Reynolds Group Issuer Inc., or the US Issuer, Reynolds Group Issuer LLC, or the US Co-Issuer, and Reynolds Group Issuer (Luxembourg) S.A., or the Lux Issuer, which collectively we refer to as the Issuers, are offering to exchange the old notes, as defined in this prospectus, for a like principal amount of new notes, as defined in this prospectus. We

refer to this offer as the exchange offer.

The terms of the new notes of each series are identical in all material respects to the terms of the old notes of the same series, except that, among other differences, the new notes are registered under the Securities Act of 1933, as amended, which we refer to as the Securities Act, and the transfer restrictions and registration rights relating to the old notes will not apply to the new notes. The old notes and the new notes are joint and several obligations of the Issuers. The new notes will be issued under the same indenture governing the old notes of the same series. See Description of the 2009 Notes General, Description of the May 2010 Notes General, Description of the October 2010 Senior Secured Notes General, Description of the October 2010 Senior Notes General, Description of the February 2011 Senior Secured Notes General, Description of the February 2011 Senior Notes General, Description of the August 2011 Senior Secured Notes General and Description of the August 2011 Senior Notes General.

The exchange offer will expire at 5:00 p.m., New York City time, on _____, 2012, which date and time we refer to as the expiration date, unless the Issuers extend the expiration date, in which case expiration date means the latest date and time to which the exchange offer is extended. You should read the section called The Exchange Offer for further information on how to exchange your old notes for new notes.

The old notes and the new notes are guaranteed (subject to certain customary guarantee release provisions set forth in the indentures governing the notes), on a joint and several basis, by Reynolds Group Holdings Limited, or RGHL, Beverage Packaging Holdings (Luxembourg) I S.A., or BPI, and certain of BPI's subsidiaries that, subject to certain exceptions, are borrowers under, or guarantee the Senior Secured Credit Facilities (as defined herein) of RGHL, BPI and certain subsidiaries of BPI, which collectively we refer to as the guarantors. Each guarantor is 100% owned by RGHL. The registration statement, of which this prospectus forms a part, registers the guarantees as well as the notes. Both the senior secured notes and the senior notes and the related guarantees are senior obligations of the Issuers and the guarantors and the senior secured notes are secured on a first lien priority basis by existing and future assets of certain of the guarantors, including RGHL and certain of its subsidiaries, as described in this prospectus. In the event of enforcement of the liens securing the senior secured notes, the proceeds thereof will be applied (subject to repaying certain agent and transfer fees and costs of enforcement) first to repay on a ratable basis the senior secured notes and the other indebtedness secured on a first lien priority basis by those liens, including under BPI's and its subsidiaries senior secured credit facilities. The priority of all liens securing the senior secured notes and the related guarantees is subject to certain exceptions and prior permitted liens.

See Risk Factors beginning on page 49 for a discussion of risk factors that you should consider prior to tendering your old notes in the exchange offer.

Each broker-dealer that receives new notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such new notes. The letter of transmittal states that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of new notes received in exchange for the old notes where such old notes were acquired by such broker-dealer as a result of market-making activities or other trading activities. The Issuers have agreed that, for a period of

Table of Contents

180 days after the expiration date, they will make this prospectus available to any exchanging dealer or initial purchaser and for a period of 90 days after the expiration day to any broker-dealer for use in connection with any such resale. See Plan of Distribution.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

The date of this prospectus is _____, 2012

NOTICE TO EEA INVESTORS

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a Relevant Member State), with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the Relevant Implementation Date) there shall be no offer of notes to the public in that Relevant Member State prior to the publication of a prospectus in relation to the notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, all in accordance with the Prospectus Directive, except, with effect from and including the Relevant Implementation Date, an offer of notes may be made to the public in that Relevant Member State at any time:

to any legal entity which is a qualified investor as defined in the Prospectus Directive;

to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive) as permitted under the Prospectus Directive subject to obtaining the prior consent of the representatives for any such offer; or

in any other circumstances which do not require the publication by the Issuers or any guarantor of a prospectus pursuant to Article 3(2) of the Prospectus Directive.

For the purposes of this provision, the expression an offer of notes to the public in relation to any of the notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe for the notes, as this definition may have been amended in the Relevant Member State, and the expression Prospectus Directive means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

NOTICE TO CERTAIN NON-US INVESTORS

Austria. The notes may be offered and sold in the Republic of Austria only in accordance with the provisions of Capital Markets Act (*Kapitalmarktgesetz*), the Banking Act (*Bankwesengesetz*), the Securities Supervision Act 2007 (*Wertpapieraufsichtsgesetz 2007*) of Austria and any other applicable Austrian law governing the offer and sale of the notes in the Republic of Austria. The notes have not been admitted for a public offer in Austria either under the provisions of the Capital Markets Act (*Kapitalmarktgesetz*), or the Investment Funds Act (*Investmentfondsgesetz*) or the Stock Exchange Act (*Börsegesetz*). Neither this document nor any other document in connection with the notes is a prospectus according to the Capital Markets Act (*Kapitalmarktgesetz*), the Stock Exchange Act (*Börsegesetz*) or the Investment Funds Act (*Investmentfondsgesetz*) and has therefore not been drawn up, audited, approved, pass-ported and/or published in accordance with the aforesaid acts. Consequently, the notes may not be, and are not being, offered, (re-)sold or otherwise transferred directly or indirectly by way of a public offering in the Republic of Austria. No steps may be taken that would constitute a public offer of the notes in Austria and the offer of the notes may not be advertised publicly in the Republic of Austria.

Brazil. The notes have not been, and will not be, registered with the Brazilian Securities Commission (*Comissão de Valores Mobiliários*). The notes may not be offered or sold in Brazil, except in circumstances that do not constitute a public offering or unauthorized distribution under Brazilian laws and regulations. The notes are not being offered into Brazil. Documents relating to the offering of the notes, as well as information contained therein, may not be supplied to the public in Brazil, nor be used in connection with any offer for subscription or sale of the notes to the public in

Brazil.

Denmark. This prospectus does not constitute a prospectus under Danish law or regulations and has not been and will not be filed with or approved by the Danish Financial Supervisory Authority or any other regulatory authority in Denmark, and the notes have not been and are not intended to be listed on a Danish stock exchange or a Danish authorized market place. Furthermore, the notes have not been and will not be

offered to the public in Denmark. Consequently, this prospectus may not be made available nor may the notes otherwise be marketed or offered for sale directly or indirectly in Denmark, except to qualified investors within the meaning of, or otherwise in compliance with an exemption set forth in, Executive Order No. 306 of April 28, 2005.

France. The notes have not been and will not be offered or sold, directly or indirectly, to the public in France (*offre au public de titres financiers*), and no offering or marketing materials relating to the notes must be made available or distributed in any way that would constitute, directly or indirectly, an offer to the public in France.

The notes may only be offered or sold in France to qualified investors (*investisseurs qualifiés*) and/or to a limited group of investors (*cercle restreint d'investisseurs*) as defined in and in accordance with articles L.411-1, L.411-2 and D.411-1 to D.411-3 of the French Code monétaire et financier and article 211-2 of the Règlement Général of the French financial market authority (*Autorité des Marchés Financiers*).

Prospective investors are informed that:

this prospectus has not been submitted for clearance to the *Autorité des Marchés Financiers*;

in compliance with article D.411-1 of the French *Code monétaire et financier*, any investors subscribing for the notes should be acting for their own account; and

the direct and indirect distribution or sale to the public of the notes acquired by them may only be made in compliance with articles L.411-1, L.411-2, L.412-1 and L.621-8 of the French *Code monétaire et financier*.

Germany. The notes may be offered and sold in the Federal Republic of Germany only in accordance with the provisions of the Securities Prospectus Act of the Federal Republic of Germany (*Wertpapierprospektgesetz, WpPG*) and any other applicable German law. This prospectus has not been and will not be filed with or approved by the German Financial Services Supervisory Authority (*Bundesanstalt für Finanzdienstleistungsaufsicht, BaFin*) or any other regulatory authority in Germany, and the notes have not been and will not be admitted for public offering in Germany. Consequently, in Germany the notes will only be available to, and this prospectus and any other offering material in relation to the notes is directed only at, persons who are qualified investors (*qualifizierte Anleger*) within the meaning of Section 2 No. 6 of the Securities Prospectus Act. Any resale of the notes in Germany may only be made in accordance with the Securities Prospectus Act and other applicable German laws.

Hungary. The offering of the notes is not a public offering in the Republic of Hungary. Therefore, no license has been and will be issued by the Hungarian Financial Supervisory Authority or any other authority for the public offering of the notes in Hungary. Any marketing, subsequent transfer or on-sale of the notes must be carried out in accordance with the private placement exemptions of the Capital Markets Act (Act CXX of 2001) and any other applicable Hungarian law.

Ireland. This document does not comprise a prospectus for the purposes of the Investment Funds, Companies and Miscellaneous Provisions Act 2005 of Ireland, the Prospectus (Directive 2003/71/EC) Regulations 2005 of Ireland or the Prospectus Rules issued by the Central Bank of Ireland in March 2006. No person may: (i) underwrite the issue of, or place, the notes, otherwise than in conformity with the provisions of the Irish Investment Intermediaries Act 1995 (as amended), including, without limitation, Sections 9 and 23 thereof and any codes of conduct rules made under Section 37 thereof, and the provisions of the Investor Compensation Act 1998; (ii) underwrite the issue of, or place, the notes, otherwise than in conformity with the provisions of the Irish Central Bank Acts 1942-2003 (as amended) and any codes of conduct rules made under Section 117(1) thereof; and (iii) underwrite the issue of, or place, or otherwise act in Ireland in respect of, the notes, otherwise than in conformity with the provisions of the Irish Market Abuse (Directive 2003/6/EC) Regulations 2005 and any rules issued by The Central Bank of Ireland pursuant thereto.

