

ACCESS INTEGRATED TECHNOLOGIES INC

Form 424B3

November 02, 2007

Filed Pursuant to Rule 424(b)(3)

Registration No. 333-146335

PROSPECTUS

2,175,561 Shares

Class A Common Stock

This prospectus relates to the resale by certain selling security holders of Access Integrated Technologies, Inc. of 2,175,561 shares of our Class A common stock, par value \$0.001 per share (the "Common Stock"), including (i) 210,686 shares of Common Stock issued to security holders as part of the consideration due for prepayment of notes issued pursuant to a certain Securities Purchase Agreement, dated as of October 5, 2006, as amended by Amendment No. 1, dated February 9, 2007, by and among us and the purchasers signatory thereto, (ii) 715,000 shares of Common Stock issued to security holders pursuant to a certain Securities Purchase Agreement, dated as of August 24, 2007, by and among us and the purchasers signatory thereto (the "Purchasers"), and the three-year 10% notes issued pursuant thereto (the "2007 Senior Notes") and (iii) 1,249,875 shares of Common Stock which may, at the Company's option and subject to certain conditions, be issued to the Purchasers from time to time on a quarterly basis through September 30, 2008 as interest payments pursuant to the 2007 Senior Notes.

The selling security holders may offer to sell the shares of Common Stock being offered by this prospectus at fixed prices, at prevailing market prices at the time of sale, at varying prices, or at negotiated prices.

The shares of Common Stock are listed for trading on the NASDAQ Global Market ("NASDAQ") under the symbol "AIXD". On September 24, 2007, the last reported sale price of the Common Stock on NASDAQ was \$5.55 per share.

We will not receive any proceeds from the resale of shares of Common Stock by the selling security holders. We will pay the expenses of this offering.

See "Risk Factors" beginning on page 6 for a discussion of factors that you should consider before buying shares of the Common Stock.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

November 2, 2007

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we have filed with the Securities and Exchange Commission (the SEC or the Commission) utilizing a shelf registration process. Under this shelf registration process, selling stockholders may, from time to time, offer and sell shares of the Common Stock pursuant to this prospectus. It is important for you to read and consider all of the information contained in this prospectus and any applicable prospectus supplement before making a decision whether to invest in the Common Stock. You should also read and consider the information contained in the documents that we have incorporated by reference as described in **Where You Can Find More Information** and **Incorporation of Certain Documents By Reference** in this prospectus.

You should rely only on the information provided in this prospectus and any applicable prospectus supplement, including the information incorporated by reference. We have not authorized anyone to provide you with additional or different information. If anyone provides you with additional, different or inconsistent information, you should not rely on it. We are not offering to sell or soliciting offers to buy, and will not sell, any securities in any jurisdiction where it is unlawful. You should assume that the information contained in this prospectus or in any prospectus supplement, as well as information contained in a document that we have previously filed or in the future will file with the SEC and incorporate by reference in this prospectus or any prospectus supplement, is accurate only as of the date of this prospectus, the applicable prospectus supplement or the document containing that information, as the case may be. Our financial condition, results of operations, cash flows or business may have changed since that date.

WHERE YOU CAN FIND MORE INFORMATION

We are required to file periodic reports, proxy statements and other information relating to our business, financial and other matters with the SEC under the Securities Exchange Act of 1934 (the Exchange Act). Our filings are available to the public over the Internet at the SEC's web site at <http://www.sec.gov>. You may also read and copy any document we file with the SEC at, and obtain a copy of any such document by mail from, the SEC's public reference room located at 100 F Street, N.E., Washington, D.C. 20549, at prescribed charges. Please call the SEC at 1-800-SEC-0330 for further information on the public reference room and its charges.

We have filed with the SEC a Registration Statement on Form S-3 under the Securities Act of 1933 (the Securities Act) with respect to our securities described in this prospectus. References to the **registration statement** or **the registration statement of which this prospectus is a part** mean the original registration statement and all amendments, including all schedules and exhibits. This prospectus does not, and any prospectus supplement will not, contain all of the information in the registration statement because we have omitted parts of the registration statement in accordance with the rules of the SEC. Please refer to the registration statement for any information in the registration statement that is not contained in this prospectus or a prospectus supplement. The registration statement is available to the public over the Internet at the SEC's web site described above and can be read and copied at the location described above.

Each statement made in this prospectus or any prospectus supplement concerning a document filed as an exhibit to the registration statement is qualified in its entirety by reference to that exhibit for a complete description of its provisions.

INCORPORATION OF CERTAIN DOCUMENTS BY REFERENCE

The SEC allows us to **incorporate by reference** in this prospectus the information contained in other documents filed separately with the SEC. This means that we can disclose important information to you by referring you to other documents filed with the SEC that contain such information. The information incorporated by reference is an important part of this prospectus and prospectus supplement. Information disclosed in documents that we file later with the SEC will automatically add to, update and change information previously disclosed. If there is additional information in a later filed document or a conflict or inconsistency between information in this prospectus or a prospectus supplement and information incorporated by reference from a later filed document, you should rely on the information in the later dated document.

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 424B3

We incorporate by reference the documents listed below (and the documents incorporated by reference therein) that we have previously filed, and any documents that we may file in the future, with the SEC under Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act, until the offerings contemplated by this prospectus are completed:

- our Annual Report on Form 10-KSB for the fiscal year ended March 31, 2007, filed with the SEC on June 29, 2007 (the 2007 Form 10-KSB);
- our Quarterly Report on Form 10-Q for the fiscal quarter ended June 30, 2007, filed with the SEC on August 9, 2007;
- our Current Report on Form 8-K, dated August 24, 2007, filed with the SEC on August 29, 2007;
- our Current Report on Form 8-K, dated September 18, 2007, filed with the SEC on September 24, 2007;
- our Current Report on Form 8-K, dated September 28, 2007, filed with the SEC on October 16, 2007;
- the description of our Class A common stock contained in our Registration Statement on Form 8-A (File No. 000-51910), filed with the SEC under Section 12 of the Exchange Act on April 12, 2006; and
- the portions of our annual proxy statement relating to our annual meeting of stockholders dated July 27, 2007, filed with the SEC on July 27, 2007, that have been incorporated by reference into the 2007 Form 10-KSB.

Any statement made in this prospectus, a prospectus supplement or a document incorporated by reference in this prospectus or a prospectus supplement will be deemed to be modified or superseded for purposes of this prospectus and any applicable prospectus supplement to the extent that a statement contained in an amendment to the registration statement, any subsequent prospectus supplement or in any other subsequently filed document incorporated by reference herein or therein adds, updates or changes that statement. Any statement so affected will not be deemed, except as so affected, to constitute a part of this prospectus or any applicable prospectus supplement.

You may obtain a copy of these filings, excluding exhibits (but including exhibits that are specifically incorporated by reference in any such filing), free of charge, by oral or written request directed to: Access Integrated Technologies, Inc., 55 Madison Avenue, Suite 300, Morristown, NJ 07960, Attention: Gary S. Loffredo - General Counsel, Telephone (973) 290-0080.

