Proxies in the form enclosed are solicited by the Board of Directors for the Annual Meeting of Shareholders to be held on Tuesday, June 4, 2002. Any person giving a proxy may revoke it at any time before it is voted by delivering another proxy, or written notice of revocation, to the Secretary of the Corporation at the Corporation's address listed below. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Thomas E. Gottwald, Chief Executive Officer and director of the Corporation, is a son of Bruce C. Gottwald, Chairman of the Board of Directors and former Chief Executive Officer of the Corporation. The members of the family of Bruce C. Gottwald may be deemed to be control persons of the Corporation.

In April, 2001, the Corporation sold certain real and personal property located in King William, Virginia consisting of approximately 1,600 acres to Old Town, LLC. Old Town, LLC, which is owned by Bruce C. Gottwald and his brother, Floyd D. Gottwald, Jr., a beneficial owner of more than 5% of the outstanding voting shares of the Corporation, paid \$2.9 million in cash for the property based on independent appraisals.

On February 1, 2002, Bruce C. Gottwald made a loan to the Corporation in the amount of \$18,640,000 for a three year term at an interest rate of 8.5%. The monthly payments are interest only during the term of the loan, with the principal amount coming due at maturity. The Corporation used the proceeds of the loan to pay down existing debt. The loan is non-recourse to the Corporation and is secured by a first deed of trust on the three buildings at 330 South Fourth Street, Richmond Virginia, that constitute the principal offices of the Corporation. An independent appraiser valued the three buildings at \$18,640,000. At the end of the loan term, the Corporation has the option to either convey the property to the lender in satisfaction of the debt or repay the debt. Should the Corporation fail to repay the debt, the lender has a "call" right by which the lender can require that the Corporation convey the property to the lender in satisfaction of the debt.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based solely on its review of the forms required by Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), that have been received by the Corporation, the Corporation believes that there has been compliance with all filing requirements applicable to its officers, directors and beneficial owners of greater than 10% of Ethyl Common Stock, except that Mr. Newton A. Perry inadvertently did not report in a timely manner shares purchased solely by his wife. Mr. Newton A. Perry filed an amendment to his Form 5 disclosing his indirect ownership of such shares. Additionally, Mr. Bruce R. Hazelgrove, III, who became a vice president on June 1, 2001, filed his Form 3 with his timely Form 5 on February 13, 2002.

STOCK OWNERSHIP

Edgar Filing: ETHYL CORP - Form PRE 14A

The following table lists any person (including any "group" as that term is used in Section 13(d)(3) of the Exchange Act) who, to the knowledge of the Corporation, was the beneficial owner as of January 31, 2002, of more than 5% of the outstanding voting shares of the Corporation.

Gottwald, Jr. had sole voting and investment power over all of the shares disclosed except 1,671,459 shares held by his wife and in certain trust relationships as to which he disclaims beneficial ownership. This amount does not include an aggregate of 4,272,607 shares of Ethyl Common Stock beneficially owned by the adult sons of Floyd D. Gottwald, Jr. Floyd D. Gottwald, Jr. and his adult sons have no agreement with respect to the acquisition, retention, disposition or voting of Ethyl Common Stock.

- (b) As of January 31, 2002, Bruce C. Gottwald had sole voting and investment power over all of the shares disclosed except 889,588 shares held by his wife and in certain trust relationships as to which he disclaims beneficial ownership. This amount does not include an aggregate of 4,714,785 shares of Ethyl Common Stock beneficially owned by the adult sons of Bruce C. Gottwald. Bruce C. Gottwald and his adult sons have no agreement with respect to the acquisition, retention, disposition or voting of Ethyl Common Stock.
- (c) This amount does not include any shares owned of record by Merrill Lynch Trust Company, as Trustee under the Corporation's savings plan for the benefit of employees of the Corporation. Shares held under the Corporation's savings plan are voted by the Trustee in accordance with instructions solicited from employees participating in the plan. If a participating employee does not give the Trustee voting instructions, his or her shares generally are voted by the Trustee in accordance with the Board's recommendations to the shareholders. Because members of the family of Bruce C. Gottwald are executive officers and directors of the Corporation and are among the largest shareholders of the Corporation, they may be deemed to be control persons of the Corporation and to have the capacity to control any such recommendation of the Board of Directors.

