Classified Board of Directors

The Board of Directors is divided into three classes. In 2001, two classes contained two directors and one class contained three directors. Directors within each class are elected to serve three-year terms and approximately one-third of the directors sit for election at each annual meeting of our stockholders. Mr. Stoughton, and Mr. MacDonald serve in the class whose term expires in 2002, and Mr. Brenner and Mr. Kermes serve in the class whose term expires in 2003. Mr. Flatley and Ms. Mackie serve in the class whose term expires in 2004. Mr. Vladeck joined the Board of Directors in July 2001, filling the vacancy created by the departure of Mr. Smith, a member of the class of directors whose term expires in 2003. Mr. Vladeck's term thus expires in 2003. A classified board of directors may have the effect of deterring or delaying any attempt by any group to obtain control of us by a proxy contest since such third party would be required to have its nominees elected at two separate annual meetings of our Board of Directors in order to elect a majority of the members of our Board of Directors.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file with the Securities and Exchange Commission ("SEC") initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Officers, directors and greater than 10% stockholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on review of the copies of such reports furnished to the Company and written representations that no other reports were required, during the year ended December 31, 2001, the Company's officers, directors and greater than 10% beneficial owners complied with all Section 16(a) filing requirements applicable to them, except that Mr. Bruce Vladeck filed his Form 3 on February 14, 2002.

At the discretion of our Board of Directors, an annual bonus may be paid to Mr. Stoughton, Dr. Grove and Mr. Koch. In each case, the above salaries reflect increases since the original date of employment. We may agree to future raises and other compensation for each of Mr. Stoughton, Dr. Grove and Mr. Koch. In addition, Mr. Stoughton, Dr. Grove and Mr. Koch are eligible to receive stock options pursuant to the 1996 Incentive and Non-Qualified Stock Option Plan, the 1996 Key Executive Stock Option Plan and the 1998 Incentive and Non-Qualified Stock Option Plan. Such executive officers are also entitled to reimbursement for certain travel and entertainment expenses incurred in connection with the performance of their duties.

BOARD COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Company currently consists of Mr. Brenner and Ms. Mackie, outside directors of the Company. The Committee was established in 1997 and is responsible for reviewing and making recommendations to the Board regarding all forms of compensation to be provided to the executive officers and directors of Careside, including stock compensation and loans, and all bonus and stock compensation to all employees. The goal of the Committee is to ensure that our compensation practices are sufficient to attract the necessary talent to enable growth from a development stage company into one with commercialized products. The Compensation Committee administers our 1996 Incentive and Stock Option Plan, 1996 Key Executive Stock Option Plan, 1998 Incentive and Non-Qualified Stock Option Plan, 1998 Director Stock Option Plan and Employee Stock Purchase Plan.

Careside's compensation program is designed to attract and retain experienced executives and motivate them for both the short and long term. The executive compensation program is comprised of four elements: competitive base salary, benefits comparable to those shared by the general employee population, annual bonus, and long term incentives linked to corporate performance.

Compensation Committee Purposes

The Compensation Committee of the Board serves as an administrative arm of the Board to make decisions on behalf of the Board with respect to all forms of compensation to executive officers, and all bonus and stock compensation to employees.

Compensation for officers and key employees includes both cash and equity elements. Cash compensation consists of base salary, which is determined on the basis of the level of responsibility, expertise and experience of the employee, taking into account competitive conditions in the industry. In addition, cash bonuses may be awarded to officers and other key employees. Such bonuses are based on accomplishment of designated Company goals.

Ownership of the Company's Common Stock is a key element of executive compensation. Officers and other employees of Careside are eligible to

Edgar Filing: CARESIDE INC - Form 10-K/A

participate in the 1996 Incentive and Stock Option Plan, 1996 Key Executive Stock Option Plan, 1998 Incentive and Non-Qualified Stock Option Plan and Employee Stock Purchase Plan. These plans permit the Board or a committee designated by the Board to grant stock options to employees on such terms as the Board or such committee may determine. Employee option grants typically vest over a four-year period and thus require the employee's continuing efforts. The Committee believes that it is in the stockholders' interests to link employee

-9-

compensation as closely as possible to equity appreciation and thus to share with the employees the benefits of their efforts on behalf of our success.

Description of 401(K) Plan

We have a 401(k) Salary Reduction Plan and Trust for eligible employees. Eligible employees may contribute up to 15% of their current compensation, up to a statutorily prescribed annual limit, to the 401(k) plan. Each participant is fully-vested in his or her deferred salary contributions. A participant's contributions are held in trust and invested pursuant to his or her directions from among 20 or more investment funds made available under the 401(k) plan. We may make matching contributions of 50% of each participant's deferred salary contributions, up to a maximum of 4% of such participant's compensation. Our matching contributions vest after a participant has completed three years of service with us, or earlier upon attainment of age 55, death while in service, retirement for disability or termination of the 401(k) plan. Payment of 401(k) plan benefits are made in a single lump-sum payment. Distribution of a participant's vested interest in his or her account generally occurs after a participant's termination of employment for any reason, including retirement, death or disability.

Item 13. Certain Relationships and Related Transactions

Neither Mr. Brenner nor Ms. Mackie, who are the current members of the Compensation Committee has been, at any time since our formation, an officer or employee of ours. In addition, none of our executive officers serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our Board of Directors

Edgar Filing: CARESIDE INC - Form 10-K/A

or Compensation Committee. Ms. Mackie, who co-led the merger integration process of GlaxoSmithKline, was nominated to serve on the Board of Directors by SmithKline Beecham Corporation pursuant to the terms of a stockholders' agreement by and among us and our stockholders and warrant holders prior to our initial public offering.

In addition, we continued in 2001 to utilize the software development services of Advanced Medical Information Technologies, Inc., also known as AdMIT. AdMIT is a company in which our Chief Information Officer during fiscal 2001, Dennis Rieger, has an equity interest. We paid AdMIT \$12,000 in 2001. In addition, we paid an equity owned in part by Mr. Reiger's brother approximately \$506,000 for programming services during 2001. These services were at what we believed were below market rates for comparable services.

In November 2001, S.R. One, Limited agreed to extend the maturity date of the note we owe them to May 2002. The original principal amount of the note is \$2 million. It is the remaining obligation we have from the loan S.R. One made to us in December 1998, a third of which was converted

-14-

to Series A Preferred Stock, which was in turn converted to common equity in July 2000. S.R. One has the option to convert all or any portion of the remaining loan, plus accrued interest thereon, into shares of Series A Convertible Preferred Stock. We also issued a bridge warrant to S.R. One in connection with the bridge financing. The bridge warrant is exercisable for 235,294 shares of common stock at an exercise price of \$6.37 and will expire on June 16, 2004. S.R. One is a venture capital affiliate of GlaxoSmithKline.

On November 29, 2000, December 21, 2000 and January 24, 2001, Careside engaged in three closings of a private placement of common stock and warrants to purchase common stock. Each purchaser in the private placement is an entity controlled by Peter Friedli, who owns more than 5% of our outstanding common stock.

In a series of transactions between January and July 2001, RoyCap, Inc. converted shares of Series B Convertible Preferred Stock into shares of Careside's common stock. In July and August 2001, Careside made calls under its callable warrant transaction with RoyCap. A total of 11,190 shares were issued at an average price of \$3.31 per share. RoyCap, Inc. is an investor that would beneficially own more than 5% of our common stock assuming exercise of all callable warrant shares.