FORWARD-LOOKING STATEMENTS

Various statements contained in this prospectus or incorporated by reference into this prospectus constitute forward-looking statements within the meaning of the federal securities laws. Forward-looking statements are based on current expectations and are indicated by words or phrases such as believe, expect, may, will, should, seek, plan, intend or anticipate or the negative thereof or comparable terminology, or strategy. Forward-looking statements represent as of the date of this prospectus our judgment relating to, among other things, future results of operations, growth plans, sales, capital requirements and general industry and business conditions applicable to us. Such forward-looking statements are based largely on our current expectations and are inherently subject to risks and uncertainties. Our actual results could differ materially from those that are anticipated or projected as a result of certain risks and uncertainties, including, but not limited to, a number of factors, such as:

- successful execution of our business strategy, particularly for new endeavors;
- the performance of our targeted markets;
- competitive product and pricing pressures;
- changes in business relationships with our major customers;
- successful integration of acquired businesses;
- economic and market conditions;
- the effect of our indebtedness on our financial condition and financial flexibility, including, but not limited to, the ability to obtain necessary financing for our business; and

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 424B3

the other risks and uncertainties that are described under **Risk Factors** and elsewhere in this prospectus and from time to time in our filings with the SEC.

Except as otherwise required to be disclosed in periodic reports required to be filed by public companies with the SEC pursuant to the SEC's rules, we have no duty to update these statements, and we undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. In light of these risks and uncertainties, we cannot assure you that the forward-looking information contained in this prospectus will in fact transpire.

PROSPECTUS SUMMARY

This summary highlights information contained elsewhere in this prospectus, any prospectus supplement and the documents incorporated by reference. It does not contain all of the information that you should consider before making a decision to invest in the Common Stock. You should read carefully the entire prospectus, any applicable prospectus supplement and the documents incorporated by reference, including Risk Factors and the Consolidated Financial Statements and Notes thereto included elsewhere or incorporated by reference in this prospectus or any prospectus supplement.

In this prospectus, AccessIT, we, us, our and the Company refer to Access Integrated Technologies, Inc. and its subsidiaries unless the context otherwise requires.

OUR BUSINESS

OVERVIEW

AccessIT was incorporated in Delaware on March 31, 2000. We provide fully managed storage, electronic delivery and software services and technology solutions for owners and distributors of digital content to movie theaters and other venues. In the past, we have generated revenues from two primary businesses, media services (Media Services) and internet data center (IDC or data center) services (Data Center Services), a business we no longer operated after May 1, 2007. Beginning April 1, 2007, we made changes to our organizational structure which impacted our reportable segments, but did not impact our consolidated financial position, results of operations or cash flows. We realigned our focus to three primary businesses, media services (Media Services), media content and entertainment (Content & Entertainment) and other (Other). Our Media Services business provides software, services and technology solutions to the motion picture and television industries, primarily to facilitate the transition from analog (film) to digital cinema and has positioned us at what we believe to be the forefront of an emerging industry opportunity relating to the delivery and management of digital cinema and other content to entertainment and other remote venues worldwide. Our Content & Entertainment business provides motion picture exhibition to the general public and cinema advertising and film distribution services to movie exhibitors. Our Other business is attributable to the Data Center Services.

The Media Services business consists of the following:

Operations of: AccessIT SW

Products and services provided:

Develops and licenses software to the theatrical distribution and exhibition industries

Provides services as an Application Service Provider

Provides software enhancements and consulting services

DMS

Stores and distributes digital content to movie theaters and other venues having digital projection equipment and provides satellite-based broadband video, data and Internet transmission, encryption management services, video network origination and management services

Provides a virtual booking center to outsource the booking and scheduling of satellite and fiber networks

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 424B3

AccessIT DC (formerly referred to as Christie/AIX)	Provides forensic recovery services for content owners Financing vehicle and administrator for our digital cinema roll-out to motion picture exhibitors
Managed Services	Collects virtual print fees (VPFs) from motion picture studios Provides information technology consulting services and managed network monitoring services through its global network command center

The Content & Entertainment business consists of the following:

Operations of:
Pavilion Theatre

ACS
The Bigger Picture

Products and services provided:

A nine-screen movie theatre and showcase to demonstrate our integrated digital cinema solutions

Provides cinema advertising services and entertainment

Acquires, distributes and provides the marketing for programs of alternative content to theatrical exhibitors

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 424B3

The Other business consists of the following:

Operations of:

Data Centers

Products and services provided:

Provides services through its three IDCs including

the license of data center space

provision of power, data connections to other businesses

the installation of equipment

Access Digital Server Assets

Provides web hosting services

We recently realigned our resources and decided to dispose of our Data Center Services segment, except our Managed Services business which we decided to retain and is now part of our Media Services segment. The disposition of our Data Center Services represented a strategic realignment of our technical and financial resources, thus enabling us to focus on what we believe are more profitable business opportunities. However, we are not able to classify the Data Center Services operations as a discontinued operation because we will remain as the lessee under certain leases, and as a result, the Data Center Services will be shown as a part of our continuing operations.

Effective May 1, 2007, we entered into a master collocation agreement (MCA) with FiberMedia AIT, LLC and Telesource Group, Inc. (together, FiberMedia) to operate the IDCs. FiberMedia operates a network of geographically distributed IDCs. We assigned our IDC customer contracts to FiberMedia, and going forward, FiberMedia will be responsible for all customer service issues, including the maintenance of the IDCs, sales, installation of customer equipment, cross connects, electrical and other customer needs. We will attempt to obtain landlord consents to assign each facility lease to FiberMedia. Until such landlord consents are obtained, we will remain as the lessee and pursuant to the MCA, FiberMedia will reimburse our costs under the facility leases, including rent, at an escalating percentage, starting at 50% in May 2007 and increasing to 100% in May 2008 and thereafter through the remaining term of each IDC lease. 100% of all other operating costs for each IDC are payable by FiberMedia through the term of each IDC lease.

OUR PRINCIPAL EXECUTIVE OFFICES

Our principal executive offices are located at 55 Madison Avenue, Suite 300, Morristown, NJ 07960, and our telephone number there is (973) 290-0080. Our e-mail address is investor@accessitx.com and our web site address is www.accessitx.com. Information accessed on or through our web site does not constitute a part of this prospectus.

THE OFFERING

Class A common stock offered	2,175,561 shares (1)
by selling security holders	
Common stock equivalents	25,974,753 shares (2)
presently outstanding	
Common stock equivalents to be	27,224,753 shares (2)
outstanding immediately	
after this offering	
Use of proceeds	We will not receive any proceeds from the resale of shares of Common Stock by the selling security holders.
NASDAQ symbol	AIXD

- (1) This prospectus relates to the resale by certain selling security holders of Access Integrated Technologies, Inc. of 2,175,561 shares of our Common Stock, including (i) 210,686 shares of Common Stock issued to security holders as part of the consideration for prepayment of notes issued pursuant to a certain Securities Purchase Agreement, dated as of October 5, 2006, as amended by Amendment No. 1, dated February 9, 2007, by and among us and the purchasers signatory thereto, (ii) 715,000 shares of Common Stock issued to security holders pursuant to a certain Securities Purchase Agreement, dated as of August 24, 2007, by and among us and the purchasers signatory thereto (the "Purchasers"), and the notes issued pursuant thereto (the "2007 Senior Notes") and (iii) 1,249,875 shares of Common Stock which may, at the Company's option, be issued to the Purchasers from time to time on a quarterly basis through September 30, 2008 as interest payments pursuant to the 2007 Senior Notes. The selling security holders may offer to sell the shares of Common Stock being offered by this prospectus at fixed prices, at prevailing market prices at the time of sale, at varying prices, or at negotiated prices. Please see "Plan of Distribution" in this prospectus for a detailed explanation of how the shares of Common Stock may be sold.
- (2) Reflects 25,210,942 outstanding shares of Common Stock as of September 24, 2007, and 763,811 outstanding shares of our Class B common stock as of September 24, 2007, which are convertible into 763,811 shares of Common Stock.

