CIFG - CIFG Assurance North America, Inc.

FNMA - Federal National Mortgage Association

GNMA - Government National Mortgage Association

MFMR - Multi-Family Mortgage Revenue

NPFG - National Public Finance Guaranty Corp.

SFMR - Single Family Mortgage Revenue

At August 31, 2010, the concentration of the Trust's investments in the various states, determined as a percentage of total investments, is as follows:

New York	14.6%
California	11.9%
Others, representing less than 10% individually	73.5%

The Trust invests primarily in debt securities issued by municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at August 31, 2010, 34.9% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution ranged from 1.3% to 12.2% of total investments.

- (1) Security represents the underlying municipal bond of an inverse floater.
- (2) When-issued security.
- (3) Security exempt from registration pursuant to Rule 144A under the Securities Act of 1933. These securities may be sold in certain transactions (normally to qualified institutional buyers) and remain exempt from registration. At August 31, 2010, the aggregate value of these securities is \$16,481,846 or 6.0% of the Trust's net assets applicable to common shares.
- (4) Security (or a portion thereof) has been pledged as collateral for inverse floating-rate security transactions. The aggregate value of such collateral is \$8,558,263.
- (5) Security (or a portion thereof) has been segregated to cover payable for when-issued securities.
- (6) Defaulted bond.
- (7) Security is in default and is making only partial interest payments.
- (8) Variable rate security. The stated interest rate represents the rate in effect at August 31, 2010.

A summary of open financial instruments at August 31, 2010 is as follows:

### Interest Rate Swaps

Counterparty	Notional Amount	Annual Fixed Rate Paid By Trust	Floating Rate Paid to Trust	Effective Date/ Termination Date	Net Unrealized Depreciation
Merrill Lynch Capital Services, Inc.	\$ 25,000,000	3.374%	3-month USD- LIBOR-BBA	November 24, 2010/ November 24, 2040	\$ (967,654)
					\$ (967,654)

The effective date represents the date on which the Trust and the counterparty to the interest rate swap contract begin interest payment accruals.

At August 31, 2010, the Trust had sufficient cash and/or securities to cover commitments under these contracts.

The Trust is subject to interest rate risk in the normal course of pursuing its investment objectives. Because the Trust holds fixed rate bonds, the value of these bonds may decrease if interest rates rise. To hedge against this risk, the Trust may enter into interest rate swap contracts.

At August 31, 2010, the aggregate fair value of derivative instruments (not considered to be hedging instruments for accounting disclosure purposes) in a liability position and whose primary underlying risk exposure is interest rate risk was \$967,654.

The cost and unrealized appreciation (depreciation) of investments of the Trust at August 31, 2010, as determined on a federal income tax basis, were as follows:

<b>Aggregate cost</b>	<b>\$ 382,401,590</b>
Gross unrealized appreciation	\$ 36,862,058
Gross unrealized depreciation	(26,172,738)
<b>Net unrealized appreciation</b>	<b>\$ 10,689,320</b>

Under generally accepted accounting principles for fair value measurements, a three-tier hierarchy to prioritize the assumptions, referred to as inputs, is used in valuation techniques to measure fair value. The three-tier hierarchy of inputs is summarized in the three broad levels listed below.

Level 1 quoted prices in active markets for identical investments

Level 2 other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)

Level 3 significant unobservable inputs (including a fund's own assumptions in determining the fair value of investments)

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

At August 31, 2010, the inputs used in valuing the Trust's investments, which are carried at value, were as follows:

<b>Asset Description</b>	<b>Quoted Prices in Active Markets for Identical Assets  (Level 1)</b>	<b>Significant Other Observable Inputs  (Level 2)</b>	<b>Significant Unobservable Inputs  (Level 3)</b>	<b>Total</b>
Tax-Exempt Investments	\$	\$ 511,090,910	\$	\$ 511,090,910
<b>Total Investments</b>	<b>\$</b>	<b>\$ 511,090,910</b>	<b>\$</b>	<b>\$ 511,090,910</b>
<b>Liability Description</b>				
Interest Rate Swaps	\$	\$ (967,654)	\$	\$ (967,654)
<b>Total</b>	<b>\$</b>	<b>\$ (967,654)</b>	<b>\$</b>	<b>\$ (967,654)</b>

The Trust held no investments or other financial instruments as of November 30, 2009 whose fair value was determined using Level 3 inputs.

For information on the Trust's policy regarding the valuation of investments and other significant accounting policies, please refer to the Trust's most recent financial statements included in its semiannual or annual report to shareholders.

**Item 2. Controls and Procedures**

(a) It is the conclusion of the registrant's principal executive officer and principal financial officer that the effectiveness of the registrant's current disclosure controls and procedures (such disclosure controls and procedures having been evaluated within 90 days of the date of this filing) provide reasonable assurance that the information required to be disclosed by the registrant on this form N-Q has been recorded, processed, summarized and reported within the time period specified in the Commission's rules and forms and that the information required to be disclosed by the registrant on this form N-Q has been accumulated and communicated to the registrant's principal executive officer and principal financial officer in order to allow timely decisions regarding required disclosure.

(b) There have been no changes in the registrant's internal controls over financial reporting during the fiscal quarter for which the report is being filed that have materially affected, or are reasonably likely to materially affect the registrant's internal control over financial reporting.

---

**Signatures**

Pursuant to the requirements of the Securities Exchange Act of 1934 and the Investment Company Act of 1940, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
