SOLICITATION AND REVOCATION OF PROXIES

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Global Power Equipment Group Inc., a Delaware corporation (the "Company"), of proxies to be voted at the Annual Meeting of Stockholders of the Company to be held on June 6, 2002, or at any adjournment thereof (the "Annual Meeting"), for the purposes set forth in the accompanying Notice of Annual Meeting. This Proxy Statement and accompanying proxy were first forwarded on or about April 26, 2002, to stockholders of record on April 23, 2002.

If the accompanying proxy is properly executed and returned, the shares represented by the proxy will be voted at the Annual Meeting. Stockholders whose shares are registered in their own names may instruct the proxies how to vote via the Internet or by telephone in lieu of executing and returning the accompanying proxy, and the shares represented by the proxy will be voted at the Annual Meeting. Specific instructions to be followed by any registered stockholder interested in voting via the Internet or telephone are set forth on the enclosed proxy card. If a stockholder indicates in his or her proxy a choice with respect to any matter to be acted upon, that stockholder's shares will be voted in accordance with such choice. If no choice is indicated on a proxy, such shares will be voted "FOR" (a) the election of all of the nominees for directors listed below and (b) the ratification of the appointment of the independent auditor. A stockholder giving a proxy may revoke it by giving written notice of revocation to the Secretary of the Company at any time before it is voted, by executing another valid proxy bearing a later date and delivering such proxy to the Secretary of the Company prior to or at the Annual Meeting, by voting again by Internet or telephone, or by attending the Annual Meeting and voting in person.

The expenses of this proxy solicitation, including the cost of preparing and mailing this Proxy Statement and accompanying proxy will be borne by the Company. Solicitation of proxies may be made by mail, telephone, personal interviews or by other means by the Board of Directors or employees of the Company who will not be additionally compensated therefor, but who may be reimbursed for their out-of-pocket expenses in connection therewith.

Stockholders of record at the close of business on April 23, 2002 (the "Record Date"), will be entitled to vote at the Annual Meeting. As of the Record Date, there were issued and outstanding 43,953,340 shares of Common Stock, par value \$.01 per share (the "Common Stock"), of the Company. Each share of Common Stock is entitled to one vote. There is no cumulative voting with respect to the election of directors. The presence in person or by proxy of the holders of a majority of the shares issued and outstanding at the Annual

Edgar Filing: GLOBAL POWER EQUIPMENT GROUP INC/ - Form DEF 14A

Meeting and entitled to vote will constitute a quorum for the transaction of business. Votes withheld from nominees for directors, abstentions and broker non-votes will be counted for purposes of determining whether a quorum has been reached. Votes will be tabulated by an inspector of election appointed by the Board of Directors of the

Company. With regard to the election of directors, votes may be cast in favor of or withheld from each nominee; votes that are withheld will have no effect on the vote. Abstentions, which may be specified on all proposals except the election of directors, will have the effect of a negative vote. Under applicable Delaware law, a broker non-vote will not be considered present for the purpose of calculating the vote on any matter.

PROPOSAL ONE

ELECTION OF DIRECTORS

The Board of Directors is divided into three approximately equal classes. The terms of the three classes are staggered so that only one class is elected at the annual meeting of stockholders each year for a three-year term. The term of the Class I directors, consisting of Adrian Doherty Jr., Edgar Hotard and Jerry Ryan will expire at the Annual Meeting, and the accompanying proxy solicits your vote for three Class I directors. The terms of the Class II directors and the Class III directors will expire at the annual meeting of stockholders to be held in 2003 and 2004, respectively.

The Board of Directors has nominated Adrian Doherty Jr., Edgar Hotard and Jerry Ryan for re-election as directors, each to hold office until the annual meeting of stockholders in 2005 and until his successor is duly elected and qualified, or until the earlier of his death, resignation or retirement. The persons named as proxies in the accompanying proxy, who have been designated by the Board of Directors, intend to vote, unless otherwise instructed in such proxy, for the election of Messrs. Doherty, Hotard and Ryan. Should any of the nominees become unable for any reason to stand for election as a director of the Company, it is intended that the persons named in such proxy will vote for the election of such other person as the Board of Directors may recommend. The Company knows of no reason why any of the nominees will be unavailable or unable to serve.