* Assumes attainment of age 65 in 2001 and Social Security Covered Compensation of \$37,212.

The benefit formula under the pension plans is based on the participant's final-average earnings, which are defined as the average of the highest three consecutive calendar years' earnings (base pay plus 50% of incentive bonuses paid in any fiscal year) during the 10 consecutive calendar years immediately preceding the date of determination. The years of pension benefit service for each of the executive officers named in the above compensation table as of December 31, 2001, are: Bruce C. Gottwald, 51; Thomas E. Gottwald, 10; Warren Huang, 22; Newton A. Perry, 33; Donald Lynam, 21 and Alexander McLean, 13. Benefits under the pension plans are computed on the basis of a life annuity with 60 months guaranteed payments. The benefits listed in the above compensation table are not subject to deduction for Social Security. On December 31, 2000, Ethyl terminated its tax qualified defined benefit plan (the "old plan") and implemented a new tax-qualified defined benefit plan with an identical formula on January 1, 2001 (the "new plan"). Benefits under the new plan are offset by benefits that were paid or payable under the old plan. For

Edgar Filing: ETHYL CORP - Form PRE 14A

purposes of determining pension benefit service under the new plan, participants receive credit for years of pension benefit service earned under the old plan.

Mr. McLean, who was previously employed by Ethyl Petroleum Additives Limited, a subsidiary of the Corporation located in the United Kingdom, also participated in the Ethyl Petroleum Additives Limited Pension Plan (the "Additives Plan"). The formula under the Additives Plan is equal to 1.6667% times pensionable salary times years of service. Mr. McLean has 7.833 years of service under that plan. This accrued benefit as of April 30, 1997, is \$47,028 per year, payable at age 65. This amount has been converted from British pounds to U.S. dollars at the conversion rate of 1(Pounds):\$1.4543 as of December 31, 2001. The amount payable under the Additives Plan is offset from the amount payable under the pension plan described above.

7

EXCESS BENEFIT PLANS

The Corporation maintains excess benefit plans (the "Excess Plans") in the form of nonqualified pension plans that provide eligible individuals the difference between the benefits they actually accrue under the qualified employee pension and savings plans of the Corporation and the benefits they would have accrued under such plans but for the maximum benefit and annual addition limitations and the limitation on compensation that may be recognized thereunder under the Code. All benefits under the Excess Plans vest upon a Change in Control of the Corporation, as defined in the Excess Plans. Participants in the Excess Plans receive their benefits in the form elected under the qualified employee pension plans of the Corporation or under certain circumstances in a lump sum payment.

Mr. Walker, who retired as an officer and employee of the Corporation on January 31, 1998, received a series of payments that were equivalent to the present value of his accrued benefits under the Excess Plans plus any earnings on the funds designed for such payments. This arrangement is in lieu of any benefits under the Excess Plans.

COMPENSATION OF DIRECTORS

Each non-employee director is paid (i) \$1,000 for attendance at each Board meeting and (ii) \$600 for attendance at each meeting of a committee of the Board of which he or she is a member. In addition, each such director is paid a quarterly fee of \$3,000, which was reduced from \$5,000 effective April 1, 2001. Employee members of the Board of Directors are not paid separately for their service on the Board or its committees.

Any director retiring from the Board after age 60 with at least five years' service on the Board will receive \$12,000 per year for life, payable in quarterly installments. The service requirement for this benefit may be waived under certain circumstances. Any director retiring under other circumstances will receive \$12,000 per year, payable in quarterly installments, commencing no earlier than age 60, for a period not to exceed his years of service on the Board. The payment period limitation on this benefit may be waived in certain circumstances. Such retirement payments to former directors may be discontinued under certain circumstances.

Under the Directors' Stock Plan, on each July 1, each non-employee director is awarded that number of whole shares of Ethyl Common Stock that, when multiplied by the closing price of Ethyl Common Stock on the immediately preceding business day, as reported in The Wall Street Journal, shall as nearly

Edgar Filing: ETHYL CORP - Form PRE 14A

as possible equal but not exceed \$2,000. The shares of Ethyl Common Stock awarded under the Directors' Stock Plan are nonforfeitable and the recipient directors immediately and fully vest in Ethyl Common Stock issued under the Director's Stock Plan. Subject only to such limitations on transfer as may be specified by applicable securities laws, directors may sell their shares under the Directors' Stock Plan at any time. The Directors' Stock Plan provides that no awards may be made after July 1, 2011.

