Representing Equity Shares**

Dr. Reddy s Laboratories Limited

We may offer, from time to time, American Depositary Shares, or ADSs, outside India, including in the United States. Each ADS represents one equity share.

We anticipate that the price to the public per ADS will be determined by reference to the prevailing market prices of our equity shares. Our equity shares are traded on the Bombay Stock Exchange Limited, or BSE, and the National Stock Exchange of India Limited, or NSE, the principal stock exchanges in India. Our ADSs are traded on the New York Stock Exchange, or NYSE, under the ticker symbol RDY. On November 9, 2006, the closing price of our equity shares as reported on the BSE was Rs.773.30 and Rs.773.35 on the NSE, and U.S.\$17.22 on the NYSE.

This prospectus describes the general terms of these ADSs and the general manner in which the ADSs will be offered. The specific terms of any ADSs offered will be included in a supplement to this prospectus. The prospectus supplement will also describe the specific manner in which the ADSs will be offered. We will not use this prospectus to issue any ADSs unless it is attached to a prospectus supplement.

These ADSs may be offered directly or to or through underwriters, agents or dealers. The names of any underwriters, agents or dealers will be included in the applicable prospectus supplement.

Investing in our ADSs involves risks that are described in the Risk Factors section contained in the applicable prospectus supplement and in the documents we incorporate by reference in this prospectus.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

The date of this prospectus is November 13, 2006.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission, or SEC, using a shelf registration process. Under this shelf registration process, we may sell ADSs in one or more offerings. This prospectus provides you with a general description of the ADSs we may offer. Each time we sell any ADSs under this prospectus, we will provide a prospectus supplement that will contain more specific information about the terms of the offering. We may also add, update or change in a prospectus supplement any of the information contained in this prospectus or in documents we have incorporated by reference into this prospectus. This prospectus, together with the applicable prospectus supplements and the documents incorporated by reference into this prospectus, includes all material information relating to this offering. You should carefully read both this prospectus and the applicable prospectus supplement together with the additional information described under Where You Can Find Additional Information before buying securities in this offering.

PROSPECTUS SUMMARY

This summary highlights information contained elsewhere in this prospectus and does not contain all of the information you should consider in making your investment decision. You should read this summary together with the more detailed information included elsewhere in, or incorporated by reference into, this prospectus, including our financial statements and the related notes. You should carefully consider, among other things, the matters discussed in Risk Factors, which we describe in our annual report on Form 20-F for the year ended March 31, 2006 and in other documents that we subsequently file with the SEC, and which we will describe in supplements to this prospectus.

DR. REDDY S LABORATORIES LIMITED

We are an emerging global pharmaceutical company with proven research capabilities. We produce active pharmaceutical ingredients and intermediates, finished dosage forms and biotechnology products and market them globally, with a focus on India, the United States, Europe and Russia. We are vertically integrated and use our active pharmaceutical ingredients and intermediates in our own finished dosage products. We conduct basic research in the areas of cancer, cardiovascular disease, inflammation and bacterial infection.

Our principal offices are located at 7-1-27, Ameerpet, Hyderabad, Andhra Pradesh 500 016, India, and our telephone number is +91-40-23731946. We maintain a website at <http://www.drreddys.com>, where general information about us is available. We are not incorporating the contents of our website into this prospectus.

We may offer our ADSs from time to time under this prospectus, at prices and on terms to be determined by market conditions at the time of offering. This prospectus provides you with a general description of the ADSs. Each time we offer ADSs, we will provide a prospectus supplement that will describe the specific amount, price and other important terms of the offering. The prospectus supplement also may add, update or change information contained in this prospectus or in documents we have incorporated by reference into this prospectus.

This prospectus may not be used to offer or sell any securities unless accompanied by a prospectus supplement.

We may sell the ADSs directly or through underwriters, dealers or agents. We, and our underwriters, dealers or agents, reserve the right to accept or reject all or part of any proposed purchase of ADSs. If we do offer ADSs through underwriters or agents, we will include in the applicable prospectus supplement:

- the names of the those underwriters or agents;
- applicable fees, discounts and commissions to be paid to them;
- details regarding over-allotment options, if any; and
- the net proceeds to us.

DESCRIPTION OF ADS

American Depositary Shares

ADSs, from time to time under this prospectus, at prices and on terms to be determined by market conditions at the time of offering.

ADSs

Each ADS represents one equity share, par value Rs.5 per share. The ADSs will be evidenced by American Depositary Receipts.

Dividends

Every year our Board of Directors recommends the amount of dividends to be paid to shareholders, if any, based upon conditions then existing, including our earnings, financial condition, capital requirements and other factors. The dividends are paid after approval of the shareholders in our general meeting.

Table of Contents

Holders of ADSs will be entitled to receive dividends payable on equity shares represented by such ADSs. Cash dividends on equity shares represented by ADSs are paid to the Depositary in Indian rupees and are converted by the Depositary into U.S. Dollars and distributed, net of depositary fees, taxes, if any, and expenses, to the holders of such ADSs.