This prospectus contains our trademarks, tradenames and servicemarks and also contains certain trademarks, tradenames and servicemarks of other parties.

RISK FACTORS

An investment in our securities involves a high degree of risk and uncertainty. You should carefully consider the risks described below and in any prospectus supplement before deciding to invest in our securities. The risks described below are not the only ones facing our company. Additional risks not presently known to us or that we presently consider immaterial may also adversely affect our company. If any of the following risks occur, our business, financial condition, results of operations and prospects could be materially adversely affected. In that case, the trading price of our securities could decline, and you could lose all or part of your investment. In assessing these risks, you should also refer to the other information included or incorporated by reference in this prospectus, including the consolidated financial statements and notes thereto of our company included elsewhere in this prospectus.

Risks relating to our business

An inability to obtain necessary financing may have a material adverse effect on our financial position, operations and prospects if unanticipated capital needs arise.

Our capital requirements may vary significantly from what we currently project and be affected by unforeseen delays and expenses. We may experience problems, delays, expenses and difficulties frequently encountered by similarly-situated companies, as well as difficulties as a result of changes in economic, regulatory or competitive conditions. If we encounter any of these problems or difficulties or have underestimated our operating losses or capital requirements, we may require significantly more financing than we currently anticipate. We cannot assure you that we will be able to obtain any required additional financing on terms acceptable to us, if at all. We will be restricted in the type and amount of additional indebtedness that we may incur as a result of our agreement with the Purchasers. We are also limited and restricted by the amount of additional indebtedness that AccessIT DC may incur pursuant to the Credit Facility (as defined below). An inability to obtain necessary financing could have a material adverse effect on our financial position, operations and prospects. We have agreed with our digital systems equipment vendor, through AccessIT DC, to seek to raise financing for purchases of digital cinema projection systems. Although we have entered into a Credit Facility (the "GE Credit Facility") with General Electric Capital Corporation ("GECC"), pursuant to which GECC and certain other lenders agreed to provide AccessIT DC a \$217 million Senior Secured Multi Draw Term Loan, if we are unable to draw down further loans from the GE Credit Facility or raise additional funds, we may not be able to fulfill our obligations under such agreement. The GE Credit Facility contains certain restrictive covenants that restrict AccessIT DC and its subsidiaries from making certain capital expenditures, incurring other indebtedness, engaging in a new line of business, selling certain assets, acquiring, consolidating with, or merging with or into other companies and entering into transactions with affiliates. On August 27, 2007, we issued certain promissory notes which restrict the Company and its subsidiaries (other than AccessIT DC) from incurring other indebtedness, creating or acquiring subsidiaries which do not guarantee such notes, making certain investments and modifying authorized capital.

We have limited experience in our newer business operations, which may negatively affect our ability to generate sufficient revenues to achieve profitability.

We were incorporated on March 31, 2000. Our first IDC, a part of our initial business, became operational in December 2000. Subsequent thereto, we added additional IDCs and expanded into the following new business areas which are currently our primary focus: (a) providing satellite delivery services, through our wholly-owned subsidiary AccessIT Satellite; (b) operating a movie theater, through our wholly-owned subsidiary ADM Cinema; (c) placing digital cinema projection systems into movie theaters and collecting virtual print fees in connection with such placements, through our indirect wholly-owned subsidiary AccessIT DC; (d) providing pre-show on-screen advertising and entertainment, through our wholly-owned subsidiary, ACS and (e) operating an alternate content distribution company, through our wholly-owned subsidiary, The Bigger Picture. Although we have retained certain senior management of the acquired businesses and have hired other experienced personnel, we have little experience in these new areas of business and cannot assure you that we will be able to develop and market the services provided thereby. We also cannot assure you that we will be able to successfully operate these businesses. Our efforts to expand into these five new business areas may prove costly and time-consuming and have become our primary business focus, causing us to decide to dispose of our Data Center Services segment.

Our lack of operating experience in the areas of digital cinema industry and providing transactional software for movie distributors and exhibitors could result in:

- increased operating and capital costs;
- an inability to effect a viable growth strategy;
- service interruptions for our customers; and
- an inability to attract and retain customers.

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 424B3

We may not be able to generate sufficient revenues to achieve profitability through the operation of our digital cinema business or our entertainment software business. We cannot assure you that we will be successful in marketing and operating these new businesses or, even if we are successful in doing so, that we will not experience additional losses.

We face the risks of an early-stage company in a new and rapidly evolving market and may not be able successfully to address such risks and ever be successful or profitable.

We have encountered and will continue to encounter the challenges, uncertainties and difficulties frequently experienced by early-stage companies in new and rapidly evolving markets, including:

- lack of operating experience;
- net losses;
- lack of sufficient customers;
- insufficient revenues and cash flow to be self-sustaining;
- making necessary capital expenditures;
- an unproven business model;
- reliance on liquidity in the financial markets;
- a changing business focus; and
- difficulties in managing potentially rapid growth.

This is particularly the case with respect to our newly acquired businesses. We cannot assure you that we will ever be successful or profitable.

Because the use of DMS services largely depends on the expanded use of digital presentations requiring electronic delivery, if such expanded use does not occur, no viable market for DMS services may develop.

Even though we are among the first to develop software and systems for the delivery of digital content to movie theaters and other venues, the demand for them is largely dependent on a concurrent expansion of digital presentations at theaters, which may not occur for several years. There can be no assurance that major movie studios or providers of alternative digital content that currently rely on traditional distribution networks to provide physical delivery of digital files will adopt a different method, particularly electronic delivery, of distributing digital content to movie theaters or other venues. If the development of digital presentations and changes in the way digital files are delivered does not occur, there may be no viable market for DMS delivery systems and software.

If we do not respond to future advances in technology and changes in customer demands, our financial position, prospects and results of operations may be adversely affected.

The demand for our digital media delivery services and entertainment software will be affected, in large part, by future advances in technology and changes in customer demands. Our success will also depend on our ability to address the increasingly sophisticated and varied needs of our existing and prospective customers.

We cannot assure you that there will be a demand for the digital cinema software and delivery services provided by DMS. DMS' profitability depends largely upon the general expansion of digital presentations at theaters, which may not occur for several years. Although AccessIT DC has entered into digital cinema deployment agreements with seven motion picture studios, there can be no assurance that these and other major movie studios relying on traditional distribution networks to provide physical delivery of digital files will adopt a different method, particularly electronic delivery, of distributing digital content to movie theaters or that they will release all, some or any of their motion pictures via digital cinema. If the development of digital presentations and changes in the way digital files are delivered does not occur, there may be no viable market for DMS' software and systems.

We expect competition to be intense: if we are unable to compete successfully, our business and results of operations will be seriously harmed.