Italy. The offering of the notes has not been registered with the *Commissione Nazionale per le Società e la Borsa* (CONSOB) (the Italian Securities Exchange Commission), in accordance with Italian securities legislation and, accordingly, in the Republic of Italy the notes may not be offered, sold or delivered, nor may

copies of the prospectus or of any other document relating to the notes be distributed in the Republic of Italy, except:

to professional investors (*operatori qualificati*), as defined in Article 31, second paragraph, of CONSOB Regulation No. 11522 of July 1, 1998 (Regulation 11522), as amended; or

in circumstances which are exempted from the rules on solicitation of investments pursuant to Article 100 of Legislative Decree No. 58 of February 24, 1998 (the Financial Services Act) and Article 33, first paragraph, of CONSOB Regulation No. 11971 of May 14, 1999, as amended; and

provided, however, that any such offer, sale or delivery of notes or distribution of copies of this prospectus or any other document relating to the notes in the Republic of Italy must:

be made by an investment firm, bank or financial intermediary permitted to conduct such activities in the Republic of Italy in accordance with Legislative Decree No. 385 of September 1, 1993 (the Banking Act), the Financial Services Act, Regulation 11522 and any other applicable laws and regulations;

be conducted in accordance with any relevant limitations or procedural requirements that CONSOB may impose upon the offer or sale of the notes, and

be made in compliance with any and all other applicable laws and regulations.

Grand Duchy of Luxembourg. The notes may not be offered or sold within the territory of the Grand Duchy of Luxembourg unless:

a prospectus has been duly approved by the Commission de Surveillance du Secteur Financier in accordance with the Law of 10 July 2005 on prospectuses for securities as amended from time to time (the Prospectus Law) and implementing Directive 2003/71/EC of the European Parliament and of the Council of 4 November 2003 on the prospectus to be published when securities are offered to the public or admitted to trading (the Prospectus Directive) and any Luxembourg law which will implement Directive 2010/73/EU of 24 November 2010 (the PD Amending Directive) if Luxembourg is a home member state (as defined in the Prospectus Law); or

if Luxembourg is not the home member State, the Commission de Surveillance du Secteur Financier has been notified by the competent authority in the home member state that the prospectus has been duly approved in accordance with the Prospectus Directive and the PD Amending Directive; or

the offer is made to (i) legal entities which are authorized or regulated to operate in the financial markets or, if not so authorized or regulated, whose corporate purpose is solely to invest in securities, or (ii) a legal entity which has two or more of (1) an average of at least 250 employees during the financial year; (2) a total balance sheet of more than 43,000,000; and (3) an annual net turnover of more than 50,000,000 as shown in its last annual or consolidated published accounts, or the offer benefits from any other exemption to or constitutes a transaction otherwise not subject to, the requirement to publish a prospectus.

Spain. The notes may not be offered or sold in Spain except in accordance with the requirements of the Spanish Securities Market Law (*Ley 24/1988, de 28 de julio, del Mercado de Valores*), as amended and restated, and Royal Decree 1310/2005 (*Real Decreto 1310/2005, de 4 de noviembre de 2005, en materia de admisión a negociación de valores en mercados secundarios oficiales, de ofertas públicas de venta o suscripción y del folleto exigible a tales efectos*), as amended and restated, and the decrees and regulations made thereunder. The notes may not be sold, offered or distributed to persons in Spain except in circumstances which do not constitute an offer of securities in Spain within the meaning of the Spanish Securities Market Law and further relevant legislation. This prospectus has

not been registered with the

The exchange notes are only available to, and any invitation, offer or agreement to subscribe, purchase or otherwise acquire such exchange notes will be engaged in only with, relevant persons. Any person who is not a relevant person should not act or rely on this document or any of its contents.

MARKET DATA

We operate in markets for which it is difficult to obtain precise and current industry and market information. All statements made in this prospectus regarding our position in the markets in which we operate, including market data, certain economics data and forecasts, were estimated or derived based upon assumptions we deem reasonable and from our own research, surveys or studies conducted by third parties, and other industry or general publications. There is no single third party source for any of our market shares or total market size. Industry publications and surveys generally state that they have obtained information from sources believed to be reliable. While we believe that each of these studies and publications is reliable, we have not independently verified data from third-party sources, nor have we ascertained the underlying economic assumptions relied upon therein. Similarly, we believe our internal research with respect to our markets is reliable, but it has not been verified by any independent sources. Historical data on the food and beverage packaging manufacturing market do not have a universally recognized authoritative source.

In addition, in many cases we have made statements in this prospectus regarding our markets and our position in such markets based on our experience and investigation of market conditions. None of our internal surveys or information has been verified by any independent sources.

SUMMARY

This summary highlights selected information contained elsewhere in this prospectus. You should read this entire prospectus carefully, including Summary Presentation of Financial Information, Risk Factors, Special Note of Caution Regarding Forward-Looking Statements, and Operating and Financial Review and Prospects.

In this prospectus, unless otherwise indicated or the context otherwise requires (a) references to we, us or our are to RGHL and its consolidated subsidiaries, (b) references to Graham Packaging are to Graham Packaging Company Inc. and, unless the context otherwise requires, its consolidated subsidiaries and (c) references to the RGHL Group are to RGHL and its consolidated subsidiaries. We describe the six segments that comprise the RGHL Group following the consummation of the Graham Packaging Acquisition ((i) our aseptic carton packaging segment, or SIG, (ii) our fresh carton packaging, liquid packaging board, carton board and freesheet segment, or Evergreen, (iii) our caps and closures segment, or Closures, (iv) our consumer products segment, or Reynolds Consumer Products, (v) our foodservice packaging segment, or Pactiv Foodservice, and (vi) our custom blow molded plastic container segment, or Graham Packaging) as if they were the RGHL Group s segments for all historical periods described in this prospectus, unless otherwise indicated.

For a discussion of the terms used to describe our transactions (e.g. 2012 Refinancing Transactions, Graham Packaging Change of Control Offer, Graham Packaging Acquisition, Dopaco Acquisition, 2011 Refinancing Transactions, Pactiv Acquisition, Reynolds Foodservice Acquisition, Evergreen Acquisition, RGHL Acquisition, Acquisition and Initial Evergreen Acquisition), refer to The Transactions.

For ease of reference, you may also refer to the Glossary of Selected Terms for many of the defined terms used in this prospectus.

Our Company

We are a leading global manufacturer and supplier of consumer beverage and foodservice packaging products. We sell our products to customers globally, including to a diversified mix of leading multinational companies, large national and regional companies and small local businesses. We primarily serve the consumer food, beverage and foodservice market segments.

Our Segments

We operate through six segments: SIG, Evergreen, Closures, Reynolds Consumer Products, Pactiv Foodservice and Graham Packaging.

SIG Overview

SIG is a leading manufacturer of aseptic carton packaging systems for both beverage and liquid food products, ranging from juices and milk to soups and sauces. Aseptic carton packaging, most prevalent in Europe and Asia, is designed to allow beverages or liquid food to be stored for extended periods of time without refrigeration. SIG supplies complete aseptic carton packaging systems, which include aseptic filling machines, aseptic cartons, spouts, caps and closures and related services. SIG has a large global customer base with its largest presence in Europe.

Evergreen Overview

Evergreen is a vertically integrated, leading manufacturer of fresh carton packaging for beverage products, primarily serving the juice and milk end-markets. Fresh carton packaging, most predominant in North America, is designed for beverages that require a cold-chain distribution system, and therefore have a more limited shelf life than beverages in aseptic carton packaging. Evergreen supplies integrated fresh carton packaging systems, which can include fresh cartons, spouts and filling machines. Evergreen produces liquid packaging board for its internal requirements and to sell to other manufacturers. Evergreen also produces

coated groundwood primarily for catalogs, inserts, magazine and commercial printing, as well as uncoated freesheet primarily for envelope, specialty and offset printing paper. Evergreen has a large customer base and operates primarily in North America.

Closures Overview

Closures is a leading manufacturer of plastic beverage caps and closures, primarily serving the carbonated soft drink, non-carbonated soft drink and bottled water segments of the global beverage market. Closures' products also serve the liquid dairy, food, beer and liquor and automotive fluid markets. In addition to supplying plastic caps and closures, Closures also offers high speed rotary capping equipment, which secure caps on a variety of packaging, and related services. Closures has a large global customer base with its largest presence in North America.

Reynolds Consumer Products Overview

Reynolds Consumer Products is a leading manufacturer in the U.S. of branded and store branded consumer products such as foil, wraps, waste bags, food storage bags, and disposable tableware and cookware. These products are typically used by consumers in their homes and are sold through a variety of retailers, including grocery stores, mass-merchandisers, warehouse clubs, drug stores, discount chains and military channels. Reynolds Consumer Products has a large customer base and operates primarily in North America.

Pactiv Foodservice Overview

Pactiv Foodservice is a leading manufacturer of foodservice and food packaging products. Pactiv Foodservice offers a comprehensive range of products including tableware items, takeout service containers, clear rigid-display packaging, microwaveable containers, foam trays, dual-ovenable paperboard containers, cups, molded fiber egg cartons, meat and poultry trays, plastic film and aluminum containers. Pactiv Foodservice distributes its foodservice and food packaging products through foodservice distributors, food processors, supermarket distributors, supermarkets and restaurants. Pactiv Foodservice has a large customer base and operates primarily in North America.

Graham Packaging Overview

Graham Packaging, including the operations and activities of Graham Packaging Holdings Company, or Graham Holdings, is a worldwide leader in the design, manufacture and sale of value-added, custom blow molded plastic containers for branded consumer products. We believe that Graham Packaging has the number one market share positions in North America for hot-fill juices, sports drinks/isotonics, yogurt drinks, liquid fabric care, dish detergents, motor oil and certain other products measured by volume based on our analysis of industry data. Graham Packaging operates in product categories where customers and end-users value the technology and innovation that Graham Packaging's custom plastic containers offer as an alternative to traditional packaging materials such as glass, metal and paperboard.

Risk Factors

Our ability to successfully operate our business is subject to certain risks, including those that are generally associated with operating in the packaging industry. These risks include, but are not limited to, the following:

- risks related to the future costs of energy, raw materials and freight;

- risks related to our substantial outstanding third-party indebtedness of approximately \$18,084 million as of December 31, 2011 after giving pro forma effect to the 2012 Refinancing Transactions;

risks related to our ability to service our current and future indebtedness for which we will have to spend approximately \$1,450 million annually to service our indebtedness after giving pro forma effect to the 2012 Refinancing Transactions;

risks related to our other hedging activities which may result in significant losses and in period-to-period earnings volatility;

Table of Contents

- risks related to our suppliers of raw materials and any interruption in our supply of raw materials;
- risks related to downturns in our target markets;
- risks related to dependence on the protection of our intellectual property and the development of new products;
- risks related to the consolidation of our customer bases, competition and pricing pressure;
- risks related to the impact of a loss of one of our key manufacturing facilities;
- risks related to our exposure to environmental liabilities and potential changes in legislation or regulation;
- risks related to complying with environmental, health and safety laws or as a result of satisfying any liability or obligation imposed under such laws;
- risks related to changes in consumer lifestyle, eating habits, nutritional preferences and health-related and environmental concerns that may harm our business and financial performance;
- risks related to other factors discussed or referred to in this prospectus, including in the section titled Risk Factors.

