This Report includes forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Securities Exchange Act of 1934, as amended, regarding, among other things, our plans, strategies and prospects, both business and financial. Although we believe that our plans, intentions and expectations reflected in or suggested by these forward-looking statements are reasonable, we cannot assure you that we will achieve or realize these plans, intentions or expectations. Forward-looking statements are inherently subject to risks, uncertainties and assumptions. Many of the forward-looking statements contained in this Report may be identified by the use of forward-looking words such as "believe," "expect," "anticipate," "should," "planned," "will," "may," "intend," "estimated" and "potential," among others. Important factors that could cause actual results to differ materially from the forward-looking statements we make in this Report are set forth in this Report and in reports or documents that we file from time to time with the United States Securities and Exchange Commission or the SEC, and include, but are not limited to: our plans to achieve growth by offering advanced products and services; our anticipated capital expenditures for our upgrades and new equipment and facilities; our ability to fund capital expenditures and any future acquisitions; the effects of governmental regulation on our business; our ability to compete effectively in a highly competitive and changing environment; our ability to obtain programming as needed and at a reasonable price; our ability to continue to do business with existing vendors, particularly high-tech companies that do not have a long operating history; and general business and economic conditions, particularly in light of the uncertainty stemming from the September 11, 2001 terrorist activities in the United States and the armed conflict abroad.
