INTL FCSTONE INC.
PROXY STATEMENT
2015 Annual Meeting of Shareholders
GENERAL

The proxy is solicited on behalf of the Board of Directors of INTL FCStone Inc., a Delaware corporation (the "Company"), for use at the annual meeting of shareholders to be held on Thursday, February 26, 2015, at 10:00 a.m. (Eastern Standard Time), or at any adjournment or postponement of the meeting, for the purposes set forth in this proxy statement and in the accompanying Notice of Annual Meeting. The annual meeting will be held on the 6th Floor of 1221 Brickell Avenue, Miami, Florida. The Company intends to mail its Notice of Internet Availability of Proxy Materials and provide access to a website as referenced within its Notice of Internet Availability on or about January 16, 2015 to all shareholders entitled to vote at the annual meeting.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

When and where will the annual meeting take place?

The annual meeting will be held on February 26, 2015 at 10:00 a.m. (Eastern Standard Time), on the 6th Floor of 1221 Brickell Avenue, Miami, Florida.

Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a paper copy of the proxy materials?

The "Notice and Access" rules of the Securities and Exchange Commission (the "SEC") permit us to furnish proxy materials, including this proxy statement and our Annual Report, to our shareholders by providing access to such documents on the Internet instead of mailing printed copies. Most shareholders will receive a Notice of Internet Availability of Proxy Materials (the "Notice") and will not receive printed copies of the proxy materials unless they request them. The Notice will be mailed beginning on or about January 16, 2015. The Notice includes instructions on how you may access and review all of our proxy materials via the Internet. The Notice also includes instructions on how you may vote your shares. If you would like to receive a paper or e-mail copy of our proxy materials, you should follow the instructions in the notice for requesting such materials. Any request to receive proxy materials by mail or e-mail will remain in effect until you revoke it.

Can I vote my shares by filling out and returning the Notice?

No. The Notice identifies the items to be voted on at the Annual Meeting, but you cannot vote by marking the Notice and returning it. The Notice provides instructions on how to vote by Internet or how to request a paper proxy card.

Why did I receive this proxy statement?

You received this proxy statement because you held shares of the Company's common stock on January 2, 2015 (the "Record Date") and are entitled to vote at the annual meeting. The Board of Directors is soliciting your proxy to vote at the meeting.

What am I voting on?

You are being asked to vote on two items:

1. The election of nine Directors (see page 7); and
2. The ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the 2015 fiscal year (see page 24).

How do I vote?

Shareholders of Record

If you are a shareholder of record, there are four ways to vote:

• By toll free telephone at 1-800-652-8683.

• By internet at www.envisionreports.com/INTL

• If you request printed copies of the proxy materials, you may vote by proxy by completing and returning your proxy card in the postage-paid envelope provided by the Company; or

• By voting in person at the meeting.

Street Name Holders

Shares which are held in a brokerage account in the name of the broker are said to be held in "street name."

If your shares are held in street name, you should follow the voting instructions provided by your broker. If you requested printed copies of the proxy materials, you may complete and return a voting instruction card to your broker, or, in many cases, your broker may also allow you to vote via the telephone or Internet. Check your notice from your broker for more information. If you hold your shares in street name and wish to vote at the meeting, you must obtain a legal proxy from your broker and bring that proxy to the meeting.

Regardless of how your shares are registered, if you request printed copies of the proxy materials, complete and properly sign the accompanying proxy card and return it to the address indicated, it will be voted as you direct.

What is the deadline for voting via Internet or telephone?

Internet and telephone voting is available through 11:59 p.m. (Central Standard Time) on Wednesday, February 25, 2015 (the day before the annual meeting).

What are the voting recommendations of the Board of Directors?

The Board of Directors recommends that you vote in the following manner:

1. FOR each of the persons nominated by the Board of Directors to serve as Directors; and
2. FOR the ratification of the appointment of KPMG LLP as independent registered public accounting firm for the 2015 fiscal year.

Unless you give contrary instructions in your proxy, the persons named as proxies will vote your shares in accordance with the recommendations of the Board of Directors.

Will any other matters be voted on?

We do not know of any other matters that will be brought before the shareholders for a vote at the annual meeting. If any other matter is properly brought before the meeting, your proxy would authorize the Chairman and the Chief Executive Officer of the Company to vote on such matters in their discretion.

Who is entitled to vote at the meeting?

Only shareholders of record at the close of business on the Record Date are entitled to receive notice of and to vote at the annual meeting. If you were a shareholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the annual meeting, or any postponement or adjournment of the meeting.

How many votes do I have?

You will have one vote for each share of the Company's common stock that you owned on the Record Date.

How many votes can be cast by all shareholders?

The Company had 18,980,026 outstanding shares of common stock on the Record Date. Each of these shares is entitled to one vote. There is no cumulative voting.

How many votes must be present to hold the meeting?

The holders of a majority of the Company's common stock outstanding on the Record Date must be present at the meeting in person or by proxy to fulfill the quorum requirement necessary to hold the meeting. This means at least 9,490,014 shares must be present in person or by proxy.

If you vote, your shares will be part of the quorum. Abstentions and broker non-votes will also be counted in determining the quorum. A broker non-vote occurs when a bank or broker holding shares in street name submits a proxy that states that the broker does not vote for some or all of the proposals because the broker has not received instructions from the beneficial owners on how to vote on the proposals and does not have discretionary authority to vote in the absence of instructions.

We urge you to vote by proxy even if you plan to attend the meeting so that we will know as soon as possible that a quorum has been achieved.

What vote is required to approve each proposal?

For the election of Directors (Proposal No. 1), the affirmative vote of a plurality of the votes present in person or by proxy and entitled to vote at the meeting is required. A proxy that has properly withheld authority with respect to the election of one or more Directors will not be voted with respect to the Director or Directors indicated, although it will be counted for the purposes of determining whether there is a quorum.

For the ratification of the appointment of KPMG LLP (Proposal No.2), the affirmative vote of a majority of the shares represented in person or by proxy and entitled to vote at the meeting will be required for approval. An abstention with respect to this proposal will be counted for the purposes of determining the number of shares entitled to vote that are present in person or by proxy. Accordingly, an abstention will have the effect of a negative vote.

