Item 2. Acquisition or Disposition of Assets

On August 29, 2002, Armtec Countermeasures Co. ("Armtec"), a Delaware corporation and wholly-owned subsidiary of Esterline Technologies Corporation ("Esterline"), a Delaware corporation, acquired substantially all of the assets used in the business of researching, developing, manufacturing, and supplying radar countermeasure chaff products and infrared decoy flare products and technology (the "Business") of BAE Systems Integrated Defense

Solutions Inc. ("BAE Systems"), a Delaware corporation, pursuant to an Asset Purchase Agreement, dated as of July 12, 2002, by and among Esterline, Armtec and BAE Systems (the "Asset Purchase Agreement").

The assets acquired by Armtec included, among other things, the tangible property, inventory, accounts receivable, customer contracts, intellectual property, equipment, certain space and missile assets, and records, information and other assets related to the Business. BAE Systems utilized these assets at its radar countermeasure chaff production business located in Lillington, North Carolina, and at its aircraft-dispensable flares production business located in East Camden, Arkansas. Armtec generally intends to continue to utilize the assets to be acquired in the transaction in substantially the same manner as they were employed prior to the acquisition.

The total consideration of \$67,500,000 paid by Armtec for the assets was determined through an auction process. Armtec paid the total consideration from Esterline's working capital, and the transaction was accounted for using the purchase method of accounting. The total amount of consideration is subject to a post-closing dollar-for-dollar adjustment based on the actual amount of certain assets and liabilities of BAE Systems on the closing date.

There was no material relationship between either Esterline or Armtec (or any officer, director or affiliate of either Esterline or Armtec, respectively, or any associate of any such officer or director) and BAE Systems.

On July 24, 2002, Esterline filed the Asset Purchase Agreement as Exhibit 2.1 on Form 8-K dated July 12, 2002, which is incorporated into this report by reference. This summary of the provisions of the Asset Purchase Agreement is not complete and is qualified in its entirety by the provisions of the Asset Purchase Agreement. You should refer to Exhibit 2.1 on Form 8-K dated July 12, 2002, for a copy of the actual Asset Purchase Agreement.

The news release issued by Esterline is filed as Exhibit 99.1 to this report, which is incorporated into this report by reference.