The markets for the managed services business, the digital cinema business and the entertainment software business, although relatively new, are competitive, evolving and subject to rapid technological and other changes. We expect the intensity of competition in each of these areas to increase in the future. Companies willing to expend the necessary capital to create facilities and/or software similar to ours may compete with our business. Increased competition may result in reduced revenues and/or margins and loss of market share, any of which could seriously harm our business. In order to compete effectively in each of these fields, we must differentiate ourselves from competitors.

Many of our current and potential competitors have longer operating histories and greater financial, technical, marketing and other resources than us, which may permit them to adopt aggressive pricing policies. As a result, we may suffer from pricing pressures that could adversely affect our ability to generate revenues and our results of operations. Many of our competitors also have significantly greater name and brand recognition and a larger customer base than us. We may not be able to compete successfully with our competitors. If we are unable to compete successfully, our business and results of operations will be seriously harmed.

Our plan to acquire additional businesses involves risks, including our inability successfully to complete an acquisition, our assumption of liabilities, dilution of your investment and significant costs.

Although there are no acquisitions identified by us as probable at this time, we may make further acquisitions of similar or complementary businesses or assets. Even if we identify appropriate acquisition candidates, we may be unable to negotiate successfully the terms of the acquisitions, finance them, integrate the acquired business into our then existing business and/or attract and retain customers. We are also subject to limitations on our ability to make acquisitions pursuant to the 2007 Senior Notes. Completing an acquisition and integrating an acquired business, including our recently acquired businesses, may require a significant diversion of management time and resources and involves assuming new liabilities. Any acquisition also involves the risks that the assets acquired may prove less valuable than expected and/or that we may assume unknown or unexpected liabilities, costs and problems. If we make one or more significant acquisitions in which the consideration consists of our capital stock, your equity interest in our company could be diluted, perhaps significantly. If we were to proceed with one or more significant acquisitions in which the consideration included cash, we could be required to use a substantial portion of our available cash, or obtain additional financing to consummate them.

Our recent acquisitions involve risks, including our inability to integrate successfully the new businesses and our assumption of certain liabilities.

We have made several meaningful acquisitions to expand into new business areas. However, we may experience costs and hardships in integrating the new acquisitions into our current business structure. In November 2004, we acquired certain assets and liabilities of FiberSat Global Services, LLC which have been integrated into the operations of AccessIT Satellite. In February 2005, we acquired the Pavilion Theatre through our wholly-owned subsidiary, ADM Cinema. In June 2005, we created AccessIT DC, a wholly-owned subsidiary of AccessDM, to purchase Systems for AccessIT DC's digital cinema roll-out, under the digital cinema framework agreement we entered into with Christie Digital Systems USA, Inc. in June 2005. In January 2006, we purchased certain web hosting assets. In June 2006, the Company, through its indirectly wholly-owned subsidiary, PLX Acquisition Corp., purchased substantially all the assets of PLX Systems Inc. and Right Track Solutions Incorporated which have been integrated into the operations of AccessIT SW. In July 2006, we acquired all of the capital stock of ACS. Most recently, in January 2007, the Company, through its wholly-owned subsidiary, The Bigger Picture, purchased substantially all of the assets of BP/KTF, LLC, which we intend to integrate into the Company's operations. We may not be able to integrate successfully the acquired businesses and assets into our existing business. We cannot assure you that we will be able to effectively market the services provided by AccessIT Satellite, the Pavilion Theatre, AccessIT DC, ACS and The Bigger Picture. Further, these new businesses and assets may involve a significant diversion of our management time and resources and be costly. Our acquisition of these businesses and assets also involves the risks that the businesses and assets acquired may prove to be less valuable than we expected and/or that we may assume unknown or unexpected liabilities, costs and problems. In addition, we assumed certain liabilities in connection with these acquisitions and we cannot assure you that we will be

able to satisfy adequately such assumed liabilities. Other companies that offer similar products and services may be able to market and sell their products and services more cost-effectively than we can.

If we do not manage our growth, our business will be harmed.

We may not be successful in managing our rapid growth. Since November 2004, we have acquired the businesses discussed above and in connection with those acquisitions, we have formed additional subsidiaries. These subsidiaries operate in business areas different from our IDC operations business. The number of our employees has grown from 11 in March 2003 to over 350 in June 2007. Past growth has placed, and future growth will continue to place, significant challenges on our management and resources, related to the successful integration of the newly acquired businesses. To manage the expected growth of our

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 424B3

operations, we will need to improve our existing, and implement new, operational and financial systems, procedures and controls. We may also need to expand our finance, administrative, client services and operations staffs and train and manage our growing employee base effectively. Our current and planned personnel, systems, procedures and controls may not be adequate to support our future operations. Our business, results of operations and financial position will suffer if we do not effectively manage our growth.

If we are not successful in protecting our intellectual property, our business will suffer.

We depend heavily on technology to operate our business. Our success depends on protecting our intellectual property, which is one of our most important assets. Although we do not currently hold any patents, we do have intellectual property consisting of:

- copyrights;
- licensable software products;
- rights to certain domain names;
- registered trademarks and service marks;
- various unregistered trademarks and service marks;
- know-how; and
- rights to certain logos.

If we do not adequately protect our intellectual property, our business, financial position and results of operations would be harmed. Our means of protecting our intellectual property may not be adequate. Unauthorized parties may attempt to copy aspects of our intellectual property or to obtain and use information that we regard as proprietary. In addition, competitors may be able to devise methods of competing with our business that are not covered by our intellectual property. Our competitors may independently develop similar technology, duplicate our technology or design around any intellectual property that we may obtain.

The success of some of our business operations depends on the proprietary nature of certain software. We do not, however, have any patents with respect to such software. Because there is no patent protection in respect of our software, other companies are not prevented from developing and marketing similar software. We cannot assure you, therefore, that we will not face more competitors or that we can compete effectively against any companies that develop similar software. We also cannot assure you that we can compete effectively or not suffer from pricing pressure with respect to our existing and developing products that could adversely affect our ability to generate revenues.

Although we hold rights to various web domain names, regulatory bodies in the United States and abroad could establish additional top-level domains, appoint additional domain name registrars or modify the requirements for holding domain names. The relationship between regulations governing domain names and laws protecting trademarks and similar proprietary rights is unclear. We may be unable to prevent third parties from acquiring domain names that are similar to or diminish the value of our proprietary rights.

We may continue to have customer concentration in our business, and the loss of one or more of our largest customers could have a material adverse effect on us.

We expect that we will rely, at least in the near future, upon a limited number of customers for a substantial percentage of our revenues and may continue to have customer concentration company-wide. For the three months ended June 30, 2007, AccessIT DC's customers comprised 76.2%

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 424B3

of Media Services revenues. For the three months ended June 30, 2007, ACS and our Pavilion Theatre comprised 74.0% and 20.6% of Content & Entertainment revenues, respectively. Our advertising business consists mainly of local advertisers, with no one customer representing 10% of in-theatre advertising revenues and all the customers of our Pavilion Theatre are the general public. Media Services' customers are principally worldwide motion picture studios. Five customers, Disney Worldwide Services, Paramount Pictures, Sony Pictures Releasing Corporation, Twentieth Century Fox and Warner Brothers, each represented 10% or more of AccessIT DC's revenues and together generated 68.6%, 16.1%, 24.3% and 52.3% of AccessIT DC's, AccessIT SW's, AccessDM's and Media Services' revenues, respectively.