Can I change my vote?

Yes. If you are stockholder of record, you may change your vote at any time before your proxy is voted at the annual meeting. You can do this in one of three ways. First, you can send a written notice stating that you would like to revoke your proxy. Second, you can submit new proxy instructions either on a new proxy card, by telephone or via the Internet. Third, you can attend the meeting, and vote in person. Your attendance alone will not revoke your proxy. If you have instructed a broker to vote your shares, you must follow directions received from your broker to change those instructions.

Who may attend the annual meeting?

Any person who was a shareholder of the Company on January 2, 2015 may attend the meeting. If you own shares in street name, you should ask your broker or bank for a legal proxy to bring with you to the meeting. If you do not receive the legal proxy in time, bring your most recent brokerage statement so that we can verify your ownership of our stock and admit you to the meeting. However, you will not be able to vote your shares at the meeting without a legal proxy.

What happens if I sign and return the proxy card but do not indicate how to vote on an issue?

If you return a signed proxy card without indicating your vote, your shares will be voted as follows:

FOR each of the nominees for Director named in this proxy statement; and

FOR ratification of the appointment of KPMG LLP as the independent registered public accounting firm for the Company for the 2015 fiscal year.

Who can help answer my questions?

If you are an INTL FCStone Inc. shareholder, and would like additional copies, without charge, of this proxy statement or if you have questions about the annual meeting, including the procedures for voting your shares, you should contact:

THE BOARD OF DIRECTORS AND ITS COMMITTEES

The Company's Board of Directors is responsible for establishing broad corporate policies and for overseeing the overall management of the Company. In addition to considering various matters which require its approval, the Board of Directors provides advice and counsel to, and ultimately monitors the performance of, the Company's senior management.

There are four standing committees of the Board of Directors-the Audit Committee, the Compensation Committee, the Nominating & Governance Committee and the Risk Committee. Committee assignments are re-evaluated annually and approved during the Board meeting that follows the annual meeting of shareholders. The Board of Directors has adopted charters for all of its standing Committees. Copies of these charters can be found on the Company's website at www.intlfcstone.com.

During the fiscal year ended September 30, 2014, the Board of Directors held four meetings. Each Director attended at least 75% of the total number of regular meetings of the Board. In addition, each Director attended at least 75% of the Board committee meetings of which he was a member in 2014.

The Company has adopted a formal policy regarding attendance by members of the Board of Directors at the Company's annual meeting of shareholders and at scheduled meetings of the Board of Directors. This policy is as follows:

Attendance of Directors at Meetings

The Board of Directors currently holds regularly scheduled meetings and calls for special meetings as necessary. Meetings of the Board may be held telephonically. Directors are expected to attend all Board meetings and meetings of the Committees of the Board on which they serve and to spend the time needed and meet as frequently as necessary to properly discharge their duties.

Directors are also expected to attend the annual meeting of shareholders. The Board believes that Director attendance at shareholder meetings is appropriate and can assist Directors in carrying out their duties. When Directors attend shareholder meetings, they are able to hear directly shareholder concerns regarding the Company. It is understood that special circumstances may occasionally prevent a Director from attending a meeting.

All of the Company's current Directors attended the 2014 annual meeting of the shareholders on February 27, 2014.

Audit Committee

The Audit Committee meets at least quarterly with the Company's management and independent accountants to, among other things, review the results of the annual audit and quarterly reviews and discuss the financial statements, select and engage the independent accountants, assess the adequacy of the Company's staff, management performance

and procedures in connection with financial controls and receive and consider the accountants' comments on the Company's internal controls. The members of the Audit Committee during the 2014 fiscal year were: Daryl Henze (Chairman), Bruce Krehbiel and John Radziwill. The Audit Committee met eight times during the 2014 fiscal year.

The Board has determined that at least one member of the Audit Committee who served during the Company's 2014 fiscal year, namely the Chairman of the Committee, Mr. Henze, is an "audit committee financial expert" within the meaning of Item 407(d)(5) of SEC Regulation S-K.

Compensation Committee

The Compensation Committee makes determinations concerning salaries and incentive compensation and otherwise determines compensation levels for the Company's executive officers and other key employees and performs such other functions regarding compensation as the Board may delegate. The members of the Compensation Committee during the 2014 fiscal year were: John M. Fowler (Chairman), John Radziwill and Eric Parthemore. The Compensation Committee met six times during the 2014 fiscal year.

Risk Committee

The Risk Committee meets at least quarterly to oversee the Company's risk management processes. This includes working with Management to determine and assess the Company's philosophy and strategy towards risk management and mitigation. Management is responsible for the day-to-day management of risk under the direction of the Global Head of Risk and the Risk department. Management and the Global Head of Risk reports regularly to the Risk Committee on current and emerging risks and the Company's approach to avoiding and mitigating risk exposure. The Risk Committee reviews the Company's most significant risks and whether Management, including the risk department of the Company, is responding consistently within the Company's overall risk management and mitigation strategy. The members of the Risk Committee during the 2014 fiscal year were: Bruce Krehbiel (Chairman), Daryl Henze and John Fowler. Edward Grzybowski was appointed to the Risk Committee upon his election to the Board. The Risk Committee met five times during the 2014 fiscal year.

Nominating & Governance Committee

The Nominating & Governance Committee reviews and evaluates the effectiveness of the Company's executive development and succession planning processes, and also provides active leadership and oversight of these processes. Additionally, the Nominating & Governance Committee evaluates and recommends nominees for membership on the Company's Board of Directors and its committees and develops and recommends to the Board a set of effective corporate governance policies and procedures.

The members of the Nominating & Governance Committee during the 2014 fiscal year were: Eric Parthemore (Chairman), John M. Fowler and Bruce Krehbiel. The Committee met five times during the 2014 fiscal year.

In September 2005, the Board of Directors adopted a formal policy concerning shareholder recommendations for candidates as nominees to the Board of Directors. The policy has been incorporated into the charter of the Nominating & Governance Committee which is posted on the Company's website. The policy is as follows:

The Nominating & Governance Committee is charged with recommending to the entire board a slate of Director nominees for election at each annual meeting of the shareholders. Candidates for Director nominees are selected for their character, judgment and business experience.

