**PROXY STATEMENT
FOR
ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON OCTOBER 30, 2009**

GENERAL INFORMATION

We are providing these proxy materials to you in connection with the solicitation of proxies by the Board of Directors of Ebix, Inc. for the 2009 Annual Meeting (the Annual Meeting) of our stockholders to be held on October 30, 2009, and any adjournment or postponement of the Annual Meeting. In this proxy statement, we refer to Ebix, Inc., as Ebix, the Company, we, or us.

We are holding our Annual Meeting at the Company's Atlanta, Georgia office located at Five Concourse Parkway, Suite 114 on Friday, October 30, 2009, at 11:00 a.m. Eastern Daylight Time. We intend to mail this proxy statement and accompanying proxy card to our stockholders starting on or about September 18, 2009. Our annual report for the year ended December 31, 2008, is being sent to each stockholder of record along with this proxy statement.

ABOUT THE MEETING

At our Annual Meeting, our stockholders will act upon the matters outlined in the accompanying notice of meeting, including the election of directors. In addition, our management will report on our performance during the 2008 year and respond to questions from stockholders.

VOTING INFORMATION

All shares represented by properly executed proxies received by the Board of Directors pursuant to this solicitation will be voted in accordance with the holder's directions specified on the proxy. If no directions have been specified by marking the appropriate places on the accompanying proxy card, the shares will be voted in accordance with the Board's recommendation which is:

FOR the election of Robin Raina, Pavan Bhalla, Hans U. Benz, Neil D. Eckert, Rolf Herter and Hans Ueli Keller to our Board of Directors for a term of one year.

A stockholder signing and returning the accompanying proxy has power to revoke it at any time prior to its exercise by delivering to the Company a later dated proxy or by giving notice to the Company in writing or at the meeting, but without affecting any vote previously taken.

Record Date

You may vote all shares that you owned as of September 9, 2009, which is the record date for the Annual Meeting. As of September 9, 2009, we had 10,644,375 shares of common stock outstanding. Each share of common stock is entitled to one vote on each matter properly brought before the meeting.

Electronic Availability

Our Proxy Statement, Annual Report to Shareholder and Form 10-K are available on the Company's website at www.ebix.com.

Electronic Delivery

We are delivering this year's annual meeting materials, and expect to deliver future annual meeting materials, to you electronically by making them available over the Internet, unless you have requested or request, to receive printed copies of such materials. If your shares are currently registered directly in your name you can view the materials, vote and elect to receive printed paper copies of these or future annual meeting materials by mail delivery by going to the website www.proxydocs.com/ebix and following the instructions provided. Paper materials may also be requested via telephone at 1-866-648-8133, or via email to paper@investorelections.com. If you are requesting printed materials via email, please include the twelve digit control number on your proxy notice materials in the subject line. If your shares of company stock are held in a brokerage account, please refer to the information provided by your bank, broker or nominee for instructions on how to elect to receive printed copies of these or future annual meeting materials by mail. Providing you with annual meeting materials via the Internet instead of mailing printed paper materials will save your company a substantial amount of money in postage and printing costs and is environmentally friendly.

How to Vote

Your Vote Is Important. We encourage you to vote promptly. Internet and telephone voting is available through 5:00 p.m. Eastern time on Thursday, October 29, 2009, for all shares held of record. You may vote in one of the following ways:

By Internet: You can vote your shares by Internet. Your Notice indicates the website and control number you need to access Internet voting. You may vote by Internet 24 hours a day. The website has easy to follow instructions and you will be able to confirm that the system has properly recorded your votes. If you are an owner in street name, please follow the Internet voting instructions that accompany the notice from your broker.

By Telephone: If you are located in the U.S., you can vote your shares by calling the toll-free number 1-866-390-5268 or other number provided in the instructions from your broker. As with Internet voting, holders of record may vote by telephone 24 hours a day. The telephone voting system also has easy-to-follow instructions and, as with Internet voting, allows you to confirm that the system has properly recorded your votes.

By Mail: If you have requested delivery of printed materials by mail, you will receive a proxy card in such materials and you can vote by marking, dating, signing the proxy card and returning it by mail in the enclosed postage-paid envelope. Although we have no intention to currently do so, we may also elect, depending on the circumstances, to send you a physical printed proxy card or elect to have the holder of record send you physical printed voting instructions. If you hold your shares in street name and you have requested physical delivery of printed materials by mail from your broker, please complete and mail the voting instruction card.

At The Annual Meeting: The way you vote your shares now will not limit your right to change your vote at the annual meeting if you attend in person. If you hold your shares in street name, you must obtain a physical proxy, executed in your favor, from the holder of record if you wish to vote these shares at the meeting.

All shares that have been properly voted and not revoked will be voted at the meeting. If you fail to completely vote during Internet or telephone voting or if you sign and return a proxy card without any voting instructions, your shares will be voted as the board of directors recommends.

Revocation Of Proxies: You can revoke your proxy at any time before your shares are voted if you: (1) send a written notice to our Secretary indicating that you want to revoke your proxy; or (2) deliver to our Secretary a duly executed proxy (or voting instructions if you hold your shares in street name) bearing a later date, which revokes all previous proxies; or (3) attend the meeting in person, give written notice of revocation to the secretary of the meeting prior to the voting of your proxy and vote your shares in person, although your attendance at the meeting will not by itself revoke your proxy.

Quorum and Required Vote

Quorum: We will have a quorum and will be able to conduct the business of the Annual Meeting if the holders of a majority of the votes that shareholders are entitled to cast are present at the meeting, either in person or by proxy.

Vote Required for Proposals:

Directors are elected by a plurality of the shares of common stock that are present in person or represented by proxy.

Routine And Non-Routine Proposals: NASDAQ rules determine whether proposals presented at the shareholder meetings are routine or not routine. If a proposal is routine, a broker or other entity holding shares for an owner in street name may vote for the proposal without voting instructions from the owner.

