Dear Shareholder:

You are cordially invited to attend the 2010 annual meeting of the shareholders of The GEO Group, Inc. We will hold the meeting on Wednesday, May 5, 2010, at 9:00 A.M. (EDT) at the Boca Raton Resort & Club, 501 East Camino Real, Boca Raton, Florida 33432. We hope that you will be able to attend.

This year we are furnishing proxy materials to our shareholders primarily on the Internet rather than mailing paper copies of the materials to each shareholder. As a result, most of you will receive a Notice Regarding Availability of Proxy Materials instead of paper copies of this proxy statement and our annual report. The notice contains instructions on how to access the proxy statement and the annual report over the Internet, as well as instructions on how to request a paper copy of our proxy materials. We believe that this process will significantly lower the costs of printing and distributing our proxy materials.

Your vote is very important to us. Whether or not you plan to attend the meeting in person, your shares should be represented and voted. After reading the enclosed proxy statement, please vote your shares as soon as possible. Shareholders may vote via the Internet, by telephone, or by completing and returning a proxy card. Submitting a vote before the annual meeting will not preclude you from voting in person at the annual meeting should you decide to attend.

Sincerely,

George C. Zoley
Chairman of the Board,
Chief Executive Officer & Founder

The Securities and Exchange Commission, referred to as the SEC, has adopted a Notice and Access rule that allows companies to deliver a Notice of Internet Availability of Proxy Materials to shareholders in lieu of a paper copy of the proxy statement and related materials and the Company's Annual Report to Shareholders, collectively referred to as the Proxy Materials. The Notice of Internet Availability provides instructions as to how shareholders can access the Proxy Materials online, contains a listing of matters to be considered at the meeting, and sets forth instructions as to how shares can be voted. PROXY STATEMENT

THE GEO GROUP, INC.

621 NW 53rd Street, Suite 700
Boca Raton, Florida 33487
Telephone: (561) 893-0101

March 24, 2010

The GEO Group Inc. (GEO, we or us) is furnishing this proxy statement in connection with the solicitation of proxies by our board of directors for use at the annual meeting of shareholders to be held at the Boca Raton Resort & Club, 501 East Camino Real, Boca Raton, Florida 33432, May 5, 2010, at 9:00 A.M., Eastern Daylight Time. Please note that the proxy card provides a means to withhold authority to vote for any individual director-nominee. Also note that the format of the proxy card provides an opportunity to specify your choice between approval, disapproval or abstention with respect to the proposals indicated on the proxy card. A proxy card which is properly executed, returned and not revoked will be voted in accordance with the instructions indicated. A proxy voted by telephone or the internet and not revoked will be voted in accordance with the shareholder's instructions. If no instructions are given, proxies that are signed and returned or voted by telephone or internet will be voted as follows:

FOR the election of the nominated directors for the ensuing year;

FOR the proposal to ratify the appointment of Grant Thornton LLP as the independent registered certified public accountants of GEO for the fiscal year 2009; and

FOR the proposal to approve the Senior Management Performance Award Plan.

If you hold shares through an account with a bank, broker or other nominee, and you do not provide voting instructions, your shares still may be voted on certain matters.

Under New York Stock Exchange rules, brokerage firms have authority to vote shares on routine matters for which their customers do not provide voting instructions. The ratification of the appointment of Grant Thornton LLP as our independent registered certified public accountants for 2010 is considered a routine matter. As a result, if you hold your shares through a broker and do not direct the broker how to vote your shares on this routine matter, your broker may vote the shares on your behalf.

Under New York Stock Exchange rules, the election of directors is not considered a routine matter. Because of a change in the New York Stock Exchange rules on broker discretionary voting in director elections that is effective for the first time this year, your broker cannot vote on the election of directors unless you provide voting instructions to your broker. A broker non-vote will have no effect on the election of directors.

GEO considers the proposal to approve the Senior Management Performance Award Plan a routine matter. As a result, if you hold your shares through a broker and do not direct the broker how to vote your shares on this routine matter, your broker may vote your shares on your behalf.

This proxy statement, the notice of annual meeting, the proxy card and our 2009 annual report will be mailed or made accessible via the Internet on or about March 24, 2010.

The enclosed proxy gives discretionary authority as to any matters not specifically referred to therein. Management is not aware of any other matters to be presented for action by shareholders at the annual meeting. If any such matter or matters properly come before the annual meeting, the designated proxy holders will have discretionary authority to vote thereon.

Holders of GEO common stock at the close of business on March 3, 2010 will be entitled to one vote for each share of common stock standing in their name on the books of GEO at that date. On March 3, 2010, GEO had 51,741,937 shares of common stock issued and outstanding.

The presence, in person or by proxy, of at least a majority of the total number of shares of common stock outstanding on the record date will constitute a quorum for purposes of the annual meeting. Shares of common stock represented by proxies that reflect abstentions or broker non-votes (i.e., shares held by a broker or nominee which are represented at the annual meeting, but with respect to which such broker or nominee is not empowered to vote on a

Table of Contents

particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum. If less than the majority of the outstanding shares of common stock are represented at the annual meeting, a majority of the shares so represented may adjourn the annual meeting to another date and time. The election of directors requires a plurality of the votes cast. The appointment of Grant Thornton LLP will be ratified if the number of votes cast in favor of ratification exceeds the number of votes cast against ratification. The Senior Management Performance Award Plan will be approved if the number of votes cast in favor of approval exceeds the number of votes cast against approval.

THE BOARD OF DIRECTORS, ITS COMMITTEES AND OTHER CORPORATE GOVERNANCE INFORMATION

GEO's board of directors held 10 meetings during fiscal year 2009. Each director attended at least 75% of the total number of meetings of the board of directors and of the meetings held by all board committees on which such director served.

Director Independence

Pursuant to the corporate governance standards applicable to companies listed on the New York Stock Exchange, referred to as the NYSE, the board of directors must be comprised of a majority of directors who qualify as independent directors. In determining independence, each year the board of directors affirmatively determines whether directors have a material relationship with GEO. When assessing the materiality of a director's relationship with GEO, the board of directors considers all relevant facts and circumstances, not merely from the director's standpoint, but also from that of the persons or organizations with which the director has an affiliation. An independent director is free from any relationship with GEO that may impair the director's ability to make independent judgments. Particular attention is paid to whether the director is independent from management and, with respect to organizations affiliated with a director with which GEO does business, the frequency and regularity of the business conducted, and whether the business is carried out at arm's length on substantially the same terms to GEO as those prevailing at the time from unrelated third parties for comparable business transactions. Material relationships can include commercial, banking, industrial, consulting, legal, accounting, charitable and familial relationships.

Applying the NYSE's independence standards, the board of directors has determined that Norman A. Carlson, Anne N. Foreman, Richard H. Glanton, Clarence E. Anthony, John M. Palms, and Christopher C. Wheeler qualify as independent under the NYSE's corporate governance standards, and that the board of directors is therefore comprised of a majority of independent directors. The board of directors' determination that each of these directors is independent was based on the fact that none of the directors had a material relationship with GEO outside of such person's position as a director, including a relationship that would disqualify such director from being considered independent under the NYSE's listing standards.

Audit and Finance Committee

The Audit and Finance Committee met five times during fiscal year 2009. The Report of the Audit and Finance Committee is included later in this proxy statement.

All of the members of the Audit and Finance Committee are independent (as independence is defined under Exchange Act Rule 10A-3, as well as under Section 303A.02 of the NYSE's listing standards). In addition, the board of directors has determined that Mr. Glanton is an audit committee financial expert as that term is defined under Item 407(d)(5) of Regulation S-K of the SEC's rules.

The Audit and Finance Committee has a written charter adopted by the board of directors. In addition, the charter is available in print to any shareholder who requests it by contacting our Director of Corporate Communications at 561-999-7306. Pursuant to the charter, the main functions and responsibilities of the Audit and Finance Committee include the following:

review and approve in advance the terms of our independent auditor's annual engagement, including the proposed fees, as well as the scope of auditing services to be provided;

review with management, our internal auditor and our independent auditor, our significant financial risks or exposures and assess the steps management has taken to monitor and mitigate such risks or exposures;

review and discuss with management and our independent auditor the audit of our annual financial statements and our internal controls over financial reporting, and our disclosure and the independent auditor's reports thereon;

meet privately with our independent auditor on any matters deemed significant by the independent auditor;

establish procedures for the submission, receipt, retention and treatment, on an anonymous basis, of complaints and concerns regarding our accounting, internal accounting controls or auditing matters;

address or take action with respect to any other matter specifically delegated to it from time to time by the board of directors.

Compensation Committee

The Compensation Committee met eight times during fiscal year 2009. The Report of the Compensation Committee is included later in this proxy statement.

review our program for succession and management development;

review our incentive-based compensation and equity-based plans and make recommendations to the board of directors with respect thereto; and

address or take action with respect to any other matter specifically delegated to it from time to time by the board of directors.

For further information on the Compensation Committee's processes and procedures for consideration and determination of executive compensation, see Compensation Discussion and Analysis elsewhere in this proxy statement.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee met four times during fiscal year 2009.

All of the members of the Nominating and Corporate Governance Committee are independent (as independence is defined under Section 303A.02 of the NYSE's listing standards).

