Press Release

CVRD signs long-term contracts with a group of Chinese steel companies

Rio de Janeiro, November 16, 2006 – Companhia Vale do Rio Doce (CVRD) announces that it signed new and additive long-term contracts to sell iron ore to a group of Chinese steel companies, which will involve additional average annual sales volume of 19.4 million tons between 2007 and 2017 and 8.1 million tons between 2018 and 2031. These contracts contribute to strengthen even further the excellent relationship that already exists between CVRD and its Chinese clients and reflects CVRD position as the most important high quality iron ore supplier to China.

This press release may contain statements that express management's expectations about future events or results rather than historical facts. These forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from those projected in forward-looking statements, and CVRD cannot give assurance that such statements will prove correct. These risks and uncertainties include factors: relating to the Brazilian and Canadian economy and securities markets, which exhibit volatility and can be adversely affected by developments in other countries; relating to the iron ore and nickel business and its dependence on the global steel industry, which is cyclical in nature; and relating to the highly competitive industries in which CVRD operates. For additional information on factors that could cause CVRD's actual results to differ from expectations reflected in forward-looking statements, please see CVRD's reports filed with the Brazilian Comissão de Valores Mobiliários and the U.S. Securities and Exchange Commission.
