PROXY STATEMENT

This Proxy Statement is being furnished in connection with the solicitation of proxies by the Board of Directors of AOL Time Warner Inc., a Delaware corporation (the "Company"), for use at the Annual Meeting of the Company's stockholders (the "Annual Meeting") to be held on Thursday, May 16, 2002, at the Apollo Theatre, 253 West 125th Street, New York, New York 10027, commencing at 10:00 am, local time, and at any adjournment or postponement, for the purpose of considering and acting upon the matters set forth in the accompanying Notice of Annual Meeting of Stockholders.

This Proxy Statement and accompanying forms of proxy and voting instructions are first being mailed on or about April 1, 2002 to stockholders entitled to vote at the Annual Meeting.

VOTING AT THE ANNUAL MEETING; RECORD DATE

Only holders of record of the Company's voting stock at the close of business on March 22, 2002, the record date, are entitled to notice of and to vote at the Annual Meeting. At that time, the number of shares entitled to vote and their voting rights were:

- 4,274,370,116 shares of Common Stock, par value \$.01 per share ("Common Stock"), each of which is entitled to one vote on all matters properly submitted at the Annual Meeting; and
- 171,185,826 shares of Series LMCN-V Common Stock, par value \$.01 per share ("Series LMCN-V Stock"), each of which is entitled to 1/100 of a vote on the election of directors.

The presence, in person or by proxy, of the holders of a majority of the votes entitled to be cast at the Annual Meeting is necessary to constitute a quorum.

REQUIRED VOTE

- A plurality of the votes duly cast is required for the election of directors.
- The affirmative vote of a majority of the votes duly cast by the holders of Common Stock is required to approve the other matters to be acted upon at the Annual Meeting.

An abstention is deemed "present," but is not deemed a "vote cast." As a result, abstentions and broker "non-votes" are not included in the tabulation of the voting results on the election of directors or issues requiring approval of a majority of the votes cast and, therefore, do not have the effect of votes in opposition. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power on that item and has not received instructions from the beneficial owner. Broker "non-votes" and the shares with respect to which a stockholder abstains are included in determining whether a quorum is present.

PROXIES AND VOTING PROCEDURES

Edgar Filing: AOL TIME WARNER INC - Form DEF 14A

All shares entitled to vote and represented by properly executed proxies received prior to the Annual Meeting, and not revoked, will be voted as instructed on those proxies. If no instructions are indicated, the shares will be voted as recommended by the Board of Directors. No stockholder of record may appoint more than three persons to act as his or her proxy at the Annual Meeting.

If any other matters are properly presented at the Annual Meeting for consideration, the persons named in the enclosed form of proxy will have discretion to vote on those matters in accordance with their own judgment to the same extent as the person signing the proxy would be entitled to vote. In accordance with the Company's By-laws, the Annual Meeting may be adjourned, including by the Chairman, in order to permit the solicitation of additional proxies. The Company does not currently anticipate that any other matters will be raised at the Annual Meeting.

Many stockholders will have the option to submit their proxies or voting instructions electronically through the Internet or by telephone. Stockholders should check their proxy card or voting instructions forwarded by their broker, bank or other holder of record to see which options are available. Stockholders submitting proxies or voting instructions via the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that would be borne by the stockholder.

Any stockholder of record may revoke a proxy at any time before it is voted by (i) filing with the Secretary of the Company, at or before the taking of the vote at the Annual Meeting, a written notice of revocation or a duly executed proxy, in either case dated later than the prior proxy relating to the same shares or (ii) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not of itself revoke a proxy). Any written notice of revocation or subsequent proxy should be delivered to AOL Time Warner Inc., 75 Rockefeller Plaza, New York, NY 10019, Attention: Secretary, or hand delivered to the Secretary, before the taking of the vote at the Annual Meeting. To revoke a proxy previously submitted electronically through the Internet or by telephone, a stockholder may simply submit a new proxy at a later date before the taking of the vote at the Annual Meeting, in which case, the later submitted proxy will be recorded and the earlier proxy will be revoked.

A copy of the Company's Annual Report to Stockholders for the year 2001, including financial statements, has been sent simultaneously with this Proxy Statement or has been previously provided to all stockholders entitled to vote at the Annual Meeting.

STOCKHOLDERS SHARING THE SAME ADDRESS

In accordance with notices previously sent to many stockholders who hold their shares through a bank, broker or other holder of record (a "street-name stockholder") and share a single address, only one annual report and proxy statement is being delivered to that address unless contrary instructions from any stockholder at that address were received. This practice, known as "householding," is intended to reduce the Company's printing and postage costs. However, any such street-name stockholder residing at the same address who wishes to receive a separate copy of this Proxy Statement or accompanying Annual Report to Stockholders may request a copy by contacting the bank, broker or other holder of record, or the Company by telephone at: 1-866-INFO-AOL, by e-mail to: aoltimewarnerir@aol.com or by mail to: AOL Time Warner Inc., 75 Rockefeller Plaza, New York, New York 10019, Attention: Investor Relations. The voting instruction sent to a street-name stockholder should provide information on how to request (1) householding of future Company materials or (2) separate materials if only one set of documents is being sent to a

Edgar Filing: AOL TIME WARNER INC - Form DEF 14A

2

household. If it does not, a stockholder who would like to make one of these requests should contact the Company as indicated above.

RECOMMENDATIONS OF THE BOARD OF DIRECTORS

The Board of Directors recommends a vote FOR the election of the nominees for election as directors; FOR approval of the appointment of Ernst & Young LLP as independent auditors of the Company for 2002; and AGAINST the stockholder proposal described in this Proxy Statement.

CORPORATE GOVERNANCE

ELECTION OF DIRECTORS

The nominees for director at the Annual Meeting will be elected to serve for a one-year term until the next annual meeting of stockholders and until their successors have been duly elected and qualified or until their earlier death, resignation or retirement. Each of the nominees is currently a director of the Company, having been elected by the stockholders at the Company's 2001 Annual Meeting of Stockholders, which was the first meeting of its stockholders after the completion of the merger (the "AOL-TW Merger") of America Online, Inc. ("America Online") and Time Warner Inc. ("Time Warner") on January 11, 2001 (the "Merger Date"). Gerald M. Levin will not stand for reelection at the Annual Meeting and will retire from the Board of Directors at the Annual Meeting, at which time the number of directors constituting the Board of Directors will be reduced to 15.