The Nominating and Corporate Governance Committee has a written charter adopted by the board of directors. It can be found on our website at <http://www.geogroup.com> by clicking on the link Corporate on our homepage and then clicking on the link Corporate Governance. In addition, the charter is available in print to any shareholder who requests it by contacting our Director of Corporate Communications at 561-999-7306. Pursuant to the charter, the main functions and responsibilities of the Nominating and Corporate Governance Committee include the following:

identify candidates qualified to become members of the board of directors and select or recommend that the full board of directors select such candidates for nomination and/or appointment to the board of directors;

review candidates for the board of directors recommended by shareholders;

after consultation with the Chairman and CEO, recommend to the board of directors for approval all assignments of committee members, including designations of the chairs of the committees;

establish the evaluation criteria for the annual self-evaluation by the board of directors, including the criteria for determining whether the board of directors and its committees are functioning effectively, and implement the process for annual evaluations;

develop, adopt, review annually and, if appropriate, update, corporate governance guidelines for GEO and evaluate compliance with such guidelines;

consider other corporate governance issues that arise from time to time, and advise the board of directors with respect to such issues; and

address or take action with respect to any other matter specifically delegated to it from time to time by the board of directors.

In fulfilling the committee's duties to identify and recommend candidates for election to our board of directors, the Nominating and Corporate Governance Committee considers the mix of skills, experience, character, commitment, and diversity—diversity being broadly construed to mean a variety of opinions, perspectives and backgrounds, such as gender, race and ethnicity differences, as well as other differentiating characteristics, all in the context of the requirements of our board of directors at the time of election.

Executive Committee

Periodically during fiscal year 2009, members of the Executive Committee informally discussed various matters relating to GEO's business. The Executive Committee has full authority to exercise all the powers of the board of directors between meetings of the board of directors, except as reserved by the board of directors. During 2009, the

Table of Contents

Executive Committee acted five times through resolutions adopted at duly convened meetings or by unanimous written consent. All actions taken by the Executive Committee in 2009 were ratified by the board of directors at their next quarterly meeting.

Corporate Planning Committee

The Corporate Planning Committee periodically reviews with management various corporate strategic initiatives, including potential merger and acquisition activities, business expansion issues and corporate finance matters.

Operations and Oversight Committee

The Operations and Oversight Committee reviews with management various issues relating to our operations that may arise from time to time.

Legal Steering Committee

The Legal Steering Committee reviews with management strategy issues with respect to material litigation and other discrete legal issues.

Independent Committee

The Independent Committee considers matters that may arise from time to time that the board of directors designates for independent director review.

Director Identification and Selection

The processes for director selection and director qualifications are set forth in Section 3 of our Corporate Governance Guidelines. The board of directors, acting on the recommendation of the Nominating and Corporate Governance Committee, will nominate a slate of director candidates for election at each annual meeting of shareholders and will elect directors to fill vacancies, including vacancies created as a result of any increase in the size of the board, between annual meetings. Nominees for director are selected on the basis of outstanding achievement in their personal careers, broad experience, wisdom, integrity, ability to make independent, analytical inquiries, understanding of the business environment, and willingness to devote adequate time to the duties of the board of directors. The board believes that each director should have a basic understanding of (i) the principal operational and financial objectives and plans and strategies of GEO, (ii) the results of operations and financial condition of GEO and of any significant subsidiaries or business segments, and (iii) the relative standing of GEO and its business segments in relation to its competitors. The board is committed to diversified membership and will not discriminate on the basis of race, color, national origin, gender, religion or disability in selecting nominees. The Nominating and Corporate Governance Committee may, to the extent it deems appropriate, engage a third party professional search firm to identify and review new director candidates and their credentials.

The Nominating and Corporate Governance Committee will consider proposed nominees whose names are submitted to it by shareholders; however, it does not have a formal process for that consideration. There are no differences between the considerations and qualifications for director nominees that are recommended by shareholders and director nominees recommended by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee has not adopted a formal process because it believes that the informal consideration process has been adequate to date. The Nominating and Corporate Governance Committee intends to review periodically whether a more formal policy should be adopted. If a shareholder wishes to suggest a proposed name for committee consideration, the name of that nominee and related personal information should be forwarded to the

Nominating and Corporate Governance Committee, in care of the Corporate Secretary, at least six months before the next annual meeting to assure time for meaningful consideration by the committee.

Board Leadership Structure

Our CEO also serves as the Chairman of the board of directors. We do not have a lead director; however, we believe that there is an adequate balance in the leadership structure between the independent directors and the Chairman and

Table of Contents

CEO. Each of the key board of director committees is chaired by an independent director. All discussions at the board of director meetings are led by the chair of the relevant committee. Additionally, the independent directors often meet in executive session to discuss appropriate GEO matters. We believe that this structure is appropriate for GEO because it allows one person to speak for and lead GEO and the board of directors, while also providing for effective oversight by an independent board of directors. Since GEO has operated successfully without an official lead director in the past, we continue to believe that this leadership structure is appropriate for GEO. As a company that is focused on its core business, we believe the CEO is in the best position to direct the independent directors' attention on the issues of greatest importance to GEO and its shareholders. Since our CEO knows GEO's business, is a pioneer in the industry and has over twenty five years of experience in our business, we believe that our CEO is the appropriate person to lead the board of directors. Our overall corporate governance policies and practices combined with the strength of our independent directors and our internal controls minimize any potential conflicts that may result from combining the roles of Chairman and CEO.

Board Risk Oversight

Our board of directors has overall responsibility for risk oversight with a focus on the most significant risks facing GEO. Throughout the year, the board of directors and the committees to which it has delegated responsibility dedicate a portion of their meetings to review and discuss specific risk topics in greater detail. The board of directors has delegated responsibility for the oversight of specific risks to the following committees:

The Audit and Finance Committee oversees GEO's risk policies and processes relating to the financial statements, financial reporting processes and credit risks.

The Operations and Oversight Committee oversees GEO's operating risk. The Operations and Oversight Committee meets regularly during the year and on occasions when an operating incident occurs. The Operations and Oversight Committee may travel to the appropriate site to audit the operating practices and procedures if an incident has occurred.

The Compensation Committee oversees risks related to GEO's compensation policies and practices.

The Legal Steering Committee oversees risks related to major litigation.

Code of Business Conduct and Ethics

The board of directors has adopted a code of business conduct and ethics applicable to GEO's directors, officers, employees, agents and representatives, including its consultants. The code strives to deter wrongdoing and promote honest and ethical conduct, the avoidance of conflicts of interest, full, fair, accurate, timely and transparent disclosure, compliance with the applicable government and self-regulatory organization laws, rules and regulations, prompt internal reporting of violations of the code, and accountability for compliance with the code. The code can be found on our website at <http://www.geogroup.com> by clicking on the link "Corporate" on our homepage and then clicking on the link "Corporate Governance". In addition, the code is available in print to any shareholder who requests it by contacting our Director of Corporate Communications at 561-999-7306.

Code of Ethics for CEO, Senior Financial Officers and Other Employees

Pursuant to Section 406 of the Sarbanes-Oxley Act of 2002, the board of directors has also adopted a code of ethics for the CEO, its senior financial officers and all other employees. The text of this code is located in Section 18 of GEO's code of business conduct and ethics. The code can be found on our website at <http://www.geogroup.com> by clicking on the link "Corporate" on our homepage and then clicking on the link "Corporate Governance". In addition, the

code is available in print to any shareholder who requests it by contacting our Director of Corporate Communications at 561-999-7306.

Corporate Governance Guidelines

The board of directors has adopted corporate governance guidelines to promote the effective functioning of the board of directors and its committees, and the continued implementation of good corporate governance practices. The corporate governance guidelines address matters such as the role and structure of the board of directors, the

Table of Contents

selection, qualifications and continuing education of members of the board of directors, board meetings, non-employee director executive sessions, board self-evaluation, board committees, CEO performance review, succession planning, non-employee director compensation, certain shareholder matters and certain shareholder rights.

The corporate governance guidelines can be found on our website at <http://www.geogroup.com> by clicking on the link Corporate on our homepage and then clicking on the link Corporate Governance. In addition, the corporate governance guidelines are available in print to any shareholder who requests them by contacting our Director of Corporate Communications at 561-999-7306.

Annual Board and Committee Self-Assessments and Non-Employee Director Executive Sessions

The board of directors conducts a self-assessment annually, which is reported by the Nominating and Corporate Governance Committee to the board of directors. In addition, the Audit and Finance Committee, the Compensation Committee and the Nominating and Corporate Governance Committee also undergo annual self-assessments of their performance. The non-employee directors of the board of directors meet in executive session at least twice per year and such meetings are presided over by a presiding director who is typically the chairman of the Nominating and Corporate Governance Committee, who is currently Anne Foreman.

Shareholder Communications with Directors

The board of directors has adopted a process to facilitate written communications by shareholders or other interested parties to the entire board, the independent members of the board as a group or any individual member of the board, including the presiding director for non-employee director executive sessions. Persons wishing to write to the board of directors of GEO, or to a specified director (including the presiding director for non-employee director executive sessions) or committee of the board, should send correspondence to the Corporate Secretary at 621 NW 53rd Street, Suite 700, Boca Raton, Florida, 33487.

The Corporate Secretary will forward to the directors all communications that, in his or her judgment, are appropriate for consideration by the directors. Examples of communications that would not be appropriate for consideration by the directors include commercial solicitations and matters not relevant to the shareholders, to the functioning of the board, or to the affairs of GEO.

