- * If the form is filed by more than one reporting person, *see* Instruction 4(b)(v).
- ** Intentional misstatements or omissions of facts constitute Federal Criminal Violations. *See* 18 U.S.C. 1001 and 15 U.S.C. 78ff(a).
- (1) Shares withheld by the Issuer to satisfy tax liabilities associated with the taxable income on the vesting date of certain restricted stock. Additional shares will be withheld by the Issuer at a later date when the tax liability associated with the payment date is determined.
The number of shares reported is calculated by dividing the total market value of the reporting person's account balance within the Callon Petroleum Company Employee Savings and Protection Plan (401(k) Plan) on the day prior to this Form 4 reporting date by the closing market price per share on that day.
- (2) Performance Stock awarded July 14, 2004. These shares vest in five equal annual installments beginning on July 14, 2005.
The number of shares awarded is conditioned based on the achievement of a specified performance target, based upon the price of Callon's stock, to be calculated on December 31, 2010. If the performance target is achieved, vesting with respect to the awarded shares will occur on 04/18/2011, the third anniversary following the award date.

**ZIX CORPORATION
PROXY STATEMENT FOR THE ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD TUESDAY, JUNE 3, 2008
INFORMATION CONCERNING SOLICITATION AND VOTING**

General

The enclosed proxy is solicited on behalf of our Board of Directors. At the Annual Meeting to be held on Tuesday, June 3, 2008, at 10:00 a.m. (registration to begin at 9:30 a.m.) Central Time, and at any adjournment, continuation or postponement of the Annual Meeting for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Shareholders. The Annual Meeting will be held at Cityplace Conference Center, Turtle Creek I Room, 2711 North Haskell Avenue, Dallas, Texas 75204.

These proxy solicitation materials were first mailed or given to all shareholders entitled to vote at the Annual Meeting on or about April 25, 2008.

Purpose of Annual Meeting

As described above, the purpose of the Annual Meeting is to obtain approval for the proposals described in this Proxy Statement and such other business as may properly come before the Annual Meeting, including any adjournment, continuation, or postponement thereof.

Vote Required

With respect to Proposal One, votes may be cast FOR or WITHHELD from each director nominee. The six nominees receiving the highest number of FOR votes will be elected as directors. This number is called a plurality. Votes that are WITHHELD from any director nominee will be counted in determining whether a quorum has been reached but will not affect the outcome of the vote. Assuming a quorum is present, the affirmative vote of a plurality of the shares of common stock voted and entitled to vote for the election of directors is required for the election of directors. In the election of directors, shareholders are not entitled to cumulate their votes or to vote for a greater number of persons than the number of nominees named in this Proxy Statement.

With respect to Proposal Two, the affirmative vote of a majority of the shares of our common stock represented at the Annual Meeting and entitled to vote on the matter, if a quorum is present, is required to approve each of the Proposals. The same vote is generally required for action on any other matters that may properly come before the Annual Meeting.

Record Date and Shares Outstanding

Only shareholders who owned shares of our common stock at the close of business on April 14, 2008, referred to in this Proxy Statement as the Record Date, are entitled to notice of, and to vote at, the Annual Meeting. As of the Record Date, 62,832,243 shares of our common stock were outstanding and entitled to vote at the Annual Meeting.

Table of Contents

Revocability of Proxies

You may revoke your proxy at any time before it is exercised. Execution of the Proxy will not affect your right to attend the Annual Meeting in person. Revocation may be made prior to the Annual Meeting by written revocation or through a duly executed proxy bearing a later date sent to Zix Corporation, Attention: Ronald A. Woessner, Secretary, 2711 North Haskell Avenue, Suite 2200, LB 36, Dallas, Texas 75204-2960; or your Proxy may be revoked personally at the Annual Meeting by written notice to the Secretary at the Annual Meeting prior to the voting of the Proxy. Any revocation sent to ZixCorp must include the shareholder's name and must be received prior to the Annual Meeting to be effective.

How Your Proxy Will Be Voted

In the absence of specific instructions to the contrary, shares represented by properly executed proxies received by ZixCorp, including unmarked proxies, will be voted to approve the proposals. In addition, if any other matters properly come before the Annual Meeting, it is the intention of the persons named in the enclosed proxy card to vote the shares they represent as directed by the Board of Directors. We have not received notice of any other matters that may properly be presented at the Annual Meeting.

Quorum

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of our common stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting. As there were 62,832,243 shares outstanding and entitled to vote at the Annual Meeting as of the Record Date, we will need at least 31,416,122 shares present in person or by proxy at the Annual Meeting for a quorum to exist.

Dissenters' Rights

Under Texas law, shareholders are not entitled to dissenters' rights with respect to the proposals.

Voting

Tabulation

Votes of shareholders entitled to vote who are present at the Annual Meeting in person or by proxy and abstentions are counted as present or represented at the meeting for purposes of determining whether a quorum exists. For Proposal One, the six nominees receiving the highest number of FOR votes will be elected as directors. The affirmative vote of a majority of the shares of our common stock entitled to vote on the matter and present in person or represented by proxy at the Annual Meeting is required to approve Proposal Two and is generally required for action on any other matters that may properly come before the Annual Meeting.

Abstentions

Abstentions occur when a shareholder entitled to vote and present in person or represented by proxy at the Annual Meeting affirmatively votes to abstain. Votes in abstention are considered present for purposes of calculating a quorum but do not count as a vote FOR or AGAINST any matter. With respect to Proposal One, a WITHHELD vote will not be counted as

Table of Contents

a vote FOR or AGAINST the election of directors and will not affect the outcome of the vote. With respect to Proposal Two, abstentions do not count as a vote FOR or AGAINST the proposal, but they will have the same effect as a negative vote on these proposals because abstentions will be included in tabulations of the shares of common stock entitled to vote for purposes of determining whether Proposal Two has been approved.

Broker Non-Votes

A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have the discretionary voting power with respect to that item and has not received instructions from the beneficial owner. If your shares are held in a brokerage account and you do not vote, your brokerage firm could:

Vote your shares, if permitted by the rules of the New York Stock Exchange; or

Leave your shares unvoted.

Under applicable rules, brokers who hold shares in street name have the authority to vote in favor of Proposal One and Proposal Two if they do not receive contrary voting instructions from beneficial owners. Under applicable law, if a broker has not received voting instructions with respect to certain shares and gives a proxy for those shares, but does not vote the shares on a particular matter, those shares will not affect the outcome of the vote with respect to that matter. In accordance with our Restated Bylaws, such broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, but will not be counted for purposes of determining the number of votes cast with respect to a proposal. Therefore, broker non-votes will not be included in the tabulation of the voting results and will have no effect with respect to the approval of the proposals being considered at the Annual Meeting.

Solicitation of Proxies

This solicitation is being made by mail on behalf of our Board of Directors. We will bear the expense of the preparation, printing and mailing of the enclosed proxy card, Notice of Annual Meeting of Shareholders and this Proxy Statement, and any additional material relating to the Annual Meeting that may be furnished to our shareholders by our Board subsequent to the furnishing of this Proxy Statement. We have engaged Georgeson Shareholder to assist in the solicitation of proxy materials from shareholders at a fee of approximately \$6,500 plus reimbursement of reasonable out-of-pocket expenses. Proxies may also be solicited without additional compensation by our officers or employees by telephone, facsimile transmission, e-mail, or personal interview. We will reimburse banks and brokers who hold shares in their name or custody, or in the name of nominees for others, for their out-of-pocket expenses incurred in forwarding copies of the proxy materials to those persons for whom they hold such shares. To obtain the necessary representation of shareholders at the Annual Meeting, supplementary solicitations may be made by mail, telephone, facsimile transmission, e-mail, or personal interview by our officers or employees, without additional compensation, or selected securities dealers. We anticipate that the cost of such supplementary solicitations, if any, will not be material.

Table of Contents

Shareholders Proposals

If you would like to submit a proposal to be included in next year's annual proxy statement, you must submit your proposal in writing so that we receive it no later than December 26, 2008. We will include your proposal in our next annual proxy statement if it is a proposal that we would be required to include in our proxy statement pursuant to the rules of the SEC. Under Rule 14a-8 of the Exchange Act, proposals of shareholders must conform to certain requirements as to form and may be omitted from the proxy materials in certain circumstances. To avoid unnecessary expenditures of time and money, you are urged to review this rule and, if questions arise, consult legal counsel prior to submitting a proposal to us.

The SEC rules also establish a different deadline for submission of shareholder proposals that are not intended to be included in our next annual proxy statement. If a shareholder intends to submit a proposal at the next annual meeting of shareholders and the proposal is not intended to be included in our proxy statement relating to such meeting, the shareholder must give us proper notice no later than March 6, 2009. Even if the proper notice is received on or prior to March 6, 2009, the proxies named in management's proxy for that annual meeting of stockholders may nevertheless exercise their discretionary authority with respect to such matter by advising stockholders of such proposal and how they intend to exercise their discretion to vote on such matter, unless the stockholder making the proposal solicits proxies with respect to the proposal to the extent required by Rule 14a-4(c)(2) under the Securities Exchange Act of 1934, as amended.

All notices of proposals, whether or not to be included in our proxy materials, should be directed to our Secretary, Ronald A. Woessner, at our principal executive offices at 2711 North Haskell Avenue, Suite 2200, LB 36, Dallas, Texas 75204-2960.

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries (*e.g.*, brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more shareholders sharing the same address by delivering a single proxy statement addressed to those shareholders and enclosing separate proxy cards for each shareholder. This process, which is commonly referred to as "householding," potentially eliminates some duplicative mailings to shareholders and reduces our mailing costs.