Our substantial debt and lease obligations could impair our financial flexibility and restrict our business significantly.

We now have, and will continue to have, significant debt obligations. We have notes payable to third parties with principal amounts aggregating \$202.1 million as of June 30, 2007. We also have a capital lease obligation covering facilities with the principal amount of \$6.0 million as of June 30, 2007.

We recently issued the 2007 Senior Notes in the aggregate principal amount of \$55.0 million. Additionally, AccessIT DC, our indirect wholly-owned subsidiary, has entered into the GE Credit Facility, which permits us to borrow up to \$217 million of which \$165.9 million has been drawn down as of June 30, 2007 and is included in the notes payable to third parties above. The

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 424B3

obligations and restrictions under the GE Credit Facility, the 2007 Senior Notes and our other debt obligations could have important consequences for us, including:

- limiting our ability to obtain necessary financing in the future and making it more difficult for us to satisfy our debt obligations;
- requiring us to dedicate a substantial portion of our cash flow to payments on our debt obligations, thereby reducing the availability of our cash flow to fund working capital, capital expenditures and other corporate requirements;
- making us more vulnerable to a downturn in our business and limiting our flexibility to plan for, or react to, changes in our business; and
- placing us at a competitive disadvantage compared to competitors that might have stronger balance sheets or better access to capital by, for example, limiting our ability to enter into new markets.

If we are unable to meet our lease and debt obligations, we could be forced to restructure or refinance our obligations, to seek additional equity financing or to sell assets, which we may not be able to do on satisfactory terms or at all. As a result, we could default on those obligations and in the event of such default, our lenders could accelerate our debt or take other actions that could restrict our operations.

The foregoing risks would be intensified to the extent we borrow additional money or incur additional debt.

The agreements governing our GE Credit Facility and our issuance of the 2007 Senior Notes in August 2007 imposes certain limitations on us.

The agreement governing our GE Credit Facility restricts the ability of AccessIT DC and its existing and future subsidiaries to:

- make certain capital expenditures;
- incur other indebtedness;
- engage in a new line of business;
- sell certain assets;
- acquire, consolidate with, or merge with or into other companies; and
- Enter into transactions with affiliates.

The agreements governing our issuance of the 2007 Senior Notes in August 2007 restrict the ability of the Company and its subsidiaries, subject to certain exceptions, from:

- incurring other indebtedness;
- creating or acquiring subsidiaries which do not guarantee the notes;
- making certain investments; and
- modifying authorized capital.

We may not be able to generate the amount of cash needed to fund our future operations.

Our ability either to make payments on or to refinance our indebtedness, or to fund planned capital expenditures and research and development efforts, will depend on our ability to generate cash in the future. Our ability to generate cash is in part subject to general economic, financial, competitive, regulatory and other factors that are beyond our control.

Based on our current level of operations, we believe our cash flow from operations and available cash financed through the issuance of securities and our GE Credit Facility will be adequate to meet our future liquidity needs for at least one year from the date of this prospectus. Significant assumptions underlie this belief, including, among other things, that there will be no material adverse developments in our business, liquidity or capital requirements. If we are unable to service our indebtedness, we will be forced to adopt an alternative strategy that may include actions such as:

- reducing capital expenditures;
- reducing research and development efforts;
- selling assets;
- restructuring or refinancing our remaining indebtedness; and
- seeking additional funding that may be expensive or at above market rates.

We cannot assure you, however, that our business will generate sufficient cash flow from operations, or that we will be able to make future borrowings in amounts sufficient to enable us to pay the principal and interest on our current indebtedness or to fund

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 424B3

our other liquidity needs. We may need to refinance all or a portion of our indebtedness on or before maturity. We cannot assure you that we will be able to refinance any of our indebtedness on commercially reasonable terms or at all.

We have incurred losses since our inception.

We have incurred losses since our inception in March 2000 and have financed our operations principally through equity investments and borrowings. As of June 30, 2007, we had negative working capital, defined as current assets less current liabilities, of \$(1.3) million and cash, cash equivalents and investments of \$28.0 million; we had an accumulated deficit of \$71.8 million; and, from inception through such date, we had used \$33.3 million in cash for operating activities. Our net losses are likely to continue for the foreseeable future.

Our ability to become profitable is dependent upon us achieving a sufficient volume of business from our customers. If we cannot achieve a high enough volume, we likely will incur additional net and operating losses. We may be unable to continue our business as presently conducted unless we obtain funds from additional financings.

Our net losses and cash outflows may increase as and to the extent that we increase the size of our business operations, increase the purchases of systems for AccessIT DC's digital cinema roll-out, increase our sales and marketing activities, enlarge our customer support and professional services and acquire additional businesses. These efforts may prove to be more expensive than we currently anticipate which could further increase our losses. We must significantly increase our revenues in order to become profitable. We cannot reliably predict when, or if, we will become profitable. Even if we achieve profitability, we may not be able to sustain it. If we cannot generate operating income or positive cash flows in the future, we will be unable to meet our working capital requirements.

Many of our corporate actions may be controlled by our officers, directors and principal stockholders; these actions may benefit these principal stockholders more than our other stockholders.

As of September 24, 2007, our directors, executive officers and those stockholders known by the Company to beneficially own more than 5% of the outstanding shares of the Company's Common Stock, beneficially own, directly or indirectly, in the aggregate, approximately 59.7% of our outstanding common stock. In particular, A. Dale Mayo, our President and Chief Executive Officer beneficially holds all 763,811 shares of Class B common stock, and 133,127 shares of Class A common stock which collectively represent approximately 4.9% of our outstanding common stock, and includes 100,000 shares of Class A common stock held by Mr. Mayo's spouse, of which Mr. Mayo disclaims beneficial ownership, and 12,000 shares of Class A common stock held for the account of Mr. Mayo's grandchildren, the custodian of which accounts is Mr. Mayo's spouse, of which Mr. Mayo also disclaims beneficial ownership. Our Class B common stock entitles the holder to ten votes per share. The shares of Class A common stock have one vote per share. Due to the supervoting Class B common stock, Mr. Mayo has approximately 23.7% of our voting power. These stockholders, and Mr. Mayo himself, will have significant influence over our business affairs, with the ability to control matters requiring approval by our security holders, including elections of directors and approvals of mergers or other business combinations. Also, certain corporate actions directed by our officers may not necessarily inure to the proportional benefit of other stockholders of our company; under his employment agreement, for example, Mr. Mayo is entitled to receive a guaranteed annual cash bonus.

Our success will significantly depend on our ability to hire and retain key personnel.

Our success will depend in significant part upon the continued services of our key technical, sales and senior management personnel. If we lose one or more of our key employees, we may not be able to find a suitable replacement(s) and our business and results of operations could be adversely affected. In particular, our performance depends significantly upon the continued service of A. Dale Mayo, our President and Chief

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 424B3

Executive Officer, whose experience and relationships in the movie theater industry are integral to our business, particularly in the business areas of AccessIT SW, DMS and AccessIT DC. Although we have obtained two \$5.0 million key-man life insurance policies in respect of Mr. Mayo, the loss of his services would have a material and adverse effect on our business, operations and prospects. Each policy carries a death benefit of \$5.0 million, and while we are the beneficiary of each policy, under one of the policies the proceeds are to be used to repurchase, after reimbursement of all premiums paid by us, shares of our capital stock held by Mr. Mayo's estate at the then-determined fair market value. We also rely on the experience and expertise of certain officers of our subsidiaries. In addition, our future success will depend upon our ability to hire, train, integrate and retain qualified new employees.