Board Member Attendance at Annual Meetings

GEO encourages all of its directors to attend the annual meeting of shareholders. We generally hold a board meeting coincident with our annual meeting to minimize director travel obligations and facilitate their attendance at the annual meeting of shareholders. All of our then current directors attended the 2009 annual meeting of shareholders.

The Audit and Finance Committee of the board of directors has implemented procedures to ensure that all audit and permitted non-audit services provided to GEO are pre-approved by the Audit and Finance Committee. All of the audit, audit-related, tax and all other services provided by Grant Thornton to GEO in 2009 and 2008 were approved by the Audit and Finance Committee pursuant to these procedures. All non-audit services provided in 2009 and 2008 were reviewed with the Audit and Finance Committee, which concluded that the provision of such services by Grant Thornton was compatible with the maintenance of that firm s independence in the conduct of its auditing functions.

Audit and Finance Committee Pre-Approvals of Audit, Audit-Related, Tax and Permissible Non-Audit Services

The Audit and Finance Committee periodically approves the provision of various audit, audit-related, tax and other services by Grant Thornton. The Audit and Finance Committee plans to continue to review and pre-approve such services as appropriate. In addition, the Audit and Finance Committee has delegated to its Chairman, Richard H. Glanton, the authority to grant, on behalf of the Audit and Finance Committee, the pre-approvals required under the Sarbanes-Oxley Act for the provision by Grant Thornton to GEO of auditing and permissible non-audit services; provided, however, that any decision made by Mr. Glanton with respect to any such pre-approvals must be presented at the next regularly scheduled full Audit and Finance Committee meeting that is held after such decision is made.

All of the services provided by Grant Thornton to GEO in 2009 and 2008 were approved by the Audit and Finance Committee pursuant to these procedures. The Audit and Finance Committee will continue to review and pre-approve such services as appropriate.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION & ANALYSIS

Role of the Compensation Committee

The Compensation Committee of our board of directors establishes and regularly reviews our compensation philosophy and programs, exercises authority with respect to the determination and payment of base and incentive compensation to executive officers and administers our 2006 stock incentive plan. Our Compensation Committee consists of three members, each of whom is independent as that term is defined in the Sarbanes-Oxley Act of 2002 and the rules and regulations that have been promulgated under that Act, and in the listing standards of the New York Stock Exchange. The Compensation Committee operates under a written charter that was first adopted by our board of directors in February 2004 and has been amended one time since. The charter more fully describes the role, responsibilities and functioning of the Compensation Committee. A current copy of this charter can be viewed on our website at www.geogroup.com.

Overview of Compensation Structure

Our compensation structure for named executive officers has historically consisted of four basic components – a salary, an annual bonus, an annual equity compensation grant and certain other benefits and perquisites, as more fully described below.

In 2004, our Compensation Committee selected and engaged Towers Perrin (nka Towers Watson), a nationally recognized independent compensation consulting firm, to conduct a comprehensive review of executive compensation. This review was undertaken to determine whether the compensation package afforded to our executive officers was, at that time, competitive and/or complete when compared with similarly situated companies.

In the review, Towers Perrin was asked to review the current compensation packages for our top executive officers and compare them with packages offered to officers at a targeted universe of peer group companies. The peer group companies included America Service Group, Inc., Avalon Correctional Services, Inc., Cornell Companies, Inc., Correctional Services Corp., Corrections Corporation of America and MTC Technologies, Inc. Since the date of the Towers Perrin review, Correctional Services Corp. was acquired by The GEO Group Inc. and is no longer considered a peer company. The analysis and development of findings entailed regular meetings between Towers Perrin and the committee. Towers Perrin ultimately provided the committee with its findings and analysis, which the committee has continued to take into account when determining its policies and the basis upon which our named executive officers are compensated.

The Compensation Committee retained Towers Perrin directly, supervised all work assignments performed by them, and reviewed and approved all work invoices received from them for payment. In conducting its review, Towers Perrin was at times required to work with our management in order to obtain compensation information and data to perform its tasks. Other than as described above, Towers Perrin was not asked to perform any other services for us. The Compensation Committee intends to periodically retain a nationally recognized independent compensation consulting firm in order to conduct updated reviews of our named executive officer compensation. The Compensation Committee has not engaged a compensation consultant since 2004 and no fees have been paid to a compensation consultant in the last year.

Under its charter, the Compensation Committee has the ability to retain any advisors it deems necessary or desirable in order for it to discharge its duties. The Compensation Committee also has sole authority to terminate the retention of any advisor it has retained.

When making decisions regarding the compensation of named executive officers, including the Chief Executive Officer, the Compensation Committee considers the data and analyses prepared by Towers Perrin that include our company's prior performance, historical pay to the named executive officers and the appropriateness of such compensation compared to that of our peer group companies. The Compensation Committee also considers the compensation recommendations set forth by the Chief Executive Officer for named executive officers other than himself. Additionally, the Chief Executive Officer provides the Compensation Committee with a compensation recommendation for himself which the committee takes into account in setting his compensation. In making

Table of Contents

recommendations regarding his base salary, the Chief Executive Officer recommends an annual increase of at least 5% in accordance with the terms of his employment agreement. When considering compensation matters generally, and the compensation packages of the named executive officers in particular, the Compensation Committee meets in executive session outside the presence of the named executive officers.

Compensation Program Objectives and What the Program is Designed to Reward

Our executive compensation program is designed to attract and retain our officers and to motivate them to increase shareholder value on both an annual and a longer term basis primarily by generating increasing levels of revenue and net income. To that end, compensation packages include significant incentive forms of compensation to ensure that an executive officer's interest is aligned with the interests of our shareholders in generating revenue and net income. Based upon the Compensation Committee's regular review of the Company's compensation policies and practices, the Compensation Committee determined that the risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on the Company.

Elements of Compensation

Our compensation program for named executive officers consists of the following components:

Salaries

Annual cash incentive compensation

Equity compensation

Other benefits and perquisites

Each of these components is reflected in the Summary Compensation Table set forth below and is also discussed in further detail below.

Why Each Element of Compensation is Paid and How the Amount of Each Element is Determined

The following is a brief discussion of each element of our named executive officer compensation. The Compensation Committee pays each of these elements in order to ensure that a desirable overall mix is established between base compensation and incentive compensation, cash and non-cash compensation and annual and long-term compensation. The committee also evaluates on a periodic basis the overall competitiveness of our executive compensation packages as compared to packages offered in the marketplace for which we compete for executive talent. Overall, our committee believes that our executive compensation packages are currently appropriately balanced and structured to retain and motivate our named executive officers, who we believe constitute the most experienced senior management team in our industry.

Salaries. The cash salaries paid to the named executive officers were established following the Towers Perrin study in 2004 and have either remained at the same level or increased by no more than 10% annually since the time of the study. These salaries have been incorporated into the terms of existing executive employment agreements with our named executive officers. Any increases in salaries have been made either pursuant to the terms of the employment agreements or at the discretion of the Compensation Committee. Messrs. Zoley and Calabrese, who also serve as our Chairman and Vice Chairman, respectively, receive no additional compensation for their board service.

Annual Cash Incentive Compensation. Annual cash incentive compensation for each of our named executive officers is governed by our Senior Management Performance Award Plan which was originally approved by our shareholders at the company's 2005 annual meeting of shareholders, and is being submitted with this proxy statement for continued approval by our shareholders. Payments made in accordance with this plan are tax deductible under Section 162(m) of the Internal Revenue Code of 1986, as amended. The plan is administered by our Compensation Committee, which has the authority to make all discretionary determinations necessary or appropriate under the plan. The plan is governed by the Compensation Committee and is administered on a day to day basis by the Chief Executive Officer and the Vice President of Human Resources.

Table of Contents

Under the plan, each of our named executive officers is eligible to receive annual cash incentive compensation based on our relative achievement of budgeted revenue and net income after tax for the fiscal year. For purposes of the plan, net income after tax means our net income after all federal, state and local taxes. Extraordinary items and changes in accounting principles, as defined by U.S. generally accepted accounting principles, may be disregarded in determining our net income after tax. Non-recurring and unusual items not included or planned for in our annual budget may also be excluded from net income after tax in the sole and absolute discretion of the Compensation Committee. In determining the amount of annual incentive cash compensation awarded, our net income after tax is weighted 65% and our revenue is weighted 35%.

The 50% discretionary bonus is by definition not based on any objective criteria and is based solely on the CEO's and the Compensation Committee's judgment. Factors typically considered by the Compensation Committee and the Chief Executive Officer in determining whether to grant the discretionary award include the contribution of the particular individual during the fiscal year and the overall performance of GEO during the fiscal year. GEO does not set performance targets under the plan in advance, the achievement of which would require payment of the discretionary bonus under the plan.

Awards under the plan are made as follows: (i) targets for budgeted revenue and net income after tax are set at the beginning of each fiscal year; (ii) the plan includes for each named executive officer an annual incentive target amount as a percentage of the officer's salary which forms the basis for computing the officer's award under the plan; and (iii) at the end of the fiscal year, a multiplier set forth in the plan that is based on our relative achievement of budgeted revenue and net income after tax for the fiscal year is applied to each officer's annual incentive target amount referenced in (ii) above. The multiplier is the same for all named executive officers. Please see *Certain Material Executive Compensation Agreements and Arrangements - Senior Management Performance Award Plan* for a further description of each named executive officer's annual incentive target amount and the multiplier applied to that amount under the terms of the plan.