For this Annual Meeting, a number of brokers with account holders who are shareholders of ZixCorp will be "householding" our proxy materials. A single proxy statement will be delivered to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. We will undertake to deliver promptly upon written or oral request, a separate copy of this proxy statement and accompanying annual report, to any security holder at a shared address to which a single copy of the documents was delivered. Please direct your request to Zix Corporation, Attention: Ronald A. Woessner, Secretary, 2711 North Haskell Avenue, Suite 2200, LB 36, Dallas, Texas 75204-2960 or contact Ronald A. Woessner at (214) 370-2000. Furthermore, if, at any time in the future, you no longer wish to participate in "householding" and would prefer to receive a separate proxy statement and annual report, please so advise your broker, and send a copy of the communication to Zix Corporation, Attention: Ronald A. Woessner, Secretary, 2711 North Haskell Avenue, Suite 2200, LB 36, Dallas, Texas 75204-2960 or contact Ronald A. Woessner at (214) 370-2000. Shareholders who currently receive multiple copies of the proxy statement at their address and would like to request "householding" of their communications should contact their broker.

**PROPOSAL ONE
ELECTION OF DIRECTORS**

We will vote on the election of six members of our Board of Directors at the Annual Meeting. Each director will serve until the next annual meeting of shareholders and until the director's successor is duly elected and qualified, unless earlier removed in accordance with our Restated Bylaws. Officers serve at the discretion of our Board of Directors.

The nominees for election to our Board are Robert C. Hausmann, Charles N. Kahn III, James S. Marston, Antonio R. Sanchez III, Paul E. Schlosberg, and Richard D. Spurr.

Name	Principal Occupation	Director Since
Robert C. Hausmann	Consultant	November 2005
Charles N. Kahn III	President, American Federation of Hospitals	June 2005
James S. Marston	Private Investor	September 1991
Antonio R. Sanchez III	President, Sanchez Oil & Gas Corporation	May 2003
Paul E. Schlosberg	Chairman and Chief Executive Officer, INCA Group LLC	June 2005
Richard D. Spurr	Chairman, Chief Executive Officer and President, Zix Corporation	May 2005

For biographical and other information regarding the nominees for director, please *see* **OTHER INFORMATION YOU NEED TO MAKE AN INFORMED DECISION - Directors, Executive Officers, and Significant Employees** below. For information on our directors' compensation, *see* **COMPENSATION OF DIRECTORS AND EXECUTIVE OFFICERS** below.

Each of the persons nominated for election to our Board of Directors has agreed to stand for election. However, should any nominee become unable or unwilling to accept nomination or election, no person will be substituted in his stead. The Board of Directors, in accordance with our Restated Bylaws, may by resolution reduce the number of members of our Board of Directors accordingly. Our Board of Directors has no reason to believe that any of the nominees will be unable or unwilling to serve if elected, and to the knowledge of the Board, each of the nominees intends to serve the entire term for which election is sought.

OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR EACH OF THE NOMINEES FOR DIRECTOR SET FORTH ABOVE.

**PROPOSAL TWO
RATIFICATION OF APPOINTMENT OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTANTS**

The Audit Committee of the Board has appointed Whitley Penn LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2008. Services provided to the Company and its subsidiaries by Whitley Penn LLP in fiscal 2007 are described under **INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS** below.

We are asking our shareholders to ratify the selection of Whitley Penn LLP as our independent registered public accounting firm. Although ratification is not required by our Restated Bylaws or otherwise, the Board is submitting the selection of Whitley Penn LLP to our shareholders for ratification as a matter of good corporate practice.

Representatives of Whitley Penn LLP will be present at the annual meeting to respond to appropriate questions and to make such statements as they may desire.

The affirmative vote of a majority of the shares of our common stock entitled to vote on the matter and present in person or represented by proxy at the Annual Meeting is required to approve Proposal Two. Abstentions will be counted as represented and entitled to vote and will, therefore, have the effect of a negative vote.

OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR RATIFICATION OF THE APPOINTMENT OF WHITLEY PENN LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL 2008.

In the event shareholders do not ratify the appointment, the appointment will be reconsidered by the Audit Committee and the Board. Even if the selection is ratified, the Audit Committee in its discretion may select a different registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our shareholders and otherwise complies with all regulations of the Securities and Exchange Commission regarding a change in registered public accounting firm.

James S. Marston was elected to our Board in September 1991. From September 1987 through February 1998, Mr. Marston served as a Senior, or Executive, Vice President and the Chief Information Officer of APL Limited, a U.S.-based intermodal shipping company. Between 1986 and 1987, Mr. Marston served as President of AMR Technical Training Division, AMR Corporation. From 1982 until 1986, he was Vice President of Data Processing and Communications for American Airlines, in which position he was in charge of the Sabre reservations system and related technologies.

Russell J. Morgan has served as Vice President, Client Services since joining our company in September 2002. From February 1997 until August 2002, he worked at Entrust, Inc. where he held a variety of senior management positions, including director, professional services and senior director, Entrust.net. At Entrust, Mr. Morgan was responsible for founding and building the professional services organization and building and operating a WebTrust certified secure data center for issuing digital certificates to business customers. Prior to February 1997, Mr. Morgan held a number of key management positions at Lockheed Martin, where he specialized in secure messaging and military command and control systems. Mr. Morgan is a professional engineer with over 20 years experience in delivering customer-focused technology solutions.

David J. Robertson has served as Vice President, Engineering since joining our company in March 2002. Mr. Robertson has over 25 years of experience in the Internet and Telecommunications industries, with specific expertise in hosted network architecture, electronic security, communication protocols, software systems and wireless infrastructure. Over the course of a 20-year tenure with Nortel Networks, he held technology Vice President positions in the Wireless, Carrier and Enterprise Divisions and subsequently assisted with the creation of technical startup companies with STARTech Early Ventures. Mr. Robertson has a Bachelor of Science Degree in Electrical Engineering from the University of Waterloo and a Master's Degree in Engineering from Carleton University, Canada. He is an ongoing contributor in several industry standards groups and serves with the City of Richardson Chamber of Commerce.

Antonio R. Sanchez III was elected to our Board in May 2003. He has served as President of Sanchez Oil & Gas Corporation since March 2006, and prior to that he served as Executive Vice President since October 2001. He is a graduate of Georgetown University where he received a Bachelor of Science Degree in Business Administration with a concentration on Accounting and Finance and a minor in Economics. Mr. Sanchez also holds an M.B.A. degree from Harvard University. From 1999 through 2001, he worked at our company in a variety of positions, including sales and marketing, product development and investor relations. From 1997 through 1999, he was employed as an analyst in the mergers and acquisitions group in the New York City office of JP Morgan. He is currently involved in the day-to-day operations of Sanchez Oil & Gas Corporation.

Paul E. Schlosberg was elected to our Board in June 2005. He brings nearly 30 years of experience in investment banking. He is currently the founder, chairman, and CEO of INCA Group LLC, which facilitates corporate restructuring, merger, acquisition, and capital funding activities for both public and private enterprises. From 1994 to 2003 he served in various capacities at the investment banking firms of First Southwest Asset Management, Inc. and First Southwest Company, including chairman and CEO, president and chief operating officer, and vice chairman of the board of directors. He is also a member of the NASDAQ Stock Market, Inc. Listing Qualifications Committee, an advisor to three private investment funds, and a current member of the board of the Center for BrainHealth at the University of Texas at Dallas and a past member of the American Heart Association's Dallas chapter board. From 1982 to 1994 he worked for Bear, Stearns & Co. as account executive and associate director. He holds a Bachelor of

Business Administration from the University of Texas and a Master of Business Administration degree from Southern Methodist University.

Richard D. Spurr joined our company in January 2004 and has served as Chief Executive Officer since March 2005 and as President and Chief Operating Officer since joining us. He was elected to our Board in May 2005 and appointed Chairman of the Board on February 1, 2006. Mr. Spurr brings 30 years of global IT experience in building sales, marketing, service and operations in both corporate and fast-growing environments, previously as Senior Vice President, Worldwide Sales, Marketing and Business Development for Securify, Inc. beginning March 2003. From 1974 until 1990, Mr. Spurr worked for IBM where, as Regional Manager, he was responsible for over 1,000 employees, and as Group Director in Tokyo, for a \$1.2 billion business throughout the Asia Pacific Region. Mr. Spurr then took two start-ups, SEER Technologies, Inc. and Entrust, Inc. (where he served in several senior executive positions), from early stages through IPOs and beyond.

Barry W. Wilson joined our company in November 1989 and has worked in a variety of accounting and finance department functions, including two years as the corporate controller prior to being named the company's chief financial officer. Mr. Wilson left the company in May 1998 as part of the divestiture of certain businesses, during which time he was chief financial officer at Airco Industries. He subsequently returned to our company in May 2001. Prior to originally joining the company, Mr. Wilson held a variety of accounting and finance department positions at Armstrong World Industries, Inc. and Wood & Fence Products Co., Inc. Mr. Wilson is a licensed Certified Public Accountant with a degree in accounting from Point Park University, which is located in Pittsburgh, Pennsylvania.

Ronald A. Woessner joined our company in April 1992 as General Counsel, when we operated under the name Amtech Corporation (NASDAQ: AMTC) and sold and serviced radio frequency identification technologies (RFID) for electronic toll and traffic management, local access control, and other applications, and has served as Senior Vice President and corporate Secretary since 2000. He was previously a corporate and securities attorney with the Dallas-based law firm of Johnson & (Swanson) Gibbs, P.C., where he specialized in public and private equity and debt financings, mergers and acquisitions, and leveraged buy-outs. Mr. Woessner is a *summa cum laude* graduate of Texas A&M University, where he received a Bachelor of Science degree, and is a *magna cum laude* and *Order of the Coif* graduate of the University of Minnesota Law School, where he served on the *Minnesota Law Review*. He holds a compliance and ethics professional certification from the *Society of Corporate Compliance and Ethics* and is also a certified Toastmaster by Toastmasters International.

Section 16(a) Beneficial Ownership Reporting Compliance

Under the securities laws of the U.S., our directors, officers and any beneficial owner of more than 10% of our outstanding common stock (insiders) are required to report their initial ownership of our common stock and any subsequent changes in their ownership to the SEC. The SEC's rules require insiders to provide us with copies of all reports that they file with the SEC pursuant to Section 16(a) of the Exchange Act. The SEC has established specific due dates for these filings and we are required to disclose any failure to file by those dates. Based upon a review of filings with the SEC and written representations that no other reports were required, we believe that all of our directors and executive officers complied during fiscal 2007 with the reporting requirements of Section 16(a) of the Securities Exchange Act of 1934.