The Committee will consider recommendations from the Company's shareholders when establishing the slate of Director nominees to be submitted to the entire board. Such recommendations will be evaluated by the Committee using the same process and criteria that are used for recommendations received from Directors and executive officers. The Committee will consider issues of diversity, experience, skills, familiarity with ethical and corporate governance issues which the Company faces in the current environment, and other relevant factors. The Committee will make these determinations in the context of the perceived needs of the Company at the time.

Procedures by which Shareholders may submit Nominees for Director

For a shareholder to recommend a Director nominee to the Committee, the shareholder should send the recommendation to the Chairman of the Nominating & Governance Committee, c/o Corporate Secretary, INTL FCStone Inc., 1251 NW Briarcliff Parkway, Suite 800, Kansas City, Missouri 64116. The recommendation should include (a) the name, address and telephone number of the potential nominee; (b) a statement regarding the potential nominee's background, experience, expertise and qualifications; (c) a signed statement from the potential nominee confirming his or her willingness and ability to serve as a Director and abide by the corporate governance policies of the Company (including its Code of Ethics) and his or her availability for a personal interview with the Committee; and (d) evidence establishing that the person making the recommendation is a shareholder of the Company.

Recommendations which comply with the foregoing procedures and which are received by the Corporate Secretary before September 1 in any year will be forwarded to the Chairman of the Nominating & Governance Committee for review and

consideration by the Committee for inclusion in the slate of Director nominees to be recommended to the entire Board for presentation at the annual meeting of shareholders in the following year. In evaluating Director nominees, the Nominating & Governance Committee considers the following factors:

- the appropriate size of the Company's Board of Directors;
- the needs of the Company with respect to the particular talents and experience of its Directors;
- the knowledge, skills and experience of nominees, including experience in commodities and securities markets, business, finance, administration or public service, in light of prevailing business conditions and the knowledge, skills and experience already possessed by other members of the Board;
- familiarity with national and international business matters;
- experience with accounting rules and practices; and
- the desire to balance the considerable benefit of continuity with the periodic injection of the fresh and diverse perspectives provided by new members.

The Nominating & Governance Committee's goal is to assemble a Board of Directors that brings to the Company a variety of perspectives and skills derived from high quality business and professional experience.

Other than the foregoing, there are no stated minimum criteria for Director nominees, although the Nominating & Governance Committee may also consider such other factors as it may deem are in the best interests of the Company and its shareholders. The Nominating & Governance Committee also believes that it is appropriate for certain key members of the Company's management to serve as Directors.

The Nominating & Governance Committee identifies nominees by first evaluating the current members of the Board of Directors who are willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of obtaining a new perspective. If any member of the Board does not wish to continue in service or if the Nominating & Governance Committee or the Board decides not to re-nominate a member for re-election, the Nominating & Governance Committee identifies the desired skills and experience of a new nominee in light of the criteria above. Current members of the Nominating & Governance Committee and Board of Directors are polled for suggestions as to individuals meeting the criteria of the Nominating & Governance Committee. Research may also be performed to identify qualified individuals. In consideration of the growth of the Company and the expanded international scope of the Company, it is anticipated the Company will strive to increase the diversity on the Board of Directors in the future. To date, the Company has not engaged third parties to identify or evaluate potential nominees, although the Company reserves the right in the future to retain a third party search firm, if necessary.

Shareholder Communications with Non-Management Members of the Board

The Company has adopted a formal process for shareholder communications with the independent members of the Board. The policy, which is available on the Company's website, www.intlfcstone.com, is as follows: Interested parties are invited to communicate with the non-management members of the Board by sending correspondence to the non-management members of the Board of Directors, c/o Corporate Secretary, INTL FCStone Inc., 1251 NW Briarcliff Parkway, Suite 800, Kansas City, Missouri 64116 or via e-mail to board@intlfcstone.com. The Corporate Secretary will review all such correspondence and forward to the non-management members of the Board a summary of all such correspondence received during the prior month and copies of all such correspondence that deals with the functions of the Board or committees thereof or that otherwise is determined to require attention of the non-management Directors. Non-management Directors may at any time review the log of all correspondence received by the Company that is addressed to the non-management members of the Board and request copies of any such correspondence. Concerns relating to accounting, internal controls or auditing matters will immediately be brought to the attention of the Chairman of the Audit Committee.

Board Leadership

A substantial majority of the members of the Board of Directors (six of nine) are independent Directors. The four Board committees - Audit, Nominating and Governance, Compensation and Risk - are comprised solely of and chaired by independent Directors; and at each regularly scheduled Board meeting, the non-management Directors meet in executive session without management Directors. The position of Chairman of the Board is separated from

Chief Executive Officer, and the Chairman of the Board position is held by an independent Director.
Board's Role of Risk Oversight

The Risk Committee meets at least quarterly to oversee the Company's risk management processes. This includes working with management to determine and assess the Company's philosophy and strategy towards risk management and mitigation. Management is responsible for the day-to-day management of risk under the direction of the Global Head of Risk and the Risk department. Management and the Global Head of Risk reports regularly to the Risk Committee on current and emerging risks and the Company's approach to avoiding and mitigating risk exposure. The Risk Committee reviews the Company's most significant risks and whether management, including the risk department of the Company, is responding consistently within the Company's overall risk management and mitigation strategy.

The Compensation Committee of the Board monitors the compensation programs of the Company, including reviewing the relationship between the Company's risk management policies and practices and compensation arrangements. Credit losses and trading losses are considered in the calculation of variable compensation of executives and Company revenue producers, and negative balances in one period are carried forward to succeeding periods. The Company periodically changes or adapts its compensation policies to address the specific risk profile of each business unit.

Board and Committee Evaluation

The Nominating & Governance Committee annually reviews and evaluates the performance of the Board of Directors. The Committee surveys all Board members on multiple subject areas, and the survey results are used to evaluate the Board's contribution as a whole and its effectiveness with respect to particular subject areas. Particular attention is given to subject areas which the Committee or Board believes for any reason warrant further attention. The purpose of the review is to increase the effectiveness of the Board, and the results are reviewed with the full Board.