If a proposal is not routine, the broker or other entity may vote on the proposal only if the owner has provided voting instructions. A broker non-vote occurs when the broker or other entity is unable to vote on a proposal because the proposal is not routine and the owner does not provide any instructions.

Under NASDAQ rules, the election of directors is a routine item.

How We Count Votes: In determining whether we have a quorum, we count abstentions and broker non-votes as present and entitled to vote.

In counting votes on the proposals:

We do not count abstentions or broker non-votes, if any, as votes cast for the election of directors, but we do count votes withheld for one or more nominees as votes cast.

Because directors are elected by a plurality, this means that the six nominees receiving the highest number of FOR votes will be elected. Neither abstentions nor broker non-votes will have any effect in determining the outcome of the election of directors.

**INFORMATION CONCERNING THE BOARD OF DIRECTORS AND
THE CORPORATE GOVERNANCE OF THE COMPANY**

Our business is managed by the Company's employees under the direction and oversight of the Board of Directors. Except for Mr. Raina, none of our current Board members is an employee of the Company. We keep Board members informed of our business through discussions with management, materials we provide to them, visits to our offices, and facilities, and their participation in Board and Board committee meetings. The Board has three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. The Board limits membership of the Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee to independent, non-management directors.

The Audit Committee exercises oversight responsibility regarding the quality and integrity of our auditing and financial reporting practices. In discharging this responsibility, the Audit Committee, among other things, selects the independent registered public accounting firm, pre-approves the audit and any non-audit services to be provided by the auditors and reviews the results and scope of the annual audit performed by the auditors. The Audit Committee currently consists of Messrs. Bhalla (Chairman), Keller and Benz. After reviewing the qualifications of the current members of the committee, and any relationships they may have with the Company that might affect their independence from the Company, our Board of Directors has determined that: (1) all current members of the Audit Committee are independent as that concept is defined in Section 10A of the Securities Exchange Act of 1934, (2) all current members of the Audit Committee are independent as that concept is defined in the NASDAQ listing standards, (3) all current members of the Audit Committee are financially literate, and (4) Mr. Bhalla qualifies as an audit committee financial expert as defined under SEC rules promulgated under the Sarbanes-Oxley Act of 2002. The Audit Committee met five times during 2008. The Audit Committee exercises its authority pursuant to a written charter that was adopted in October 2004 and is attached to this proxy statement as **Exhibit A**.

The Compensation Committee is responsible for approving compensation of officers and directors and administration of our various employee benefit plans. The Compensation Committee operates pursuant to a written charter that is posted on our website at www.ebix.com. The Compensation Committee currently consists of Messrs. Benz and Keller (Chairman), each of whom is independent as that concept is defined in the NASDAQ listing standards. The Compensation Committee met five times during 2008. The Compensation Committee exercises its authority pursuant to a written charter that was adopted in October 2004 and attached to this proxy statement as **Exhibit B**.

The Corporate Governance and Nominating Committee has responsibility for recommending to the Board of Directors the persons to be nominated for election as directors by stockholders and recommending the persons to be elected by the Board of Directors to fill any vacancies. It also makes recommendations to the Board of Directors concerning the qualifications of members of the Board of Directors' committees, committee member appointment and removal and appointment of committee chairs. In addition, the Corporate Governance and Nominating Committee considers matters of corporate governance generally and reviews and recommends to the Board of Directors, periodically, our Corporate Governance Guidelines. The Corporate Governance and Nominating Committee currently consists of Messrs. Eckert (Chairman) and Herter, each of whom is independent as that concept is defined in the NASDAQ listing standards. The Corporate Governance and Nominating Committee met once in 2008. See Nominating Procedures. The Corporate Governance and Nominating Committee exercises its authority pursuant to a written charter which was adopted in October 2004. Its charter, along with the Audit and Compensation Committee charters and our Corporate Governance Guidelines posted on our website at www.ebix.com.

The Board of Directors held eight meetings during 2008. All of these meetings were conducted via teleconference. All directors attended at least 75% or more of the meetings.

Corporate Governance Practices And Policies

Our Board of Directors has been carefully following the corporate governance developments that have been taking place as a result of the adoption of the Sarbanes-Oxley Act of 2002, the rules adopted thereunder by the Securities and Exchange Commission (SEC), new NASDAQ listing standards and other corporate governance recommendations. In October 2004, our Board designated a new committee, the Corporate Governance and Nominating Committee, and also adopted new charters for the Audit Committee and the Compensation Committee, as well as our Corporate Governance Guidelines.

Our Corporate Governance Guidelines address, among other things, the Board's composition, qualifications and responsibilities, director education and stockholder communication with directors. These Corporate Governance Guidelines provide that directors are expected to attend our annual meeting of stockholders.

Our Board of Directors also has adopted a Code of Ethics for Senior Financial Officers, which is applicable to our Chief Executive Officer, Chief Financial Officer, Corporate Controller and any other persons designated as senior financial officers. Our Board of Directors also has adopted a Code of Conduct, articulating standards of business and professional ethics, which is applicable to all of our directors, officers and employees. The full texts of the Code of Ethics for Senior Financial Officers and Code of Conduct are available on our website.

Nominating Procedures

The Corporate Governance and Nominating Committee will consider candidates for the Board of Directors from any reasonable source, including stockholder recommendations. The Corporate Governance and Nominating Committee will not evaluate candidates differently based on who has made the proposal. The Corporate Governance and Nominating Committee has the authority under its charter to hire and pay a fee to consultants or search firms to assist in the process of identifying and evaluating candidates. No such consultants or search firms have been used to date and, accordingly, no fees have been paid to consultants or search firms in the past fiscal year. The Corporate Governance and Nominating Committee will consider many factors when considering candidates for election to the Board of Directors, including that the proper skills and experiences are represented on the Board of Directors and its committees and that the composition of the Board of Directors and each such committee satisfies applicable legal requirements and the NASDAQ listing standards. Depending upon the current needs of the Board of Directors, certain factors may be weighed more or less heavily by the Corporate Governance and Nominating Committee.