CORPORATE GOVERNANCE

Our Board in General

Our business is managed under the direction of our Board of Directors. Our Board presently consists of six members. The names of the Board members and their professional experience is described above under the caption

OTHER INFORMATION YOU NEED TO MAKE AN INFORMED DECISION Directors, Executive Officers and Significant Employees. The Board meets during the year to review significant developments and to act on matters requiring Board approval. The Board met on five occasions during the year ended December 31, 2007. Each of the current directors attended at least 75% of all meetings of our Board called during the time he served as a director during 2007 and all meetings of each committee of our Board on which he served during 2007. The members of our Board are not required to attend our annual meeting of shareholders. None of our outside directors attended the 2007 Annual Meeting of Shareholders.

Our Board has a standing Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee to devote attention to specific subjects and to assist our Board in discharging its responsibilities. Pertinent information about our Board's committees are set forth below.

Corporate Governance Requirements and Board Member Independence

We are in compliance with the current corporate governance requirements imposed by the Sarbanes-Oxley Act of 2002 and the NASDAQ Marketplace Rules. We will continue to modify our policies and procedures to ensure compliance with developing standards in the corporate governance area. Set forth below is information regarding our compliance with

Table of Contents

applicable corporate governance, our corporate governance policies and procedures, and information pertaining to our Board.

Our Board has determined that all of our Board members other than the Company's CEO are independent in accordance with the published listing requirements of NASDAQ. The NASDAQ independence definition includes a series of objective tests, such as that the director is not an employee of the company and has not engaged in various types of business dealings with the company. In addition, as further required by the NASDAQ Marketplace Rules, our Board has made a subjective determination as to each independent director that no relationships exist which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In determining whether Mr. Sanchez qualified as independent, our Board considered the fact that Mr. Sanchez had previously served as an employee of the Company.

Nominating and Corporate Governance Committee

General

Our Board has established a standing Nominating and Corporate Governance Committee. Our Nominating and Corporate Governance Committee is currently comprised of Charles N. Kahn III and Paul E. Schlosberg and is chaired by Mr. Kahn. Our Board has determined that each member of the Nominating and Corporate Governance Committee qualifies as independent in accordance with the published listing requirements of NASDAQ.

The Nominating and Corporate Governance Committee operates under a written charter that is available on our website at www.zixcorp.com under the heading Corporate Governance. Under the charter, the committee's principal responsibilities include: (i) identifying individuals qualified to become members of our Board and recommending candidates for reelection as directors; (ii) developing and recommending to the Board a set of corporate governance principles applicable to our company; and (iii) taking a leadership role in shaping the corporate governance of our company. The Nominating and Corporate Governance Committee met on two occasions during the year ended December 31, 2007.

Selection of Director Nominees

The Nominating and Corporate Governance Committee has a policy with respect to the consideration of director candidates recommended by shareholders. The policy provides that any shareholder of record who is entitled to vote for the election of directors at a meeting called for that purpose may nominate persons for election to our Board of Directors, subject to the following requirements. The Nominating and Corporate Governance Committee will consider director nominees recommended by our shareholders, assuming compliance with the process.

A shareholder desiring to nominate a person for election to our Board of Directors must send a written notice to our General Counsel, at our principal executive offices at 2711 North Haskell Avenue, Suite 2200, LB 36, Dallas, Texas 75204-2960, no later than December 26, 2008. The written notice is to include the following information: (i) the name of the candidate; (ii) the address, phone and fax number of the candidate; (iii) a statement signed by the candidate that certifies that the candidate wishes to be considered for nomination to our Board of Directors and that explains why the candidate believes that he or she meets the minimum Director Qualification Criteria (discussed below) and would otherwise be a valuable addition to our Board of Directors; (iv) the number of shares of our stock that are beneficially owned by such candidate; and (v) all information required to be disclosed in solicitations of proxies for election of directors, or as

Table of Contents

otherwise required, in each case pursuant to Regulation 14A under the Exchange Act. The final selection of director nominees is within the sole discretion of our Board.

Our Board of Directors has set forth minimum qualifications, or Director Qualification Criteria, that a recommended candidate must possess. Generally speaking, all candidates, including director nominees recommended by our shareholders, are to have the following characteristics if they are to be considered to serve on our Board of Directors:

The highest personal and professional ethics, integrity and values;

Broad-based skills and experience at an executive, policy-making level in business, academia, government, or technology areas relevant to our activities;

A willingness to devote sufficient time to become knowledgeable about our business and to carry out his or her duties and responsibilities effectively;

A commitment to serve on our Board for two years or more at the time of his or her initial election; and

Be between the ages of 30 and 70 at the time of his or her designation as an independent director of the Board.

Candidates who will serve on the Audit Committee must have the following additional characteristics:

All candidates must meet additional independence requirements in accordance with applicable rules and regulations;

All candidates must have the ability to read and understand fundamental financial statements, including a company's balance sheet, statement of operations and statement of cash flows; and

At least one member of the Audit Committee must meet the requirements of an audit committee financial expert under SEC rules and regulations.

Other factors considered in candidates may include, but are not limited to, the following:

Experience in the technology areas relevant to our activities;

Experience as a director or executive officer of a large public company;

Experience as an independent public accountant;

Significant academic experience in a field of importance to our company;

Recent experience in an operating role at a large company; and

Other relevant information.

Table of Contents

The Nominating and Corporate Governance Committee's process for identifying and evaluating director candidates is as follows:

The Chairman of our Board, the Nominating and Corporate Governance Committee or other Board members identify the need to add new members to the Board with specific criteria or to fill a vacancy on the Board.

The Chair of the Nominating and Corporate Governance Committee initiates a search, working with staff support and seeking input from the members of the Board and senior management, and hiring a search firm, if necessary.

The Nominating and Corporate Governance Committee identifies an initial slate of candidates, including any recommended by shareholders and accepted by the Nominating and Corporate Governance Committee, after taking account of the Director Qualification Criteria.

The Nominating and Corporate Governance Committee determines if any Board members have contacts with identified candidates and if necessary, uses a search firm.

The Chairman of the Board (and, if a different person) the Chief Executive Officer and at least one member of the Nominating and Corporate Governance Committee interview prospective candidate(s).

The Nominating and Corporate Governance Committee keeps the Board informed of the selection progress.

The Nominating and Corporate Governance Committee meets to consider and approve final candidate(s).

These procedures have not been materially modified since the Company's disclosure of these procedures in its proxy statement in connection with its 2007 Annual Meeting of Shareholders. These procedures do not create a contract between our company, on the one hand, and a company shareholder(s) or a candidate recommended by a shareholder(s), on the other hand. We reserve the right to change these procedures at any time, consistent with the requirements of applicable law, rules and regulations. There are no material differences from these procedures for evaluating director nominees recommended by a security holder.

The Nominating and Corporate Governance Committee presents selected candidate(s) to the Board and seeks full Board endorsement of such candidate(s). There is no third party that we currently pay to assist in identifying or evaluating potential director nominees. The Nominating and Corporate Governance Committee's process for identifying and evaluating nominees for directors will not materially differ based on whether or not the nominee is recommended by a security holder.

Audit Committee

General

Our Board has established a standing Audit Committee. The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors, pursuant to a written charter adopted by our Board that is available on our website at www.zixcorp.com under the heading Corporate Governance.

Table of Contents

Our Audit Committee is currently comprised of Robert C. Hausmann, James S. Marston and Paul E. Schlosberg and is chaired by Mr. Hausmann. Our Board has determined that all three members of the Audit Committee satisfy the independence and other requirements for audit committee membership required by the Marketplace Rules of NASDAQ and the SEC. The Audit Committee met on ten occasions during the year ended December 31, 2007. Our Board has determined that each Audit Committee member has sufficient knowledge in reading and understanding our financial statements to serve on the Audit Committee.

The Audit Committee also includes at least one independent member who is determined by our Board to meet the qualifications of an audit committee financial expert in accordance with SEC rules, including that the person meets the relevant definition of an independent director. Mr. Hausmann, an independent director, has been determined by our Board to be an audit committee financial expert. Shareholders should understand the following with respect to Mr. Hausmann's designation as such: (i) this is a disclosure requirement of the SEC related to Mr. Hausmann's experience and understanding with respect to certain accounting and auditing matters; (ii) Mr. Hausmann will not be deemed to be an expert for any purpose, including without limitation for purposes of section 11 of the Securities Act of 1933, as a result of being designated or identified as an audit committee financial expert; and (iii) the designation or identification does not impose upon Mr. Hausmann any duties, obligations, or liability that are greater than those generally imposed on him as a member of the Audit Committee and our Board in the absence of such designation.

Compensation Committee

General

Our Board has the plenary authority to determine the compensation payable to the Company's employees, consultants, and directors. The Board has established a standing Compensation Committee to assist it in compensation decisions. Our Compensation Committee is currently comprised of Charles N. Kahn III, James S. Marston, Paul E. Schlosberg and Antonio R. Sanchez III and is chaired by Mr. Marston. Our Board has determined that each member of the Compensation Committee qualifies as independent in accordance with the published listing requirements of NASDAQ.

The Compensation Committee operates under a written charter that is available on our website at www.zixcorp.com under the heading Corporate Governance. Under the charter, the Compensation Committee's primary responsibilities are to: (i) establish our company's overall management compensation philosophy and policy; (ii) make recommendations to our Board with respect to corporate goals and objectives with respect to compensation for our executive officers, including our Chief Executive Officer; (iii) make recommendations to our Board with respect to our executive officers' annual compensation including salary, bonus and incentive and equity compensation; and (iv) administer our incentive compensation programs and other equity-based compensation plans.

In 2007, the entire Board of Directors fulfilled the major responsibilities of the Compensation Committee and made all significant decisions pertaining to the base salary, variable compensation and stock option grants payable or awarded to the Company's named executive officers. The Compensation Committee met on five occasions during the year ended December 31, 2007. The Company has not in recent years engaged any compensation consultants in determining or recommending the amount or form of executive and director compensation.