Non-employee directors may defer, in ten percent increments, all or part of their retainer fee and meeting fees into either a deferred cash account or a deferred stock account (the "Deferred Compensation Plan"), or a percentage of the fees into each of the accounts, both of which are unfunded and maintained for recordkeeping purposes only. Distributions under the Deferred Compensation Plan, paid in a single sum or in up to ten annual installments, cannot begin within two years of the beginning of the deferral year. The maximum aggregate number of shares of Ethyl Common Stock that may be issued under the Deferred Compensation Plan is 100,000 shares.

BONUS, SALARY AND STOCK OPTION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Bonus, Salary and Stock Option Committee of the Board of Directors (the "Committee"), which performs the function of a compensation committee, consists of Messrs. Berry (Chairman), Grosvenor and Scott and Ms. Cothran. The Committee is delegated the power to administer the compensation program of the Corporation applicable to its executive officers, including the Chief Executive Officer. Accordingly, the Committee submits this report on executive compensation to the shareholders.

Overall Objectives

The objectives of the Corporation's executive compensation program are to:

- . Provide balanced, competitive total compensation that will enable the Corporation to attract, motivate and retain highly qualified executives;
- . Provide incentives for enhancing the profitability of the Corporation by rewarding executives for meeting individual and corporate goals; and
- . Align the financial interests of the executives closely to those of the shareholders by encouraging executive ownership of Ethyl Common Stock.

Elements of the Program

The Committee believes the interests of the shareholders will be best served if the compensation program consists of cash compensation and equity ownership, with a significant portion of compensation depending upon performance. The program includes: base salary, annual bonuses in cash or cash and stock, and stock options with performance vesting and SARs. The Committee considers all elements of the program when setting appropriate compensation.

The Corporation seeks to maintain its executive compensation packages around the mid-range of those offered generally in the job markets in which the Corporation competes for talent and experience. More recently the Corporation has been concentrating on streamlining operations with the focus of employment and compensation decisions directed at reducing costs.

Base Salaries

Edgar Filing: ETHYL CORP - Form PRE 14A

Base salaries have been based on evaluations of past and current Corporation operating profits and individual contribution to the Corporation's success, market data for comparable positions and salary levels of the Corporation's peer group companies and alignment of salary and organization within the Corporation. The Committee considers each of the individual factors but does not assign a specific value to each factor, and a subjective element is acknowledged in evaluating each executive's contribution. Salary survey data from the Corporation's peer group companies indicated the Corporation's executive level compensation to be within the ranges of compensation offered by peer group companies.

Annual Bonuses

The annual bonus program has been designed to motivate and reward performance measured against individual, division, department and corporate objectives. Annual bonus awards are determined by the Committee in conjunction with senior management, and are based on evaluation of the performance, level of responsibility and leadership of the individual executive in relation to overall corporate results. For 2001, no bonuses were paid to any of the executive officers.

9

Stock Options

Under the Incentive Stock Option Plan approved by the shareholders, the Committee, in its discretion, may grant options to purchase shares of Ethyl Common Stock (with or without related SARs) to any officer or key employee of the Corporation or any subsidiary who has contributed or can be expected to contribute to the Corporation's profits and growth. The Committee determines the amount of the grant, the term of the options and the requisite conditions for exercise. In 2001, options were granted to executive officers and other key employees. See page .

CEO Compensation

On May 30, 2001, Mr. Bruce C. Gottwald announced his retirement as the Chief Executive Officer of the Corporation. The Board of Directors elected Mr. Thomas E. Gottwald, the President and former Chief Operating Officer of the Corporation, to the role of Chief Executive Officer, effective June 1, 2001. His compensation has not been increased over that which he would have received in his capacity as President of the Corporation.