Risk factors

See Risk Factors and other information incorporated by reference into this document for a discussion of factors you should carefully consider before deciding to invest in our ADSs.

USE OF PROCEEDS

Unless otherwise specified in a prospectus supplement accompanying this prospectus, the net proceeds from the sale of the securities to which this prospectus relates will be used for general corporate purposes. General corporate purposes may include geographic expansion, potential acquisitions of, or investments in, companies and technologies that complement our business, capital expenditures for increasing production capacities, addition of new capabilities, additions to our working capital and advances to or investments in our subsidiaries/joint ventures. Net proceeds may be temporarily invested in bank term deposits prior to use.

PLAN OF DISTRIBUTION

We may sell the offered securities (a) through agents; (b) through underwriters or dealers; (c) directly to one or more purchasers; or (d) through a combination of any of these methods of sale. We will identify the specific plan of distribution, including any underwriters, dealers, agents or direct purchasers and their compensation in a prospectus supplement.

LEGAL MATTERS

The validity of the ADSs in respect of which this prospectus is being delivered will be passed upon for us by Clifford Chance US LLP. The validity of the equity shares represented by ADSs offered hereby will be passed upon by Crawford Bayley & Co., Mumbai, India, our Indian counsel.

EXPERTS

The consolidated financial statements of Dr. Reddy's Laboratories Limited and subsidiaries as of March 31, 2006 and 2005, and for each of the years in the three-year period ended March 31, 2006, and management's assessment of the effectiveness of internal control over financial reporting as of March 31, 2006 have been included and incorporated by reference herein in reliance upon the report of KPMG, independent registered public accounting firm, included and incorporated by reference herein, and upon the authority of said firm as experts in auditing and accounting.

The audit report covering the management's assessment of the effectiveness of internal control over financial reporting and the effectiveness of internal control over financial reporting as of March 31, 2006, contains an explanatory paragraph that states that management's assessment of the effectiveness of internal control over financial reporting and the audit of internal control over financial reporting of Dr. Reddy's Laboratories Limited and subsidiaries excludes an evaluation of internal control over financial reporting of Industrias Quimicas Falcon de Mexico S.A. de C.V and beta Holdings GmbH, acquired businesses.

The consolidated financial statements of beta Holding GmbH as of November 30, 2005 and 2004 and financial statements of betapharm Arzneimittel GmbH as of December 31, 2003 included in this registration statement have been audited by Deloitte & Touche GmbH, independent registered public accounting firm, as stated in their reports appearing elsewhere in the registration statement and are included in reliance upon the reports of such firm given upon their authority as experts in accounting and auditing.

WHERE YOU CAN FIND ADDITIONAL INFORMATION

As required by the Securities Act of 1933, we have filed a registration statement relating to the securities offered by this prospectus with the Securities and Exchange Commission, or the SEC. This prospectus is a part of that

registration statement, which includes additional information.

We file annual and other reports with the SEC. You may read and copy any document we file at the SEC's public reference room located at 100 F Street, N.E., Washington, D.C. 20549. The public may obtain information on the operation of the SEC's Public Reference Room by calling the SEC in the United States at 1-800-SEC-0330. The SEC also maintains a web site at <http://www.sec.gov> that contains reports, proxy statements and other information regarding registrants that file electronically with the SEC.

INCORPORATION OF CERTAIN INFORMATION BY REFERENCE

The SEC allows us to incorporate by reference the information we file with the SEC. This means that we can disclose important information to you by referring you to another document filed separately with the SEC. The information incorporated by reference is considered to be part of this prospectus. Any information that we file later with the SEC and that is deemed incorporated by reference will automatically update and supersede the information in this prospectus. In all such cases, you should rely on the later information over different information included in this prospectus.

We are incorporating by reference in this prospectus the documents listed below and all amendments or supplements we may file to such documents, as well as any future filings we may make with the SEC on Form 20-F under the Exchange Act before the time that all of the securities offered by this prospectus have been sold or de-registered.

Annual Report on Form 20-F for the year ended March 31, 2006, filed with the SEC on October 2, 2006;

Form 6-K for the three months ended June 30, 2006 furnished to the SEC on November 13, 2006;

Form 6-K containing certain information regarding our financial performance for the three months and six months ended September 30, 2006 furnished to the SEC on November 13, 2006; and

Form 8-A filed with the SEC on April 3, 2001.

In addition, we may incorporate by reference into this prospectus our reports on Form 6-K furnished after the date of this prospectus (and before the time that all of the securities offered by this prospectus have been sold or de-registered) if we identify in the report that it is being incorporated by reference in this prospectus.

We will also incorporate by reference any future filings made with the SEC under the U.S. Securities Exchange Act of 1934 until we terminate the offering contemplated by any prospectus supplement.

