Proxy Statement Dated August 25, 2005

This Proxy Statement is furnished to the shareholders of Herman Miller, Inc., in connection with the solicitation by the Board of Directors of proxies to be used at the Annual Meeting of Shareholders. This meeting will be held on Monday, September 26, 2005, at 11 a.m. (EDT) at The Westin Detroit Metropolitan Airport, Tuskegee Room, 2501 Worldgateway Place, Detroit, Michigan.

Solicitation of Proxies

Each shareholder, as an owner of the company, is entitled to vote on matters scheduled to come before the annual meeting. The use of proxies allows a shareholder to be represented at the annual meeting if he or she is unable to attend the meeting in person. The proxy card accompanying this Proxy Statement is to be used for that purpose. Also, you can vote by proxy through the use of telephone or the Internet, as explained on the enclosed proxy card.

If the proxy card is properly executed and returned to the company, the shares represented by the proxy will be voted at the Annual Meeting of Shareholders and at any adjournment of that meeting. Where shareholders specify a choice, the proxy will be voted as specified. If no choice is specified, the shares represented by the proxy will be voted for the election of all nominees named in the proxy and for the proposals described in this Proxy Statement.

A proxy may be revoked prior to its exercise by (i) delivering a written notice of revocation to the Secretary, (ii) executing a proxy at a later date, or (iii) attending the meeting and voting in person. However, attendance at the meeting does not automatically serve to revoke a proxy.

Election of Directors

The Board of Directors has nominated Mary Vermeer Andringa, J. Barry Griswell, Lord Brian Griffiths of Fforestfach, and Brian C. Walker for election as directors, each to serve until the 2008 annual meeting. Each of the nominees previously has been elected as a director by our shareholders except for J. Barry Griswell who was appointed to the Board in July 2004.

The latter portion of this Proxy Statement contains more information about the nominees. Unless otherwise directed by a shareholder's proxy, the people named as proxy voters in the accompanying proxy will vote for the nominees named above. If any of the nominees become unavailable, which is not anticipated, the Board of Directors, at its discretion, may designate substitute nominees, in which event the enclosed proxy will be voted for such substituted nominees. Proxies cannot be voted for a greater number of people than the number of nominees named.

A plurality of the votes cast at the meeting is required to elect the nominees as our directors. Accordingly, the four people who receive the largest number of votes cast at the meeting will be elected as directors. Shares not voted at the meeting, whether by abstention, broker non-vote, or otherwise, will not be treated as votes cast at the meeting.

The Board of Directors recommends a vote FOR the election of all people nominated by the Board.

Proposal to Amend the Company's 1995 Employees' Stock Purchase Plan

On October 5, 1995, the company's shareholders approved adoption of the Herman Miller, Inc., 1995 Employees' Stock Purchase Plan. On September 29, 1998 the company's Board of Directors restated the plan and on May 1, 2001, adopted a First Amendment to the plan. (The restated plan, together with the First Amendment and the proposed amendment, is referred to as the Plan). The Plan is set to terminate on December 4, 2005. The Board of Directors on July 26, 2005, adopted an amendment extending the Plan for an additional ten (10) years, subject to approval by the company's shareholders. The following summary of the Plan is subject to the specific provisions contained in the complete text of the Plan. For convenience a restated Plan containing the amendment is set forth in Appendix I to this Proxy Statement.

A total of 1,000,000 shares were originally reserved for issuance under the Plan. Subsequent to the implementation of the plan, the stock split twice. After factoring in the two stock splits and deducting the number of shares issued, there remained 2,274,065 unissued shares reserved for issuance under the Plan at the end of our fiscal year.

The Board of Directors believes that the opportunity to purchase shares of the company's common stock under the Plan at a discount from market price is important to attract and retain qualified employees who are essential to the success of the company, and that stock ownership is important to providing such persons with incentive to perform in the best interests of the company.

At the annual meeting, the company's shareholders are being asked to consider and approve this amendment to the Plan.

Description of the Employees' Stock Purchase Plan

All active employees of the company and its participating subsidiaries, except certain part-time employees, are eligible to participate in the Plan after completing one year of continuous employment as of the beginning of an Option Period. An Option Period begins on the first day of each fiscal quarter and ends on the last day of the fiscal quarter. No employee is entitled to purchase shares of common stock under the Plan if he or she is or would be, after the purchase, the holder of five percent (5%) or more of the total voting power of the company.

The Plan provides an opportunity for eligible employees to purchase shares of the company's common stock at a price equal to eighty-five percent (85%) of the fair market value of the shares as of the last business day of the Option Period. As long as the company's shares are traded in the over-the-counter market, the fair market value per share will be equal to the closing sale price of the company's common stock as reported by the National Association of Security Dealers Automated Quotation System (NASDAQ) on the applicable purchase date. Eligible employees who have elected to participate may contribute cash to the Plan through equal weekly payroll deductions, by lump sum contributions received 45 days prior to the last day of the Option Period, or both. However, the fair market value of the stock purchases for an employee's account may not exceed \$25,000 during any calendar year. Purchases of shares are made as of the last business day of each fiscal quarter with funds contributed by participating employees during this quarter. A participant may terminate his or her participation at any time prior to his or her last pay date in an Option Period by written notice to the company, but will not be eligible to reenter the Plan for the balance of the company's fiscal year.

Rights under the Plan are not transferable. Any termination of employment, including death and retirement, terminates participation. In addition, the Plan automatically terminates as of December 4, 2005, unless the proposed amendment is adopted or unless the plan is terminated earlier by the Board.

Description of the Employees Stock Purchase Plan (continued)

of Directors. The Board of Directors may amend the Plan at any time, except that it cannot be amended without shareholder approval if the amendment would: (a) increase the maximum number of shares that may be issued under the Plan, (b) decrease the purchase price per share subject to the Plan, (c) withdraw the administration of the Plan from the Committee, (d) change the class of employees eligible to participate under the plan, or (e) render options granted under the Plan unqualified for special tax treatment under the Internal Revenue Code of 1986, as amended (the Code).

Summary of Federal Income Tax Consequences

The Plan is intended to be a qualified Employees Stock Purchase Plan, as defined in Section 423 of the Code. The following paragraph summarizes the consequences of the acquisition and disposition of shares of the company's common stock for federal income tax purposes, based on management's understanding of existing federal income tax laws.