In addition, each committee conducts an annual self-evaluation through the use of a survey completed by the members of each committee. The committee self-evaluations review whether and how well each committee has performed the responsibilities in its charter, whether there are sufficient meetings covering the necessary topics, whether the meeting materials are effective, and other matters. As with the Board evaluation, particular attention is given to subject areas which the particular committee or Board believes for any reason warrant further attention.

Director Education

Continuing director education is provided in conjunction with regular Board meetings and focuses on topics necessary to enable the Board to effectively evaluate issues before the Board. The education takes the form of management and key staff presentations covering timely subjects and topics, along with in-depth reviews of key business units and geographic regions serviced by the Company and its subsidiaries. This education included a session during FY14 on the Company's cyber-security and cyber-risk program.

BOARD MEMBER INDEPENDENCE

The Board of Directors annually determines the independence of Directors based upon a review conducted by the Nominating & Governance Committee and the Board. No Director is considered independent if he is an executive officer or employee of the Company or has a relationship which, in the opinion of the Company's Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a Director.

The Board of Directors has determined that, in its judgment as of the date of this Proxy Statement, each of the Company's Directors, other than Sean O'Connor, Scott Branch and Paul Anderson, is an independent Director within the meaning of Rule 5600 of the NASDAQ Stock Exchange. Accordingly, all of the members of the Audit, Compensation and Nominating & Governance Committees are independent within the meaning of NASDAQ Rule 5600.

EXECUTIVE COMPENSATION - COMPENSATION DISCUSSION AND ANALYSIS

This section contains a discussion of the Company's executive compensation program, including the objectives of the program, the policies underlying the program, the types of compensation provided by the program, and how the Company determined the compensation paid to each named executive officer.

Background

The Company's Compensation Committee has primary responsibility for the design and implementation of the Company's executive compensation program. The Committee directly determines the compensation for the Company's principal executive

officers. The Committee receives recommendations from the Chief Executive Officer regarding the compensation of the President, the Chief Financial Officer, certain executive officers of the Company, certain executive officers of major subsidiaries, and supervises and reviews the compensation for the Company's other executive officers. The salaries for those officers are currently determined by one or more of the Company's principal executive officers. To date, the Compensation Committee has not utilized the services of any compensation consultants, but is evaluating whether it should utilize consultants in the future.

The Compensation Committee has considered the results of the most recent shareholder advisory vote on executive compensation required by Section 14A of the Exchange Act in determining the Company's compensation policies and decisions. In this regard, at the Company's 2014 annual meeting, the shareholders voted on a non-binding resolution to approve the compensation awarded by the Company to the Company's named executive officers ("say-on-pay") as described in the Compensation Discussion & Analysis ("CD&A"), tabular disclosures, and other narrative executive compensation disclosures in the proxy statement for the 2014 annual meeting. At the 2014 annual meeting, approximately 93% of the votes on the say on pay proposal were voted in favor of the proposal. Based on this result, the Compensation Committee has concluded that the Company's shareholders generally support the principal elements of the compensation program adopted by the Compensation Committee. The Committee has relied in part on that conclusion in continuing the principal elements of the compensation program in 2014.

At the 2011 annual meeting, the shareholders voted on a non-binding resolution to determine whether the advisory shareholder vote on say-on-pay should occur every one, two or three years ("say-on-frequency"). Approximately 74% of the votes on the say-on-frequency proposal voted in favor of a vote every three years. Based upon the results of the say-on-pay frequency vote, the Board determined to hold the say-on-pay vote every three years.

For the 2014 fiscal year, the five named executive officers were Sean M. O'Connor, who served as the Chief Executive Officer, Scott J. Branch, who served as the President, William J. Dunaway, who served as the Chief Financial Officer, Philip Smith, Chief Executive Officer of INTL FCStone Ltd and Charles Lyon, Chief Executive Officer of INTL FCStone Securities Inc..

The Company designed its executive compensation program to reflect its vital need to attract and retain executives with specific skills and experience in the various businesses operated by the Company. In this regard, the success of these businesses is directly dependent on the ability of the Company's executives to generate operating income with an appropriate level of risk. The Company competes with larger and better capitalized companies for individuals with the required skills and experience. As a result, the Company must have a compensation program which provides its executives with a competitive level of compensation relative to the compensation available from the Company's competitors.

The Company also designed its executive compensation program to reward executives based on their contribution to the Company's success. The Compensation Committee believes that a compensation program which relies heavily on performance-based compensation will both maximize the efforts of the Company's executives and align the interests of executives with those of shareholders. This form of compensation also allows the Company to compete for talented individuals since it is common in the financial services industry.

Objectives of the Company's Executive Compensation Program

The Company's executive compensation program is designed to meet three principal objectives:

- to provide competitive levels of compensation to attract and retain talented executives,
- to provide compensation which reflects the contribution made by each executive to the Company's success, and
- to encourage long-term service to the Company by awarding equity-based compensation.

Attract and Retain Talented Employees

The Company's success depends on the leadership of senior executives and the skills and experience of its other executives. In order to attract and retain highly capable individuals, the Company needs to ensure that the Company's compensation program provides competitive levels of compensation. Therefore, the Compensation Committee seeks to provide executives with compensation that is similar to the compensation paid by other financial services firms.

Provide Compensation Based on Performance

The Company believes that its continued success requires it to reward individuals based upon their contribution to the Company's success. Accordingly, a substantial portion of each executive's compensation is in the form of bonuses,

which are based on both objective and subjective criteria.

Encourage Long-Term Service through Equity Awards

The Company seeks to encourage long-term service by making equity awards to the Company's executives. In the case of the principal executive officers, the Compensation Committee has elected to award a portion of the executive's bonus in the

form of restricted stock. In the case of other executives, the Compensation Committee offers the executives the right to receive a portion of their bonuses in the form of restricted stock.