Stockholders who wish to suggest qualified candidates should write to Ebix, Inc., Five Concourse Parkway, Suite 3200, Atlanta, Georgia 30328 specifying the name of the candidates and stating in detail the qualifications of such persons for consideration by the Corporate Governance and Nominating Committee. A written statement from the candidate consenting to be named as a candidate and, if nominated and elected, to serve as a director should accompany any such recommendation.

Stockholder Communications

The Board of Directors has provided a means by which stockholders may send communications to the Board or to individual members of the Board. Such communications, whether by letter, e-mail or telephone, should be directed to the Corporate Compliance Officer of the Company who will forward them to the intended recipients. However, unsolicited advertisements or invitations to conferences or promotional material, in the discretion of the Corporate Compliance Officer or his designee, may not be forwarded to the directors.

If a stockholder wishes to communicate to the Chairman of the Audit Committee about a concern relating to the Company's financial statements, accounting practices or internal controls, the concern should be submitted in writing to the Chairman of the Audit Committee in care of the Company's Corporate Compliance Officer at the Company's headquarters address. If the concern relates to the Company's governance practices, business ethics or corporate conduct, the concern likewise should be submitted in writing to the Chairman of the Audit Committee in care of the Company's Corporate Compliance Officer at the Company's headquarters address. If the shareholder is unsure as to which category his or her concern relates, he or she may communicate it to any one of the independent directors in care of the Company's Secretary. The Company's whistleblower policy prohibits the Company or any of its employees from retaliating or taking any adverse action against anyone for raising a concern. If a shareholder or employee nonetheless prefers to raise his or her concern in a confidential or anonymous manner, the concern may be directed to the Corporate Compliance Officer at the Company's headquarters or by telephone at (678) 281-2020.

Independence

We require that a majority of the Board of Directors consist of independent, non-management directors, who also meet the criteria for independence required by the NASDAQ. Under such rules, a director is independent if he or she does not have a material relationship with the Company. Our Board annually evaluates each member's independence status.

The Board of Directors has determined that as of September 9, 2009, five (5) of the Company's six (6) incumbent directors are independent, including under NASDAQ guidelines: Messrs. Bhalla, Keller, Benz, Eckert and Herter. Mr. Raina as management director, participate in the Board's activities and provide valuable insights and advice. Non-management directors have access to individual members of management or to other employees of the Company on a confidential basis. Directors also have access to Company records and files and directors may contact other directors without informing Company management of the purpose or even the fact of such contact.

PROPOSAL 1: ELECTION OF DIRECTORS

Our bylaws provide for a Board of Directors consisting of not less than four, nor more than eight, directors. The number of directors has been set as six (6), each of which will be elected at the Annual Meeting. The directors elected will hold office until their successors are elected (which should occur at the next Annual Meeting) and qualified, unless they die, resign or are removed from office prior to that time. In the absence of specific instructions, executed proxies which do not indicate for whom votes should be cast will be voted FOR the election of the nominees named below as directors. In the event that any nominee is unable or declines to serve as a director (which is not anticipated), the proxyholders will vote for such substitute nominee as the Board of Directors recommends or vote to allow the vacancy to remain open until filled by the Board of Directors, as the Board of Directors recommends.

Set forth below is information as to each nominee for director, including age, principal occupation and employment during the past five years, directorships with other publicly-held companies, and period of service as a member of our Board of Directors. Our Board of Directors has determined that all of our non-employee directors and nominees (all of the directors and nominees other than Robin Raina, our Chairman, President and Chief Executive Officer to Ebix, Inc.) are independent as that concept is defined in the NASDAQ listing standards.

DIRECTOR COMPENSATION

Discussion of Director Compensation

Following each Annual Meeting of our stockholders, non-employee members of the board of directors are typically granted an option to purchase 9,000 shares of common stock at an exercise price per share of 100% of the fair market value for each share of common stock on the date of the grant. In the past, option grants have become exercisable in the following manner: 2,249 options are exercisable one year from their grant date and the remaining options then vest in quarterly amounts over the next 3 year period. Each grant of options has a term of five years beginning on the date of grant.

On December 12, 2008, the board of directors granted to each non-employee director 9000 stock options. Such grants were made pursuant to board's policy set forth on November 11, 2007. Each non-employee director received an annual cash retainer of \$14,000 during 2008. Mr. Keller and Benz received \$5,000 following the annual meeting of stockholders on September 26, 2008 for serving on both the Audit and Compensation Committees. The Audit Committee Chairman, Mr. Bhalla received cash compensation of \$5,000 following the September 26, 2008 meeting.

On November 11, 2007, the board of directors met and decided to double the amount of options granted to each non-employee director it to 9000 stock options after each annual meeting of stockholders. During 2007, however, no stock options or restricted stock were granted to any non-employee director. On February 8, 2008, the board of directors granted to each non-employee director 9000 stock options. Such grants were made pursuant to board's policy set forth on November 11, 2007. Each non-employee director received an annual cash retainer of \$14,000 during 2007. Mr. Keller and Benz received \$5,000 following the annual meeting of stockholders on November 15, 2007 for serving on both the Audit and Compensation Committees. The Audit Committee Chairman, Mr. Bhalla received cash compensation of \$5,000 following the November 15, 2007 meeting.

