FOR IMMEDIATE RELEASE

Southern Cross Group to Acquire SIPSA Interest in Ultrapetrol

Nassau, Bahamas, July 13, 2014 – The major shareholders of Ultrapetrol (Bahamas) Limited (Nasdaq: ULTR) ("Ultrapetrol" or the "Company"), an industrial transportation company serving marine transportation needs in three markets (River Business, Offshore Supply Business and Ocean Business), entered into a share purchase agreement with respect to the sale of shares of Ultrapetrol and of certain affiliates of the major shareholders between such shareholders. Under the agreement, Sparrow Capital Investments Ltd. ("Sparrow") a subsidiary of Southern Cross Latin America Private Equity Funds III and IV ("Southern Cross"), reached an agreement with Hazels (Bahamas) Investments Inc. ("Hazels") and Inversiones Los Avellanos S.A. ("Los Avellanos"), each a subsidiary of SIPSA S.A ("SIPSA") to purchase all of Hazels' and Los Avellanos' outstanding equity interests in the Company, increasing Southern Cross' interest in the Company from 67% to 85%.

Under the terms of the agreement, Sparrow will acquire from Hazels, Los Avellanos, and certain entities affiliated with them, the rights to 25,326,821 shares of common stock of the Company ("Common Stock"). The price has been agreed at the equivalent of \$4.00 per share of Common Stock. Upon completion of the transaction, the capital of the Company will be comprised exclusively of single voting shares.

The transaction is expected to close in the next 60 days and the agreement sets forth certain customary closing conditions, including having SIPSA and Los Avellanos receive approval from its shareholders for the transaction and the receipt of certain waivers from lenders of Ultrapetrol. The agreement also provides Hazels with the opportunity to offer to purchase Ultrapetrol's Ocean Business for a price to be determined, subject to terms and conditions including the approval of the independent director of Ultrapetrol.

In connection with the transaction, it has been agreed with Felipe Menéndez and Ricardo Menéndez that the Company will terminate their respective employment and consulting agreements upon closing and enter into new employment and consulting agreements. Felipe Menéndez and Ricardo Menéndez will remain with Ultrapetrol as directors. The terms of the new employment and consulting agreements will be for up to six months. The vesting of unvested options and restricted stock awards will be accelerated so that they will be exercisable and vested immediately before the termination of the agreements. Under certain of the Company's existing loan agreements, it will need to receive a waiver from the applicable lender before Messrs. Felipe and Ricardo Menendez leave their management positions with the Company. A new Chief Executive Officer of Ultrapetrol is expected to be appointed effective as of the closing of the transaction.

The Company also announced today that it has appointed Rodrigo Lowndes to its board of directors, effective immediately, following the resignation of Fernando Barros. Mr. Lowndes, a Brazilian national, is a partner with Southern Cross in the Sao Paulo office, and has been with the firm since 2009. Prior to joining Southern Cross, Mr. Lowndes co-founded Emerging Capital, a Brazilian asset management company. Before then, he worked for Morgan Stanley in New York and Brazil where he was President and Head of Investment Banking. He has served on the board of several Southern Cross portfolio companies.

Mr. Horacio Reyser, Chairman of Ultrapetrol and a Southern Cross partner, said "We are pleased to have Mr. Lowndes join the Board and look forward to his contributions to the Company. I would also like to thank Mr. Barros

for his service as a Board member and his dedication to the Company over the years."

Forward-Looking Language

The forward-looking statements in this press release are based upon various assumptions, many of which are based, in turn, upon further assumptions, including without limitation, our management's examination of historical operating trends, data contained in our records and other data available from third parties. Although we believe that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond our control, we cannot assure you that we will achieve or accomplish these expectations, beliefs or projections.

In addition to these important factors, other important factors that, in our view, could cause actual results to differ materially from those discussed in the forward-looking statements include future operating or financial results; pending or recent acquisitions, business strategy and expected capital spending or operating expenses, including dry docking and insurance costs; general market conditions and trends, including charter rates, vessel values, and factors affecting vessel supply and demand; our ability to obtain additional financing; our financial condition and liquidity, including our ability to obtain financing in the future to fund capital expenditures, acquisitions and other general corporate activities; our expectations about the availability of vessels to purchase, the time that it may take to construct new vessels, or vessels' useful lives; our dependence upon the abilities and efforts of our management team; changes in governmental rules and regulations or actions taken by regulatory authorities; adverse weather conditions that can affect production of the goods we transport and navigability of the river system; the highly competitive nature of the oceangoing transportation industry; the loss of one or more key customers; fluctuations in foreign exchange rates and devaluations; potential liability from future litigation; and other factors. Please see our filings with the Securities and Exchange Commission for a more complete discussion of these and other risks and uncertainties.