In addition to the calculations described above, if the budgeted goals for revenue and net income after tax are exceeded, the annual incentive target amounts for the Chief Financial Officer and the other Senior Vice Presidents may be increased up to an additional 50% upon the recommendation of the Chief Executive Officer subject to the approval of the Compensation Committee. The Chief Executive Officer and the President are not eligible for discretionary adjustments.

Under the terms of the plan, no amendment to the plan may alter the performance goals, increase the maximum amount which can be awarded to any participant, change the class of eligible employees or make any other change that would require shareholder approval under the exemption for performance-based compensation under Section 162(m) of the Internal Revenue Code, in each case, without the prior approval of our shareholders (to the extent required under the performance-based compensation exception of Section 162(m) of the Internal Revenue Code).

For fiscal year 2009, the performance targets for revenue and net income after tax under the plan were \$1,108,000,000 and \$67,200,000, respectively, and the actual results achieved by GEO in fiscal year 2009 for revenue and adjusted net income after tax were \$1,141,090,000 and \$71,186,000, respectively. Net income after tax was adjusted for certain non-recurring items in accordance with the terms of the plan. There were no discretionary awards made under the plan in 2009.

Equity Compensation. Our Compensation Committee has historically granted awards under our equity compensation plans to our key employees and members of our board of directors to create a performance-oriented culture and to further align the interests of management and our shareholders.

Our current equity compensation plan is The GEO Group, Inc. 2006 Stock Incentive Plan, referred to as the 2006 Plan, which was approved by our shareholders at our 2006 annual meeting of shareholders. As of March 3, 2010, awards with respect to a total of 2,400,000 had previously been authorized for issuance under the 2006 Plan, awards with respect to a total of 1,830,756 shares of common stock had previously been issued under the 2006 Plan, and there were awards with respect to an additional total of 569,244 shares of common stock available for future issuance under the 2006 Plan. Prior to the implementation of the 2006 Plan, substantially all of our equity compensation awards had consisted of stock option grants. However, since the adoption of the 2006 Plan, we have

Table of Contents

issued 942,228 shares of restricted stock (excluding cancelled shares) and stock options representing the right to acquire 1,132,500 shares of common stock. Of these awards, 584,853 represent shares of restricted stock granted to the named executive officers, including 309,966 shares to Mr. Zoley, 180,315 shares to Mr. Calabrese, 20,628 shares to Mr. Evans, 36,972 shares to Mr. Hurley, and 36,972 shares to Mr. Bulfin.

Our Compensation Committee does not use objective corporate and/or individual performance goals in determining equity compensation awards. Instead, the Compensation Committee grants equity compensation awards on a subjective basis in its business judgment, after taking into account various factors, including whether there are awards available for granting in any particular fiscal year under our equity compensation plans, the total number of equity compensation grants outstanding for us at any given time as compared to the total number of issued and outstanding shares of common stock at such time, whether an individual has received equity compensation awards in prior years and in what amounts, the overall performance of GEO in terms of revenue and net income after tax during the preceding fiscal year, and the overall performance of the individual during the preceding fiscal year. There are no set formulas or objective criteria used in making such awards and we do not have any obligations under any equity compensation plans or otherwise requiring us to grant any such awards.

Our Compensation Committee has historically granted awards under our equity compensation plans either at the time of our annual shareholders meetings or following the end of our fiscal year in connection with the completion of our annual compensation cycle, however, in October 2008 and October 2009 we granted stock options to management and employees and in June 2009 we granted restricted stock awards to management. In the future, we may from time to time grant equity awards throughout the year. Equity compensation awards are priced as of the close of business on the date of grant.

Our Compensation Committee also from time to time grants equity compensation awards, including stock options, in connection with the hiring of new employees. In this case, the new employee may receive a grant of stock options that is priced as of the close of business on the date of hire, and is in a quantity generally consistent with amounts initially granted to similarly situated employees in the past by the Compensation Committee.

The amounts of awards granted under our equity compensation plans are determined by the Compensation Committee after taking into account a number of factors, including the recommendations of the Chief Executive Officer, the availability of awards for issuance companywide, the overall performance of the company and the individual performances of the grantees.

Under our plan, shares of restricted stock vest at the rate of 25% per year in each of the four years following the date of grant, subject to vesting acceleration in the case of a change in control as defined in our plan. Except for stock option awards to Mr. Zoley prior to 2008, and stock option awards granted to non-employee directors in 2009, which all vested immediately on the date of grant, stock options vest 20% immediately and an additional 20% on each of the four anniversary dates immediately following the grant date.

We believe that equity compensation awards offer significant motivation to our officers and employees and serve to align their interests with those of our shareholders. While the Compensation Committee will continually evaluate the use of equity compensation both types and amounts it intends to continue to use such awards as part of the company's overall compensation program.

Other Benefits and Perquisites. Our executive compensation program includes other benefits and perquisites as more fully reflected on the table set forth below entitled "All Other Compensation." These benefits and perquisites are reviewed annually by the Compensation Committee with respect to amounts and appropriateness. Currently, the benefits and perquisites which the named executive officers are eligible to receive fall into three general categories: (i) retirement benefits pursuant to our executive retirement agreements in the case of Messrs. Zoley and Calabrese,

and pursuant to our senior officer retirement plan in the case of the other named executive officers; (ii) benefits under certain other deferred compensation plans; and (iii) value attributable to life insurance we afford our named executive officers beyond that which is offered to our other employees generally.

Executive Retirement Agreements. Messrs. Zoley and Calabrese each have executive retirement agreements that require us to pay them a lump sum amount on the date that their employment with GEO ends. The benefits of Messrs. Zoley and Calabrese under the executive retirements agreements are fully vested and both of these executive officers will therefore be entitled to receive the amounts called for by the agreements whenever their

Table of Contents

employment with GEO is terminated for any reason, whether by GEO or the officer. Such amount is determined by each executive's age at the time of retirement with the amount increasing by approximately 4% per year up to age 71. The retirement agreements also require the company to gross-up the retirement payments for all appropriate taxes related to the payments. The table below sets forth the amounts we would have had to pay each executive as of January 3, 2010 had they each retired as of that date. In addition to the amounts below, had the executives retired on January 3, 2010, we would have had to pay tax gross-ups relating to the retirement payments equal to \$1,950,118 and \$1,560,094 for Messrs. Zoley and Calabrese, respectively. Amounts owing under the retirement agreements are payable from the general assets of the company.

Named Executive Officer:	Retirement Payment Due:
George C. Zoley	\$ 3,400,000
Wayne H. Calabrese	\$ 2,720,000

Senior Officer Retirement Plan. Messrs. Evans, Hurley and Bulfin participate in our senior officer retirement plan, which is offered to all of our Senior Vice Presidents. The senior officer retirement plan is a defined benefit plan and, subject to certain maximum and minimum provisions, provides for the payment to the officer of a monthly retirement benefit based on a percentage of the officer's final average annual salary earned during the employee's last five years of credited service (excluding bonus) times the employee's years of credited service. A participant will vest in his or her benefits under the senior officer retirement plan upon the completion of ten (10) years of service. The amount of benefit increases for each full year beyond ten (10) years of service except that there are no further increases after twenty-five (25) years of service. The maximum target benefit under the senior officer retirement plan is 45% of final average salary. Reduced benefits are payable for lesser service and early retirement. Benefits under the senior officer retirement plan are offset 100% by social security benefits received by the officer and are computed on the basis of a straight-life annuity. The plan also provides for pre-retirement death and disability benefits. Amounts owing under the plan are payable from the general assets of the company.

Deferred Compensation Plans. Our named executive officers are currently excluded from participating in our 401(k) plan by virtue of their compensation level. Accordingly, we have established a deferred compensation plan for certain employees, including the named executive officers, which permits them to defer up to 100% of their compensation to provide for their retirement. Under the deferred compensation plan, the company may make matching contributions on a discretionary basis. None of the named executive officers currently participate in the deferred compensation plan.

Excess Group Life Insurance. We pay rates for the life insurance policies of our named executive officers above the level that is excludable under applicable tax rules. Payments in connection with the resulting excess coverage are treated as imputed income to the officers and are not deductible by the company.

Retirement of John G. O'Rourke, GEO's Chief Financial Officer. Mr. O'Rourke retired as GEO's Chief Financial Officer effective August 2, 2009. Brian R. Evans, formerly GEO's Vice President Finance, Treasurer and Chief Accounting Officer, assumed the position of Chief Financial Officer as of August 2, 2009. Mr. O'Rourke has entered into a two-year consulting agreement with GEO, pursuant to which he will be entitled to receive \$20,834 per month during the two years immediately following the termination of his employment in exchange for consulting services. Mr. O'Rourke did not receive a severance payment in connection with his departure.

In connection with his retirement, GEO paid Mr. O'Rourke a total of \$3,210,071 which included his retirement benefit of \$2,040,000 plus \$1,170,071 of applicable gross-up taxes, in accordance with the terms of Mr. O'Rourke's executive retirement agreement.