We operate in a very competitive and rapidly changing environment. Investing in the notes involves substantial risk. You should consider carefully all of the information in this prospectus and, in particular, you should evaluate the specific risk factors set forth in the Risk Factors section of this prospectus in evaluating the exchange offer and making a decision whether to invest in the new notes.

Recent Developments

The 2012 Refinancing Transactions

On February 15, 2012, the Issuers completed the sale of \$1,250 million aggregate principal amount of the February 2012 Notes in a private offering. The February 2012 Notes will mature on August 15, 2019.

The net proceeds from the offering of the February 2012 Notes were used to refinance the \$14 million outstanding aggregate principal amount of the 8.250% Senior Notes due 2017, or the Graham Packaging 2017 Notes, the \$19 million outstanding aggregate principal amount of the 8.250% Senior Notes due 2018, or the Graham Packaging 2018 Notes, and the \$355 million outstanding aggregate principal amount of the 9.875% Senior Subordinated Notes due 2014, or the Graham Packaging Senior Subordinated Notes, which together with the Graham Packaging 2017 Notes and the Graham Packaging 2018 Notes, we refer to as the Graham Packaging Notes, each issued by RGHL's wholly-owned subsidiaries, Graham Packaging Company, L.P. and GPC Capital Corp. I, and the \$249 million outstanding aggregate principal amount of the 5.875% Notes due 2012, or the Pactiv 2012 Notes, issued by RGHL's wholly-owned subsidiary, Pactiv LLC (Pactiv) and pay fees associated with the early repayment of these notes, by depositing funds, on February 15, 2012, with the trustees of the Graham Packaging Notes and of the Pactiv 2012 Notes, respectively, to satisfy and discharge their obligations pursuant to the indentures governing these notes. In addition, the issuers of the Graham Packaging Notes and of the Pactiv 2012 Notes redeemed such notes on March 16, 2012. RGHL intends to use the remaining net proceeds from the offering of the February 2012 Notes for general corporate purposes.

On March 20, 2012 Graham Holdings and certain of its U.S. subsidiaries guaranteed the Senior Secured Credit Facilities, the notes, the February 2012 Notes and the 2007 Notes and provided security for the Senior Secured Credit Facilities and the secured notes.

Other

In January 2012, the RGHL Group sold the Pactiv Foodservice laminating operations in Louisville, Kentucky. The assets and liabilities of this operation are reported as held for sale in our December 31, 2011

statement of financial position. Cash proceeds from the sale were \$80 million (subject to customary post-closing working capital adjustments) resulting in an estimated gain on sale of \$66 million.

Our Strategic Owner

We are part of a group of private companies based in New Zealand that are wholly-owned by Mr. Graeme Hart, our strategic owner.

Between January 31, 2007 and August 1, 2007, entities beneficially owned by Mr. Graeme Hart acquired the businesses that now constitute our Evergreen segment in a series of transactions for \$618 million. On May 4, 2010, we acquired the equity of the businesses that now constitute our Evergreen segment from these entities for a total purchase price of \$1,612 million. The purchase price was paid to entities controlled by Mr. Graeme Hart.

Through a series of acquisitions that occurred from February 29, 2008 to July 31, 2008, certain entities beneficially owned by Mr. Graeme Hart acquired from Alcoa Inc. the businesses that now constitute our Closures segment, our Reynolds consumer products business and our Reynolds foodservice packaging business for a total purchase price of \$2.7 billion.

On November 5, 2009, we acquired the equity of the businesses that now constitute our Closures segment for a total purchase price of \$708 million and our Reynolds consumer products business for a total purchase price of \$984 million from these entities. The purchase price was paid to entities controlled by Mr. Graeme Hart.

On September 1, 2010, we acquired the equity of the businesses that now constitute our Reynolds foodservice packaging business from these entities for a total purchase price of \$342 million. The purchase price was paid to entities controlled by Mr. Graeme Hart.

In each case, the difference between the consideration paid to initially acquire a business from a third-party and the consideration paid by the RGHL Group to acquire the same business from entities that are beneficially owned by Mr. Graeme Hart reflects changes in fair value. The changes in fair value of the net assets acquired plus debt issued from the original purchase price relate to indebtedness assumed as well as changes in the underlying value of the equity of the business. The change in the underlying value of the business relates to the realization of the cost savings initiatives and operational synergies combined with improvements in industry and general market conditions. Cash payments made by us to acquire these businesses either reduced our available cash or were funded by increases in the principal amount of our outstanding indebtedness.

The Exchange Offer	You may exchange old notes and the related guarantees of each series for a like principal amount of new notes and the related guarantees.
Resale of New Notes	<p>Based on interpretations by the staff of the SEC as set forth in no-action letters issued to third parties (including Exxon Capital Holdings Corporation (available May 13, 1988), Morgan Stanley & Co. Incorporated (available June 5, 1991), K-111 Communications Corporation (available May 14, 1993) and Shearman & Sterling (available July 2, 1993)), we believe that the new notes issued pursuant to the exchange offer may be offered for resale, resold and otherwise transferred by any holder of such new notes, other than any such holder that is a broker-dealer or an affiliate of us within the meaning of Rule 405 under the Securities Act, without compliance with the registration and prospectus delivery requirements of the Securities Act, provided that:</p> <p style="padding-left: 40px;">such new notes are acquired in the ordinary course of business;</p> <p style="padding-left: 40px;">at the time of the commencement of the exchange offer such holder has no arrangement or understanding with any person to participate in a distribution of such new notes; and</p> <p style="padding-left: 40px;">such holder is not engaged in and does not intend to engage in a distribution of such new notes.</p> <p>By tendering old notes as described in The Exchange Offers Procedures for Tendering , you will be making representations to this effect. If you fail to satisfy any of these conditions, you cannot rely on the position of the SEC set forth in the interpretive letters referred to above and you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a resale of the new notes. You should read the discussion under the heading The Exchange Offer for further information regarding the exchange offer and resale of the new notes.</p>
Registration Rights Agreement	We have undertaken the exchange offer pursuant to the terms of the registration rights agreements that the Issuers entered into with the initial purchasers of the old notes. See The Exchange Offer Purpose of the Exchange Offer.
Consequences of Failure to Exchange the Old Notes	<p>You will continue to hold old notes that remain subject to their existing transfer restrictions if:</p> <p style="padding-left: 40px;">you do not tender your old notes; or</p> <p style="padding-left: 40px;">you tender your old notes and they are not accepted for exchange.</p> <p>With some limited exceptions, we will have no obligation to register the old notes after we consummate the exchange offer. date means the latest date and time to which the exchange offer is extended.

Interest on the New Notes

The new notes of each series will accrue interest from the last interest payment date on which interest was paid on the old notes of the same series or, if no interest has been paid on the old notes of the same series, from the date of original issue of the old notes of the same series.

Conditions to the Exchange Offer

The exchange offer is subject to several customary conditions. We will not be required to accept for exchange, or to issue new notes in exchange for, any old notes, and we may terminate or amend the exchange offer, if we determine at any time before the expiration date that the exchange offer would violate applicable law, any applicable interpretation of the SEC or its staff or any order of any governmental agency or court of competent jurisdiction. The foregoing conditions are for our sole benefit and, except those conditions related to the receipt of government regulatory approvals necessary to consummate the exchange offer, will be satisfied or waived by us at or before the expiration of the exchange offer. In addition, we will not accept for exchange any old notes tendered, and no new notes will be issued in exchange for any such old notes, if at any time any stop order is threatened or in effect with respect to:

the registration statement of which this prospectus constitutes a part; or

the qualification of the indenture governing the relevant notes under the Trust Indenture Act of 1939, as amended, which we refer to as the Trust Indenture Act.

See The Exchange Offer Conditions. We reserve the right to terminate or amend the exchange offer at any time prior to the expiration date upon the occurrence of any of the foregoing events.

If we amend the exchange offer in a manner that we determine to constitute a material change, including the waiver of a material condition, we will promptly disclose the amendment in a manner reasonably calculated to inform the holders of outstanding notes of that amendment and we will extend the exchange offer if necessary so that at least five business days remain in the offer following notice of the material change.

Procedures for Tendering Old Dollar Denominated Notes

If you wish to participate in any of the exchange offers, you must submit required documentation and effect a tender of old notes pursuant to the procedures for book-entry transfer (or other applicable procedures), all in accordance with the instructions described in this prospectus and in the relevant letter of transmittal or electronic acceptance instruction. See The Exchange Offers Procedures for Tendering.

Procedures for Tendering Old Euro Denominated Notes

Pursuant to their internal guidelines, Euroclear and Clearstream will automatically exchange old euro notes for new euro notes on behalf of the holders of the old euro notes. **If you do not wish to**

participate in the exchange offer, the registered holder of old euro notes on the records of Euroclear or Clearstream must electronically instruct Euroclear or Clearstream, as the case may be, to Take No Action ; otherwise such old euro notes will be tendered in the exchange offer, and you will be deemed to have agreed to be bound by the terms of the letter of transmittal. The exchange for old euro notes so tendered will only be made after a timely confirmation of a book-entry transfer of old euro notes into the exchange agent's account, and timely receipt by the exchange agent of an agent's message.

Holders that cannot make the representations contained in the letter of transmittal must electronically instruct Euroclear or Clearstream, as the case may be, to Take No Action.

Guaranteed Delivery Procedures

None.

Withdrawal Rights

Tenders of old notes may be withdrawn at any time prior to 5:00 p.m., New York City time, on the expiration date. To withdraw a tender of old notes, a notice of withdrawal must be received by the exchange agent at its address set forth in The Exchange Offer Exchange Agent prior to the expiration date. See The Exchange Offer Withdrawal of Tenders.

Acceptance of Old Notes and Delivery of New Notes

Except in some circumstances, any and all old notes that are validly tendered in the exchange offer prior to 5:00 p.m., New York City time, on the expiration date will be accepted for exchange. The new notes issued pursuant to the exchange offer will be delivered promptly after such acceptance. We reserve the absolute right to reject any and all old notes not properly tendered or any old notes which, if accepted, would, in the opinion of counsel for us, be unlawful. See The Exchange Offer Terms of the Exchange Offer and The Exchange Offer Acceptance of Old Notes for Exchange; Delivery of New Notes.