Funds contributed by employees through payroll deductions are a part of current compensation taxable as ordinary income, although not actually received by employees. As of the purchase date, on the last business day of each fiscal quarter, a participating employee will be considered to have been granted an option to purchase shares and to have simultaneously exercised that option with respect to the shares purchased on that date. If the employee does not dispose of such shares for a period of two (2) years after the date of the grant of the option (the Holding Period), upon subsequent disposition of the shares or upon death, the employee will realize compensation, taxable as ordinary income, equal to the lesser of: (a) the amount by which the fair market value of the shares at the time of disposition or death exceeds the option exercise price, or (b) the amount by which the fair market value of the shares at the time the option was granted exceeded the option exercise price. If (b) is the lesser amount, the difference between the fair market value of the shares at the time of disposition or death and the fair market value of the shares at the time the option was granted will be taxed as a capital gain. In the event the Holding Period requirement described above is not met, the amount to be treated as compensation on disposition of the shares by the employee is the difference between the option exercise price and the fair market value of the shares at the time the option is exercised. In the event the Holding Period requirement is not met, the company will be entitled to a deduction for federal income tax purposes equal to the amount recognized as compensation by the employee. In all other events, the company will not be entitled to any deduction for federal income tax purposes with respect to shares to an employee pursuant to exercise of an option granted under the Employee Stock Purchase Plan.

The Board of Directors recommends a vote FOR approval and adoption of the amendment extending the Plan for a period of ten (10) years, until December 4, 2015. The affirmative vote of a majority of the shares present and cast at the Annual Meeting is required to approve and adopt the Plan. Broker non-votes will not be treated as votes cast on the approval of the Plan while shares voted as abstentions will be counted as votes cast. Since a majority of the votes cast is required for approval, the sum of any negative votes and abstentions will necessitate offsetting affirmative votes to approve and adopt the Plan. Unless otherwise directed by marking on the company proxy, the proxy holder's name therein votes for the approval of the Plan.

12 Proposal to Amend the Company's Employees Stock Purchase Plan

Ratification of Appointment of Independent Registered Public Accounting Firm

Our Audit Committee has appointed Ernst & Young LLP (Ernst & Young) as our independent registered public accounting firm for the fiscal year ending June 3, 2006. Representatives of Ernst & Young will be present at the annual meeting of shareholders and available to respond to appropriate questions. The Ernst & Young representatives will have the opportunity to make a statement if they so desire.

Although the submission of this matter for approval by shareholders is not legally required, our Board of Directors believes that such submission follows sound corporate business practice and is in the best interests of our shareholders. If our shareholders do not approve the selection of Ernst & Young, the selection of this firm as our independent registered public accounting firm will be reconsidered by the Audit Committee.

The Board of Directors recommends a vote FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm.

Corporate Governance and Board Matters

Board Governance Guidelines

For many years, our Board of Directors has been committed to sound and effective corporate governance practices. These practices reflect the Board's long-standing philosophy that a proper structure, appropriate policies and procedures, and reflective cultural factors provide the cornerstone to good governance. Last year the Board documented those practices by adopting our Board Governance Guidelines. These Guidelines address director responsibilities, the composition of the Board, required Board meetings and materials, Board committee composition and responsibilities, and other corporate governance matters. Under our Guidelines, a majority of the members of our Board must qualify as independent under the listing standards of the National Association of Securities Dealers (NASD). Our Guidelines also require the Board to have, among other committees, an Audit Committee, Executive Compensation Committee, and a Nominating and Governance Committee, and that each member of those committees qualify as an independent director under the NASD listing standards. Our Board Governance Guidelines, as well as the charters of each of the foregoing committees, are available for review on our website at www.hermanmiller.com/governance.

Code of Conduct

Our Board has adopted a Code of Conduct that applies to all of our employees, officers, and directors. This code also serves as the code of ethics for our CEO and senior financial officers. This code is posted on our website at www.hermanmiller.com/code. Any changes to or waivers of the code must be approved by the Board of Directors and will be disclosed.

Determination of Independence of Board Members

As required by our Board Governance Guidelines, our Board has determined that each of our directors, other than Messrs. Volkema and Walker, qualifies as an Independent Director, as such term is defined in the NASD listing standards, and that none of those directors has a material relationship with Herman Miller. The Board's determination was made as a result of its review of completed individual questionnaires addressing the nature and extent of each member's relationship with the company and taking into consideration the definition of Independent Director under the NASD rules. Our Board also determined that each member of the Audit Committee, Executive Compensation Committee, and Nominating and Corporate Governance Committee meets the independence requirements applicable to those committees as prescribed by the NASD listing standards, and, as to the Audit Committee, the applicable rules of the Securities and Exchange Commission.

Meeting Attendance

Each of our directors is expected to attend all meetings of the Board and applicable committee meetings. They are also encouraged to attend our annual meeting of shareholders. Nine of our directors attended our 2004 Annual Shareholders Meeting. During fiscal 2005, the Board held six meetings; each director attended at least 75 percent of the aggregate number of meetings of our Board and Board committees, which they were expected to attend. Consistent with the requirements of our Guidelines, our Board met in executive sessions, without the presence of management, following the conclusion of each regularly scheduled Board meeting. These meetings were chaired by the Chairman, Mr. Volkema. In addition, following two of the Board Meetings, the independent directors met separately. These meetings were chaired by Mr. Crockett.

Communications with the Board

Shareholders and other parties interested in communicating directly with one or more of our directors may do so by writing to us, c/o Corporate Secretary, 855 East Main Avenue, PO Box 302, Zeeland, Michigan 49464-0302. The Corporate Secretary will forward all relevant correspondence to the director or directors to whom the communication is directed.

Director Nominations

Our Bylaws contain certain procedural requirements applicable to shareholder nominations of directors. Shareholders may nominate a person to serve as a director if they provide written notice to us not later than sixty days prior to the date of that year's annual meeting and, with respect to any special meeting at which a director is to be elected, not later than 10 days after the date of notice of that meeting. The notice must include (1) the name and address of the shareholder who intends to make the nomination and of the person or persons nominated, (2) a representation that the shareholder is a current record holder and will continue to hold those shares through the date of the meeting and intends to appear in person or by proxy at the meeting, (3) a description of all arrangements between the shareholder and each nominee, (4) the information regarding each nominee as would be required to be included in a proxy statement filed under Regulations 14A of the Exchange Act had the nominee been nominated by the Board of Directors, and (5) the consent of each nominee to serve as director.

