PROXY STATEMENT
2002 Annual Meeting Of Stockholders

Edgar Filing: STORAGENETWORKS INC - Form DEF 14A

To Be Held On May 15, 2002

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of StorageNetworks, Inc. for use at the 2002 Annual Meeting of Stockholders (the "Annual Meeting") to be held on May 15, 2002 at 10:00 a.m., Eastern Standard Time, at the Westin Hotel, 70 Third Avenue, Waltham, Massachusetts 02451 and at any adjournment or postponements of the Annual Meeting.

All proxies will be voted in accordance with the stockholders' instructions contained therein, and if no choice is specified, the proxies will be voted in favor of the matters set forth in the accompanying Notice of Annual Meeting. Any proxy may be revoked by a stockholder at any time before it is exercised by delivery of written revocation to the Secretary of StorageNetworks or by voting in person at the Annual Meeting. Attendance at the Annual Meeting will not itself be deemed to revoke a proxy unless the stockholder gives affirmative notice at the Annual Meeting that the stockholder intends to revoke the proxy and vote in person.

Voting Securities and Votes Required

On March 22, 2002, the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting, there were outstanding and entitled to vote an aggregate of 98,269,414 shares of our common stock, \$.01 par value per share. Each share is entitled to one vote.

Under our by-laws, the holders of a majority of the shares of common stock issued, outstanding and entitled to vote on any matter shall constitute a quorum with respect to that matter at the Annual Meeting. Shares of common stock present in person or represented by proxy (including shares which abstain or do not vote with respect to one or more of the matters presented for stockholder approval) will be counted for purposes of determining whether a quorum is present.

The affirmative vote of the holders of a plurality of the shares of common stock voting on the matter is required for the election of a director. The affirmative vote of the holders of a majority of the shares of common stock voting on the matter is required for the ratification of the selection of Ernst & Young LLP as our independent auditors for the fiscal year ending December 31, 2002 and the approval of each of the other matters, if any, to be voted upon.

Shares which abstain from voting as to a particular matter and shares held in "street name" by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote such shares as to a particular matter, will not be counted as votes in favor of such matter and will also not be counted as votes cast or shares voting on such matter. Accordingly, abstentions and "broker non-votes" will have no effect on the voting of each matter that requires the affirmative vote of a certain percentage of the votes cast or shares voting on a matter.

Our Annual Report for the year ended December 31, 2001 is being mailed to stockholders with this Notice of Annual Meeting and this Proxy Statement on or about April 8, 2002.

A copy of our Annual Report on Form 10-K for the year ended December 31, 2001, as filed with the Securities and Exchange Commission (the "Commission"), except for exhibits, will be furnished without charge to any stockholder upon written request to Erica Smith, StorageNetworks, Inc., 225 Wyman Street, Waltham, Massachusetts 02451. Exhibits will be provided upon request and payment of an appropriate processing fee.

circumstances, including certain circumstances involving an acquisition, merger or change of control of StorageNetworks.

- (2) The potential realizable value is calculated based on the term of the stock option at the time of grant. Stock price appreciation of 5% and 10% is assumed pursuant to rules promulgated by the Securities and Exchange Commission and does not represent our prediction of our future stock price performance. The potential realizable values at 5% and 10% appreciation are calculated by assuming that the exercise price on the date of grant appreciates at the indicated rate for the entire term of the stock option and that the stock option is exercised at the exercise price and sold on the last day of its term at the appreciated price.
- (3) These options were cancelled following the termination of Mr. Fehrstrom's employment in November 2001.

Section 16(a) Beneficial Ownership Reporting Compliance

Based solely on our review of copies of reports filed by all of our executive officers and directors who are required to file reports, referred to as reporting persons, pursuant to Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or inquiries made to certain reporting persons, we believe that during 2001 all filings required to be made by the reporting persons were timely made in accordance with the requirements of the Exchange Act, other than the following: the sale of 50,000 shares of our common stock in two transactions by Mr. Clavin which were reported on a late Form 4 filing; one late Form 4 filing by Mr. Davoli relating to a pro rata distribution to him of 711 shares of our common stock from a limited partnership; and one late Form 4 filing by William Schleyer, a former director, relating to a pro rata distribution to him of 43,988 shares of our common stock from a limited liability corporation.