How Each Compensation Element Fits into the Overall Compensation Objectives and Affects Decisions Regarding Other Elements

In establishing compensation packages for executive officers, numerous factors are considered, including the particular executive's experience, expertise and performance, the company's overall performance and compensation packages available in the marketplace for similar positions. In arriving at amounts for each component of compensation, our Compensation Committee strives to strike an appropriate balance between base compensation and incentive compensation, including equity based compensation and awards under the Senior Management

Table of Contents

Performance Award Plan. The committee also endeavors to properly allocate between cash and non-cash compensation (subject to the availability of equity compensation awards under our then current equity compensation plans), and between annual and long-term compensation.

When considering the marketplace, particular emphasis is placed upon compensation packages available at a comparable group of peer companies. The Compensation Committee has consistently worked to establish a meaningful comparable group of peer companies. Today, that comparable group principally consists of two types of companies which are publicly traded and with respect to which compensation data is therefore publicly available: direct competitors in the privatized corrections and detention industry, and diversified government outsourced services providers with revenues and/or market capitalizations approaching or exceeding the \$1 billion level.

As noted above, the Compensation Committee has in the past selected and worked with independent compensation consulting firms as appropriate to evaluate its executive compensation program in light of the marketplace to make sure the program is competitive. The Compensation Committee intends to continue this practice on a periodic basis in the future.

- (1) These columns reflect the aggregate grant date fair value with respect to stock and stock option awards during 2009, 2008 and 2007 for each named executive officer, calculated in accordance with FASB 718. Assumptions used in the calculation of the amounts related to stock option awards are described in Note 1 to

the Company's audited financial statements for the fiscal year ended January 3, 2010, included in the Company's Annual Report on Form 10-K filed with the SEC on February 22, 2010. None of these stock or stock option awards are subject to performance conditions.

- (2) We regard our Senior Management Performance Award Plan as our annual bonus plan. The column of this table entitled "Non-Equity Incentive Plan Compensation" consists solely of amounts accrued in 2009, 2008 and 2007, and paid in 2010, 2009 and 2008, respectively, under our Senior Management Performance Award Plan with respect to each of our named executive officers. Please see "Compensation Discussion & Analysis" and "Certain Material Executive Compensation Arrangements" for a further description of our Senior Management Performance Award Plan. In 2009, the targeted adjusted net income after tax and revenue was \$67,200,000 and \$1,108,000,000 respectively. The actual results achieved for adjusted net income after tax and revenue was \$71,186,000 and \$1,141,090,000 respectively. There was no discretionary component in the 2009 performance awards.
- (3) Figures in this column consist of amounts accrued in 2009, 2008 and 2007 and with respect to each named executive officer's executive retirement agreement or senior officer retirement arrangement. For Messrs. Zoley, O'Rourke and Calabrese, these amounts include tax gross-ups which we would have to pay in connection with their retirement payments pursuant to the terms of their retirement agreements. Mr. O'Rourke received a lump sum of \$3,210,071 in full settlement of his executive retirement agreement in August 2009. Please see "Compensation Discussion & Analysis" and "Certain Material Executive Compensation Arrangements" for a further description of our executive retirement agreements and our senior officer retirement arrangements.

CERTAIN MATERIAL EXECUTIVE COMPENSATION AGREEMENTS AND ARRANGEMENTS

The following executive compensation agreements and arrangements are material to an understanding of the amounts paid and/or payable to our named executive officers disclosed in the table above.

EXECUTIVE EMPLOYMENT AGREEMENTS

Effective December 31, 2008, we entered into new amended and restated executive employment agreements with Messrs. Zoley and Calabrese (the "New Employment Agreements"). The New Employment Agreements were in effect for fiscal year 2009. The New Employment Agreements for Messrs. Zoley and Calabrese have continuously rolling three-year terms. The New Employment Agreements provide that Messrs. Zoley and Calabrese will receive an annual base salary of \$935,000 and \$650,000, respectively, subject to annual cost of living increases not lower than 5% per year, to be established by the board of directors. The New Employment Agreements also provide that each executive is entitled to receive a target annual performance award in accordance with the terms of any plan governing senior management performance awards then in effect as established by the board of directors, which is currently the Senior Management Performance Award Plan. Mr. Zoley is entitled to receive a target annual performance award of up to a maximum of 150% of his annual base salary in accordance with the Senior Management Performance Award Plan. Mr. Calabrese is entitled to receive a target annual performance award of up to a maximum of 120% of his annual

base salary in accordance with the Senior Management Performance Award Plan.

Each New Employment Agreement provides that upon the termination of the agreement for any reason other than by GEO for cause (as defined in the employment agreement) or by the executive without good reason (as defined in the employment agreement), the executive will be entitled to receive a termination payment equal to the following: (i) in the case of Mr. Zoley, 5 (five) times his annual base salary at the time of such termination together with any

Table of Contents

gross-up payments (as defined in the employment agreement) and, in the case of Mr. Calabrese, 4.4 (four-point-four) times his annual base salary at the time of such termination together with any gross-up payments (as defined in the employment agreement), plus (ii) the continuation of the executive benefits (as defined in the employment agreement) for a period of ten years. In addition, the New Employment Agreements provide that upon such termination of the executive, GEO will transfer all of its interest in any automobile used by the executive pursuant to its employee automobile policy and pay the balance of any outstanding loans or leases on such automobile so that the executive owns the automobile outright. In the event such automobile is leased, the New Employment Agreements provide that GEO will pay the residual cost of the lease. The New Employment Agreements provide that if any payment to the executive thereunder would be subject to federal excise taxes imposed on certain employment payments, GEO will make an additional payment to the executive to cover any such tax payable by the executive together with the taxes on such gross-up payment.

Upon the termination of the New Employment Agreements by GEO for cause or by the executive without good reason, the executive will be entitled to only the amount of compensation that is due through the effective date of the termination, including any performance award that may be due and payable to the executive under the terms of the Senior Management Performance Award Plan. Each New Employment Agreement includes a non-competition covenant that runs through the three-year period following the termination of the executive's employment, and customary confidentiality provisions.

RETIREMENT OF MR. JOHN O ROURKE, GEO'S CHIEF FINANCIAL OFFICER

Mr. O'Rourke retired as GEO's Chief Financial Officer effective August 2, 2009. In connection with his retirement, GEO paid Mr. O'Rourke a total of \$3,210,071 which included his retirement benefit of \$2,040,000 plus \$1,170,071 of applicable gross-up taxes, in accordance with the terms of Mr. O'Rourke's executive retirement agreement. Mr. O'Rourke also entered into a two-year consulting agreement with GEO, pursuant to which he will be entitled to receive \$20,834 per month during the two years immediately following the termination of his employment in exchange for consulting services. Mr. O'Rourke did not receive a severance payment in connection with his departure. Brian R. Evans, formerly GEO's Vice President - Finance, Treasurer and Chief Accounting Officer, assumed the position of Chief Financial Officer as of August 2, 2009.

EXECUTIVE RETIREMENT AGREEMENTS

We also have executive retirement agreements with Messrs. Zoley and Calabrese. The retirement agreements provide that upon the later of (i) the date the executive actually retires from employment with GEO, or (ii) the executive's 55th birthday, GEO will make a lump sum payment to the executive. See Potential Payments Upon Termination or Change in Control for the amounts we would have had to pay each executive as of January 3, 2010 pursuant to their executive retirement agreements had they each retired at their current age as of that date. The executive retirement agreements also require us to make tax gross-up payments with respect to the retirement payments in aggregate amounts that ensure that the executives receive the full amount of their retirement payments on an after tax basis. Had the executives retired on January 3, 2010, the aggregate amount of these tax gross-up payments would have been \$1,950,118 and \$1,560,094 for Messrs. Zoley and Calabrese, respectively.

The retirement agreements provide that if the executive should die after his 55th birthday but before he retires from GEO, GEO shall immediately pay to the executive's beneficiary(ies) or estate the amount GEO would have paid to the executive had he retired immediately prior to his death. The retirement agreements include non-competition provisions that run for a two-year period after the termination of the executive's employment. Both Mr. Zoley and Mr. Calabrese have reached the age of 55.

OTHER SENIOR OFFICER EMPLOYMENT AGREEMENTS

We have senior officer employment agreements with Messrs. Evans, Hurley and Bulfin. The employment agreements have rolling two-year terms which continue until each executive reaches age 67 absent earlier termination. The agreements provide that Messrs. Evans, Hurley and Bulfin will each receive an annual base salary of \$400,000, \$315,000, and \$360,000, respectively. In accordance with the terms of the agreements, those salaries have been increased since the execution of the respective agreements. The amounts of base salaries that

Table of Contents

were paid to each of these executives during fiscal years 2007, 2008 and 2009 are set forth in the Summary Compensation Table above. The executives are also entitled to receive a target annual incentive bonus in accordance with the terms of our Senior Management Performance Award Plan which is further described below.

The senior officer employment agreements provide that upon the termination of the agreement for any reason other than by GEO for cause (as defined in the employment agreement) or by the voluntary resignation of the executive, the executive will be entitled to receive a termination payment equal to the following: (1) two years of the executive's then current annual base salary; plus (2) either the continuation of the executive's employee benefits (as defined in the employment agreement) for a period of two years, or in the case of Mr. Hurley, at his election, a cash payment equal to the present value of GEO's cost of providing such executive benefits for a period of two years; plus (3) the dollar value of the sum of paid vacation time that the executive was entitled to take immediately prior to the termination which was not in fact taken by the executive. In addition, the employment agreements provide that upon such termination of the executive, we will transfer all of our interest in any automobile used by the executive pursuant to our employee automobile policy and pay the balance of any outstanding loans or leases on such automobile so that the executive owns the automobile outright. In the event such automobile is leased, the employment agreements provide that we will pay the residual cost of the lease. Also, upon such termination, all of the executive's unvested stock options will fully vest immediately.