Our Nominating and Governance Committee is not currently utilizing the services of any third party search firm to assist in the identification or evaluation of board member candidates. However, the committee has in the past, and may in the future, use the services of such a firm as it deems necessary or appropriate.

Our Nominating and Governance Committee is responsible for reviewing the qualifications and independence of the members of the Board. However, it has not established specific, minimum qualifications for director nominees. This committee does assess the experience and background of prospective candidates, including his or her independence. The committee's charter authorizes the committee to consider all factors it considers appropriate, including the candidate's experience and knowledge of our history and culture, as well as his or her experience and background in manufacturing, design, marketing, technology, finance, management structure and philosophy, including his or her experience as a senior executive officer of a public company. In light of these general requirements, our governance committee reviews the suitability of each person nominated to our Board. In the past, through the board evaluation process, the committee has determined whether there were any skills or experience that needed to be added to the Board and used that information to help establish criteria for Board member searches and candidate evaluation. All candidates, by whomever nominated, are evaluated in the same manner and under the same standards.

The Nominating and Governance Committee has not received any recommended nominations from any of our shareholders in connection with our 2005 annual meeting. The nominees who are standing for election as directors at the 2005 annual meeting are incumbent directors recommended by the committee and nominated by the Board.

Compensation of Board Members and Nonemployee Officers

Directors Compensation

Last fiscal year we paid an annual retainer of \$100,000 to directors who were not full-time employees of the company. In addition, a \$5,000 retainer fee was paid to the chairpersons of Board committees. The annual retainer and chairperson fee (if appropriate) is payable by one or more of the following means, as selected by each director: (1) in cash; (2) in shares of our stock valued as of November 15 or January 15 of each year; (3) credit under the Director Deferred Compensation Plan described below, with company common stock units valued as of November 15 of each year; (4) stock options valued as of November 15 of each year under the Black-Scholes Valuation Model; or (5) as a contribution to our company employee scholarship fund.

For the current fiscal year, the compensation and methods of payment will remain the same, except that (a) the annual retainer to Directors will be \$105,000, (b) the annual retainer fee for the Chairman of the Board will be \$295,000, (c) the annual retainer fee for the Chair of the Audit Committee will be \$10,000, and (d) any director who does not meet the stock ownership guideline of \$300,000 of company stock must take at least 50% of his or her fee in one of the permissible forms of equity.

Stock Compensation Plan

We have in effect a Stock Compensation Plan, approved and adopted by our shareholders, under which nonemployee officers and directors may be granted options to purchase shares of our stock if they elect to receive their compensation in stock options. Subject to certain exceptions, the options are not exercisable until 12 months after the date of grant and expire 10 years after the date of the grant. The option price is payable upon exercise in cash or, subject to certain limitations, in shares of our stock already owned by the optionee, or a combination of shares and cash.

Deferred Compensation Plan

We also maintain a Nonemployee Officer and Director Deferred Compensation Stock Purchase Plan. The Plan permits participants to defer receipt of all or a portion of the total annual retainer and Chairman of the Board and committee chair fees to his or her account under the plan expressed in stock units equivalent to shares of our stock.

Stock Ownership Guidelines

Director stock ownership guidelines have been in effect since 1997. These guidelines, like those of the management team, are intended to reinforce the importance of linking shareholder and director interests. Under these guidelines, beginning in 2000, each director is encouraged to reach a minimum level of share ownership at \$300,000 over a five-year period after first becoming a director.

Board Committees

Our Board has four standing committees. Committee responsibilities are detailed in written charters. These charters are available on our Internet website at www.hermanmiller.com/charters. The committees are as follows:

Executive Compensation Committee

We have an Executive Compensation Committee comprised of David O. Ulrich (chair), Mary V. Andringa, and J. Barry Griswell. The Executive Compensation Committee recommends to the Board the annual executive incentive plan and the annual remuneration of our Chief Executive Officer and President, approves the annual remuneration and executive incentive plan for the other executive officers, grants employee stock options, and acts as the administrative committee for our employee stock option and long-term incentive plans. The committee met four times during the last fiscal year.

Nominating and Governance Committee

We have a Nominating and Governance Committee comprised of C. William Pollard (chair), E. David Crockett, and Dorothy A. Terrell. The Nominating and Governance Committee develops and recommends to the Board governance standards and policies. In addition, the committee identifies and recommends to the Board candidates for election to fill vacancies on the Board. The committee met four times during the last fiscal year.

Executive Committee

We have an Executive Committee comprised of Michael A. Volkema (chair), C. William Pollard, Thomas C. Pratt, and David O. Ulrich. The Executive Committee acts from time to time on behalf of the Board in managing our business and affairs (except as limited by law or our Bylaws) and is delegated certain assignments and functions by the Board of Directors. The committee met six times during the last fiscal year.

Audit Committee

We have an Audit Committee comprised of Thomas C. Pratt (chair), Douglas D. French, and James R. Kackley. Mr. Kackley is qualified as and serves as the Audit Committee financial expert within the meaning of the applicable SEC regulations. This Committee, composed entirely of independent directors under the applicable listing standards of the National Association of Securities Dealers (NASD), as well as the requirements of the Sarbanes-Oxley Act of 2002, is responsible for overseeing management's reporting practices and internal controls on behalf of the Board of Directors. The Committee is also responsible for appointing, approving the compensation of, and overseeing our independent registered public accountants. The Audit Committee met nine times during the past fiscal year. In April 2005 the Board of Directors amended the written charter of the Audit Committee. A copy of the amended charter is attached as Appendix II.

Report of the Audit Committee

The Audit Committee's purpose is to oversee the accounting and financial reporting processes of the company, the audits of the company's financial statements and management's assessment of the company's internal controls, the qualifications of the public accounting firm engaged as the company's independent registered public accounting firm, and the performance of the company's internal auditors and independent registered public accounting firm. The Committee's function is more fully described in its charter, which the Board has adopted, and is included as Appendix II to this Proxy Statement. The Committee reviews the charter on an annual basis. The Board annually reviews the NASDAQ listing standards definition of independence for audit committee members and has determined that each member of the Committee meets that standard.