Table of Contents

Policies, Procedures, and Practices

The Board's (Compensation Committee's) processes and procedures for the consideration and determination of executive compensation are as follows:

The Board or Committee requests recommendations from the CEO with respect to the elements of compensation to be determined by the Board or Committee;

The Board or Committee consults with and meets with the CEO as required to discuss the recommendations, meets in executive session, or discusses among themselves, as appropriate; and

The Board or Committee's decision is subsequently communicated to the CEO.

For the consideration and determination of director compensation, the Board may refer the matter to a standing Board committee or may appoint an ad-hoc committee to review the matter and make a recommendation to the entire Board.

Compensation Committee Interlocks and Insider Participation

During fiscal year 2007, the Compensation Committee was comprised of three independent directors: James S. Marston, Paul E. Schlosberg, and Antonio R. Sanchez III. None of Messrs. Marston, Schlosberg, or Sanchez is or was an officer or employee of our company or any of our subsidiaries during 2007 or had any relationship requiring disclosure under Item 404 of the SEC's regulations under Regulation S-K. Mr. Sanchez was an active employee from February 9, 1999, to September 28, 2001, during which time his title was National Account Executive. We have no executive officers who serve as a member of a board of directors or compensation committee of any other entity that has one or more executive officers serving as a member of our Board or Compensation Committee.

Shareholder Communication with our Board

Shareholders interested in communicating with our Board of Directors may do so by writing to our General Counsel, Ronald A. Woessner, at 2711 North Haskell Avenue, Suite 2200, LB 36, Dallas, Texas 75204-2960. Our General Counsel will review all shareholder communications. Those that appear to contain subject matter reasonably related to matters within the purview of our Board of Directors will be forwarded to the entire Board or the individual Board member to whom the communication is addressed. Obscene, threatening, or harassing communications will not be forwarded.

Code of Ethics

We have a Code of Business Conduct, which applies to all of our employees, officers and directors, including a Code of Ethics, which applies to our Chief Executive Officer and senior financial officials. The Code of Business Conduct is available on our website at www.zixcorp.com under the heading Corporate Governance. The Code of Business Conduct is a reaffirmation that we expect all directors and employees to uphold our standards of ethical behavior and compliance with the law and to avoid actual or apparent conflicts of interest between their personal and professional affairs. The Code of Business Conduct establishes procedures for the confidential reporting, in good faith, of suspected violations of the Code of Business Conduct. The code also sets forth procedures to receive, retain, and treat complaints received regarding accounting, internal accounting controls, or auditing matters and to allow for

Table of Contents

the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters. Our Code of Business Conduct and our Code of Ethics also prohibits actual or apparent conflicts of interest between the interest of any of our directors or officers and the Company or its shareholders. Any waiver of our Code of Ethics is to be approved by the Company, the Board of Directors, or a committee of the Board of Directors, as applicable, and in compliance with applicable law. Any waiver of the Code of Ethics will be publicly disclosed as required by applicable law, rules, and regulations, including by posting the waiver on the Company's website.

INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

General

Whitley Penn LLP (Whitley Penn) has been selected by the Audit Committee as our independent registered public accounting firm for fiscal year 2008. Also, Whitley Penn was selected by the Audit Committee as our independent registered public accounting firm for 2006 and fiscal year 2007.

On September 6, 2006, our Audit Committee requested management to solicit proposals from several independent registered accounting firms for professional services relating to the audit of our financial statements. On September 26, 2006, we engaged Whitley Penn as our independent registered public accounting firm to audit our financial statements commencing with year 2006, subject to Whitley Penn's satisfactory completion of its client acceptance procedures. On September 26, 2006, we also notified Deloitte & Touche LLP (Deloitte), our independent auditors for the years ended December 31, 2004 and 2005, of our election to dismiss Deloitte as our independent auditors. The decision to change accounting firm was undertaken as a cost reduction measure and was approved by our Audit Committee.

Representatives of Whitley Penn are expected to be present at the 2008 Annual Meeting; they will have the opportunity to make a statement if they desire to do so, and they are expected to be available to respond to appropriate questions.

The reports of Deloitte on our financial statements for the years ended December 31, 2004 and 2005 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. In connection with its audits of our financial statements for the years ended December 31, 2004 and 2005 and through September 26, 2006, (i) there were no disagreements with Deloitte on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to Deloitte's satisfaction, would have caused Deloitte to make reference to the subject matter of the disagreements in connection with its reports; and (ii) there were no reportable events as described in Item 304(a)(1)(v) of the SEC's Regulation S-K. Deloitte agreed with the foregoing disclosures as evidenced by their letter addressed to the SEC, which was filed with our Current Report on Form 8-K, filed September 29, 2006.

During the years ended December 31, 2004 and 2005, and through September 26, 2006, Whitley Penn was not engaged as an independent accountant to audit either our financial statements or those of any of our subsidiaries, nor have we or anyone acting on our behalf consulted with Whitley Penn regarding either: (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our financial statements; or (ii) any matter that was the subject of a disagreement or reportable event as set forth in Item 304(a)(2)(ii) of Regulation S-K. Whitley Penn was, however, engaged to audit the Company's Corporate Retirement Plan (401k Plan) for the year ended

Audit Committee Pre-Approval Policies and Procedures

Our Audit Committee is required to pre-approve the audit and non-audit services to be performed by our independent registered public accounting firm in order to assure that the provision of such services does not impair the auditor's independence. Annually, our independent registered public accounting firm will present to our Audit Committee services expected to be performed by the independent auditor over the next 12 months. Our Audit Committee will review and, as it deems appropriate, pre-approve those services. The services and estimated fees are to be presented to our Audit Committee for consideration in the following categories: Audit, Audit-Related, Tax and All Other (each as defined in Schedule 14A of the Securities Exchange Act of 1934). For each service listed in those categories, our Audit Committee is to receive detailed documentation indicating the specific services to be provided. The term of any pre-approval is 12 months from the date of pre-approval, unless our Audit Committee specifically provides for a different period. Our Audit Committee will review, on at least a semi-annual basis, the services provided to-date by the independent registered public accounting firm and the fees incurred for those services. Our Audit Committee may also revise the list of pre-approved services and related fees from time-to-time, based on subsequent determinations. All of the services provided by the independent registered public accounting firm were pre-approved by our Audit Committee.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors, pursuant to its charter adopted by the Board of Directors.

Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed with management for inclusion in the 2007 Annual Report on Form 10-K, the audited consolidated financial statements of the Company, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the consolidated financial statements.

Whitley Penn LLP, the Company's independent auditors, is responsible for performing an independent audit of the Company's consolidated financial statements. The Audit Committee discussed with the Company's independent auditors the overall scope and plans for their audit. The Audit Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Audit Committee reviewed with the independent auditors their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee by Statement on Auditing Standards No. 61 (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T, as amended by Statement on Auditing Standards No. 90 (Communications with Audit Committees). In addition, the Audit Committee has discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board Standard No. 1, as adopted by the Public Company Accounting Oversight Board in Rule 3600T, and considered the compatibility of non-audit services with the auditors' independence. The Audit Committee has concluded that Whitley Penn LLP's provision of audit and non-audit services to the Company is compatible with Whitley Penn LLP's independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, that the

COMPENSATION OF DIRECTORS AND EXECUTIVE OFFICERS

Compensation Discussion and Analysis

General

The entire Board of Directors or the Compensation Committee (the Compensation Committee) of the Board of Directors administers the cash and non-cash compensation programs applicable to the Company's executive officers. The Compensation Committee is comprised entirely of independent, non-employee directors of the Company.

In 2007, the entire Board of Directors fulfilled the major responsibilities of the Compensation Committee and made all significant decisions pertaining to the base salary, variable compensation and stock option grants payable or awarded to the Company's named executive officers, who were, as of December 31, 2007, Richard D. Spurr, Chairman and Chief Executive Officer; Barry W. Wilson, Chief Financial Officer and Treasurer; Russell J. Morgan, Vice President, Client Services; David J. Robertson, Vice President, Engineering; and Ronald A. Woessner, Senior Vice President, General Counsel and Secretary (collectively, named executive officers, or NEOs).

Compensation Philosophy and Objectives

The Board of Directors believes that an effective executive compensation program is one that, among other things, accomplishes the following goals:

Attracts and retains executives with the experience, skills, and knowledge that the Company seeks and requires;

Attracts and retains executives committed to achieving the Company's goals;

Rewards the achievement and support of specific performance metrics established by the Board of Directors; and

Rewards increases in shareholder value.

Our Board of Directors and Compensation Committee seek to implement and maintain a compensation plan for our executive officer that is fair, reasonable, and competitive and attracts and retains talented and qualified personnel. The compensation paid in 2007 to the Company's named executive officers, as set forth below in the Summary Compensation Table, consisted

Table of Contents

almost exclusively of salary, stock options, and variable compensation. The Company has no non-qualified deferred compensation arrangements and no defined benefit retirement plans. The only perquisites provided to the Company's named executive officers are a partial match of 401(k) contributions (which the Company offers on a non-discriminatory basis to all 401(k) plan participants) and Company-funded life insurance benefits (which the Company offers on a non-discriminatory basis to all full-time employees). Since the Company has no non-qualified deferred compensation arrangements, no defined benefit retirement plans, and offers few perquisites, the Board believes that the executive compensation packages the Company provides to its executives, including the named executive officers, should include stock option grants and severance agreements to supplement the cash base salary and variable compensation paid to the Company's executives. The Board believes that stock options motivate the recipient to work to achieve specific financial and business metrics and that stock options and severance agreements are crucial to recruiting (and retaining) the services of qualified and talented personnel (*e.g.*, the recipients).