On October 20, 2006, the Company held the annual meeting of stockholders. Immediately following that annual meeting of stockholders, each non-employee director received options to purchase 4,500 shares of Common Stock, including the options automatically awarded under the 1998 Director Option Plan, at an exercise price per share of 100% of the fair market value of a share of Common Stock on the date of the grant. These options become exercisable on the last day of each of the four calendar quarters beginning with the first calendar quarter ending on or after the date of the grant, and have a term of ten years beginning on the date of grant. In addition, each non-employee director is to receive an annual cash retainer of \$14,000. Each member of the Audit Committee and Compensation Committee, other than its Chairman, received cash compensation of \$3,000 in 2006. Mr. Keller and Benz received \$5,000 following the October 20, 2006 meeting for serving on both the Audit and Compensation Committees. The Audit Committee Chairman, Mr. Bhalla received cash compensation of \$5,000 following the October 20, 2006 meeting.

EXECUTIVE OFFICERS

We have two executive officers, Robin Raina and Robert F. Kerris. Information as to Mr. Raina is provided above. ROBERT F. KERRIS, 55, joined the Company as Chief Financial Officer and Corporate Secretary on October 22, 2007. Prior to joining the Company, Mr. Kerris was Chief Financial Officer at Aelera Corporation. He held this position from May 2006 to October 2007. Previously he was a Financial Vice President at Equifax, Inc. from November 2003 to April 2006, Corporate Controller at Interland, Inc. from September 2002 to October 2003 and held senior financial management positions at AT&T, BellSouth, and Northern Telecom. Mr. Kerris is a licensed certified public accountant and holds an accounting and economics degree from North Carolina State University.

EXECUTIVE COMPENSATION**Compensation Disclosure and Analysis***Objectives and Goals*

The objectives of the committee has been to adopt a compensation approach that is basically simple, internally equitable and externally competitive, and that attracts, motivates and retains qualified people capable of contributing to the growth, success and profitability of the Company, thereby contributing to long-term stockholder value.

Simplicity. The committee believes that a compensation package with three major elements of compensation is the simplest approach consistent with the Company's goals. The Company generally does not utilize special personal perquisites such as private jets, payment of country club dues, Company-furnished motor vehicles, permanent lodging or defrayment of the cost of personal entertainment.

Internal Equity. Internal equity has generally been evaluated based on an assessment of the relative contributions of the members of the management team. In 2008, the committee did not undertake any formal audit or similar analysis of compensation equity with respect to either the CEO relative to the other members of the management team or with respect to the management team relative to the Company's employees generally. However, the committee believes that the relative difference between CEO compensation and the compensation of the Company's other executives is consistent with such differences found in the Company's insurance services peer group and the market for executive level personnel for public companies of similar size.

External Competitiveness. The committee believes it is important to management retention and morale that compensation be competitive with our competitors. As a part of that exercise, the committee hired an outside compensation consultant to review the competitive landscape and to establish transparent criterion for CEO compensation. Based on the consultant's report and the contributions provided by individual board members, based on their business experiences, the compensation committee established a transparent plan for CEO compensation. The plan was unanimously adopted by the board of directors.

Major Compensation Components

The principal components of compensation for our executive officers are base salary, short-term incentives, generally in the form of cash bonus programs, and long-term incentives, generally in the form of equity-based awards such as stock awards. We believe the Company's goals are best met by utilizing an approach to compensation with these three distinct elements.

Base Salaries. The Company's base salaries are intended to be consistent with the committee's understanding of competitive practices, levels of executive responsibility, qualifications necessary for the particular executive position, and the expertise and experience of the executive officer. Salary adjustments reflect the committee's belief as to competitive trends, the performance of the individual and, to some extent, the overall financial condition of the Company.

Short-Term Incentives. The short-term incentive for an executive is the opportunity to earn an annual cash bonus. The committee has concluded that bonus payments should be primarily based on the achievement of specific predetermined profit and expense control targets while a smaller portion should be discretionary based on the committee's evaluation of an executive's individual performance in specific qualitative areas. We do not disclose specific profit and expense control targets or other specific quantitative or qualitative performance related factors. Such targets and information are intended as a way to allocate risk and reward in the best manner to motivate the Company's management. Likewise, such targets may be subject to change based on subsequent developments or may be dependent on events or assumptions which are, either in whole or in part, beyond the control of the Company or the named officer.

Short-term incentive compensation is generally based on three performance criteria: (a) profitability, (b) revenue growth, and (c) other specific performance criteria. Under the short-term incentive plan for the fiscal year ended December 31, 2008, an incentive bonus of \$1,300,000 was awarded to Robin Raina but has not been paid as of March 30, 2009, and a \$30,000 bonus was paid to Robert Kerris.

When determining bonuses for executive officers, we particularly took into account two factors, Ebix's performance as compared to its industry peers and the increased operating income performance. Potential bonuses, as a percentage of base salary, were higher for our principal executive officer and principal financial officer, reflecting their greater responsibility for and greater ability to influence the achievement of targets.

The following table sets forth for each named executive officer, the bonus percentage potentially attributable to performance targets and the percentage attributable to the committee's discretion. The committee has the authority to adjust, waive or reset targets.

The following chart sets forth information regarding the actual annual cash incentive awards made to Robin Raina and Robert Kerris, the Company's named executive officers.

Short Term Incentive Plan Participant (Name and Position)	Award Percentage Subject to	Target Incentive Award as a	Actual	Actual Annual Incentive Award as a	Actual Incentive Award as a
	Objective/ Subjective Criteria (%)	Percentage of Base Salary (%)	Annual Incentive Award (\$)	Percentage of Target (%)	Percentage of Base Salary (%)
Robin Raina, Chairman of the Board and Chief Executive Officer	100/-	164%	1,900,000	211%	346%
Robert F. Kerris, Chief Financial Officer and Corporate Secretary	100/-	22%	30,000	100%	22%

Long-Term Incentives. While salary and short-term incentives are primarily designed to compensate current and past performance, the primary goal of the long-term incentive compensation program is to directly link management compensation with the long-term interests of the stockholders.