Management is responsible for the preparation, presentation, and integrity of the company's financial statements, accounting and financial reporting principles, internal controls, and procedures designed to ensure compliance with accounting standards, applicable laws, and regulations. The company's independent registered public accounting firm, Ernst & Young, LLP, is responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with U.S. generally accepted accounting principles. Ernst & Young, LLP is also responsible for providing an opinion on the effectiveness of the company's internal control over financial reporting as well as management's assessment thereof.

We have reviewed and discussed with management and Ernst & Young, LLP the company's audited financial statements for the year ended May 28, 2005, management's assessment of the effectiveness of the company's internal controls over financial reporting, and Ernst & Young, LLP's evaluation of the company's internal controls over financial reporting.

We have discussed with Ernst & Young, LLP the matters required to be discussed by Statement on Accounting Standards No. 61, Communication with Audit Committees, as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants.

We have received and reviewed the written disclosures and the letter from Ernst & Young, LLP required by Independence Standard No. 1, Independence Discussions with Audit Committees, as amended, by the Independence Standards Board, and have discussed with Ernst & Young, LLP their independence including a consideration of the compatibility of non-audit services with their independence.

Based on the reviews and discussions referred to above, we recommended to the Board of Directors that the financial statements referred to above be included in the company's Form 10-K Report for the year ended May 28, 2005, and we selected Ernst & Young LLP as the independent auditor for fiscal year 2006. The Board is recommending that shareholders ratify that selection at the annual meeting.

Executive Compensation Committee Report

Committee Structure and Purpose

The Executive Compensation Committee (the Committee) of the Board of Directors is comprised of three directors, each who qualifies as an independent director under NASDAQ's listing requirements. The Committee's primary functions are to oversee the compensation philosophy and strategy of the company and to act as the Administrative Committee for the company's key executive and director compensation plans. During fiscal year 2005, the Committee met four times.

The Committee is responsible for recommendations to the full Board with respect to the annual remuneration of the company's Chairman and the company's President and Chief Executive Officer. This recommendation covers the Chairman's salary and all aspects of the President and Chief Executive Officer's compensation including base salary, incentive pay, and equity-based compensation. The Committee approves the annual remuneration for all other Executive Officers of the company. The Committee also establishes the performance objectives for the annual executive incentive and the equity-based compensation plans, which cover the President and Chief Executive Officer, corporate officers, and executive employees of the company. The company's President and Chief Executive Officer establishes the base salary of all other company executives.

Independent Consultants

The Committee believes that executive compensation should be established with the assistance of independent consultants and based on market data developed and analyzed by the consultants. During fiscal year 2005, the Committee retained several independent consultants to provide advice concerning certain aspects of executive compensation including the compensation of the Chairman, the President and Chief Executive Officer, and of the Section 16 Executive Officers. The independent consultants concluded that the compensation program established for those officers is consistent with the company's compensation philosophy as described below.

The Committee has entered into an agreement with Towers Perrin to provide independent executive compensation services to the Committee. Towers Perrin was retained by and reports directly to the Committee. Towers Perrin services during fiscal 2006 will include ongoing review of all executive compensation at the company including base pay, cash incentive, and long-term incentive.

Compensation Philosophy

The company's compensation philosophy, as formulated by the Committee and endorsed by the Board of Directors, is intended to engender and preserve a sense of equitable risk among employees and shareholders. The compensation programs are designed to allow for an appropriate level of risk and a corresponding compensation reward at a level that bears a relationship to the competitive market. Consistent with this philosophy, a key objective of the Committee is to ensure the design of the Executive Compensation Program will achieve the following objectives:

- Link a material portion of annual compensation directly to operating performance
- Reinforce our values, build corporate community, and focus employees on common goals
- Align the interests of executives with the long-term interests of shareholders
- Attract, motivate, and retain executives of outstanding ability

The Committee believes that the compensation plans described below reflect this philosophy.

Executive Compensation Program

The annual Executive Compensation Program consists of a base salary, an annual bonus opportunity under the Incentive Cash Bonus Plan, and equity awards under the Long-Term Incentive Plan. Recognized salary surveys for executive officers are regularly utilized to insure the company provides market-competitive compensation. As noted, the Committee has engaged Towers Perrin to provide ongoing advice to the Committee on the market competitiveness of the Executive Compensation Program.

Base Salary

The salaries of the company's President and Chief Executive Officer and other executives are established through market matching of external data and then implemented on a performance-based evaluation system. Each executive's performance is evaluated by his or her superior. This evaluation considers the employee's overall performance relative to the achievement of corporate objectives, as well as individual contributions and achievements. The Committee applies the same evaluation principle to the company's President and Chief Executive Officer.

EVA-Based Incentive Compensation

Beginning in fiscal 1997, the incentive compensation plans of corporate officers, vice presidents, and other executives across the company were linked to the EVA concept. At the 1998 Annual Meeting, the company's shareholders approved the company's Incentive Cash Bonus Plan, which utilizes an EVA performance measurement system to determine the amount of annual cash bonus compensation. In 2004, the company received approval from shareholders for the Executive Incentive Cash Bonus Plan, which utilizes an EVA-based calculation as the sole measurement of performance. The Committee approves participants in the plan together with their target incentive payment, expressed as a percentage of their base salary. For fiscal year 2005, based on the EVA performance, participants in the plan received incentive payments amounting to 1.2382 times their individual target. The Committee continues to believe that the utilization of the EVA measurement system, with its focus on maximizing the company's return on capital investments relative to its cost of capital, is an effective means of evaluating and rewarding executive performance.

Executive Stock Ownership Requirements

The Committee believes that significant stock ownership by top management is of critical importance to the ongoing success of the company, since it closely links the interests of key management and company shareholders. Stock ownership requirements apply to the nine members of the Executive Leadership Team for the company. Under these requirements, the President and Chief Executive Officer must own shares of company stock with an aggregate market value of at least six (6) times base salary. The other executives (all direct reports to the CEO) must own shares with an aggregate market value of four (4) times their respective base salaries. All participants must achieve their ownership requirement over a five-year period from the date of their appointment to the position. Ownership for the purpose of the guidelines is defined to include shares owned by the executives, as well as shares held in profit sharing, 401(k), restricted stock and restricted stock units (both vested and unvested), and deferred accounts for his or her benefit. Unexercised stock options are not included in the calculation of an executive's total ownership.

