News Release / Presseinformation

Infineon Technologies AG raises guidance for first quarter financials

Neubiberg, Germany December 22, 2009 Infineon Technologies AG today raised the guidance for the first quarter of the 2009/10 fiscal year.

For the first quarter of the 2009/10 fiscal year Infineon now expects high single digit growth in group revenues compared to the fourth quarter of the 2008/09 fiscal year and high single digit margin for the Combined Segment Result. This increase is mainly driven by the Automotive (ATV) and Industrial & Multimarket (IMM) segments. In the previous outlook for the first quarter of the 2009/10 fiscal year as given on November 19, 2009, Infineon expected revenues and Combined Segment Result to be approximately on the same level as in the fourth quarter of the 2008/09 fiscal year.

This pleasing performance is the result of our leading market positions and strict cost management, helped also by an improved industry environment, said Peter Bauer, CEO of Infineon Technologies AG.

About Infineon

Infineon Technologies AG, Neubiberg, Germany, offers semiconductor and system solutions addressing three central challenges to modern society: energy efficiency, communications, and security. In the 2009 fiscal year (ending September), the company reported sales of Euro 3.03 billion with approximately 25,650 employees worldwide. With a global presence, Infineon operates through its subsidiaries in the U.S. from Milpitas, CA, in the Asia-Pacific region from Singapore, and in Japan from Tokyo. Infineon is listed on the Frankfurt Stock Exchange (ticker symbol: IFX) and in the USA on the over-the-counter market OTCQX International Premier (ticker symbol: IFNNY).

D I S C L A I M E R

This release includes forward-looking statements and assumptions about the future of Infineon's business and the industry in which we operate. These include statements and assumptions relating to general economic conditions, future developments in the world semiconductor market, our ability to manage our costs and to achieve our savings and growth targets, the resolution of Qimonda's insolvency proceedings and the liabilities we may face as a result of Qimonda's insolvency, the benefits of research and development alliances and activities, our planned levels of future investment, the introduction of new technology at our facilities, the continuing transitioning of our production processes to smaller structure sizes, our ability to continue to offer commercially viable products, and our expected or projected future results.

These forward-looking statements are subject to a number of uncertainties, including broader economic developments, including the duration and depth of the current economic downturn and the sustainability of recent improvements; trends in demand and prices for semiconductors generally and for our products in particular, as well as for the end-products, such as automobiles and consumer electronics, that incorporate our products; the success of our development efforts, both alone and with partners; the success of our efforts to introduce new production processes at our facilities; the actions of competitors; the availability of funds, the outcome of antitrust investigations and litigation matters; and the outcome of Qimonda's insolvency proceedings; as well as the other factors described in the Risk Factors section of the annual report of Infineon on Form 20-F filed with the U.S. Securities and Exchange Commission on December 8th, 2009.

As a result, Infineon's actual results could differ materially from those contained in these forward-looking statements. You are cautioned not to place undue reliance on these forward-looking statements. Infineon does not undertake any obligation to publicly update or revise any forward-looking statements in light of developments which differ from those anticipated.