The Company believes that, in the best interest of its stockholders, a majority of the members of its Board of Directors should, in the Board's judgment, be classified as "independent" pursuant to the Company's By-laws, which generally require the absence of any direct or indirect material economic relationship with the Company other than as a result of customary directors' compensation or stock ownership (such directors, the "Independent Directors" and all other directors, the "Affiliated Directors"). Under the Company's By-laws, when the Board sets the slate of director nominees for election at an annual meeting of stockholders, it must determine that a majority of its members will be Independent Directors, assuming the election of such slate. Assuming the election of these nominees, of the 15 directors, the Board of Directors has determined that 9 will be Independent Directors and 6 will be Affiliated Directors. The Company also has a policy limiting the eligibility for nomination by the Board of Directors as a director to those under 72 years old.

The persons named in the enclosed proxy intend to vote such proxy for the election of each of the 15 nominees named below, unless the stockholder indicates on the proxy that the vote should be withheld from any or all of the nominees.

The Company expects each nominee for election as a director at the Annual Meeting to be able to accept such nomination. If any nominee is unable to accept such nomination, proxies will be voted in favor of the remainder of those nominated and may be voted for substitute nominees.

Set forth below is the principal occupation of, and certain other information regarding, the 15 nominees.

COMMITTEES OF THE BOARD OF DIRECTORS

The Company's By-laws currently establish four principal standing committees of the Board of Directors. During 2001, the Board of Directors met nine times, and no incumbent director attended fewer than 75% of the total number of meetings of the Board of Directors and the committees of which he or she was a member.

The current members and functions of the Board's principal committees are as follows:

Audit and Finance Committee. The Audit and Finance Committee is composed entirely of Independent Directors, who are also "independent" directors under the rules of the New York Stock Exchange. Its members are Messrs. Akerson, Bollenbach (Chair), Raines and Vincent. The authority of the Audit and Finance Committee, which met four times during 2001, is set forth in more detail in its Charter, which is reviewed annually and was included with the Company's 2001 proxy statement. The Committee's authority includes the review of (i) the professional services provided by, independence and qualifications of the Company's independent auditors; (ii) material changes in accounting policies and financial reporting practices and material developments in financial reporting standards in consultation with the independent auditors and management; (iii) the plan and scope of the annual external audit as recommended by the independent auditors; (iv) the adequacy of the Company's internal accounting controls and the results of material internal audits in consultation with the independent auditors and the Company's chief internal auditor; (v) the Company's financial statements and the results of each external audit in consultation with management and the independent auditors; (vi) the auditing and accounting principles and practices to be used in the preparation of the Company's financial statements in consultation with the Company's independent auditors and the Company's principal financial officer and principal accounting officer; and (vii) the financial structure, condition and strategy of the Company, including making recommendations with respect thereto and approving such matters that are consistent with the general financial policies and direction from time to time determined by the Board of Directors. The Audit and Finance Committee also oversees the Company's compliance program. See "Report of the Audit and Finance Committee."

Compensation Committee. The Compensation Committee is composed entirely of Independent Directors. Its members are Messrs. Barksdale, Caufield (Chair), Mark and Miles. The Compensation Committee, which met four times during 2001, has authority, as delegated by the Board of Directors, to review and approve the Company's employee benefit plans and administer its executive compensation plans. A subcommittee of the Compensation Committee that excludes Mr. Barksdale due to his prior service with a company that became a subsidiary of the Company was also created with authority over limited executive compensation matters, as required by Section 162(m) under the Internal Revenue Code. The Compensation Committee, or a subcommittee

9

thereof, approves the salaries and incentive compensation (including the grant of stock options) and employment arrangements of the executive officers of the

Edgar Filing: AOL TIME WARNER INC - Form DEF 14A

Company. See "Compensation Committee Report on Compensation of Executive Officers of the Company."

Nominating and Governance Committee. The Nominating and Governance Committee is composed of a majority of Independent Directors. Its members are Messrs. Caufield and Gilburne, Ambassador Hills and Mr. Vincent (Chair). The Nominating and Governance Committee, which met four times during 2001, has authority (i) to review the size, composition, individual performance and level of compensation of the Board of Directors and to recommend changes thereto; (ii) to evaluate and recommend candidates for Chief Executive Officer and for election as directors; (iii) to assess the performance of the Board of Directors; and (iv) to review the Company's corporate governance profile. Nominees to the Board of Directors are selected on the basis of recognized achievements and their ability to bring various skills, experience and diverse perspectives to the deliberations of the Board of Directors. In carrying out its responsibilities, the Nominating and Governance Committee will consider candidates recommended by other directors, employees and stockholders. Written suggestions for nominees should be sent to the Secretary of the Company.

The Company's By-laws provide that any stockholder of record who is entitled to vote for the election of directors may nominate persons for election as directors only if timely written notice in proper form of the intent to make a nomination at a meeting of stockholders is received by the Secretary of AOL Time Warner at 75 Rockefeller Plaza, New York, NY 10019. To be timely and in proper form under the By-laws, the notice generally must be delivered not less than 90 nor more than 120 days prior to the date of the meeting at which directors are to be elected and must contain prescribed information about the proponent and each nominee, including such information about each nominee as would have been required to be included in a proxy statement filed pursuant to the rules of the Securities and Exchange Commission had such nominee been nominated by the Board of Directors.

Values and Human Development Committee. The members of the Values and Human Development Committee are Messrs. Barksdale, Case (Chair), Mark and Parsons. The Committee, which met four times during 2001, has the authority to provide guidance and oversight to the Company's management in its (i) development and articulation of the Company's core values, commitments and social responsibilities; (ii) development of strategies for ensuring the Company's involvement in the communities in which it does business; (iii) establishment of a strategy for developing the Company's human resources and leadership for the future; (iv) efforts to find practical ways to increase workforce diversity; and (v) monitoring and measuring the Company's performance in advancing these goals.

