities continue to be listed on the OTC Bulletin Board, and have certain price and volume information provided on a current and continuing basis or meet certain minimum net tangible assets or average return criteria. In any event, even if the Company's securities were exempt from such restrictions, the Company would remain subject to Section 15(b)(6) of the Securities Exchange Act of 1934, as amended, which gives the Commission the authority to prohibit any person that is engaged in unlawful conduct while participating in a distribution of a penny stock from associating with a broker-dealer or participating in a distribution of a penny stock, if the Commission finds that such a restriction would be in the public interest. Since the Company's securities are subject to the rules on penny stocks, the market

Edgar Filing: RAPTOR INVESTMENTS INC - Form 10KSB/A

liquidity for the Company's securities could be materially and adversely affected. Any disruption in the liquid market of the Company's Common Stock could limit the Company's access to the equity markets in the future, and could have a materially adverse effect on the Company's business, financial conditions and results of operations.

(d) Dividend Policy. To date, the Company has not paid any dividends on its Common Stock. The Board of Directors does not anticipate declaring any cash dividends on its Common Stock in the foreseeable future. Future dividends, if any, will be dependent upon the results of operations and financial condition of the Company, tax considerations, industry standards, economic conditions, general business practices and other factors.

The company has an obligation to pay dividends on it's preferred stock, Class A, as noted below.

On June 27, 2002 the Company issued fifteen (15) shares of Preferred Stock, Class A, to Mr. Christian T. Chiari in exchange for certain financial consulting services provided to the Company by Mr. Chiari, including the acquisition by Mr. Chiari of funding from Gelpid Associates, LLC in order that the Company could close on it's acquisition of J&B Wholesale Produce, Inc. The acquisition of J&B Wholesale Produce, Inc., and a description of the transaction between the Company and Gelpid Associates LLC is contained within the 8-K filing of the Company which is incorporated herein and made a part hereof by reference.

The Preferred Stock, Class A, had an annual dividend of \$12,000 per share, payable in equal quarterly installments beginning with the date of issue. The Preferred Stock, Class A was convertible, in whole, but not in part, into so many shares of the Common Stock of the Company as equals one half of one percent (0.5%) of the total number of shares of issued and outstanding Common Stock of the Company on the date of conversion. However, no shares of Preferred Stock, Class A, were convertible into more than 375,000 Common shares.

On August 1, 2003, the Company, in agreement with the holder thereof, altered the terms of payment on the Class A Preferred Stock. Each share of Class A Preferred Stock, par value \$0.01 features an annual dividend of \$6000.00 per share, payable in equal monthly installments beginning August 1, 2003; said dividend (\$7500.00 per month in total) to increase by a total of \$2500.00 per month beginning in the first full calendar month after the Company reaches \$15 million per annum in gross revenues, and thereafter by a total of \$2500.00 per month for each \$1 million in additional gross revenues, up to a maximum of \$17 million in gross revenues, and each share of the Class A Preferred stock is convertible into shares of the Common Capital stock of the Corporation using the following ratio:

7

Each Class A Preferred share shall be convertible, in whole, but not in part, to so many shares of the common capital stock of the Company as equals three quarters of one percent (0.75%) of the total number of issued and outstanding common capital shares of the Company as exist on the date of conversion. Provided, however, that no Class A Preferred share is convertible into more than 562,500 common capital shares. Upon conversion, the common capital stock issued for the conversion shall enjoy all of the rights, including voting rights, and dividends, as all of the common capital stock of the Company.

The management of the Company will not pay a dividend on the common stock until and unless the dividends payable on the preferred stock are current. Mr. Christian Chiari Transferred ownership of the Preferred Stock, Class A to

Edgar Filing: RAPTOR INVESTMENTS INC - Form 10KSB/A

American Millennium Investment Corporation, which does not alter the Company's obligations.

The Loan Extension Agreement.

On July 15, 2003 the Company entered into a loan extension agreement with it's lender, Gelpid Associates LLC. Under the express terms of the 2002 loan to the Company in the amount of \$2,825,000, the Company was obligated to make a minimum payment to reduce the principal balance of the loan of \$250,000 by July 1, 2003. Under the express terms of the loan extension agreement, the lender waived the requirement of payment of the unpaid sums due for principal reduction under the 2002 loan until July 2, 2004.