The affirmative vote of the holders of a plurality of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting is required for the election of directors. Accordingly, the three nominees for election as directors at the Annual Meeting who receive the greatest number of votes cast for election by the holders of Common Stock shall be duly elected directors upon completion of the vote tabulation at the Annual Meeting. The Board of Directors recommends a vote "FOR" each of the following nominees for directors.

Compensation of Directors

Employee directors and directors who are affiliated with Harvest Partners, Inc., an affiliate of the Company's largest stockholder, receive no additional compensation for service on the Board of Directors or any committee thereof. Non-employee directors who are not affiliated with Harvest Partners, Inc. ("Outside Directors") receive an annual retainer of \$20,000, a fee of \$1,000 for each Board meeting or committee meeting attended in person (\$750 per such meeting if by teleconference), and \$1,500 per year for serving as chairman of any committee. Outside Directors are also eligible to receive non-qualified stock options under the stock option plans maintained by the Company. During fiscal 2001, Edgar Hotard and Bengt Sohlen were each granted an option to purchase 12,500 shares of Common Stock at an exercise price of \$14.47 per share (being the fair market value of the Common Stock on the date of grant) under the Company's 2000 Stock Option Plan. All directors are reimbursed by the Company for out-of-pocket expenses incurred by them in connection with their service on the Board of Directors and any committee thereof.

Meetings and Committees of the Board of Directors

During fiscal 2001, the Board of Directors held four meetings. All of the directors were present at each meeting. In addition, the Board of Directors took action 12 times during fiscal 2001 by unanimous written consent. The Board of Directors has three standing committees: the Executive Committee, the Audit Committee and the Compensation Committee.

The Executive Committee was established in December 2001 and is composed of Messrs. Edwards, Eisenstein and Kleinman. The Executive Committee is generally

Edgar Filing: GLOBAL POWER EQUIPMENT GROUP INC/ - Form DEF 14A

authorized to act for the Board of Directors, except as such authority is limited by the Board of Directors or by the laws of the State of Delaware. The Executive Committee did not meet in fiscal 2001.

The Audit Committee was established in May 2001 and, through March 2002, was composed of Messrs. Hotard and Sohlen. In March 2002, Mr. Doherty was added as a member to the Audit Committee. Each of these individuals qualifies as an "independent" director under the current listing standards of the New York Stock Exchange. The Audit Committee has adopted a charter and it is attached to this Proxy Statement as Appendix A. The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities. The Audit Committee reviews (a) the Company's financial reporting process, (b) the Company's systems of internal controls, and (c) the Company's process for monitoring compliance with its written policies and with laws and regulations. In addition, the Audit Committee annually considers the qualifications of the independent auditor of the Company and the independence of the auditor and makes recommendations to the Board of Directors on the engagement of the independent auditor. The Audit Committee also reviews (a) any transactions between the Company and its officers, directors and principal stockholders, (b) the plans for and results of audits of the

4

Company, and (c) the results of any internal audits, compliance with any of the Company's written policies and procedures and the adequacy of the Company's system of internal accounting controls. The Audit Committee met once during fiscal 2001. All of the members of the Audit Committee were present at such meeting.

The Compensation Committee was established in July 2001 and, through March 2002, was composed of Messrs. Hotard and Sohlen. In March 2002, Messrs. Doherty and Ryan were appointed to serve as the members of the Compensation Committee. The Compensation Committee reviews the compensation of officers of the Company and makes recommendations to the Board of Directors regarding such compensation and reviews the Company's executive compensation policies and practices. The Compensation Committee also administers generally the Company's 2000 Stock Option Plan and 2001 Stock Option Plan. The Compensation Committee met two times during fiscal 2001. All of the members of the Compensation Committee were present at each meeting.