The Company has been very focused on reducing its cash expenses in recent years as a precursor to achieving its publicly-stated goal of achieving cash flow breakeven in 2008. Thus, the Company has not generally been willing to incur the expense of formally benchmarking or comparing the compensation payable to its executive officers *vis-à-vis* the compensation paid to other executives in similar positions at comparable companies. For the same reason, the Company has not engaged a compensation consultant to review the compensation paid to the Company's executive officers. Moreover, other than with respect to the initial hiring of Mr. Spurr in 2005, as discussed below, there has been no particular need in recent years to assess (compare) the base salaries paid to the named executive officers because none of them received any increase in base salary compensation in 2005, 2006, 2007, nor thus far in 2008, except for a salary increase discussed below given to Mr. Wilson, the Company's chief financial officer, in connection with his promotion to that position in 2006.

Role of Executive Officers in Compensation Decisions

The Company's Board and the Company's management each play a role in our compensation process. The matrix below sets forth, in general, the Company's current practices regarding the authority level for determining certain compensation related matters. As shown, the Board of Directors delegates to Company management the authority to make certain compensation related decisions on behalf of the Board, while retaining the authority in other cases.

Executive Officer Base Salaries and Compensation Comparisons

The Company's executive officers' salaries are, in general, established by (a) reference to each executive's position with the Company and (b) a subjective assessment of the cost to the Company of hiring executives with comparable experience and skills. The Company believes it offers its executives, including its named executive officers, a reasonable base salary as subjectively determined by the Board following a recommendation by Company management.

None of the Company's executive officers received any increase in base salary compensation in 2005, 2006, 2007, nor thus far in 2008, except for a salary increase given to Mr. Wilson, the Company's chief financial officer, in connection with his promotion to that position in 2006.

The Company did analyze the base salary offered to Mr. Spurr in connection with the compensation package offered to him in March 2005, when he was appointed as the Company's chief executive officer, *vis-à-vis* base salaries

of other chief executive officers. At that time, the Compensation Committee commissioned a modestly priced survey of compensation data. The data showed that the annual base salaries paid to chief executive officers for companies with annual revenues of less than \$30,000,000, such as the Company, ranged from \$200,000 to \$338,000, and eight out of the 24 companies surveyed paid a base salary of \$300,000 to \$338,000, and another 13 out of the 24 companies surveyed paid a base salary of \$200,000 to \$290,000. The Company believes that Mr. Spurr's annual base salary of \$300,000, which is the same amount that the Company has been paying its chief executive officer since 2002, was (and is) reasonable for a chief executive officer in the technology arena.

Executive Officer Variable Compensation

The Company believes that variable compensation, based on performance and achievement, is a necessary component of an executive's overall compensation package because the base salaries offered to the Company's executives alone are not sufficient to attract and retain executives with the skills, experience, and knowledge the Company seeks. Furthermore, the Company believes a variable compensation element motivates the recipient to achieve the financial and business objectives established by the Board and promotes executive retention.

The variable compensation payable to the Company's executive officers other than the sales executives, including the named executive officers (Messrs. Spurr, Morgan, Robertson, Wilson, and Woessner), is set forth in a management variable compensation plan (the Plan) that is annually approved by the Board. The Plan provides for variable compensation to be paid to the Company's chief executive officer and those of his direct reports that are not primarily (or exclusively) sales executives. The Plan in 2007 and 2006 paid variable compensation based on the achievement by year-end of the parameters (metrics) established by the Board and set forth in the Plan, as further described below.

Table of Contents

The target amount of annual variable compensation potentially payable to Mr. Spurr (\$200,000) under the Plan was established by the Board at the time he was appointed as the Company's chief executive officer in 2005. This target amount has remained unchanged since that time. The actual variable compensation paid to him for 2007 and 2006 was exclusively based on the Company's actual performance in comparison to the performance metrics provided for under the Plan for the applicable year.

The target amount of variable compensation potentially payable to the other named executive officers (other than the sales executives) under the Plan is determined annually by the Board following a recommendation by Mr. Spurr. These amounts have remained unchanged since 2005, with the caveat that since Mr. Wilson did not become a named executive officer until late 2006, the amount of his variable compensation was not established until that time. The actual variable compensation paid to these named executive officers for 2007 and 2006 was exclusively based on the Company's actual performance in comparison to the performance metrics provided for under the Plan for the applicable year.

The following performance metrics were those the Board established for 2007, which the Board believed to be the metrics necessary for the Company to achieve Company-wide cash flow breakeven, to achieve a growth target in the Company's Email Encryption business, and to demonstrate significant progress in the Company's e-prescribing business.

Metric Number	Performance Metric	Minimum Achievement	Target Achievement	Actual Achievement
1	Secure messaging new first-year orders	\$ 5.0 MM	\$ 5.6 MM	\$ 5.5 MM
2	Core product revenue growth	\$ 19.8 MM	\$ 22.0 MM	\$ 24.1 MM
3	# of new e-prescribing sponsorships	4	5	1
4	New doctors sponsored by payors	2,025	2,250	254
5	Active prescribers	3,100	3,200	3,315
6	Script volume per quarter in Q4	6,425,932	7,139,924	7,397,984
7	Year end cash balance	\$ 8.0 MM	\$ 8.4 MM	\$ 9.6 MM*

* Exclusive of certain financing activities during 2007.

The table below sets forth for calendar years 2007 and 2006 the variable compensation amounts potentially payable to the Company's named executive officers under the Plan and the amounts actually paid under the Plan.

Name	Year	Amount Potentially Payable	Amount Actually Paid
Richard D. Spurr	2007	\$ 200,000	\$ 158,467
	2006	\$ 200,000	\$ 60,800
Other Named Executive Officers	2007	\$ 220,000	\$ 174,313
	2006	\$ 250,000	\$ 60,800

The performance metrics noted above were used in the manner described below to establish the variable compensation paid for calendar year 2007:

Each metric was assigned the noted Target Achievement threshold, such that if the target was achieved, then the metric was considered to be 100% achieved; and each metric was assigned a minimum threshold, such that if the minimum was not

Table of Contents

achieved, then the metric was considered to be 0% achieved. Achievement of the metric between the minimum threshold and the target threshold resulted in a pro-rata variable compensation payment, starting with 0% at the minimum threshold and ending with 100% at the target threshold. The Plan in 2007 did not provide for payment above the 100% level.

Each metric was given a relative weighting factor *vis-à-vis* the other metrics, with metric nos. 1, 2, and 7 having the highest weighting factors.

At the time the metrics were established by the Board, they were believed to be stretch targets, but not unreasonable. The minimum levels for metric nos. 3 and 4 were not achieved for calendar year 2007, and thus these metrics were considered to be 0% achieved. Metric nos. 3 and 4 relate exclusively to the Company's e-prescribing line of business.

Once the percentage achievement of each metric was established, the respective percentage achievements were then weighted according to their pre-established weighting factor, and the variable compensation percentage amount was established.

For calendar year 2007, using the foregoing methodology, the aggregate variable compensation actually paid under the Plan was 79.2% of the total variable compensation potentially payable.

The target amount of variable compensation potentially payable to the Company's executive officers who are exclusively or primarily sales executives is determined annually by the Board following a recommendation by Mr. Spurr. The target amount varies from year-to-year and is based on the Company's specific sales goals (quota) for the year and quarter, as applicable, for the executive in question. The actual variable compensation paid to these executive officers is generally exclusively based on the achievement of the targeted sales goals.

Stock Options

General

Stock options are awarded by the Company to its executives as a means of retaining and motivating current executives over the longer-term (and attracting potential executives to accept employment with the Company). The Company offers a stock option compensation element for the following reasons:

Stock options motivate the option recipient to work to achieve the financial and business metrics that the Board establishes from time-to-time.

Stock options are crucial to recruiting (and retaining) the services of qualified and talented personnel (*e.g.*, the option recipient).

The Company has in recent years offered significant stock option grants to its named executive officers for the following reasons:

The Company has no non-qualified deferred compensation arrangements and no defined benefit pension plans. Accordingly, the Board recognizes that stock options

Table of Contents

are the primary means by which the Company's executives anticipate accumulating funds for retirement.

The Company has not increased the base salaries of its named executive officers since 2004, and the variable compensation potential for its named executive officers has remained static for several years as well.

The Company has been very focused on reducing its cash expenses in recent years. The Board thus heavily relies on stock options, in combination with base salary and variable compensation, in formulating the relevant compensation packages.

Policies and Practices

The Company generally assesses the appropriateness of stock option grants to existing Company employees once a year. Beginning in 2006, the Board determined that this annual assessment should occur in the December time frame because the Board believed that a year end grant of stock options would enhance employee morale and assist in employee retention at a time of year when employees might otherwise consider beginning a job search for new employment. Other than these annual stock option grants, the Company does not typically award stock option grants to existing employees, absent a job promotion or other special circumstances. Stock option grants are typically awarded to newly-hired employees at or following the inception of their employment.

The Company does not have a program, plan, or practice to select option grant dates for executive officers in coordination with the release of material, non-public information.

2007 Stock Option Awards

Mr. Spurr, the Company's CEO, recommended to the Board the specific number of stock options to be awarded to the Company's executives in 2007, and the Board ultimately made the decision as to the number of options to be awarded to each recipient. For calendar year 2007, Mr. Spurr and the Company determined to issue options to the Company's ten executives, as a group, who report to Mr. Spurr at a level equal to 70% of the number of options issued to them as a group in 2006. Following the determination of the approximate aggregate number of options to be granted to these executives, consideration was given to the following factors in allocating the aggregate pool of available options among the various recipients:

How important is the individual's role to the Company?

What experience and/or critical skills or critical knowledge does the person have in fulfilling that role, *i.e.*, how easily or readily can the incumbent be replaced?

What is the value of previous option grants in regard to employee retention and motivation for future performance?

In addition to the general reasons noted above for providing stock options to Company employees, the Board approved the 2007 stock option grants to Mr. Spurr and his direct reports, including the named executive officers, for the following specific reasons: the Board believed that the members of the executive team had demonstrated significant commitment to the growth of the Company and had exerted substantial energy in the fulfillment of their roles and contributed to the achievement of significant corporate accomplishments; the Board desired to

Table of Contents

reward this work and these accomplishments; the Board believed these option grants were critical to executive retention; and, the Board desired to provide a substantial incentive and motivation for continued hard work to maintain positive business momentum. The Board made the final 2007 option award decisions based on its subjective consideration of the foregoing factors.