Certain U.S. Federal Tax Considerations

We believe that the exchange of the old notes for the new notes will not constitute a taxable exchange for U.S. federal income tax purposes. See Tax Considerations Certain U.S. Tax Considerations.

Exchange Agent

The Bank of New York Mellon is serving as the exchange agent for the notes.

Summary of the Terms of the New Notes

The terms of the new notes of each series are identical in all material respects to the terms of the old notes of the same series, except that the new notes:

are registered under the Securities Act and therefore will not be subject to restrictions on transfer;

will not be subject to provisions relating to additional interest;

will bear a different CUSIP and ISIN number than the old notes of the same series;

will not entitle their holders to registration rights; and

will be subject to terms relating to book-entry procedures and administrative terms relating to transfers that differ from those of the old notes.

Issuers The new notes will be the joint and several obligations of Reynolds Group Issuer Inc., Reynolds Group Issuer LLC and Reynolds Group Issuer (Luxembourg) S.A.

Maturity Date Each new note will mature on the same date as the old note for which it is being exchanged.

Interest Rates and Payment Dates Each new note will bear interest accruing at the same coupon rate and payable at the same times as the old note for which it is being exchanged.

Guarantees The old notes are and the new notes will be guaranteed (subject to certain customary guarantee release provisions set forth in the indentures governing the notes) on a senior and joint and several basis by RGHL, BP I and, subject to certain conditions and exceptions, by certain subsidiaries of BP I that are or will be borrowers under or guarantee or will guarantee the Senior Secured Credit Facilities. Non-U.S. subsidiaries of our U.S. subsidiaries do not and will not guarantee the notes. Each guarantor is 100% owned by RGHL. We refer to our senior secured credit facilities, which consist of \$2,256 million in senior secured term loans, 246 million in senior secured term loans, and a \$120 million and 80 million senior secured revolving credit facility and, following the consummation of the Graham Packaging Transaction, \$2,000 million in incremental U.S. term loans borrowed to finance the Graham Packaging Acquisition, as the Senior Secured Credit Facilities.

Ranking

Senior Secured Notes

Each series of senior secured notes is a senior secured obligation of the Issuers and:

is effectively senior to all existing and future unsecured indebtedness of the Issuers to the extent of the value of the collateral securing such series of senior secured notes;

ranks *pari passu* in right of payment with all existing and future senior indebtedness of the Issuers, including indebtedness under, or in respect to their guarantees of, each other series of senior secured notes, the senior notes, the February 2012 Notes and the Senior Secured Credit Facilities;

is effectively subordinated to the other First Lien Obligations (as defined in Description of the 2009 Notes Certain Definitions, Description of the October 2010 Senior Secured Notes Certain Definitions, Description of the February 2011 Senior Secured Notes Certain Definitions and Description of the August 2011 Senior Secured Notes Certain Definitions) of the Issuers, including amounts outstanding under the Senior Secured Credit Facilities, to the extent such First Lien Obligations are secured by property that does not also secure such series of senior secured notes to the extent of the value of all such property;

is senior in right of payment to all existing and future subordinated indebtedness of the Issuers, including the Issuers' respective guarantees of the 2007 Senior Subordinated Notes; and

is effectively subordinated to all claims of creditors, including trade creditors, and claims of preferred stockholders (if any) of each of the subsidiaries of RGHL (including BP II) that is not a guarantor.

Each series of senior notes is a senior obligation of the Issuers and:

ranks *pari passu* in right of payment with all existing and future senior indebtedness of the Issuers, including indebtedness under, or in respect to their guarantees of, each other series of senior notes, the senior secured notes, the 2007 Senior Notes, the February 2012 Notes and the Senior Secured Credit Facilities;

is effectively subordinated to all existing and future secured indebtedness of the Issuers, including amounts outstanding under the 2007 Notes, the senior secured notes and the Senior Secured Credit Facilities, to the extent of the value of the property securing such indebtedness;

is senior in right of payment to all existing and future subordinated indebtedness of the Issuers, including the Issuers' respective guarantees of the 2007 Senior Subordinated Notes; and

senior notes, the senior secured notes, the Senior Secured Credit Facilities, the 2007 Senior Notes and the February 2012 Notes;

are effectively subordinated to all existing and future secured indebtedness of such guarantor, including indebtedness of such guarantor outstanding under, or with respect to its guarantee of, the 2007 Notes, the senior secured notes and the Senior Secured Credit Facilities, to the extent of the value of the property securing such indebtedness; and

are senior in right of payment to all existing or future subordinated indebtedness of such guarantor, including such guarantor's guarantee of the 2007 Senior Subordinated Notes.

As of December 31, 2011, on a pro forma basis after giving effect to the 2012 Refinancing Transactions, the RGHL Combined Group would have had:

\$10,353 million aggregate principal amount of outstanding secured indebtedness. The RGHL Combined Group would have had \$63 million and \$35 million of availability under the revolving credit facility under the Senior Secured Credit Facilities and the ability to incur up to \$62 million of secured indebtedness under certain local facilities; and

\$17,516 million of indebtedness outstanding other than subordinated indebtedness, whether secured or unsecured, consisting of amounts outstanding under the Senior Secured Credit Facilities, the senior notes, the senior secured notes, the 2007 Senior Notes, the February 2012 Notes and the Pactiv Notes (in each case, including without duplication, the guarantees with respect thereto), certain local facilities and certain other local overdraft and local working capital facilities.

RGHL Combined Group refers to RGHL and its consolidated subsidiaries, including Graham Packaging, Dopaco and Pactiv, as a combined company, following the consummation of, and after giving pro forma effect to the 2012 Refinancing Transactions, the Graham Packaging Transaction, the Dopaco Acquisition, the Pactiv Transaction, the 2011 Refinancing Transactions and the financing portion of the Evergreen Transaction. For information regarding the 2012 Refinancing Transactions, the Graham Packaging Transaction, the Dopaco Acquisition, the Pactiv Transaction, the 2011 Refinancing Transactions and the Evergreen Transaction, see The Transactions.

The senior notes and the related guarantees will constitute Senior Indebtedness (as defined in Description of the May 2010 Notes Certain Definitions, Description of the October 2010 Senior Notes Certain Definitions, Description of the February 2011 Senior Notes Certain Definitions and Description of the August 2011 Senior Notes Certain Definitions) for purposes of the indenture governing the 2007 Senior Subordinated Notes and, as such, in a liquidation, dissolution or

bankruptcy of the Issuers or the note guarantors, holders of the senior notes and related guarantees will be entitled to receive payment in full of such senior

Table of Contents

notes and related guarantees before holders of the guarantees of the 2007 Senior Subordinated Notes are entitled to receive any payment, other than certain permitted junior securities, in respect of such guarantees.

However, because the senior notes and related guarantees will not, unlike the senior secured notes, the Senior Secured Credit Facilities and the 2007 Senior Notes, constitute Designated Senior Indebtedness for purposes of the indenture governing the 2007 Senior Subordinated Notes, the holders thereof have more rights than the holders of senior notes. Thus, holders of senior notes and related guarantees are not entitled to the benefit of certain provisions in the indenture governing the 2007 Senior Subordinated Notes relating to the subordination of the 2007 Senior Subordinated Notes that provide rights only to holders of Designated Senior Indebtedness (as defined therein), not Senior Indebtedness, including among other things, the benefits of delivering payment blockage notices or enforcing the turnover provisions of the indenture governing the 2007 Senior Subordinated Notes. Accordingly, holders of senior notes may recover less than holders of Designated Senior Indebtedness as a result thereof. See Description of the May 2010 Notes Ranking, Description of the October 2010 Senior Notes Ranking, Description of the February 2011 Senior Notes Ranking and Description of the August 2011 Senior Notes Ranking.

Each series of senior notes and related guarantees rank *pari passu* in right of payment with each other series of our senior indebtedness, including the guarantees with respect thereto. Therefore, in the event that an Issuer or a guarantor of a series of senior notes becomes a debtor in a United States bankruptcy case, claims of holders of such series of senior notes and related guarantees will rank *pari passu* in right of payment with the claims of holders of the other series of senior notes and the February 2012 Notes and related guarantees, and in the event that claims under the 2007 Senior Notes, the senior secured notes and the Senior Secured Credit Facilities are not fully secured, claims of holders of such series senior notes and related guarantees will rank *pari passu* in right of payment with the unsecured portion of claims of holders of the guarantees of the 2007 Senior Notes, the senior secured notes and the Senior Secured Credit Facilities, in each case, including the guarantees with respect thereto.

In addition, in such an event, we expect that claims of holders of senior notes and related guarantees will be senior in right of payment to the claims of holders of the guarantees of the 2007 Senior Subordinated Notes. However, because of the differences in the rights of the holders of the senior notes and the holders of Designated Senior Indebtedness, there can be no guarantee that a bankruptcy court would enforce the contractual subordination of the 2007 Subordinated Notes in favor of the senior notes in the same manner as the contractual subordination of the 2007 Senior Subordinated Notes in favor of the 2007 Senior Notes, the senior

Table of Contents

secured notes and the Senior Secured Credit Facilities under such circumstances.

As of December 31, 2011, on a pro forma basis after giving effect to the 2012 Refinancing Transactions, the RGHL Combined Group would have had:

\$4,256 million and 246 million of indebtedness outstanding under the Senior Secured Credit Facilities;

\$5,125 million and 450 million of indebtedness outstanding under the secured notes;

\$4,500 million of indebtedness outstanding under the senior notes;

\$1,250 million of indebtedness outstanding under the February 2012 Notes;

480 million of indebtedness outstanding under the 2007 Senior Notes;

420 million of indebtedness outstanding under the 2007 Senior Subordinated Notes; and

\$792 million of indebtedness outstanding under the Pactiv Notes.

Security

Senior Secured Notes

Subject to the terms of the security documents, each series of senior secured notes and the related guarantees are secured by a security interest granted on a first priority basis (subject to certain exceptions and to permitted liens) in certain assets of RGHL, BP I and certain of BP I's subsidiaries. These security interests are, subject to certain exceptions, of equal priority with the liens on such assets securing each other series of senior secured notes, the Senior Secured Credit Facilities and other future first lien obligations. BP II has also granted a second and third priority security interest in respect of the proceeds loans in relation to the 2007 Notes.