Compensation Committee Report on Executive Compensation

The Compensation Committee of our board of directors has furnished the following report on executive compensation.

8

The Compensation Committee of StorageNetworks' board of directors, which consists of Messrs. Davoli, Gaal and Lambert, reviews executive salaries, administers StorageNetworks' stock plans and any executive bonus and other executive incentive plans and approves the salaries and other benefits of its executive officers. In addition, the Compensation Committee consults with StorageNetworks regarding its benefit plans and is responsible for reviewing StorageNetworks' overall compensation policies and practices.

Compensation Philosophy

Since StorageNetworks' inception in October 1998, StorageNetworks has sought to attract, retain and reward executive officers primarily through long-term equity incentives in the form of stock options. As such, the salary component of the executive officers' compensation reflected base salary at a lower level and the stock component at a higher level than that of more established companies in similar industries. In 2001, compensation for StorageNetworks' executive officers consisted of base salary and potential bonuses based upon the executive officer's individual performance and the overall performance of StorageNetworks. The executive compensation philosophy is that a significant portion of executive compensation should be tied directly to the performance of StorageNetworks as a whole. By linking compensation to StorageNetworks' business objectives, StorageNetworks believes that a performance-oriented environment is created for its executives and other employees.

StorageNetworks' executive compensation program for 2001 was also intended to align executive and stockholder interests by providing executives with an equity interest in StorageNetworks through the granting of stock options. In general, the size of option grants were recommended by Peter Bell, Chairman of the Board, Chief Executive Officer and President, to the full board or the

Edgar Filing: STORAGENETWORKS INC - Form DEF 14A

Compensation Committee for approval. These recommendations were reviewed on the basis of various factors, including the executive's responsibilities, the executive's past, present and expected contributions to StorageNetworks and current market grants in companies of similar size, market capitalization and industry. The option grant to Mr. Bell during 2001 was determined solely by the Compensation Committee.

Compensation in 2001

Base Salary. Base salaries for fiscal 2001 were, and executive compensation for the upcoming fiscal year will be (except for Mr. Bell and Mr. Miller), set within the range of compensation of executive officers that have comparable qualifications, experience and responsibilities at companies in similar businesses of comparable size and success. The Committee intends to continue to adjust compensation appropriately in order to compete for and retain executives who operate StorageNetworks effectively and to align the interests of its executive officers with the long-term interests of stockholders.

Incentive Bonus. During 2001, the Company's bonus plan was based upon StorageNetworks' overall performance and upon individual performance against individual objectives during the year. In general, fifty percent of an individual's bonus was based on the achievement of individual performance goals and fifty percent was based on StorageNetworks' overall performance. For 2002, executive officers will also be eligible to receive a portion of their annual cash compensation based upon the performance of StorageNetworks, as well as individual performance. The Committee intends to approve an executive bonus plan each year.

Long-Term Incentives. StorageNetworks strongly believes in granting stock options to its executive officers to tie executive officer compensation directly to the long-term success of StorageNetworks and increases in stockholder value. In determining the size of each stock option grant awarded to executive officers in the future, the executive officer's position with StorageNetworks, the executive officer's past performance and the number and price of unvested options then held by the executive officer will be taken into account. Stock options granted to executive officers have an exercise price equal to the fair market value on the date of grant and vest over a four-year period. Vesting of the options of certain executive officers may be accelerated upon a change in control of StorageNetworks and in other limited circumstances. For additional information concerning such accelerated vesting, see "Certain Relationships and Related Party Transactions--Agreements with Executive Officers and Change of Control Provisions."

