Mexico City, September 10, 2003 - DESC, S.A. de C.V. (NYSE: DES; BMV: DESC) signed a letter of intent with Henkel Group to sell the adhesive and waterproofing businesses, of its consumer products division. This transaction could be closed before year end.

The adhesive business products are sold under the Resistol(TM), Resistolito(TM) and Simon(TM) brands. This business produces school and household glues, polyvinyl acetate (white glue), contact and acrylic adhesives, sealants and hot melts (specialized adhesives). These products are sold to various industries and

final consumers including shoe manufacturers, wood and furniture companies, artisans and businesses within the automotive industry.

The waterproofing products are sold under the Fester(TM), Acriton (TM) and Resikon(TM) brands. This segment also produces and sells chemical products for construction including cement additives and construction coatings, which are used in the construction industry and as household maintenance products.

Sales during 2002 in both businesses reached US \$89.4 million representing 4.5% of the consolidated sales for the group. The adhesives and waterproofing businesses are not core for Desc.

This transaction has been approved by Mexico's Federal Antitrust Commission (Comision Federal de Competencia), and once this divestiture is closed, the proceeds will be used principally to strengthen Desc's financial structure and its future performance.

DESC, S.A. DE C.V. (NYSE: DES; BMV: DESC) is one of Mexico's largest industrial groups with sales of approximately US\$ 2.0 billion during 2002 and more than 16,000 employees. Through its subsidiaries, the Company is a leading operator in the Autoparts, Chemical, Food and Real Estate Sectors.