The table below lists the Company stock options issued for the years indicated to Mr. Spurr, the Company's CEO, to Mr. Spurr's direct reports, and pursuant to the Company's annual company-wide refresher option grant program.

Summary of Company Option Awards

Name	2007⁽¹⁾	2006⁽⁴⁾
Mr. Spurr	400,000	400,000
Other Company Executives (10 persons) ⁽²⁾	420,000	600,000
Annual Company-wide Refresher Grant to Other Employees ⁽³⁾	450,624	499,836

(1) The exercise price of all the noted 2007 option grants was \$4.87, the closing price of the Company's common stock on the date of grant.

(2) The option grants to Mr. Spurr and the other named executive officers are noted in the Grants of Plan-Based Awards Table below.

(3) Excludes new-hire option grants and option grants issued in connection with a promotion or other special circumstance option grants. For 2006, the number of stock options granted to newly-hired

employees and for promotions was approximately 307,136 and for 2007 the number of stock options granted to newly-hired employees and for promotions was approximately 113,528.

- (4) The stated number refers to option grants made in December 2006. No option grants were made in calendar year 2005. The Company issued options in early 2006, which served as the de-facto option grants for calendar year 2005. These option grants are excluded from the stated number.

All options granted by the Company in 2007 had an exercise price at least equal to the then-current market price of the Company's common stock. In prior years, the Company has granted stock options with exercise prices in excess of the then-current market price of the Company's common stock.

Impact of Accounting and Tax Treatments of Compensation

The tax or accounting treatments of the salary compensation, variable compensation, or stock options paid or awarded to Company executives is not a factor in determining the magnitude of compensation payable to them or the relative mix of these elements in their compensation packages.

The Company recognizes that compensation in excess of \$1,000,000 per year realized by any of the Company's five most highly compensated executive officers is not deductible by the Company for federal income tax purposes unless the compensation arrangement complies with the requirements of Section 162(m) of the Internal Revenue Code of 1986, as amended. Mr. Spurr holds options to acquire 650,000 shares of the Company's common stock, with an exercise price of \$10.80 per share, which were granted in February 2004 in connection with the inception of his employment. These options do not comply with the requirements of Section 162(m), which, among other things, would have required the Company to obtain shareholder approval of the option grants. Time was of the essence when the Company was discussing Mr. Spurr's

Table of Contents

potential employment. Seeking shareholder approval of the option grants would have, in the Board's opinion, imposed an unwarranted and harmful delay in completing the employment arrangements and the commencement of Mr. Spurr's employment duties. These options may, during the year of exercise, result in Mr. Spurr realizing compensation in excess of \$1,000,000, depending on the number of options exercised and the price of the Company's common stock at the time. The Company will not be entitled to deduct the compensation exceeding the \$1,000,000 limit.

Severance Payments and Change of Control Payments**General**

The Company has used severance agreements to attract and retain executives. The Board believes severance agreements encourage employee retention and believes they have been crucial to employee retention in recent years, given the Company's recent history of substantial operating losses and the attendant perception of financial instability. The Company also believes they provide a legal consideration supporting the confidentiality and non-solicitation provisions that are contained in certain of the Company's agreements with its employees.

The Company's severance agreements typically provide for the payment of x months base salary if the executive's employment is actually terminated other than for cause, as defined. In some cases, the agreements provide for payments to the affected executive upon a resignation following the occurrence of a change of control or if the affected executive resigns employment for good reason (*i.e.*, is constructively discharged from employment). The Company believes that these severance agreements are a significant factor in retention of the Company's senior executives.

We are party to severance agreements with the Company's named executive officers, as described below.

Richard D. Spurr (Chairman, CEO, and President)

The severance agreement with Mr. Spurr provides for the payment to him of \$300,000, representing twelve months of base salary, if Mr. Spurr's employment is terminated by the Company without cause. For these purposes, cause means (1) the intentional and continued failure by employee to substantially perform employee's employment duties, such intentional action involving willful and deliberate malfeasance or gross negligence in the performance of employee's duties (other than any such failure resulting from employee's incapacity due to physical or mental illness), after written demand for substantial performance is delivered by the Company's Board that specifically identifies the manner in which the Board believes the employee has not substantially performed employee's duties and that is not cured within five business days after notice thereof by the Company to the employee; (2) the intentional engaging by the employee in misconduct that is materially injurious to the Company; (3) the conviction of the employee or a plea of *nolo contendere*, or the substantial equivalent to either of the foregoing, of or with respect to, any felony; (4) the commission of acts by the employee of moral turpitude that are injurious to the Company; (5) a breach by the employee of the confidentiality and invention agreement between the Company and the employee; (6) a breach by the employee of the conflict of interest provisions of the severance agreement; or (7) a breach by the employee of the Company's code of ethics for senior officers. For purposes of this definition, no act, or failure to act, on the employee's part shall be considered intentional unless done, or omitted to be done, by him not in good faith and without reasonable belief that his action or omission was in, or not opposed to, the best interest of the Company.

Table of Contents

The severance agreement with Mr. Spurr also provides for the payment to him of \$300,000, representing twelve months of base salary, if Mr. Spurr resigns employment for good reason. For these purposes, good reason means (1) any material diminution in the employee's title and duties, it being understood and agreed that if all or substantially all of the assets of the Company's e-Prescribing line of business, the Company's Email Encryption line of business, or any other material line of business is sold, leased, licensed, or otherwise transferred for value to a non-affiliate, then the employee shall have good reason to resign employment pursuant to this clause (1); (2) the assignment of duties or position that would necessitate a change in the location of the employee's home (presently in North Dallas, Texas); (3) the Company fails to maintain directors and officers liability insurance coverage, including coverage for the employee, in an amount equal to at least \$10,000,000; (4) the employee's health becomes impaired to an extent that makes the employee's continued performance of substantially all of the essential functions of his position, with reasonable accommodation, hazardous to the employee's physical or mental health or the employee's life; or (5) the employee becomes the subject of any medically determinable physical or mental impairment that is reasonably expected to prevent the employee from performing substantially all of the essential functions of his position, with reasonable accommodation, for at least six months; *provided that*, in the case of clauses (4) and (5), the employee shall have furnished the Company with a written statement from a qualified doctor to the effects specified; and *provided further that*, at the Company's request, the employee shall submit to an examination by a doctor selected by the Company and such doctor shall have concurred in the conclusion of the employee's doctor. To effect a resignation for good reason, the employee shall deliver to the Company a notice within 120 days of the occurrence of an event specified in clause (1) and within 60 days of the occurrence of an event specified in clauses (2), (3), (4), or (5), in each case, that sets forth in reasonable detail the facts and circumstances claimed to provide a basis for good reason resignation. Failure to deliver such notice within the specified time period shall constitute a waiver by the employee of the employee's right to resign for good reason by virtue of the event in question.

Mr. Spurr's severance agreement also provides for the payment to him of \$300,000, representing twelve months of base salary, if he resigns employment following a change in control of the Company. For these purposes, a change in control generally means (1) the Company is merged, consolidated or reorganized into or with another corporation or other legal person, other than an affiliate, and as a result of such merger, consolidation or reorganization less than 51% of the combined voting power to elect directors of the then-outstanding securities of the remaining corporation or legal person or its ultimate parent immediately after such transaction is owned, directly or indirectly, in the aggregate by persons who were shareholders, directly or indirectly, of the Company immediately prior to such merger, consolidation, or reorganization; (2) the Company sells all or substantially all of its assets to any other corporation or other legal person, other than an affiliate, and as a result of such sale, less than 51% of the combined voting power to elect directors of the then-outstanding securities of such corporation or legal person or its ultimate parent immediately after such transaction is owned, directly or indirectly, in the aggregate by persons who were shareholders, directly or indirectly, of the Company immediately prior to such sale; (3) any acquiring person has become the beneficial owner of securities which when added to any securities already owned by such person would represent in the aggregate 35% or more of the then-outstanding securities of the Company which are entitled to vote to elect directors; (4) if, at any time, the continuing directors then serving on the Board of Directors of the Company cease for any reason to constitute at least a majority thereof; (5) any occurrence that would be required to be reported in response to Item 6(e) of Schedule 14A of Regulation 14A or any successor rule or regulation promulgated under the Exchange Act; or (6) such other events that cause a change in control of the Company, as determined by the Board of Directors in its sole discretion.

Table of Contents

Mr. Spurr's original severance arrangement, which was a term and condition of his original employment with the Company, provided for a separation payment to him of nine months of base salary if his employment was terminated without cause or he resigned for good reason. The Board determined that, given Mr. Spurr's promotion to CEO of the Company since the time of his original employment, a three month increase in separation pay from nine months to 12 months and adding a separation pay component payable in the event of Mr. Spurr's resignation following a change in control was reasonable and appropriate. However, in connection with providing these additional separation pay benefits to Mr. Spurr, the circumstances under which Mr. Spurr's employment could be terminated by the Company for cause (*i.e.*, without the payment of any separation pay) were amended to be more favorable to the Company.

The severance payment is payable by the Company, at its election, either in a lump-sum cash amount or paid over a period of 12 months. As an additional component of severance pay, the Company will pay Mr. Spurr's COBRA continuation of benefits costs for 12 months, in the circumstances stated above.

Furthermore, upon the occurrence of an employment termination without cause or a change in control all of Mr. Spurr's then unvested Company-issued stock options immediately vest. As of December 31, 2007, and April 3, 2008, respectively, the intrinsic value (*i.e.*, the fair market value of the Company's common stock minus the exercise price of the options in question) of the options that would have vested in this circumstance was approximately \$938,083 and \$578,667. The Board believes these option acceleration provisions encourage employee retention and in the case of a pending change in control transaction motivate the employee to exert maximum efforts to see that the transaction is consummated.

