ACCESS INTEGRATED TECHNOLOGIES, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2006

(\$ in thousands, except for per share data)

(Unaudited)

1. NATURE OF OPERATIONS

Access Integrated Technologies, Inc. (AccessIT) was incorporated in Delaware on March 31, 2000. We provide fully managed storage, electronic delivery and software services and technology solutions for owners and distributors of digital content to movie theaters and other venues. We have generated revenues from two primary businesses, media services (Media Services) and internet data center (IDC or data center) services (Data Center Services). Our Media Services business provides software, services and technology solutions to the motion picture and television industries, primarily to facilitate the transition from analog (film) to digital cinema and has positioned us at what we believe to be the forefront of an emerging industry opportunity relating to the delivery and management of digital cinema and other content to entertainment and other remote venues worldwide. This is currently our primary strategic focus. Our Data Center Services are comprised of three leased IDCs that provide corporate customers with secure and fail-safe off-site locations to house their computer and telecommunications equipment, as well as related services such as equipment monitoring and back-up and protection of customers' data. We have decided to realign our resources and to discontinue our Data Center Services. We will continue to support the Data Center Services through disposition. The discontinuation of our Data Center Services represents a strategic realignment of our technical and financial resources, thus enabling us to focus on what we believe are more profitable business opportunities for the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION AND CONSOLIDATION

The Company's consolidated financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) for financial information and in accordance with Regulation S-B. In the opinion of management, all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation have been included.

The Company's consolidated financial statements include the accounts of AccessIT, Access Digital Media, Inc. (AccessDM), Hollywood Software, Inc. d/b/a AccessIT Software (AccessIT SW), Core Technology Services, Inc. (Managed Services), FiberSat Global Services, Inc. d/b/a AccessIT Satellite and Support Services, (AccessIT Satellite), ADM Cinema Corporation (ADM Cinema) d/b/a the Pavilion Theatre (the Pavilion Theatre), Christie/AIX, Inc. (Christie/AIX), PLX Acquisition Corp. and UniqueScreen Media, Inc. (USM) d/b/a AccessIT Advertising and Creative Services (AccessIT Advertising). AccessDM and AccessIT Satellite will together be known as the Digital Media Services Division (DMS). All intercompany transactions and balances have been eliminated.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. The Company's most significant estimates related to software revenue recognition, capitalization of software development costs, amortization and impairment testing of intangible assets, including goodwill, allowance for doubtful accounts, revenue sharing obligations, deferred cinema advertising costs and depreciation of fixed assets. On an on-going basis, the Company evaluates its estimates, including those related to the carrying values of its fixed assets and intangible assets, the valuation of deferred tax liabilities, and the valuation of assets acquired and liabilities assumed in purchase business combinations. The Company bases its estimates on historical experience and on various other assumptions believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results could differ from these estimates under different assumptions or conditions.

The results of operations for the respective interim periods are not necessarily indicative of the results to be expected for the full year. The accompanying unaudited condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and the notes thereto included in AccessIT's Form 10-KSB for the fiscal year ended March 31, 2006 filed with the Securities and Exchange Commission (SEC) on June 29, 2006. Certain reclassifications of prior period data have been made to conform to the current presentation.

DISCONTINUED OPERATIONS

The Company decided to realign its resources and to discontinue the Data Center Services. The Company will continue to support the Data Center Services through disposition. The discontinuation of the Data Center Services represents a strategic realignment of the Company's technical and financial resources, thus enabling the Company to focus on what the Company believes are more profitable business opportunities for the Company. Accordingly, the results of the Data Center Services segment have been reported in discontinued operations for all periods presented.

REVENUE RECOGNITION

Media Services

Media Services revenues are generated as follows:

Revenues consist of:

Software licensing, including customer licenses and application service provider (ASP Service) agreements.
Software maintenance contracts, and professional consulting services, which includes systems implementation, training, custom software development services and other professional services, delivery revenues via satellite and hard drive, data encryption and preparation fee revenues, satellite network monitoring and maintenance fees, movie theatre admission and concession revenues and virtual print fees (VPFs).
Cinema advertising service revenue.

Accounted for in accordance with:

Statement of Position (SOP) 97-2, Software Revenue Recognition
Staff Accounting Bulletin (SAB) No. 104 Revenue Recognition in Financial Statements (SAB No. 104).

SOP 00-2, Accounting by Producers or Distributors of Films (SOP 00-2)

Software licensing revenue is recognized when the following criteria are met: (a) persuasive evidence of an arrangement exists, (b) delivery has occurred and no significant obligations remain, (c) the fee is fixed or determinable and (d) collection is determined to be probable. Significant upfront fees are received in addition to periodic amounts upon achievement of contractual events for licensing of the Company's products. Such amounts are deferred until the revenue recognition criteria have been met, which typically occurs upon delivery and acceptance.

Revenues relating to customized software development contracts are recognized on a percentage-of-completion method of accounting.

Deferred revenue is recorded in cases where: (1) a portion or the entire contract amount cannot be recognized as revenue, due to non-delivery or acceptance of licensed software or custom programming, (2) incomplete implementation of ASP Service arrangements, or (3) unexpired pro-rata periods of maintenance, minimum ASP Service fees or website subscription fees. As license fees, maintenance fees, minimum ASP Service fees and website subscription fees are often paid in advance, a portion of this revenue is deferred until the contract ends. Such amounts are classified as deferred revenue and are recognized as revenue in accordance with the Company's revenue recognition policies described above.

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

Cinema advertising service revenue, and the associated direct selling, production and support cost, is recognized on a straight-line basis over the period the related advertising is displayed in-theatre, pursuant to the specific terms of each advertising contract. The Company has the right to receive or bill the entire amount of the advertising contract upon execution, and therefore such amount is recorded as a receivable at the time of execution, and all related advertising revenue and all direct costs actually incurred are deferred until such time as the advertising is displayed in-theatre.

The right to sell and display such advertising, or other in-theatre programs, products and services, is based upon advertising contracts with exhibitors which stipulate payment terms to such exhibitors for this right. Payment terms

6

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

generally consist of either fixed annual payments or annual minimum guarantee payments, plus a revenue share of the excess of a percentage of advertising revenue over the minimum guarantee, if any. The Company recognizes the cost of fixed and minimum guarantee payments on a straight-line basis over each advertising contract year, and the revenue share cost, if any, as such obligations arise in accordance with the terms of the advertising contract.

Discontinued Operations

Discontinued operations revenues, attributable to the Data Center Services segment, are generated as follows:

Revenues consist of:

License fees for data center space, web hosting fees, electric, cross connect fees and riser access charges, non-recurring installation and consulting fees, network monitoring and maintenance fees.

Accounted for in accordance with:

SAB No. 104

AccessIT Data Center's revenues are recognized ratably over the term of the contract, generally one to nine years. Certain customer contracts contain periodic increases in the amount of license fees for data center space to be paid, and are recognized as license fee revenues on a straight-line basis over the term of the contracts. Installation fees are recognized on a time and materials basis in the period in which the services were provided and represent the culmination of the earnings process as no significant obligations remain. Amounts collected prior to satisfying revenue recognition criteria are classified as deferred revenue. Amounts satisfying revenue recognition criteria prior to billing are classified as unbilled revenue. Managed Services' revenues, which consist of monthly recurring billings pursuant to network monitoring and maintenance contracts, are recognized as revenues in the month earned, and other non-recurring billings which are recognized on a time and materials basis as revenues, in the period in which the services were provided.

DIRECT OPERATING COSTS

Direct operating costs consists of facility operating costs such as rent, utilities, real estate taxes, repairs and maintenance, insurance and other related expenses, direct personnel costs, film rent expense, amortization of capitalized software development costs and other deferred expenses, such as advertising production, post production and technical support related to developing and displaying advertising. These other deferred expenses are capitalized and amortized on a straight-line basis over the same period as the related cinema advertising revenues are recognized.

CAPITALIZED SOFTWARE DEVELOPMENT COSTS

Internal Use Software

The Company accounts for these software development costs under Statement of Position (SOP) 98-1 Accounting for the Costs of Computer Software Developed or Obtained for Internal Use (SOP 98-1). SOP 98-1, states that there are three distinct stages to the software development process for internal use software. The first stage, the preliminary project stage, includes the conceptual formulation, design and testing of alternatives. The second stage, or the program instruction phase, includes the development of the detailed functional specifications, coding and testing. The final stage, the implementation stage, includes the activities associated with placing a software project into service. All activities included within the preliminary project stage would be considered research and development and expensed as incurred. During the program

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

instruction phase, all costs incurred until the software is substantially complete and ready for use, including all necessary testing, are capitalized and amortized on a straight-line basis over estimated lives ranging from three to five years. The Company has not sold, leased or licensed software developed for internal use to its customers and has no intention of doing so in the future.

Software to be Sold, Licensed or Otherwise Marketed

The Company accounts for these software development costs under Statement of Financial Accounting Standards (SFAS) No. 86, Accounting for the Costs of Computer Software to Be Sold, Leased, or Otherwise Marketed (SFAS No. 86). SFAS No. 86 states software development costs that are incurred subsequent to establishing technological feasibility are capitalized until the product is available for general release. Amounts capitalized as software development costs are amortized periodically using the greater of revenues during the period compared to the total estimated revenues to be earned or on a straight-line basis over estimated lives ranging from three to five

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

years. The Company reviews capitalized software costs for impairment on a periodic basis. To the extent that the carrying amount exceeds the estimated net realizable value of the capitalized software cost, an impairment charge is recorded. No impairment charge was recorded during the nine months ended December 31, 2005 and 2006, respectively. Amortization of capitalized software development costs, included in continuing operations direct operating costs, for the nine months ended December 31, 2005 and 2006 amounted to \$434 and \$598, respectively. Revenues relating to customized software development contracts are recognized on a percentage-of-completion method of accounting using the cost to date to the total estimated cost approach. Unbilled revenue under such customized software development contracts at December 31, 2005 and 2006 aggregated \$1,258 and \$1,713, respectively.

