The Form U-1 Application/Declaration filed in this proceeding on July 18, 2002 is hereby amended as follows:

1. The last paragraph of Item 1.2 is amended by adding the following sentence at the end thereof:

"National's unsecured long-term debt is currently rated A- by Standard & Poors Corporation, A3 by Moody's Investor Service, and A- by Fitch, Inc."

2. Paragraphs (b) and (c) of Item 1.5.1 are amended and restated to read as follows:

"(b) Preferred Securities. National, directly or through a Financing Subsidiary or Special Purpose Subsidiary, also proposes to issue and sell shares of its authorized preferred stock, par value \$1.00 per share and/or other types of unsecured preferred securities (collectively, "Preferred Securities") in one or more series with such rights, preferences, and priorities as may be designated in the instrument creating each such series, as determined by National's board of directors or a committee thereof. Preferred Securities may be redeemable or may be perpetual in duration. The dividend or distribution rate on any series of Preferred Securities will not exceed at the time of issuance 500 basis points over the yield to maturity of a U.S. Treasury security having a remaining term equal or closest to the term of such securities. Dividends or distributions on any series of Preferred Securities will be made periodically and to the extent funds are legally available for such purpose, but may be made subject to terms which allow the issuer to defer dividend payments or distributions for specified periods. Preferred Securities may be convertible or exchangeable into shares of Common Stock.

(c) Long-term Debt. National, directly or through a Financing Subsidiary, also proposes to issue and sell from time to time additional long-term indebtedness ("Long-term Debt"). Long-term Debt of a particular series (a) will be unsecured, (b) may be convertible into any other authorized securities of National, (c) will have a maturity ranging from one year to 50 years, (d) will bear interest at a rate not to exceed at the time of issuance 500 basis points over the yield to maturity of a U.S. Treasury security having a remaining term equal or closest to the term of such Long-term Debt, (e) may be subject to optional and/or mandatory redemption, in whole or in part, at par or at various premiums above the

principal amount thereof, (f) may be entitled to mandatory or optional sinking fund provisions, (g) may provide for reset of the coupon pursuant to a remarketing arrangement, and (h) may be called from existing investors by a third party. The maturity dates, interest rates, redemption and sinking fund provisions and conversion features, if any, with respect to the Long-term Debt of a particular series, as well as any associated placement, underwriting or selling agent fees, commissions and discounts, if any, will be established by negotiation or competitive bidding."

3. The following sentence is added at the end of the first paragraph of Item 1.6:

"Of the overall \$1.5 billion authorization for long-term securities requested in Item 1.5, National requests authorization to issue up to \$500 million outstanding at any one time through Financing Subsidiaries and/or Special Purpose Subsidiaries."

4. The last paragraph in Item 1.8 is amended and restated to read as follows:

"To the extent that there are excess funds available in the Money Pool from time to time because (a) there are no borrowings under the Credit Facilities that may be currently repaid, or (b) there is no commercial paper that is maturing, or (c) no Eligible Borrower has a need for excess funds available from other Money Pool participants, such excess funds will normally be invested in one or more short-term investments. The Applicants are proposing to amend Article IV of the Money Pool Agreement to provide that such short-term investments may include any of the following: (i) interest-bearing accounts with banks; (ii) obligations issued or guaranteed by the U.S. government and/or its agencies and instrumentalities, or by any state or political subdivision thereof; (iii) tax exempt notes; (iv) tax exempt bonds; (v) tax exempt preferred stock; (vi) commercial paper rated not less than A-1 or P-1 or their equivalent by a nationally recognized statistical rating organization; (vii) money market funds; (viii) bank certificates of deposit and bankers acceptances; (ix) Eurodollar certificates of deposit or time deposits; (x) repurchase agreements with respect to any of the foregoing; and (xi) such other investments as are permitted by Section 9(c) of the Act and Rule 40 thereunder. The form of Amended and Restated Money Pool Agreement is filed herewith as Exhibit B. With the exception of Article IV, no other substantive changes to the Money Pool Agreement as currently in effect are proposed."