Equity-Based Compensation

The shareholders in 2004 approved the company's Long-Term Incentive Plan. The plan authorizes the company to issue stock, restricted stock, options, restricted stock units, and other forms of equity-based compensation. The three key objectives of the plan are:

To institute a system that would move the Key Executives with ownership requirements toward that target on an annual basis with the opportunity for higher rewards in recognition of exceptional results.

To provide an appropriate level of equity reward to the next level of executives where market data would support their inclusion in an annual equity award plan.

To create a system that would provide broad equity opportunities for selected executives and recognize individual performance.

During fiscal year 2005, the Committee adopted significant changes to the equity-based compensation program that had been historically used. The new program significantly reduces the number of stock options that are to be granted and significantly increases the use of restricted stock units. The program has three tiers of awards. Tier 1 is made up of the CEO and eight key executives who are direct reports to the Chief Executive Officer. Tier 2 consists of 29 other key executives, and Tier 3 encompasses all other executives at Herman Miller.

The plan structure is as follows:

Tier 1 and Tier 2

Annual grants of stock units equal to 50 percent of target long-term incentive value. The restricted stock unit grants will increase or decrease with annual EVA performance with a minimum opportunity of 0.5 and a maximum opportunity of 1.5. The award has a 5-year cliff vest.

Annual premium stock option grant equal to 50 percent of target long-term incentive value. The options have a 10-year term and a 3-year ratable vest. The exercise price is set at fair market value on the date of the grant, plus 10 percent.

Target long-term incentive value for Tier 1 executives is an individual amount as established by the Committee. Target long-term incentive value for Tier 2 executives is the same fixed dollar amount for all participants as established by the Committee.

Tier 3

Annual grants of stock units equal to 20 percent of target long-term incentive value. The award has a 5-year cliff vest.

Annual premium stock option grant equal to 80 percent of target long-term incentive value. The options have a 10-year term and a 3-year ratable vest. The exercise price is set at fair market value, on the date of the grant, plus 10 percent.

Annual grants will be fixed by the Committee to approximately 50 people selected by the Committee at the end of the fiscal year.

The value of the option grants during fiscal year 2005 was determined using the Black-Scholes valuation model.

Retirement Programs

The Committee approved the investment policies of the Profit Sharing, 401(k), and Pension Funds and oversaw the management and performance of the funds and the investment advisors. Those responsibilities have been transferred to the Executive Committee effective for the 2006 fiscal year.

Key Executive Deferred Compensation

The Key Executive Deferred Compensation Plan permits certain key executives, selected by the Committee, to elect to defer a portion of their EVA cash bonus and have it denominated in company stock. The Committee has historically authorized an incentive in the form of a premium denominated in Herman Miller, Inc., common shares equal to 30 percent of the amount deferred up to a maximum of 50 percent of the EVA cash bonus deferred. The Committee believes that this program provides an additional opportunity and incentive for the key executives to increase their ownership level in the company. In 2005, key executives deferred a total of \$484,363 and the company's matching contribution was \$145,308.

1994 Key Executive Stock Purchase Assistance Plan

This Plan was originally adopted to assist executives in attaining their stock ownership requirements. Under the terms of this Plan, loans were made to key executives for the purpose of purchasing company stock. All loans are full recourse loans. Each loan is evidenced by a promissory note from the participating executive and is secured by the shares purchased with the loan proceeds. Each year, executives can earn the repayment of a portion of the principal and interest due on these loans, provided that certain corporate performance goals (EVA) are attained. For fiscal 2005, the Committee approved a 12.382 percent earn-out based on the financial results achieved. Accordingly, principal payments of \$97,074 and interest payments of \$31,072 were earned for fiscal 2005. During the course of the loan, the Plan prohibits participants from earning repayment of more than 80 percent of the original principal amount of any loan, plus interest accrued on the loan, prior to the maturity of the loan. There are loans outstanding to executives totaling \$346,816. No loans under this plan were made in the past five fiscal years, and the Committee will not permit any new loans to be made going forward. Existing loans may be paid in accordance with their prevailing terms, but may not be materially modified.

Change In Control Employment Agreements

The Board of Directors has authorized the Chairman of the Board to offer severance agreements to certain officers to protect against an employee's termination of employment following a change in control. These agreements provide benefits on a basis equivalent to that which existed immediately prior to such change in control. The agreements specify certain payments upon termination of employment or a change in the basis of employment. Under the agreements, the executive is entitled to a lump sum severance payment. In the case of the President and Chief Executive Officer, this payment includes an amount equal to the greater of three times the base salary and target EVA bonus or three times the base salary and average bonus for the last three fiscal years and a gross-up amount, which will in general effectively reimburse the President and Chief Executive Officer for any amounts paid under Federal excise tax.

Change In Control Employment Agreements (continued)

During the fiscal year, the Committee engaged Frederic W. Cook & Co., Inc., to conduct an independent review of the Change in Control agreements and to advise the Committee whether continuation of the agreements is appropriate and to advise the Committee on any changes in the agreements that may be necessary.

Compensation of the Chief Executive Officer

As of July 2004, Brian C. Walker held the role of President and Chief Executive Officer. The following describes the compensation he received in that capacity:

For fiscal 2005, Mr. Walker was paid a base salary of \$457,981 and an executive incentive cash bonus of \$248,241. Mr. Walker's total cash compensation for fiscal 2005 was \$706,222. Mr. Walker elected to donate 5 percent of his total earned 2005 bonus (\$23,642) to the Michael Volkema Scholarship Fund for Children of Herman Miller Employees. In addition, under the Key Executive Deferred Compensation Plan, Mr. Walker elected to defer 50 percent of his earned bonus, after his donation (\$224,559), and have it denominated in Herman Miller common stock. Mr. Walker received a premium on the incentive deferred denominated in Herman Miller common stock equal to 2,110 shares, which vests over a three-year period. Mr. Walker was also entitled to use a company chartered aircraft for both business and personal travel, up to a value of \$150,000 for the fiscal year. Mr. Walker made a number of business trips under this arrangement, but had no personal travel through this program.