You may request a copy of these filings, at no cost, by writing or telephoning us at the following address:

FORWARD LOOKING STATEMENTS

In addition to historical information, this prospectus and the documents incorporated by reference into this prospectus contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act. The forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from those reflected in the forward-looking statements. Factors that might cause such a difference include, but are not limited to, those discussed in the sections entitled Risk Factors and Operating and Financial Review and Prospects in our annual report on Form 20-F filed with the SEC and elsewhere in this prospectus and in any

prospectus supplement that we may file. Investors are cautioned not to place undue reliance on these forward-looking statements, which reflect management's analysis only as of the date hereof. In addition, investors should carefully review the other information in this prospectus and in any prospectus supplement that we may file and in our periodic reports and other documents filed and/or furnished with the SEC from time to time.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

We have audited the accompanying consolidated balance sheets of beta Holding GmbH and subsidiaries as of November 30, 2004 and 2005, and the related consolidated statements of profit and loss and cash flows for the period from December 3, 2003 through November 30, 2004 and the year ended November 30, 2005. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in Germany and the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such consolidated financial statements present fairly, in all material respects, the financial position of beta Holding GmbH and its subsidiaries as of November 30, 2004 and 2005, and the results of their operations and their cash flows for the period from December 3, 2003 through November 30, 2004 and the year ended November 30, 2005 in conformity with accounting principles generally accepted in Germany.

Application of accounting principles generally accepted in the United States of America would have affected stockholders' equity as of November 30, 2004 and 2005 and net income for the period from December 3, 2003 through November 30, 2004 and the year ended November 30, 2005 to the extent summarized by the Company in Note VIII to the Consolidated Financial Statements.

**For the Periods from 3 December 2003 to 30 November 2004 and
from 1 December 2004 to 30 November 2005**

I. General Information and Notes to Consolidated Financial Statements

The consolidated financial statements for the period from 3 December 2003 to 30 November 2004 and the period from 1 December 2004 to 30 November 2005 have been prepared in compliance with the regulations of the German Commercial Code (HGB) and the German Law on Limited Liability Companies (GmbHG).

The classification complies with §§ 266 and 275 HGB in connection with § 42 GmbHG. All amounts have been stated in EURO and have been rounded into kEURO amounts. The cost of sales format has been applied to the profit and loss account.

beta Holding GmbH was established through a Partnership Agreement dated 3 December 2003 and entered in the Commercial Register of the Munich local court with the number HRB 150405 on 12 December 2003. Through resolution dated 8 June 2004, the Company's registered office was moved from Munich to Augsburg and entered in the Commercial Register of the Augsburg local court with the number HRB 20801 on 11 October 2004.

II. Consolidated companies

In addition to beta Holding GmbH, Augsburg, the following companies are included in the consolidated financial statements as at 30 November 2005 and 2004:

Company	Share %	Currency	Nominal Value of Share	
			2004	2005
beta Healthcare GmbH & Co.KG, Augsburg	100	EUR 000	67,890	67,890
betapharm Arzneimittel GmbH, Augsburg	100	EUR 000	244,304	244,267
beta Healthcare Verwaltungs GmbH, Augsburg	100	EUR 000	25	25
beta Healthcare Solutions GmbH, Augsburg	100	EUR 000	25	25

In 2004 and 2005 beta Institut für sozialmedizinische Forschung und Entwicklung gGmbH (beta Institut), a wholly owned subsidiary of beta Holding GmbH, was not consolidated in accordance with § 296 II German Commercial Code (HGB). This company is a small firm organised in a corporate form, which provides basically non-profit services in the social care sector. Its annual financial statements are not material to the consolidated financial statements of beta Holding GmbH.

III. Notes to Consolidation Methods

Subsidiaries are consolidated according to the book value method in accordance with § 301 (1) No. 1 German Commercial Code (HGB) on the basis of the values at the date of acquisition of the subsidiaries' shares. The purchase price is compared at the time of first consolidation to the book values of the assets, liabilities, accruals and deferrals acquired in the balance sheets of the subsidiaries included. The difference between the purchase price and the book values of the assets is allocated to the acquired assets up to the amount of their fair values. The remaining difference is disclosed as goodwill in accordance with § 301 III German Commercial Code (HGB).

Receivables and payables between consolidated companies as well as income and expenses were eliminated. There are no unrealized profits or losses on intra-group transactions that are required to be eliminated.

IV. Accounting and Valuation Rules

The financial statements of the companies included in the consolidated financial statements have been prepared according to uniform accounting and valuation rules.

Fixed Assets

Intangible Assets

Acquired intangible assets are recognized at acquisition cost and amortized on a scheduled straight-line basis from the time of acquisition over the estimated useful life, which is predominantly three years (software licenses) or five to eight years (drug licenses and other rights in drug licenses).

Goodwill is amortized over its useful life, which has been estimated at 15 years.

The betapharm brand name is amortized over 15 years.