DIRECTOR COMPENSATION

The Company's directors are eligible to participate in the AOL Time Warner Inc. 1999 Stock Plan (the "AOLTW 1999 Plan") which provides for initial and annual awards of stock options to compensate the Company's non-employee directors. Beginning in 2002, the AOLTW 1999 Plan provides for an annual grant of options to purchase 40,000 shares of Common Stock on the date following each annual meeting of stockholders of the Company to each non-employee director (who has served for at least six months as a director) after giving effect to the election of directors at such annual meeting. Pursuant to the AOLTW 1999 Plan, each new non-employee director will receive an initial grant of options to purchase 40,000 shares of Common Stock (or such higher number of options as is determined by the Compensation Committee for recruitment purposes) upon first being elected or appointed to the Board of Directors. All of such options will have an exercise price equal to the fair market value of the Common Stock on the date of grant, will have a term of ten

Edgar Filing: AOL TIME WARNER INC - Form DEF 14A

years and will vest in installments of 25% over a four-year period and immediately if the director does not stand for re-election or is not re-elected, unless the Board determines otherwise. No additional compensation is paid for service as a committee chair or member or for attendance at special meetings of the Board or a Board committee. Non-employee directors are reimbursed for expenses incurred in attending Board and committee meetings, including those for travel, food and lodging. REPORT OF THE AUDIT AND FINANCE COMMITTEE

In accordance with a written charter adopted by the Company's Board of Directors, the Audit and Finance Committee of the Company's Board of Directors (the "Committee") assists the Board of Directors in fulfilling its responsibility for oversight of the quality and integrity of the Company's financial reporting processes. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and for issuing a report thereon.

In this context, the Committee has met and held discussions with management and the independent auditors. Management represented to the Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. The Committee discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees), as amended, including the quality and acceptability of the Company's financial reporting process and controls.

The Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee meets regularly with the internal and independent auditors, with and without management present, to discuss the results of their examinations, the evaluations of the Company's internal controls and the overall quality of the Company's accounting principles.

In addition, the Committee has discussed with the independent auditors the auditors' independence from the Company and its management, including the matters in the written disclosures required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and also considered whether the provision of the non-audit related services included below under "Fees of Accountants" is compatible with maintaining their independence.

Since 1997, Ernst & Young LLP has provided services related to the outsourcing of a portion of the Company's internal audit activities. The Company and Ernst & Young LLP have agreed to terminate these services. This termination will occur after an orderly transition period. The transition is expected to be substantially completed by the end of 2002 and ended by mid-2003. In addition, during 2001, Ernst & Young LLP did not provide any services to the Company related to financial information systems design and implementation.

In reliance on the reviews and discussions referred to in this Report and in light of its role and responsibilities, the Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements of the Company for the three years ended December 31, 2001 be included for filing with the Securities and Exchange Commission in the Company's Annual Report on Form 10-K for the year ended December 31, 2001. EXECUTIVE COMPENSATION

COMPENSATION COMMITTEE REPORT ON COMPENSATION OF EXECUTIVE OFFICERS OF THE COMPANY

The Compensation Committee of the Board of Directors furnished the following report on executive compensation.

At the time of the AOL-TW Merger, management, with the assistance of a leading outside compensation consultant, developed recommendations regarding the design of executive compensation programs. Following modifications suggested by the Compensation Committee, the Compensation Committee approved a risk-reward philosophy, and then approved total compensation levels, structure and design for the Company's executive officers.

Compensation Philosophy

In developing the compensation philosophy for the newly combined Company, the Compensation Committee recognized the critical nature of the Company's compensation practices in retaining and recruiting key executive talent as well as providing those executives strong incentives to focus on and achieve the Company's business objectives. Each of America Online's and Time Warner's executive compensation programs shared these goals. Each of these programs included as key elements stock options, to provide substantial long-term financial reward to an executive only if the stockholders also realize long-term stock price appreciation, and an annual performance-based bonus. The Compensation Committee believes that the higher the level of an executive's responsibilities, the larger the stock-based component of his compensation should be, and that compensation based on stock price performance should be paid via stock-based compensation. The Committee, therefore, decided to emphasize long-term, equity-based incentives in the form of stock options, more than annual cash bonuses, to link compensation to improvements in financial and operational performance reflected in stock-price performance.

Edgar Filing: AOL TIME WARNER INC - Form DEF 14A

Consistent with this approach, the Compensation Committee structured the compensation mix for the six executive officers named in the Summary Compensation Table below (the "named

15

executive officers"), including the Chief Executive Officer, to reduce significantly their cash compensation and to substitute therefor a substantially enhanced stock option award, as discussed in more detail below. In addition, the Compensation Committee rationalized the cash and equity components of the compensation of the other executive officers.

The Compensation Committee believes the Company's size, success and high profile have made its employees and executives targets for competitors seeking to recruit talented employees. Consequently, the Compensation Committee has concluded that the Company must actively manage compensation levels to ensure they are fully competitive and capable of retaining top performers over the long term. The Compensation Committee, with the assistance of its outside compensation consultant, reviewed total compensation levels and compensation packages awarded to similarly situated executives. The Compensation Committee also believes that the Company's most direct competitors for executive talent are composed of large capitalization and new technology companies that constitute a broader range of companies than those with which the Company might be compared for stock performance purposes. Thus, the compensation comparison group included companies beyond those included in the Company's peer group index that appears in this Proxy Statement. As a result of the competitive reviews and compensation actions, the Committee believes that the base salary, total cash compensation and stock appreciation opportunities for the Company's executive officers should be in the upper quartile of its comparison group and that such opportunities for its senior management, as well as those of the broad employee population, are consistent with competitive market levels and the Company's broader objectives.

2001 Compensation of the Named Executive Officers, including the Chief Executive Officer

Consistent with the Company's newly established compensation philosophy discussed above, for 2001, each of Mr. Levin (the Chief Executive Officer) and the other named executive officers received (1) the same annual salary of \$1 million, (2) stock options in lieu of a cash bonus and (3) a stock option award that was intended to cover 2001 and 2002. As a result of this structure, all of the performance-based compensation for these executive officers is solely dependent on future stock performance, not on other qualitative and quantitative performance measures. In addition, to ensure that such executives would not experience any gain on a portion of the award until stockholders experience significant stock price appreciation, the exercise price of half of the stock option award substantially exceeds the fair market value of the Common Stock on the date of grant. Of the total stock options covered by these awards, 25% have an option exercise price equal to 125% of the fair market value of the Common Stock on the date of grant and were awarded in lieu of a 2001 cash bonus and 25% have an option exercise price equal to 150% of such fair market value.