In July 2004, to better match Mr. Walker's overall compensation package to competitive market data and to encourage Mr. Walker to remain with the company, the Committee awarded Mr. Walker a long-term incentive grant of 100,000 shares vesting at the end of five years. In June 2005, the Committee granted Mr. Walker 18,709 stock options at a 10% premium strike price over market value with a three-year ratable vest and 6,096 restricted stock units with a five-year cliff vest under the Long-Term Incentive Plan. The Committee believes that the significant ownership position created by these actions will continue the close alignment of Mr. Walker's interests with those of the shareholders.

Deductibility of Compensation

The income tax laws of the United States limit the amount the company may deduct for compensation paid to the company's CEO and the other four most highly paid executives. Certain compensation that qualifies as performance based under IRS guidelines is not subject to this limit. All compensation paid by the company during fiscal 2005 meets the requirements for deductibility.

- (2) Stock Units credited to a participant's account due to the premium percentage are credited to a separate premium account, which vests at the rate of 33-1/3 percent, beginning on the first anniversary of the deferral, and each anniversary thereafter, provided that the participant is employed by us. The Plan allows for accelerated vesting in the event of a participant's death, disability, retirement, change in employment status or termination due to a change in control, as defined in our Plan for Severance Compensation After Hostile Takeover, as amended and restated.

Equity Compensation Plan Information

As noted in the Executive Compensation Committee Report, we maintain certain equity compensation plans under which common stock is authorized for issuance to employees and directors in exchange for services. In addition, we maintain the Nonemployee Officer and Director Stock Option Plan, Employee Stock Option Plan, 2000 Employee Stock Option Plan, Employees' Stock Purchase Plan, and various employee ownership and profit sharing plans under which common stock is authorized for issuance to employees and directors in exchange for services.

Equity Compensation Plan Information (continued)

The 2000 Employee Stock Option Plan is our only equity compensation plan under which common stock is authorized for issuance that has not been approved by our shareholders. Under the 2000 Employee Stock Option Plan, each full- or part-time employee of the company, or any U.S. or Canadian subsidiary, and certain foreign subsidiaries who was not eligible to participate in the 1994 Long-Term Incentive Plan, received a one-time, nontransferable grant of a nonqualified stock option to purchase 100 shares of our common stock, at fair market value of the shares on the grant date. The options were not exercisable until after one year of continuous employment from the grant date and remain exercisable until the earlier of 10 years after the grant date or three months after termination of employment (other than termination due to retirement, disability, or death, which events allow for a longer exercise period). The Board is sensitive to dilution of shareholder interests resulting from the granting of stock options and therefore has allocated the options granted under this plan against the authorized shares available under the 1994 Long-term Incentive Plan.

The following table sets forth certain information regarding the above referenced equity compensation plans as of May 28, 2005.

Plan category	Number of securities to be issued upon exercise of outstanding options warrants and rights(1)	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column(a))
	(a)	(b)	(c)
Equity compensation plans approved by security holders	4,955,242	\$24.41	4,983,290
Equity compensation plans not approved by security holders	427,870	\$27.25	--
Total	5,383,112	\$24.64	4,983,290

(1) We have not granted warrants or rights applicable to this chart.

Pension Plan

We maintain a cash balance retirement income plan under which we credit the account of each eligible participant each quarter with an amount equal to 4 percent of the participant's compensation for the quarter, subject to a maximum annual compensation of \$210,000. Each quarter a participant's cash balance is credited with interest at the 30-year U.S. Treasury security rate, established as of the month of April preceding each plan year, on the previous quarter-end balance. Upon retirement and subject to completion of at least five years of service, participants may be paid the cash balance in a lump sum or in monthly payments for the remaining life of the participant. Under current tax law, annual benefits payable at retirement may not exceed \$170,000.

Other Arrangements

We maintain a Salary Continuation Plan, which provides that an officer's base salary (as shown in the Salary column of the Summary Compensation Table) will be continued for twelve months after termination of the officer's employment. Under this plan, benefits terminate if the officer performs

services for a competitor, and benefits are offset for any noncompetitor payments for services. No benefits are payable under the plan if an officer dies, retires, voluntarily terminates employment, or is terminated for malfeasance.

Shareholder Return Performance Graph

Set forth below is a line graph comparing the yearly percentage change in the cumulative total shareholder return on our common stock with that of the cumulative total return of the Standard & Poor's 500 Stock Index and the NASD Non-Financial Index for the five-year period ended May 28, 2005. The following information is based on an investment of \$100 on June 3, 2000 in our common stock, the Standard & Poor's 500 Stock Index, and the NASD Non-Financial Index, with dividends reinvested.

	2000	2001	2002	2003	2004	2005

Notices of intention to present proposals at the 2006 annual meeting should be addressed to our Corporate Secretary, at our principal executive offices at 855 East Main Avenue, PO Box 302, Zeeland, Michigan 49464-0302.

As of August 25, 2005, no proposals to be presented at the 2005 annual meeting had been received by us.

Under our Bylaws, no business may be brought before an annual shareholder meeting unless it is specified in the notice of the meeting and included in the accompanying proxy materials, or as otherwise brought before the meeting by or at the direction of the Board or by a shareholder entitled to vote who has delivered written notice to us (containing certain information specified in the Bylaws about the shareholder and the proposed action) not less than thirty (30) days prior to the date of the originally scheduled meeting. If less than forty (40) days advance notice of the meeting is given, the notice must be received by us no later than the close of business on the tenth day following the date on which the notice of the scheduled meeting was first mailed to our shareholders.

Appendix I Herman Miller, Inc., 1995 Employees Stock Purchase Plan (As Amended Through September 26, 2005)

1. Purpose

The purpose of the Herman Miller 1995 Employees Stock Purchase Plan (the Plan) is to provide employees of Herman Miller, Inc. (the Company) and the Participating Subsidiaries (as herein defined) with a further inducement to continue their employment with the Company or the Participating Subsidiaries and to encourage such employees to increase their efforts to promote the best interests of the Company by permitting them to purchase shares of common stock, par value \$.20 per share (the Stock) of the Company, at a price less than the market price thereof, under such circumstances that the purchase qualifies as the exercise of an option granted under an employees stock purchase plan, as defined by Section 423 of the Internal Revenue Code of 1986, as amended (the Code). As used herein, the term Company does not include any subsidiaries of the Company. This Plan may be adopted by the board of directors of any corporation which is a member of a controlled group of corporations, within the meaning of Section 1563(a) of the Code, of which the Company is also a member, and upon such adoption and with the approval of the committee described in Section 2, such corporation shall be deemed to be one of the Participating Subsidiaries. The committee described in Section 2, in its discretion, is authorized to approve participation in the Plan by any foreign entity which is a controlled foreign corporation of the Company, within the meaning of Section 957(a) of the Code. Upon adoption by the board of directors of any such controlled foreign corporation and with the approved of the committee described in Section 2, such corporation shall be deemed to be one of the Participating Subsidiaries.