The collateral consists of substantially all the assets of the Issuers and the guarantors, including their capital stock and the capital stock of their direct subsidiaries, real property, bank accounts, investments, receivables, equipment and inventory, intellectual property and insurance policies, but excluding, among others (i) real property with a value equal to or less than 5 million or in which such entity has only a leasehold interest, (ii) a number of Pactiv's real properties, which are estimated to have a book value as of December 31, 2011 of approximately \$74 million, (iii) intellectual property with a value of less than 1 million (unless subject to all-asset security documents), (iv) insurance policies that are not material to the RGHL Group as a whole, (v) equity of inactive subsidiaries

with a book value of less than \$100,000 and (vi) equity of subsidiaries that are not guarantors, are organized in jurisdictions in which no guarantor is organized and have (a) gross assets below 1.0% of the consolidated total assets of the RGHL Group and (b) EBITDA below 1.0% of the consolidated EBITDA of the RGHL Group.

Table of Contents

The pledge of the securities of any first tier non-U.S. subsidiaries of our U.S. subsidiaries is also limited to 100% of their non-voting capital stock and 65% of their voting capital stock. First-tier non-U.S. subsidiaries refers to the subsidiaries of RGHL that are domiciled outside the United States that are directly owned by subsidiaries of RGHL that are domiciled in the United States. The senior secured notes are not secured by a pledge of (i) any of the assets of the non-U.S. subsidiaries of our U.S. subsidiaries or (ii) the capital stock of non-U.S. subsidiaries of our U.S. subsidiaries (other than first tier non-U.S. subsidiaries).

Liens on assets are also limited to the extent deemed necessary to comply with legal limitations, avoid significant tax disadvantages, comply with certain third party arrangements, satisfy fiduciary duties of directors and minimize fees, taxes and duties. Liens over assets are also not granted to the extent granting of such lien would have a material adverse effect on the ability of the relevant Issuer or guarantor to conduct business in the ordinary course.

In addition, the indentures governing the senior secured notes provide that any portion of the capital stock and other securities of any of our subsidiaries will be excluded from the collateral to the extent that it exceeds the maximum amount of such capital stock or other security that can be pledged to secure the senior secured notes without causing such subsidiary to be required to file separate financial statements with the SEC. This collateral cutback provision does not apply to BP I with respect to any series of senior secured notes. Under the SEC regulations in effect as of the issue date of the new senior secured notes, if the par value, book value or market value, whichever is greatest, of the capital stock or other securities of a subsidiary pledged as part of the collateral is greater than or equal to 20% of the aggregate principal amount of one of the series of senior secured notes then outstanding, such a subsidiary would be required to provide separate financial statements to the SEC. As a result, pursuant to the collateral cutback provision, the value of the capital stock of any of our subsidiaries that is equal to or greater than 20% of the aggregate principal amount of one of the series of senior secured notes would be excluded from the collateral securing such series of senior secured notes.

We estimate that the aggregate book value and market value of the capital stock of our subsidiaries, as of December 31, 2011 and measured in accordance with IFRS after giving effect to consolidation, are approximately \$1.4 billion and \$5 billion, respectively, which is equivalent to the book value and market value of the capital stock of our subsidiary BP I the ultimate parent of all of our other subsidiaries (other than BP II). While the capital stock of BP I's subsidiaries that is pledged to secure the senior secured notes is generally subject to the collateral cutback provision described above, the capital stock of BP I is not subject to the collateral cutback provision. Accordingly, the aggregate book value or market value of the capital stock of our pledged subsidiaries is

equivalent to the book value or market value of the

Table of Contents

capital stock of BP I. We estimated the market value of the capital stock of BP I using the fair value less cost to sell methodology. Under this methodology, we used an EBITDA measure for each of our segments and a market-based EBITDA multiple for each segment to determine the estimated initial fair value of the capital stock of BP I, which was further adjusted for the net debt of BP I and its controlled entities.

The granting of a lien in an asset and the priority of any lien are subject to exceptions. We estimate that the assets of RGHL and its subsidiaries that are part of the collateral securing the secured notes have a book value greater than the principal amount of our outstanding secured indebtedness, which totaled \$10,353 million, as of December 31, 2011 and measured in accordance with IFRS. See Description of the 2009 Notes Security, Description of the October 2010 Senior Secured Notes Security, Description of the February 2011 Senior Secured Notes Security, Description of the August 2011 Senior Secured Notes Security, Description of the 2009 Notes Certain Definitions Agreed Security Principles, Description of the October 2010 Senior Secured Notes Certain Definitions Agreed Security Principles, Description of the February 2011 Senior Secured Notes Certain Definitions Agreed Security Principles, Description of the August 2011 Senior Secured Notes Certain Definitions Agreed Security Principles, Description of the 2009 Notes Certain Covenants Future Collateral, Description of the October 2010 Senior Secured Notes Certain Covenants Future Collateral, Description of the February 2011 Senior Secured Notes Certain Covenants Future Collateral, Description of the August 2011 Senior Secured Notes Certain Covenants Future Collateral, Description of the 2009 Notes Certain Covenants Liens, Description of the October 2010 Senior Secured Notes Certain Covenants Liens, Description of the February 2011 Senior Secured Notes Certain Covenants Liens, Description of the August 2011 Senior Secured Notes Certain Covenants Liens, Description of the 2009 Notes Certain Definitions Permitted Liens, Description of the October 2010 Senior Secured Notes Certain Definitions Permitted Liens, Description of the February 2011 Senior Secured Notes Certain Definitions Permitted Liens, Description of the August 2011 Senior Secured Notes Certain Definitions Permitted Liens and Risk Factors Risks Related to Our Structure, the Guarantees, the Collateral and the Notes .

Change of Control

If a change of control occurs, each holder of the notes may require us to repurchase all or a portion of such holder's notes at a purchase price of 101% of the principal amount of such notes, plus accrued and unpaid interest, if any, to the date of repurchase. The term "Change of Control" is defined under "Description of the 2009 Notes - Change of Control," "Description of the October 2010 Senior Secured Notes - Change of Control," "Description of the February 2011 Senior Secured Notes - Change of Control," "Description of the August 2011 Senior Secured Notes - Change of Control," "Description of the May 2010 Notes - Change of Control," "Description of the October 2010 Senior Notes - Change of Control," "Description of the February 2011 Senior Notes - Change of Control" and "Description of the August 2011 Senior Notes - Change of Control."

Certain Covenants

Separate indentures govern the terms of each series of the notes.

The indentures governing each series of notes contain covenants that, among other things, limit the ability of BP I, BP II and their restricted subsidiaries to:

incur additional indebtedness and issue disqualified and preferred stock;

make restricted payments, including dividends or other distributions;

create certain liens;

sell assets;

in the case of BP I, BP II and their respective restricted subsidiaries, enter into arrangements that limit any restricted subsidiary's ability to pay dividends or other payments to BP I, BP II, or any other restricted subsidiary;

engage in transactions with affiliates;

consolidate, merge or transfer all or substantially all of their assets and the assets of their subsidiaries on a consolidated basis; and

with respect to the senior secured notes, impair the security interests.

These covenants are subject to a number of important limitations and exceptions as described under "Description of the 2009 Notes - Certain Covenants," "Description of the October 2010 Senior Secured Notes - Certain Covenants," "Description of the February 2011 Senior Secured Notes - Certain Covenants," "Description of the August 2011 Senior Secured Notes - Certain Covenants," "Description of the May 2010 Notes - Certain Covenants," "Description of the October 2010 Senior Notes - Certain Covenants," "Description of the February 2011 Senior Notes - Certain Covenants" and "Description of the August 2011 Senior Notes - Certain

Covenants.

No Public Market

The new notes will be new securities for which there is currently no public market.

RGHL

On January 31, 2007, Rank Group Limited, an entity that is wholly-owned by our strategic owner, Mr. Graeme Hart, commenced the acquisition of IP's Bev Pack Business. This process occurred in stages from January 31, 2007 to April 30, 2007. See The Transactions The Initial Evergreen Acquisition. On May 4, 2010, Rank Group's investment in Evergreen (which was IP's Bev Pack Business prior to the Initial Evergreen Acquisition) was acquired by the RGHL Group. See The Transactions The Evergreen Transaction. Through the purchase of Evergreen, the RGHL Group became the owner of IP's Bev Pack Business which is our predecessor for accounting purposes. Prior to the Initial Evergreen Acquisition, the RGHL Group had no significant operations.

In May 2007, RGHL acquired SIG Combibloc Group AG (formerly known as SIG Holding AG), or SIG Combibloc, a company that was listed on the SIX Swiss Exchange, pursuant to a public tender offer that was concluded on May 11, 2007 and a subsequent squeeze-out of minority shareholders that was completed on November 7, 2007. See The Transactions The SIG Transaction.

In 2008, as part of the Reynolds Acquisition, certain affiliated entities that are ultimately owned by Mr. Graeme Hart, acquired the closures, consumer products and food and flexible packaging business of Alcoa Inc., or Alcoa that became our Reynolds consumer products business and Closures segment following the RGHL Transaction and our Reynolds foodservice packaging business following the Reynolds Foodservice Acquisition. See The Transactions The Reynolds Acquisition. On November 5, 2009, RGHL acquired Closures and the Reynolds consumer products business from such affiliated entities. See The Transactions The RGHL Transaction. Separately on September 1, 2010, RGHL acquired the Reynolds foodservice packaging business from such affiliated entities. See The Transactions The Reynolds Foodservice Acquisition.

On November 16, 2010, RGHL acquired Pactiv for a total enterprise value, including net debt, of \$5.8 billion. In connection with the Pactiv Acquisition, we also paid additional amounts for the cancellation of outstanding stock options and other equity-based awards. Pactiv had historically prepared its financial statements in accordance with the generally accepted accounting principles in the United States of America, or U.S. GAAP. See The Transactions The Pactiv Transaction.

On May 2, 2011, RGHL acquired Dopaco from Cascades Inc. The consideration for the acquisition was \$395 million in cash. The purchase price was paid from existing cash of the RGHL Group. Dopaco's combined financial statements included elsewhere in this prospectus were prepared on a carve-out basis and are in accordance with U.S. GAAP. See The Transactions The Dopaco Acquisition.