We may be subject to environmental risks relating to the on-site storage of diesel fuel and batteries.

Our IDCs contain tanks for the storage of diesel fuel for our generators and significant quantities of lead acid batteries used to provide back-up power generation for uninterrupted operation of our customers' equipment. We cannot assure you that our systems will be free from leaks or that use of our systems will not result in spills. Any leak or spill, depending on such factors as the nature and quantity of the materials involved and the environmental setting, could result in interruptions to our operations and

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 424B3

the incurrence of significant costs; particularly to the extent we incur liability under applicable environmental laws. This could have a material adverse effect on our business, financial position and results of operations.

We may not be successful in the disposal of our Data Center Services.

In connection with the disposition of our Data Center Services, we entered into a master collocation agreement (MCA) with FiberMedia AIT, LLC and Telesource Group, Inc. (together, FiberMedia) to operate our IDCs. FiberMedia operates a network of geographically distributed IDCs. We have assigned our IDC customer contracts to FiberMedia, and going forward, FiberMedia will be responsible for all customer service issues, including the maintenance of the IDCs, sales, installation of customer equipment, cross connects, electrical and other customer needs. Among such items are certain operating leases which expire between June 2009 through January 2016. As of June 30, 2007, obligations under these operating leases totaled \$10.1 million. We will attempt to obtain landlord consents to assign each facility lease to FiberMedia. Until such landlord consents are obtained, we will remain as the lessee and pursuant to the MCA, FiberMedia will reimburse our costs under the facility leases, including rent, at an escalating percentage, starting at 50% in May 2007 and increasing to 100% in May 2008 and thereafter through the remaining term of each IDC lease. 100% of all other operating costs for each IDC, are payable by FiberMedia through the term of each IDC lease. We cannot assure you that the existing landlords would consent to the assignment of these leases to a buyer of our data centers. As a result, we may have continuing obligations under these leases, which could have a material adverse effect on our business, financial position and results of operations.

We may be exposed to potential risks relating to our internal controls over financial reporting and our ability to have those controls attested to by our independent auditors.

As directed by Section 404 of the Sarbanes-Oxley Act of 2002 (SOX 404), the SEC adopted rules requiring public companies to include a report of management on the company's internal controls over financial reporting in their annual reports, including Form 10-K. In addition, the independent registered public accounting firm auditing a company's financial statements must also attest to and report on the operating effectiveness of the company's internal controls. We have not yet been subject to these requirements. We are evaluating our internal control systems in order to allow our management to report on, and our independent auditors to attest to, our internal controls, as a required part of our annual report on Form 10-K.

While we expect to expend significant resources in developing the necessary documentation and testing procedures required by SOX 404, there is a risk that we will not comply with all of the requirements imposed thereby. At present, there is no precedent available with which to measure compliance adequacy. Accordingly, there can be no assurance that we will receive a positive attestation from our independent auditors.

In the event we identify significant deficiencies or material weaknesses in our internal controls that we cannot remediate in a timely manner or we are unable to receive a positive attestation from our independent auditors with respect to our internal controls, investors and others may lose confidence in the reliability of our financial statements and our ability to obtain equity or debt financing could suffer.

Risks relating to the offering

The liquidity of the Common Stock is uncertain; the limited trading volume of the Common Stock may depress the price of such stock or cause it to fluctuate significantly.

Although shares of the Common Stock are listed on NASDAQ, there has been a limited public market for the Common Stock and there can be no assurance that an active trading market for the Common Stock will develop. As a result, you may not be able to sell your shares of Common Stock in short time periods, or possibly at all. The absence of an active trading market may cause the price per share of the Common Stock to fluctuate significantly.

Substantial resales or future issuances of the Common Stock could depress our stock price.

The market price for the Common Stock could decline, perhaps significantly, as a result of resales or issuances of a large number of shares of the Common Stock in the public market or even the perception that such resales or issuances could occur, including resales of the shares being registered hereunder pursuant to the registration statement of which this prospectus is a part. In addition, we have outstanding a substantial number of options, warrants and other securities convertible into shares of Common Stock that may be exercised in the future. Certain holders of these warrants and other securities, as well as holders of our outstanding shares of Common Stock, have piggy-back registration rights and the holders of shares of Common Stock issuable in exchange for its shares of certain warrants have demand and piggy-back registration rights. These factors could also make it more difficult for us to raise funds through future offerings of our equity securities.

You will incur substantial dilution as a result of certain future equity issuances.

We have a substantial number of options, warrants and other securities currently outstanding which may be immediately converted into shares of Common Stock. To the extent that these options, warrants or similar securities are exercised or converted, or to the extent we issue additional shares of Common Stock in the future, as the case may be, there will be further dilution to holders of shares of the Common Stock.

Provisions of our certificate of incorporation, Delaware law and the 2007 Senior Notes could make it more difficult for a third party to acquire us.

Provisions of our certificate of incorporation, as well as of Section 203 of the Delaware General Corporation Law (the "DGCL"), could make it more difficult for a third party to acquire us, even if doing so might be beneficial to our stockholders.

Our certificate of incorporation authorizes the issuance of 15,000,000 shares of preferred stock. The terms of our preferred stock may be fixed by the company's board of directors without further stockholder action. The terms of any outstanding series or class of preferred stock may include priority claims to assets and dividends and special voting rights, which could adversely affect the rights of holders of Common Stock. Any future issuance(s) of preferred stock could make the takeover of the company more difficult, discourage unsolicited bids for control of the company in which our stockholders could receive premiums for their shares, dilute or subordinate the rights of holders of Common Stock and adversely affect the trading price of the Common Stock.

Under Section 203 of the DGCL, Delaware corporations whose securities are listed on a national securities exchange, like NASDAQ, may not engage in business combinations such as mergers or acquisitions with any interested stockholders, defined as an entity or person beneficially owning 15% or more of our outstanding common stock without obtaining certain prior approvals. As a result of the application of Section 203, potential acquirers of the company may be discouraged from attempting to effect an acquisition transaction with the company, thereby depriving holders of the company's securities of opportunities to sell or otherwise dispose of the securities at prices above prevailing market prices.

Under the 2007 Senior Notes, we must pay to the Purchasers certain additional consideration upon a change in control.

We may not be able to maintain listing on NASDAQ, which may adversely affect the ability of purchasers in this offering to resell their securities in the secondary market.

The Common Stock is presently listed on NASDAQ. However, we cannot assure you that the company will meet the criteria for continued listing on NASDAQ. If the company were unable to meet the continued listing criteria of NASDAQ and the Common Stock became delisted, trading of the Common Stock could thereafter be conducted in the over-the-counter market in the so-called "pink sheets" or, if available, on the NASD's Electronic Bulletin Board. In such case, an investor would likely find it more difficult to dispose of, or to obtain accurate market quotations for, the company's securities.

