**METHANEX ANNOUNCES 14 PERCENT INCREASE IN QUARTERLY DIVIDEND AND NEW SHARE BUY-BACK PROGRAM**

**May 9, 2006**

Methanex Corporation is pleased to announce that its Board of Directors has approved a 14 percent increase in our quarterly dividend to shareholders, from US\$0.11 per share to US\$0.125 per share. The increased dividend will apply commencing with the dividend payable on June 30, 2006 to holders of common shares of record on June 16, 2006.

Bruce Aitken, President and CEO of Methanex commented, "We are pleased to have been able to increase our dividend for the fourth year in a row since its inception in 2002. This increase in our regular dividend reflects our continued confidence in the strength of our business and our outstanding portfolio of low cost assets."

In addition, our Board of Directors has also approved a new normal course issuer bid that will commence on the expiration of our existing normal course issuer bid. Under the new bid, the Company may repurchase up to 5,495,763 common shares of the Company representing five percent of the total shares issued and outstanding. Under the existing bid, which expires on May 16, 2006, the Company has purchased 9,066,500 shares as of May 8, 2006 at an average price of CDN\$21.68 (approximately US\$18.60). As of May 8, 2006, there were 109,915,267 Methanex common shares issued and outstanding.

Mr. Aitken stated, "The announcement of this new normal course issuer bid is consistent with our balanced approach to the utilization of cash and reflects our commitment to returning excess cash (to shareholders). With close to US \$100 million of cash on hand at the end of the first quarter of 2006 and continued strong cash generation, we have the financial strength and flexibility to both maintain our leadership position in the methanol industry and return excess cash to shareholders."

The normal course issuer bid repurchase program will be carried out through the facilities of the TSX. Purchases under the program will commence on May 17, 2006 and terminate on the earlier of May 16, 2007 and the date upon which the Company has acquired the maximum number of common shares permitted under the purchase program or otherwise decided not to make further purchases. Purchases will be made from time to time at the then current market price of the Company's common shares as traded on the TSX and the common shares purchased cancelled.

Methanex believes that purchasing its shares under this normal course issuer bid is in the best interests of its shareholders and represents an effective use of the Company's financial resources. Methanex intends to finance the purchase of common shares under the bid with cash on hand.

Methanex, based in Vancouver, is the world's largest producer and marketer of methanol. Methanex shares are listed for trading on the Toronto Stock Exchange in Canada under the trading symbol "MX" and on the Nasdaq National Market in the United States under the trading symbol "MEOH".