On September 8, 2011, RGHL acquired Graham Packaging Company Inc., or Graham Company, for a total enterprise value, including net debt, of \$4.5 billion. In connection with the Graham Packaging Acquisition, we also paid additional amounts for the cancellation of outstanding stock options and other equity-based awards and the satisfaction of income tax receivable agreements with certain of Graham Company's pre-initial public offering shareholders. Graham Company had historically prepared its financial statements in accordance with U.S. GAAP. Graham Holdings, an indirect wholly-owned subsidiary of RGHL and Graham Company, suspended its reporting obligations under the Exchange Act and has ceased to file any reports with the SEC. See The Transactions The Graham Packaging Transaction.

Our Evergreen, SIG and Closures segments and our Reynolds consumer products and Reynolds foodservice packaging businesses, which are part of our Reynolds Consumer Products and Pactiv Foodservice segments, have been under common ownership and control through entities ultimately 100% owned by Mr. Graeme Hart for four years, but they have not been owned, directly or indirectly, by a single company that consolidated their financial

results or operated them as a single combined business for that period of time. We have determined that the Evergreen Acquisition, RGHL Acquisition and Reynolds Foodservice Acquisition constituted business combinations of entities under common control. International Financial Reporting Standards, or IFRS, as issued by the International Accounting Standards Board, or IASB, are silent on the accounting required for business combinations involving entities that are under common control, but requires that entities develop and consistently apply an accounting policy for such transactions. Accordingly, we have

Table of Contents

chosen to account for RGHL's acquisitions of Evergreen, Closures and the Reynolds consumer products and Reynolds foodservice packaging businesses, which were acquired from entities under the common control of our ultimate shareholder, Mr. Graeme Hart, using the carry-over or book value method. Under the carry-over or book value method, the business combination does not change the historical carrying value of the assets and liabilities in the business acquired. The excess of the purchase price over the consolidated carrying value of net assets acquired is recognized directly in equity. No additional goodwill separately arose as a result of the Evergreen Transaction, the RGHL Transaction or the Reynolds Foodservice Acquisition.

We account for business combinations under common control from the date Mr. Graeme Hart, our strategic owner and sole ultimate shareholder, originally obtained control of each of the businesses presented.

We account for business combinations, other than business combinations under common control, using the purchase method of accounting. Under the purchase method of accounting, the purchase price is required to be allocated to the underlying tangible and intangible assets acquired and liabilities assumed based on their respective fair market values as of the date of the acquisition, with any excess purchase price allocated to goodwill. We have accounted for the Pactiv Acquisition, the Dopaco Acquisition and the Graham Packaging Acquisition using the purchase method of accounting.

The audited financial statements of the RGHL Group as of December 31, 2010 and 2011 and for the years ended December 31, 2009, 2010 and 2011 are included elsewhere in this prospectus. The audited financial statements of the RGHL Group as of December 31, 2008 and 2009 and for the years ended December 31, 2008 and 2007 are not included in this prospectus.

The selected financial data of the North American operations of IP's Bev Pack Business for the period from January 1 to January 31, 2007 have been derived from the North America operations of IP's Bev Pack Business audited combined financial statements, which are not included in this prospectus.

Pactiv

The audited consolidated financial statements of Pactiv as of December 31, 2008 and 2009 and for the years ended December 31, 2007, 2008 and 2009 are included elsewhere in this prospectus. The interim consolidated financial statements of Pactiv as of September 30, 2010 and for the three and nine months ended September 30, 2009 and 2010, included in this prospectus, are unaudited. Pactiv has historically prepared its financial statements in accordance with U.S. GAAP. Upon the consummation of the Pactiv Acquisition, Pactiv no longer separately reports its financial statements, but rather, its financial results are included in the RGHL Group's financial statements in accordance with the RGHL Group's accounting principles and policies.

Dopaco

The audited carve-out combined financial statements of Dopaco as of May 1, 2011 and December 26, 2010 and for the 126-day period ended May 1, 2011 and the years ended December 26, 2010 and December 27, 2009 are included elsewhere in this prospectus. Dopaco's combined financial statements included elsewhere in this prospectus were prepared on a carve-out basis and are in accordance with U.S. GAAP. Following the consummation of the Dopaco Acquisition, Dopaco no longer separately reports its financial statements, but rather, beginning from May 2, 2011, its financial results are included in the RGHL Group's financial statements in accordance with the RGHL Group's accounting principles and policies.

Graham Packaging

The audited financial statements of Graham Packaging as of December 31, 2009 and 2010 and for the years ended December 31, 2008, 2009 and 2010 are included elsewhere in this prospectus. The audited financial statements of Graham Packaging as of December 31, 2007 and 2008 and for the year ended December 31, 2007, are not included in this prospectus. The interim financial statements of Graham Packaging as of June 30, 2011 and for the three and six months ended June 30, 2010 and 2011, included elsewhere in this prospectus, are unaudited. Graham Packaging's financial statements have been prepared in accordance with U.S. GAAP. Following the consummation of the Graham Packaging Acquisition, Graham

Packaging no longer separately reports its financial statements, but rather, beginning on September 8, 2011, its financial results are included in the RGHL Group's financial statements in accordance with the RGHL Group's accounting principles and policies.

Non-GAAP Financial Measures

In this prospectus, we utilize certain non-GAAP financial measures and ratios, including earnings before interest, tax, depreciation and amortization, or EBITDA and Adjusted EBITDA, each with the meanings and as calculated as set forth in Summary Summary Historical and Pro Forma Combined Financial Information, as well as leverage and coverage ratios and the aggregation of predecessor and successor period financial statements, that in each case are not recognized under IFRS or U.S. GAAP. These measures are presented as we believe that they and similar measures are widely used in the markets in which we operate as a means of evaluating a company's operating performance and financing structure and, in certain cases, because those measures are used to determine compliance with covenants in our debt agreements. They may not be comparable to other similarly titled measures of other companies and are not measurements under IFRS, U.S. GAAP or other generally accepted accounting principles, nor should they be considered as substitutes for the information contained in our historical financial statements prepared in accordance with IFRS and U.S. GAAP, as applicable, included in this prospectus. See Risk Factors Risks Related to Our Business Our unaudited pro forma financial information is not intended to reflect what our actual results of operations and financial condition would have been had the RGHL Group been a consolidated company with Graham Packaging, Dopaco and Pactiv for the periods presented and, therefore these results may not be indicative of our future operating performance and Risk Factors Risks Related to Our Structure, the Guarantees, the Collateral and the Notes The calculation of EBITDA pursuant to the indentures governing the notes permits certain estimates and assumptions that may differ materially from actual results, and the estimated savings expected from our cost saving plans may not be achieved.

IFRS does not require that our financial reporting be presented in a particular currency. Based on our current business mix and other facts and circumstances that our board of directors considers relevant, we have determined that the dollar is currently the most appropriate currency for our financial reporting.

Summary of Certain Differences Between IFRS and U.S. GAAP

The financial information of the RGHL Group and the summary unaudited pro forma combined financial information presented in this prospectus has been prepared and presented in accordance with IFRS. Certain differences exist between IFRS and U.S. GAAP, some of which may be material to the financial information herein. Certain financial information related to Graham Packaging, Dopaco and Pactiv has been preliminarily converted from U.S. GAAP to IFRS. See Unaudited Pro Forma Combined Financial Information.

The table below summarizes the material differences between IFRS and U.S. GAAP.

The differences highlighted below reflect only those differences in accounting policies in force at the time of the preparation of the IFRS financial information. We have not attempted to identify future differences between U.S. GAAP and IFRS as a result of prescribed changes in accounting standards or transactions or events that may occur in the future and that could have a significant impact on the presentation below. You should consult your own

professional advisor for an understanding of the differences between IFRS and U.S. GAAP, and how these differences might affect the financial information presented in this prospectus.

<i>Business Combinations</i>	<p>Business combinations are accounted for on the basis of the purchase method. However, this excludes businesses brought together to form a joint venture, business combinations involving businesses or entities under common control or involving two or more mutual entities and business combinations in which separate entities or businesses are brought together to form a reporting entity by contract alone without obtaining an ownership interest.</p> <p>IFRS provides a choice in respect of the initial measurement, as at the date of acquisition, of non-controlling interests (previously referred to as minority interests). The initial recognition of a non-controlling interest can be measured at either:</p> <ul style="list-style-type: none"> (a) its percentage of the fair value of the net assets of the acquired entity; or (b) its percentage of the fair value of the identifiable net assets of the acquired entity. <p>This election is applied on an acquisition by acquisition basis.</p> <p>The cost of an intangible asset acquired in a business combination is its fair value. Fair value reflects market participants' views about the probability of future economic benefits. Fair value is measured using valuation techniques if there is no active market for the acquired intangible asset. There is no specific guidance under IFRS on valuation approaches for intangible assets.</p> <p>Unlike under U.S. GAAP, push down accounting, whereby fair value adjustments are recognized in the financial statements of the acquiree, is not required.</p>	<p>Business combinations are accounted for by the purchase method only. In the event of combinations of entities under common control the accounting for the combination is done on a historical cost basis in a manner similar to a pooling of interests for all periods presented.</p> <p>Unlike IFRS, U.S. GAAP requires that the initial measurement as of the date of acquisition of non-controlling interests represents the percentage of the fair value of the net assets of the acquired entity.</p> <p>Like IFRS, intangible assets acquired in a business combination are recognized initially at fair value. <i>Post-Retirement Benefits</i>	<p>A liability is recognized for an employer's obligation under a defined benefit plan. The liability and expense are measured actuarially using the projected unit credit method. If plan assets exceed the defined benefit obligation, the amount of any net asset recognized is limited to available future benefits from the plan and unrecognized actuarial losses and past service costs.</p> <p>The discount rate to be used for determining defined benefit obligations is by reference to market yields at the balance sheet date in high-quality corporate bonds of a currency and term consistent with the currency and term of the post-employment benefit obligations.</p> <p>Actuarial gains and losses are recognized either in profit or loss using the corridor approach, whereby gains and losses are not recognized until they exceed 10% of the greater of the plan assets or funding obligations, or immediately in other comprehensive income. Amounts recognized in other comprehensive income are not subsequently recorded within profit or loss. When recognized in the profit or loss, the gains and losses are recognized over the employees' expected average remaining service lives, although faster recognition is permitted. If the benefit has vested, immediate recognition is required.</p> <p>Plan assets should always be measured at fair value and fair value should be used to determine the expected return on plan assets.</p>	<p>Like IFRS, a liability is recognized for an employer's obligation under a defined benefit plan. The liability and expense generally are measured actuarially using the projected unit credit method for pay-related plans. However, unlike IFRS, the liability and expense are measured for non-pay-related plans using the traditional unit credit method which excludes the impact of future increases in salary. Additionally, unlike IFRS, U.S. GAAP does not restrict the recognition of an asset in respect of a defined benefit plan.</p> <p>Under U.S. GAAP, the discount rate to be used for determining defined benefit obligations is based on the rate at which the obligation could be effectively settled. SEC guidance directs entities to look to the rate of return on high-quality fixed-income investments with similar durations to those of the benefit obligation and further defines high-quality as an investment which has received one of the two highest ratings given by recognized rating agencies.</p> <p>U.S. GAAP permits entities to either record actuarial gains and losses in profit or loss during the period they were incurred or to defer actuarial gains and losses through the use of the corridor approach or any systematic method that results in faster recognition than the corridor approach. Regardless of whether actuarial gains and losses are recognized immediately or are amortized in a systematic fashion, they are ultimately recorded within the profit or loss.</p> <p>Like IFRS, plan assets should be measured at fair value for balance sheet recognition and for disclosure purposes. However, unlike IFRS, for the purposes of determining the expected return on plan assets, plan assets can be measured at either fair value or a calculated value that</p>

Consolidation

Consolidation is based on a control model. Control is the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. For control to exist an entity must have the ability to have majority power and be receiving benefits. IFRS requires control to be assessed using a power-to-control model or a de facto control model. Potential voting rights that are currently exercisable are considered in assessing control.

recognizes changes in fair value in a systematic and rational manner over not more than five years.

