re: RoboGroup T.E.K. Ltd - Amended Immediate Disclosure

As a supplement to the immediate disclosure dated December 23, 2002, by RoboGroup T.E.K. Ltd. (the "Company"), relating to the Company's signing on December 3, 2002 an asset purchase agreement (the "Agreement") with Mentergy Ltd. ("Mentergy") for the purchase of the TrainNet live video broadband interactive learning system. Under the terms of the Agreement, the Company purchased, among other things, proprietary rights in the TrainNet software, the right to use the "TrainNet" brand name, and industrial files and engineering documentation of the assets. The validity of the Agreement was subject to the approval of the district court of Tel-Aviv since Mentergy is in a process of "holding proceedings" under the court's order. Court approval was given on December 19, 2002 and was received by the Company on December 23, 2002.

The consideration for the purchased assets was not substantial in the context of the Company's range of business. The Company views this purchase as another step in expanding its e-learning activities and believes that the combination of the purchased product with the Company's existing and developed products will provide its customers with a unique interactive learning solution.

Very truly yours
