Item 4.02(a) Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

On November 6, 2008, the management of Aircastle Limited (the Company) concluded, with the approval of the Audit Committee of the Company's Board of Directors, that our previously filed consolidated financial statements contained in our March 31, 2008 and June 30, 2008 Quarterly Reports on Forms 10-Q and our December 31, 2007 Annual Report on Form 10-K, as well as the related report of the Company's independent registered public accounting firm, should no longer be relied upon.

Management determined that the Company's previously filed consolidated statements of cash flows should be restated to (a) eliminate certain non-cash activities related to maintenance payments, security deposits and advance lease rentals from the operating and investing activity sections and (b) reclassify certain maintenance payments and security deposits from operating activities to financing activities.

This restatement will not change our previously reported consolidated balance sheets or consolidated statements of income, including net income, earnings per share or shareholders' equity, for all of the aforementioned periods, and will not change our cash balances. Additionally, this restatement will not alter our previously reported net change in cash and cash equivalents in the consolidated statements of cash flows for all of the aforementioned periods.

Management and the Audit Committee discussed these matters with the Company's independent registered public accounting firm, Ernst & Young, LLP.

The impact of the misstatement and reclassifications in the consolidated statements of cash flows for the aforementioned periods is summarized as follows:
