Report of Independent Accountants

To the Participants and Administrator of
The Pharmacia & Upjohn Employee Savings Plan

In our opinion, the accompanying statements of net assets available for plan benefits and the related statement of changes in net assets available for plan benefits present fairly, in all material respects, the net assets available for benefits of The Pharmacia & Upjohn Employee Savings Plan (the "Plan") at December 31, 2001 and 2000, and the changes in net assets available for benefits for the year ended December 31, 2001 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of Assets Held for Investment Purposes at End of Year as of December 31, 2001 and Reportable Transactions for the year ended December 31, 2001 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

THE PHARMACIA & UPJOHN EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

December 31, 2001 and 2000

1. Description of Plan

The following brief description of the Pharmacia & Upjohn Employee Savings Plan (the "Plan") is provided only for general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

Pharmacia & Upjohn Company (the "Company") is the sponsor of the Plan. The Plan is a defined contribution plan with two component parts: a section 401(k) plan and an Employee Stock Ownership Plan (the "ESOP"). The Plan covers substantially all domestic employees of the Company not otherwise covered by another defined contribution plan of the Company.

Administration

The Global Employee Benefits Oversight Committee and the Administrative

Edgar Filing: PHARMACIA CORP /DE/ - Form 11-K

Committee - U.S. Plans are responsible for administering plan operations in accordance with the Employee Retirement Income Security Act of 1974 ("ERISA") plan documents. The Global Benefits Investment Committee is responsible for monitoring plan investments.

Contributions

Participants can elect to contribute on a before-tax or after-tax basis from 1% to 18%, in 1% increments, of their Total Pay, as defined in the Plan document. The Internal Revenue Code ("IRC") contains certain limits on participant contributions to a qualified plan, such as a \$10,500 limit on a participant's before-tax contributions during the 2001 calendar year. Other limits also apply to highly compensated employees participating in the Plan.

Participants may also elect to make rollover contributions to the Plan from other qualified defined contribution plans.

Since 1990, matching contributions have been made through the ESOP. The Company matching contributions are the basis for allocating shares of the Company's Convertible Perpetual Preferred Stock ("Preferred Stock") to participants' accounts. Dividends paid to the participants' ESOP accounts are also allocated in Preferred Stock.

The Company will match 100% of participant contributions, from 1% to 5% of Total Pay, in the form of Preferred Stock within the ESOP. The Plan will allocate shares of Preferred Stock to participants such that, at the time of allocation, the total value of the shares allocated is equivalent to the Company match. The value of a share of Preferred Stock will be the closing price of one share of Pharmacia common stock multiplied by a 1.7255 conversion factor.

Cash dividends on Preferred Stock shares allocated to participants' accounts prior to January 1, 2000 are exchanged for additional shares of Preferred Stock using the \$40.30 per-share stated value (the purchase price paid by the ESOP at its inception). Cash dividends on Preferred Stock shares allocated to participants' accounts on or after January 1, 2000 are exchanged for additional shares of Preferred Stock using the Pharmacia common stock price multiplied by the 1.7255 conversion factor.

4

THE PHARMACIA & UPJOHN EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

December 31, 2001 and 2000

The Company contributes to the ESOP cash amounts that are necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on the ESOP's outstanding debt and to release Preferred Stock to cover allocations to participant accounts. Employer dividends paid to the ESOP on the unallocated Preferred Stock and certain other funds are also used to repay the debt incurred by the Plan to purchase the Preferred Stock from the Company at the inception of the leveraged ESOP (see Note 4).

Investment Options

Participant contributions received by the Plan are invested at the direction of the participants in accordance with the terms of the Plan document.

Edgar Filing: PHARMACIA CORP /DE/ - Form 11-K

Each participant may direct his or her contributions to the following fund options:

- (a) Income Fund,
- (b) American Balanced Fund,
- (c) Indexed Stock Fund,
- (d) Neuberger Berman Guardian Fund,
- (e) American Century Ultra Fund,
- (f) Templeton Foreign Fund,
- (g) Pharmacia Common Stock Fund, or
- (h) Any combination of the above, provided that a minimum of five percent and a multiple of one percent is directed to each fund selected.