(e) Control by Directors and Executive Officers. The directors, executive officers and their affiliates own approximately 76% of the Company's outstanding Common Stock and, therefore, are in a position to elect a majority of the Company's directors who, in turn, elect all of the Company's executive officers. The Company's lender has the right to appoint one member to the Board. Members of management, if acting in concert, will have sufficient voting power to control the outcome of all corporate matters submitted to the vote of shareholders, including the election of directors, changes in the size and composition of the Board of Directors, mergers, tender offers, and open-market purchase programs that could give shareholders of the Company the opportunity to realize a premium over the then-prevailing market price for their shares. In addition, the concentration of ownership in several members of management could have the effect of delaying or preventing a change in control of the Company and may effect the market price of the Company's common stock.

The Company is in the process of an active search for one or more independent Directors to serve on the Board.

ITEM 2. PROPERTIES

The corporate offices of Raptor Investments, Inc. are in Pompano Beach, Florida, and consist of approximately 2000 square feet of office space located within the cold storage facility of J&B Wholesale Produce, Inc.

8

ITEM 3. LEGAL PROCEEDINGS

All of the specific litigation items enumerated in the Company's Form 10-KSB for the period ended December 31, 2002 have been settled or dismissed in a manner favorable to the Company, with the following exception:

In May of 2002, the Company (through LBI Group, Inc.) was named as a Defendant in a Civil Action brought by John Lary in the Circuit Court of Madison County, Alabama. The suit alleged a violation under the Telephone Consumer Protection Act of 1991, in that the Company, in concert with other individuals and corporations, is alleged to have delivered an unsolicited facsimile communication to one person. The management of the Company deems the amount in controversy to be not material to the business of the Company.

In addition, the Company from time to time has been involved in routine litigation, including litigation with various vendors and creditors. None of these litigation matters in which the Company has been involved is material to its financial condition or results of operations. The company has from time to time placed collection matters into the hands of it's attorney concerning

Edgar Filing: RAPTOR INVESTMENTS INC - Form 10KSB/A

delinquent accounts receivable in the J&B Wholesale Produce, Inc. segment. The total amount placed for collection to date is less than \$50,000.00. The company from time to time sues delinquent accounts in small claims court.

The following discussion and analysis should be read in conjunction with the financial statements and notes thereto appearing elsewhere in this report. Except for historical information contained herein, certain statements herein are forward-looking statements that are made pursuant to the safe harbor provisions of the private securities litigation reform act of 1995.

Forward-looking statements involve estimates of the Company's financial position, business strategy and other plans and objectives future operations. Although the Company believes that these expectations are reasonable, there can be no assurance that the actual results or developments anticipated by the Company will be realized or, even if substantially realized, that they will have the expected effects on its business or operations.

11

PLAN OF OPERATION

The Company's primary operations are centered in the J&B Wholesale Produce, Inc. wholly-owned subsidiary. J&B is a regional provider of produce to restaurants in Miami-Dade, Broward, Palm Beach, Martin and Monroe counties in southeast Florida. Management expects 2004 gross sales in the J&B unit of \$14 million.

Management feels that liquidity, cash available for operations, and business conditions generally are favorable to the continued operations, and expansion, of the Company's J&B Wholesale Produce Operations. The material positive changes in the financial condition of the Company, from fiscal 2002, are attributable to the acquisition of and operations of J&B Wholesale Produce. The management of J&B continues to pursue more higher yielding produce customers, which should improve long-term liquidity. In addition, management has set minimum daily order amounts, and sought to limit the number of smaller, unprofitable or less profitable accounts which it services, to further expand the business and maximize profit while limiting the cost per delivery of the Company. Management continues to streamline the day-to-day operations of J&B, and has upgraded the computers of the Company.

Management has taken steps to streamline the customer order process, to reduce errors and to prevent theft and employee pilfering. Substantial improvements to the product delivery line have greatly increased efficiency, reduced errors and missed deliveries, and reduced product spoilage.

Edgar Filing: RAPTOR INVESTMENTS INC - Form 10KSB/A

Three additional refrigerated trucks have been leased and added to the Company's fleet in order to service new customers.

The Company has released all under-performing salespersons and is constantly seeking and hiring new sales professionals, particularly in the fast-growing northern and western suburbs of the service area. All employees have been placed on a time clock and salaried employees have been changed over to hourly. The Company no longer pays any employees in cash.