BUSINESS COMBINATIONS AND INTANGIBLE ASSETS

The Company adopted SFAS No. 141, Business Combinations (SFAS No. 141) and SFAS No. 142, Goodwill and other Intangible Assets (SFAS No. 142). SFAS No. 141 requires all business combinations to be accounted for using the purchase method of accounting and that certain intangible assets acquired in a business combination must be recognized as assets separate from goodwill. SFAS No. 142 addresses the recognition and measurement of goodwill and other intangible assets subsequent to their acquisition. SFAS No. 142 also addresses the initial recognition and measurement of intangible assets acquired outside of a business combination, whether acquired individually or with a group of other assets. This statement provides that intangible assets with indefinite lives and goodwill will not be amortized but will be tested at least annually for impairment. If impairment is indicated, then the asset will be written down to its fair value, typically based upon its future expected discounted cash flows. As of December 31, 2006, the Company's finite-lived intangible assets consisted of covenants not to compete, Federal Communications Commission licenses (for satellite transmission services), trade names and trademarks, and a liquor license (for the Pavilion Theatre), which are estimated to have useful lives ranging from two to ten years. During the nine months ended December 31, 2006, the amount of goodwill related to the Pavilion Theatre was reduced by \$107 for the remaining unpaid amount related to the holdback of funds at the time of purchase.

Information related to the segments of the Company and its subsidiaries regarding goodwill and other intangible assets is detailed below:

	March 31, 2006	December 31, 2006
Intangibles, net:		
Media Services	\$ 1,774	\$ 14,975

Total Consolidated	\$ 9,310	\$ 15,743

DEPOSITS ON PROPERTY AND EQUIPMENT

Deposits on property and equipment represent amounts paid when digital cinema projection systems (the Systems) are ordered from Christie Digital Systems USA, Inc. (Christie) in connection with Christie/AIX's Digital Cinema Roll-Out (see Note 9). These amounts are classified as long-term due to the nature of the assets underlying these deposits, although such deposits will be fully utilized against invoices from Christie within approximately six months from such payment date.

PROPERTY AND EQUIPMENT

Property and equipment are stated at cost, less accumulated depreciation. Depreciation expense is recorded using the straight-line method over the estimated useful lives of the respective assets. Leasehold improvements are being amortized over the shorter of the lease term or the estimated useful life of the improvement. Maintenance and repair costs are charged to expense as incurred. Major renewals, improvements and additions are capitalized.

IMPAIRMENT OF LONG-LIVED ASSETS

The Company reviews the recoverability of its long-lived assets on a periodic basis in order to identify business conditions, which may indicate a possible impairment. The assessment for potential impairment is based primarily on the Company's ability to recover the carrying value of its long-lived assets from expected future undiscounted cash flows. If the total of expected future undiscounted cash flows is less than the total carrying value of the assets, a loss is recognized for the difference between the fair value (computed based upon the expected future discounted cash flows) and the carrying value of the assets.

NET LOSS PER SHARE

Computations of basic and diluted net loss per share of the Company's Class A common stock (Class A Common Stock) and Class B common stock (Class B Common Stock), and together with the Class A Common Stock, (the Common Stock) have been made in accordance with SFAS No. 128, Earnings Per Share . Basic and diluted net loss per share have been calculated as follows:

Basic and diluted net loss per share =
$$\frac{\text{Net loss}}{\text{Weighted average number of Common Stock outstanding during the period}}$$

Shares issued and reacquired during the period are weighted for the portion of the period that they are outstanding.

The Company has incurred net losses for each of the three and nine months ended December 31, 2005 and 2006 and, therefore, the impact of dilutive potential common shares from outstanding stock options, warrants (prior to the application of the treasury stock method), and convertible notes (on an as-converted basis) were excluded from the computation as it would be anti-dilutive.

STOCK-BASED COMPENSATION

The Company has two stock-based employee compensation plans, which are described more fully in Note 8. Effective April 1, 2006, the Company adopted SFAS No. 123 (revised 2004), Share-Based Payment , which is a revision of SFAS No. 123, Accounting for Stock-Based Compensation (SFAS No. 123(R)). Under SFAS 123(R), the Company will be required to measure the cost of employee services received in exchange for an award of equity instruments based on the grant-date fair value of the award (with limited exceptions) and recognize such cost in the statement of operations over the period during which an employee is required to provide service in exchange for the award (usually the

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

vesting period). Pro forma disclosure is no longer an alternative.

The Company adopted SFAS 123(R) using the modified prospective method in which non-cash stock-based compensation cost is recognized beginning with the April 1, 2006 adoption date (a) based on the requirements of SFAS 123(R) for all share-based payments granted after April 1, 2006 and (b) based on the requirements of SFAS 123 for all awards granted to employees prior to April 1, 2006 that remain unvested on the adoption date. There were no unvested stock options as of March 31, 2006, as the compensation committee of the Company's Board of Directors (the Board) approved the acceleration of the vesting of all unvested stock options awarded under the Company's stock incentive plans as of March 31, 2006. During the nine months ended December 31, 2006, non-cash stock-based compensation expense of \$2,842 was recorded, of which \$2,779 related to the 431,747 stock options awarded in excess of the Company's stock incentive plan, as such stock options were subject to shareholder approval, which was obtained at the Company's 2006 Annual Meeting of Stockholders held on September 14, 2006, and \$63 relates to stock options granted on or after April 1, 2006, of which \$22 was included in loss from discontinued operations. The Company has estimated that the non-cash stock-based compensation expense, using a Black-Scholes option valuation model, related to such stock options will be approximately \$2,902 in fiscal 2007.

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

Previously, the Company accounted for its stock-based employee compensation plans in accordance with the provisions of Accounting Principles Board (APB) Opinion No. 25, Accounting for Stock Issued to Employees (APB Opinion No. 25), and related interpretations. As such, stock-based compensation expense was recorded on the date of grant only if the current fair value of the underlying stock exceeds the exercise price. The Company has adopted the disclosure standards of SFAS No. 148 Accounting for Stock-Based Compensation - Transition and Disclosures , which amends SFAS No. 123, Accounting for Stock-Based Compensation (SFAS No. 123), which requires the Company to provide pro forma net loss and loss per share disclosures for stock option grants made in 1995 and future years as if the fair-value based method of accounting for stock options as defined in SFAS No. 123 had been applied.

The following table illustrates the effect on net loss if the Company had applied the fair-value recognition provisions to stock-based compensation:

	Three Months Ended		Nine Months Ended
	December 31, 2005		December 31, 2005
Net loss as reported	\$ (2,037)	\$ (13,787
Add: Stock-based compensation expense included in net loss)
Less: Stock-based compensation expense determined under fair-value based method	(761)	(1,312
Pro forma net loss	\$ (2,798)	\$ (15,099
)
Basic and diluted net loss per share:			
As reported	\$ (0.13)	\$ (1.07
Pro forma	\$ (0.18)	\$ (1.17
)

The Company estimated the fair value of stock options at the date of each grant using a Black-Scholes option valuation model with the following assumptions:

	Three Months Ended		Nine Months Ended
	December 31, 2005		December 31, 2005
Weighted-average risk-free interest rate	4.5	%	4.3
Dividend yield			%
Expected life (years)	10		10
Weighted-average expected volatility	56.5	%	81.0
			%

3. DISCONTINUED OPERATIONS

The Company will continue to support the Data Center Services through disposition. Accordingly, the results of the Data Center Services segment have been reported in discontinued operations for all periods presented. The loss from discontinued operations for the three and nine months ended December 31, 2005 and 2006, consisting of losses attributable to the Data Center Services segment, were as follows:

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

	Three Months Ended		Nine Months Ended	
	December 31, 2005	2006	December 31, 2005	2006
Revenues	\$1,660	\$1,440	\$4,907	\$4,369
Costs and Expenses:				
Direct operating	1,298	1,513	3,593	4,386
Selling, general and administrative	66	220	201	580
Provision for doubtful accounts	47		72	50
Non-cash stock-based compensation		12		22
Depreciation and amortization	387	279	1,315	822
Total operating expenses	1,798	2,024	5,181	5,860
Loss from discontinued operations before other expense and income tax benefit	(138)	(584)	(274)	(1,491)
Other expense, net	(5)		(6)	(30)
Income tax benefit	9	9	26	26
Loss from discontinued operations	\$(134)	\$(575)	\$(254)	\$(1,495)

In accordance with SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets, any subsequent operating losses or changes in the values of assets or liabilities will be reflected as incurred.

The current assets and current liabilities of discontinued operations were comprised of the following:

	March 31, 2006	December 31, 2006 (Unaudited)
Accounts receivable, net	\$461	\$ 651
Unbilled revenue		8
Prepaid and other current assets	72	148
Property and equipment, net	3,445	3,500
Intangible assets, net	254	189
Goodwill	187	187
Unbilled revenue, net of current portion		29
Security deposits	337	351
Total current assets of discontinued operations	\$4,756	\$ 5,063
Accounts payable and accrued expenses	\$34	\$ 19
Current portion of customer security deposits	71	60
Current portion of capital leases	5	3
Current portion of deferred revenue	29	26
Current portion of deferred rent expense	100	120
Customer security deposits, net of current portion	40	41
Deferred revenue, net of current portion	66	35
Deferred rent expense, net of current portion	918	825
Deferred tax liability	97	71
Total current liabilities of discontinued operations	\$1,360	\$ 1,200

4. ACQUISITIONS

In June 2006, the Company through its indirect wholly-owned subsidiary, PLX Acquisition Corp., purchased substantially all of the assets of PLX Systems Inc. (PLX). PLX provides technology, expertise and core competencies in intellectual property (IP) rights and royalty management, expanding the Company s ability to bring alternative forms of content, such as non-traditional feature films, to movie-goers in addition to supporting IP license contract management, royalty processing, revenue reporting and billing.

The total purchase price of approximately \$1,600, including estimated transaction costs, allocated to the net assets acquired based upon the preliminary results of an appraisal of fair value, was as follows:

Accounts receivable	\$ 153
Prepaid and other current assets	27
Property and equipment	45
Intangible assets	210
Capitalized software costs	1,137
Goodwill	200
Total assets acquired	1,772
Deferred revenues	140
Total liabilities assumed	140
Net assets acquired	\$ 1,632

In July 2006, the Company acquired all of the issued and outstanding stock of USM (the USM Acquisition) for a combination of an aggregate of 974,184 shares of the Company s Class A Common Stock, \$1,000 in cash and promissory notes issued by the Company in favor of the stockholders of USM (the USM Stockholders) in the principal amount of \$5,204 (see Note 7). The Company also agreed to pay to the USM Stockholders certain amounts, up to a maximum of \$1,000 in cash or the equivalent of the Company s Class A Common Stock, at the Company s sole discretion, if certain conditions are met. The Company also assumed \$5,914 of USM s debt, of which \$5,598 relates to USM s revolving credit facility (see Note 7).