Upon the termination of the employment agreements by us for cause or by the voluntary resignation of the executive, the executive will be entitled to only the amount of salary, bonus, and employee benefits that is due through the effective date of the termination. Each employment agreement includes a non-competition covenant that runs through the two-year period following the termination of the executive's employment, and customary confidentiality provisions.

SENIOR OFFICER RETIREMENT PLAN

GEO maintains a senior officer retirement plan for all of its Senior Vice Presidents, including Mr. Evans, Mr. Bulfin and Mr. Hurley. The senior officer retirement plan is a non-qualified defined benefit plan and, subject to certain maximum and minimum provisions, provides for the payment to the officer of a monthly retirement benefit based on a percentage of the officer's final average annual salary earned during the employee's last five years of credited service (excluding bonus) times the employee's years of credited service. A participant will vest in his or her benefits under the senior officer retirement plan upon the completion of ten (10) years of service, provided such participant remains continuously employed by the company until at least age fifty five (55). The amount of benefit increases for each full year beyond ten (10) years of service except that there are no further increases after twenty-five (25) years of service. The maximum target benefit under the senior officer retirement plan is 45% of final average annual salary. Reduced benefits are payable for lesser service and early retirement. Benefits under the senior officer retirement plan are offset one hundred percent (100%) by social security benefits received (or estimated social security benefits to be received, if applicable) by the officer and are computed on the basis of a straight-life annuity. The plan also provides for pre-retirement death and disability benefits. Amounts owing under the plan are payable from the general assets of the company.

SENIOR MANAGEMENT PERFORMANCE AWARD PLAN

We have a Senior Management Performance Award Plan which is our annual senior executive bonus plan and is referred to in this proxy statement as the Award Plan. All of our named executive officers participate in the Award Plan. The Award Plan is governed by the Compensation Committee of the Board of Directors and the Award Plan is administered on a day to day basis by the CEO and Vice President of Human Resources. A description of the Award Plan is set forth in Proposal 3 of this proxy statement and a copy of the Award Plan is included in this proxy statement as Annex A. The Award Plan will be voted upon by the shareholders through Proposal 3. The Award Plan is

substantially the same as the senior executive bonus plan we have had in place since 2005, and is being submitted for shareholder approval in order to secure ongoing tax deductions under the Internal Revenue Code, as further discussed below.

For information on the amounts that our named executive officers actually received under our Senior Management Performance Award Plan for 2009, please see the Non-Equity Incentive Compensation

PENSION BENEFITS

The following table sets forth certain information with respect to each plan that provides for payments to each of the named executive officers of GEO at, following, or in connection with retirement from GEO.

Name	Plan Name	Number of Years Credited Service (#)	Present Value of Accumulated Benefit (\$)(3)	Payments During Last Fiscal Year (\$)
George C. Zoley	Executive Retirement Agreement	(1)	5,350,118

John M. Hurley	Senior Officer Retirement Plan	11.08	411,535	
John J. Bulfin	Senior Officer Retirement Plan	9.83	221,530	

(1)

The benefits of Messrs. Zoley and Calabrese under their executive retirement agreements are triggered upon the attainment of the retirement age of 55 years old without regard to years of credited service. Messrs. Zoley and Calabrese are 55 or older and therefore all of their benefits under their executive retirement agreements are fully vested.

- (2) Mr. O Rourke retired effective August 2009 and received full settlement of his benefits under the Executive Retirement Agreement. His settlement included a tax gross-up of \$1,170,071.
- (3) This column reflects amounts relating to each named executive officer's retirement agreement or retirement plan. In the case of Messrs. Zoley and Calabrese, the amounts shown include \$1,950,118 and \$1,560,094, respectively, in tax gross-up payments that we would be required to make on their behalf in connection with their retirement payments pursuant to the terms of their executive retirement agreements. The assumptions used in GEO's actuarial calculation of pension costs are based on payments in the form of a life annuity using market information and GEO's historical rates for employment compensation. Such actuarial assumptions are based using mortality tables for healthy participants and include a discount rate of 5.75% and a rate of compensation increase of 5.00%. Please see Certain Material Executive Compensation Agreements and Arrangements for a description of our executive and senior officer retirement agreements and arrangements.

Table of Contents**POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL**

The following table sets forth for each named executive officer the payments that we would have been required to make as of January 3, 2010 (i) pursuant to the officer's employment agreement, in connection with the termination of the officer's employment as of that date by GEO without cause or by the officer for good reason (as such terms are defined in each officer's employment agreement), (ii) pursuant to the officer's employment agreement, in connection with the termination of the officer's employment as of that date by GEO for cause (as defined in each officer's employment agreement) or by the officer upon the officer's resignation, and (iii) pursuant to the officer's retirement agreement or arrangement, in connection with the termination of the officer's employment as of that date for any reason (including due to the retirement, death or disability of the officer). All of the payments in the table would have been payable pursuant to the employment and retirement agreements and arrangements described more fully above under Certain Material Executive Compensation Agreements and Arrangements. All amounts in the table would have been payable in lump sums from the general assets of GEO.

Name	Payment Due Pursuant to Officer's Employment Agreement upon Termination either by Company Without Cause or by Officer for Good Reason (\$)(1)(2)(3)	Payment Due Pursuant to Officer's Employment Agreement upon a Termination by Company With Cause or Resignation by Officer (\$)(2)(4)	Payment Due Pursuant to Officer's Retirement Agreement or Arrangement upon a Termination for Any Reason (\$)(2)(4)(5)(6)
George C. Zoley	5,538,302		5,350,118
Brian R. Evans	895,335		60,991
John G. O'Rourke(7)			
Wayne H. Calabrese	3,418,402		4,280,094
John M. Hurley	880,835		411,535
John J. Bulfin	899,135		221,530

- (1) Our current employment agreements with our named executive officers do not provide for any payments in connection with a change in control. Each officer would only have received the amount set forth in this column in connection with a change in control on January 3, 2010 if such officer was terminated by GEO without cause or the officer terminated his employment for good reason, in each case, in connection with the change in control. Currently, only the employment agreements with Messrs. Zoley and Calabrese contain a right of the officer to terminate employment for good reason.
- (2) In the event of a termination for any reason of any named executive officer on January 3, 2010, such officer would also have been entitled to receive the amounts set forth in the column of this table entitled Payment Due Pursuant to Officer's Retirement Agreement or Arrangement Upon a Termination For Any Reason

pursuant to the officer's retirement agreement or arrangement.

- (3) For each named executive officer, these amounts consist of the following payments that would be due under the terms of the named executive officer's employment agreement upon a termination without cause:
 - (i) severance payments equal to the named executive officer's current base salary increased by a multiplier as specified in the officer's employment agreement; (ii) the net present value of health care and other benefits due to the named executive officer; and (iii) the fair value of remaining payments under the executive's automobile loan or lease. All severance amounts are calculated using each named executive officer's annual salary base effective January 3, 2010. Although our executive employment agreements with Messrs. Zoley and Calabrese also require us to make tax gross-up payments for certain excise taxes that may be triggered in connection with a change in control, we do not believe that any such taxes would have been applicable to a termination without cause in connection with a change in control as of January 3, 2010.
- (4) Although no named executive officer is eligible to receive a payment in connection with a termination for cause or a resignation pursuant to the officer's employment agreement, each officer is entitled to receive all accrued and unpaid amounts under the officer's employment agreement through the date of termination.
- (5) The benefits of Messrs. Zoley, Calabrese, and Hurley under their retirement agreements are fully vested and those officers would therefore have been entitled to receive the amounts set forth in this column if their employment with GEO had been terminated for any reason on January 3, 2010, whether by GEO or the officer, regardless of whether cause or good reason existed, and including in the event of a termination due to the retirement, death or disability of the officer. Messrs. Evans and Bulfin have not yet vested under our senior officer retirement plan as of January 3, 2010 due to the fact that neither officer had accumulated ten years of service as of that date. Please see "Certain Material Executive Compensation Agreements and Arrangements" for a description of our executive and senior officer retirement agreements and arrangements.
- (6) The pension amounts shown with respect to Messrs. Zoley and Calabrese include tax gross-up payments of \$1,950,118 and \$1,560,094 respectively, that we would have had to make on their behalf pursuant to the terms of their executive retirement agreements had the officers retired on January 3, 2010. Please see "Certain Material Executive Compensation Agreements and Arrangements" for a description of our executive and senior officer retirement agreements and arrangements.
- (7) John G. O'Rourke retired on August 2, 2009 and received a total of \$3,210,071 in full settlement of his benefits under his Executive Retirement Agreement. He is not entitled to any potential payment upon a termination or change in control.

Assumptions used in the calculation of these amounts are described in Note 1 to the Company's audited financial statements for the fiscal year ended January 3, 2010, included in the Company's Annual Report on Form 10-K filed with the SEC on February 22, 2010.
- (4) The table below sets forth the aggregate number of shares of common stock subject to stock awards and option awards held by each director who is not a named executive officer outstanding as of the end of fiscal year 2009.

On February 10, 2010, 7,000 stock options were cancelled. As of March 3, 2010, Mr. Perzel held 8,100 options with an exercise price of \$10.73. These options will expire on February 8, 2015.