What the Executive Compensation Program is Designed to Reward

By linking compensation opportunities to performance of the Company as a whole, the Company believes the Company's compensation program encourages and rewards:

- efforts by each executive to enhance firm-wide productivity and profitability
- entrepreneurial behavior by each executive to maximize long-term equity value in the interest of all shareholders

Elements of Compensation

The Company's executive compensation program provides for the following elements of compensation:

- base salary
- bonus under an established bonus plan with objective criteria
- discretionary bonus based on subjective criteria
- health insurance and similar benefits

Base Salary

The Company pays each executive officer an annual base salary to provide the executive with a predictable level of income and enable the executive to meet living expenses and financial commitments. The Compensation Committee views base salary as a way to provide a non-performance-based element of compensation that is certain and predictable. The Compensation Committee believes the base salaries paid to the Company's executive officers in 2014 were modest compared to other financial service firms.

The annual base salaries for Sean M. O'Connor and Scott J. Branch in 2014 were \$400,000, unchanged since 2010.

The annual base salary for William J. Dunaway was \$275,000. The annual base salaries for Philip Smith and Charles Lyon were \$314,761 and \$150,000, respectively.

Executive Performance Plan

The Company adopted the current Executive Performance Plan (the "EPP") in 2012 to provide bonuses to designated executives based upon objective criteria. The plan's structure satisfies the requirements for performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code so that the compensation is deductible for federal income tax purposes. The EPP permits awards to be paid in cash, restricted stock or a combination of both.

The Company utilizes the EPP to reward the Company's four principal executive officers and three executive officers of wholly-owned subsidiaries. Bonuses paid under the EPP are objective and are based on criteria established by the Company in advance. The Compensation Committee's goal is to utilize bonuses under the EPP as the Company's principal tool for encouraging executives to maximize productivity and profitability. Awards under the plan provide executives with an incentive to focus on aspects of the Company's performance that the Compensation Committee believes are key to the Company's success.

The Compensation Committee administers the EPP and has responsibility for designations of eligible participants and establishing specific "performance targets" for each participant in the plan. The performance targets may be based on one or more of the following business criteria, or on any combination of these criteria:

- increase in share price
- adjusted return on equity
- control of fixed costs
- control of variable costs
- adjusted EBITDA growth

The targets must be established while the performance relative to the target remains substantially uncertain within the meaning of Section 162(m).

With respect to adjusted EBITDA growth, the plan provides that earnings before interest, taxes, depreciation and amortization ("EBITDA") are adjusted for any year as follows: to the extent that any portion of the commodity inventory of the Company and its subsidiaries is valued pursuant to generally accepted accounting principles ("GAAP") at the end of any year at the lower of cost or market value, the EBITDA for such year will be increased by the amount of any unrealized gains which the Company would have recognized in that year if such commodity inventory had

been valued at market in accordance with GAAP.

With respect to adjusted return on equity and adjusted EBITDA growth, the plan generally requires that adjustments be made to return on equity or EBITDA, as the case may be, when determining whether the applicable performance targets have been met, so as to eliminate, in whole or in part, in any manner specified by the Committee at the time the performance targets are established, the gain, loss, income and/or expense resulting from the following items:

- changes in accounting principles that become effective during the performance period;
- extraordinary, unusual or infrequently occurring events reported in the Company's public filings, excluding early extinguishment of debt; and

- the disposal of a business, in whole or in part.

The Committee may, however, provide at the time the performance targets are established that one or more of these adjustments will not be made as to a specific award or awards.

In addition, the Committee may determine at the time the goals are established that other adjustments will be made under the selected business criteria and applicable performance targets to take into account, in whole or in part, in any manner specified by the Committee, any one or more of the following:

- gain or loss from all or certain claims and/or litigation and insurance recoveries;
- the impact of impairment of tangible or intangible asset;
- restructuring activities reported in the Company's public filings; and
- the impact of investments or acquisitions.

Each of these adjustments may relate to the Company as a whole or any part of the Company's business or operations, as determined by the Committee when it establishes the performance targets. The Committee determines the adjustments in accordance with generally accepted accounting principles, unless the Committee designates another objective method of measurement. Finally, adjustments will be made as necessary to any business criteria related to the Company's stock to reflect changes in corporate capitalization, such as stock splits and certain reorganizations. Concurrently with the selection of performance targets, the Committee must establish an objective formula or standard for calculating the maximum bonus payable to each participating executive officer. Under the plan, the maximum bonus for each fiscal year may not exceed \$3,000,000 for any executive.

Over the five-year term of the plan, the maximum per participant amounts are thus \$15,000,000 for each executive.

Notwithstanding this overall maximum, the Committee has sole discretion to determine, pursuant to its "negative discretion," whether to actually pay any of or the entire maximum permissible bonus or to defer payment or vesting of any bonus, subject in each case to the plan's terms and any other written commitment authorized by the Committee.

The Committee may also exercise its negative discretion by establishing additional conditions and terms of payment of bonuses, including the achievement of other financial, strategic or individual goals, which may be objective or subjective, as it deems appropriate. Although the Committee may waive these additional conditions and terms, it may not waive the basic performance target as to the business criterion chosen for any particular period.

Bonuses will be paid in either cash or a combination of cash and restricted stock on a basis to be established by the Committee. In general, restricted stock is a grant of stock that is subject to forfeiture if specified vesting requirements are not satisfied.

If any portion of a bonus is payable in the form of restricted stock, then the restricted stock will be issued to the executive at a discount of 25% to the market value of the Company's common stock (determined as of the date that is 75 days following the end of the applicable performance period, or, if the committee has not determined the bonus by this date, 15 days after the amount of the bonus is determined and certified by the Committee). These shares of restricted stock will vest at the rate of one-third per year on each of the first, second and third anniversaries of the award, all as specified with greater particularity in an award agreement to be entered into in accordance with the Company's Restricted Stock Plan. In its discretion, the Committee may waive these provisions and elect to pay 100% of any bonus payable under the plan, regardless of amount, entirely in cash (for example, in the case of a participant who already holds a substantial number of shares). Likewise, in its discretion, the Committee may alter the vesting period or reduce the discount applicable to any restricted stock award.

In the event sufficient shares are not available pursuant to the Restricted Stock Plan, then the entire bonus will be payable in cash.

