CARMAX GROUP REPORTS RECORD FOURTH QUARTER

AND FISCAL YEAR 2002 SALES

Expects Fourth Quarter CarMax Group Earnings per Share of

Approximately 17 Cents

Richmond, Va., March 6, 2002 - In a separate release, Circuit City Stores, Inc. today reported fourth quarter and fiscal 2002 sales for the company, including record fourth quarter and fiscal 2002 sales for the CarMax Group (NYSE:KMX) and fourth quarter and fiscal 2002 earnings expectations for the CarMax Group.

Total sales for the CarMax Group rose 22 percent for the quarter ended February 28, 2002, to \$779.3 million from \$640.0 million in the same period last year. Comparable store dollar sales rose 23 percent, and comparable store unit sales rose 22 percent. Comparable store used-vehicle dollar sales rose 25 percent, and comparable store used-vehicle unit sales rose 23 percent. Comparable store new-vehicle dollar sales rose 12 percent, and comparable store new-vehicle unit sales rose 11 percent.

For the fiscal year ended February 28, 2002, total sales for the CarMax Group rose 28 percent to \$3.20 billion from \$2.50 billion in the prior year. Comparable store dollar sales rose 28 percent, and comparable store unit sales rose 23 percent. Comparable store used-vehicle dollar sales rose 30 percent, and comparable store used-vehicle unit sales rose 24 percent. Comparable store new-vehicle dollar sales rose 24 percent, and comparable store new-vehicle unit sales rose 21 percent.

"Our fourth quarter sales increase reflects a continuation of the strong used-car unit sales growth we experienced through the first nine months of the fiscal year," said W. Austin Ligon, president of CarMax. "New-car unit growth and used-car unit growth received an above-trend boost in December, as they had in the third quarter, from customers drawn into the market by the new-car manufacturers' zero-percent financing incentives. Once manufacturers largely replaced zero-percent financing with more conventional incentives in early January, our customer-preferred approach to automobile retailing continued to drive used-car unit sales growth for the January and February period in line with the 20 percent level we saw in the first half of the year. Although new-car unit sales declined in January roughly in line with the industry decline, comparable store new-car unit sales grew modestly in February."

Fourth Quarter and Fiscal Year 2002 Earnings Expectations

"We now expect fourth quarter net earnings per CarMax Group share of approximately 17 cents, the top end of the range we had estimated when we increased the fourth quarter earnings expectation on February 6, 2002," said Ligon. "Our comparable store used unit sales growth continues to generate substantial leverage for fixed expenses and corporate overhead, and we have continued to benefit from a lower cost of funds, which has increased the yield spreads for our finance operation. We also were fortunate to experience no major negative effect on sales from winter weather conditions during the fourth quarter." Earnings per share reported for the CarMax Group in the fourth quarter of the prior fiscal year were 7 cents.

"For the fiscal year, we expect earnings per CarMax Group share of approximately 82 cents compared with the prior year's earnings per share of 43 cents," Ligon said. "We plan to announce our sales, earnings and new-store opening expectations for the new fiscal year, fiscal 2003, when the company releases fourth quarter and year-end earnings on April 2, 2002."

The Circuit City Group (NYSE:CC) holds a retained interest in the CarMax Group. CarMax expects that earnings attributed to the Circuit City Group stock will be approximately 6 cents per Circuit City Group share for the fourth quarter compared with 3 cents per share in the same period last year. For the fiscal year, CarMax expects that earnings attributed to the Circuit City Group for the fiscal year ended February 28, 2002, will be approximately 31 cents per Circuit City Group share compared with 17 cents per share in the prior fiscal year.

Split-Off

On February 22, 2002, Circuit City Stores, Inc. (NYSE:CC, KMX) announced that its board of directors has authorized management to initiate a process that would separate its CarMax auto superstore business from the Circuit City consumer electronics business through a tax-free split-off in which CarMax, Inc., presently a wholly owned subsidiary of Circuit City Stores, Inc., would become a separate publicly traded company.

CarMax is the nation's leading specialty retailer of used cars. With headquarters in Richmond, Va., CarMax currently operates 40 retail units in 38 locations, including 35 used-car superstores. CarMax also operates 18 new-car franchises, 15 of which are integrated or co-located with its used-car