Proposal 2

Ratification of Independent Registered Certified Public Accountants

The Audit and Finance Committee of our board of directors has appointed Grant Thornton LLP as our independent registered certified public accountants for the 2010 fiscal year. The Audit and Finance Committee is responsible for the appointment, oversight and termination of our independent registered certified public accountants. We are seeking the ratification of our shareholders of this appointment, although our Audit and Finance Committee is not bound by any shareholder action on this matter.

If the appointment of Grant Thornton LLP as our independent registered certified public accountants is not ratified by our shareholders, the Audit and Finance Committee will reconsider its appointment, but may nevertheless retain Grant Thornton LLP. Also, even if the appointment of Grant Thornton LLP as our independent registered certified public accountants is ratified by our shareholders, the Audit and Finance Committee may direct the appointment of a different independent auditor at any time during the year if the Audit and Finance Committee determines, in its discretion, that such a change would be in our best interests. Grant Thornton LLP has advised GEO that no partner or employee of Grant Thornton LLP has any direct financial interest or any material indirect interest in GEO other than receiving payment for its services as independent certified public accountants.

Recommendation of the Board of Directors

The board of directors unanimously recommends a vote **FOR** the ratification of Grant Thornton LLP as our independent registered certified public accountants for the 2010 fiscal year.

Proposal 3

Approval of Senior Management Performance Award Plan

Background

We are asking our shareholders to approve The GEO Group, Inc. Senior Management Performance Award Plan, which is our annual senior executive bonus plan and is referred to in this proxy statement as the Award Plan. This Award Plan is substantially the same as the senior executive bonus plan we have had in place since 2005, and is being submitted for shareholder approval in order to secure ongoing tax deductions under the Internal Revenue Code, as further discussed below. The Compensation Committee and Board of Directors approved the plan in

Table of Contents

March 2010, subject to shareholder approval. The description of the Award Plan is a summary of its principal provisions and is qualified in its entirety by reference to the Award Plan, a copy of which is included in this proxy statement as Annex A.

The Award Plan is being submitted to you for approval to preserve the tax deductibility of cash incentive awards to executive officers under Section 162(m) of the Internal Revenue Code. Section 162(m) limits to \$1 million per year the deductibility of compensation to the Chief Executive Officer and the next three most highly compensated executive officers other than the Chief Financial Officer. This limit does not apply to compensation defined in Section 162(m) as qualified performance-based compensation. In order for awards under the Award Plan to constitute qualified performance-based compensation, shareholders must approve the Award Plan every five years. The Award Plan was last approved by shareholders in 2005, and the plan is now being resubmitted for shareholder approval at this annual meeting to satisfy this Section 162(m) requirement.

Purpose

The purpose of the Award Plan is to attract, retain and motivate designated key employees by providing performance-based cash awards. The Award Plan provides performance-related cash incentive compensation opportunities to our participating executive officers and employees. The Award Plan rewards outstanding performance by those individuals whose decisions and actions affect the sustainable growth and profitability of the Company. The performance criteria set forth in the Award Plan are intended to align the interests of participating employees with the interests of shareholders.

Administration

The Award Plan is governed by the Compensation Committee and is administered on a day to day basis by the Chief Executive Officer and the Vice President of Human Resources. The Compensation Committee has the discretion to make all determinations necessary or appropriate under the plan. The Compensation Committee is currently comprised of not less than two individuals who qualify as outside directors under Section 162(m) of the Code, or another Committee of the board satisfying such requirement. Under the Award Plan, the Compensation Committee has the exclusive authority and responsibility to:

interpret the Award Plan,

determine the timing and form of amounts to be paid out under the Award Plan and the conditions for payment thereof,

certify attainment of performance goals and other material terms,

reduce Performance Awards,

authorize the payment of all benefits and expenses of the Award Plan,

adopt, amend and rescind rules and regulations relating to the Award Plan, and

make all other determinations and take all other actions necessary or desirable for the Award Plan's administration, including, without limitation, correcting any defect, supplying any omission or reconciling any inconsistency in the Award Plan in the manner and to the extent it shall deem necessary to carry the Award Plan into effect.

Eligible Employees/Performance Awards

All of our named executive officers, as well as our Senior Vice Presidents who are not named executive officers, are eligible to participate in the Award Plan. Under the plan, each of GEO's named executive officers is eligible to receive annual cash incentive compensation based on GEO's budgeted revenue and net income after tax for the fiscal year. For purposes of the plan, net income after tax means GEO's net income after all federal, state and local taxes. Extraordinary items and changes in accounting principles, as defined by U.S. generally accepted accounting principles, may be disregarded in determining GEO's net income after tax. Non-recurring and unusual items not included or planned for in GEO's annual budget may also be excluded from net income after tax in the sole and

Table of Contents

absolute discretion of the Compensation Committee. In determining the amount of annual incentive cash compensation awarded, net income after tax is weighted 65% and revenue is weighted 35% (collectively, the Target Weighting of Revenue and Net-Income-After-Tax).

The following table shows, for each named executive officer, the annual incentive target amount as a percentage of salary that the respective officer is eligible to receive under the plan.

Named Executive Officer:	Annual Incentive Target Amount (As a Percentage of Salary):
Chief Executive Officer	150%
President	120%
Chief Financial Officer	50%
Senior Vice Presidents	45%

Under the terms of the plan, each named executive officer's annual incentive cash compensation award is calculated by applying the following percentage adjustment methodology separately to the respective Target Weighting of Revenue and Net-Income-After-Tax results in accordance with the following table:

Percentage of Budgeted Fiscal Year Targets Achieved for Revenue and for Net-Income-After-Tax	Percentage by which the Target Weighting of Revenue and Net-Income-After- Tax is Reduced/Increased
Less than 80%	No Performance Award
80% - 100%	2.5 times the percentage (negative) difference between the actual achieved percentages of budgeted Revenue and Net-Income-After-Tax
100%	No Adjustment to Target Weighting
101% - 120%	(Amounts over 120% shall not be considered for purposes of this calculation) 2.5 times the percentage (positive) difference between the actual achieved percentages of budgeted Revenue (up to 120%) and Net-Income-After-Tax targets and 100% of the Revenue and Net-Income-After-Tax targets

In addition to the amounts above, if the budgeted goals for revenue and net income after tax are exceeded, the annual incentive target amounts for the Chief Financial Officer and the other Senior Vice Presidents may be increased up to an additional 50% of the executive's annual incentive target amount upon the recommendation of the Chief Executive Officer subject to the approval of the Compensation Committee. The Chief Executive Officer and the President are not eligible for discretionary adjustments. The 50% discretionary bonus is by definition not based on any objective criteria and is based solely on the CEO's and the Compensation Committee's judgment. Factors typically considered by the Compensation Committee and the Chief Executive Officer in determining whether to grant the discretionary award include the contribution of the particular individual during the fiscal year and the overall performance of GEO during the fiscal year. GEO does not set performance targets under the plan in advance, the achievement of which would require payment of the discretionary bonus under the plan.

For fiscal year 2009, the performance targets for revenue and net income after tax under the plan were \$1,108,000,000 and \$67,200,000, respectively, and the actual results achieved by GEO in fiscal year 2009 for revenue and adjusted net

income after tax were \$1,141,090,000 and \$71,186,000, respectively. Net income after tax was adjusted for certain non-recurring items in accordance with the terms of the plan. There were no discretionary awards made under the plan in 2009.

The maximum amount of an award as a percentage of annual salary that may be granted to any named executive officer under the Award Plan is 225% and the maximum salary that may be paid to any participant under the terms of the plan is \$2,000,000 per year.

Table of Contents

Payment of Performance Awards

Performance Awards will be paid in cash as soon as practicable after the award amounts are approved and certified in writing by the Committee.

Amendment and Termination

The board may, in its sole discretion, amend, modify, suspend, discontinue or terminate the Award Plan or adopt a new plan in place of the Award Plan at any time. However, no amendment, suspension or termination may, without the consent of the participant, alter or impair a participant's right to receive payment of a Performance Award for any fiscal year that is payable under the Award Plan.

Under the terms of the plan, no amendment to the plan may alter the performance goals, increase the maximum amount which can be awarded to any participant, change the class of eligible employees or the target performance awards (% of salary) or make any other change that would require shareholder approval under the exemption for performance-based compensation under Section 162(m) of the Internal Revenue Code, in each case, without the prior approval of GEO's shareholders (to the extent required under the performance-based compensation exception of Section 162(m) of the Internal Revenue Code).

Termination of Employment

Under the terms of the plan, if an executive is terminated for cause, the executive will automatically forfeit any annual incentive cash compensation with respect to the fiscal year during which such termination occurs. If an executive voluntarily terminates employment prior to the end of any fiscal year (other than as a result of the retirement of the executive or, in the case of the Chief Executive Officer, President or Chief Financial Officer, as a result of a termination of employment by any of them for good reason (as defined in their respective employment agreements)), the executive will automatically forfeit any award for such fiscal year unless the Chief Executive Officer, in his sole and absolute discretion, grants a prorated annual incentive cash compensation award in an amount not to exceed the amount the executive would have received if the executive had remained employed for the entire fiscal year, based on the actual financial results of GEO as determined following the end of such fiscal year.