The performance plan may from time to time be amended, suspended or terminated, in whole or in part, by the Board of Directors or the Committee, but no amendment will be effective without Board and/or shareholder approval if such approval is required to satisfy the requirements of Section 162(m).

Application of Executive Performance Plan in 2014

For 2014, the Compensation Committee selected Sean M. O'Connor, Scott J. Branch and William J. Dunaway to be participants in the Executive Performance Plan. Four additional executives, including Philip Smith, Chief Executive Officer of subsidiary INTL FCStone Ltd, are also participants in the Executive Performance Plan. The potential bonuses for the participants were based on the following two performance targets: adjusted return on equity and increase in share price. In establishing the adjusted return on equity performance targets for 2014, the Compensation Committee elected to establish the target at each level based upon a premium over the one-year U.S. Treasury Bill rate ("T" in the following table), to be calculated as the average daily rate over the fiscal year, and determined to be 0.1% for 2014. No bonus was to be earned under the Plan unless the adjusted return on equity for 2014 was at least 2.1%. Similarly, the Compensation Committee established the increase in share price minimum target at 8.0%. No bonus was to be earned under the Plan unless the share price increased by at least 8.0%.

The potential bonuses for Messrs. O'Connor and Branch based on these performance targets are set forth in the following table. The potential bonuses for Messrs. Dunaway and Smith were a pro-rata portion of these amounts, based upon targets established by the Compensation Committee.

Discretionary Bonuses

The Company may award discretionary bonuses to its executives based on a subjective evaluation of the executive's performance and the overall performance of the Company. Such awards are independent of the Executive Performance Plan.

In the case of discretionary bonuses awarded to the principal executive officers, the discretionary bonuses are awarded in the form of cash, restricted stock or a combination of both, as determined by the Compensation Committee. The nominal amount of the portion of any bonus which is awarded in the form of restricted stock is issued at a 25% discount to the fair market value of the Company's common stock at the time of the award. The restricted stock vests over a period of three years.

In 2014, the Compensation Committee awarded discretionary bonuses to the seven executive officers covered under the EPP in amounts that the Compensation Committee believed were appropriate in light of each executive's contribution to the Company's performance for the 2014 fiscal year. As described in the following table, the nominal amount of the bonuses for Messrs. O'Connor and Branch were \$400,000, the nominal amount of the bonus for Mr. Dunaway was \$176,000, and the nominal amount of the bonus for Mr. Smith was \$308,000.

In establishing these bonuses, the Compensation Committee noted that the members of the senior management team were responsible for several major accomplishments during 2014 that were not reflected in the criteria utilized in the Executive Performance Plan for 2014. These accomplishments included the following:

- Steady growth of the business during a challenging period for the segment of the financial services sector in which the Company operates.
- Improvement of the Company's securities capabilities through development of internal resources and strategic acquisitions.
- Successful reconfiguration of the management structure within key subsidiaries.
- Merger of the U.K. operations into a single regulated entity.
- Conversion of the Company's U.S. health plan resulting in a zero rate increase for FY 2015.
- Continued increase in customer base and product offerings of the Company, expected to contribute significantly to future profitability.

The Compensation Committee also considered the relatively modest base salaries of the Company's named executive officers, and concluded that the bonus amounts, when added to the base salaries, were generally consistent with the base salaries paid by the Company's principal competitors to their senior executive officers in the form of base salary. For 2014, the Compensation Committee elected to award discretionary bonuses to the executives included within the Executive Performance Plan. The following amounts were awarded to four of the named executive officers:

Discretionary Bonuses

Other Benefits

The Company provides medical, life insurance, disability and other similar benefits to executives and other employees. The Company intends these benefits to be generally competitive to help in the Company's efforts to recruit and retain talented executives. The Company's executives participate in these benefit programs on the same basis as all of the Company's other employees. The Company's executives are also entitled to receive certain compensation in connection with the termination of their employment. See "Employment Agreements" below.

Additional Incentive Compensation

In December 2011, the Compensation Committee elected to award additional incentive compensation to four of the named executive officers. The Committee made these awards in conjunction with its annual review of the compensation program for the Company's executive officers. During this review, the Committee noted that the Company had not granted stock options or similar long-term incentive compensation to the senior executives since 2008. The Committee determined that the Company should periodically make such awards to the senior executive officers to provide them with incentives based upon the long-term success of the Company. The awards consisted of stock options. No subsequent option awards have been made to the named executive officers.

(1) The amounts in this column reflect discretionary cash bonuses awarded to the executive officers (except for Mr. Lyon - see Note 8 below) for services rendered in each fiscal year. In each case these cash bonuses were paid in the following fiscal year.

(2) Stock awards in this column are reported at the aggregate grant date fair value in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 718. Assumptions used in the calculation of these amounts are included in Note 15 in the Company's consolidated financial statements for the fiscal year ended September 30, 2014, as set forth in the Company's Form 10-K for the 2014 fiscal year.

(3) Option awards in this column are reported at the aggregate grant date fair value in accordance with FASB ASC Topic 718. Assumptions used in the calculation of these amounts are included in Note 15 in the Company's consolidated financial statements for the fiscal year ended September 30, 2013, as set forth in the Company's Form 10-K for the 2013 fiscal year. Option awards in fiscal year 2012 consisted of 200,000 shares to Mr. O'Connor and Mr. Branch, and 80,000 shares to Mr. Dunaway. These options vest in equal tranches on each of the fifth, sixth, seventh, eighth and ninth anniversaries of the grant date of December 16, 2011 and expire on December 16, 2021.

(4) The amounts in this column reflect cash bonuses earned by each executive officer in each fiscal year under the Executive Performance Plan. In each case, these bonuses were paid in the following fiscal year.

(5) The amounts in this column only reflect the actuarial increase in the present value of the named executive officer's benefits under the qualified and non-qualified pension plans of FCStone assumed by the Company in connection with the acquisition of FCStone. The increase was determined using interest rate and mortality rate assumptions consistent with those used in the Company's consolidated financial statements and includes amounts which the named executive officer may not currently be entitled to receive because such amounts are not vested.