2. Committee to Administer Plan

The Plan shall be administered by a committee appointed by the Board of Directors of the Company (the Committee). The Committee shall consist of not less than three members. The Board of Directors may from time to time remove members from, or add members to, the Committee. Vacancies on the Committee, howsoever caused, shall be filled by the Board of Directors. The Committee may establish from time to time such regulations, provisions and procedures, within the terms of the Plan, as in the opinion of its members may be advisable in the administration of the Plan. The Committee shall keep minutes of its meetings. A majority of the Committee shall constitute a quorum, and the acts of a majority of the members present at any meeting at which a quorum is present, or acts reduced to or approved in writing by a majority of the members of the Committee, shall be the valid acts of the Committee. The interpretation and construction by the Committee of any provisions of the Plan shall be final unless otherwise determined by the Board of Directors. No member of the Board of Directors or the Committee shall be liable for any action or determination made in good faith with respect to the Plan.

3. Eligibility

Participation under the Plan shall be open to all active employees (the Eligible Employees) of the Company or the Participating Subsidiaries except (a) employees who have been continuously employed by the Company or a Participating Subsidiary for less than thirty (30) days at the beginning of an Option Period (as hereinafter defined); (b) employees whose customary employment by the Company or a Participating Subsidiary is less than twenty (20) hours per week; and (c) employees whose customary employment by the Company or a Participating Subsidiary is for not more than five (5) months in a calendar year. No option rights shall be granted under the Plan to any person who is not an Eligible Employee, and no Eligible Employee shall be granted option rights under the Plan (a) if such employee, immediately after receiving the grant of such option rights under the Plan, owns (under the rules of

3. Eligibility (continued)

Sections 423(b)(3) and 424(d) of the Code) stock possessing 5 percent or more of the total combined voting power or value of all classes of stock of the Company or any of its subsidiary corporations (as defined by Section 425(f) of the Code); or (b) which permit such employee to purchase stock under this Plan and any other employees' stock purchase plan of the Company and its subsidiary corporations (as defined by Section 424(f) of the Code) at option prices aggregating more than \$25,000 in any one calendar year, and in no event may such option rights accrue at a rate which exceeds that permitted by Section 423(b)(8) of the Code.

4. Stock Available for Plan

Purchase of Stock pursuant to and on behalf of this Plan for delivery under this Plan may be made out of the Company's presently or hereafter authorized but unissued Stock, or out of shares of Stock now or hereafter held in treasury by the Company, or from outstanding shares of Stock, or partly out of each, as determined by the Committee. The maximum number of shares of Stock which may be purchased under the Plan is 1,000,000 shares, subject, however, to adjustment as hereinafter set forth. In the event the Company shall, at any time after the effective date of the Plan, change its issued Stock into an increased number of shares of Stock, with or without par value, through a Stock dividend or split of shares, or into a decreased number of shares, with or without par value, through a combination of shares, then effective with the record date for such change, the maximum number of shares of Stock which thereafter may be purchased under the Plan shall be the maximum number of shares which, immediately prior to such record date, remained available for purchase under the Plan, proportionately increased, in the case of such Stock dividend or split up of shares, or proportionately decreased in the case of such combination of shares. In the event of any other change affecting Stock, such adjustment shall be made as may be deemed equitable by the Board of Directors to give proper effect to such event.

5. Effective Dates

This Plan shall become effective on December 4, 1995, provided that the Plan has been adopted by the Company's Board of Directors and approved by the shareholders of the Company at a duly called meeting or any adjournment thereof. The first Option Period under the Plan shall commence on December 4, 1995, and end on March 2, 1996. As long as the Plan remains in effect, a new Option Period shall commence on the first day of each fiscal quarter year of the Company and end on the last day of each such fiscal quarter year.

6. Participation

An employee who is a participant in the Herman Miller, Inc. 1987 Employees' Stock Purchase Plan (the "1987 Plan") on December 4, 1995, will automatically participate in this Plan as of such date (a "Participant"). In addition, an employee of the Company or a Participating Subsidiary who is an Eligible Employee at or prior to the first day of any Option Period may become a Participant as of such date by (a) at least ten (10) days prior to such date, completing and forwarding a payroll deduction authorization form (the "Authorization") to the Eligible Employee's appropriate payroll location; and/or (b) at least forty-five (45) days prior to the last day of the Option Period, completing and forwarding a lump sum payment form furnished by the Company accompanied by payment to the Company in the amount of the lump sum to be credited to the Eligible Employee's Purchase Account. The Authorization will direct a regular payroll deduction from the Participant's compensation to be made on each of the Participant's

pay dates occurring during each Option Period in which he or she is a Participant. The term "Authorizations" as used herein includes Authorizations as defined in and filed pursuant to the 1987 Plan. As a condition to participation in the Plan, each Participant agrees with respect to shares of Stock allocated to such Participant's Purchase Account on or after June 3, 2001, not to sell or otherwise dispose of such shares of Stock for a period of twelve (12) consecutive months following the Purchase Date for such shares of Stock, without the prior written consent of the Committee.

7. Payroll Deductions and Lump Sum Payments

The Company and its Participating Subsidiaries will maintain payroll deduction accounts for all of their respective employees who are Participants and who have filed Authorizations for Payroll Deduction. Payments made by Participants, whether by payroll deduction or lump sum payment, shall be credited to the Participant's Stock Purchase Account (the "Purchase Account"). No amounts other than payroll deductions and lump sum payments authorized under this Plan may be credited to a Participant's Purchase Account. A Participant may authorize a payroll deduction in any amount not less than \$5 for each pay date and may make one lump sum payment in any Option Period in any amount not less than \$25. In no event shall payments of any kind for credit to a Purchase Account by or on behalf of any Participant have an aggregate fair market value (determined as of the Purchase Date) of more than \$25,000 in any calendar year. The Committee, in its discretion, may vary the Option Period and the payroll deduction period of Eligible Employees of any Participating Subsidiary which is a foreign controlled corporation of the Company, within the meaning of Section 957(a) of the Code ("Foreign Participating Subsidiary"), in a manner necessary or convenient for participation in the Plan by Eligible Employees of a Participating Subsidiary, and the Committee shall have the authority to establish the terms and conditions of participation in the Plan by Eligible Employees of a Foreign Participating Subsidiary, provided that such terms and conditions are not materially inconsistent with the Plan.