Types of Equity Awards and Criteria for Award Type Selection. Prior to 2005, we relied heavily on stock options to provide incentive compensation to our executive officers and other key employees and to align their interests with those of our stockholders. Based on changes in U.S. accounting rules and a general trend toward increased use of restricted stock and decreased use of stock options, the committee has increased the number of awards using restricted stock and decreased the number utilizing stock options. For the immediate future, we intend to rely primarily on restricted stock grants to provide long-term incentive compensation to our officers and key employees, without excluding the possibility of continuing to also grant stock options as a form of incentive compensation.

Criteria for Award Amounts. In considering whether to grant equity incentives, the committee looks at a variety of factors, with no formal weighting assigned to any single factor or group of factors. The committee evaluates equity incentive awards made by our competitors (both individually and as part of a comparative compensation analysis), other insurance services and technology companies, historical levels of the Company's equity incentives, the extent to which value under the award is subject to risk, whether the award vehicle has intrinsic value, and the need to motivate and retain persons eligible to participate under the Company's plans.

Vesting and Holding Periods for Equity Incentive Compensation. As a means to encourage long term thinking and encourage continued employment with us, the Company's equity awards are usually subject to a multi-year vesting period. Historically, our grants of stock options and restricted stock have vested over a three year period and the committee anticipates that future awards will continue to be subject to multi-year vesting, most likely for similar three year periods. Historically, the Company has not imposed minimum equity ownership requirements for equity compensation awarded to its executive officers, nor has it required any continued ownership of the securities issued pursuant to such awards after vesting. The committee continues to evaluate whether such a policy of minimum stock ownership levels or award retention should be implemented and the potential parameters for any award retention policy. It is anticipated that any such policy would provide for sales in the event of hardship and sales sufficient to generate sufficient income to pay taxes in connection with the award or other awards. The Committee does not anticipate making any determination on whether to implement any such policies or the scope of any such policies before the summer of 2009.

Equity Awards in 2008

In 2008, no stock options and 16,074 shares of restricted stock were granted to the named executive officers of the Company.

Other Compensation Components

Company executives are eligible to participate in the Company's health care, insurance and other welfare and employee benefit programs, which are the same for all eligible employees, including Ebix's executive officers.

Use of Employment and Severance Agreements

In the past, the committee has determined that competitive considerations merit the use of employment contracts or severance agreements for certain members of senior management. Presently, however, no member of senior management is employed under an employment contract.

Recapture and Forfeiture Policies

Historically the Company has not had formal policies with respect to the adjustment or recapture of performance based awards where the financial measures on which such awards are based or to be based are adjusted for changes in reported results such as, but not limited to, instances where the Company's financial statements are restated. The committee does not believe that repayment should be required where the Plan participant has acted in good faith and the errors are not attributable to the participant's gross negligence or willful misconduct. In such later situations, the committee believes the Company has or will have available negotiated or legal remedies. However, the committee may elect to take into account factors such as the timing and amount of any financial restatement or adjustment, the amounts of benefits received, and the clarity of accounting requirements leading to any restatement in fixing of future compensation.

Deductibility of Compensation and Related Tax Considerations

As one of the factors in its review of compensation matters, the committee considers the anticipated tax treatment to the Company and to the executives of various payments and benefits.

Section 162(m). Section 162(m) of the Internal Revenue Code of 1986, as amended (the *Code*) generally limits to \$1 million the amount that a publicly-held corporation is allowed each year to deduct for the compensation paid to each of the corporation's chief executive officer and the corporation's four most highly compensated executive officers, other than the chief executive officer. However, performance-based compensation is not subject to the \$1 million deduction limit. In general, to qualify as performance-based compensation, the following requirements must be satisfied: (i) payments must be computed on the basis of an objective, performance-based compensation standard determined by a committee consisting solely of two or more outside directors, (ii) the material terms under which the compensation is to be paid, including the business criteria upon which the performance goals are based, and a limit on the maximum amount which may be paid to any participant pursuant to any award with respect to any performance period, are approved by a majority of the corporation's stockholders, and (iii) the committee certifies that the applicable performance goals were satisfied before payment of any performance-based compensation is made.

Although the Company's stock option plans generally have been structured with the goal of complying with the requirements of Section 162(m), and the compensation committee believes the stock options and restricted stock grants awarded there under should qualify as performance-based compensation exempt from limitations on deductibility under Section 162(m), the deductibility of any compensation was not a condition to any compensation decision. The Company does not expect its ability to deduct executive compensation to be limited by operation of Section 162(m). However, due to interpretations and changes in the tax laws, some types of compensation payments and their deductibility depend on the timing of an executive's vesting or exercise of previously granted rights and other factors beyond the compensation committee's control which could affect the deductibility of compensation.

The compensation committee will continue to carefully consider the impact of Section 162(m) when designing compensation programs, and in making compensation decisions affecting the Company's Section 162(m) covered executives. We fully expect the majority of future stock awards will be excludable from the Section 162(m) \$1 million limit on deductibility. Nonetheless, the compensation committee believes that in certain circumstances factors other than tax deductibility are more important in determining the forms and levels of executive compensation most appropriate and in the best interests of the Company and its stockholders. Accordingly, it may award compensation in excess of the deductibility limit, with or without requiring a detailed analysis of the estimated tax cost of non-deductible awards to the Company. Given our dynamic and rapidly changing industry and business, as well as the competitive market for outstanding leadership talent, the compensation committee believes it is important to retain the flexibility to design compensation programs consistent with its compensation philosophy for the Company, even if some executive compensation is not fully deductible.

Section 280G. Code Section 280G generally denies a deduction for a significant portion of certain compensatory payments made to corporate officers, certain shareholders and certain highly-compensated employees if the payments are contingent on a change of control of the employer and the aggregate amounts of the payments to the relevant individual exceed a specified relationship to that individual's average compensation from the employer over the preceding five years. In addition, Code Section 4999 imposes on that individual a 20% excise tax on the same portion of the payments received for which the employer is denied a deduction under Section 280G. In determining whether to approve an obligation to make payments for which Section 280G would deny the Company a deduction or whether to approve an obligation to indemnify (or gross-up) an executive against the effects of the Section 4999 excise tax, the committee has adopted an approach similar to that described above with respect to payments which may be subject to the deduction limitations of Section 162(m).