Tangible Assets

Property, plant and equipment have been valued at acquisition or production cost less depreciation.

Land is not depreciated. Other property plant and equipment are generally depreciated according to the straight-line method over their estimated useful lives. For additions depreciation is calculated according to the reducing-balance method when this leads to higher depreciation in the initial years. Low-value items are fully depreciated in the year of acquisition.

Financial Assets

The investment in non-consolidated subsidiaries is recorded at cost.

Current Assets

Inventories

Raw materials and supplies consist primarily of product packaging materials, work in process consists primarily of bulk quantities of unpackaged tablets and finished goods and merchandise consists primarily of merchandise and samples for doctors.

Inventories are stated at the lower of acquisition cost or market value. Valuation allowances are recorded for excess stock that cannot be sold within the remaining shelf live of the articles.

Receivables and Other Assets

Receivables have been recognised at nominal value. Allowances are recorded for specific and inherent risks of collection.

Liquid Funds

Liquid funds have been recognised at nominal value.

Prepaid Expenses

Prepaid expenses relate to expenses incurred before the balance sheet date to the extent that these constitute expenditure for a certain time thereafter.

Equity

The equity has been recognized at nominal value.

Provisions and Accruals

Provisions and accruals have been recognised when there is a present obligation as a result of a past event in the probable amount required to cover the obligation.

Liabilities

Liabilities have been valued at the amounts at which they will be repaid.

Statement of Profit and Loss

The cost of sales format has been applied to the statement of profit and loss, with other taxes being allocated as operational expenses to the individual functions.

V. Notes to the Consolidated Balance Sheet

Fixed Assets

The movements of consolidated fixed assets are presented in the Fixed Assets Table which is part of the notes.

increases are established as at the effective dates 31 December 2004, 31 December 2005 and 31 December 2006, respectively, in relation to the sales revenues of the preceding calendar year. For the business year 2004, no subsequent purchase price increase was computed.

The resulting payment commitments are financed through a credit line in the amount of EUR 25 million granted by Commerzbank AG. In the business year 1 December 2004 to 30 November 2005, this credit line was reduced to kEURO 12.5 on account of anticipated lower payment commitments.

Under agreements dated 3 March 2004, as most recently amended on 11 June 2004, beta Healthcare GmbH & Co. KG entered into so-called option agreements with Commerzbank AG, with Indigo Capital IV LP and with HarbourVest Partners VII Mezzanine Fund L.P., that lead to a payment commitment of the Company in the following cases:

Transformation of beta Holding GmbH, of beta Healthcare GmbH & Co. KG or of betapharm Arzneimittel GmbH into a public limited company with subsequent going public;

Disposal of a majority of shares in one of the three above-mentioned companies; disposal of one or several subsidiaries of these three companies if this subsidiary includes / these subsidiaries include all or the majority of beta Group's assets.

The exact amounts that result from this commitment can be established only after the above-mentioned measures have been completed.

(a) Capital Lease

The company operates its corporate headquarters in rented premises in Augsburg, Germany. The underlying rental contract was concluded in December 1999. The fixed rental period started in March 2002 and will last for a period of time of 22.5 years until August 2024. In addition, the company has received an option to purchase the rented building

together with the land at a price of kEURO 1,339.

In accordance with German GAAP, the rental contract is classified as an operating lease. As a consequence, all rental payments have been treated as expenses. Under U.S. GAAP, because the net present value of the minimum lease payments exceeds 90% of the fair value of the leased asset, the contractual arrangement for the building and land is treated as a capital lease.

The net book value of the lease assets was kEURO 4,326 and kEURO 4,174 at 30 November 2004 and 2005, respectively. The lease obligation was kEURO 4,497 and kEURO 4,397 at 30 November 2004 and 2005, respectively.

(b) Increase of useful life for drug licenses

beta Holding GmbH recognizes capitalized drug licenses as intangible assets (see line Drug licenses, brand name and software). These costs mainly relate to payments for the acquisition of external licenses which entitle the company to sell specific pharmaceuticals to the market.

Under German GAAP, consistent with tax regulations, these drug licenses are amortized over five to eight years. According to U.S. GAAP drug licenses should be amortized over their useful lives which have been estimated to be 15 years. As a consequence of the useful life increase, amortization declines by kEURO 4,860 and 6,565 in the periods 2004 and 2005.

(c) Maintenance and retention accruals

Under German GAAP an accrual for deferred maintenance amounting to kEURO 153 has been recorded in 2004 and 2005 and an accrual of kEURO 609 for the retention of the business records was recorded in 2005. The deferred maintenance relates to the estimated cost for refurbishment activities concerning the office building of the corporate headquarters in Augsburg. The retention accrual relates to the future costs associated with the retention of business documents.

Because these accruals do not relate to current obligations to external parties as of the balance sheet date, they would not be considered liabilities under U.S. GAAP and have been reversed.