(6) The amounts in this column represent the dollar amount of matching contributions made by the Company. In the case of Messrs. O'Connor, Branch, Dunaway and Lyon, the amounts represent matching contributions under the Company's 401(k) plan in fiscal years 2014, 2013 and 2012. In the case of Mr. Smith, the amount represents contributions into his U.K. pension plan. The variation between fiscal year matching contributions and calendar year contribution limits is due to contributions made during a fiscal year's first quarter which act as a contribution catch-up for the corresponding calendar year. For 2013, the matching contributions made by the Company under its 401(k) plan for each officer was \$10,937, except for Mr. Dunaway, who had additional matching contributions during fiscal year 2013 for calendar year 2012.

(7) Mr. Smith and Mr. Lyon became named executive officers of the Company as of October 1, 2013 and are members of the Company's Strategy Committee.

(8) Mr. Lyon is Chief Executive Officer of subsidiary INTL FCStone Securities Inc., a U.S. broker-dealer. The cash bonus awarded to Mr. Lyon is based solely upon the performance of subsidiary INTL FCStone Securities Inc. Mr. Lyon does not participate in the Executive Performance Plan.

Pension Plans

On September 30, 2009, the Company assumed the FCStone qualified noncontributory defined benefit pension plan in connection with the acquisition of FCStone. The plan was frozen to new employees prior to the acquisition.

Additionally, prior to the acquisition, the plan was amended to freeze all future benefit accruals, and accordingly no additional benefits accrue for active participants under the plan. The Company's funding policy as it relates to this plan is to fund amounts that are intended to provide for benefits attributed to service to date. Mr. Dunaway is the only named executive officer who is a participant in the plan.

The table below shows the actuarial present value of accumulated benefits payable to Mr. Dunaway, determined using interest rate and mortality rate assumptions consistent with those used in the Company's consolidated financial statements, the number of years of service credited to Mr. Dunaway under the plan, and the payments made during the 2014 fiscal year to Mr. Dunaway.

Name	Plan Name	Number of Years Credited Service (#)	Present Value of Accumulated Benefit (\$)	Payments During Last Fiscal Year (\$)
William J. Dunaway	Qualified noncontributory defined benefit plan	8	61,275	—

Nonqualified Deferred Compensation

On September 30, 2009, the Company assumed the obligations of FCStone under a mutual commitment compensation plan for Mr. Dunaway.

The following table sets forth information with respect to Mr. Dunaway concerning contributions, earnings and distributions under the former FCStone plans in the 2014 fiscal year, as well as the fiscal year-end balances as of September 30, 2014.

Mutual Commitment Compensation Plan. Under the FCStone mutual commitment compensation plan, participants were eligible to receive deferred compensation awards. Deferred compensation was credited to the participant within 60 days after the end of each fiscal year in an amount targeted to equal a percentage of the participant's annual base

salary for such fiscal year. Each contribution to the plan vests after five years. Mr. Dunaway is the only named executive officer who participates in the plan. No awards were made to Mr. Dunaway under the plan in 2014. If Mr. Dunaway leaves the Company due to his total disability, death or retirement, and he is not in violation of his employment agreement, his deferred compensation will continue to vest. If Mr. Dunaway leaves the Company for any other reason, he will be entitled only to the vested portion of his deferred compensation and will lose the right to any unvested amounts.

Employment Agreements

The Company previously entered into employment agreements with Sean M. O'Connor and Scott J. Branch. Those agreements have expired.

Potential Payments upon Change of Control

Messrs. O'Connor, Branch, Dunaway, Smith and Lyon are not entitled to any benefits, including acceleration of equity awards, upon a change in control of the Company.

DIRECTOR COMPENSATION

The Board of Directors has retained the oversight of Director compensation and has not delegated that function to any of its committees. The Board periodically reviews its non-executive Director compensation to determine if any adjustments are necessary for the Company to attract and retain qualified Directors.

For the 2014 fiscal year, the Company's non-executive Directors received the following amounts:

\$70,000 per year for service as a Director.

\$28,000 per year for service as chairman of the Board.

\$15,000 per year for service as vice-chairman of the Board through February 27, 2014, on which date the position was discontinued.

\$10,000 per year for service as chairperson of the Audit Committee.

\$5,000 per year for service as chairperson of the Compensation Committee.

A grant of restricted stock having a fair value of \$30,000.

The compensation to be paid to the Company's non-executive Directors for the 2015 fiscal year is expected to be the same as for 2014.

No Director who serves as an employee of the Company receives compensation for services rendered as a Director.

The Company reimburses non-executive Directors for reasonable out-of-pocket expenses incurred in attending meetings of the Board of Directors or any committee of the Board of Directors. In addition, all non-executive Directors are reimbursed for out-of-pocket expenses incurred in the performance of their services for the Company. The Company also extends coverage to Directors under the Company's directors' and officers' indemnity insurance policies.

During the 2014 fiscal year, each non-executive Director was given the option to participate in the Company's restricted stock program which operates in conjunction with the Restricted Stock Plan. Five of the non-executive Directors, Messrs. Fowler, Henze, Krehbiel, Parthemore and Radziwill, elected to participate fully in fiscal 2014. One of the non-executive Directors, Mr.

Veitia, elected to participate during a portion of fiscal 2014 until his retirement from the Board. Participants in the Restricted Stock Plan were allowed to choose the percentage (10%, 20% or 30%) of their compensation payable to them to be exchanged for shares of restricted stock.

The following chart summarizes the 2014 compensation for the Company's non-executive Directors for the fiscal year ended September 30, 2014.

For additional information, refer to Note 14 to the Company's consolidated financial statements for the fiscal year ended September 30, 2014, set forth in the Company's Form 10-K for the 2014 fiscal year. These amounts reflect the Company's accounting expense for these awards, and do not correspond to the actual value that will be recognized by the named Directors. All non-executive Directors are eligible to participate in the Company's restricted stock program which operates in conjunction with the Restricted Stock Plan. Each non-executive Director may exchange a portion of his Director's fees for shares of restricted stock valued at a discount of 25% to the fair market value on the date of grant.