Section 162(m)

Section 162(m) of the Code provides certain criteria for the tax deductibility of compensation in excess of \$1 million paid to the Corporation's executive officers. To meet the criteria applicable to performance-based compensation (as defined in Section 162(m) of the Code), certain of the Corporation's benefit plans would have to be amended to limit the Committee's discretion to determine individual awards based on individual performance factors and other factors as the Committee may determine, from time to time, to be relevant.

The Committee believes that the flexibility on awards is an important feature of the plans and one that serves the best interests of the Corporation by allowing the Committee to recognize and motivate individual executive officers as circumstances warrant. Further, the Committee currently does not anticipate that there will be any compensation subject to the loss of tax

Edgar Filing: ETHYL CORP - Form PRE 14A

deductibility. Consequently, the Committee does not propose at the present time to amend any plan to comply with the performance-based criteria.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors (the "Audit Committee") is composed of four independent directors and operates under a written charter adopted by the Board of Directors. Management is responsible for the Corporation's internal controls and the financial reporting process. The independent accountants are responsible for performing an independent audit of the Corporation's consolidated financial statements in accordance with generally accepted auditing standards and for issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes and to report thereon to the Board of Directors. The Audit Committee also reviews audit fees and recommends to the Board of Directors, subject to shareholder ratification, the selection of the Corporation's independent accountants. In this context, the Audit Committee has met and held discussions with management and PricewaterhouseCoopers LLP, the Corporation's independent accountants.

Management represented to the Audit Committee that the Corporation's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and PricewaterhouseCoopers.

The Audit Committee has discussed with PricewaterhouseCoopers the matters required to be discussed by Statement on Auditing Standards No. 61 (Codification of Statements on Accounting Standards), including the scope of the auditor's responsibilities, significant accounting adjustments and any disagreements with management.

The Audit Committee also has received the written disclosures and the letter from PricewaterhouseCoopers relating to the independence of that firm as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and has discussed with PricewaterhouseCoopers that firm's independence from the Corporation.

Based upon the Audit Committee's discussions with management and PricewaterhouseCoopers and the Audit Committee's review of the representation of management and the report of PricewaterhouseCoopers to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2001 filed with the Securities and Exchange Commission.

During the fiscal year ended December 31, 2001, PricewaterhouseCoopers billed the Corporation the fees set forth below in connection with services rendered by that firm to the Corporation.

Edgar Filing: ETHYL CORP - Form PRE 14A

Audit Fees. For professional services rendered by PricewaterhouseCoopers for the audit of the Corporation's annual financial statements for the fiscal year ended December 31, 2001, and the reviews of the financial statements included in the Corporation's Quarterly Reports on Form 10-Q for the fiscal year ended December 31, 2001, PricewaterhouseCoopers billed the Corporation fees in the aggregate amount of \$597,825.

Financial Information Systems Design and Implementation Fees. For the fiscal year ended December 31, 2001, there were no fees billed by Pricewaterhouse Coopers for professional services rendered in connection with financial information systems design and implementation.

All Other Fees. For professional services other than those described above for the fiscal year ended December 31, 2001, PricewaterhouseCoopers billed the Corporation fees in the aggregate amount of \$449,490. To ensure compliance with the Securities and Exchanges Commission's new requirements relating to the independence of the external auditors, the Corporation has engaged Keiter, Stephens, Hurst, Gary and Shreaves to assist the Corporation with the performance of internal audit procedures for 2001 and 2002.

11

As a part of its deliberations, the Audit Committee has considered whether the provision of services described above under "Financial Information Systems Design and Implementation Fees" and "All Other Fees" is compatible with maintaining the independence of PricewaterhouseCoopers. The Committee concurred with management's decision that, in light of the increased emphasis on auditor independence, a different accounting firm should be used for any internal audit projects in 2002.

APPROVAL OF REVERSE STOCK SPLIT

PROPOSAL 2

Assuming a quorum is present at the meeting, the proposal to approve the amendment to the Corporation's Restated Articles of Incorporation authorizing a reverse stock split of the Ethyl Common Stock will be approved if it receives the affirmative vote of the holders of at least a majority of the outstanding shares of Ethyl Common Stock entitled to vote. Abstentions and shares held in street name that are not voted on this proposal will have the same effect as a vote against the proposal.