(d) Goodwill and brand name amortisation

The purchase of betapharm Arzneimittel GmbH as of March 3, 2004, and the subsequent purchase price allocation resulted in goodwill of kEURO 106.107 and brand name of kEUR 79,518 under German GAAP. The same purchase price allocation would have been applied under U.S. GAAP. In accordance with German GAAP, goodwill and brand name have been amortised over an estimated useful life of 15 years. U.S. GAAP does not require regular amortisation of goodwill or intangible assets that are determined to have an indefinite life. The company has determined that the betapharm brand name has an indefinite useful life. The company performed impairment tests of goodwill and the brand name for 2004 and 2005 and concluded that goodwill and brand name were not impaired.

The recorded amortization expenses under German GAAP have to be reversed amounting to kEURO 9,281 concerning the period ended 30 November 2004 and to kEURO 12,361 for the year ended 30 November 2005. There are no deferred taxes on goodwill.

(e) Deferred taxes

Under German GAAP, deferred taxes are not recorded for tax loss carryforwards and deferred taxes are not required to be recorded for temporary differences resulting from an acquisition. Under U.S. GAAP, deferred tax assets are recognized to the extent that it is more likely than not that the tax loss carry forward can be utilized. U.S. GAAP also requires the recognition of the deferred tax impact for temporary differences resulting from an acquisition.

This reconciliation item includes tax effects due to the aforementioned reconciling items as well as deferred taxes due to tax losses carried forward from 2004. For the reconciling items the total tax rate from the corresponding year was applied amounting to 40.38% in 2004 and 2005. The applied tax rates underlying the calculation of deferred taxes were derived from applicable tax rates in 2004 and 2005. The trade income tax rate for these years amounts to 19.03% and the corporate income tax rate, considering the deductibility of the trade income taxes, amounts to 21.36%.

beta Holding GmbH, Augsburg

**Notes to Financial Statements (Continued)
For the Periods from 3 December 2003 to 30 November 2004 and
from 1 December 2004 to 30 November 2005**

The losses carried forward concerning the German trade income tax amount to 496 kEURO for the benefit of beta Holding GmbH and 5,657 kEURO for the benefit of beta Healthcare GmbH & Co KG. The loss carry forward relating to the German corporate income tax amounts to 14,314 kEURO for the benefit of beta Holding GmbH. In 2005 the beta Holding GmbH losses carried forward declined to 1,584 kEURO concerning the trade income tax and to 2,887 kEURO regarding the corporate income tax. For beta Healthcare GmbH & Co KG all losses were utilized in 2005.

The purchase of betapharm Arzneimittel GmbH as of 03 March, 2004, and the subsequent purchase price allocation resulted in additions of intangible assets as well as inventories in the commercial balance sheet. In accordance with German tax laws these items were not included in the German tax balance sheet. Temporary differences arise concerning the drug licenses, the brand name and inventories due to the value adjustment of the purchase price allocation as of March 3, 2004. The assigned value of these assets amounts to 136,156 kEURO. These differences between the asset values and the tax bases were not recognized as deferred tax liability in the commercial balance sheet under German GAAP.

Under U.S. GAAP, the temporary differences between the assigned values resulting from the purchase price allocation and the tax bases of the assets have to be recognised as deferred tax liability. The deferred tax liability is calculated by multiplying the sum of those assets with the effective tax rate for 2004 respectively 2005 (both 40.38%) resulting in an amount of 54,986 kEURO. This amount increased goodwill at the acquisition date. In the forthcoming years, the deferred tax liability is reduced as the related assets are amortized. Amortization of these assets amounts to 17,492 kEURO in 2004 and 9,211 kEURO in 2005. The deferred tax liability is thus reduced by these amounts multiplied with the tax rate resulting in deferred tax benefits of 7,064 kEURO in 2004 and 3,720 kEURO in 2005.

The increase of useful lives of the drug licences named above are also related with tax effects. The corresponding deferred taxes amount to 1.963 kEURO in 2004 and to 2,651 kEURO in 2005.

IX Subsequent events

After the end of the financial year (30 November 2005) the following subsequent events took place:

1. Agreement on earn out with former shareholder.

In the sale and purchase agreement about the sale of the betapharm shares as of 3 March 2004, an earn out payment has been agreed based on the sales of the years 2004 – 06. In an Earn-Out and Vendor Loan Settlement agreement signed 10. / 24. February 2006 between beta Healthcare GmbH & Co KG and Santo Holding (Deutschland) GmbH, the parties agreed to settle the earn out for the years 2004-06 against a payment of 25 m . The amount was paid on 3 March 2006.

2. Sale of shares of beta Holding at 3 March 2006.

With closing on 3 March 2006 the shares of beta Holding GmbH were sold from the 3i funds and other shareholders to the Dr. Reddy's group, Hyderabad, India, for a purchase price of 479 m . The purchase price was paid on 3 March 2006 partly to the shareholders and partly to the former shareholder and the banks who had partly financed the purchase by 3i funds in 2004. With this payment all debt from the 2004 financing have been settled.