(2) As of September 30, 2014, the number of shares underlying outstanding stock options and restricted stock held by each of our non-executive Directors were as follows:

Compensation Committee Interlocks and Insider Participation

During our 2014 fiscal year, the members of the Compensation Committee were John M. Fowler (Chairman), Eric Parthemore and John Radziwill. None of the members of our Compensation Committee is currently a company officer or employee, nor have any members of our Compensation Committee ever been an officer or employee of the

Company. There are no Compensation Committee interlocks and no insider participation in compensation decisions that are required to be reported under the SEC's rules and regulations.

PROPOSAL 2 - RATIFICATION OF APPOINTMENT OF INDEPENDENT ACCOUNTANTS

Shareholders are being asked to ratify and approve the appointment of KPMG LLP ("KPMG") as our independent registered public accounting firm for the 2015 fiscal year. The appointment of KPMG was made by the Audit Committee of our Board of Directors. KPMG has served as the Company's independent accounting firm since fiscal year 2010, and served as the independent accounting firm of FCStone Group, Inc. and its predecessor firm since 1980. In connection with the audit of our 2015 fiscal year consolidated financial statements, the Company entered into an engagement agreement with KPMG which sets forth the terms by which KPMG will perform audit services for the Company. That agreement is subject to alternative dispute resolution procedures. The ratification and approval by shareholders of the appointment of KPMG effectively would also be a ratification of that agreement.

Audit services provided by KPMG for our 2014 fiscal year included the examination of the consolidated financial statements of the Company and its subsidiaries and services related to our periodic filings with the SEC. The services provided by KPMG are more fully described in this proxy statement under the captions "Audit Committee Report" and "Independent Auditor Fees."

Representatives of KPMG are expected to be present at the 2015 annual meeting (either in person or by teleconference), will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions.

Shareholder ratification of the appointment of KPMG as the Company's independent registered public accountants is not required by the Company's bylaws or otherwise. However, the Board is submitting the appointment of KPMG to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the appointment, the Audit Committee will reconsider whether or not to retain that firm. Even if the appointment is ratified, the Audit Committee in its discretion may appoint a different independent accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its shareholders.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

AUDIT COMMITTEE REPORT

Audit Committee Report

The role of the Audit Committee is to assist the Board of Directors in its oversight of the Company's financial reporting process. Management has the primary responsibility for the consolidated financial statements and the reporting process, including the system of internal controls. The Company's independent registered public accountants are responsible for auditing the Company's consolidated financial statements and expressing an opinion as to their conformity to accounting principles generally accepted in the United States.

The Audit Committee operates under a written charter approved by the Board, a copy of which may be found on the Company's website, www.intlfcstone.com. The Charter provides, among other things, that the Audit Committee has full authority to engage the independent auditor, independent advisors, and consultants.

In the performance of its oversight function, the Audit Committee has reviewed and discussed with management and the independent accountants the Company's audited consolidated financial statements. The Audit Committee also has discussed with the independent accountants the matters required to be discussed by PCAOB Rule 3200T regarding "Communication with Audit Committees." This review included a discussion with management and the independent auditor of the quality (not merely the acceptability) of the Company's accounting principles, the reasonableness of significant estimates and judgments, and the disclosures in the Company's consolidated financial statements, including the disclosures relating to critical accounting policies. In addition, the Audit Committee has received from the independent accountants the written disclosures and letter required by the applicable requirements of the PCAOB for independent auditor communications with audit committees concerning independence, has discussed with the independent accountants their independence from the Company and its management, and has considered whether the independent accountants' provision of non-audit services to the Company is compatible with maintaining the accountants' independence.

The Audit Committee discussed with the Company's independent accountants the overall scope and plans for their audits. The Audit Committee met with the independent accountants, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting. In addition, the Audit Committee met with the Chief Executive Officer and Chief Financial Officer of the Company to discuss the processes that they have undertaken to evaluate the accuracy and fair presentation of the Company's consolidated financial statements and the effectiveness of the Company's systems of disclosure controls, including the clarity of the disclosures, and procedures and internal control over financial reporting. Based on the reviews and discussions referred to above, the Audit

Committee has recommended to the Board of Directors, and the Board has approved, that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended September 30, 2014 for filing with the Securities and Exchange Commission and appointed KPMG LLP to serve as the Company's independent auditors for 2015.

Respectfully submitted,

THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

Daryl Henze (Chairman)

Bruce Krehbiel

John Radziwill

The Audit Committee report in this proxy statement shall not be deemed incorporated by reference into any other filing by the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

Independent Auditor Fees

KPMG, the Company's independent registered public accountants for the fiscal years ending September 30, 2014 and 2013, performed the review of each of the Company's quarterly reports for the 2014 and 2013 fiscal years and the audit of the Company's consolidated financial statements for the years ended September 30, 2014 and 2013.

The following table sets forth information regarding fees for professional services rendered by KPMG with respect to the 2014 and 2013 fiscal years.

	Fiscal Year 2014	Fiscal Year 2013
Audit Fees (1)	\$2,172,280	\$2,601,478
Audit Related Fees (2)	\$—	\$4,050
Tax Fees (3)	\$4,481	\$30,068
All Other Fees	\$8,119	\$8,068
Total	\$2,184,880	\$2,643,664

(1) Audit Fees consist of fees billed, or expected to be billed, for professional services rendered for the audit of the Company's consolidated annual financial statements and review of the interim consolidated financial statements included in quarterly reports and services normally provided in connection with regulatory filings or engagements.

(2) Audit-Related Fees consist of fees for assurance and related services rendered during the fiscal year that are reasonably related to the performance of the audit or review of the Company's consolidated financial statements and are not reported under "Audit Fees," as well as fees for the audit of a certain employee benefit plan.

(3) Tax Fees consist of fees rendered during the fiscal year for assistance in responding to inquiries with respect to previous tax years during which KPMG acted as the tax preparer.

The Audit Committee's policy is to pre-approve all audit and non-audit services provided by the Company's independent auditor. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. During the 2014 fiscal year, 100% of the audit and non-audit services were pre-approved by the Audit Committee.
