Item 5. Other Events

On July 25, 2002 the Board of Directors of Esterline Technologies Corporation agreed to discontinue the operations of Esterline's Automation segment. In connection with such discontinuance of operations, Esterline Technologies Corporation (the "Registrant") has engaged investment bankers to assist in the sale of the two operating subsidiaries within the Automation segment, Excellon Automation Co. ("Excellon") and W. A. Whitney Co. ("Whitney").

The Automation segment will be accounted for as a discontinued operation under generally accepted accounting principles ("GAAP"). The Registrant expects to report a \$23 million loss, net of tax, in connection with the discontinuance of the operations of the Automation segment, which includes \$11 million in losses incurred by Registrant during fiscal year 2002 through the third quarter and \$12 million in losses anticipated to be incurred through the date of disposition of the discontinued operations (which includes an anticipated loss on the sale of the net assets of each of Excellon and Whitney). As part of the discontinuance of operations of the Automation segment, the Registrant has adjusted its previous guidance on full fiscal year earnings per share of \$1.00 - \$1.10. Guidance for earnings per share from continuing operations for fiscal year 2002 is now in a range of \$1.30 - \$1.40.

In accordance with GAAP, losses from discontinued operations of the Automation segment will be reported in the statement of operations, net of taxes, below earnings from continuing operations, and all prior period results will be adjusted to reflect the discontinuance.

The Registrant determined to discontinue and sell the Automation segment operations in order to focus fully on pursuing the growth of its core aerospace and defense businesses.

A copy of the Registrant's press release dated July 31, 2002, which describes the foregoing, is filed as Exhibit 99.1 to this report and is incorporated herein by reference.