In the event (i) an executive is terminated by GEO without cause, (ii) an executive's employment is terminated due to death or disability, (iii) in the case of the Chief Executive Officer, President or Chief Financial Officer, any of them terminates their employment for good reason (as defined in their respective employment agreements), or (iv) in the case of the retirement of an executive which occurs effective as of a date following the 90th day of the applicable fiscal year of GEO, then the executive is entitled to receive a prorated portion of the annual incentive cash compensation award the executive would have received under the plan if the executive had remained employed by GEO for the entire fiscal year, based on the actual financial results of GEO as determined following the end of such fiscal year.

Federal Income Tax Consequences

The Award Plan is designed, among other things, to ensure that compensation which may be payable under the Award Plan to participants who are covered employees as defined in Section 162(m) of the Code and the applicable Treasury regulations thereunder will qualify as tax-deductible pursuant to the performance-based compensation exception of Section 162(m) of the Code. For purposes of Section 162(m), the material terms of the performance goals that must be approved include: (i) the employees eligible to receive compensation under the Award Plan, (ii) a description of the business criteria on which the performance goal is based and (iii) either the maximum amount of compensation that can be paid to a covered employee under the performance goal or the formula used to calculate the amount of

compensation that could be paid if the performance goal is satisfied.

Under present federal income tax law, participants will recognize ordinary income equal to the amount of the Performance Award received in the year of receipt. That income will be subject to applicable income and employment tax withholding by us. If and to the extent that the Award Plan payments satisfy the requirements of Section 162(m) of the Code and otherwise satisfy the requirements for deductibility under federal income tax law, we will receive a deduction for the amount constituting ordinary income to the participant.

SHAREHOLDER PROPOSAL DEADLINE

As more specifically provided in our Amended and Restated Bylaws, no business may be brought before an annual meeting by a shareholder unless the shareholder has provided proper notice to us not less than 60 days nor more than 90 days prior to the first anniversary of the preceding year's annual meeting. Accordingly, since our annual meeting for 2010 is scheduled for May 5, 2010, any shareholder proposal to be considered at the 2011 annual meeting must be properly submitted to us not earlier than February 4, 2011 nor later than March 4, 2011. These requirements are separate from the Securities and Exchange Commission's requirements that a stockholder must meet in order to have a proposal included in our proxy statement. For the 2011 annual meeting, under the Securities and Exchange Commission's requirements, any stockholder proposals and recommendations for director nominees must be received by GEO no later than November 24, 2010 in order to be included in our 2011 proxy statement.

HOUSEHOLDING; AVAILABILITY OF ANNUAL REPORT AND PROXY MATERIALS

The SEC permits companies and intermediaries, such as a brokerage firm or a bank, to satisfy the delivery requirements for annual reports, notices of internet availability of proxy materials and proxy materials with respect to two or more shareholders sharing the same address by delivering only one annual report, notice of internet availability of proxy materials or set of proxy materials to that address. This process, which is commonly referred to as householding, can effectively reduce our printing and postage costs.

Certain of our shareholders whose shares are held in street name and who have consented to householding may receive only one annual report, notice of internet availability or set of proxy materials per household. If you would like to receive a separate annual report, notice of internet availability of proxy materials or set of proxy materials in the future, or if your household is currently receiving multiple copies of the same items and you would like to receive only a single copy at your address in the future, please contact Corporate Relations by mail at 621 NW 53rd Street, Suite 700, Boca Raton, Florida 33487 or by telephone at 1-866-301-4436 and indicate your name, the name of each of your brokerage firms or banks where your shares are held, and your account numbers.

If you would like to receive an additional copy of our 2009 annual report or this proxy statement, please send a blank email with the 12-digit control number (located on the Notice) in the subject line to sendmaterial@proxyvote.com or by telephone at 1-800-579-1639. Please note, however, that if you wish to receive a paper proxy card or other proxy materials for the purpose of the annual meeting, you should follow the instructions included in Important Notice Regarding the Availability of Proxy Materials.

OTHER MATTERS

The board of directors knows of no other matters to come before the shareholders' meeting. However, if any other matters properly come before the meeting or any of its adjournments, the person or persons voting the proxies will vote them in accordance with their best judgment on such matters.

By order of the Board of Directors,

John J. Bulfin
Senior Vice President, General Counsel
and Corporate Secretary

The Chief Executive Officer and the President shall not be eligible to receive a discretionary Performance Award adjustment pursuant to this Section 5.3.

5.4 Form and Timing Of Payment; Committee Certification. 6. CHANGE IN STATUS

In the event that a Participant remains employed with the Company but is no longer eligible to receive a Performance Award during the Plan Year, whether due to a promotion, demotion or lateral move, the Participant shall be entitled to a Pro Rata portion of the Performance Award for which he/she was eligible under this Plan, subject to the terms of Section 5.4, based upon the length of time the Participant served in the eligible position, in which case such Performance Award (a) shall be determined after the end of the Plan Year during which the change in eligibility status occurs based solely on the actual results of the Company for such full Plan Year, and (b) shall not exceed a Pro Rata portion of the actual Performance Award which the Participant would otherwise have been eligible to receive under this Plan with respect to the Plan Year in which the change in eligibility status occurs had the Participant remained eligible to receive a Performance Award for the full Plan Year.

7.3 Termination by the Company without Cause, by the Participant for Good reason, or as a Result of the Death or Disability of the Participant. In the event that a Participant's employment is terminated (a) by the Company without Cause (as such term is defined under such Participant's employment agreement with the Company), (b) by the Participant, but only in the case of the Chief Executive Officer, President or Chief Financial Officer, for Good Reason (as such term is defined in their employment agreements with the Company)), or (c) as a result of the death or disability (as such term is defined under such Participant's employment agreement with the Company) of the Participant, then such Participant (or such Participant's estate, as applicable), shall be entitled to receive a Pro Rata portion of the actual Performance Award which the Participant would otherwise have been eligible to receive under this Plan with respect to the Plan Year in which the termination occurs had the Participant remained employed with the Company for the full Plan Year; provided, however, that such Performance Award shall not be determined until after the end of the Plan Year during which the termination occurs and shall be based solely on the actual results of the Company for such full Plan Year.

7.4 Termination as a Result of the Retirement of the Participant. In the event that a Participant's employment is terminated as a result of the retirement of the Participant in accordance with Company policy on a date following the 90th day of then current Company fiscal year, the Participant shall be entitled to receive a Pro Rata portion of the actual Performance Award which the Participant would otherwise have been eligible to receive under this Plan with respect to the Plan Year in which the termination occurs had the Participant remained employed with the Company for the full Plan Year; provided, however, that such Performance Award shall not be determined until after the end of the Plan Year during which the termination occurs and shall be based solely on the actual the results of the Company for such full Plan Year. No Performance Award or Pro Rata portion thereof shall be due or payable to a Participant whose employment is terminated as a result of a retirement that is effective prior to the 90th day of the then current Company fiscal year.

8. NON-ASSIGNABILITY

No Performance Award under this Plan or payment thereof, nor any right or benefit under this Plan, shall be subject to anticipation, alienation, sale, assignment, pledge, encumbrance, garnishment, execution or levy of any kind or charge, and any attempt to anticipate, alienate, sell, assign, pledge, encumber and to the extent permitted by applicable law, charge, garnish, execute upon or levy upon the same shall be void and shall not be recognized or given effect by the Company.

9. NO RIGHT TO EMPLOYMENT

- ii. no amendment, suspension, or termination shall, without the consent of the Participant, alter or impair a Participant's right to receive payment of a Performance Award for a Plan Year otherwise payable hereunder; and
- iii. in the event of any conflict between the terms of this Plan and the terms of any employment, compensation or similar agreement between the Company and a Participant, the terms of the employment, compensation or similar agreement between the Company and the Participant shall prevail.

11. SEVERABILITY

In the event that any one or more of the provisions contained in the Plan shall, for any reason, be held to be invalid, illegal or unenforceable, in any respect, such invalidity, illegality or unenforceability shall not affect any other provision of the Plan and the Plan shall be construed as if such invalid, illegal or unenforceable provisions had never been contained therein.

12. WITHHOLDING

The Company shall have the right to make such provisions as it deems necessary or appropriate to satisfy any obligations it may have to withhold federal, state, or local income or other taxes incurred by reason of payments pursuant to the Plan.

In the event that following the application of the immediately preceding paragraph, any Performance Award is subject to Code Section 409A, the provisions of Code Section 409A are hereby incorporated herein by reference to the extent necessary for any Performance Award that is subject to Code Section 409A to comply therewith. In such event, the provisions of this Plan shall be interpreted in a manner that satisfies the requirements of Code Section 409A and the Plan shall be operated accordingly. If any provision of this Plan or any term or condition of any Performance Award

would otherwise frustrate or conflict with this intent, the provision, term or condition will be interpreted and deemed amended so as to avoid this conflict.

Notwithstanding any other provision of this Plan, if a Participant is not employed by the Company on the last day of the Plan Year to which a Performance Award relates, the maximum Performance Award payable to such Participant shall not exceed the Pro-Rata Performance Award. For this purpose, the term Pro-Rata Performance Award shall mean the Performance Award, if any, that would have been payable by the Company to such Participant for the Plan Year if and to the extent that the performance goals for such Plan Year have been met, if the Participant had been employed by the Company throughout the entire Plan Year, multiplied by a fraction, the numerator of which shall be the number of days from the first day of the Plan Year through and including the date of termination of employment and the denominator of which shall be the total number of days in the Plan Year.