The funds above (not including the Pharmacia Common Stock Fund) are also offered in six pre-mixed portfolios, which are designed to match investments to a level of risk and return that the participant is most comfortable with. Participants may elect to transfer or allocate their participant contribution balances and earnings thereon to any of the above funds.

Company matching contributions and earnings thereon are only posted to the ESOP Fund. Upon completing ten years of employment service and attaining age 55, participants are allowed to transfer a portion of their Pharmacia Common Stock Fund balance (i.e., pertaining to Company contributions and earnings thereon) and their ESOP Fund balance into the other investment fund options. For participants age 55 - 59 and for participants age 60 and older, 25% and 50% can be transferred to other investment funds, respectively. Those age 60 and older that have already diversified their current Common Stock 25%, may only diversify another 25%.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, and plan earnings. Participants' accounts are valued on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are always 100% vested in their contributions to the Plan and earnings thereon.

THE PHARMACIA & UPJOHN EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

December 31, 2001 and 2000

As of January 1, 2000, all Company contributions and earnings thereon are 100% vested for all active participants on or after January 1, 2000.

Participants who terminated employment prior to January 1, 2000 with less than five years of employment service and less than three years of participation in the Plan are subject to the vesting schedule below:

Edgar Filing: PHARMACIA CORP /DE/ - Form 11-K

Years of Participation	Non-forfeitable Percentage
1 but less than 2	33 1/3%
2 but less than 3	66 2/3%
3 or more	100%

Participants who cease participation in the Plan may be entitled to forfeited amounts if they re-participate in the Plan within five years.

Participant Loans

The Plan has a loan provision which allows participants to borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000 (reduced by the highest outstanding loan balance within the previous twelve months). Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. Loans for the purchase of a home have a \$3,000 minimum loan amount. The loans are secured by the balance in the participant's account and bear a pre-established interest rate. Interest is credited to the account of the participant. Repayments may not necessarily be made to the same fund from which amounts were borrowed. Repayments are credited to the applicable funds based on the participant's investment elections at the time of repayment.

Payment of Benefits

Participants who leave the Company may elect to receive their vested Plan balance. However, their Pharmacia Common Stock Fund and ESOP accounts may be subject to forfeiture based upon years of participation and service (if the participant terminated employment prior to January 1, 2000).

Benefits are paid either in cash or in cash and Pharmacia common stock. Pharmacia common stock is issued only with respect to the participant's accounts in the Pharmacia Common Stock Fund and the ESOP Fund. Upon retirement or death, the full value of the participant's accounts is paid in either a lump sum, in installments or by the purchase of an annuity contract. If a participant elects to receive common stock, each share of the Preferred Stock (based on participant records) will be converted into 1.7255 shares of Pharmacia common stock.

Participants may also elect to make in-service withdrawals subject to certain restrictions.

Notes to Financial Statements

December 31, 2001 and 2000

2. Summary of Accounting Policies

Method of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

Edgar Filing: PHARMACIA CORP /DE/ - Form 11-K

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Common/collective trust funds are stated at redemption value as determined by the trustees of such funds based upon the underlying securities stated at fair value. Investments in money market instruments are generally short-term and are valued at cost, which approximates market. Investments in guaranteed investment contracts ("GICs") and synthetic investment contracts ("SICs") are reported at their contract value by the insurance companies and underlying banks, respectively, because these investments have fully benefit-responsive features (see Note 5). Pharmacia Common Stock is valued at quoted market price as of the last business day of the Plan year. The value of outstanding participant loans is determined based on the outstanding principal balance as of the last day of the Plan year, which approximates fair value.