Chairman and Chief Executive Officer Compensation

Mr. Bell has served as StorageNetworks' Chief Executive Officer and President since October 1998 and as its Chairman of the Board since January 2000. The Compensation Committee determines Mr. Bell's salary based on comparative salaries of chief executive officers of similar companies in similar industries and the overall performance of StorageNetworks. In 2000, Mr. Bell received a salary of \$179,167 and a bonus of \$100,000. During 2001, Mr. Bell received a salary of \$225,000, a bonus of \$100,000, and an option to purchase 250,000 shares of common stock, based primarily upon the significant accomplishments of StorageNetworks during 2000 and 2001, including its successful transition to a public company, its revenue growth, and its achievement of certain profitability metrics. Effective as of February 2002, Mr. Bell and Mr. Miller, StorageNetworks' founders, have elected to forego their base salary for the remainder of the year. Accordingly, they will receive

Edgar Filing: STORAGENETWORKS INC - Form DEF 14A

no further salary during 2002.

Policy on Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), disallows a deduction to public companies for compensation over \$1,000,000 paid to the company's chief executive officer and four most highly compensated executive officers. Qualifying performance-based compensation will not be subject to the deduction limit if certain requirements are met. Having considered the requirements of Section 162(m) of the Code, the Compensation Committee believes that grants made pursuant to StorageNetworks' Amended and Restated 1998 Stock Incentive Plan and 2000 Stock Plan meet such requirements and are, therefore, exempt from the limitations on deductibility. Historically, the compensation of each executive officer has been well below the \$1,000,000 limit. The Compensation Committee's present intention is to structure its stock option grants and certain other equity-based awards in a manner that complies with Section 162(m) of the Code unless the Compensation Committee believes that such compliance would not be in the best interest of StorageNetworks or its stockholders.

Compensation Committee Interlocks and Insider Participation

The current members of the Compensation Committee are Messrs. Davoli, Gaal and Lambert, each of whom served on the Compensation Committee during 2001. No member of the Compensation Committee was at any time during 2001, or formerly, an officer or employee of StorageNetworks or any of our subsidiaries, and no member of the Compensation Committee had any relationship with StorageNetworks requiring disclosure under Item 404 of Regulation S-K under the Exchange Act.

None of our executive officers has served as a director or member of the compensation committee (or other committee serving an equivalent function) of any other entity, one of whose executive officers served as a director of or member of the Compensation Committee.

Report of the Audit Committee of the Board of Directors

The Audit Committee of StorageNetworks' Board of Directors is composed of three members and acts under a written charter first adopted and approved in March 2000. The members of the Audit Committee are independent directors, as defined by its charter and the rules of the Nasdaq National Market. The Audit Committee held six meetings during the fiscal year ended December 31, 2001.

The Audit Committee reviewed StorageNetworks' audited financial statements for the fiscal year ended December 31, 2001 and discussed these financial statements with StorageNetworks' management. Management is responsible for StorageNetworks' financial reporting process, including its system of internal controls, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. StorageNetworks' independent auditors, Ernst & Young LLP, are responsible for performing an independent audit of, and issuing a report on, those financial statements. The Audit Committee is responsible for monitoring and overseeing these processes.

Edgar Filing: STORAGENETWORKS INC - Form DEF 14A

The Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations.

As appropriate, the Audit Committee reviews and evaluates, and discusses with StorageNetworks' management, internal accounting, financial and auditing personnel and the independent auditors, the following:

- . the plan for, and the independent auditors' report on, each audit of StorageNetworks' financial statements;
- . StorageNetworks' financial disclosure documents;
- . management's selection, application and disclosure of critical accounting policies;
- . StorageNetworks' accounting practices, principles, controls or methodologies;
- . significant developments or changes in accounting rules applicable to StorageNetworks; and
- . the adequacy of StorageNetworks' internal controls and accounting, financial and auditing personnel.

Management represented to the Audit Committee that StorageNetworks' financial statements had been prepared in accordance with generally accepted accounting principles.