The total purchase price of approximately \$16,400, including estimated transaction costs, allocated to the net assets acquired based upon the preliminary results of an appraisal of fair value, was as follows:

Accounts receivable	\$7,304
Prepaid and other assets	972
Property and equipment	2,858
Intangible assets	13,468
Goodwill	6,340
Deferred Costs	71
Note receivable	100
Total assets acquired	31,113
Accounts payable and accrued expenses	1,300
Deferred revenues	7,498
Notes payable	5,914
Capital leases	7
Total liabilities assumed	14,719
Net assets acquired	\$ 16,394

In December 2006, USM s revolving credit facility, assumed in the USM Acquisition, was converted into a term loan (see Note 7).

5. RECENT ACCOUNTING PRONOUNCEMENTS

In May 2005, the Financial Accounting Standards Board (FASB) issued SFAS No. 154, Accounting Changes and Error Corrections, (SFAS 154). SFAS 154 establishes, unless impracticable, retrospective application as the required method for reporting a change in accounting principle in the absence of explicit transition requirements specific to the newly adopted accounting principle. The statement also addresses the reporting of a correction of error by restating previously issued financial statements. SFAS 154 is effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005. The Company adopted SFAS 154 on April 1, 2006 and does not anticipate that its adoption will have a material effect on its financial position or results of operations.

In February 2006, the FASB issued SFAS No. 155, Accounting for Certain Hybrid Financial Instruments (SFAS 155). SFAS 155 amends FASB Statements No. 133 and No. 140. SFAS 155 permits fair value remeasurement for any hybrid financial instrument that contains an embedded derivative that otherwise would require bifurcation, clarifies which interest-only strips and principal-only strips are not subject to the requirements of Statement No. 133, establishes a requirement to evaluate interests in securitized financial assets to identify interests that are freestanding derivatives or that are hybrid financial instruments that contain an embedded derivative requiring bifurcation, clarifies that concentrations of credit risk in the form of subordination are not embedded derivatives and amends Statement No. 140 to eliminate the prohibition on a qualifying special-purpose entity from holding a derivative financial instrument that pertains to a beneficial interest other than another derivative financial instrument. SFAS 155 is effective for all financial instruments acquired or issued after the beginning of an entity's first fiscal year that begins after September 15, 2006. The Company does not believe it will be affected by the adoption of SFAS 155.

In June 2006, the FASB issued Interpretation No. 48, Accounting for Uncertainty in Income Taxes (FIN 48). FIN 48 clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements in accordance with SFAS No. 109, Accounting for Income Taxes. FIN 48 prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. FIN 48 also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. FIN 48 is effective for fiscal years beginning after December 15, 2006. The Company is currently reviewing the impact, if any, that FIN 48 will have on its consolidated financial statements.

In September 2006, the FASB issued SFAS No. 157 Fair Value Measurements (SFAS 157). SFAS 157 defines fair value, establishes a framework for measuring fair value in GAAP, and expands disclosures about fair value measurements. SFAS 157 applies to derivatives and other financial instruments measured at fair value under SFAS No. 133 Accounting for Derivative Instruments and Hedging Activities (SFAS 133) at initial recognition and in all subsequent periods. Therefore, SFAS 157 nullifies the guidance in footnote 3 of the Emerging Issues Task Force (EITF) Issue No. 02-3, Issues Involved in Accounting for Derivative Contracts Held for Trading Purposes and Contracts Involved in Energy Trading and Risk Management Activities (EITF 02-3). SFAS 157 also amends SFAS 133 to remove the similar guidance to that in EITF 02-3, which was added by SFAS 155. SFAS 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. Earlier application is encouraged, provided that the reporting entity has not yet issued financial statements for that fiscal year, including financial statements for an interim period within that fiscal year. Any transition adjustment, measured as the difference between the carrying amounts and the fair values of those financial instruments at the date SFAS 157 is initially applied, should be recognized as a cumulative-effect adjustment to the opening balance of retained earnings (or other appropriate components of equity or net assets in the statement of financial position) for the fiscal year in which SFAS 157 is initially applied. The Company is currently reviewing the impact, if any, that SFAS 157 will have on its consolidated financial statements.

In September 2006, the FASB issued SFAS No. 158 Employers Accounting for Defined Benefit Pension and Other Postretirement Plans an amendment of FASB Statements No. 87, 88, 106, and 132(R) (SFAS 158). SFAS 158 requires the recognition of the overfunded or underfunded status of a defined benefit postretirement plan (other than a multiemployer plan) as an asset or liability in the reporting entity's statement of financial position and to recognize changes in that funded status in the year in which the changes occur through comprehensive income of a business entity or changes in unrestricted net assets of a not-for-profit organization. SFAS 158 also requires the reporting entity to measure the funded status of a plan as of the date of its year-end statement of financial position, with limited exceptions. A reporting entity with publicly traded equity securities is required to recognize the funded status of a defined benefit postretirement plan and to provide the required disclosures as of the end of the fiscal year ending after December 15, 2006. The Company does not believe it will be affected by the adoption of SFAS 158.

6. NOTES RECEIVABLE

Notes receivable of continuing operations consisted of the following:

	March 31, 2006		December 31, 2006	
	Current Portion	Long Term Portion	Current Portion	Long Term Portion
Notes Receivable (as defined below)				
Exhibitor Note	\$ 43	\$ 188	\$ 46	\$ 153
Exhibitor Install Notes		934	33	992
TIS Note				100
	\$ 43	\$ 1,122	\$ 79	\$ 1,245

In March 2006, in connection with Christie/AIX's Digital Cinema Roll-Out (see Note 9), a certain motion picture exhibitor issued to the Company a 7.5% note receivable for \$231 (the Exhibitor Note), in return for the Company's payment for certain financed digital projectors. The Exhibitor Note requires monthly principal and interest payments through September 2010. As of December 31, 2006, the outstanding balance of the Exhibitor Note was \$199.

In connection with Christie/AIX's Digital Cinema Roll-Out (see Note 9), the Company agreed to provide financing to certain motion picture exhibitors upon the billing to the motion picture exhibitors by Christie for the installation costs associated with the placement of Systems in movie theatres. In April 2006, certain motion picture exhibitors agreed to issue to the Company two 8% notes receivable for an aggregate of \$1,287 (the Exhibitor Install Notes). Under the Exhibitor Install Notes, the motion picture exhibitors are required to make monthly interest only payments through October 2007 and quarterly principal and interest payments thereafter through August 2009 and August 2017, respectively. As of December 31, 2006, a certain motion picture exhibitor paid a portion of their installation costs directly to Christie. As a result, the Company did not receive any payments related to such Exhibitor Install Note and has reduced the receivable to reflect the amount the Company will be paying to Christie. As of December 31, 2006, the outstanding balance of the Exhibitor Install Notes was \$1,025.

Prior to the USM Acquisition (see Note 4), Theatre Information Systems, Ltd. (TIS), a developer of proprietary software, issued to USM a 4.5% note receivable for \$100 (the TIS Note) to fund final modifications to certain proprietary software and the development and distribution of related marketing materials. Interest accrues monthly on the outstanding principal amount. The TIS Note and all the accrued interest is due in one lump-sum payment in April 2009. Provided that the TIS Note has not been previously repaid, the entire unpaid principal balance and any accrued but unpaid interest may, at USM's option, be converted into a 10% limited partnership interest in TIS.

7. DEBT AND CREDIT FACILITIES

Debt of continuing operations consisted of the following outstanding principal balances:

Debt and Credit Facilities (as defined below)	March 31, 2006		December 31, 2006	
	Current Portion	Long Term Portion	Current Portion	Long Term Portion
HS Notes	\$753	\$1,187	\$645	\$699
Boeing Note	450	761	450	379
First USM Note			375	733
SilverScreen Note			100	172

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

Senior Notes				22,000
Excel Term Note			720	6,030
GE Credit Facility				106,920
	\$1,203	\$1,948	\$2,290	\$136,933

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

In November 2003, the Company issued two 5-year, 8% notes payable aggregating \$3,000 (the HS Notes) to the founders of AccessIT SW as part of the purchase price for AccessIT SW. During the nine months ended December 31, 2006, the Company repaid principal of \$595 on the HS Notes. As of December 31, 2006, the outstanding principal balance of the HS Notes was \$1,344.

In March 2004, in connection with the acquisition of certain digital cinema related assets of the Boeing Company (the Boeing Digital Asset Acquisition), the Company issued a 4-year, non-interest bearing note payable with a face amount of \$1,800 (the Boeing Note). The estimated fair value of the Boeing Note was determined to be \$1,367 on the closing date. Interest is being imputed, at a rate of 12%, over the term of the Boeing Note, and is being charged to non-cash interest expense. During the nine months ended December 31, 2006, principal repayments of \$450 were made and non-cash interest expense resulting from the Boeing Note was \$68. As of December 31, 2006, the outstanding balance of the Boeing Note, net of imputed interest, was \$829.

In August 2005, the Company reached an agreement (the Conversion Agreement) with the investors holding the Convertible Debentures and Convertible Debenture Warrants for the investors to: (1) convert all of their Convertible Debentures into 1,867,322 shares of Class A Common Stock; and (2) exercise all their Convertible Debenture Warrants for \$2,487 into 560,196 shares of Class A Common Stock, and for the Company to: (1) issue to the investors 760,196 warrants to purchase Class A Common Stock at an exercise price of \$11.39 per share (the New Warrants); and (2) issue to the investors 71,359 shares of Class A Common Stock (the New Shares). Because the issuance of the New Warrants and New Shares, when combined with the shares of Class A Common Stock underlying the Convertible Debentures and the Convertible Debentures Warrants, exceeded 20% of the Company's then-outstanding shares of Class A Common Stock, under the rules of the American Stock Exchange, where the Class A Common Stock was traded at the time, stockholder approval was required to be obtained. The Company obtained such stockholder approval by written consent of a majority of the holders of Common Stock and a Schedule 14(C) Information Statement was required, and was filed with the SEC on October 6, 2005. The Company was required to register the resale of the New Shares and the Class A Common Stock underlying the New Warrants on Form S-3 with the SEC. The Company filed a Form S-3 on November 16, 2005, which was declared effective by the SEC on December 2, 2005.