The Company does not have a standing nominating committee. The Company's amended and restated By-laws provide that nominations of candidates for election as directors of the Company may be made at a meeting of stockholders by or at the direction of the Board of Directors or by any stockholder entitled to vote at such meeting who complies with the advance notice procedures set forth therein. These procedures generally require any stockholder who intends to make a nomination for director at the meeting to deliver notice of such nomination to the Secretary of the Company not less than 90 nor more than 120 days prior to the first anniversary of the preceding year's annual meeting. The notice must contain all information about the proposed nominee as would be required to be included in a proxy statement soliciting proxies for the election of such nominee, including such nominee's written consent to serve as a director if so elected. If the Chairman of the meeting determines that a person is not nominated in accordance with the nomination procedure, such nomination will be disregarded.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to, among other matters, the financial

Edgar Filing: GLOBAL POWER EQUIPMENT GROUP INC/ - Form DEF 14A

reporting process and systems of internal controls. The Audit Committee operates pursuant to a Charter that was adopted by the Board of Directors, a copy of which is attached to this Proxy Statement as Appendix A.

In the performance of its oversight function, the Audit Committee has reviewed and discussed with management and the independent auditors the Company's audited financial statements as of and for the fiscal year ended December 29, 2001. The Audit Committee has discussed with the independent auditors, who are responsible for expressing an opinion on the conformity of the Company's audited financial statements with generally accepted accounting principles, the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants.

In addition, the Audit Committee has received and reviewed the written disclosures and the letter from the independent auditors required by Independence Standard No. 1, Independence Discussions with Audit Committees, as amended, by the Independence Standards Board, has considered the compatibility of non-audit services with the auditors' independence, and has discussed with the auditors the auditors' independence.

Management of the Company is responsible for preparing the Company's financial statements, and the independent auditors are responsible for auditing the financial statements. The Audit Committee acts only in an oversight capacity and its activities are not designed to supersede or alter those traditional responsibilities.

5

Members of the Audit Committee rely without independent verification on the information provided to them and on the representations made by management and the independent auditors. The Audit Committee's role does not provide any special assurances with regard to the Company's financial statements, nor does it involve a professional evaluation of the quality of the audits performed by the independent auditors.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 29, 2001, for filing with the Securities and Exchange Commission.

INDEPENDENT AUDITOR FEES FOR FISCAL YEAR 2001

Audit Fees. The aggregate audit fees billed by Arthur Andersen LLP for the audit of the Company's annual financial statements for the fiscal year ended December 29, 2001, and for the reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q for that fiscal year were \$313,000.

Financial Information Systems Design and Implementation Fees. The Company did not engage Arthur Andersen LLP for professional services relating to financial information systems design and implementation for the fiscal year ended December 29, 2001.

Edgar Filing: GLOBAL POWER EQUIPMENT GROUP INC/ - Form DEF 14A

All Other Fees. All other fees billed by Arthur Andersen LLP for services rendered to the Company for the fiscal year ended December 29, 2001, were \$2,089,414. These fees related primarily to the provision of tax services and services in connection with the Company's initial public offering.

The Audit Committee considered whether the provisions of the services by Arthur Andersen LLP described above under "All Other Fees" is compatible with maintaining the independence of Arthur Andersen LLP.

PROPOSAL TWO

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITOR

Following a thorough evaluation, and in accordance with the recommendation of the Audit Committee, the Board of Directors determined on April 8, 2002, to engage PricewaterhouseCoopers LLP to serve as the Company's independent auditor for the fiscal year ending December 28, 2002. Prior to the selection of PricewaterhouseCoopers LLP, Arthur Andersen LLP served as the Company's independent auditor. Earlier this year, upon recommendation of the Audit Committee, the Board authorized the Company to solicit proposals from additional auditing firms in light of the highly publicized events and uncertainty involving Arthur Andersen LLP. Due to continued uncertainty surrounding Arthur Andersen LLP, it was determined that selection of PricewaterhouseCoopers LLP as the Company's new independent auditor was in the best interests of the Company.