Chief Executive Officer Compensation

The compensation policies described above apply equally to the compensation of the Chief Executive Officer (CEO).

Committee Conclusion

Attracting and retaining talented and motivated management and employees is essential to create long-term stockholder value. Offering a competitive, performance-based compensation program with a large equity component helps to achieve this objective by aligning the interests of the Company's CEO and other executive officers with those of stockholders. The committee believes that Ebix's 2008 compensation program met these objectives. Likewise, based on our review, the committee finds the total compensation (and, in the case of the severance and change-in-control scenarios, the potential payouts) to the Company's CEO and other named executive officer in the aggregate to be reasonable and not excessive.

The Audit Committee is responsible for overseeing the Company's financial reporting process on behalf of the Board of Directors. Management of the Company has the primary responsibility for the Company's financial reporting process, principles and internal controls as well as preparation of its financial statements. The Company's independent registered public accounting firm is responsible for performing an audit of the Company's financial statements and expressing an opinion as to the conformity of such financial statements with accounting principles generally accepted in the United States of America.

The Audit Committee has reviewed and discussed the Company's audited financial statements as of and for the year ended December 31, 2008 with management and the independent registered public accounting firm. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed under auditing standards generally accepted in the United States, including those matters set forth in Statement on Auditing Standards No. 61 (Communication with Audit Committees), as currently in effect, and amended by Statement on Auditing Standards No. 89 (Audit Adjustments) and Statement on Auditing Standards No. 90 (Audit Committee Communications). The independent registered public accounting firm has provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as currently in effect and has discussed with the independent registered public accounting firm its independence. The Audit Committee has also considered whether the independent registered public accountants' provision of non-audit services to the Company is compatible with maintaining the independent registered public accountants' independence. The Audit Committee has concluded that the independent registered public accountants are independent from the Company and its management.

In addition, the members of the Audit Committee reviewed, and the chairman of the committee discussed with management and Cherry, Bekaert & Holland LLP (CB&H) (the Company's independent registered public accounting firm), the interim financial information contained in each quarterly earnings release prior to the release of such information to the public.

Pursuant to the requirements of the Sarbanes-Oxley Act of 2002, the terms of the engagement of CB&H are subject to the specific pre-approval of the Audit Committee. All audit and permitted non-audit services to be performed by CB&H require pre-approval by the Audit Committee in accordance with pre-approved procedures established by the Audit Committee. The procedures require all proposed engagements of CB&H for services of any kind to be directed to the Company's Chief Financial Officer and then submitted for approval to the Audit Committee prior to the beginning of any services.

In fiscal 2008 100% of the audit fees, audit related fees and tax fees were approved either by the Audit Committee or its designee. The Audit Committee has considered whether the provision of non-audit services by the Company's independent registered public accounting firm is compatible with maintaining auditor independence and believes that the provision of such services is compatible. Further, the Audit Committee discussed with the Company's independent registered public accounting firm the overall scope and plans for their respective audits.

As a result of the reviews and discussions with management and CB&H referred to above, the Audit Committee recommended to the Board of Directors and the Board has approved that the audited financial statements of the Company be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2008, for filing with the Securities and Exchange Commission.

This report has been submitted by the Audit Committee:

Respectfully submitted,

The Members of the Audit Committee

Pavan Bhalla

Hans Ueli Keller

Hans U. Benz

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

As stated above, CB&H was engaged to perform the Company's annual audit for the fiscal year ended December 31, 2008 and is expected to continue to provide audit services to the Company for fiscal 2009. It is anticipated that a representative of CB&H will be present at the annual meeting of shareholders to respond to appropriate questions and to make a statement if such representatives so desire.

The Company's Audit Committee annually appoints the independent registered public accounting firm for the Company after receiving the formal recommendation of its audit committee.

On January 14, 2008, Ebix (the Company) was informed by Miller Ray Houser & Stewart, LLP, (MRHS) the Company's independent registered public accounting firm, that MRHS had been acquired by Habif, Arogeti & Wynne, LLP (HA&W) and that from henceforward HA&W would serve as the Company's independent registered public accounting firm. HA&W served as Ebix's registered public accountants for the year ended December 31, 2007.

On December 12, 2008, the Company received notice from HA&W of its decision not to stand for re-appointment as its independent registered public accountant for the fiscal year ending December 31, 2008. As a result of the receipt of such notice, the client-auditor relationship between Ebix and HA&W promptly ended. Prior to receiving HA&W's notification, the members of the Audit Committee of the Company's Board of Directors had not approved a decision to reappoint HA&W. The Audit Committee had been considering the possibility of engaging other independent registered public accounting firms, so as to explore opportunities to reduce the Company's audit cost structure. There were no disagreements between the Company and HA&W on any matters of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which, if not resolved to the satisfaction of HA&W, would have caused HA&W to make reference thereto in their reports on the financial statements for such fiscal year or subsequently.

Since HA&W had been retained as Ebix's independent registered public accounting firm, its reports in the financial statements of Ebix including those for the fiscal year ended December 31, 2007 and any subsequent interim period through the date the relationship with HA&W ended, have not contained an adverse opinion or disclaimer of opinion, nor were any such reports qualified or modified as to uncertainty, audit scope, or accounting principles.

During the period of the Company's engagement of HA&W, there were no reportable events as defined in Item 304(a)(1)(v)(A) through (D) of Regulation S-K, no disagreements with HA&W on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure which, if not resolved to the satisfaction of HA&W, would have caused HA&W to make reference to the subject matter in connection with its opinion on the Company's consolidated financial statements for such years.

