Item 2.02 Results of Operation and Financial Condition

On July 24, 2009, United Community Banks, Inc. (the Registrant) issued a news release announcing its financial results for the quarter ended June 30, 2009 (the News Release). The News Release, including financial schedules, is attached as Exhibit 99.1 to this report. In connection with issuing the News Release, on July 24, 2009 at 11:00 a.m. EST, the Registrant intends to hold a conference call/webcast to discuss the News Release. In addition to the News Release, during the conference call the Registrant intends to discuss certain financial information contained in the Second Quarter 2009 Investor Presentation (the Investor Presentation) which will be posted to the Registrant s website. The Investor Presentation is attached as Exhibit 99.2 to this report.

The presentation of the Registrant s financial results included operating performance measures and core earnings measures, which are measures of performance determined by methods other than in accordance with generally accepted accounting principles, or GAAP. Management included non-GAAP operating performance and core earnings measures because it believes it is useful for evaluating the Registrant s operations and performance over periods of time, and uses operating performance and core earnings measures in managing and evaluating the Registrant s business and intends to use it in discussions about the Registrant s operations and performance. Operating performance measures for the second quarter of 2009 exclude the effects of a \$11.4 million non-recurring gain from the acquisition of Southern Community Bank that resulted from a bargain purchase. Operating performance measures for the first six months of 2009 also exclude the effects of a \$70 million non-cash goodwill impairment charge and \$2.9 million in non-recurring severance charges related to a reduction in workforce because management feels that the two expense items are non-recurring in nature and do not reflect overall trends in the Registrant s earnings. Additionally, core earnings measures exclude credit related costs such as the provision for loan losses and foreclosed property expense, securities gains and losses, income taxes and other items of a non-recurring nature. Core earnings are useful in evaluating the underlying earnings performance trends of the Registrant. Management believes these non-GAAP performance measures may provide users of the Registrant s financial information with a meaningful measure for assessing the Registrant s financial results and comparing those financial results to prior periods.

Operating performance and core earnings measures should be viewed in addition to, and not as an alternative or substitute for, the Registrant s performance measures determined in accordance with GAAP, and is not necessarily comparable to non-GAAP performance measures that may be presented by other companies.