The Company accounted for the Conversion Agreement under the provisions of SFAS No. 84, Induced Conversions of Convertible Debt , which requires the value of the New Warrants and the New Shares to be recorded as an expense. The New Warrants were valued by an independent appraiser at a value of \$4,990, and the New Shares were valued at \$906, based on the AMEX closing price of the Company's Class A Common Stock on August 26, 2005, the date the Conversion Agreement was finalized. The value of the New Warrants plus \$200 for professional fees and the value of the New Shares were charged to debt conversion expense. Additionally, the Company issued 8,780 shares to the placement agent (the Placement Agent Shares) involved in the Conversion Agreement, which were valued at \$112, based on the AMEX closing price of the Company's Class A Common Stock on August 26, 2005. The value of the Placement Agent Shares was charged to debt conversion expense. The remaining accretion on the value of the Convertible Debentures Warrants of \$999 was charged to non-cash interest expense, and the remaining unamortized debt issuance costs of \$730 were charged to interest expense. As a result of the Conversion Agreement, there were no Convertible Debentures outstanding as of December 31, 2006.

In July 2006, in connection with the USM Acquisition (see Note 4), the Company issued an 8% note payable in the principal amount of \$1,204 (the First USM Note) and an 8% note payable in the principal amount of \$4,000 (the Second USM Note), both in favor of the stockholders of USM. The First USM Note is payable in twelve equal quarterly installments commencing on October 1, 2006 until July 1, 2009. The Second USM Note is payable on November 30, 2006, or earlier if certain conditions are met, plus accrued interest. Both the First USM Note and the Second USM Note may be prepaid in whole or from time to time in part without penalty provided that the Company pays all accrued and unpaid interest. During the three months ended December 31, 2006, principal repayment of \$97 was made on the First USM Note and the Second USM Note was repaid in full. As of December 31, 2006, the outstanding principal balance of the First USM Note was \$1,108 and there was no outstanding principal balance of the Second USM Note as of December 31, 2006.

Prior to the USM Acquisition (see Note 4), USM had purchased substantially all the assets of SilverScreen Advertising Incorporated (SilverScreen) and issued a 3-year, 4% notes payable in the principal amount of \$333 (the SilverScreen Note) as part of the purchase price for SilverScreen. The SilverScreen Note is payable in equal monthly installments until May 2009. During the three months ended December 31, 2006, the Company repaid principal of \$44 on the SilverScreen Note. As of December 31, 2006, the outstanding principal balance of the SilverScreen Note was \$272.

In October 2006, the Company entered into a securities purchase agreement (the Purchase Agreement) with the purchasers party thereto (the Purchasers) pursuant to which the Company issued 8.5% Senior Notes (the Senior Notes) in the aggregate principal amount of \$22,000 (the October 2006 Private Placement). The term of the Senior Notes is one year and may be extended for up to two 90-day periods at the discretion of the Company if certain market conditions are met. Interest on the Senior Notes will be paid on a quarterly basis in cash or, at the Company's option and subject to certain conditions, in shares of its Class A Common Stock (Interest Shares). In addition, each quarter, the Company will issue shares of Class A Common Stock to the Purchasers as payment of interest owed under the Senior Notes based on a formula (Additional Interest). Pursuant to the Senior Notes, the Company issued 46,750 shares of Class A Common Stock as Additional Interest in payment of the first quarterly interest on the Senior Notes, due December 31, 2006. The Company elected to pay the quarterly interest due December 31, 2006 in shares of its Class A Common Stock and issued 53,029 Interest Shares. Subsequent Additional Interest payments will be made quarterly in arrears at the end of each quarterly period beginning March 31, 2007. The Company may prepay the Senior Notes in whole or in part, without penalty, subject to paying the Additional Interest. The net proceeds of approximately \$21,100 from the October 2006 Private Placement is expected to be used for the expansion of the Company's digital cinema rollout plans to markets outside of the United States, and any one or more of the following: (i) the payment of certain existing outstanding indebtedness of the Company due within twelve months of the issuance of the Senior Notes, (ii) working capital and (iii) other general corporate purposes, including acquisitions. The Purchase Agreement also requires the Senior Notes to be guaranteed by each of the Company's existing and, subject to certain exceptions, future subsidiaries (the Guarantors), other than Christie/AIX and USM and their respective subsidiaries. Accordingly, each of the Guarantors entered into a subsidiary guaranty (the Subsidiary Guaranty) with the Purchasers pursuant to which it guaranteed the obligations of the Company under the Senior Notes. The Company also entered into a Registration Rights Agreement with the Purchasers pursuant to which the Company agreed to register the resale of any shares of its Class A Common Stock issued pursuant to the Senior Notes at any time and from time to time. The Company filed a registration statement on Form S-3 on January 26, 2007. As of December 31, 2006, the outstanding principal balance of the Senior Notes was \$22,000.

CREDIT FACILITIES

In July 2006, in connection with the USM Acquisition (see Note 4), the Company assumed \$5,473 of debt relating to USM's \$7,500 revolving credit facility with Excel Bank (the Excel Credit Facility). The Excel Credit Facility bears interest at a rate between 2.75% to 3.5% over the current one-month London Interbank Offered Rate (LIBOR), depending on USM's leverage ratio. A quarterly unused line fee is due equal to 0.25% of the excess of \$7,500 over the average outstanding balance of the Excel Credit Facility during the quarter. Under the Excel Credit Facility, USM must pay interest only through December 31, 2008. The balance of the principal amount, together with all unpaid interest on such borrowings and any fees incurred by USM pursuant to the Excel Credit Facility are due on the maturity date of December 31, 2008. Pursuant to the Excel Credit Facility, USM's bank deposits in excess of a minimum balance are swept from time to time by Excel Bank toward the repayment of the Excel Credit Facility. The Excel Credit Facility was repaid in full, as discussed below.

In December 2006, in connection with the conversion of the Excel Credit Facility, USM issued a 5-year, 8% term note payable to Excel Bank with a face amount of \$6,750 (the Excel Term Note). Proceeds from the Excel Term Note were used to repay the Excel Credit Facility, to purchase advertising projection systems and for working capital. Interest is due monthly commencing January 1, 2007 and principal shall be paid in quarterly installments commencing April 1, 2007. The balance of the Excel Term Note, together with all unpaid interest are due on the maturity date of January 1, 2012. USM may prepay at any time and time from time, all or any portion of the Excel Term Note, without penalty or premium. As of December 31, 2006, the outstanding principal balance of the Excel Term Note was \$6,750.

In August 2006, Christie/AIX entered into an agreement with General Electric Capital Corporation (GECC) pursuant to which GECC and certain other lenders agreed to provide to Christie/AIX a \$217,000 Senior Secured Multi Draw Term Loan (the GE Credit Facility). Proceeds from the GE Credit Facility will be used for the purchase and installation of up to 70% of the aggregate purchase price, including, all costs, fees or other expenses associated with the purchase acquisition, receipt, delivery, construction and installation of Systems in connection with Christie/AIX's Digital Cinema Roll-Out (see Note 9) and to pay transaction fees and expenses related to the GE Credit Facility, and for certain other specified purposes. The remaining cost of the Systems is to be funded from other sources of capital. Each of the borrowings by Christie/AIX bears interest, at the option of Christie/AIX and subject to certain conditions, based on the bank prime loan rate in the United States or the Eurodollar rate, plus a

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

margin ranging from 2.75% to 4.50%, depending on, among other things, the type of rate chosen, the amount of equity contributed into Christie/AIX and the total debt of Christie/AIX. Under the GE Credit Facility, Christie/AIX must pay interest only through July 31, 2008. Beginning August 31, 2008, in addition to the interest payments, Christie/AIX must repay approximately 71.5% of the principal amount of the borrowings over a five-year period with a balloon payment for the balance of the principal amount, together with all unpaid interest on such borrowings and any fees incurred by Christie/AIX pursuant to the GE Credit Facility on the maturity date of August 1, 2013. In addition, Christie/AIX may prepay borrowings under the GE Credit Facility in whole or in part, after July 31, 2007 and before August 1, 2010, subject to paying certain prepayment penalties ranging from 3% to 1%, depending on when the prepayment is made. The GE Credit Facility is required to be guaranteed by each of Christie/AIX's existing and future direct and indirect domestic subsidiaries (the Guarantors) and secured by a first priority perfected security interest on all of the collective assets of Christie/AIX and the Guarantors, including real estate owned or leased, and all capital stock or other equity interests in Christie/AIX and its subsidiaries, subject to specified exceptions. As of December 31, 2006, \$106,920 was borrowed under the GE Credit Facility at a weighted average interest rate of 9.88% and \$4,442 related to amounts that have not been invoiced by Christie and will be paid with borrowings from the GE Credit Facility in a subsequent period.

In August 2006, the GE Credit Facility was amended to allow borrowings by Christie/AIX to be in aggregate amounts not in exact multiples of \$1,000.

8. STOCKHOLDERS EQUITY

CAPITAL STOCK

In July 2005, the Company entered into a purchase agreement with certain institutional and other accredited investors in a private placement (the July 2005 Private Placement) to issue and sell 1,909,115 unregistered shares of Class A Common Stock at a sale price of \$9.50 per share and warrants to the investors for gross proceeds of \$18,137. The Company agreed to register the resale of the shares of Class A Common Stock issued with the SEC. The Company filed a Form S-3 on August 18, 2005, which was declared effective by the SEC on August 31, 2005.

In August 2005, in connection with the Conversion Agreement (see Note 7), all Convertible Debentures Warrants were exercised for \$2,487 and the Company issued 560,196 shares of Class A Common Stock. The Company also issued 71,359 New Shares to the investors, and another 8,780 Placement Agent Shares. The Company was required to register the resale of the shares of the Class A Common Stock underlying the Convertible Debentures Warrants with the SEC. The Company filed a Form S-3 on March 11, 2005, which was declared effective by the SEC on March 21, 2005. The Company was also required to register the New Shares and the Placement Agent Shares on Form S-3 with the SEC. The Company filed a Form S-3 on November 16, 2005, which was declared effective by the SEC on December 2, 2005.

In September 2005, in connection with the Exchange Offer completed in March 2004, the AMEX 30-day average closing price of the Company's Class A Common Stock exceeded \$12.00, and therefore, the Company converted all of the 6% Convertible Notes into 307,871 shares of Class A Common Stock, of which 248,282 shares of Class A Common Stock were issued to certain officers and directors of the Company. The Company registered the resale of 59,589 of these shares of Class A Common Stock on Form S-3 with the SEC. The Company filed a Form S-3 on November 16, 2005, which was declared effective by the SEC on December 2, 2005.

In December 2005, the Company filed a shelf registration statement on Form S-3 with the SEC (the Shelf), which was declared effective on January 13, 2006. The Shelf provided that the Company may offer and sell in one or more offerings up to \$75,000 of any combination of the following securities: Class A Common Stock, preferred stock in one or more series and warrants to purchase Common Stock or preferred stock.

In January 2006, in connection with the Shelf, the Company entered into: (1) a placement agency agreement to issue and sell up to 1,145,000 registered shares of Class A Common Stock at a price to the public of \$10.70 per share to certain institutional and other accredited investors, and

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

(2) a purchase agreement with an underwriter for 355,000 registered shares of Class A Common Stock at a price to the public of \$10.70 per share (together the January 2006 Offering) for gross aggregate proceeds of \$16,050. The offering and sale of the 1,500,000 shares was completed on January 25, 2006. The securities were offered by the Company, pursuant to the Shelf.

In March 2006, in connection with the Shelf, the Company entered into a purchase agreement with two underwriters for 5,126,086 registered shares of Class A Common Stock at a price to the public of \$10.00 per share (the March

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

2006 Offering) for gross proceeds of \$51,261, which was completed on March 17, 2006. The Company granted the underwriters a 30-day option to purchase up to an additional 768,913 shares of Class A Common Stock at a price to the public of \$10.00 per share (the March 2006 Second Offering) to cover over-allotments, which was exercised by the underwriters on March 21, 2006 for gross proceeds of \$7,689 and was completed on March 24, 2006. The securities were offered by the Company, pursuant to the Shelf.

As a result of the January 2006 Offering, the March 2006 Offering and the March 2006 Second Offering, substantially all of the Shelf amount of \$75,000 has been utilized. The de minimus remainder has been deregistered.

In April 2006, the Company issued 23,445 shares of unregistered Class A Common Stock to R & S International, Inc., in connection with the purchase of the domain name, website, customer list and the IP address space for Ezzi.net and certain data center related computer equipment of R & S International, Inc. The Company agreed to register the resale of these shares with the SEC. The Company filed a Form S-3/A on September 15, 2006, which was declared effective by the SEC on September 19, 2006.

In July 2006, in connection with the USM Acquisition (see Note 4), the Company issued 974,184 shares of unregistered Class A Common Stock (the USM Shares) as part of the purchase price. Under the stock purchase agreement entered into by the Company in connection with the USM Acquisition, the Company was required to register the resale of the USM Shares with the SEC. The Company filed a Form S-3 on August 30, 2006, which was declared effective by the SEC on September 19, 2006.

In October 2006 and December 2006, the Company issued 46,750 and 53,029 shares of Class A Common Stock as Additional Interest and Interest Shares, respectively, in connection with the October 2006 Private Placement (see Note 7). The Company agreed to register the resale of the shares of the Class A Common Stock underlying these shares with the SEC. The Company filed a registration statement on Form S-3 on January 26, 2007.

STOCK OPTION PLAN

AccessIT's stock option plan (the Plan) provided for the issuance of up to 1,100,000 options to purchase shares of Class A Common Stock to employees, outside directors and consultants. The Company obtained shareholder approval to expand the Plan to 2,200,000 options at the Company's 2006 Annual Meeting of Stockholders held on September 14, 2006.

During the nine months ended December 31, 2006, under the Plan, the Company granted 100,000 stock options to its employees all at an exercise price range from \$8.82 to \$13.52 per share, of which 60,000 were subject to shareholder approval, which was obtained at the Company's 2006 Annual Meeting of Stockholders held on September 14, 2006.

The following table summarizes the activity of the Plan:

Shares Under Option	Weighted Average Exercise Price Per Share
---------------------------	--

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

Balance at March 31, 2006	1,100,000		\$ 6.61
Granted	471,747	(1)	\$ 10.88
Exercised	(5,750))	\$ 4.98
Cancelled	(15,500))	\$ 10.46
Balance at December 31, 2006	1,550,497		\$ 7.88

- (1) The issuance of the 431,747 stock options was subject to shareholder approval, which was obtained at the Company's 2006 Annual Meeting of Stockholders held on September 14, 2006.

As of December 31, 2006, AccessDM's separate stock option plan (the AccessDM Plan) provides for the issuance of up to 2,000,000 options to purchase shares of AccessDM common stock to employees. During the nine months ended December 31, 2006, there were no AccessDM options issued.

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

The following table summarizes the activity of the AccessDM Plan:

	Shares Under Option		Weighted Average Exercise Price Per Share	
Balance at March 31, 2006	1,055,000		\$ 0.95	(1)
Granted				
Exercised				
Cancelled				
Balance at December 31, 2006	1,055,000	(2)	\$ 0.95	(1)

- (1) Since there is no public trading market for AccessDM's common stock, the fair market value of AccessDM's common stock on the date of grant was determined by an appraisal of such options.
- (2) As of December 31, 2006, there were 19,213,758 shares of AccessDM's common stock issued and outstanding.

WARRANTS

Warrants outstanding consisted of the following:

	March 31, 2006	December 31, 2006
Outstanding Warrant (as defined below)		
Underwriter Warrants	3,775	3,775
July 2005 Private Placement Warrants	477,275	467,275
New Warrants (see Note 7)	760,196	760,196
	1,241,246	1,231,246

In November 2003, in connection with the Company's initial public offering, the Company issued to the underwriter, warrants to purchase up to 120,000 shares of Class A Common Stock at an exercise price of \$6.25 per share (the Underwriter Warrants). The Underwriter Warrants were immediately exercisable and expire on November 7, 2007. The exercise price is subject to adjustment in certain circumstances, and in fiscal 2004 the exercise price was adjusted to \$6.03 per share. As of December 31, 2006, 3,775 Underwriter Warrants remained outstanding.

In July 2005, in connection with the July 2005 Private Placement, the Company issued warrants to purchase 477,275 shares of Class A Common Stock at an exercise price of \$11.00 per share (the July 2005 Private Placement Warrants). The July 2005 Private Placement Warrants are exercisable beginning on February 18, 2006 for a period of five years thereafter. The July 2005 Private Placement Warrants are callable by the Company, provided that the closing price of the Company's Class A Common Stock is \$22.00 per share, 200% of the applicable exercise price, for twenty consecutive trading days. The Company agreed to register the resale of the shares of the Class A Common Stock underlying the July 2005 Private Placement Warrants with the SEC. The Company filed a Form S-3 on August 18, 2005, which was declared effective by the SEC on August 31, 2005. During the nine months ended December 31, 2006, 10,000 of the July 2005 Private Placement Warrants were exercised for \$110 in cash, and the Company issued 10,000 shares of Class A Common Stock. As of December 31, 2006, 467,275 July 2005 Private Placements Warrants remained outstanding.

In August 2005, in connection with the Conversion Agreement (see Note 7), all Convertible Debentures Warrants were exercised for \$2,487 and the Company issued 560,196 shares of Class A Common Stock and the Company issued to the investors the New Warrants to purchase 760,196 shares of Class A Common Stock at an exercise price of \$11.39 per share. The Company was required to register the resale of the shares of the Class A Common Stock underlying the Convertible Debentures Warrants with the SEC. The Company filed a Form S-3 on March 11, 2005, which was declared effective by the SEC on March 21, 2005. The New Warrants were immediately exercisable

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

upon issuance and for a period of five years thereafter. The Company was required to register the resale of the shares of Class A Common Stock underlying the New Warrants with the SEC. The Company filed a Form S-3 on November 16, 2005, which was declared effective by the SEC on December 2, 2005. As of December 31, 2006, 760,196 New Warrants remained outstanding.

9. COMMITMENTS AND CONTINGENCIES

Pursuant to a digital cinema framework agreement and related supply agreement, as amended, entered into with Christie through the Company's indirect wholly-owned subsidiary, Christie/AIX, in June 2005, Christie/AIX may order up to 4,000 Systems (the Digital Cinema Roll-Out).

As of December 31, 2006, in connection with Christie/AIX's Digital Cinema Roll-Out, Christie/AIX has entered into digital cinema deployment agreements with six motion picture studios and a digital cinema agreement with one alternative content provider, for the distribution of digital movie releases and alternate content to motion picture exhibitors equipped with the Systems, and providing for payment of VPFs to Christie/AIX. As of December 31, 2006, Christie/AIX has entered into master license agreements with eight motion picture exhibitors for the placement of the Systems in movie theatres covering a total of 3,040 screens (includes screens at AccessIT's Pavilion Theatre) and has installed 1,693 Systems.

As of December 31, 2006, Christie/AIX has ordered 2,700 of the Systems from Christie and has paid \$127,967 towards Systems ordered in connection with Christie/AIX's Digital Cinema Roll-Out. The Company has agreed to provide financing to certain motion picture exhibitors upon the billing to the motion picture exhibitors by Christie for the installation costs associated with the placement of the Systems in movie theatres. Christie has agreed to sell to Christie/AIX Systems which, or upgrade Systems already sold to Christie/AIX to, comply with the Digital Cinema System Specification v1.0 dated July 20, 2005 issued by Digital Cinema Initiatives, LLC. The motion picture exhibitors are required to make monthly interest only payments through October 2007 and quarterly principal and interest payments thereafter (see Note 6). Under a master license agreement with a certain motion picture exhibitor, Christie/AIX has agreed to pay the installation costs associated with the placement of the Systems in movie theatres directly to Christie on behalf of the motion picture exhibitor, up to \$14,550, which is expected to be paid over the next two years, and these installation costs will be included in the cost of property and equipment. As of December 31, 2006, Christie/AIX has paid \$5,580 in such installation costs.

As of December 31, 2006, purchase obligations for the 2,700 Systems ordered, but not delivered, in connection with Christie/AIX's Digital Cinema Roll-Out, which have not been included in the Company's consolidated financial statements totaled \$34,526.

10. SUPPLEMENTAL CASH FLOW DISCLOSURE

	Three Months Ended		Nine Months Ended	
	December 31,		December 31,	
	2005	2006	2005	2006

11. SEGMENT INFORMATION

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

Segment information has been prepared in accordance with SFAS No. 131, Disclosures about Segments of an Enterprise and Related Information. The Company has two reportable segments: Media Services and Data Center Services. The segments were determined based on the products and services provided by each segment. Accounting policies of the segments are the same as those described in Note 2. Performance of the segments is evaluated on operating income before interest, taxes, depreciation and amortization.

20

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

The Media Services segment consists of the following:

Operations of:	Products and services provided:
AccessIT SW	Develops and licenses software to the theatrical distribution and exhibition industries, provides ASP Service, and provides software enhancements and consulting services.
DMS	Stores and distributes digital content to movie theaters and other venues having digital projection equipment and provides satellite-based broadband video, data and Internet transmission, encryption management services, video network origination and management services and a virtual booking center to outsource the booking and scheduling of satellite and fiber networks and provides forensic recovery services for content owners.
Pavilion Theatre	A fully functioning nine-screen movie theatre and showcase to demonstrate the Company's integrated digital cinema solutions.
Christie/AIX	Financing vehicle and administrator for Christie/AIX's Digital Cinema Roll-Out to motion picture exhibitors, collects VPFs from motion picture studios and other content providers.
USM	Provides cinema on-screen advertising services and entertainment.

Discontinued operations, attributable to the Data Center Services segment, consists of the following:

Operations of:	Products and services provided:
AccessIT Data Centers	Provides services through its three IDCs including the license of data center space, provision of power, data connections to other businesses, web hosting and the installation of equipment.
Managed Services	Provides information technology consulting services and managed network monitoring services through its global network command center.

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

Information related to the segments of the Company and its subsidiaries is detailed below:

	Three Months Ended		Nine Months Ended	
	December 31,		December 31,

12. RELATED PARTY TRANSACTIONS

An officer of Christie/AIX is also an officer of Christie, from whom Christie/AIX purchases the Systems for Christie/AIX's Digital Cinema Roll-Out. Purchases of such Systems from Christie totaled \$106,910 for the nine months ended December 31, 2006. This individual is not compensated by Christie/AIX.

13. SUBSEQUENT EVENTS

In January 2007, the Company through its wholly-owned subsidiary, Vistachiara Productions, Inc., purchased substantially all of the assets, and assumed certain liabilities, of BP/KTF, LLC, d/b/a The Bigger Picture, and a subsidiary of privately held Sabella Dern Entertainment (BP) for 460,000 shares of the Company's Class A Common Stock. The Company also agreed to pay BP certain amounts in cash or the equivalent of the Company's Class A Common Stock, at the Company's sole discretion, if certain conditions are met. In addition, the Company entered into a

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

Registration Rights Agreement with BP, pursuant to which the Company agreed to register the resale of all of the Class A Common Stock issued in connection with the transaction. On February 13, 2007, the Company

22

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

filed an amendment to a registration statement on Form S-3 to include the resale of the shares issued to BP as part of the registration.

In February 2007, the Company and the Purchasers of the Senior Notes (see Note 7) agreed to amend the Senior Notes to: (i) remove the market conditions that would otherwise restrict the Company from extending the term of the Senior Notes for up to two 90-day periods, (ii) provide for an increase in the amount of permitted indebtedness the company may incur, to up to \$5,000, (iii) provide for additional payments to be made in either cash or stock, at the Company's option, if the average price of the Company's stock falls below \$7.00 during the 30 days before any quarterly interest due date, and (iv) provide an approximate 1% increase in the value of the Kicker Shares payable to the Purchasers annually.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This report contains forward-looking statements within the meaning of the federal securities laws. These include statements about our expectations, beliefs, intentions or strategies for the future, which are indicated by words or phrases such as believes, anticipates, expects, intends, plans, will, estimates, and similar words. Forward-looking statements are based on current expectations and are indicated by words or phrases such as believe, expect, may, will, should, seek, plan, intend or anticipate or the negative thereof or comparable terminology in a discussion of strategy. Forward-looking statements represent as of the date of this report our judgment relating to, among other things, future results of operations, growth plans, sales, capital requirements and general industry and business conditions applicable to us. Such forward-looking statements are based largely on our current expectations and are inherently subject to risks and uncertainties. Our actual results could differ materially from those that are anticipated or projected as a result of certain risks and uncertainties, including, but not limited to, a number of factors, such as:

- successful execution of our business strategy, particularly for new endeavors;

- the performance of our targeted markets;

- competitive product and pricing pressures;

- changes in business relationships with our major customers;

- successful integration of acquired businesses;

- successful disposal of our discontinued operations;

- economic and market conditions; and

- the effect of our indebtedness on our financial condition and financial flexibility, including, but not limited to, the ability to obtain necessary financing for our business and our ability to meet our financial and other covenants pursuant to our credit agreements.

Except as otherwise required to be disclosed in periodic reports required to be filed by public companies with the SEC pursuant to the SEC's rules, we have no duty to update these statements, and we undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. In light of these risks and uncertainties, we cannot assure you that the forward-looking information contained in this report will in fact transpire.

In this report, AccessIT, we, us, our and the Company refers to Access Integrated Technologies, Inc. and its subsidiaries unless the context otherwise requires.

OVERVIEW

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

Access Integrated Technologies, Inc. (AccessIT) was incorporated in Delaware on March 31, 2000. We provide fully managed storage, electronic delivery and software services and technology solutions for owners and distributors of digital content to movie theaters and other venues. We have generated revenues from two primary businesses, media services (Media Services) and internet data center (IDC or data center) services (Data Center Services). Our Media Services business provides software, services and technology solutions to the motion picture and television industries, primarily to facilitate the transition from analog (film) to digital cinema and has

23

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

positioned us at what we believe to be the forefront of an emerging industry opportunity relating to the delivery and management of digital cinema and other content to entertainment and other remote venues worldwide. This is currently our primary strategic focus. Our Data Center Services are comprised of three leased IDCs that provide corporate customers with secure and fail-safe off-site locations to house their computer and telecommunications equipment, as well as related services such as equipment monitoring and back-up and protection of customers' data. We have decided to realign our resources and to discontinue our Data Center Services. We will continue to support the Data Center Services through disposition. The discontinuation of our Data Center Services represents a strategic realignment of our technical and financial resources, thus enabling us to focus on what we believe are more profitable business opportunities for the Company.

Our primary business focus is to create a secure, managed and complete digital cinema system that consists of software to book, track and perform record keeping functions for digital content in theatres, electronically deliver digital content to multiple locations primarily via satellite and provide the content management software for in-theatre playback systems for the digital cinema marketplace. This digital cinema system is intended to use all of our Media Services businesses.

We have two reportable segments: Media Services and discontinued operations, attributable to the Data Center Services, which consists of the operations of our three IDCs and the operations of Managed Services. The Media Services segment of our business consists of two units: the Digital Media Delivery Services and Entertainment Software Services. Digital Media Delivery Services is comprised of FiberSat Global Services, Inc. d/b/a AccessIT Satellite and Support Services, (AccessIT Satellite), Access Digital Media, Inc. (AccessDM) and, together with AccessIT Satellite, DMS), ADM Cinema Corporation (ADM Cinema) d/b/a the Pavilion Theatre (the Pavilion Theatre), Christie/AIX, UniqueScreen Media, Inc. (USM) and Vistachara Productions, Inc. Entertainment Software Services is comprised of Hollywood Software, Inc. d/b/a AccessIT Software (AccessIT SW) and DMS.

We have incurred net losses of \$13.8 million and \$14.7 million in the nine months ended December 31, 2005 and 2006, respectively, and we have an accumulated deficit of \$53.0 million as of December 31, 2006. We anticipate that, with our recent acquisitions, the operations of DMS and Christie/AIX and the discontinued operations, attributable to the Data Center Services, our results of operations will improve. As we grow, we expect our operating costs and general and administrative expenses will also increase for the foreseeable future, but as a lower percentage of revenue. In order to achieve and sustain profitable operations, we will need to generate more revenues than we have in prior years and we may need to obtain additional financing.

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

Results of Operations for the Three Months Ended December 31, 2005 and 2006

The following table sets forth, for the period indicated, the comparative changes to amounts included in our unaudited condensed consolidated statements of operations.

(\$ in thousands)	Summary Operating Results			
	For the Three Months Ended December 31,			
	2005	2006	Increase/(Decrease)	
			\$	%
Revenues	\$ 2,751	\$ 12,783	\$ 10,032	365 %
Costs and Expenses:				
Direct operating	1,813	5,070	3,257	180 %
Selling, general and administrative	2,098	5,597	3,499	167 %
Provision for doubtful accounts	8	192	184	NM*
Research and development	37	95	58	157 %
Non-cash stock-based compensation		50	50	NM*
Depreciation and amortization	807	4,613	3,806	472 %
Total operating expenses	4,763	15,617	10,854	228 %
Loss from continuing operations before other income (expense) and income tax benefit and discontinued operations	(2,012)	(2,834)	822	41 %
Interest income	96	183	87	91 %
Interest expense	(313)	(2,087)	1,774	567 %

Loss from continuing operations	(1,903)	(5,587)	(3,684)	(194)%
Loss from discontinued operations	(134)	(575)	(441)	(329)%
Net loss	\$ (2,037)	\$ (6,162)	\$ (4,125)	(203)%

*NM Not meaningful

Revenues

Revenues were \$2.8 million and \$12.8 million for the three months ended December 31, 2005 and 2006, respectively, an increase of \$10.0 million or 365%. The increase was driven largely by the USM Acquisition (see Note 4), VPF revenues and license fees earned for our Theatre Command Center software. VPF revenues and license fees earned for our Theatre Command Center software are expected to increase as an increasing number of Systems are placed into service by Christie/AIX in support of its Digital Cinema Roll-Out.

Direct Operating Costs

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

Total direct operating costs were \$1.8 million and \$5.1 million for the three months ended December 31, 2005 and 2006, respectively, an increase of \$3.3 million or 180%. The increase was attributable to the USM Acquisition (see Note 4), payroll and other operating costs.

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

Selling, General and Administrative Expenses

Total selling, general and administrative expenses were \$2.1 million and \$5.6 million for the three months ended December 31, 2005 and 2006, respectively, an increase of \$3.5 million or 167%. The increase was primarily due to the USM Acquisition (see Note 4) and increased company-wide staffing costs. As of December 31, 2005 and 2006 we had 128 and 335 employees, respectively, of which 54 and 51, respectively, were part-time employees and 0 and 101, respectively, were salespersons.

Depreciation and Amortization Expense

Total depreciation and amortization expense was \$0.8 million and \$4.6 million for the three months ended December 31, 2005 and 2006, respectively, an increase of \$3.8 million or 472%. The increase was primarily attributable to the depreciation for the assets to support Christie/AIX's Digital Cinema Roll-Out. We anticipate that we will experience an increase in our total depreciation and amortization expense consistent with the depreciation of an increasing number of Systems purchased by Christie/AIX in support of its Digital Cinema Roll-Out.

Interest expense

Total interest expense was \$0.3 million and \$2.1 million for the three months ended December 31, 2005 and 2006, respectively, an increase of \$1.8 million or 567%. The increase was primarily due to the interest expense and unused credit facility fees incurred on the GE Credit Facility and interest associated with USM's Excel Credit Facility and Excel Term Note. We anticipate that we will experience an increase in our total interest expense consistent with the increase in our obligations under the GE Credit Facility in support of Christie/AIX's Digital Cinema Roll-Out.

Non-cash interest expense

Total non-cash interest expense was \$32 thousand and \$0.9 million for the three months ended December 31, 2005 and 2006, respectively, an increase of \$0.9 million. The increase was due to the value of the shares issued as payment of interest on the Senior Notes (see Note 7).

Other Income, Net

Total other income, net was \$0.4 million and \$4 thousand for the three months ended December 31, 2005 and 2006, respectively, a decrease of \$0.4 million. The decrease was directly attributable to the change in the estimated fair value of the New Warrants, which was reclassified to equity November 16, 2005, and therefore there was no change in their estimated fair values during the three months ended December 31, 2006.

Discontinued Operations

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

Loss from discontinued operations, consisting of losses attributable to the Data Center Services segment, was \$134 thousand and \$575 thousand for the three months ended December 31, 2005 and 2006, respectively, an increased loss of \$441 thousand. The increased loss was due to reduced revenues from lost data center customers and increased direct operating costs, specifically higher data circuit expenses combined with additional personnel costs. The Company decided to realign our resources and to discontinue our Data Center Services. We will continue to support the Data Center Services through disposition. We anticipate that losses from discontinued operations will continue.

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

Results of Operations for the Nine Months Ended December 31, 2005 and 2006

The following table sets forth, for the period indicated, the comparative changes to amounts included in our unaudited condensed consolidated statements of operations.

(\$ in thousands)	Summary Operating Results				
	For the Nine Months Ended December 31,				
	2005	2006	Increase/(Decrease)		
		\$	%		
Revenues	\$ 7,377	\$ 25,396	\$ 18,019	244	%

Net loss	\$ (13,787)	\$ (14,704)	\$ 917	7	%

*NM Not meaningful

Revenues

Revenues were \$7.4 million and \$25.4 million for the nine months ended December 31, 2005 and 2006, respectively, an increase of \$18.0 million or 244%. The increase was driven largely by the USM Acquisition (see Note 4), VPF revenues and license fees earned for our Theatre Command Center software. VPF revenues and license fees earned for our Theatre Command Center software are expected to increase as an increasing number of Systems are placed into service by Christie/AIX in support of its Digital Cinema Roll-Out.

Direct Operating Costs

Total direct operating costs were \$5.1 million and \$10.8 million for the nine months ended December 31, 2005 and 2006, respectively, an increase of \$5.7 million or 110%. The increase was attributable to the USM Acquisition (see Note 4), payroll and other operating costs.

Selling, General and Administrative Expenses

Total selling, general and administrative expenses were \$5.8 million and \$11.7 million for the nine months ended December 31, 2005 and 2006, respectively, an increase of \$5.9 million or 103%. The increase was primarily due to the USM Acquisition (see Note 4) and increased company-wide staffing costs. As of December 31, 2005 and 2006 we had 128 and 335 employees, respectively, of which 54 and 51, respectively, were part-time employees and 0 and 101, respectively, were salespersons.

Non-cash Stock-based Compensation Expense

Total non-cash stock-based compensation expense was \$0 and \$2.8 million for the nine months ended December 31, 2005 and 2006, respectively, related to the Company's adoption of SFAS 123(R) (see Note 2).

Depreciation and Amortization Expense

Total depreciation and amortization expense was \$2.3 million and \$9.2 million for the nine months ended December 31, 2005 and 2006, respectively, an increase of \$6.9 million or 295%. The increase was primarily attributable to the depreciation for the assets to support Christie/AIX's Digital Cinema Roll-Out. We anticipate that we will experience an increase in our total depreciation and amortization expense consistent with the depreciation of an increasing number of Systems purchased by Christie/AIX in support of its Digital Cinema Roll-Out.

Interest Income

Total interest income was \$180 thousand and \$627 thousand for the nine months ended December 31, 2005 and 2006, respectively, an increase of \$447 thousand or 248%. The increase was directly attributable to the amount of cash, cash equivalents and investments on hand during the nine month period ended December 31, 2006 compared to the nine month period ended December 31, 2005.

Interest expense

Total interest expense was \$1.8 million and \$3.2 million for the nine months ended December 31, 2005 and 2006, respectively, an increase of \$1.4 million or 74%. The increase was primarily due to the interest expense and unused credit facility fees incurred on the GE Credit Facility and interest associated with USM's Excel Credit Facility and Excel Term Note offset by the reduced interest expense associated with the \$7.6 million of 7% Convertible Debentures and \$1.7 million of 6% convertible notes issued in February 2005 (the 6% Convertible Notes) converted to equity, offset by interest expense on our capital lease at the Pavilion Theatre and unused credit facility fees incurred on the GE Credit Facility. Additionally, the nine months ended December 31, 2005 included \$730 thousand of debt issuance costs which was charged to interest expense in connection with the conversion of all of our Convertible Debentures and 6% Convertible Notes. We anticipate that we will experience an increase in our total interest expense consistent with the increase in our obligations under the GE Credit Facility in support of Christie/AIX's Digital Cinema Roll-Out.

Non-cash interest expense

Total non-cash interest expense was \$1.3 million and \$1.0 million for the nine months ended December 31, 2005 and 2006, respectively, a decrease of \$0.3 million or 27%. Non-cash interest expense for the nine months ended December 31, 2005 resulted from the accretion of the value of warrants to purchase shares of our Class A Common Stock attached to the \$7.6 million Convertible Debentures (which bore interest at 7% per year) and the 5-Year Notes along with \$1.0 million that was expensed for the remaining accretion of the notes in connection with the conversion of the \$7.6 million of the Convertible Debentures offset by the value of the shares issued as payment of interest on the Senior Notes (see Note 7) during the nine months ended December 31, 2006.

Debt conversion expense

Total debt conversion expense was \$6.2 million and \$0 for the nine months ended December 31, 2005 and 2006, respectively. The prior year included the value of the New Shares and New Warrants issued as a result of the conversion of the \$7.6 million Convertible Debentures in August 2005.

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

Other Income (Expense), Net

Total other income, net was \$1.6 million for the nine months ended December 31, 2005 compared to other expense, net of \$195 thousand for the nine months ended December 31, 2006, a decrease of \$1.8 million or 112%. The decrease was directly attributable to the change in value of the July 2005 Private Placement Warrants and the New Warrants in the nine months ended December 31, 2005.

Discontinued Operations

Loss from discontinued operations was \$0.3 million and \$1.5 million for the nine months ended December 31, 2005 and 2006, respectively, an increase of \$1.2 million. The increased loss was due to reduced revenues from lost data center customers and increased direct operating costs, specifically higher data circuit expenses combined with additional personnel costs. The Company decided to realign our resources and to discontinue our Data Center Services. We will continue to support the Data Center Services through disposition. We anticipate that losses from discontinued operations will continue.

Liquidity and Capital Resources

We have incurred operating losses in each year since we commenced our operations. Since our inception, we have financed our operations substantially through the private placement of shares of our common and preferred stock, the issuance of promissory notes, our initial public offering and subsequent private and public offerings, notes payable and Common Stock used to fund various acquisitions.

In October 2006, the Company entered into a securities purchase agreement (the "Purchase Agreement") with the purchasers party thereto (the "Purchasers") pursuant to which the Company issued 8.5% Senior Notes (the "Senior Notes") in the aggregate principal amount of \$22 million (the "October 2006 Private Placement"). The net proceeds of approximately \$21.1 million from the October 2006 Private Placement will be used for the expansion of the Company's digital cinema rollout plans to markets outside of the United States, and any one or more of the following: (i) the payment of certain existing outstanding indebtedness of the Company due within twelve months of the issuance of the Senior Notes, (ii) working capital and (iii) other general corporate purposes, including acquisitions. The Purchase Agreement also requires the Senior Notes to be guaranteed by each of the Company's existing and, subject to certain exceptions, future subsidiaries (the "Guarantors"), other than Christie/AIX and USM and their respective subsidiaries. Accordingly, each of the Guarantors, other than Christie/AIX and USM and their respective subsidiaries entered into a subsidiary guaranty (the "Subsidiary Guaranty") with the Purchasers pursuant to which it guaranteed the obligations of the Company under the Senior Notes. The Senior Notes contain certain restrictive covenants that restrict the Company and the Subsidiary Guarantors from incurring other indebtedness, creating or acquiring subsidiaries which do not guarantee the Senior Notes, making certain investments and modifying authorized capital.

In August 2006, Christie/AIX, an indirect wholly-owned subsidiary of the Company, entered into a definitive credit agreement (the "Credit Agreement") with General Electric Capital Corporation, as administrative agent and collateral agent for the lenders party thereto, and one or more lenders party thereto. Pursuant to the Credit Agreement, at any time prior to August 1, 2008, Christie/AIX may draw up to \$217.0 million in the form of a senior secured multi draw term loan (the "GE Credit Facility"), in one or more borrowings. Proceeds from the Credit Facility will be used for the purchase and installation of up to 70% of the aggregate purchase price, including, all costs, fees or other expenses associated with the purchase acquisition, receipt, delivery, construction and installation of digital cinema systems in connection with Christie/AIX's Digital Cinema Roll-Out and to pay transaction fees and expenses related to the Credit Facility, and for certain other specified purposes. The remaining cost of the Systems would be funded from other sources of capital. As of December 31, 2006, the Company had borrowed \$106.9 million under the GE Credit Facility at a weighted average interest rate of 9.88% and \$4.4 million related to amounts that have not been invoiced by Christie and will be paid with borrowings from the GE Credit Facility in a subsequent period. The Credit Agreement contains certain restrictive covenants that restrict Christie/AIX and its subsidiaries from making certain capital expenditures, incurring other indebtedness, engaging in a new line of business, selling certain assets, acquiring, consolidating with, or merging with or into other companies and entering into transactions

with affiliates.

In December 2005, the Company filed a shelf registration statement on Form S-3 with the SEC (the Shelf), which was declared effective on January 13, 2006. The Shelf provided that the Company may offer and sell in one or more offerings up to \$75.0 million of any combination of the following securities: Class A Common Stock, preferred

29

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

stock in one or more series and warrants to purchase common stock or preferred stock. The proceeds from sales of securities under this shelf registration was used for the purchase, installation and maintenance of Systems by Christie/AIX in connection with Christie/AIX's Digital Cinema Roll-Out, and for general working capital.

In January 2006, in connection with the Shelf, the Company entered into: (1) a placement agency agreement to issue and sell up to 1,145,000 registered shares of Class A Common Stock at a price to the public of \$10.70 per share to certain institutional and other accredited investors, and (2) a purchase agreement with an underwriter for 355,000 registered shares of Class A Common Stock at a price to the public of \$10.70 per share (together the January 2006 Offering) for gross aggregate proceeds of \$16.1 million. The offering and sale of the 1,500,000 shares was completed on January 25, 2006. The Company used the net proceeds for the purchase, installation and maintenance of Systems by Christie/AIX in connection with Christie/AIX's Digital Cinema Roll-Out and for general corporate purposes. The securities were offered by the Company pursuant to the Shelf.

In March 2006, in connection with the Shelf, the Company entered into a purchase agreement with two underwriters for 5,126,086 registered shares of Class A Common Stock at a price to the public of \$10.00 per share (the March 2006 Offering) for gross proceeds of \$51.3 million, which was completed on March 17, 2006. The Company granted the underwriters a 30-day option to purchase up to an additional 768,913 shares of Class A Common Stock at a price to the public of \$10.00 per share (the March 2006 Second Offering) to cover over-allotments, which was exercised by the underwriters on March 21, 2006 for gross proceeds of \$7.7 million and was completed on March 24, 2006. The Company intends to use the estimated net proceeds from the March 2006 Offering and the March 2006 Second Offering of approximately \$54.6 million, for the purchase, installation and maintenance of Systems by Christie/AIX in connection with Christie/AIX's Digital Cinema Roll-Out and for general corporate purposes. The securities were offered by the Company pursuant to the Shelf.

As a result of the January 2006 Offering, the March 2006 Offering and the March 2006 Second Offering, substantially all of the Shelf amount of \$75.0 million has been utilized. The de minimus remainder was deregistered.

As of December 31, 2006, Christie/AIX has paid \$128.0 million for Systems ordered in connection with Christie/AIX's Digital Cinema Roll-Out.

As of December 31, 2006, we had cash and cash equivalents of \$55.4 million and our working capital was \$35.3 million.

Operating activities used net cash of \$5.9 million and \$15.5 million for the nine months ended December 31, 2005 and 2006, respectively. The increase in cash used by operating activities was primarily due to an increase of accounts receivable, the reduction of accounts payable and accrued expenses and an increase loss from discontinued operations, offset by a reduced net loss from continuing operations and adjustments not requiring cash, specifically depreciation and amortization, non-cash stock-based compensation and debt conversion expense.

Investing activities used net cash of \$7.7 million and \$82.3 million for the nine months ended December 31, 2005 and 2006, respectively. The increase was due to the purchase of and deposits on additional computer related equipment and other assets, primarily in connection with Christie/AIX's Digital Cinema Roll-Out along with the purchase of PLX and USM (see Note 4) offset by the maturities and sales of available-for-sale investment securities. We anticipate that we will experience an increase in our capital expenditures consistent with the anticipated growth in our operations, infrastructure and personnel mainly in the support of Christie/AIX's Digital Cinema Roll-Out.

Financing activities provided net cash of \$19.0 million and \$116.5 million for the nine months ended December 31, 2005 and 2006, respectively. The increase was primarily due to the net proceeds from the GE Credit Facility (see Note 7) and the Senior Notes (see Note 7), offset slightly by the repayments of notes payable and debt issuance costs.

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

We have acquired property and equipment under non-cancelable long-term capital lease obligations that expire at various dates through July 2022. As of December 31, 2006, we had outstanding capital lease obligations of \$6.0 million. Our capital lease obligations are at the following locations and in the following principal amounts (\$ in thousands):

Location	Purpose of capital lease	Outstanding Capital Lease Obligation
The Pavilion Theatre	For building, land and improvements	\$5,995
USM	For theatre equipment	2
	Total for continuing operations	5,997
Discontinued operations	For computer equipment used in IDC s	3
		\$6,000

As of December 31, 2006, minimum future capital lease payments (including interest) totaled \$17.8 million, are due as follows (\$ in thousands):

For the twelve months ending December 31,	Continuing Operations	Discontinued Operations	Total
2007	\$ 1,131	\$	\$ 1,131
2008	1,128		1,128
2009	1,128		1,128
2010	1,128		1,128
2011	1,128		1,128
Thereafter	12,166		12,166
	\$ 17,809	\$	\$ 17,809

As of December 31, 2006, obligations under non-cancelable operating leases totaled \$13.6 million, are due as follows (\$ in thousands):

For the twelve months ending December 31,	Continuing Operations	Discontinued Operations	Total
2007	\$ 614	\$ 2,193	\$ 2,807
2008	616	2,222	2,838
2009	527	1,951	2,478
2010	467	1,259	1,726
2011	138	712	850
Thereafter	35	2,883	2,918
	\$ 2,397	\$ 11,220	\$ 13,617

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

As of December 31, 2006, continuing operations obligations under theatre agreements with exhibitors for displaying cinema advertising totaled \$5.7 million, are due as follows (\$ in thousands):

For the twelve months ending December 31,

2007	\$ 3,049
2008	2,098
2009	507
2010	80
2011	
Thereafter	\$ 5,734

As of December 31, 2006, purchase obligations for Systems ordered in connection with Christie/AIX's Digital Cinema Roll-Out, which have not been included in our consolidated financial statements totaled \$34.5 million.

Management expects that we will continue to generate losses for the foreseeable future due to depreciation and amortization, interest on funds advanced under our senior credit facilities (see Note 7), software development, the continued efforts related to the identification of acquisition targets, marketing and promotional activities and the development of relationships with other businesses. Certain of these costs could be reduced if working capital decreased. The restrictions imposed by the Senior Notes and the Credit Agreement may limit the ability of the Company to obtain financing, make it more difficult to satisfy the Company's debt obligations or require the Company to dedicate a substantial portion of the Company's cash flow to payments on our existing debt obligations, thereby reducing the availability of our cash flow to fund working capital, capital expenditures and other corporate requirements. We may attempt to raise additional capital from various sources for future acquisitions or for working capital as necessary, but there is no assurance that such financing will be completed as contemplated or under terms acceptable to us, or our existing shareholders. Failure to generate additional revenues, raise additional capital, meet our financial covenants or other obligations under our credit agreement or manage discretionary spending could have a material adverse effect on our ability to continue as a going concern and to achieve our intended business objectives.

Our management believes that the net proceeds generated by our recent financing transactions, combined with our cash on hand, cash receipts from existing operations and funds available under our senior credit facilities (see Note 7), will be sufficient to permit us meet our obligations through December 31, 2007.

Seasonality

Media services revenues derived from our Pavilion Theatre and from the collection of VPFs from motion picture studios are seasonal, coinciding with the timing of releases of movies by the motion picture studios. Generally, motion picture studios release the most marketable movies during the summer and the holiday season. The unexpected emergence of a hit movie during other periods can alter the traditional trend. The timing of movie releases can have a significant effect on our results of operations, and the results of one quarter are not necessarily indicative of results for the next quarter or any other quarter. We believe the seasonality of motion picture exhibition, however, is becoming less pronounced as the motion picture studios are releasing movies somewhat more evenly throughout the year.

Subsequent Events

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 10QSB

In January 2007, the Company through its wholly-owned subsidiary, Vistachiara Productions, Inc., purchased substantially all of the assets, and assumed certain liabilities, of BP/KTF, LLC, d/b/a The Bigger Picture, and a subsidiary of privately held Sabella Dern Entertainment ("BP") for 460,000 shares of the Company's Class A Common Stock. The Company also agreed to pay BP certain amounts in cash or the equivalent of the Company's Class A Common Stock, at the Company's sole discretion, if certain conditions are met. In addition, the Company entered into a Registration Rights Agreement with BP, pursuant to which the Company agreed to register the resale of all of the Class A Common Stock issued in connection with the transaction. On February 13, 2007, the Company filed an amendment to a registration statement on Form S-3 to include the resale of the shares issued to BP as part of the registration.

In February 2007, the Company and the Purchasers of the Senior Notes agreed to amend the Senior Notes to: (i) remove the market conditions that would otherwise restrict the Company from extending the term of the Senior Notes for up to two 90-day periods, (ii) provide for an increase in the amount of permitted indebtedness the company may incur, to up to \$5 million, (iii) provide for additional payments to be made in either cash or stock, at the Company's option, if the average price of the Company's stock falls below \$7.00 during the 30 days before any quarterly interest due date, and (iv) provide an approximate 1% increase in the value of the Kicker Shares payable to the Purchasers annually.

Off-balance sheet arrangements

We are not a party to any off-balance sheet arrangements.

ITEM 3. CONTROLS AND PROCEDURES

As of the end of the period covered by this report, we conducted an evaluation, under the supervision and with the participation of our principal executive officer and principal financial officer, of the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15 and 15d-15 of the Securities Exchange Act of 1934 (the Exchange Act)). Based on this evaluation, our principal executive officer and principal financial officer concluded that our disclosure controls and procedures are effective to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC rules and forms.

There was no change in our internal control over financial reporting during our most recently completed fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal controls over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS.

On August 2, 2006, the Motion Picture Projectionists Video Technicians & Allied Craft Union, Local 306, IATSE brought a charge against ADM Cinema before the National Labor Relations Board for failure to execute a collective bargaining agreement. ADM Cinema is negotiating an employment agreement with the four projectionist employees on behalf of whom the charge was brought. Although there are no assurances, management believes the Company will not incur any significant costs in connection with the outcome of this claim. In December 2006, this charge against ADM Cinema was dropped.

ITEM 6. EXHIBITS.

The exhibits are listed in the Exhibit Index beginning on page 36 herein.

SIGNATURES

In accordance with the requirements of the Exchange Act, the Registrant caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