3. Restructuring of beta group.

After the date of acquisition of beta group by Dr. Reddy's group through Reddy Holding GmbH several legal restructuring have taken place. One step of this restructuring was the merger of beta Holding GmbH with Reddy Holding GmbH.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

We have audited the accompanying balance sheet of betapharm Arzneimittel GmbH as of December 31, 2003, and the related statements of profit and loss and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit in accordance with auditing standards generally accepted in Germany and the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the financial position of betapharm Arzneimittel GmbH as of December 31, 2003, and the results of its operations and cash flows for the year then ended in conformity with accounting principles generally accepted in Germany.

Application of accounting principles generally accepted in the United States of America would have affected stockholders' equity as of December 31, 2003 and net income for the year then ended to the extent summarized by the Company in Note C to the Financial Statements.

Notes to the Financial Statements

For the Year ended 31 December 2003

A. General Information and Notes to Financial Statements

In preparing its annual financial statements, the Company is in compliance with the accounting, valuation and disclosure requirements applicable to so-called large firms organized in a corporate form under the German Commercial Code (HGB) and the German Law on Limited Liability Companies (GmbHG). To the extent that taking advantage of accounting and valuation options under German tax law requires corresponding recognition in the annual financial statements, the Company is in compliance with the fiscal regulations. All amounts have, been stated in Euro and have been rounded into kEURO amounts. The cost of sales format has been applied to the profit and loss account.

In the reporting year, the balance sheet and profit and loss account have been prepared by taking into account a partial profit appropriation as a result of an advance profit distribution at the end of 2003

Intangible assets

Acquired intangible assets are recognized at acquisition cost and amortized on a scheduled straight-line basis. From the time of acquisition over the estimated useful life, which is predominantly three years (software licenses) or five to eight years (drug licenses and other rights in drugs).

Tangible Assets

Property, plant and equipment have been valued at acquisition cost or production cost less depreciation. Land is not depreciated. Other property, plant and equipment are generally depreciated according to the straight-line method over their estimated useful lives. For additions depreciation is calculated according to the reducing-balance method when this leads to higher depreciation in the initial years. Low-value items are fully depreciated in the year of acquisition.

Financial assets

The investment in an unconsolidated subsidiary (beta Institute) is recorded at cost.

Inventories

Inventories relate exclusively to merchandise and samples for doctors are stated at the lower of acquisition cost or market value.

Receivables

Receivables have been recognized at nominal value. Allowances are recorded for specific and inherent risks of collection.

Equity

The equity has been recognized at nominal value.

Provisions and accruals

Provisions and accruals have been recognized when there is a present obligation as a result of a past event in the probable amount required to cover the obligation.

Liabilities

Liabilities have been valued at the amounts at which they will be repaid.

F-28

Table of Contents**betapharm Arzneimittel Augsburg****Notes to the Financial Statements (Continued)
For the Year ended 31 December 2003**

In the business year 2003, the cost of materials amounted to kEUR 32,394 and related exclusively to cost of purchased merchandise. Personnel expenses amounted to kEUR 20,874, of which social security and other pension cost of kEUR 3,638.

B. Other Required Disclosures

A classification of liabilities by residual terms as at 31 December 2003 is as follows:

	Total Amount EUR 000	Residual Term of up to 1 Year EUR 000	Residual Term of More than 5 Years EUR 000
Liabilities to banks	301	301	0

Contingent Liabilities

The Company is the defendant in a litigation on account of alleged instances of infringement of industrial property rights in connection with the active substance Omeprazol. This litigation is still on-going. For the possibility that the Company loses the action, the Company has set up a provision of kEUR 6,524 plus legal costs as at 31 December 2002. Under an agreement dated 30 September 2003, a third company undertook, against payment of kEUR 3,347, to bear all expenses that the Company might incur in case the action was lost and has, hence, comprehensively exempted the Company. In view of the credit standing of the third party that has committed itself in the internal relationship, the Company is no longer exposed to any risks from the above-mentioned litigation. In the external relationship, the Company still bears, however, the remaining risk of litigation, which is estimated at around EUR 7 million at maximum.

Furthermore, the Company owes in the external relationship purchase consideration installments totalling kEUR 588 from the acquisition of the shares in Mova GmbH, Augsburg. Although this investment was disposed of at the end of 2003, with the open purchase consideration installment being taken over by the acquirer, the assumption of the liability through the creditor remains to be approved.

A further contingent liability is a guarantee in the amount of EUR 6,000 in favour of Wellfit Gesundheitsprodukte GmbH, Augsburg.