8. Changes in Payroll Deduction

Payroll deductions shall be made for each Participant in accordance with the Participant's Authorization and shall continue until the Participant's participation terminates, the Authorization is revised or the Plan terminates. A Participant may, as of the beginning of any Option Period, increase or decrease the Participant's payroll deduction within the limits specified in Section 7 by filing a new Authorization at least ten (10) days prior to the beginning of such Option Period.

9. Termination of Participation; Withdrawal of Funds

A Participant may for any reason at any time on written notice given to the Company prior to the Participant's last pay date in any Option Period elect to terminate his or her participation in the Plan and permanently draw out the balance accumulated in his or her Purchase Account. Upon any termination by a Participant of participation, he or she shall cease to be a Participant, his or her Authorization shall be revoked insofar as subsequent payroll deductions are concerned, and the amount to his or her credit in his or her Purchase Account, and not payable in respect of the exercise of any option to purchase Stock theretofore granted under the plan, as well as any unauthorized payroll deductions made after such revocation, shall be promptly refunded to the former Participant. An Eligible Employee who has thus terminated participation in the Plan may thereafter begin participation in the Plan again only during the fiscal year of the Company following the fiscal year of the Company in which such termination and withdrawal of funds occurred. Partial withdrawals of funds will not be permitted.

10. Purchase of Shares

Each Participant during each Option Period under this Plan will be granted an option as of the Purchase Date (as herein defined) for the purchase of as many shares of Stock, including partial shares, as may be purchased with the funds in his or her Purchase Account. This election shall be automatically made as provided in this Section unless the Participant terminates participation as provided in Section 9. The purchase price for each share of Stock purchased shall be 85 percent of the fair market value of a share of Stock on the Purchase Date (as herein defined). If such percentage results in a fraction of a cent, the purchase price shall be increased to the next higher full cent. The term Purchase Date shall be the last business day of the Option Period. If, as of each Purchase Date, the Participant's Purchase Account contains funds, the Participant shall be deemed to have exercised an option to purchase shares at the purchase price, the Participant's Purchase Account shall be charged for the amount of the purchase, and an entry shall be made to the Participant's account maintained by the Company's transfer agent. As of each subsequent Purchase Date when funds have again accrued in the Participant's Purchase Account, shares will be purchased in the same manner.

If the Stock continues to be traded in the over-the-counter market and does not become listed upon an established stock exchange, the fair market value per share shall be the closing sale price of the Stock as reported by the National Association of Securities Dealers Automated Quotation System (NASDAQ) on the Purchase Date, or if no closing sale price in the over-the-counter market is reported by NASDAQ for the Purchase Date, then on the next preceding day on which such price is reported. If the Stock becomes listed upon an established stock exchange or exchanges, the fair market value of the Stock for purposes of the Plan shall be deemed to be the closing price of the Stock on such stock exchange or exchanges on the Purchase Date, or if no sale of Stock shall have been made on any stock exchange on that day, on the next preceding day on which there was a sale of such Stock.

11. Registration of Certificates

Shares of Stock may not be sold, registered in certificate form or transferred for a period of twelve (12) months after the Purchase Date. Upon the request of a Participant made more than twelve (12) months after the Purchase Date, a stock certificate representing the full number of shares of Stock owned by such Participant under the Plan shall be issued and delivered to the Participant. Fractional share interests shall be paid in cash to the Participant. Certificates may be registered only in the name of the Participant or the names of the Participant and his or her spouse.

12. Rights on Retirement, Death, or Termination of Employment

In the event of a Participant's retirement, death or termination of employment, no payroll deduction shall be taken from any pay due and owing to a Participant at such time and the balance in the Participant's Purchase Account shall be paid to the Participant or, in the event of the Participant's death, to the Participant's estate.

13. Rights Not Transferable

Rights under this Plan are not transferable by a Participant and are exercisable only by the Participant during his or her lifetime.

14. Application of Funds

All funds received or held by the Company or a Participating Subsidiary under this Plan may be used by the Company or such Participating Subsidiary for any corporate purpose.

15. Amendment of the Plan

The Board of Directors of the Company may at any time, or from time to time, amend this Plan in any respect, except that, without the approval of a majority of the shares of Stock of the Company then issued and outstanding and entitled to vote, no amendment shall be made (a) increasing the number of shares approved for this Plan (other than as provided in Section 4), (b) decreasing the Purchase Price per share, (c) withdrawing the administration of this Plan from the Committee, (d) changing the designation of the class of employees eligible to receive options under the Plan, or (e) which would render options granted under the Plan unqualified for special tax treatment under the Code.

16. Termination of the Plan

Unless sooner terminated as hereinafter provided, this Plan shall terminate on December 4, 2015. The Company may, by action of its Board of Directors, terminate the Plan at any time. Notice of termination shall be given to all then Participants, but any failure to give such notice shall not impair the termination. Upon termination of the Plan, all amounts in Purchase Accounts of Participants shall be promptly refunded.

17. Governmental Regulations

The Company's obligation to sell and deliver Stock under this Plan is subject to the approval of any governmental authority required in connection with the authorization, issuance or sale of such Stock. If at any time shares of Stock deliverable hereunder are required to be registered or qualified under any applicable law, or delivery of such shares is required to be accompanied or preceded by a prospectus or similar circular, delivery of certificates for such shares may be deferred for a reasonable time until such registrations or qualifications are effected or such prospectus or similar circular is available.

3. Monitor the development of the Company's insurance programs, except director and officer insurance, and their adequacy to safeguard against extraordinary liabilities and losses.
4. Perform any other activities consistent with this Charter, the Company's Bylaws and governing law, as the Audit Committee or the Board of Directors deems necessary or appropriate.