The Company authorized HA&W to fully respond to any inquires of the CB&H.

On January 2, 2009 the Audit Committee of the Board of Directors of Ebix, Inc. (Ebix or the Company) approved the appointment of CB&H as the Company s principal independent registered public accounting firm.

During the past two fiscal years ending December 31, 2007 and 2008 and thru January 2, 2009:

The Company did not consult CB&H regarding either the application of accounting principals to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company s financial statements;

Neither a written report nor oral advice was provided to the Company by CB&H that CB&H concluded was an important factor considered by the Company in reaching a decision on an accounting or financial reporting issue; and,

The Company did not consult with CB&H regarding any matter that was either the subject of a disagreement (as defined in Item 304(a)(1)(iv) of Regulation S-K) or a reportable event (as that term is defined in Rule 304(a)(1)(v) of Regulation S-K).

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors and persons who beneficially own more than ten percent of a registered class of our equity securities to file with the Securities and Exchange Commission reports of securities ownership on Form 3 and changes in such ownership on Forms 4 and 5. Officers, directors and more than ten percent beneficial owners also are required by rules promulgated by the Securities and Exchange Commission to furnish us with copies of all such Section 16(a) reports that they file. Based solely upon a review of the copies of Forms 3, 4, and 5 furnished to us and/or representations by certain executive officers and directors that no such reporting forms were required for them, we believe that, during 2008, all of our directors, officers and more-than-ten-percent beneficial owners filed all required reports on a timely basis except for the failure of the Rennes Foundation to timely file a Form 3 with respect to its current beneficial ownership interests, and Messrs. Bhalla, Benz, Eckert, Herter and Keller who failed to promptly file Form 4s after their grants of stock options on December 12, 2008.

**Ebix, Inc.
AUDIT COMMITTEE CHARTER**

A. Purpose

The Audit Committee (the **Committee**) of the Board of Directors (the **Board**) of Ebix, Inc. (the **Company**) shall oversee the Company's accounting and financial reporting processes and the audits of the Company's financial statements, and shall otherwise exercise oversight responsibility, and assist the Board in fulfilling its oversight functions, with respect to matters involving the accounting, auditing, financial reporting and internal control functions of the Company. In so doing, it shall be the goal of the Committee to maintain free and open means of communication between the members of the Board, the Company's independent public accountants who audit the Company's financial statements (the **Auditors**) and the Company's financial management. While it is not the Committee's responsibility to certify the Company's financial statements or to guarantee the Auditors' report, the Committee will facilitate discussions among the Board, the Auditors and the Company's management.

B. Composition

The Committee shall be comprised of three or more directors, as determined by the Board on the recommendation of the Corporate Governance and Nominating Committee. Each member of the Committee shall be independent as defined by the rules of The NASDAQ Stock Market (**NASDAQ**) and the Securities and Exchange Commission (the **SEC**) that are applicable to Audit Committee members. Each committee member shall also be free from any relationship that, in the opinion of the Board, would interfere with the exercise of his or her independent judgment as a member of the Committee.

All members of the Committee shall have a basic understanding of finance and accounting and be able to read and understand fundamental financial statements, including the Company's balance sheet, income statement, and cash flow statement. At least one member of the Committee shall have accounting or related financial management expertise consisting of employment experience in finance or accounting, requisite professional certification in accounting, or other comparable experience or background, which results in the individual's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities.

The Committee shall comply with any other Audit Committee composition requirements of NASDAQ and the SEC.

C. Meetings

The Committee shall meet with such frequency and at such intervals as it shall determine necessary to carry out its duties and responsibilities, but not less than quarterly. In addition, the Committee shall hold any special meetings as may be necessary or called by the Chairperson of the Committee or at the request of the Auditors or the Company's management. Representatives of the Auditors, members of the Company's management and others may attend meetings of the Committee at the invitation of the Committee and shall provide pertinent information as necessary. As part of its purpose to foster open and candid communication, the Committee shall meet periodically as necessary with the Auditors, the Company's management and any others that the Committee invites to meet with it in separate executive sessions to discuss any matters that the Committee or these individuals believe should be discussed privately with the Committee. The Committee may meet via telephone conference calls or take action in writing executed by all of the members. Except as otherwise specifically provided for in this Charter, a quorum shall consist of **[two]** members.

Unless the Board elects a Chairperson of the Committee (the **Chairperson**), the Committee shall elect a Chairperson by majority vote. The Chairperson of the Committee shall set the agenda of each meeting and arrange for the distribution of the agenda, together with supporting material, to the Committee members prior to each meeting. The Chairperson will also cause to be prepared and circulated to the Committee members minutes of each meeting.

D. Functions

In carrying out its functions, the Committee's policies and procedures shall remain flexible, so that it may be in a position to react or respond to changing circumstances or conditions. The Committee shall review and reassess no less than annually the adequacy of the Committee's charter.

The Committee's functions may be divided into the following general categories: (1) overseeing financial reporting, (2) evaluating independent audit processes, (3) reviewing internal controls established by management, and (4) other functions. The Committee shall:

1. Financial Information and Reports

- a. Meet with the Auditors and the Company's management to discuss, review and comment upon the interim financial statements to be included in each of the Company's Quarterly Reports on Form 10-Q prior to the public announcement of financial results and the filing of the Form 10-Q with the SEC. All members of the Committee are encouraged to attend these meetings; however, a quorum for these meetings or for this portion of regular meetings of the Committee may be the Chairperson of the Committee as authorized by applicable rules.
- b. Review with the Auditors and the Company's management the Company's annual financial statements to be included in the Company's Annual Report on Form 10-K prior to the public announcement of financial results and the filing of the Form 10-K with the SEC.