General

On March 26, 2002, the Board of Directors approved, and recommends that the shareholders of the Corporation approve, an amendment to the Corporation's Restated Articles of Incorporation (the "Amendment") effecting a 1-for-5 reverse stock split of the Ethyl Common Stock and reducing the number of authorized shares of Ethyl Common Stock from 400,000,000 to 80,000,000 (the "Reverse Stock Split"). If the Amendment is approved by the shareholders, each holder of record of Ethyl Common Stock on the effective date of the Reverse Stock Split will thereafter be deemed to hold one share of Ethyl Common Stock for every five presently issued

and outstanding shares of Ethyl Common Stock held of record on that date. It is not anticipated that the financial condition of the Corporation, the percentage ownership of each shareholder or any aspect of the Corporation's business would change materially as a result of the Reverse Stock Split.

Edgar Filing: ETHYL CORP - Form PRE 14A

As discussed more fully below, the Board of Directors believes the Reverse Stock Split is in the best interests of the Corporation because the decrease in the number of shares outstanding and the resulting anticipated increased price level of the Common Stock:

- . Should encourage greater interest in Ethyl Common Stock by the investment community and thereby may facilitate the development of a broader base of investors in Ethyl Common Stock; and
- . Should allow the Corporation to retain its listing on the New York Stock Exchange ("NYSE").

Purposes of the Proposed Reverse Stock Split

The Reverse Stock Split will reduce the number of shares of Ethyl Common Stock outstanding with the objective of increasing the market price of Ethyl Common Stock, which should encourage greater interest in Ethyl Common Stock by the investment community. The Board of Directors believes that the current per share price of Ethyl Common Stock may limit its marketability. Many brokerage firms and institutional investors are reluctant to recommend lower-priced stocks to their clients or to hold them in their own portfolios. The brokerage commission on the sale of a lower-priced stock also may represent a higher percentage of the sale price than the commission on a higher-priced issue. Any reduction in brokerage commissions resulting from the Reserve Stock Split may be offset, however, in whole or in part, by increased brokerage commissions required to be paid by shareholders electing to sell "odd lots" created by the Reverse Stock Split.

Ethyl Common Stock is listed on the NYSE. One of the NYSE's continued listing requirements is that the average per share closing price of a company's common stock for any consecutive 30 day trading period may not fall below \$1.00 per share. The Corporation received a letter dated December 12, 2001, from the staff of the NYSE advising that the average closing price of the Ethyl Common Stock had been below \$1.00 per share for a period of thirty consecutive trading days. In order to maintain its NYSE listing, the Corporation must bring its share price and average share price back above \$1.00 by six months following receipt of the notification. While Ethyl Common Stock has been trading above \$1.00 since January 8, 2002, the Board of Directors believes that the Reverse Stock Split will help ensure continued listing of the NYSE.

Implementation of the Reverse Stock Split

Pursuant to the Reverse Stock Split, each holder of five shares of Ethyl Common Stock, par value \$1.00 per share (the "Old Common Stock"), immediately prior to the effectiveness of the Amendment would become the holder of one share of Ethyl Common Stock, par value \$1.00 per share (the "New Common Stock").

No fractional shares of New Common Stock will be issued in connection with the Reverse Stock Split. Instead, holders of Old Common Stock who would otherwise be entitled to receive fractional shares of New Common Stock because they hold a number of shares of Old Common Stock not evenly divisible by five will be entitled to receive from the Corporation a cash payment equal to the fair market value, as determined by the Board of Directors, of any fractional shares of New Common Stock resulting from the Reverse Stock Split. The fair market value will be the average of the closing price for Old Common Stock as reported for the NYSE Composite Transactions on each of the five trading days preceding the date on which the Reverse Stock Split becomes effective. The funds required to purchase fractional shares resulting from the Reverse Stock Split will be paid from the Corporation's current cash funds. It is not expected that the amount necessary to effect the cancellation of fractional shares will be material.

Edgar Filing: ETHYL CORP - Form PRE 14A

If the Amendment is approved by the shareholders, the Board of Directors intends to cause the Articles of Amendment to be filed with the Virginia State Corporation Commission in order to become effective on July 1,

14

2002. Upon the effectiveness of the Amendment, Article III of the Corporation's Restated Articles of Incorporation would be amended as set forth in Annex I hereto.