2001 Compensation of Executive Officers other than the Named Executive Officers

During 2001, the Compensation Committee also reviewed the total compensation provided by salary, cash bonus and stock options to each executive officer who is not a named executive officer. As part of this review, and consistent with its retention goal during 2001, these executive officers entered into multi-year employment agreements with the Company that provide for a minimum, contractually specified annual salary, an annual bonus and eligibility

Edgar Filing: AOL TIME WARNER INC - Form DEF 14A

for stock option awards, which, as potentially the largest compensatory element of compensation, are generally subject to the discretion of the Compensation Committee, or a subcommittee thereof.

Salary. In establishing appropriately competitive salary levels, the Committee considered the officer's impact level, scope of responsibility, prior experience, past accomplishments and data on prevailing compensation levels in relevant executive labor markets. Based on the findings, the Compensation Committee approved salaries for these executive officers, which, in conjunction with

16

cash bonus awards discussed below, maintained total cash compensation levels in line with competitive levels.

Stock Option Awards. During 2001, each of the Company's executive officers was also awarded stock options. These awards were made after a review of their option holdings and the option awards made to other executives at the Company and in the comparison groups. In addition, to further the goals of creating a sense of common purpose throughout the newly-formed Company by giving employees a stake in the Company's success, stock option awards were made to substantially all employees of the Company in 2001.

Bonus Determinations. The Chief Executive Officer reviewed with the Compensation Committee the 2001 performance of the Company's executive officers other than the named executive officers and his recommendations of their annual cash bonuses. The Compensation Committee considered a variety of factors in making the bonus compensation decisions, and no specific weighting was assigned to any one of those factors. During 2001, the Company focused its attention on immediately operating successfully as a combined and integrated company with strong momentum and a strategic implementation plan established prior to the completion of the AOL-TW Merger. It also worked toward achieving its financial and strategic goals under challenging economic conditions, including a weakening advertising market. In light of these difficult conditions, the Company achieved comparatively strong results as against those of its peers. The bonus payments also reflected individual qualitative executive contributions based upon the level of the executive's responsibilities, the efficiency and effectiveness with which he or she oversaw the matters under his or her supervision and the degree to which he or she contributed to the accomplishment of the Company's goals. The Company's senior management were awarded 2001 annual cash bonuses generally somewhat below target amounts, primarily reflecting the Company's accomplishments during 2001 and overall and relative financial performance.

Section 162(m) Considerations

The Company expects that the salary and bonus compensation paid to executive officers will qualify for income tax deductibility under Section 162(m) of the Internal Revenue Code. In addition, the Company has adopted a general policy of awarding stock options to its executive officers only pursuant to plans that the Company believes will satisfy the requirements of Section 162(m). In 2001, the Company did not pay its executive officers compensation that would not be deductible as a result of the Section 162(m) deductibility limit except to the extent that the compensation of the named executive officers that exceeds \$1 million is not performance-based.

EXECUTIVE COMPENSATION SUMMARY TABLE

The following table presents information concerning total compensation paid to the Chief Executive Officer and each of the five most highly compensated executive officers of the Company who served in such capacities on December 31, 2001 (collectively, the "named executive officers"). Prior to the Merger Date, the Company's executive officers functioned as executive officers of, and were compensated by, America Online or Time Warner, as the case may be. Prior to the AOL-TW Merger, America Online's fiscal year ended on June 30. In connection with the AOL-TW Merger, America Online changed its fiscal year to a calendar year. As a result, the compensation shown for Messrs. Case, Pittman and Novack prior to 2001 is that paid with respect to America Online's prior two fiscal years and the last six months of 2000 (the "Transition Period"). All information related to common stock has been adjusted to reflect the exchange ratios of common stock of Time Warner and America Online for Company Common Stock in the AOL-TW Merger and the Company's assumption of the relevant America Online and Time Warner stock-based benefit plans on the Merger Date.

Levin, Turner and Parsons and paid the following amounts allocated to the term portion of the split-dollar coverage for 2001: Mr. Levin, \$22,790; Mr. Turner, \$21,420; and Mr. Parsons, \$4,787. It is anticipated that the Company will recover the net after-tax cost of the premiums on these policies or the cash surrender value thereof. In addition, during 2001, the Company maintained a life insurance policy for Mr. Pittman to insure him against the loss of certain stock option benefits in the event that he died prior to the full vesting of such options on the first anniversary of the Merger Date. The Company paid a premium of \$502,486 for such policy and reimbursed Mr. Pittman for the payment of taxes related thereto, which amount is included under "Other Annual Compensation." For a description of life insurance coverage for certain executive officers provided pursuant to the terms of their employment agreements, see "Employment Arrangements."

- (1) Options for executive officers have been awarded pursuant to plans approved by the stockholders. The terms are governed by the plans and the recipient's option agreement. The option exercise price is the fair market value of the Common Stock on the date of grant except that one quarter of each of the total awards has an exercise price 25% above the fair market value of the Common Stock on the date of grant and one quarter has an exercise price 50% above such fair market value. The options shown in the table become exercisable in installments of 25% on the first four anniversaries of the date of grant, subject to acceleration upon the occurrence of certain events. Payment of the exercise price of an option may be made in cash and/or full shares of Common Stock already owned by the holder of the option. The payment of withholding taxes due upon exercise of an option may generally be made in cash and/or full shares of Common Stock.
- (2) These amounts represent the estimated present value of stock options at January 18, 2001, the date of grant, calculated using the Black-Scholes option pricing model, based upon the following assumptions used in developing the grant valuations: an expected volatility of 59.3% based on the historical volatility of America Online and Time Warner common stock adjusted for the anticipated impact of the AOL-TW Merger; an expected term to exercise of three years; a risk-free rate of return of 4.80%; and a dividend yield of 0%. The actual value of the options, if any, realized by an officer will depend on the extent to which the market value of the Common Stock exceeds the exercise price of the option on the

20

date the option is exercised. Consequently, there is no assurance that the value realized by an officer will be at or near the value estimated above. These amounts should not be used to predict stock performance.