The Company is subject to market conditions in the fresh produce industry taken as a whole. Fresh produce is subject to tremendous variations in quality and consistency, as well as availability, and is the most highly perishable agricultural commodity. On a daily basis, company employees have to visually inspect hundreds of different products for size, shape, consistency, and visual defects. The public is increasingly concerned with the use of pesticides, herbicides, and genetically engineered foodstuffs. While cosmetically imperfect produce is acceptable to enter the processed foods stream, it is not acceptable to the fresh produce stream, and especially to the restaurants served by the company. The Company's buyers have to make daily decisions on where to source each item based on quality, availability, price and location. These factors can change daily for each type of produce. Weather conditions or other factors can effect the price of a major volume product, such as lettuce, potatoes, onions, or tomatoes and have a significant impact on the company for the period. The successful acquisition of produce at a competitive price and of the highest quality will insure the continued success, and growth, of the company.

12

The Company operates primarily in Miami-Dade, Broward and Palm Beach counties in southeast Florida. Many of the restaurants and other foodservice establishments which the company serves are seasonal in nature. While few of these establishments actually close during the summer months, many have a reduced order volume in the range of up to 40%. The company is attempting to limit the impact of the seasonal nature of the vacation industry in the region by concentrating on restaurants in areas where year-round residents live, particularly in the western suburbs of Miami, Fort Lauderdale and West Palm Beach. Seasonal volume changes are much less pronounced in these "bedroom communities". The entire tourism industry in Southeast Florida is dependant upon favorable travel conditions for continued success. Terrorism, or a decline in economic conditions, have a negative impact on tourism and could lead to reduced sales both for the company and the restaurants it serves.

The Company has entered into a factoring arrangement with its lender, American Millennium Investment Corporation. Commencing on October 6, 2003, the company has received a line of credit against pledged receivables in the total amount of \$1,100,000. As of December 31, 2003 the company had drawn down \$805,000. under the factoring agreement. Gelpid Associates LLC, the company's principal lender, agreed to subordinate its first perfected lien position on the company's receivables in order to make the factoring arrangement possible. Gelpid Associates LLC and American Millennium Investment Corporation are related entities.

Management believes that the factoring arrangement will allow the Company to expand at a faster rate, and more broadly, than would have been possible without factoring. The factoring arrangement has allowed the company to compete for larger, national chain restaurant accounts which frequently require terms as long as sixty days for payment. Also, the company can pursue large accounts such as cruise lines and tourist facilities which would otherwise be out of the reach of the company.

OTHER ACTIVITIES

In addition to its consulting services, the Company plans to develop the Company into a holding company through the acquisition of various business operations. In December 2001, the Company entered into an agreement to acquire LBI Properties, Inc. LBI Properties is an early stage real estate holding company.

In addition to the agreement to acquire LBI Properties, the Company entered into an agreement in December 2001 to acquire LBI E Web Communities, Inc. LBI E Web is an Internet related holding company that currently owns the following five domain names: FinanceItOnTheWeb.com (a financial services directory site), Brassbulls.com (a public relations and financial information site), MyEnumber.com (an online address book and one stop Rolodex), Homewaiter.com (a food delivery and information site), and Mimesaro.com (a Spanish food delivery and information site). Brassbulls.com is operational.

RESULTS OF OPERATIONS.

Revenues for the fiscal year ended December 31, 2003 were \$ 11,135,407, from \$ 5,129,759. in revenues for 2002. This increase in revenues was a result of Increases in sales at the J&B Wholesale Produce, Inc. subsidiary of \$ 6,058,648 and a decrease in consulting revenue of \$ 53,000..

Cost of goods sold in 2003 was \$ 9,345,202 compared with \$ 3,931,640 in 2002. Our operating income for 2003 was \$ 102,328.

13

LIQUIDITY AND CAPITAL RESOURCES

As of December 31, 2003, the Company had a stockholder's deficit of \$ 8,999,436.

As of December 2003 the Company had operating income of \$ 16,053 . The Company plans to continue to grow its wholesale Produce business in the J&B subsidiary,. In addition, the Company plans to seek the acquisition of income producing assets in exchange for its securities.

Due to the Company's shareholder's deficiency of \$656,364, the Company's net loss of \$36,364, and the Company's negative cash flow from operations of \$853,518, our auditors, Webb & Company PA, have raised substantial doubt about our Company's ability to continue as a going concern.