Pursuant to agreements between the Company and Mr. Spurr, Mr. Spurr is (i) required to maintain Company confidential and proprietary information in confidence for an indefinite period following separation from service with the Company; (ii) prohibited for a period of 12 months from directly or indirectly competing with the Company's email encryption business or e-prescribing business or any other material line of business being conducted by the Company as of the date of the employee's separation from employment, (iii) prohibited for a period of 12 months from directly or indirectly conducting, or soliciting to conduct, any competitive business with a Company customer any person that has been a Company customer within the six month period preceding the separation from employment date; and (iv) prohibited for a period of 12 months from directly or indirectly soliciting for employment any Company employees or any person who was an employee within the 3 month period preceding the separation from employment date.

Russell J. Morgan (Vice President, Professional Services)

The agreement with Mr. Morgan provides for the payment to him of \$112,130 (CDN \$110,000), representing six months of base salary, if Mr. Morgan's employment is terminated by the Company without cause. The agreement with Mr. Morgan does not define cause, but for these purposes the term will generally have a meaning comparable to the meaning given the term in the severance agreements between the Company and the other named executive officers. Mr. Morgan's severance agreement does not specify the timing of the payment.

Furthermore, if Mr. Morgan's employment is terminated without cause or a change in control occurs, then all of his then unvested Company-issued stock options immediately vest. As of December 31, 2007, and April 3, 2008, respectively, the intrinsic value (*i.e.*, the fair market value of the Company's common stock minus the exercise price of the options in question) of the options that would have vested in this circumstance was approximately \$229,000 and \$149,100.

Table of Contents

The Board believes these option acceleration provisions encourage employee retention and in the case of a pending change in control transaction motivate the employee to exert maximum efforts to see that the transaction is consummated.

Pursuant to agreements between the Company and Mr. Morgan, Mr. Morgan is (i) required to maintain Company confidential and proprietary information in confidence for an indefinite period following separation from service with the Company; (ii) prohibited from soliciting to conduct any competitive business with a Company customer for a period of six months following separation from employment; and (iii) prohibited from soliciting for employment Company employees for a period of 12 months following separation from employment.

David J. Robertson (Vice President, Engineering)

The agreement with Mr. Robertson provides for the payment to him of \$100,000, representing six months of base salary, if Mr. Robertson's employment is terminated by the Company without cause. For these purposes, cause means (1) the conviction of the employee of any felony, or (2) the intentional and continued failure by the employee to substantially perform the employee's employment duties, such intentional action involving willful and deliberate malfeasance or gross negligence in the performance of the employee's duties (other than any such failure resulting from the employee's incapacity due to physical or mental illness), after written demand for substantial performance, such demand not to be unreasonable, is delivered by the company or an affiliate, as applicable, that specifically identifies the manner in which the company or the affiliate, as applicable, believes the employee has not substantially performed the employee's duties and which continues beyond a period of 10 business days immediately after notice thereof by the company to the employee, (3) the intentional wrongdoing by the employee that is materially injurious to the Company or employing affiliate, as applicable, or (4) acts by the employee of moral turpitude that are injurious to the Company. For purposes of this definition, no act, or failure to act, on the part of the employee shall be deemed to be intentional unless done, or omitted to be done, by the employee not in good faith and without reasonable belief that the employee's action or omission was in the best interests of the Company or the employing affiliate, or both, as applicable.

The agreement with Mr. Robertson also provides for the payment to him of \$100,000, representing six months of base salary, if Mr. Robertson resigns employment for good reason. For these purposes, good reason means a cumulative reduction of more than 10% based on Mr. Robertson's highest annual base salary during the term of his employment with the Company.

Mr. Robertson's severance agreement also provides for the payment to him of \$100,000, representing six months of base salary, if a change in control of the Company occurs. For these purposes, change in control generally has the same meaning given such term in Mr. Spurr's severance agreement, as described above.

These severance payments are to be made in a lump sum payment within 30 days of the applicable event.

Furthermore, if Mr. Robertson's employment is terminated without cause or a change in control occurs, then all of his then unvested Company-issued stock options immediately vest. As of December 31, 2007, and April 3, 2008, respectively, the intrinsic value (*i.e.*, the fair market value of the Company's common stock minus the exercise price of the options in question) of the options that would have vested in this circumstance was approximately \$273,333 and \$177,333. The Board believes these option acceleration provisions encourage employee retention and in the

Table of Contents

case of a pending change in control transaction motivate the employee to exert maximum efforts to see that the transaction is consummated.

Pursuant to agreements between the Company and Mr. Robertson, Mr. Robertson is (i) required to maintain Company confidential and proprietary information in confidence for an indefinite period following separation from service with the Company; (ii) prohibited from soliciting to conduct any competitive business with a Company customer for a period of six months following separation from employment; and (iii) prohibited from soliciting for employment Company employees for a period of 12 months following separation from employment.

Barry W. Wilson (Chief Financial Officer & Treasurer)

The agreement with Mr. Wilson provides for the payment to him of \$77,500, representing six months of base salary, if Mr. Wilson's employment is terminated by the Company without cause. For these purposes, cause shall mean (a) the conviction of the employee of any felony; (b) the intentional and continued failure by the employee to substantially perform the employee's employment duties, such intentional action involving willful and deliberate malfeasance or gross negligence in the performance of the employee's duties (other than any such failure resulting from the employee's incapacity due to physical or mental illness), after written demand for substantial performance is delivered by the Company that specifically identifies the manner in which the Company believes the employee has not substantially performed the employee's duties and that is not cured within five business days after notice thereof by the Company to the employee; (c) the intentional wrongdoing by the employee that is materially injurious to the Company; (d) acts by the employee of moral turpitude that are injurious to the Company; or (e) breach of the confidentiality and invention agreement between the Company and the employee. The separation payment is to be paid in six equal monthly cash payments within 30 days of the occurrence of the applicable event. Alternatively, the Company may, in the Company's discretion, pay the separation payment using shares of the Company's common stock.

Furthermore, if Mr. Wilson's employment is terminated without cause or a change in control occurs, then all of his then unvested Company-issued stock options immediately vest. As of December 31, 2007, and April 3, 2008, respectively, the intrinsic value (*i.e.*, the fair market value of the Company's common stock minus the exercise price of the options in question) of the options that would have vested in this circumstance was approximately \$76,122 and \$51,092. The Board believes these option acceleration provisions encourage employee retention and in the case of a pending change in control transaction motivate the employee to exert maximum efforts to see that the transaction is consummated.

Pursuant to agreements between the Company and Mr. Wilson, Mr. Wilson is (i) required to maintain Company confidential and proprietary information in confidence for an indefinite period following separation from service with the Company; (ii) prohibited from soliciting to conduct any competitive business with a Company customer for a period of six months following separation from employment; and (iii) prohibited from soliciting for employment Company employees for a period of 12 months following separation from employment.

Ronald A. Woessner (Senior Vice President & General Counsel)

Mr. Woessner's agreement was originally entered into between the Company and Mr. Woessner in 1996. The agreement, which has been subsequently amended and restated, was substantially identical to the severance agreements offered to the Company's other senior executives at that time. The agreement provided that Mr. Woessner earned a severance payment

Table of Contents

at the rate of two months of severance for every year of employment (not to exceed 18 months of severance) if the Company terminates his employment without cause or if he resigns employment for good reason. This formula was specifically designed to encourage and reward tenure with the Company. Based on Mr. Woessner's tenure at the Company, he is eligible to receive the maximum amount payable under the agreement, or \$337,500, representing 18 months of base salary, if the Company terminates his employment without cause or if he resigns employment for good reason. For these purposes, cause means (1) the intentional and continued failure by the employee to substantially perform the employee's employment duties, such intentional actions involving willful and deliberate malfeasance or gross negligence in the performance of the employee's duties (other than any such failure resulting from the employee's incapacity due to physical or mental illness), after written demand for substantial performance is delivered by the company or an affiliate, as applicable, that specifically identifies the manner (such demand not to be unreasonable) in which the company or the affiliate, as applicable, believes the employee has not substantially performed the employee's duties; or (2) the willful engaging by the employee in misconduct that is materially injurious to the Company or employing affiliate, as applicable; or (3) the conviction of the employee of any felony or crime of moral turpitude that is injurious to the Company; or (4) the employee attains the mandatory retirement age specified in any applicable retirement plan of the Company or any successor-in-interest (but for purposes of the clause (4), any such mandatory retirement age shall not be less than age 65). For purposes of this definition, no act, or failure to act, on the employee's part shall be considered willful unless done, or omitted to be done, by the employee not in good faith and without reasonable belief that the employee's action or omission was in the best interest of the Company or the applicable affiliate(s), or both, as applicable.

For Mr. Woessner's severance agreement, good reason means (1) any material diminution in the employee's title and duties that has not been cured within thirty days after notice of such noncompliance has been given (within 30 days of the alleged material diminution) by the employee to the Company or the employing affiliate, as applicable. A change in title or duties will not be considered to be a material diminution in title or duties if, after such change, the employee is an officer of the Company; the employee's reporting relationship does not change or the employee reports to the Company's chief executive officer or chief operating officer; and a substantial portion of the employee's duties are in the employee's field of professional training or experience; (2) a reduction of more than 10% in the employee's base salary (with the 10% being cumulative over the term of the employee's employment, but any percentage reduction that is actually made is made against the employee's then current base salary); (3) any purported termination for cause of the employee's employment that is not effected pursuant to the procedural requirements of the severance agreement; (4) the location of the employee's place of employment is moved more than 50 miles from its current location; or (5) the employee becomes the subject of a disability.

Mr. Woessner's severance agreement also provides for the payment to him of \$450,000, representing twenty-four months of base salary, if he resigns his employment following a change in control of the Company. For these purposes, change in control generally has the meaning given such term in Mr. Spurr's severance agreement, as described above.

The agreement provides that the severance payment is to be paid by the Company in a lump-sum amount contemporaneously with the occurrence of the applicable event.

Furthermore, upon the occurrence of an employment termination without cause, change in control, or resignation for good reason all of Mr. Woessner's then unvested Company-issued stock options immediately vest. As of December 31, 2007, and April 3, 2008, respectively, the intrinsic value (*i.e.*, the fair market value of the Company's common stock minus the exercise price of the options in question) of the options that would have vested in this

Table of Contents

circumstance was approximately \$218,667 and \$141,866. The Board believes these option acceleration provisions encourage employee retention and in the case of a pending change in control transaction motivate the employee to exert maximum efforts to see that the transaction is consummated.