The Audit Committee also reviewed and discussed the audited financial statements and the matters required by Statement on Auditing Standards No. 61 (Communication with Audit Committees) with Ernst & Young LLP. SAS 61 requires StorageNetworks' independent auditors to discuss with the Audit Committee, among other things, the following:

- . methods to account for significant unusual transactions;
- . the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;
- . the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of those estimates; and
- . disagreements with management over the application of accounting principles, the basis for management's accounting estimates and the disclosures in the financial statements.

The Company's independent auditors also provided the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). Independence Standards Board Standard No. 1 requires auditors annually to disclose in writing all relationships that in the auditor's professional opinion may reasonably be thought to bear on independence, confirm their perceived independence and engage in a discussion of independence. In addition, the Audit Committee discussed with the independent auditors their independence from StorageNetworks. The Audit Committee also considered whether the independent auditors' provision of certain other, non-audit related services to StorageNetworks is compatible with maintaining such auditors' independence.

Based on its discussions with management and the independent auditors, and its review of the representations and information provided by management and the independent auditors, the Audit Committee recommended to the Company's board of directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2001. The Audit Committee and the board of directors have also recommended, subject to stockholder approval, the selection of StorageNetworks' independent auditors.

Comparative Stock Performance

The following graph compares the cumulative total return to stockholders of our common stock for the period from June 30, 2000, the date our common stock was first traded on the Nasdaq National Market, through December 31, 2001, with the cumulative total return over such period of (i) the Nasdaq Stock Market (U.S.) Index and (ii) the S&P Technology Sector Index. The graph assumes the investment of \$100 in our common stock and in each of such indices (and the reinvestment of all dividends). The performance shown is not necessarily indicative of future performance.

Certain Relationships and Related Party Transactions

Stockholder Agreements. In connection with sales of preferred convertible and common stock, StorageNetworks entered into a stockholder rights agreement pursuant to which holders of such preferred stock and common stock are entitled to registration rights with respect to their preferred and common shares. Each of our current directors is a party to the stockholder rights agreement or is affiliated with entities that are or were party to the agreement.

Agreements With Executive Officers and Change of Control Provisions.

In March 1999 StorageNetworks entered into an employment agreement with Paul C. Flanagan. The employment agreement provides for an annual base salary and bonus compensation if certain annual targets are met. If Mr. Flanagan's employment is terminated without cause within one year subsequent to a change of control of the Company, he will continue to receive his base salary until the earlier of 180 days after termination of employment or his commencement of employment with another party. He will also receive a lump sum payment of the portion of his expected annual bonus, prorated for the portion of the calendar year he was employed prior to termination. In August, 2001, StorageNetworks entered into an agreement with Mr. Flanagan whereby certain options granted to Mr. Flanagan in 1999 for an aggregate of 700,000 shares were accelerated and became immediately exercisable, resulting in immediate vesting of 331,250 shares.

All of the stock options granted to Mr. Bell, Mr. Miller and Mr. Clavin, and the remaining options granted to Mr. Flanagan, become exercisable over a four-year period from the date of grant; but upon a merger, consolidation or sale of substantially all of our assets, any then unvested portion of such options becomes immediately exercisable. The unvested portions of the options granted to Mr. Keohane become immediately exercisable if his employment is terminated in certain circumstances within one year of a change of control event.

In August, 2001, we entered into contingent compensation payment agreements with Mr. Bell, Mr. Miller and Mr. Flanagan. Under the terms of these agreements, we will make additional payments (sometimes referred to as gross-up payments) to these executives in the event the executive receives any contingent compensation payments as the result of a change of ownership or control of StorageNetworks. The additional payments will be equal to the amount of excise tax owed by the executive upon receipt of the contingent compensation payment plus the amount necessary to pay all additional taxes attributable to the receipt of the additional payment.