6

Arthur Andersen LLP's reports on the Company's consolidated financial statements for each of the fiscal years ended December 29, 2001 and December 30, 2000, did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles. During the fiscal years ended December 29, 2001 and December 30, 2000, and through April 8, 2002, there were no disagreements with Arthur Andersen LLP on any matter of accounting principle or practice, financial statement disclosure, or auditing scope or procedure which, if not resolved to Arthur Andersen LLP's satisfaction, would have caused them to make reference to the subject matter in connection with their report on the Company's consolidated financial statements for such years.

During the fiscal years ended December 29, 2001 and December 30, 2000, and through April 8, 2002, the Company did not consult PricewaterhouseCoopers LLP with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements.

A proposal will be presented at the Annual Meeting asking the stockholders to ratify the appointment of PricewaterhouseCoopers LLP as the Company's independent auditor. If the stockholders do not ratify the appointment of PricewaterhouseCoopers LLP, the Board of Directors will reconsider the appointment.

The affirmative vote of the holders of a majority of the shares present in person or by proxy at the Annual Meeting and entitled to vote is required for the adoption of this proposal. The Board of Directors recommends a vote "FOR" the ratification of PricewaterhouseCoopers LLP as independent auditor for fiscal year 2002.

The Company expects that a representative of each of PricewaterhouseCoopers LLP and Arthur Andersen LLP will be present at the Annual Meeting. Each

Edgar Filing: GLOBAL POWER EQUIPMENT GROUP INC/ - Form DEF 14A

representative will be given the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions.

These assumed annual compound rates of stock price appreciation are mandated by the rules of the SEC and are not intended to represent estimated or expected appreciation of the Company's Common Stock.

The Company has entered into employment agreements with each of its named executive officers. The employment agreements provide for annual base salaries of not less than \$275,000 for Mr. Edwards, \$200,000 for Mr. Obermiller, \$157,000 for Mr. Schockemoehl, \$120,788 for Mr. Hackner and \$330,000 for Mr. McSweeney. The two-year term of each of the employment agreements with Messrs. Edwards, Obermiller, Schockemoehl and Hackner expires August 1, 2002, subject to automatic renewal for additional one year periods annually thereafter unless the Company provides sixty days prior written notice otherwise. Pursuant to their respective employment agreements, each of Messrs. Edwards, Obermiller, Schockemoehl and Hackner:

- . is entitled to participate in the Company's employee benefit programs;
- . is entitled to participate in the Company's Management Incentive Compensation Plans or, in the event a Management Incentive Compensation Plan is not in effect for any bonus year, to receive substantially the same bonus opportunities as were in place for fiscal 2000;
- . in the event employment is terminated by the Company without Cause (as defined in the respective employment agreement) or by the executive officer for Good Reason (as defined in the respective employment agreement to include, among other things, removal from such executive's specified position as an officer of the Company or a reduction in such executive's annual base salary without, in each case, such executive's consent), is entitled to receive his base salary for a twelve-month period and, if termination is three months after commencement of a new bonus year, a portion of any bonus earned for the year in which termination occurred determined on a pro rata basis based on the number of days of such year employed; and
- . has agreed not to compete with the businesses of the Company for a twelve-month period following termination.

Mr. McSweeney's employment agreement is for a three-year period expiring on October 31, 2003. In the event Mr. McSweeney's employment is terminated by the Company without Cause (as defined in the employment agreement) or by him for Good Reason (as defined in the employment agreement to include, among other things, his removal as President of Consolidated Fabricators, Inc. or a reduction in his annual base salary without, in each case, his consent), he is entitled to receive a lump sum payment equal to the amount of base salary payable through the expiration date of the employment agreement and to certain benefits through the term of the employment agreement. Pursuant to the employment agreement, Mr. McSweeney has agreed not to compete with the businesses of the Company for a twelve-month period following termination.

