UNITED STATES
SECURITIES AND EXCHANGE COMMISSION

WASHINGTON, D.C. 20549

FORM 6-K

REPORT OF FOREIGN PRIVATE ISSUER

PURSUANT TO RULE 13a-16 OR 15D-16
UNDER THE SECURITIES EXCHANGE ACT OF 1934

FOR THE MONTH OF MAY 2011

TELECOM ITALIA S.p.A.
(Translation of registrant's name into English)

Piazza degli Affari 2
20123 Milan, Italy
(Address of principal executive offices)

Indicate by check mark whether the registrant files
or will file annual reports under cover of Form 20-F or Form 40-F:

FORM 20-F FORM 40-F

Indicate by check mark if the registrant
is submitting the Form 6-K in paper
as permitted by Regulation S-T Rule 101(b)(1):

Indicate by check mark if the registrant
is submitting the Form 6-K in paper
as permitted by Regulation S-T Rule 101(b)(7):

Indicate by check mark whether by furnishing the information
contained in this Form, the registrant is also thereby furnishing
the information to the Commission pursuant to Rule 12g3-2(b)
under the Securities Exchange Act of 1934.

YES NO

If "Yes" is marked, indicate below the file number assigned
to the registrant in connection with Rule 12g3-2(b): 82- _____

LOMBARDY REGION/TELECOM ITALIA: DIGITAL DIVIDE CLOSED WITHIN 2 YEARS

BROADBAND: FORMIGONI AND BERNABE PRESENT 100 MILLION EURO PROJECT

(Milan, 02 May) **By extending broadband throughout its territory, within two years the Lombardy region will have completely closed the digital divide.**

This major achievement will be engineered by **Telecom Italia**, which **won the call for tenders for this type of service in areas where market failure has prevailed.** The Plan was illustrated at a press conference held by the Chairman of the Lombardy Regional Administration **Roberto Formigoni, Councillor Responsible for the Environment, Energy and Networks Marcello Raimondi, the Chairman of Telecom Italia Franco Bernabè, and Telecom Italia Chief Operating Officer Marco Patuano.**

ONE MILLION PEOPLE IN LOMBARDY SOON TO BE NEWLY CONNECTED TO BROADBAND This technologically- and geographically-ambitious **project will see high-speed internet coverage arriving in 707 municipalities (where 1 million people live) within 24 months. By 2013, 100% of the population of Lombardy will be covered by broadband.** To achieve this, 917 switching stations across the region will be upgraded, involving around 8,500 km cabling, of which 3,000 km in fibre-optic cable laid. **The project will cost a total of around €95 million, of which €41 million is being funded by the Lombardy Regional Administration and the remainder by Telecom Italia.**

HIGH-SPEED LINKS – The municipalities covered by the project will have territory-wide access to **ADSL 7 Mbit** links, rising **as high as 20 Mbit** following upgrade work involving 900 separate jobs at exchanges and local networks.

POSITIVE IMPACT ON THE LOCAL AREA - **The plan will have positive repercussions** not just on **citizens** but on **businesses too.** Benefits will be enjoyed by a number of **industrial districts**, including the textiles district in Val Seriana, the clothing district in Gallaratese, the Castel Goffredo textiles district, the Monza Brianza furniture-making district, the Serico Comasco textiles district, the Valle dell Arno mechanics district, and the Vimercate high-tech district.

THE CALL FOR TENDERS - **Public funding was awarded to Telecom Italia after the company submitted the most technically accomplished and economically attractive bid.** The project has been given the go-ahead by the European Commission with regard to

state aid regulations. Funding provided by the regional administration ensures that investment payback will be in line with corporate standards.

Work will be carried out over a two-year period, followed by a four-year period during which services will be rolled out and results monitored.

MARKET FAILURE - The Lombardy Region/Telecom Italia project is a game changer for those areas that have suffered from a lack of access to broadband services owing to an absence of the necessary network infrastructure. Market failure in the areas affected by the digital divide refers to the fact that market players have not invested because the market does not offer favourable conditions for profitability. This is another reason why this challenging project is all the more important. (Ln)

Cautionary Statement for Purposes of the "Safe Harbor" Provisions of the United States Private Securities Litigation Reform Act of 1995.

The Private Securities Litigation Reform Act of 1995 provides a "safe harbor" for forward - looking statements. The press release included in this Form 6-K contains certain forward -looking statements. Forward-looking statements are statements that are not historical facts and can be identified by the use of forward-looking terminology such as "believes," "may," "is expected to," "will," "will continue," "should," "seeks" or "anticipates" or similar expressions or the negative thereof or other comparable terminology, or by the forward- looking nature of discussions of strategy, plans or intentions.

Actual results may differ materially from those projected or implied in the forward-looking statements. Such forward-looking information is based on certain key assumptions which we believe to be reasonable but forward-looking information by its nature involves risks and uncertainties, which are outside our control, that could significantly affect expected results.

The following important factors could cause our actual results to differ materially from those projected or implied in any forward-looking statements:

1. the continuing impact of increased competition in a liberalized market, including competition from established domestic competitors and global and regional alliances formed by other telecommunications operators in our core Italian domestic fixed-line and wireless markets;
2. our ability to restructure our organizational model from one based on technology (fixed and mobile) to one based on customer segments (consumers, SOHOs, SMEs, Corporates) in order to focus on customers and their needs in utilizing our products and services;
3. our ability to utilize our relationship with Telefónica to attain synergies primarily in areas such as network, IT, purchasing, sales activities in Germany and international mobile roaming;
4. our ability to introduce new services to stimulate increased usage of our fixed and wireless networks to offset declines in the traditional fixed-line voice business due to the continuing impact of regulatory required price reductions, market share loss, pricing pressures generally and shifts in usage patterns;
5. our ability to successfully implement our internet and broadband strategy both in Italy and abroad;
6. our ability to successfully achieve our debt reduction targets;
7. the impact of regulatory decisions and changes in the regulatory environment in Italy and other countries in which we operate;
8. the impact of economic development generally on our international business and on our foreign investments and capital expenditures;
9. our services are technology-intensive and the development of new technologies could render such services non-competitive;

10. the impact of political and economic developments in Italy and other countries in which we operate;
11. the impact of fluctuations in currency exchange and interest rates;
12. our ability to successfully implement our strategy over the 2011-2013 period;
13. our ability to build up our business in adjacent markets (pay-TV and IT services) and in international markets (particularly Brazil in mobile telecommunications and Europe-Germany-in BroadBand), due to our specialist and technical resources;
14. our ability to achieve the expected return on the investments and capital expenditures we have made and continue to make in Brazil on mobile and in Europe on BroadBand;
15. the amount and timing of any future impairment charges for our licenses, goodwill or other assets; and 16. the outcome of litigation, disputes and investigations in which we are involved or may become involved.

The foregoing factors should not be construed as exhaustive. Due to such uncertainties and risks, readers are cautioned not to place undue reliance on such forward-looking statements, which speak only as of the date hereof. We undertake no obligation to release publicly the result of any revisions to these forward-looking statements which may be made to reflect events or circumstances after the date hereof, including, without limitation, changes in our business or acquisition strategy or planned capital expenditures, or to reflect the occurrence of unanticipated events.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