Consolidation is based on a controlling financial interest model, which differs in certain respects from IFRS. For non-variable interest entities, control is the continuing power to govern the financial and operating policies of an entity, like IFRS. However, unlike IFRS, there is no explicit linkage between control and ownership benefits. Potential voting rights are not considered in assessing control for non-variable interest entities under U.S. GAAP.

	<p>IFRS requires that uniform accounting policies are used throughout the consolidated group. A special purpose entity, or SPE, is an entity created to accomplish a narrow and well-defined objective. SPEs are consolidated when the substance of the relationship between an entity and the SPE indicates that the SPE is controlled by that entity. Control may arise through the predetermination of the activities of the SPE or otherwise. The application of the control concept requires judgment of all relevant factors, including the purpose of the SPE, any autopilot mechanisms, where the majority of the benefits go and what entity retains the majority of residual or ownership risks.</p>	<p>There is no requirement to use uniform accounting policies within the consolidated group under U.S. GAAP. Although U.S. GAAP has the concepts of VIEs and QSPEs, which may meet the definition of an SPE under IFRS, the control model that applies to VIEs and QSPEs differs from the control model that applies to SPEs under IFRS. Additionally, unlike IFRS, entities are evaluated as VIEs based on the amount and characteristics of their equity investment at risk and not on whether they have a narrow and well-defined objective.</p>
<i>Goodwill</i>	<p>IFRS does not have a concept of variable interest entities, or VIEs, or qualifying SPEs, or QSPEs.</p> <p>After the initial recognition, the goodwill acquired in a business combination is measured at cost less any accumulated impairment loss. Goodwill is not required to be amortized.</p> <p>An impairment review of Cash Generating Units, or CGUs, with allocated goodwill is required annually or whenever an indication of impairment exists. The impairment review does not need to take place at the balance sheet date. If newly acquired goodwill is allocated to a CGU that has already been tested for impairment during the period, a further impairment test is required before the balance sheet date.</p> <p>A one-step impairment test is performed. The recoverable amount of the CGU (i.e. the higher of its fair value less costs to sell and its value in use) is compared to its carrying amount. The impairment loss is recognized in operating results as the excess of the carrying amount over the recoverable amount. Impairment is allocated first to goodwill. Allocation is made on a pro rata basis to the CGU's assets if the impairment loss exceeds the book value of goodwill.</p>	<p>Like IFRS, goodwill is not amortized but is tested for impairment annually. Goodwill is reviewed for impairment, at the reporting unit level, at least annually or whenever events or changes in circumstances indicate that the recoverability of the carrying amount should be assessed.</p> <p>A two-step impairment test is required:</p> <p>(1) The fair value and the carrying amount of the reporting unit including goodwill are compared. Goodwill is considered to be impaired if the fair value of the reporting unit is less than its book value; and</p> <p>(2) If goodwill is determined to be impaired based on step one, goodwill impairment is measured as the excess of the carrying amount of goodwill over its implied fair value. The implied fair value of goodwill is determined by calculating the fair value of the various assets and liabilities included in the reporting unit in the same manner as goodwill is determined in a business combination. The impairment charge is included as a reduction to operating income.</p>

<i>Property, Plant and Equipment</i>	<p>Property, plant and equipment comprises tangible items held for use in the production or supply of goods or services, for rental to others, or for administrative purposes, that are expected to be used during more than one accounting period. Software that is not integral to the operation of the related hardware does not qualify as property, plant and equipment. Instead it is classified as an intangible asset.</p> <p>Fixed assets are recorded at cost or as revalued to market. If carried at revalued amounts, assets should be annually revalued to match the carrying amount of such assets with the fair values.</p> <p>Foreign exchange gains or losses relating to the procurement of property, plant and equipment, under very restrictive conditions, can be capitalized as part of the asset.</p> <p>Estimates of useful life and residual value, and the method of depreciation, are reviewed at least at each annual reporting date. Any changes are accounted for prospectively as a change in estimate. When an item of property, plant and equipment comprises individual components for which different depreciation methods or rates are appropriate, each component is depreciated separately.</p> <p>Borrowing costs that are directly attributable to the acquisition, construction, or production of a qualifying asset form part of the cost of that asset.</p>	<p>Property, plant and equipment is defined similarly to IFRS; however, under U.S. GAAP computer software is often included in property, plant and equipment. Unlike IFRS, revaluation of fixed assets is prohibited under U.S. GAAP, except in connection with purchase accounting.</p> <p>All foreign exchange gains or losses relating to the payables for the procurement of property, plant and equipment are recorded in the income statement.</p> <p>Unlike IFRS, estimates of useful life and residual value, and the method of depreciation, are reviewed only when events or changes in circumstances indicate that the current estimates or depreciation method no longer are appropriate. Any changes are accounted for prospectively as a change in estimate. Component depreciation is permitted by U.S. GAAP, but not required.</p> <p>Like IFRS, borrowing costs incurred while a qualifying asset is being prepared for its intended use form part of the cost of that asset. However, U.S. GAAP allows for more judgment in determination of the capitalization rate that could lead to differences in the amount of costs capitalized.</p>
<i>Impairment Testing</i>	<p>An entity shall assess at each reporting date whether there is any indication that an asset/CGU may be impaired. The impairment loss is the difference between the asset's/CGU carrying amount and its recoverable amount. The recoverable amount is the higher of the asset's/CGU's fair value less costs to sell and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset</p>	<p>Like IFRS, impairment testing is required when there is an indication of impairment. An impairment loss shall be recognized only if the carrying amount of a long-lived asset (asset group) is not recoverable and exceeds its fair value. The carrying amount of a long-lived asset (asset group) is not recoverable if it exceeds the sum of the undiscounted cash flows expected to result from the use and eventual disposition of the</p>

and from its disposal at the end of its useful life. asset (asset group).

The impairment loss recognized in prior periods for an asset shall be reversed if there has been a change in the estimates used to determine the asset's/CGU's recoverable amount since the last impairment loss was recognized. Impairment losses on goodwill recognized in a prior period cannot be reversed.

An impairment loss shall be measured as the amount by which the carrying amount of a long-lived asset (asset group) exceeds its fair value (which is determined based on discounted cash flows).

Unlike IFRS, reversal of impairment losses recognized in a prior period is prohibited under U.S. GAAP.

<i>Stock-Based Compensation</i>	<p>The fair value of shares and options awarded to employees is recognized over the period to which the employees services relate. The award is presumed to be for past services if it is unconditional without any performance criteria.</p> <p>An entity should treat each installment of a graded vesting award as a separate share option grant. This means that each installment will be separately measured and attributed to expense, resulting in accelerated recognition of total expense.</p> <p>Employers' social security liability arising from share-based payment transactions is recognized over the same period or periods as the share-based payment charge.</p>	<p>Like IFRS, the fair value of stock-based compensation is recognized over the requisite service period, which may be explicit, implicit or derived depending on the terms of the awards (e.g. service conditions, market conditions, performance conditions or a combination of conditions).</p> <p>Unlike IFRS, entities are allowed to make an accounting policy choice regarding recognition of an award with service conditions and a graded vesting schedule. Specifically, an entity can elect to recognize compensation expense:</p> <ul style="list-style-type: none"> on a straight-line basis over the requisite service period for each separately vesting portion of the award as if the award was in substance multiple awards; or on a straight-line basis over the requisite service period for the entire award (i.e. over the requisite service period of the last separately vesting portion of the award). <p>Employer payroll taxes due on employee stock-based compensation are recognized as an expense on the date of the event triggering the measurement and payment of the tax to the taxing authority (generally the exercise date and vesting date for options and restricted stock, respectively).</p>
<i>Leases</i>	<p>A finance lease is a lease that transfers substantially all of the risks and rewards incidental to ownership of the leased asset from the lessor to the lessee; title to the asset may or may not transfer. IFRS applies a substance over legal form approach and requires judgment. An operating lease is a lease other than a finance lease.</p>	<p>Similar concepts are generally applied under U.S. GAAP when determining whether a lease is a capital (finance) lease to a lessee. However, U.S. GAAP provides explicit quantitative thresholds that define when certain of these criteria are met. An operating lease is a lease other than a finance lease.</p>