The Company's 2001 Stock Option Plan provides that all outstanding options

Edgar Filing: GLOBAL POWER EQUIPMENT GROUP INC/ - Form DEF 14A

awarded under such plan, regardless of any vesting requirements or restrictions, become fully exercisable and free of all restrictions in the event of a "change in control" of the Company, as defined in such plan. In such event participants may be entitled to receive, at the discretion of the Compensation Committee, either (i) the consideration received by the holders of the Company's Common Stock in such transaction, upon exercise of an option, or (ii) cash payments equal to the value of the per share consideration to be received in such transaction or the fair market value per share of the Company's Common Stock, less the exercise price of an option, multiplied by the number of shares of Common Stock subject to such option.

Report on Executive Compensation

In July 2001, the Board of Directors established the Compensation Committee, which is comprised of two outside, non-employee directors. Prior to that time, the Board of Directors had the responsibility for decisions relating to compensation of the Company's executive officers. The Compensation Committee administers the

12

Company's executive compensation program. The role of the Compensation Committee is to review and make recommendations to the Board of Directors regarding all forms of compensation provided to the Company's executive officers. In addition, the Compensation Committee administers the Company's 2000 and 2001 Stock Option Plans. All decisions of the Committee relating to the compensation of the executive officers of the Company are reviewed by the full Board of Directors.

Overall Executive Compensation Program. The goals of the Company's executive compensation program are to align compensation with the Company's business objectives and performance and enable the Company to attract, retain and motivate qualified executive officers that contribute to the long-term success of the Company. The key components of the Company's executive compensation program are:

- . base salary;
- . annual incentive bonus awards; and
- . equity participation in the form of stock options.

Executive officers are also entitled to customary benefits generally available to all of the Company's employees, including group medical, dental and life insurance and participation in the Company's 401(k) plan.

Section 162(m) of the Internal Revenue Code of 1986, as amended, provides that no publicly-held company shall be permitted to deduct from its income taxes compensation exceeding \$1 million paid to its chief executive officer or any of its four other highest paid executive officers unless (a) the compensation is payable solely on account of the attainment of performance goals, (b) the performance goals are determined by a compensation committee of two or more outside directors, (c) the material terms under which the compensation is paid are disclosed to and approved by the stockholders, and (d) the compensation committee certifies that the performance goals were met. Neither the Committee nor the Company expects this Section to have an impact, or result in the loss of a material deduction, with respect to compensation paid to such executive officers, including stock options granted to such executive officers.

Edgar Filing: GLOBAL POWER EQUIPMENT GROUP INC/ - Form DEF 14A

Base Salary. The Company has entered into employment agreements with each of the Company's named executive officers, which agreements provide for an annual base salary that may be increased at the discretion of the Board of Directors. The Compensation Committee is responsible for reviewing the salary and other terms of new employment agreements entered into with the Company's executive officers, as well as reviewing existing employment agreements for recommendations of any adjustments to the base salaries under the terms of such agreements. The Committee further reviews and recommends the base salaries for the Company's other officers and key employees. When reviewing base salaries, including adjustments to base salaries under existing employment agreements, the Compensation Committee considers the individual's performance, the past performance of the Company and the individual's contribution to that performance, the individual's level of responsibility and competitive pay practices. The Committee believes that there is necessarily some subjectivity in recommending base salaries for the Company's executive officers and it does not utilize any specific objective performance criteria in connection therewith.

Management Incentive Compensation Plan. To provide annual incentive bonus awards, the Company maintains a Management Incentive Compensation Plan. The Board of Directors currently adopts a new Management Incentive Compensation Plan prior to the beginning of each new fiscal year. The purpose of the Management Incentive Compensation Plan is to enhance stockholder value by providing eligible employees of the Company, including executive officers, with an added incentive to achieve specific annual Company targets. The Management Incentive Compensation Plan also assists the Company in attracting, retaining and motivating qualified personnel to allow the Company to remain competitive with its industry peers. The targets are intended to be aligned with the