The financial commitments as at the balance sheet date relate to:

	EUR 000
Rentals payable under a real property lease concluded at the end of 1999 with a residual term of 21.5 years	9,344
Commitments under sponsoring agreement (Of which to affiliated enterprises: kEUR 1,534)	1,747

For the Year ended 31 December 2003****C Reconciliation German GAAP U.S. GAAP**

The Financial Statement has been prepared in accordance with German generally accepted accounting principles (German GAAP), which differ in certain material respects from accounting principles generally accepted in the United States of America (U.S. GAAP). The effects of the application of U.S. GAAP to Shareholders' Equity and Net Income are set out in the tables below:

Deferred taxes	(c)	(555)
Net income in accordance with U.S. GAAP		13,274

(a) Capital Lease

The company operates its corporate headquarter in rented premises in Augsburg, Germany. The underlying rental was concluded in December 1999. The fixed rental period started in March 2002 and will last for a period of time of 22.5 years until August 2024. In addition, the company has received an option to purchase the rented building together with the land at a price of kEURO 1,339.

In accordance with German GAAP, the rental contract is classified as an operating lease. As a consequence, all rental payments have been treated as expenses. Under U.S. GAAP, because the net present value of the minimum lease payments exceeds 90% of the fair value of the leased asset the contractual arrangement for the building and land is treated as a capital lease.

The net book value of the leased asset was kEURO 4.466 at 31 December 2003. The lease obligation was kEURO 4.615 at 31 December 2003.

(b) Increase of useful life for drug licenses

betapharm Arzneimittel GmbH recognizes capitalized drug licenses as intangible assets (see line Concessions, Patents and other such rights and licenses). These costs mainly relate to payments for the acquisition of external licenses which entitle the company to sell specific pharmaceuticals to the market.

Under German GAAP, consistent with tax regulations, these drug licences are amortized over five to eight years. According to U.S. GAAP, drug licences should be amortised over their useful lives, which have been estimated to be 15 years.

As a consequence of the useful life increase, amortization declines by kEURO 178 in the year 2003.

(c) Deferred taxes

Under German GAAP, deferred taxes are not recorded for tax loss carryforwards. Under U.S. GAAP, deferred tax assets are recognized to the extent that it is more likely than not that the tax loss carryforward can be utilized.

This reconciliation item includes tax effects due to the aforementioned reconciling items as well as deferred taxes due to the tax loss carried forward from 2002. For the reconciling items the effective tax rate from the corresponding year was applied amounting to 39.78% in 2002 and 41.67% in 2003. The loss carry forward amounts to 2,349 kEURO and concerns the German corporate income tax for the benefit of betapharm Arzneimittel GmbH. The applied tax rate underlying the calculation of deferred taxes was derived from the applicable corporate income tax rate in 2003 amounting to 22.64%. In 2003 the loss carry forward was completely utilized.

**UNAUDITED PRO FORMA COMBINED STATEMENT OF OPERATIONS
(in thousands, except share data and where otherwise stated)**

The unaudited pro forma combined statement of operations give effect to the completion of the acquisition of beta Holding GmbH (betapharm), which was consummated on March 3, 2006, giving effect to the acquisition as if it had occurred on April 1, 2005. The unaudited pro forma combined statement of operations combines the historical consolidated statement of operations of Dr. Reddy's Laboratories Limited (DRL) for the fiscal year ended March 31, 2006 and betapharm for the fiscal year ended November 30, 2005 and eliminates the operating results of betapharm for the post acquisition period of March 3, 2006 to March 31, 2006. Accordingly, the unaudited pro forma combined statement of operations reflect betapharm operating results for a twelve-month period. The historical consolidated financial information has been adjusted to give effect to pro forma events that are (1) directly attributable to the acquisition (2) expected to have a continuing impact on the Company and (3) are factually supportable. The pro forma adjustments are based on certain estimates and assumptions which are derived from available information. You should read this information in conjunction with the:

accompanying notes to the unaudited pro forma combined statement of operations;

separate historical audited financial statements of DRL as of and for the year ended March 31, 2006 which is included and incorporated by reference in this document;

separate historical audited financial statements of betapharm for the year ended 30 November 2005 included in this document taking into consideration the fact that such year end date is within 93 days of the date when the acquisition was consummated as indicated above.

We present the pro forma combined statement of operations for information purposes only. The pro forma information is not necessarily indicative of what our results of operation actually would have been had we completed the acquisition on April 1, 2005. In addition, the unaudited pro forma combined statement of operations does not purport the future operating results of the combined company.

An unaudited pro forma balance sheet is not presented because the acquisition of betapharm occurred prior to March 31, 2006, and assets and liabilities pertaining to betapharm are reflected in the Company's March 31, 2006 historical balance sheet. The unaudited pro forma financial information does not include the realization of cost savings from operating efficiencies, synergies or any other of the effects resulting from the acquisitions of betapharm.

The unaudited pro forma statement of operations relates to the following transaction:

On March 3, 2006, the Company, through its wholly owned subsidiary Lacock Holdings Limited, acquired 100% of the outstanding common shares of betapharm. betapharm is a leading generics pharmaceuticals company in Germany.