- d. Review the Company's press releases announcing financial results or financial forecasts of the Company prior to their dissemination.
- e. Discuss with the Auditors their judgments about the quality, not just the acceptability, of the Company's accounting principles and financial disclosure practices used or proposed and the appropriateness of significant management judgments.
- f. Discuss with the Company's management and the Auditors the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the Company's financial statements.
- g. Based upon discussions with, and reliance upon, the Auditors and the Company's management, prepare any Audit Committee reports or other Audit Committee-related disclosure, in filings with the SEC or otherwise, required by applicable securities laws, rules and regulations or by the rules of any securities exchange or market on which securities of the Company are listed, including a report to be included in the Company's proxy statement stating whether the Committee has (i) reviewed and discussed the audited financial statement with management, (ii) discussed with the Auditors the matters required to be discussed by Statement on Auditing Standards No. 61, (iii) received from the Auditors disclosures regarding their independence required by Independence Standards Board Standard No. 1 and discussed with the Auditors their independence. The proxy statement shall also contain a statement as to whether the Committee members are independent and that the Committee has adopted a charter.
- h. Review a report from the Auditors periodically, but no less than annually, as to (i) all critical accounting policies to be used, (ii) all alternative disclosures and treatments of financial information within generally accepted accounting principles (**GAAP**) that have been discussed with the Company's management, the ramifications of the use of such alternative disclosures and treatments and the disclosures and treatments preferred by the Auditors; and (iii) other material written communications between the Auditors and the Company's management, including management letters and schedules of unadjusted differences.
- i. Recommend to the Board, based upon the review and discussion described above, whether the annual financial statements should be included in the Company's Annual Report on Form 10-K.

2. Audit Processes

Be directly responsible for the appointment, compensation, retention and oversight of the work of the Auditors, including resolution of disagreements between management and the Auditors regarding financial reporting, for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company. The Auditors shall report directly to the Committee.
- b. Pre-approve all audit services and non-audit services (including the fees and terms thereof) to be performed for the Company by the Auditors to the extent required by, and in a manner consistent with, applicable law and policies established by the Committee. The Committee may delegate, subject to any rules or limitations it deems appropriate, to one or more designated members of the Committee the authority to grant such pre-approvals; provided, however, that the decisions of any member to whom authority is so delegated to pre-approve an activity shall be presented to the full Committee for ratification at its next meeting.
- c. On an annual basis, review the Auditors' independence and objectivity by (i) inquiring into matters such as all relationships between the Auditors and the Company and (ii) reviewing annual disclosures from the Auditors regarding their independence as required by Independence Standards Board Standard No. 1.
- d. On an annual basis, obtain and review a report from the Auditors concerning their internal quality control review of the firm, any inquiry or investigation by governmental or professional authorities within the preceding five (5) years respecting one or more independent audits carried out by the firm and any steps taken to address material issues raised by such review or any such inquiry or investigation.
- e. Review the experience and qualifications of the senior members of the Auditors' team.
- f. Review the annual audit plan of the Auditors and evaluate their performance and adherence to the prior year's audit plan.
- g. Require the rotation of the lead audit partner on a regular basis in accordance with the requirements of Securities Exchange Act of 1934 (the **Exchange Act**).
- h. Review and approve or veto the Company's hiring of employees or former employees of the Auditors who participated in any capacity in the audits of the Company.
- i. Following completion of the annual audit, review separately with the Company's management and the Auditors the effectiveness of the audit effort, including significant difficulties encountered during the course of the audit and any restrictions on the scope of work or access to required information.

3. Risk Management and Controls

- a. Inquire of the Auditors and the Company's management about significant risks or exposures and assess the steps which management has taken to minimize such risks and monitor control of these areas.
- b. Review and monitor compliance with the Company's Code of Ethics for Senior Financial Officers.
- c. Review with the Auditors and the Company's management their findings on the adequacy and effectiveness of internal controls and their recommendations for improving the internal control environment, including management's controls and security procedures with respect to the Company's information systems.
- d. Review with the Auditors and the Company's management the extent to which changes or improvements in financial or accounting practices, as approved by the Committee, have been implemented. This review will be conducted at an appropriate time subsequent to the implementation of changes or improvements, as decided by the Committee.
- e. Periodically review with the Company's legal counsel any matters that could have a significant impact on the Company's financial statements, such as compliance with laws, rules and regulations, litigation and inquiries received from governmental agencies and regulators.
- f. Review and approve the appointment, replacement, reassignment or dismissal of the Company's principal financial officer.

- d. Oversee and review the Company's asset management policies, including an annual review of the Company's investment policies and performance for cash and short-term investments.
- e. Review and monitor compliance with Company standards of business conduct and monitor compliance with the Foreign Corrupt Practices Act.
- f. Conduct or authorize investigations into any other matters within the Committee's scope of responsibilities.
- g. Have the authority to retain independent counsel, accountants, or other advisors, as it determines necessary to carry out its duties.
- h. Determine appropriate funding, which the Company shall provide, for payment of: (i) compensation to the Auditors engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company, (ii) compensation to any advisors employed by the Committee, and (iii) ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties.
- i. Perform such other functions assigned by law, the Company's charter or bylaws, or the Board of Directors.

E. Scope of Responsibilities

While the Committee has the functions set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate or are in accordance with GAAP. The Company's management is principally responsible for Company accounting policies, the preparation of the financial statements and ensuring that the financial statements are prepared in accordance with GAAP.

Management is also responsible for implementing procedures to help ensure that the Company and its employees comply with applicable laws and regulations and with the Company's applicable ethics standards. The Auditors are responsible for auditing and attesting to the Company's financial statements and understanding the Company's system of internal controls in order to plan and to determine the nature, timing and extent of audit procedures to be performed.

The Committee plays a critical role in serving as a check and balance for the Company's financial reporting system. In carrying out its functions, the Committee's goal is to help ensure that management properly develops and adheres to a sound system of internal controls and that the Auditors, through their own review, objectively assess the Company's financial reporting practices.