13

Company's mission so that bonus payments are made only if stockholder interests are advanced. These targets are established prior to the beginning of each fiscal year. For fiscal year 2001, the Company had in place the 2001 Management Incentive Compensation Plan (the "2001 Incentive Plan"). Under the 2001 Incentive Plan, the Company's executive officers, other than John McSweeney, and other employees selected by the Board of Directors were eligible for cash bonuses under the 2001 Incentive Plan. Each executive officer of the Company participating in the 2001 Incentive Plan was eligible to earn a cash bonus expressed as a percentage of such officer's base salary. Executive officer incentive bonus opportunities varied by level of responsibility. There was no minimum incentive award. The maximum percentage of base salary payable as an incentive bonus was (i) up to 150% for the Company's President and Chief Executive Officer, (ii) up to 110% for the Company's senior vice presidents, (iii) up to 90% for the Company's vice presidents and (iv) up to 60% for other executive participants. For fiscal year 2001, the Company surpassed the target established under the 2001 Incentive Plan so that the executive officers of the Company (and other eligible employees) received bonus awards under the 2001 Incentive Plan based on the maximum percentage levels. Bonuses are payable in the first quarter of the following calendar year.

Stock Options. Equity compensation in the form of stock options is a key component of the Company's executive compensation program. Stock options are granted to executive officers primarily based on a subjective evaluation of the officer's actual or expected contribution to the Company's long-term performance and the consideration of other factors, such as the size of prior grants and relative job scope, as well as a review of publicly available data on senior management compensation at other companies. Stock options are granted by the Company to aid in the retention of executive officers and to align their interests with those of the Company's stockholders. Stock options have value for an executive only if the price of the Company's stock increases above the

Edgar Filing: GLOBAL POWER EQUIPMENT GROUP INC/ - Form DEF 14A

fair market value on the date of grant and the executive remains in the Company's employ throughout the vesting period required for the stock option to be exercisable. In addition, stock options directly link a portion of the executive's compensation to the interests of the Company's stockholders by providing an incentive to maximize stockholder value.

CEO Compensation. During fiscal year 2001, Mr. Edwards served as President and Chief Executive Officer of the Company. Under the terms of his employment agreement entered into in August 2000, Mr. Edwards' annual base salary was established at \$275,000 but is subject to increase at the discretion of the Board of Directors. For fiscal year 2001, Mr. Edwards' base salary was increased by the Board of Directors to \$343,800, determined in the manner described above. Under the terms of the 2001 Incentive Plan, Mr. Edwards' maximum target bonus was set at 150% of his base salary. Based on the Company's performance for fiscal year 2001, Mr. Edwards received a cash bonus (paid in fiscal year 2002) equal to 150% of his base salary. Mr. Edwards was awarded stock option grants for a total of 75,000 shares of the Company's common stock in fiscal year 2001. The number of stock options granted to Mr. Edwards was determined in the same manner as option grants for the Company's other executive officers as described above.

In July 2001, the Board of Directors established the Compensation Committee, which, during fiscal 2001, consisted of Edgar Hotard and Bengt Sohlen, each of whom is a non-employee director. Performance Graph

The following graph compares the percentage change in the cumulative total stockholder return on the Company's Common Stock with the cumulative total return on the Standard & Poor's SmallCap 600 Index and the Russell 2000 Index from the date of the Company's initial public offering, May 17, 2001, through

Edgar Filing: GLOBAL POWER EQUIPMENT GROUP INC/ - Form DEF 14A

December 29, 2001. Because the Company is the only publicly-traded firm engaged principally in the design, engineering and fabrication of equipment for gas turbine power plants, there is no similar industry peer group with which to compare the Company. The Company has selected for comparison purposes the Standard & Poor's SmallCap 600 Index and the Russell 2000 Index, which are separate indices of companies with comparable market capitalizations. The comparison assumes \$100 was invested at the beginning of the period in the Company's Common Stock (at its initial public offering price) and in each of the foregoing indices and assumes reinvestment of dividends.

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and executive officers, and persons who own more than 10 percent of the Common Stock, to report their initial ownership of the Common Stock and any subsequent changes in that ownership to the SEC and the New York Stock Exchange, and to furnish the Company with a copy of each such report.