Pursuant to agreements between the Company and Mr. Woessner, Mr. Woessner is (i) required to maintain Company confidential and proprietary information in confidence for an indefinite period following separation from service with the Company; (ii) prohibited from soliciting to conduct any competitive business with a Company customer for a period of six months following separation from employment; and (iii) prohibited from soliciting for employment Company employees for a period of 12 months following separation from employment.

The Company is also party to severance agreements with Mr. Spurr's other direct reports, which generally provide for the payment of six months of base salary in the event of a termination of employment without cause.

* Mr. Wilson became the Company's Chief Financial Officer

in
November 2006.

- (1) The columns entitled Bonus, Stock Awards, and Change in Pension Value and Nonqualified Deferred Compensation Earnings have been deleted from the Summary Compensation Table because no amounts were paid or attributable to the named executive officers for those categories for the periods indicated.

- (2) The stated amount is the aggregate compensation financial accounting expense (cost) recognized with respect to the person s outstanding stock options during calendar year 2006. These amounts were computed in accordance with the requirements of Financial Accounting Standards 123R (FAS 123R). The assumptions underlying the computation of

the fair market value of these options (and the corresponding compensation expense (cost) during calendar years 2006 and 2007) are set forth in Footnote 4,

Stock Options and Stock-based Employee Compensation to our Audited Financial Statements included in our 2007 Annual Report on Form 10-K.

- (3) Other than the amounts payable to Mr. Wilson in 2006, the stated amounts were paid based on the achievement of the predetermined performance objectives approved by our Board of Directors as described in the **Compensation Discussion and Analysis** above.

- (4) Includes 401(k) company contribution and life insurance premiums paid by us for the benefit of the named person.

- (5) The vesting of certain options held by Messrs. Wilson, Morgan, Robertson and other Company employees was accelerated in December 2005, as described in the Company's filing on Form 8-K,

Table of Contents

dated January 4, 2006. The vesting of Mr. Woessner's options was not accelerated. If his option vesting had been accelerated, the stated amount for Mr. Woessner would have been in the range of the stated amounts for Messrs. Morgan and Robertson. The purpose of the option acceleration was to eliminate future compensation expense the Company would otherwise have been required to recognize in its income statement with respect to the accelerated options once FAS 123R, a new accounting rule at that time, became effective on January 1, 2006.

- (6) Actual compensation was paid in Canadian dollars and has been translated to U.S. dollars using the 2006

and 2007
average daily
exchange rates,
respectively, of
.881743 and
.930752 U.S.
dollar per
Canadian dollar.

Grants of Plan-Based Awards Table

The following table sets forth information pertaining to grants of awards under company-sponsored equity incentive plans (*e.g.* stock option grants) and non-equity incentive plans (*e.g.*, variable compensation) to the specified company executive officers in calendar year 2007:

Name	Grant Date of Equity-Based Awards	Estimated Future Payouts Under Non-Equity Incentive Plan Awards Target ⁽¹⁾	All Other Option Awards: Number of Securities Underlying Options	Exercise or Base Price of Option Awards	Grant Date Fair Value of Stock and Option Awards ⁽²⁾
Richard D. Spurr	12/20/07	\$ 200,000	400,000	\$4.87	\$ 1,359,523
Barry W. Wilson	12/20/07	\$ 20,000	20,000	\$4.87	\$ 67,976
Russell J. Morgan	12/20/07	\$ 75,000	50,000	\$4.87	\$ 169,940
David J. Robertson	12/20/07	\$ 75,000	75,000	\$4.87	\$ 254,911
Ronald A. Woessner	12/20/07	\$ 50,000	40,000	\$4.87	\$ 135,952

(1) The targeted amounts were established by the Board of Directors pursuant to the Company's 2007 Management Variable Compensation Plan. The Plan provided that the amounts actually to be

paid would be based on the achievement of pre-determined performance objectives stated in the Plan. The amounts actually paid to each of the named executive officers for calendar year 2007 (representing approximately 79.2% of the targeted amounts) are reflected in the column entitled Non-Equity Incentive Plan Compensation in the Summary Compensation Table above.

Compensation

above for more information pertaining to the performance metrics that establish the variable compensation amounts to be paid to the Company's named executive officers under the Plan.

- (2) The stated amount is the aggregate fair market value of the option grant on the grant date computed in accordance with the requirements of Financial Accounting Standards 123R (FAS 123R). The assumptions underlying the computation of the fair market value are set forth in Footnote 4, Stock Options and Stock-based Employee Compensation to our Audited Financial Statements included in our 2007 Annual Report on Form 10-K.

- (8) Dr. Streetman holds options to acquire 320,824 shares of our common stock, all of which were vested as of March 31, 2008. The aggregate fair market value of his January 2007 (40,000) option grant on the grant date computed in accordance with the requirements of FAS 123R was \$35,632. Of these 40,000 option shares, only 3,333 vested and remain exercisable due to Dr. Streetman's resignation from the Company's Board of Directors, effective April 14, 2007.

Pursuant to the terms of the Zix Corporation 2006 Directors' Stock Option Plan (the "2006 Directors' Plan"), on the day that a non-employee director is first appointed or elected to the Board, such director shall be granted nonqualified

options to purchase 25,000 shares of our common stock. The options vest quarterly and pro-rata over one year from the date of grant. Also, under the 2006 Director's Plan, on the first business day in January of each year, each non-employee director that has served on the Board for at least six months as of the grant date shall be granted nonqualified options to purchase a number of shares of our common stock equal to the *greater* of (i) one-half of one percent of the number of our outstanding common stock shares (measured as of the immediately preceding December 31) or (ii) 200,000 shares of our common stock, divided by the *greater* of (A) five or (B) the number of non-employee directors that have served on our Board for at least six months as of the date of grant; *provided that*, the number of shares of our common stock covered by any such January option grant shall not exceed 40,000 shares. The options vest quarterly and pro-rata over three years from the grant date. The exercise price of the 25,000 share option grants and of the January share option grants shall be 100% of the fair market value of our common stock on the date of grant. The options may not be exercised after the tenth anniversary of the date of grant.

Also, to conserve the Company's cash, we augment the cash compensation paid to our non-employee directors by granting them stock options for serving on the Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee of the Board of Directors, and other eligible active committees of the Board of Directors. The chair of the committee is annually granted options to acquire 5,000 shares of our common stock and committee members are annually granted options to acquire 3,000 shares of our common stock. These options vest quarterly and pro-rata over three years from the grant date and the exercise price of the options is the closing price of our common stock on the grant date.

In addition to the stock option grants described above, we pay our non-employee directors cash fees as follows:

Cash payment of \$2,000 per meeting per director for attendance in person at Board meetings;

Cash payment of \$1,000 per meeting per director for attendance at telephonic Board meetings;

Annual cash payment of \$5,000 per director for serving as Chair of a Board committee (assuming attendance of at least two-thirds of the meetings); and

Annual cash payment of \$3,000 per director for serving as a member (*i.e.*, not the Chair) of a Board committee (assuming attendance of at least two-thirds of the meetings).

We also reimburse our directors for expenses they incur in attending our Board or committee meetings.

A description of the material terms of our equity arrangements that have not been approved by our shareholders follows:

Richard D. Spurr, the Company's Chairman, CEO and President

In February 2004, Mr. Spurr, our current Chairman, Chief Executive Officer and President, received options to acquire 650,000 shares of our common stock at an exercise price of \$10.80 per share. These options vested 25% in April 2004 and the remaining balance vested quarterly through January 2007 on a pro-rata basis. As of December 31, 2007, all 650,000 options remained unexercised. For additional information regarding these options, *see* the **Compensation Discussion and Analysis** section above.

Other Non-Shareholder Approved Executive Stock Option Agreements

In 2001 and 2002, options to purchase 450,000 shares of our common stock were granted to key company executives. The options have exercise prices ranging from \$4.96 to \$5.25 and became fully vested in March 2005. As of December 31, 2007, option grants covering 125,000 shares were outstanding.

Other Non-Shareholder Approved Stock Option Agreements With Employees

As of December 31, 2007, option grants to employees were outstanding covering 167,142 and 159,700 shares under our 2001 Employee Stock Option Plan and 2003 New Employee Stock Option Plan, respectively. The terms of these stock option plans and plan arrangements are substantially the same as (if not identical to) the provisions of our 2004 Stock Option Plan. These

options have exercise prices ranging from \$1.50 to \$11.00. The exercise price of all of these options was the fair market value of our common stock or greater on the date of grant, and the vesting periods ranged from immediately vested to vesting pro-rata over three years.

Non-Shareholder Approved Stock Option Agreements With Third Parties

From time-to-time, we may grant stock options to consultants, contractors, and other third parties for services provided to our company. At December 31, 2007, no options were outstanding under non-shareholder approved arrangements to non-employees.

Certain Relationships and Related Transactions

There were no transactions since January 1, 2007, between the Company and a related person required to be reported under SEC Rule Regulation S-K, Item 404(a). However, as a matter of information, Todd R. Spurr, the son of Richard D. Spurr, our Chairman, Chief Executive Officer and President, is employed as an Account Executive in our Secure email sales department. Todd Spurr's employment with the Company pre-dates Richard D. Spurr's employment with the Company. Todd Spurr's compensation is comprised of a base salary and commissions.

The Company's policy regarding the approval of any proposed transaction between the Company and a related person required to be reported under SEC Rule Regulation S-K, Item 404(a) is that such transaction would be subject to the review and approval of a majority of the disinterested director members of the Company's Board of Directors.

OTHER MATTERS

The Company knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters properly come before the Annual Meeting, it is the intention of the persons named in the accompanying proxy card and voting instructions to vote the shares they represent as the Board of Directors may recommend or as they see fit, in their discretion. Discretionary authority with respect to such other matters is granted by the execution of the enclosed proxy card.
