Exhibit 99-1

26 April, 2007SCOR's shareholders give their full support to the combination of SCOR and Converium

SCOR Group's Extraordinary General Meeting, chaired by Denis Kessler, was held at 11:00 on 26 April 2007 in Paris. SCOR's shareholders, called upon to vote on the resolutions allowing the implementation of the strategic decision to combine SCOR and Coverium, approved all of the proposed resolutions.

These resolutions were designed to approve the in-kind contributions from Patinex AG (Patinex) and Alecta pensionsförsäkring (Alecta) and the issuance of the shares necessary both to remunerate these in-kind contributions, and to pay for the share component of the tender offer.

Following a discussion in which all of the questions raised by SCOR shareholders were answered, the shareholders meeting approved the following:

- the first resolution, regarding the contribution to the Company of 23,216,280 registered shares of Converium by Patinex, with **81.80%** of the votes;
- the second resolution, regarding the capital increase designed to remunerate Patinex, with **81.80%** of the votes;
- the third resolution, regarding the contribution to the Company of 5,680,000 registered shares of Converium by Alecta, with **81.80%** of the votes;
- the fourth resolution, regarding the capital increase designed to remunerate Alecta, with **81.78%** of the votes;
- the fifth resolution, regarding a delegation of power to the Board of Directors in order to issue, within a limit of 10% of the Company's share capital, ordinary SCOR shares in remuneration for any block of Converium shares contributed by any third party, under similar conditions to those applicable to Patinex and Alecta, with **95.30%** of the votes;
- the sixth resolution, regarding the decision to proceed with a capital increase by issuing new shares of the Company (without preferential subscription rights) to those shareholders of Converium Holding AG who tender their shares in any Company tender offer for the registered shares of Converium, with **82.84%** of the votes;
- the seventh resolution granting power for the formalities, with **99.73%** of the votes.

The achieved quorum amounted to 51% of the voting rights for all of the resolutions.

Strengthened by the exceptional support of its shareholders, SCOR will pursue the implementation of the combination of SCOR and Converium in order to create the 5th largest multi-line reinsurance company in the world. This reinsurer will be focused on the European and Asian markets and will be balanced between Life and Non-Life reinsurance, with an increased level of solvency and reinforced income capacity.

Denis Kessler, Chairman and Chief Executive Officer of SCOR, said:

On behalf of SCOR's Board of Directors, I am delighted by the exceptional level of support shown by SCOR's shareholders regarding the combination between SCOR and Converium. The support for this project, which was expressed by a very large majority of votes for all of the resolutions proposed at the Extraordinary General Meeting, shows that SCOR's shareholders endorse this industrial and financial project, which is based on very solid foundations, and consider the terms and conditions of the offer to be fair and equitable. SCOR will therefore become the lead shareholder of Converium with 32.9% of its share capital and will exercise the corresponding voting rights at Converium's upcoming General Meeting.