Upon the effectiveness of the Amendment, the Reverse Stock Split will occur without any further action on the part of shareholders of the Corporation and without regard to the date or dates on which the stock certificates are physically surrendered in exchange for certificates representing the number of shares of New Common Stock such shareholders are entitled to receive as a consequence of the Reverse Stock Split.

As soon as practicable after the effectiveness of the Amendment, letters of transmittal will be mailed to each record holder of Ethyl Common Stock as of July 1, 2002. The letter of transmittal will direct each shareholder to surrender the Old Common Stock certificates. Upon the surrender of the stock certificates, the shareholder will receive in exchange therefor the whole number of shares of New Common Stock to which he or she is entitled and any cash that may be payable in lieu of any fractional share. The shareholder will have a choice of receiving the New Common Stock in book-entry form through the direct registration system ("DRS") or in the form of certificates.

DRS means that, instead of receiving certificates representing shares of New Common Stock, shareholders will have their shares of New Common Stock held in an account maintained by Computershare Investor Services, the Corporation's transfer agent. Shareholders will periodically receive account statements reflecting their ownership of shares of New Common Stock from Computershare after their shares of Old Common Stock are exchanged. Shares held in book-entry form have all of the traditional rights and privileges as shares held in certificate form. DRS eliminates the risk and expense of replacing lost certificates and allows shareholders to sell their shares or have them delivered to their broker without having to retrieve paper certificates. Shareholders may at any time convert their New Common Stock held in book-entry form to a certificate representing such shares by contacting Computershare at 2 North LaSalle Street, Chicago, Illinois 60602, or by telephoning 1-800-625-5191. Questions about DRS should be directed to Computershare at 1-800-625-5191.

The letters of transmittal will be accompanied by instructions specifying other details of the exchange. Shareholders should not send in their certificates until they receive a letter of transmittal.

Until surrendered and exchanged as provided above, each certificate representing shares of Old Common Stock shall, after the effectiveness of the Reverse Stock Split, represent for all purposes only the right to receive shares of New Common Stock and cash in lieu of fractional shares.

No processing fees will be payable by holders of shares of Ethyl Common Stock in connection with the exchange of certificates, other than the costs of the mailing of the Old Common Stock to Computershare.

Effects of the Reverse Stock Split

Ethyl Common Stock is currently registered under Section 12(g) of the

Edgar Filing: ETHYL CORP - Form PRE 14A

Exchange Act, and as a result, the Corporation is subject to the periodic reporting and other requirements of the Exchange Act. The Reverse Stock Split will not affect the registration of the Ethyl Common Stock under the Exchange Act and the Corporation has no present intention of terminating its registration under the Exchange Act in order to become a "private" company.

With the exception of the number of issued and outstanding shares, the rights and preferences of the shares of Ethyl Common Stock prior and subsequent to the Reverse Stock Split will remain the same.

The Corporation is presently authorized to issue a maximum of 400,000,000 shares of Ethyl Common Stock. As of March 28, 2002, 83,454,460 shares of Ethyl Common Stock were issued and outstanding. The per share par value of the Ethyl Common Stock will not change as a result of the Reverse Stock Split. The number of shares issuable upon the exercise of outstanding options to acquire Ethyl Common Stock and the exercise price of these options, as well as the number of shares authorized under the Corporation's employee benefit plans, will be adjusted proportionately upon the effectiveness of the Amendment.

15

The shares of Ethyl Common Stock issuable upon approval of the Amendment will be fully paid and nonassessable. The voting rights and other privileges of the continuing holders of Ethyl Common Stock will not be affected substantively by the adoption of the Amendment or implementation of the Reverse Stock Split.

Federal Income Tax Consequences

The information contained in the following paragraph is for general informational purposes only. Shareholders should consult their own tax advisors as to any federal, state, local and foreign tax effects of the Reverse Stock Split in light of their individual circumstances.