Management believes that the Company will derive sufficient cash flow from the J&B Wholesale Produce, Inc. operations to continue as a going concern over the next twelve months. The company was faced with unusual, one-time legal and accounting fees during the integration of the produce company. These expenses are not continuing in nature.

During 2003, downward pressure was exerted on our profit margins for wholesale produce, and on our profitability as a whole, by several different factors which can be enumerated. These factors were:

1. The price of diesel fuel to fuel our produce delivery trucks rose substantially over the course of the year. A shortage of crude oil combined with world political conditions have caused fuel charges to continue to rise. We are constantly reviewing our truck routing to insure that we use fuel efficiently.

2. Our workman's compensation insurance was retrospectively rated by our

Edgar Filing: RAPTOR INVESTMENTS INC - Form 10KSB/A

insurance carrier, and our premiums for this coverage increased. In addition, our carrier added several members of management to the payroll for purposes of computing our premiums. We are in the process of disputing certain of these charges.

3. A major customer, a restaurant chain, required us to upgrade the temperature monitoring systems in our warehouse, which we did. This was a one-time expense which is now behind us.

4. We incurred a one-time expense to upgrade the electrical service to our produce warehouse.

5. We have felt downward pressure on our price structure for produce as a result of considerable competition in the wholesale produce industry in south Florida. As our company grows, larger produce distributors have challenged us on price, and we have had to respond with lower prices. We do not sell any goods to any customer at a loss. We continually seek out better prices for our purchases so that we can continue to be competitive.

There have been no significant changes in the Company's internal controls or in other factors that could significantly affect those controls subsequent to the date on which they performed their evaluation.

On March 1, 2003 the Board of Directors appointed Matthew Lovito and Don A. Paradiso to it's newly-formed audit committee.

The audit committee shall ensure compliance with the Sarbanes-Oxley Act of 2002; address all issues of auditor independence; assess on a regular basis the integrity of the Corporation's financial reporting structures; serve as a conduit of communication between and among the Corporation, the Board, the auditors and the management of the Corporation; appoint, terminate, compensate and oversee the work of the auditors in connection with the annual audit report; have authority to settle any dispute between the auditors and management regarding financial reporting; analyze all of the work performed by the auditors and eliminate any services done by the auditors which may pose a potential conflict of interest; insure audit quality; determine the scope of any non-audit services to be performed by the auditors; and arrange for tax planning advice for the Corporation.

Actual results could differ from those estimates.

The Company maintains cash at financial institutions. The Company, at times maintains cash in banks in excess of FDIC insurance limits. At December 31, 2003, the Company had cash of approximately \$155,000 in excess of FDIC insurance limits.

(E) INVESTMENTS

The Company's investments are comprised of marketable equity securities, all classified as available-for-sale. These investments are carried at their fair value.

Property and equipment are stated at cost, less accumulated depreciation. Depreciation is provided using the straight-line method over the estimated useful life of the assets from three to thirty nine years.

(H) LONG-LIVED ASSETS, GOODWILL AND INTANGIBLE ASSETS

In accordance with SFAS 142 and 144, long-lived assets, goodwill and certain identifiable intangible assets held and used by the Company are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Edgar Filing: RAPTOR INVESTMENTS INC - Form 10KSB/A

Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Under Statement 109, the effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

(J) STOCK-BASED COMPENSATION

Edgar Filing: RAPTOR INVESTMENTS INC - Form 10KSB/A

Share". The effect of common stock equivalents was not used since the effect was antidilutive.

10

(O) NEW ACCOUNTING PRONOUNCEMENTS

In January 2003, the Financial Accounting Standards Board ("FASB") issued FIN No. 46, "Consolidation of Variable Interest Entities, and Interpretation of ARB 51". FIN No. 46 provides guidance on the identification of entities of which control is achieved through means other than voting rights ("variable interest entities" or "VIE's") and how to determine when and which business enterprise should consolidate the VIE (the "Primary Beneficiary"). In addition, FIN No. 46 required that both the Primary Beneficiary and all other enterprises with a significant variable interest in a VIE make additional disclosures. The transitional disclosure requirements of FIN No. 46 are required in all financial statements initially issued after January 31, 2003, if certain conditions are met.