OPTION EXERCISES AND VALUES IN 2001

The following table sets forth as to each of the named executive officers information on option exercises during 2001 and the status of his options on December 31, 2001: (i) the number of shares of Common Stock underlying options exercised during 2001; (ii) the aggregate dollar value realized upon exercise of such options; (iii) the total number of shares of Common Stock underlying exercisable and nonexercisable stock options held on December 31, 2001; and (iv) the aggregate dollar value of in-the-money exercisable and nonexercisable stock options on December 31, 2001. The number of shares covered and the option exercise prices have been adjusted to reflect the exchange ratios of common stock of America Online and Time Warner for Company Common Stock on the Merger Date and the Company's assumption on the Merger Date of the option plans and agreements under which the options were awarded.

* Calculated using the fair market value of \$32.60 per share of Common Stock on December 31, 2001 minus the option exercise price.

- (1) Includes 655,812 exercisable options that Mr. Novack transferred to grantor retained annuity trusts for the benefit of members of his family. At December 31, 2001, these options had a value of \$13,894,147.
- (2) Includes 2,297,255 exercisable options that Mr. Pittman transferred to a family-owned limited partnership. At December 31, 2001, these options had a value of \$71,309,343.
- (3) All options awarded prior to 2000 held by Messrs. Levin, Turner and Parsons became immediately exercisable in full upon the approval by Time Warner's board of directors of the AOL-TW Merger on January 9, 2000. All options awarded prior to 2000 held by Messrs. Case and Novack became immediately exercisable in full on the Merger Date and all such options held by Mr. Pittman became immediately exercisable on the first anniversary of the Merger Date.

The option exercise price of all the options held by the named executive officers is the fair market value of the Common Stock on the date of grant except for (1) half of the regular annual options awarded to Messrs. Levin, Turner and Parsons in 1996 through 2000, half of the options awarded to each of the named executive officers in 2001 (see "Stock Option Grants in 2001") and 1,500,000 of Mr. Levin's options awarded in 1993, half of which have an exercise price 25% above the fair market value of the common stock on the date of grant and the other half of which have an

exercise price 50% above such fair market value and (2) options awarded to Messrs. Case and Pittman in 1997 which have an exercise price 30% above the fair market value of the common stock on the date of grant. All such nonqualified options permit a portion of each award to be transferred by gift directly or indirectly to members of the holder's immediate family. The stock option agreements may permit optionees to defer receipt of the shares of Common Stock receivable upon exercise of options governed by such stock option agreements to a future date elected by the optionee, thereby deferring the recognition of income by the optionee (and the Company's tax deduction) until such future date. During the deferral period, the shares are not outstanding, do not vote and do not pay dividends; however, the Company has agreed to pay the optionee dividend equivalents during the deferral period, to the extent dividends are paid.

Edgar Filing: AOL TIME WARNER INC - Form DEF 14A

The options held by the named executive officers remain exercisable for three months to three years in the event their employment is terminated without cause or as a result of the Company's breach of an employment agreement. For some executive officers, some of their options remain exercisable for the full term of the options if their employment is terminated for any reason other than for cause, including death. Otherwise, options may generally be exercised for one or three years after death or total disability (depending on their date of grant) and some options may be exercised for five years after retirement. All options terminate either immediately or one month after the holder's employment is terminated for cause. The terms of the options shown in the chart are generally ten years, although 960,000 options held by Mr. Levin have a term of 15 years from the date of their award in 1989.

EMPLOYMENT ARRANGEMENTS

The Company is a party to employment agreements with Messrs. Levin, Novack, Turner, Parsons and Pittman. The expiration dates of these agreements are: Mr. Levin -- December 31, 2005; Mr. Novack -- December 31, 2003; Mr. Turner -- December 31, 2003; and Mr. Parsons -- January 31, 2005. Mr. Pittman's agreement does not have a fixed term. Mr. Levin has announced his intention to step down as Chief Executive Officer of the Company effective immediately following the Annual Meeting and thereafter, consistent with the terms of his agreement, serve as an advisor to the Company through the end of the agreement term.

Among other things, the agreements with Messrs. Levin, Novack, Turner and Parsons each provide for a fixed term of employment in a specified executive post; minimum annual salary of \$1 million and participation in Company stock option and other compensation and benefit plans, including \$50,000 of group term life insurance. These agreements do not provide for the payment of an annual cash bonus. In addition, the agreements with Messrs. Levin, Turner and Parsons provide for (1) life insurance benefits in the amount of \$6 million, \$6 million and \$5 million, respectively, to be provided by split dollar policies for the life of the executive under which the Company recovers an amount equal to the net after-tax cost of the premiums paid by the Company or the policies' cash surrender value and (2) a cash payment equal to twice the premium for coverage under the Company's Group Universal Life ("GUL") insurance program in an amount equal to twice the executive's salary, minus \$50,000. Mr. Novack's agreement provides for a cash payment equal to two times the premium for \$4 million of GUL insurance coverage made available by the Company.

The agreements with Messrs. Levin, Novack and Parsons include a narrow definition of the "cause" for which an executive's employment may be terminated and in that event, the executive will only receive earned and unpaid base salary accrued through such date of termination.

These agreements provide that in the event of the Company's material breach or termination of the executive's employment during the term of employment without cause, the executive will be

22

entitled to elect either (a) to receive a lump-sum payment equal to the present value of the compensation otherwise payable during the remaining portion of the executive's term of employment or (b) to remain an employee of the Company through the end of such period and, without having to perform any services, receive such compensation as if there had been no breach or termination. These executives are not required to mitigate damages after such a termination, other than as necessary to prevent the Company from losing any tax deductions to which it otherwise would have been entitled for any payments deemed to be "contingent on a change" of control under the Internal Revenue Code.

Edgar Filing: AOL TIME WARNER INC - Form DEF 14A

If Mr. Levin, Novack or Parsons should become disabled during the term of his employment agreement, the executive will receive full salary for six months and then 75% thereof through the end of the employment term. Any such payments will be reduced by amounts received from Worker's Compensation, Social Security and disability insurance policies maintained by the Company.

If an executive dies during the term of an employment agreement, the executive's beneficiaries will receive the executive's earned and unpaid salary to the last day of the month in which the death occurs.