Other Transactions with Stockholders and Related Parties

In June 2000, we entered into a master lease agreement under which we lease certain equipment from Dell Financial Services L.P., an affiliate of one of our former five percent stockholders, Dell USA L.P., and an affiliate of Dell Computer Corporation. As of December 31, 2001, Dell USA L.P. held less than five percent of our common stock. Mr. Lambert, one of our directors, is employed by Dell Computer Corporation. During the year ended December 31, 2001, we leased approximately \$430,111 of equipment under this lease agreement. During the year ended 2001, StorageNetworks purchased approximately \$75,286 of computers and related equipment from Dell Computer Corporation. In May 2000, StorageNetworks entered into an agreement for professional services with Dell Marketing L.P., an affiliate of Dell USA L.P., under which Dell Marketing L.P. may engage StorageNetworks to perform professional services for it or for its customers. During 2001, Dell Marketing L.P. paid StorageNetworks an aggregate

Edgar Filing: STORAGENETWORKS INC - Form DEF 14A

of \$81,337 under this agreement.

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The board of directors has selected Ernst & Young LLP, independent auditors, to audit StorageNetworks' financial statements for the year ending December 31, 2002. Ernst & Young LLP has audited our financial statements for each fiscal year since our inception. Although stockholder approval of the selection of Ernst & Young LLP is not required by law, the board of directors believes that it is advisable to give stockholders an opportunity to ratify this selection. The affirmative vote of holders of a majority of the shares of common stock represented at the meeting is necessary to ratify the selection of Ernst & Young LLP as our independent auditors and the board of directors recommends that the stockholders vote FOR ratification of such selection. In the event of a negative vote, the board of directors will reconsider its selection.

Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting with the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions.

Audit Fees

Ernst & Young LLP billed us an aggregate of \$130,134 for audit-related fees rendered in connection with the audit of our financial statements for the year ended December 31, 2001 and the reviews of the financial statements included in each of our Quarterly Reports on Form 10-Q during 2001.

Financial Information Systems Design and Implementation Fees

Ernst & Young LLP did not perform any professional services in connection with our financial information systems design or implementation, the operation of our information system or the management of our local area network.

All Other Fees

Ernst & Young LLP billed us an aggregate of \$104,681 in fees for other services, primarily for tax advisory fees and fees for services in connection with SEC registration statements rendered to us and our affiliates, for the fiscal year ended December 31, 2001.

Board Recommendation

The board of directors believes that the selection of Ernst & Young LLP as independent auditors for the year ending December 31, 2002 is in the best interests of StorageNetworks and its stockholders and therefore recommends that the stockholders vote FOR this proposal.

OTHER MATTERS

The board of directors does not know of any other matters that may come before the meeting. However, if any other matters are properly presented to the meeting, it is the intention of the persons named in the accompanying proxy to vote, or otherwise act, in accordance with their judgment on such matters.

All costs of solicitation of proxies will be borne by StorageNetworks. In addition to solicitations by mail, StorageNetworks' directors, officers and regular employees, without additional remuneration, may solicit proxies by telephone, telegraph and personal interviews. Brokers, custodians and

fiduciaries will be requested to forward proxy soliciting material to the owners of stock held in their names, and StorageNetworks will reimburse them for their reasonable out-of-pocket expenses incurred in connection with the distribution of proxy materials.

14

Deadline for Submission of Stockholder Proposals for the 2003 Annual Meeting

Proposals of stockholders intended to be presented at the 2003 Annual Meeting pursuant to Rule 14a-8 promulgated under the Exchange Act, must be received by StorageNetworks no later than December 9, 2002 in order that they may be included in the proxy statement and form of proxy relating to that meeting.

In addition, StorageNetworks' by-laws require that StorageNetworks be given advance notice of stockholder nominations for election to StorageNetworks' board of directors and of other business that stockholders wish to present for action at an annual meeting of stockholders (other than matters included in StorageNetworks' proxy statement in accordance with Rule 14a-8). The required notice must be delivered by the stockholder and received by the secretary at the principal executive offices of StorageNetworks (a) no earlier than 90 days before and no later than 70 days before the first anniversary of the preceding year's annual meeting, or (b) if the date of the annual meeting is advanced by more than 20 days or delayed by more than 70 days from the first anniversary date, (i) no earlier than 90 days before the annual meeting and (ii) no later than 70 days before the annual meeting or ten days after the day notice of the annual meeting was mailed or publicly disclosed, whichever occurs first.