In April 2003, the FASB issued SFAS No. 149, "Amendment of Statement 133 on Derivative Instruments and Hedging Activities". SFAS No. 149 amends and clarifies financial accounting and reporting for derivative instruments, including certain derivative instruments embedded in other contracts (collectively referred to as derivatives) and for hedging activities under SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities". The changes in SFAS No. 149 improve financial reporting by requiring that contracts with comparable characteristics be accounted for similarly. This statement is effective for contracts entered into or modified after June 30, 2003 and all of its provisions should be applied prospectively.

In May 2003, the FASB issued SFAS No. 150, "Accounting For Certain Financial Instruments with Characteristics of both Liabilities and Equity". SFAS No. 150 changes the accounting for certain financial instruments with characteristics of both liabilities and equity that, under previous pronouncements, issuers could account for as equity. The new accounting guidance contained in SFAS No. 150 requires that those instruments be classified as liabilities in the balance sheet.

SFAS No. 150 affects the issuer's accounting for three types of freestanding financial instruments. One type is mandatorily redeemable shares, which the issuing company is obligated to buy back in exchange for cash or other assets. A second type includes put options and forward purchase contracts, which involves instruments that do or may require the issuer to buy back some of its shares in exchange for cash or other assets. The third type of instruments that are liabilities under this Statement is obligations that can be settled with shares, the monetary value of which is fixed, tied solely or predominantly to a variable such as a market index, or varies inversely with the value of the issuer's shares. SFAS No. 150 does not apply to features embedded in a financial instrument that is not a derivative in its entirety.

Most of the provisions of SFAS No. 150 are consistent with the existing definition of liabilities of FASB Concepts Statement No. 6, "Elements of Financial Statements". The remaining provisions of this statement are consistent with the FASB's proposal to revise that definition to

11

Edgar Filing: RAPTOR INVESTMENTS INC - Form 10KSB/A

encompass certain obligations that a reporting entity can or must settle by issuing its own shares. This statement is effective for financial instruments entered into or modified after May 31, 2003 and otherwise shall be effective at the beginning of the first interim period beginning after June 15, 2003.

The adoption of these pronouncements did not have a material effect on the Company's financial position or results of operations.

NOTE 2 INVESTMENTS

The Company's marketable securities are comprised of equity securities, all classified as available-for-sale, which are carried at their fair value based upon quoted market prices of those investments as of December 31, 2003. NOTE 14 SEGMENT INFORMATION

The Company operates in two reportable business segments, Produce and Other. The Company operates the produce segment through its wholly owned subsidiary J&B Wholesale Produce, Inc. ("J&B"). J&B receives its revenues from selling produce wholesale to restaurants and stores. Raptor Investments, Inc., LBI Properties, Inc. and LBI Eweb Communities, Inc. that operate in the Internet Marketing and Real Estate segments, do not meet the quantitative thresholds for a separate reportable segment and are therefore included in the Other segment category. The accounting policies of the segments are the same as described in the summary of significant accounting policies. The Company evaluates segment performance based on income from operations. All intercompany

transactions between segments have been eliminated. As a result, the components of operating loss for one segment may not be comparable to another segment. The following is a summary of the Company's segment information for the periods ended December 31:

NOTE 15 RELATED PARTY TRANSACTIONS

LBI Properties, Inc. and LBI Eweb Communities, Inc. are beneficially owned by the Board of Directors and their beneficiaries (See Notes 1 and 10(A)).

See Notes 6 and 8 for additional related party transactions.

NOTE 16 GOING CONCERN

As reflected in the accompanying financial statements, the Company has a net loss of \$36,364, a negative cash flow from operations of \$853,518 and a stockholders deficiency of \$656,643. These factors raise substantial doubt about its ability to continue as a going concern. The ability of the Company to continue as a going concern is dependent on the Company's ability to raise additional funds and implement its business plan. The financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

Management's plan for the Company in regard to these matters is to continue to grow the produce operations of the business through its J&B Produce subsidiary, which management believes will provide the necessary revenue and earnings to enhance shareholder value. Management intends to focus the business on profitable core customers and reduce marginal costs

Edgar Filing: RAPTOR INVESTMENTS INC - Form 10KSB/A

by expanding its product line and implementing stricter controls. The Company is also actively seeking to refinance its long-term debt on terms more favorable to the Company. Management believes that the actions presently taken to reduce operating costs, increase revenue and obtain refinancing provide for the Company to operate as a going concern.
