Item 1.01 Entry into a Material Definitive Agreement

On December 17, 2008, an agreement (the “Shipbuilding Contract Amendment”) between the relevant subsidiaries of Eagle Bulk Shipping Inc. (“Eagle Bulk” and, together with the relevant subsidiaries, the “Company”) and Yangzhou Dayang Shipbuilding Co., Ltd. (the “Builder”) amending various shipbuilding contracts between the Company and the Builder became effective.

The Shipbuilding Contract Amendment provides, among other things, as follows:

- Eight shipbuilding contracts between the Company and the Builder are converted into options on the part of the Company. The Company will pay a total of \$440,000 for the conversion of the eight shipbuilding contracts into options.
- The approximately \$47.4 million previously paid by the Company to the Builder on account of these eight shipbuilding contracts is applied to payments in respect of other ships being constructed by the Builder for the Company.
- The delivery date for one of the ships under construction has been rescheduled from September 2009 to November 2010.

The Shipbuilding Contract Amendment became effective upon approval by Eagle Bulk’s Board of Directors and its lenders.

Additionally, on December 17, 2008, Eagle Bulk entered into a Second Amendatory Agreement (the “Credit Facility Amendment”) to its \$1.6 billion revolving credit facility (the “Credit Facility”) with the Royal Bank of Scotland plc, as lead arranger, and certain other lenders. Among other things, the Credit Facility Amendment implements the following modifications to the Credit Facility:

- Amends the amount of the Credit Facility to \$1.35 billion from \$1.6 billion.
- Amends the Minimum Security Value of the Credit Facility to include the aggregate market value of the vessels in Eagle Bulk’s operating fleet and the deposits on its newbuilding contracts.
- Amends the Minimum Security Value clause of the Credit Facility from 130% to 100% of the aggregate principal amount of debt outstanding under the Credit Facility.
- Provides that future dividend payments will be based on Eagle Bulk maintaining a Minimum Security Value of 130%.
- Reduces Minimum Net Worth clause of the Credit Facility from \$300 million to \$75 million for 2009, subject to annual review thereafter.
- Amends the Interest Margin to 1.75% over LIBOR.

The maturity date of the Credit Facility will remain July 2017, and availability will decline pro-rata from July 2012 to a balloon payment of \$717.2 million at maturity.

The Credit Facility Amendment requires the satisfaction of certain post-closing conditions by Eagle Bulk.

As a result, Eagle Bulk expects to incur a one-time cash expenditure of approximately \$0.5 million and one-time non-cash write-off charges of approximately \$5.5 million to fourth quarter 2008 earnings.