In October 1996, America Online entered into an employment agreement with Mr. Pittman which does not have a fixed term and which the Company has assumed. In the event Mr. Pittman's employment agreement is terminated by him for a good reason or by the Company other than for cause or as a result of a permanent and total disability, he will become a consultant of the Company for a term of two years, subject to the terms and conditions of a consulting agreement. In the Company's discretion, Mr. Pittman will become a consultant of the Company for two years if the Company terminates his employment or if he terminates his employment for other than a good reason. Mr. Pittman is subject to the terms of a confidentiality/non-competition/proprietary rights agreement that remains in effect for the term of the consulting agreement.

Mr. Levin's agreement allows him, effective on or after May 1, 2002 and with not less than five months' prior notice to the Company, to terminate his position as Chief Executive Officer and become an advisor to the Company through December 31, 2005. His advisory compensation will be equal to his annual salary. Mr. Levin has delivered this notice to the Company. Mr. Parsons' agreement allows him, effective on or after January 1, 2002 and with not less than six months' prior notice to the Company, to terminate his executive position and become an advisor to the Company for the remainder of the agreement term. In that case his advisory compensation would be equal to \$500,000 per year.

Pursuant to the terms of their employment agreements, so long as each of Messrs. Turner and Parsons is employed by the Company, the Company has agreed to include him in management's slate for election as a director and to use its best efforts to cause his election. In addition, prior to 2001, pursuant to their employment agreements then in place, Time Warner made contributions for each of Messrs. Levin, Turner and Parsons to separate non-current compensation accounts in a grantor trust or under its deferred compensation plan. Effective beginning January 2001, the Company terminated these contributions, but existing accounts will continue to be invested and paid out following termination of employment in accordance with their terms.

TIME WARNER PENSION PLAN-AOLTW

The Time Warner Employees' Pension Plan, as amended (the "Old Pension Plan"), which provides benefits to eligible employees, including officers, of the Company and certain of its subsidiaries, was amended effective as of January 1, 2000, as described below, and was renamed and

assumed by the Company in connection with the AOL-TW Merger (the "Amended Pension Plan" and, together with the Old Pension Plan, the "Pension Plans"). New employees of the Company hired on and after January 1, 2001, or employees transferring on or after that date from a division of the Company without a pension plan, will not be eligible to participate in the Pension Plans. As a result, Messrs. Case, Novack and Pittman, and other employees who were employees of America Online, are not eligible to earn benefits under the Pension Plans. Because of certain grandfathering provisions, the benefit of participants with a

Edgar Filing: AOL TIME WARNER INC - Form DEF 14A

minimum of ten years of benefit service whose age and years of benefit service equal or exceed 65 years as of January 1, 2000, including Mr. Levin, will be determined under either the provisions of the Old Pension Plan or the Amended Pension Plan, whichever produces the greater benefit. Directors who are not also employees of the Company are not eligible to participate in the Pension Plans.

Under the Old Pension Plan, a participant accrues benefits on the basis of $1\frac{2}{3}\%$ of the average annual compensation (defined as the highest average annual compensation for any five consecutive full and partial calendar years of employment, which includes regular salary, overtime and shift differential payments, and non-deferred bonuses paid according to a regular program) for each year of service up to 30 years and $1\frac{1}{2}\%$ for each year of service over 30. Compensation for purposes of calculating average annual compensation under the Pension Plans is limited to \$200,000 per year for 1988 through 1993, \$150,000 per year for 1994 through 2001 and \$200,000 per year for 2002 and thereafter (each subject to adjustments provided in the Internal Revenue Code of 1986, as amended). Eligible employees become vested in all benefits under the Pension Plans on the earlier of five years of service or certain other events.

Under the Amended Pension Plan, a participant accrues benefits equal to the sum of 1.25% of a participant's average annual compensation not in excess of his covered compensation up to the applicable average Social Security wage base and 1.67% of his average annual compensation in excess of such covered compensation multiplied by his years of benefit service (not in excess of 30).

Under the Old Pension Plan, employees who are at least 60 years old and have completed at least ten years of service may elect early retirement and receive the full amount of their annual pension ("early retirement"). An early retirement supplement is payable to an employee terminating employment at age 55 and before age 60, after 20 years of service, equal to the actuarial equivalent of such person's accrued benefit, or, if greater, an annual amount equal to the lesser of 35% of such person's average compensation determined under the Old Pension Plan or such person's accrued benefit at age 60 plus Social Security benefits at age 65. The supplement ceases when the regular pension commences at age 60. Under the Amended Pension Plan, employees who are at least 62 years old and have completed at least ten years of service may elect early retirement and receive the full amount of their annual pension.

Annual pension benefits under the Old Pension Plan are reduced by a Social Security offset determined by a formula that takes into account benefit service up to 35 years, covered compensation up to the average Social Security wage base and a disparity factor based on the age at which Social Security benefits are payable (the "Social Security Offset"). Under both of the Pension Plans, the pension benefit of participants on December 31, 1977 in the former Time Employees' Profit-Sharing Savings Plan (the "Profit Sharing Plan") is further reduced by a fixed amount attributable to a portion of the employer contributions and investment earnings credited to such employees' account balances in the Profit Sharing Plan as of such date (the "Profit Sharing Plan Offset").

Federal law limits both the amount of compensation that is eligible for the calculation of benefits and the amount of benefits derived from employer contributions that may be paid to

participants under both of the Pension Plans. However, as permitted by the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), Time Warner adopted the Time Warner Excess Benefit Pension Plan (the "Excess Plan"). The Excess Plan was frozen for employees of the Company, as described below, effective December 31, 2000. The Excess Plan provides for payments by the

Edgar Filing: AOL TIME WARNER INC - Form DEF 14A

Company of certain amounts which employees of the Company would have received under the Pension Plans if eligible compensation were limited to \$250,000 in 1994 (increased 5% per year thereafter) and there were no payment restrictions. For purposes of the Excess Plan, the \$200,000 limit (as indexed for years after 1989) on eligible compensation will only apply to compensation received in 1988 through 1993; the \$250,000 limit (as adjusted) will apply to compensation received in 1994 through 2000. Even though the benefit payable was frozen, no employee will receive less than the total accrued benefit under the Pension Plans and the Excess Plan as of December 31, 2000. However, going forward, the total benefit will not increase until such time as the benefit payable under the Pension Plans exceeds the total benefit accrued as of December 31, 2000 under the Pension Plans and the Excess Plan.

