Item 2.06 Material Impairments.

On July 10, 2009, First Financial Northwest, Inc. (“Company”) announced that during the quarter ended June 30, 2009 it will record a \$14.2 million non-cash impairment charge to write-off all of the goodwill recorded from a prior acquisition. A number of factors were used in determining the write-off of the goodwill. These included the protracted decline in stock prices for financial service companies, particularly in the Pacific Northwest, the lack of merger transactions and the uncertainty of valuing intangible assets, such as goodwill, in a recessionary economy.

Item 8.01 Other Events

In addition to write-off of the goodwill, as previously announced on June 5, 2009, the Company also expects to record a provision for loan losses of approximately \$18 million during the quarter ended June 30, 2009. As a result of the write-off of the goodwill and the increase in the provision for loan losses, management expects a loss per diluted common share of approximately \$1.40 for the second quarter of 2009. The full text of the press release announcing the write-off of the goodwill and increased provision for loan losses is attached hereto as Exhibit 99.1 and incorporated herein by reference.