If the shares of Common Stock were to be delisted from NASDAQ, they may become subject to Rule 15c-9 under the Exchange Act, which imposes sales practice requirements on broker-dealers that sell such securities to persons other than established customers and accredited investors. Application of this Rule could adversely affect the ability and/or willingness of broker-dealers to sell the company's securities and may adversely affect the ability of purchasers in this offering to resell their securities in the secondary market.

USE OF PROCEEDS

We will receive no proceeds from the sale of any of or all of the shares being offered by the selling security holders under this prospectus.

13

SELLING STOCKHOLDERS

The following table sets forth as of September 24, 2007, certain information with respect to the beneficial ownership of the Common Stock as to each selling stockholder.

<u>Name</u>	<u>Shares Beneficially Owned Prior to Offering</u>		<u>Shares which may be offered Pursuant to this Offering</u>

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 424B3

- (a) Excludes shares which may be issued from time to time on a quarterly basis through September 30, 2008 as interest payments pursuant to the 2007 Senior Notes.
- (b) Applicable percentage of ownership is based on 25,210,942 shares of Common Stock outstanding as of September 24, 2007 together with all applicable options, warrants and other securities convertible into shares of Common Stock for the named Stockholder and, if applicable, shares which may be issued from time to time on a quarterly basis through September 30, 2008 as interest payments pursuant to the 2007 Senior Notes to, the named stockholder. Beneficial ownership is determined in accordance with the rules of the SEC, and includes voting and investment power with respect to shares. Shares of Common Stock subject to options, warrants or other convertible securities exercisable within 60 days after September 24, 2007, and shares which may be issued from time to time on a quarterly basis through September 30, 2008 as interest payments pursuant to the 2007 Senior Notes, are deemed outstanding for computing the percentage ownership of the person holding such options, warrants or other convertible securities, but are not deemed outstanding for computing the percentage of any other person. Except as otherwise noted, the named beneficial owner has the sole voting and investment power with respect to the shares shown.
- (c) Includes the number of shares set forth below opposite each selling stockholder's name, which shares may be issued from time to time on a quarterly basis through September 30, 2008 as interest payments pursuant to the 2007 Senior Notes:

Name of Holder	Number of Shares
Silver Oak Capital, L.L.C.	386,375

Enable Opportunity Partners LP	20,500
Pierce Diversified Strategy Master Fund LLC, Ena	2,250
Total	1,249,875

- (d) Assumes sale of all shares offered under this prospectus.
- (e) Includes 452,632 shares of Class A Common Stock owned by Leonardo, L.P. ("Leonardo"), 178,947 shares of Class A Common Stock subject to currently exercisable warrants owned by Leonardo and 150,039 shares of Class A Common Stock subject to currently exercisable warrants owned by AG Offshore Convertibles, Ltd. Silver Oak Capital, L.L.C. ("Silver Oak") holds its shares as nominee for private investment funds and separately managed accounts managed by Angelo, Gordon & Co., L.P. ("Angelo, Gordon"). Mr. John M. Angelo and Mr. Michael L. Gordon are controlling members of Silver Oak. Leonardo Capital Management, Inc. ("LMCI") is the sole general partner of Leonardo. Angelo, Gordon is the sole director of LCMI. Angelo, Gordon is also the investment manager of AG Offshore Convertibles, Ltd. Mr. Angelo and Mr. Gordon are the principal executive officers of Angelo, Gordon. Each entity, including Silver Oak, and Messrs. Angelo and Gordon, disclaim beneficial ownership of securities reported herein except to the extent of each one's pecuniary interest in such securities.
- (f) Includes 94,757 shares of Class A Common Stock subject to currently exercisable warrants.
- (g) JMG Capital Partners, L.P. ("JMG Partners") is a California limited partnership. Its general partner is JMG Capital Management, LLC (the "Manager"), a Delaware limited liability company and an investment adviser that has voting and dispositive power over JMG Partners' investments, including the shares offered pursuant to this prospectus. The equity interests of the Manager are owned by JMG Capital Management, Inc. ("JMG Capital"), a California corporation, and Asset Alliance Holding Corp., a Delaware corporation. Jonathan M. Glaser is the executive officer and director of JMG Capital and has sole investment discretion over JMG Partners' portfolio holdings.
- (h) JMG Triton Offshore Fund, Ltd. (the "Fund") is an international business company organized under the laws of the British Virgin Islands. The Fund's investment manager is Pacific Assets Management LLC, a Delaware limited liability company (the "Manager") that has voting and dispositive power over the Fund's investments, including the shares offered pursuant to this prospectus. The equity interests of the Manager are owned by Pacific Capital Management, Inc., a California corporation ("Pacific") and Asset Alliance Holding Corp., a Delaware

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 424B3

corporation. The equity interests of Pacific are owned by Messrs. Roger Richter, Jonathan M. Glaser and Daniel A. David. Messrs. Glaser and Richter have sole investment discretion over the Fund's portfolio holdings.

- (i) Gruber & McBaine Capital Management, J. Patterson McBaine and Jon D. Gruber may each be deemed the beneficial owner of these shares.
- (j) Includes (i) 281,302 shares of Class A Common Stock owned by Lagunitas Partners LP, (ii) 82,159 shares of Class A Common Stock owned by Gruber & McBaine International and (iii) 33,835 shares of Class A Common Stock owned by Jon D & Linda W Gruber Trust, all of which may be deemed to be beneficially owned by J. Patterson McBaine.
- (k) Aristeia Capital, L.L.C. ("Aristeia") is the investment manager of Aristeia International Limited ("Aristeia International") and has discretionary authority to vote and dispose of the shares held by Aristeia International Limited and may be deemed to be the beneficial owner of these shares. Aristeia disclaims beneficial ownership of the shares held by Aristeia International.
- (l) Aristeia Advisors, L.L.C. ("Aristeia Advisors") is the General Partner of Aristeia Partners, L.P. ("Aristeia Partners") and has discretionary authority to vote and dispose of the shares held by Aristeia Partners and may be deemed to be the beneficial owner of these shares. Aristeia Advisors disclaims beneficial ownership of the shares held by Aristeia Partners.
- (m) Aristeia Capital, L.L.C. ("Aristeia") is the investment manager of Aristeia Special Investments Master, L.P. ("Aristeia Special Investments") and has discretionary authority to vote and dispose of the shares held by Aristeia Special Investments Master, L.P. and may be deemed to be the beneficial owner of these shares. Aristeia disclaims beneficial ownership of the shares held by Aristeia Special Investments.
- (n) Mitch Levine, the Managing Member of Enable Capital Management, LLC, the manager of Enable Growth Partners, LP, Enable Opportunity Partners LP, and Pierce Diversified Strategy Master Fund LLC, Ena, has discretionary authority to vote and dispose of the shares held by the aforementioned holders. Each of the aforementioned selling stockholders has advised us that it purchased the securities reflected in this table as being owned by it and offered for sale in the ordinary course of business and, at the time of purchase, it had no agreements or understandings, directly or indirectly, with any person to distribute those securities.
- (o) Includes 423,743 shares of Class A Common Stock subject to currently exercisable warrants.

Except as disclosed above, no selling stockholder has held a position as a director or officer nor has had a material relationship with us or any of our affiliates, or our or their predecessors, within the past three years.