Pharmacia Preferred Stock is valued using the higher of the per-share stated value of \$40.30 or the quoted market price of Pharmacia common stock multiplied by 1.7255 on the last business day of the plan year. (Note: Preferred Stock share balances maintained by the plan's trustee and recordkeeper are on a basis equal to one-thousandth of the share balance reflected on the Company's financial statements and the \$40,300 stated value.)

Purchases and sales of securities are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis.

The Plan presents in the statement of changes in net assets available for plan benefits, the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains and losses and the unrealized appreciation (depreciation) on those investments.

Payment of Benefits

Benefit payments are recorded when paid.

Plan Expenses

The Plan pays certain outside service provider expenses (e.g., recordkeeping and trustee fees) incurred in the operation of the Plan. Investment manager fees are paid by the Plan and are netted against investment income. Certain other expenses are paid by the Company.

7

THE PHARMACIA & UPJOHN EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

December 31, 2001 and 2000

Forfeitures

Edgar Filing: PHARMACIA CORP /DE/ - Form 11-K

Forfeited amounts are used to pay expenses of the Plan, interest on ESOP debt incurred by the Plan and to reduce Company contributions. Forfeitures which have not been utilized amounted to \$737 and \$21,630 as of December 31, 2001 and 2000, respectively.

Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, mutual funds, common/collective trusts, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

3. Investments

The following presents investments that represent 5 percent or more of the plan's net assets.

	December 31,

4. Nonparticipant-directed Investments

Pharmacia Common Stock Fund

Effective April 1, 1999, the Pharmacia Common Stock Fund was added as an investment option into which participants can direct their contributions and/or transfer existing balances. However, certain Company contribution balances (and earnings thereon) within the Pharmacia Common Stock Fund can only be transferred out of the fund into other investment options after participants satisfy certain age and service requirements. All assets and activity within this fund have been disclosed as nonparticipant-directed for purposes of this report.

ESOP and Notes Payable

On March 1, 1990, the ESOP borrowed \$275 million from the Bank of New York through the issuance of amortizing notes. These notes, which are guaranteed by the Company, mature in 2004 and pay interest at an annual rate of 9.79%. The proceeds of this debt were paid to the Company to liquidate \$275 million of an original \$300 million loan from the Company to the ESOP. The remaining principal balance on these notes was \$154,900,000 with unpaid interest of \$15,164,710 and \$189,700,000 with unpaid interest of \$18,571,630 as of December 31, 2001 and 2000, respectively.

As of March 1, 1990, the ESOP also issued a new note to the Company in settlement of the remaining balance on the original ESOP loan. This note, in the amount of \$25 million, carries an interest rate of 6.25% per annum. Interest accrues and is payable, along with principal, no later than the maturity date of February 1, 2005. The balance of this note, including unpaid interest, was \$51,239,923 and \$48,225,811 at December 31, 2001 and 2000, respectively.

Edgar Filing: PHARMACIA CORP /DE/ - Form 11-K

Effective January 31, 1997, the ESOP and State Street Bank entered into an agreement, whereby the ESOP can borrow amounts that in the aggregate cannot exceed \$95,000,000 (collectively the "New Loans"). Any such borrowings bear interest at 7.00% per annum and will be due no later than December 31, 2010. No interest shall be due until the maturity date of any New Loans. The proceeds of each New Loan are to be used to pay principal and interest then due on any existing ESOP loans. In relation to New Loans, the ESOP had drawings of \$22,000,000 with unpaid interest of \$5,998,425 and \$20,000,000 with unpaid interest of \$4,177,655 as of December 31, 2001 and 2000, respectively.