The change of the Old Common Stock into the New Common Stock should not have material federal income tax consequences to the shareholders of the Corporation. The change of the Old Common Stock into the New Common Stock generally will not cause any gain or loss to be recognized by a shareholder, except for cash received for a fractional share. A shareholder who receives cash for a fractional share will recognize gain or loss equal to the difference between the amount of cash received and the shareholder's basis in the fractional share. The aggregate basis of the shares of New Common Stock including any fractional share for which a shareholder receives cash, will be the same as the aggregate basis of the Old Common Stock held by the shareholder. A shareholder's holding period for shares of New Common Stock will include the holding period for shares of Old Common Stock held by the shareholder if they are held as a capital asset at the effective time of the Reverse Stock Split.

Accounting Effects of the Reverse Stock Split

Following the effective date of the Reverse Stock Split, the par value of Ethyl Common Stock will remain at \$1.00 per share. As a result, the Corporation's stated capital will be reduced and capital in excess of par value (paid-in capital) increased accordingly. Shareholder's equity will remain largely unchanged, but will be reduced by the de minimus costs associated with effecting the Reverse Stock Split and the repurchase of fractional shares.

No Dissenter's Rights

Under Virginia's law, shareholders are not entitled to dissenter's rights of

Edgar Filing: ETHYL CORP - Form PRE 14A

appraisal with respect to the Reverse Stock Split.

THE BOARD OF DIRECTORS OF THE CORPORATION UNANIMOUSLY RECOMMENDS A VOTE FOR THIS PROPOSAL.

16

DESIGNATION OF AUDITORS

PROPOSAL 3

The Board of Directors has designated PricewaterhouseCoopers LLP, certified public accountants, as the Corporation's independent auditors for the year 2002, subject to shareholder approval. Coopers & Lybrand, L.L.P., which was the predecessor of PricewaterhouseCoopers, has audited the Corporation's financial statements since 1962 and those of the former Ethyl Corporation (Delaware) from 1947 to 1962. A representative of PricewaterhouseCoopers is expected to be present at the annual meeting with an opportunity to make a statement and to be available to respond to appropriate questions.

PricewaterhouseCoopers' principal function is to audit the consolidated financial statements of the Corporation and its subsidiaries and, in connection with that audit, to review certain related filings with the Securities and Exchange Commission and to conduct limited reviews of the financial statements included in the Corporation's quarterly reports.

PROPOSALS FOR 2003 ANNUAL MEETING

Under the regulations of the Securities and Exchange Commission, any shareholder desiring to make a proposal to be acted upon at the 2003 annual meeting of shareholders must present such proposal to the Corporation at its principal office in Richmond, Virginia, not later than December 26, 2002, in order for the proposal to be considered for inclusion in the Corporation's proxy statement. The Corporation anticipates holding the 2003 annual meeting on Thursday, April 24, 2003.

The Corporation's bylaws provide that, in addition to any other applicable requirements, for business to be properly brought before the annual meeting by a shareholder, the shareholder must give timely notice in writing to the Secretary of the Corporation not later than 60 days prior to the meeting. As to each matter, the notice should contain (i) a brief description of the matter and the reasons for addressing it at the annual meeting, (ii) the name, record address of and number of shares beneficially owned by the shareholder proposing such business and (iii) any material interest of the shareholder in such business.

CERTAIN MATTERS RELATING TO PROXY MATERIALS AND ANNUAL REPORTS

Electronic Access of Proxy Materials and Annual Reports

This Proxy Statement and the Corporation's Annual Report are available on Corporation's Internet site at <http://www.ethyl.com>. Shareholders can elect to access future proxy soliciting materials, including notices to shareholders of annual meetings and proxy statements, and annual reports over the Internet instead of receiving paper copies in the mail. Providing these documents over the Internet will reduce the Corporation's printing and postage costs and the number of paper documents shareholders would otherwise receive. The Corporation will notify shareholders who consent to accessing these documents over the Internet when such documents will be available. Once given, a shareholder's

Edgar Filing: ETHYL CORP - Form PRE 14A

consent will remain in effect until such shareholder revokes it by notifying the Corporation otherwise at Ethyl Corporation, 330 South Fourth Street, Richmond, Virginia 23219, Attention: Corporate Secretary. Shareholders of record can choose this option by marking the appropriate oval on the proxy card included with this Proxy Statement.
