about March 20, 2002. Aetna filed additional participant information with the SEC on April 4, 2002. Aetna's shareholders should read these materials, and any additional materials that Aetna files with the SEC, because they contain important information relating to the 2002 Annual Meeting. In addition, this presentation contains forward-looking statements, including those regarding Aetna's performance and the status of its turnaround. These represent management's best view of these matters, although important risk factors, including unanticipated increases in medical costs, could cause actual future results to differ materially from those currently estimated by management. For more discussion of important factors that could materially affect Aetna, please see the risk factors discussed on pages 36-41 of Aetna's 2001 Annual Report, Financial Report included with our 2002 Proxy Statement.