Projected principal loan payments on the ESOP debt (net of future New Loans) are as follows:

Year	Amount
2002	\$ 43,700,000
2003	52,600,000
2004	58,600,000
2005	22,216,492
2006 to 2010	24,783,508

5. Investment Contracts

The Income Fund consists primarily of benefit responsive GICs and SICs. The contract value of the GICs and SICs represents the cost or face-value of the contract plus accrued interest. At December 31, 2001 and 2000, the Plan held GICs with a contract value of \$25,303,802 and \$30,147,174, respectively. The contract value of the SICs represents fair value of the underlying asset plus the contract-value of the wrapper contract associated with the underlying asset. At December 31, 2001 and 2000, fair values of assets underlying the SIC's were \$231,584,946 and \$185,229,622, respectively. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The average portfolio yield and crediting interest rates were approximately 6% for 2001 and 2000. For GICs, the crediting interest rate, specified in the contract, is agreed upon with the issuers and is maintained for the life of the contract. For SICs, the rate is based on a formula which consists of the yield to maturity, duration, and the book and market values. The rate for SICs is periodically reset, usually quarterly, and cannot be reset below 0%.

7. Related-Party Transactions

The Plan holds shares of Pharmacia common stock and preferred stock. At

Edgar Filing: PHARMACIA CORP /DE/ - Form 11-K

December 31, 2001 and 2000, the Plan owned 5,370,542 and 5,052,303 shares of Pharmacia Corporation common stock at a cost of \$117,753,110 and \$87,782,347, respectively. At December 31, 2001 and 2000, the Plan owned 6,399,670 and 6,517,533 shares of Pharmacia Corporation preferred stock at a cost of \$257,920,598 and \$262,656,580, respectively. In addition, Plan funds are invested in a short-term investment fund as well as SICs issued by State Street Bank & Trust Company, a trustee of the Plan. At December 31, 2001 and 2000, the fair value of the State Street Bank & Trust Company short-term investment account was \$21,542,503 and \$43,355,639, respectively and the contract value of the SICs was \$0 for 2001 and \$15,232,902 for 2000.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their entire plan balance (including match and discretionary contributions and earnings thereon).

9. Tax Status of the Plan

The Plan obtained its latest determination letter on April 18, 1996, in which the Internal Revenue Service indicated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Company applied for a new determination letter in February 2002.

10. Subsequent Event

Effective March 1, 2002, the Plan's net assets were transferred to a new trustee, The Northern Trust Company.

On June 28, 2001, the Global Employee Benefits Oversight Committee approved the amendment and restatement of the Plan, to be effective July 1, 2002. The New Plan, to be named the Pharmacia Savings Plan, will include the Retirement Choice Program and New Investment Options. Under the Retirement Choice program, participants will have a choice of two retirement benefit options. Option 1 offers additional Pension Plan benefits and Option 2 offers additional Savings Plan benefits. Participants will receive a pension and savings benefit under either option and can choose between Options 1 and 2 on an annual basis. In addition, the New Plan will offer New Investment Options in the form of eight core investment funds and four pre-mixed investment funds. The eight core investment funds are the Income Fund, the Core Bond Fund, the Value Stock Fund, the Large Company Stock Fund, the Growth Stock Fund, the Mid-Small Company Stock Fund, the International Stock Fund, and Pharmacia Common Stock Fund. The pre-mixed

Edgar Filing: PHARMACIA CORP /DE/ - Form 11-K

funds are the Conservative Pre-Mixed Fund, the Moderate Pre-Mixed Fund, the Moderately Aggressive Pre-Mixed Fund and the Aggressive Pre-mixed Fund. These funds offer varying degrees of risk and return. They are invested in the Core Bond Fund, the Large Company Stock Fund, the Mid-Small Company Stock Fund, and the International Stock Fund in predetermined percentages to form the funds. Participant account balances in the Pharmacia Savings and Investment Plan ("Pharmacia SIP") are to be transferred into the New Plan on July 1, 2002. All Plan assets are to be invested in the New Investment Options as of July 1, 2002.

 ** A synthetic investment contract is comprised of two components, an underlying asset and a wrapper contract. The underlying asset is valued at representative quoted market prices. The wrapper contract is valued as the difference between the fair value of the underlying asset and the contract value. Contract value represents contributions made under the contract, plus earnings, less Plan withdrawals and administrative expenses. The wrapper contract guarantees the Plan contract value.