The aggregate purchase price of Rs.26,063,321 (Euro 482,654) includes direct acquisition cost amounting to Rs.201,548 (Euro 3,732). The acquisition agreement included the payment of contingent consideration amounting up to Rs.518,400, (Euro 9,600), which was paid into an escrow account. This amount is subject to set-off for certain indemnity claims in respect of legal and tax matters that might arise, pertaining to the periods prior to the acquisition. The escrow will lapse and be time barred at the end of 2013. Since the maximum amounts pertaining to such claims are determinable at the date of acquisition, those amounts have been included as part of the purchase price.

As of March 31, 2006, the purchase price was allocated on a preliminarily basis, based on management's estimate of fair values. During the quarter ended September 30, 2006, the Company completed the final allocation of the purchase

price of betapharm based on management's estimate of fair values and independent valuations of intangible assets as follows:

NOTES TO UNAUDITED PRO FORMA COMBINED STATEMENT OF OPERATIONS

Note 1: General Basis of pro forma presentation

The unaudited pro forma combined statement of operations is presented to give effect to the acquisition of betapharm as if the transaction had been consummated on April 1, 2005. The information relating to betapharm has been conformed to U.S. generally accepted accounting principles and accounting policies followed by the Company.

Note 2: Pro forma adjustments

The unaudited pro forma combined statement of operations reflects the following pro forma adjustments:

- (a) Represents the incremental depreciation charge on the fair valued property, plant and equipment of betapharm.
- (b) Represents the amortization expense on the intangibles of betapharm amortized over a weighted average useful life of 14.5 years based on management's estimate of fair values.
- (c) Represents the incremental interest expense pursuant to the acquisition which primarily represents interest at the rate of 4.65% (being the floating LIBOR rate) on the Euro 400 million loan taken for funding the acquisition of betapharm, the decrease in interest income at the rate of 6.5% (average rate of interest income) resulting from the use of internal funds towards the acquisition of betapharm. However, such incremental interest expense has been partially offset due to a reduction in betapharm's interest expense pursuant to repayment of certain pre-acquisition debt out of the proceeds of the purchase price related to the acquisition.
- (d) Represents the tax impact on the above adjustments.

PART II: INFORMATION NOT REQUIRED IN PROSPECTUS

ITEM 8. *INDEMNIFICATION OF DIRECTORS AND OFFICERS*

Under the Companies Act 1956, as amended, or the Companies Act, any provision, whether contained in the articles of association of a company or in any agreement, exempting any officer or director or indemnifying an officer against any liability which by law would otherwise with the company or in any other instrument attach to him in respect of negligence, default, misfeasance, breach of duty or trust, is void. A company may, however, indemnify an officer against any liability incurred by him in defending any proceedings (whether criminal or civil) in which a judgment is given in his favor. We have not, as of the date of this prospectus entered into any indemnification agreements of this kind.

Our Articles of Association, as amended, or Articles provide that, subject to the provision of the Companies Act, our directors and officers shall be indemnified by us against loss in defending any proceeding brought against our officers and directors in their capacity as such, if the indemnified officer or director receives judgment in his favor or is acquitted in such proceeding. In addition, our Articles provide that we shall indemnify our officers and directors in connection with any application pursuant to Section 633 of the Companies Act in which relief is granted by the court.

The form of Underwriting Agreement to be filed as Exhibit 1.1 to this Registration Statement will also provide for indemnification of us and our officers and directors.

We have obtained directors and officers insurance providing indemnification for certain of our directors, officers, affiliates, partners or employees for certain liabilities.

Insofar as indemnification for liabilities arising under the Securities Act of 1934, as amended, may be permitted to directors, officers or persons controlling us pursuant to the foregoing provisions, we have been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

ITEM 10. UNDERTAKINGS

(a) The undersigned registrant hereby undertakes:

1. To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

i. To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

ii. To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement.

iii. To include in the prospectus any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided however, that, paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

2. That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

4. To file a post-effective amendment to the Registration Statement to include any financial statements required by Item 8.A of Form 20-F at the start of any delayed offering or throughout a continuous offering. Financial Statements and information otherwise required by Section 10(a)(3) of the Securities Act need not be furnished, *provided* that the registrant includes in the prospectus, by means of a post-effective amendment, financial statements required pursuant to this paragraph (a)(4) and other information necessary to ensure that all other information in the prospectus is at least as current as the date of those financial statements. Notwithstanding the foregoing, a post-effective amendment need not be filed to include financial statements and information required by Section 10(a)(3) of the Securities Act of 1933 or Rule 3-19 if such financial statements and information are contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 193 that are incorporated by reference in the Form F-3.

5. That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(A) Each prospectus filed by a registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a)

II-3

Table of Contents

of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which the prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

6. That, for the purpose of determining liability of a registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of an undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of an undersigned registrant or used or referred to by an undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about an undersigned registrant or its securities provided by or on behalf of an undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by an undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