PLAN OF DISTRIBUTION

Each Selling Stockholder (the Selling Stockholders) of the Common Stock of the Company and any of their pledgees, assignees and successors-in-interest may, from time to time, sell any or all of their shares of Common Stock on the Trading Market or any other stock exchange, market or trading facility on which the shares are traded or in private transactions. If the shares of Common Stock are sold through underwriters or broker-dealers, the Selling Stockholders will be responsible for underwriting discounts or commissions or agent's commissions. These sales may be at fixed prices, at prevailing market prices at the time of the sale, at varying prices determined at the time of the sale or at negotiated prices. A Selling Stockholder may use any one or more of the following methods when selling shares:

on any national securities exchange or quotation service on which the securities may be listed or quoted at the time of sale;

in the over-the-counter market;

in transactions otherwise than on these exchanges or systems or in the over-the-counter market;

ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;

block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;

purchases by a broker-dealer as principal and resale by the broker-dealer for its account;

an exchange distribution in accordance with the rules of the applicable exchange;

privately negotiated transactions;

settlement of short sales entered into after the effective date of the registration statement of which this prospectus is a part;

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 424B3

broker-dealers may agree with the Selling Stockholders to sell a specified number of such shares at a stipulated price per share;
a combination of any such methods of sale;
through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise; or
any other method permitted pursuant to applicable law.

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 424B3

The Selling Stockholders may also sell shares under Rule 144 under the Securities Act of 1933, as amended (the "Securities Act"), if available, rather than under this prospectus.

Broker-dealers engaged by the Selling Stockholders may arrange for other brokers-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the Selling Stockholders (or, if any broker-dealer acts as agent for the purchaser of shares, from the purchaser) in amounts to be negotiated, but, except as set forth in a supplement to this Prospectus, in the case of an agency transaction not in excess of a customary brokerage commission in compliance with NASD Rule 2440; and in the case of a principal transaction a markup or markdown in compliance with NASD IM-2440.

In connection with the sale of the Common Stock or interests therein, the Selling Stockholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the Common Stock in the course of hedging the positions they assume. The Selling Stockholders may also sell shares of the Common Stock short and deliver these securities to close out their short positions, or loan or pledge the Common Stock to broker-dealers that in turn may sell these securities. The Selling Stockholders may also loan or pledge shares of Common Stock to broker-dealers that in turn may sell such shares. The Selling Stockholders may also enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The Selling Stockholders and any broker-dealers or agents that are involved in selling the shares may be deemed to be "underwriters" within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. Each Selling Stockholder has informed the Company that it does not have any written or oral agreement or understanding, directly or indirectly, with any person to distribute the Common Stock. In no event shall any broker-dealer receive fees, commissions and markups which, in the aggregate, would exceed eight percent (8%).

The Company is required to pay certain fees and expenses incurred by the Company incident to the registration of the shares. The Company has agreed to indemnify the Selling Stockholders against certain losses, claims, damages and liabilities, including liabilities under the Securities Act.

The Selling Stockholders will be subject to the prospectus delivery requirements of the Securities Act or an exemption therefrom. In addition, any securities covered by this prospectus which qualify for sale pursuant to Rule 144 under the Securities Act may be sold under Rule 144 rather than under this prospectus. There is no underwriter or coordinating broker acting in connection with the proposed sale of the resale shares by the Selling Stockholders.

We agreed to keep this prospectus effective until the earlier of (i) the date on which the shares may be resold by the Selling Stockholders without registration and without regard to any volume limitations by reason of Rule 144(e) under the Securities Act or any other rule of similar effect or (ii) all of the shares have been sold pursuant to the prospectus or Rule 144 under the Securities Act or any other rule of similar effect. The resale shares will be sold only through registered or licensed brokers or dealers if required under applicable state securities laws. In addition, in certain states, the resale shares may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Under applicable rules and regulations under the Exchange Act, any person engaged in the distribution of the resale shares may not simultaneously engage in market making activities with respect to the Common Stock for a period of two business days prior to the commencement of the distribution. In addition, the Selling Stockholders will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including Regulation M, which may limit the timing of purchases and sales of shares of the Common Stock by the Selling Stockholders or any other person. At the time a particular offering of the shares of Common Stock is made, a prospectus supplement, if required as determined by the Company in its sole discretion, will be distributed which will set forth the aggregate amount of shares of Common Stock being offered and the terms of the offering, including the name or names of any broker-dealers or agents, any discounts, commissions and other terms constituting compensation from the Selling Stockholders and any discounts, commissions or concessions allowed or reallocated or paid to broker-dealers. We will make copies of this prospectus available to the Selling Stockholders and have informed them of the need to deliver a copy of this prospectus to each purchaser at or prior to the time of the sale unless exempted from the prospectus delivery requirement.

The Selling Stockholders may pledge or grant a security interest in some or all of the convertible notes, warrants or shares of Common Stock owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the shares of Common Stock from time to time pursuant to this prospectus or any amendment or supplement to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act of 1933, as amended, amending, if necessary, the list of Selling Stockholders to include the pledgee, transferee or other successors in interest as Selling

Edgar Filing: ACCESS INTEGRATED TECHNOLOGIES INC - Form 424B3

Stockholders under this prospectus. The Selling Stockholders also may transfer and donate the shares of Common Stock in other circumstances in which case the transferees, donees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

There can be no assurance that any Selling Stockholder will sell any or all of the shares of Common Stock registered pursuant to the registration statement, of which this prospectus forms a part.

Once sold under the registration statement, of which this prospectus forms a part, the shares of Common Stock will be freely tradable in the hands of persons other than our affiliates.

We will not receive any of the proceeds from the sale by the Selling Stockholders of the shares of Common Stock. We will pay all expenses of the registration of the shares of Common Stock pursuant to the registration rights agreement, including, without limitation, Securities and Exchange Commission filing fees and expenses of compliance with state securities or "blue sky" laws; provided, however, that a Selling Stockholder will pay all underwriting discounts and selling commissions, if any.

LEGAL MATTERS

The validity of the offered shares of the Common Stock has been passed on for us by Kelley Drye & Warren LLP, New York, New York.

EXPERTS

The consolidated financial statements of Access Integrated Technologies, Inc. as of March 31, 2007 and 2006 and for the years then ended incorporated by reference into this prospectus have been audited by Eisner LLP, an independent registered public accounting firm, as stated in their report included in Form 10-KSB for the year ended March 31, 2007 and are included in reliance upon the report of Eisner LLP given on the authority of said firm as experts in auditing and accounting.

INDEMNIFICATION AGAINST LIABILITY UNDER THE SECURITIES ACT

We are permitted to indemnify to the fullest extent now or hereafter permitted by law, each director, officer or other authorized representative of the Company who was or is made a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he is or was an authorized representative of the Company, against all expenses (including attorneys' fees and disbursements), judgments, fines (including excise taxes and penalties) and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding.

A director of the Company shall not be personally liable to the Company or its stockholders for monetary damages for breach of fiduciary duty as a director, provided, however that this provision shall not eliminate or limit the liability of a director to the extent that such elimination or liability is expressly prohibited by the Delaware General Corporation Law as in effect at the time of the alleged breach of duty by such director.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons pursuant to any arrangement, provision or otherwise, we have been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by us of expenses incurred or paid by any of our directors, officers or controlling persons in the successful defense of

any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, we will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by us is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