The following table shows the estimated annual pension payable upon retirement to employees in specified remuneration and years-of-service classifications under the Amended Pension Plan whose total benefit accrued as of December 31, 2000 under the Pension Plans and the Excess Plan exceeds the benefit payable under the Pension Plans. The amount of the estimated annual pension is based upon a pension formula which applies to all participants in both the Amended Pension Plan and the Excess Plan. The amounts shown in the table do not reflect the effect of the previously-described (1) Profit Sharing Plan Offset or (2) early retirement supplements. The estimated amounts are based on the assumption that payments under the Amended Pension Plan will commence upon normal retirement (generally age 65) or early retirement, that the Amended Pension Plan will continue in force in its present form and that no joint and survivor annuity will be payable (which would on an actuarial basis reduce benefits to the employee but provide benefits to a surviving beneficiary). Amounts calculated under the pension formula which exceed ERISA limits will be paid under the Excess Plan from the Company's assets and are included in the amounts shown in the following table.

HIGHEST CONSECUTIVE FIVE YEAR AVERAGE COMPENSATION	ESTIMATED ANNUAL PENSION FOR YEARS OF BENEFIT SERVICE				
	10	15	20	25	30
\$200,000.....	\$ 31,870	\$ 47,800	\$ 63,740	\$ 79,670	\$ 95,610
400,000.....	65,200	97,800	130,410	163,010	195,610
600,000.....	98,530	147,800	197,070	246,340	295,610
800,000.....	131,870	197,810	263,740	329,680	395,620

The amount of covered compensation that would be considered in the determination of the highest five consecutive full or partial years of compensation under the Pension Plans and the Excess Plan for each of Messrs. Levin, Turner and Parsons is limited as a result of the imposition of the limitations on eligible compensation. However, because combined payments under the Pension Plans and the Excess Plan are based on the highest average annual compensation for any five consecutive full or partial calendar years of employment (taking into account the compensation limits only for 1988 and thereafter), the compensation used for determining benefits under such Plans for Mr. Levin (and employees who participated in the Pension Plan prior to 1988) will include eligible compensation in years prior to 1988 which exceeded these limits. Because the total benefits accrued under the Pension Plans and the Excess Plan for Messrs. Levin, Turner and Parsons as of December 31, 2000, the date the Excess Plan was frozen, exceed the current benefits payable under the Pension Plans, their total accrued benefits have not changed since December 31, 2000. Thus, the

Edgar Filing: AOL TIME WARNER INC - Form DEF 14A

estimated annual benefits payable under the Amended Pension Plan and the Excess Plan, as of February 1, 2002, are unchanged from those determined as of December 31, 2000 and would be based on average compensation of \$729,248 for Mr. Levin; \$311,844 for Mr. Turner; and \$304,600 for Mr. Parsons; with 28.6, 4.3 and 6.0 years of credited benefit service, respectively. In addition, pursuant to his employment agreement, Mr. Parsons will be entitled to receive supplemental payments from the Company that will achieve a total retirement benefit equal to what he would have received if he had five additional years of benefit service under the Amended Pension Plan. As stated above, Messrs. Case, Novack and Pittman are not eligible to participate in the Pension Plans. However, as a result of Mr. Pittman's previous employment by Time Warner, at age 65, he is entitled to start receiving an annual benefit of \$21,978 under the Amended Pension Plan and the Excess Plan. The estimated annual pension payable to Mr. Levin under the Old Pension Plan and the Excess Plan upon his retirement based on the indicated remuneration and years of service would be \$337,889, without reflecting the effect of the previously-described Social Security or Profit Sharing Plan Offsets.

COMPARISONS OF CUMULATIVE TOTAL RETURNS

The chart below compares the performance of the Company's Common Stock with the performance of the S&P 500 Index and a peer group index (the "Peer Group Index") by measuring the changes in common stock prices from January 12, 2001, the first day of trading of the Company's Common Stock after the Merger Date, plus reinvested dividends and distributions through 2001. Pursuant to the SEC's rules, the Company created a peer group index with which to compare its own stock performance since a relevant published industry or line-of-business index does not exist. The Company has selected a grouping of companies that have lines of business similar to its own. Because of the Company's involvement in a broad mix of several major media, Internet and entertainment businesses and the fact that no other public companies are engaged in all of these businesses, no grouping could closely mirror the Company's businesses or weight those businesses to match the relative contributions of each of the Company's business units to the Company's performance. All of the companies included in the Peer Group Index are engaged in only some of the businesses in which the Company is engaged and some are also engaged in businesses in which the Company does not participate. The common stocks of the following companies have been included in the Peer Group Index: Comcast Corporation, Cox Communications, Inc., The McGraw-Hill Companies, Inc., The News Corporation Limited, Viacom Inc., The Walt Disney Company and Yahoo! Inc. The chart assumes \$100 was invested on January 12, 2001 in each of the Company's Common Stock, the S&P 500 Index and the Peer Group Index and

reflects reinvestment of dividends and distributions on a monthly basis and quarterly market capitalization weighting. The Company did not pay dividends during the period indicated.

ADDITIONAL INFORMATION

A company wholly owned by Mr. Turner is reimbursed by TBS for Mr. Turner's business use of a plane owned and operated by such company. During 2001, TBS reimbursed such company for an aggregate of \$396,867 relating to Mr. Turner's business use of such plane during 2000 and 2001. In addition, during 2001, entities wholly owned by Mr. Turner ("TTFP") acquired certain literary/production and intellectual property rights to prospective film projects from subsidiaries of the Company that were no longer interested in pursuing those projects and paid such subsidiaries approximately \$350,000, representing the costs they had incurred in connection with acquiring and developing the property rights. In connection with the transaction, TTFP also entered into arrangements with other subsidiaries of the Company relating to the distribution of these projects upon their completion. Mr. Novack was Of Counsel to the law firm of Mintz, Levin, Cohn, Ferris, Glovsky and Popeo, PC through March 2001. Mintz Levin was retained by the Company during fiscal year 2001. During 2001, Kenneth Lerer, an Executive Vice President of the Company, received a payment from a third party in connection with the sale in 2000 of Robinson, Lerer & Montgomery, LLC ("RLM"), a corporate communications and consulting firm of which he was a founder and President prior to his employment by the Company and which has been and continues to be engaged to provide services to the Company. Pursuant to the sale agreement, Mr. Lerer will continue to receive annual payments through 2005 based on RLM's financial results.

APPROVAL OF APPOINTMENT OF INDEPENDENT AUDITORS

The Board of Directors has appointed Ernst & Young LLP as independent auditors of the Company to audit its consolidated financial statements for 2002 and has determined that it would be desirable to request that the stockholders approve such appointment.

Ernst & Young LLP has served the Company as independent auditors for 2001 and both America Online and Time Warner and their subsidiaries as independent auditors for many years prior to that. Representatives of Ernst & Young LLP will be present at the Annual Meeting with the opportunity to make a statement if they desire to do so and to respond to appropriate questions from stockholders.

VOTE REQUIRED FOR APPROVAL

Stockholder approval is not required for the appointment of Ernst & Young LLP, since the Board of Directors has the responsibility for selecting auditors. However, the appointment is being submitted for approval at the Annual Meeting. No determination has been made as to what action the Board of Directors would take if stockholders do not approve the appointment.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE APPOINTMENT OF ERNST & YOUNG LLP AS INDEPENDENT AUDITORS.

STOCKHOLDER PROPOSAL

PROPOSAL REGARDING CHINA BUSINESS PRINCIPLES

Edgar Filing: AOL TIME WARNER INC - Form DEF 14A

John C. Harrington, P.O. Box 6108, Napa, California 94581-1108, the beneficial owner of 500 shares of Common Stock, has advised the Company that he intends to propose a resolution at the Annual Meeting. The proposed resolution and statement in support thereof are set forth below:

WHEREAS: Our company's business practices in China respect human and labor rights of workers. The eleven principles below were designed to commit a company to a widely accepted and thorough set of human and labor rights standards for China. They were defined by the International Labor Organization and the United Nations Covenants on Economic, Social and Cultural Rights, and Civil, and Political Rights. They have been signed by the Chinese government and China's national laws.

- (1) No goods or products produced within our company's facilities or those of suppliers shall be manufactured by bonded labor, forced labor, within prison camps or as part of reform-through-labor or reeducation-through-labor programs.
- (2) Our facilities and suppliers shall adhere to wages that meet workers' basic needs, fair and decent working hours, and at a minimum, to the wage and hour guidelines provided by China's national labor laws.
- (3) Our facilities and suppliers shall prohibit the use of corporal punishment, any physical, sexual or verbal abuse or harassment of workers.
- (4) Our facilities and suppliers shall use production methods that do not negatively affect the worker's occupational safety and health.
- (5) Our facilities and suppliers shall not call on police or military to enter their premises to prevent workers from exercising their rights.

28

- (6) We shall undertake to promote the following freedoms among our employees and the employees of our suppliers; freedom of association and assembly, including the rights to form unions and bargain collectively; freedom of expression, and freedom from arbitrary arrest or detention.
- (7) Company employees and those of our suppliers shall not face discrimination in hiring, remuneration or promotion based on age, gender, marital status, pregnancy, ethnicity or region of origin.
- (8) Company employees and those of our suppliers shall not face discrimination in hiring, remuneration or promotion based on labor, political or religious activity, or on involvement in demonstrations, past records of arrests or internal exile for peaceful protest, or membership in organizations committed to non-violent social or political change.
- (9) Our facilities and suppliers shall use environmentally responsible methods of production that have minimum adverse impact on land, air and water quality.
- (10) Our facilities and suppliers shall prohibit child labor, at a minimum comply with guidelines on minimum age for employment within China's national labor laws.
- (11) We will issue annual statements to the Human Rights for Workers in China Working Group detailing our efforts to uphold these principles

Edgar Filing: AOL TIME WARNER INC - Form DEF 14A

and to promote these basic freedoms.

RESOLVED: Stockholders request the Board of Directors to make all possible lawful efforts to implement and/or increase activity on each of the principles named above in the People's Republic of China.

SUPPORTING STATEMENT: As U.S. companies import more goods, consumer and shareholder concern is growing about working conditions in China that fall below basic standards of fair and humane treatment. We hope that our company can prove to be a leader in its industry and embrace these principles.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST THIS PROPOSAL FOR THE FOLLOWING REASONS:

As set forth in the Company's Mission Statement, the Company is founded on a shared sense of responsibility to the common good and is committed to serving the public interest by using its unique talents and resources to enrich people's lives and strengthen communities around the world. This commitment exists in every country where the Company conducts business, including China. The Company takes its responsibility as a prominent global media and communications company very seriously and has a consistent history of integrity as a leader in corporate citizenship and responsibility.

Recently admitted to the World Trade Organization, China is embarking on increasing its integration into the global economy. This further integration of China into global markets is expected not only to open channels of commerce but also, over time, to introduce into government institutions practices of greater transparency, procedural fairness and public participation.

After careful review of the proposal, the Company believes that its adoption is not appropriate and could even be counterproductive for the Company and the people of China. Indeed, adopting certain elements of the proposal would cause the Company to violate Chinese law and undermine the Company's ability to bring its information and entertainment products to the people of China. Moreover, because the principles are vague and subject to multiple interpretations, it is unclear how the Company would measure their successful implementation. Accordingly, since the proposal

29

addresses sensitive and highly complicated issues, the Company believes that these matters are best entrusted to the responsible discretion of the Company as it continues to develop its businesses in China within the framework of its overarching mission and values.

For these reasons, the Company believes that the proposal is not in the best interests of the Company and its stockholders.

VOTE REQUIRED FOR APPROVAL

The affirmative vote of a majority of the votes duly cast by the holders of Common Stock is required to adopt this proposal.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") requires the Company's officers and directors, and persons who own more than ten percent of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the SEC and the New York Stock Exchange. Officers, directors and greater than ten-percent stockholders are required by SEC regulations to furnish the Company

Edgar Filing: AOL TIME WARNER INC - Form DEF 14A

with copies of all Section 16(a) forms they file.