<i>Income Taxes</i>	<p>Income taxes are calculated using the tax rates that are either enacted or substantively enacted at the balance sheet date.</p> <p>Deferred tax assets should be recognized when it is probable (i.e. more likely than not) that they will be utilized. Deferred tax assets and liabilities are classified as non-current on the balance sheet.</p> <p>A deferred tax liability (asset) is recognized for the difference in tax bases between jurisdictions as a result of an intra-group transfer of assets.</p> <p>Unlike U.S. GAAP, IFRS does not specifically address uncertain tax positions. In certain circumstances where the uncertain tax positions lead to future expected payments to settle, they may be recognized as part of current tax liabilities using a probability weighted or best estimate approach.</p>	<p>Income taxes are calculated using enacted tax rates at the balance sheet date.</p> <p>Deferred tax assets are recognized in full, with valuation allowances established to reduce the asset to an amount considered more likely than not to be realized. Unlike IFRS, deferred tax assets and liabilities are separated into current and non-current based on the nature of assets and liabilities causing a temporary difference and reported as such in the balance sheet if an entity presents a classified balance sheet.</p> <p>Unlike IFRS, a deferred tax liability (asset) is not recognized for the difference in tax bases between jurisdictions as a result of an intra-group transfer of assets.</p> <p>U.S. GAAP has specific guidance for accounting for and disclosure of uncertain tax positions which requires that they be measured using a cumulative probability approach. Uncertain tax positions are reported in other non-current liabilities. Derivatives are defined similarly to IFRS; however, U.S. GAAP also requires that the derivative contract provide for net settlement.</p>
<i>Financial Instruments</i>	<p>A derivative is defined as a financial instrument (1) whose value changes in response to changes in a specified underlying security, (2) requires little or no net investment and (3) is settled at a future date.</p> <p>Evaluating whether a transfer of a financial asset qualifies for derecognition requires consideration of whether substantially all risks and rewards and, in certain circumstances control, has been transferred.</p> <p>IFRS does not allow the use of the short-cut method and, therefore, requires for all hedge accounting relationships that an entity demonstrate at inception and in subsequent periods that the hedge is expected to be highly effective.</p> <p>An embedded derivative is separated from the host contract if it is determined that the</p>	<p>The derecognition model for transfers of financial assets focuses on surrendering control over the transferred assets. <i>Provisions</i>	<p>Provisions relating to present obligations from past events are recorded if an outflow of resources is probable and can be reliably estimated. The amount recognized as a provision is the best estimate of the expenditure required to settle the present obligation at the balance sheet date.</p> <p>The anticipated cash flows are discounted using a pre-tax discount rate (or rates) that reflect(s) current market assessments of the time value of money and those risks specific to the liability if the effect is material. Unlike IFRS, if a range of estimates is present and no amount in the range is more likely than any other amount in the range, the minimum (rather than the mid-point) amount is used to measure the liability. Unlike IFRS, a provision is only discounted when the timing of the cash flows is fixed. Differences may arise in the selection of the discount rate, particularly in the area of asset retirement obligations.</p>
<i>Debt Issuance Costs</i>	<p>Debt issuance costs are capitalized and presented in the balance sheet as a deduction from the carrying value of the borrowings. The deferred costs are amortized to the income statement using the effective interest method.</p>	<p>Like IFRS, debt issuance costs are capitalized. Summary Historical and Pro Forma Combined Financial Information

The following tables set forth (i) summary unaudited RGHL Combined Group pro forma financial information, as of the dates and for the periods indicated and (ii) summary historical RGHL Group financial information, as of the dates and for the periods indicated.

The summary historical and pro forma combined financial information should be read together with the respective financial statements and the notes thereto, along with the Glossary of Selected Terms, Summary Presentation of Financial Information, Risk Factors, Capitalization, Unaudited Pro Forma Combined Financial Information, Selected Historical Consolidated and Historical Combined Financial Data, and Operating and Financial Review and Prospects. You should regard the summary financial information below only as an introduction and should base your investment decision on a review of the entire prospectus.

RGHL Group

On January 31, 2007, Rank Group commenced the acquisition of IP's Bev Pack Business. This process occurred in stages from January 31, 2007 to April 30, 2007. See The Transactions The Initial Evergreen Acquisition.

On May 4, 2010, Rank Group's investment in Evergreen (which was IP's Bev Pack Business prior to the Initial Evergreen Acquisition) was acquired by the RGHL Group. See The Transactions The Evergreen Transaction. As a result of the Evergreen Transaction, we refer to IP's Bev Pack Business prior to January 31, 2007 as the RGHL Group Predecessor. Prior to the Initial Evergreen Acquisition, the RGHL Group had no significant operations.

RGHL acquired SIG Combibloc on May 11, 2007 pursuant to a public tender offer and a subsequent squeeze-out of minority shareholders that was completed on November 7, 2007. See The Transactions The SIG Transaction.

In 2008, as part of the Reynolds Acquisition, certain affiliated entities that are ultimately owned by our strategic owner, Mr. Graeme Hart, acquired the closures, consumer products and food and flexible packaging business of Alcoa that became our Reynolds consumer products business and Closures segment following the RGHL Transaction and our Reynolds foodservice packaging business following the Reynolds Foodservice Acquisition. See The Transactions The Reynolds Acquisition. On November 5, 2009, RGHL acquired Closures and the Reynolds consumer products business from such affiliated entities. See The Transactions The RGHL Transaction. Separately on September 1, 2010, RGHL acquired the Reynolds foodservice packaging business from such affiliated entities. See The Transactions The Reynolds Foodservice Acquisition.

On November 16, 2010, RGHL acquired Pactiv for a total enterprise value, including net debt, of \$5.8 billion. See The Transactions The Pactiv Transaction.

On May 2, 2011, RGHL acquired Dopaco from Cascades Inc. The consideration for the acquisition was \$395 million in cash. The purchase price was paid from existing cash of the RGHL Group. See The Transactions The Dopaco Acquisition.

On September 8, 2011, RGHL acquired Graham Company for a total enterprise value, including net debt, of \$4.5 billion. See The Transactions The Graham Packaging Transaction.

Our Evergreen, SIG and Closures segments and our Reynolds consumer products and Reynolds foodservice packaging businesses, which are part of our Reynolds Consumer Products and Pactiv Foodservice segments, have been under common ownership and control through entities ultimately 100% owned by Mr. Graeme Hart, our strategic owner, for four years, but they have not been owned, directly or indirectly, by a single company that

consolidated their financial results or operated them as a single combined business for that period of time. We have determined that the Evergreen Acquisition, the RGHL Acquisition and the Reynolds Foodservice Acquisition constituted business combinations of entities under common control. IFRS is silent on the accounting required for business combinations involving entities that are under common control, but requires that entities develop and consistently apply an accounting policy for such transactions.

Table of Contents

Accordingly, we have chosen to account for RGHL's acquisitions of Evergreen, Closures and the Reynolds consumer products and Reynolds foodservice packaging businesses, which were acquired from entities under the common control of our ultimate shareholder, Mr. Graeme Hart, using the carry-over or book value method. Under the carry-over or book value method, the business combination does not change the historical carrying value of the assets and liabilities in the business acquired. The excess of the purchase price over the consolidated carrying value of net assets acquired is recognized directly in equity. No additional goodwill separately arose as a result of the Evergreen Transaction, the RGHL Transaction or the Reynolds Foodservice Acquisition.

We account for business combinations under common control from the date Mr. Graeme Hart, our strategic owner and sole ultimate shareholder, originally obtained control of each of the businesses presented.

We account for business combinations, other than business combinations under common control, using the purchase method of accounting. We have accounted for the Pactiv Acquisition, the Dopaco Acquisition and the Graham Packaging Acquisition using the purchase method of accounting.

The summary historical financial information of the RGHL Group as of December 31, 2011 and 2010 and for the years ended December 31, 2011, 2010 and 2009 has been derived from the RGHL Group's audited financial statements as of and for the year ended December 31, 2011 included elsewhere in this prospectus.

Pro Forma Combined Financial Information

The summary unaudited pro forma combined financial information is based on the historical financial information of the RGHL Group, Dopaco and Graham Packaging, each of which is included elsewhere in this prospectus, as adjusted to illustrate the impact of the 2012 Refinancing Transactions, the 2011 Refinancing Transactions, the Dopaco Acquisition and the Graham Packaging Transaction (collectively, the Pro Forma Transactions). For further information regarding the Pro Forma Transactions, see The Transactions. The unaudited pro forma combined balance sheet gives effect to the 2012 Refinancing Transactions as if they had been completed as of December 31, 2011. The unaudited pro forma combined income statement gives effect to the Pro Forma Transactions as if they had been completed as of January 1, 2011.

The RGHL Group incurred costs associated with completing the Pactiv Acquisition. In addition, the RGHL Group expects to incur approximately \$125 million of additional costs by the end of 2012 related to the integration of the Pactiv businesses, of which \$122 million has been incurred through December 31, 2011. Because these costs are not recurring or capital in nature, they are not reflected in the unaudited pro forma combined income statement included elsewhere in this prospectus, except to the extent the costs were incurred as of December 31, 2011 and are reflected in the historical financial statements of the RGHL Group. These costs will be substantial and could have an adverse effect on our results of operations.

The RGHL Group incurred costs associated with completing the Graham Packaging Acquisition. In addition, the RGHL Group expects to incur cash outlays of approximately \$75 million of additional costs by the end of 2013 to achieve the expected cost savings and synergies from the Graham Packaging Acquisition, of which \$3 million has been incurred through December 31, 2011. Cash outlays include both expenses and capital expenditures associated with integrating Graham Packaging into RGHL's operations and are separate from the costs associated with the Graham Packaging Acquisition. Expenses incurred under our planned integration program generally will include exit, disposal, severance and other costs. The costs will be substantial and could have an adverse effect on our results of operations.

The unaudited pro forma adjustments are based upon current available information and assumptions that we believe to be reasonable. The pro forma adjustments and related assumptions are described in the accompanying notes presented

on the following pages.

The summary historical financial and pro forma information is for informational purposes only and is not intended to represent or to be indicative of the results of operations or financial position that the RGHL Group or the pro forma combined group would have reported had the Pro Forma Transactions been completed as of the dates set forth in this unaudited pro forma combined financial information and should not be taken as being indicative of our future consolidated results of operations or financial

Table of Contents

position. The actual results may differ significantly from those reflected in the unaudited pro forma combined financial information for a number of reasons, including, but not limited to, differences between the assumptions used to prepare the unaudited pro forma combined financial information and actual amounts. As a result, the unaudited pro forma combined financial information does not purport to be indicative of what the financial condition or results of operations would have been had the Pro Forma Transactions been completed on the applicable dates of the unaudited pro forma combined financial information.

The unaudited pro forma combined income statement does not include adjustments for (i) any prospective revenue or cost saving synergies that may be achieved, in addition to those reflected in the historical financial information, since the completion of the Pactiv Transaction, the Dopaco Acquisition, the Graham Packaging Acquisition or as a result of any of the other acquisitions we have completed, or (ii) the prospective impact of costs directly related to the Pro Forma Transactions or any of the other acquisitions we have completed. In addition, the unaudited pro forma combined financial information does not give effect to any of the adjustments made to derive the RGHL Combined Group Adjusted EBITDA, which are each described under Summary Summary Historical and Pro Forma Combined Financial Information.

We have adjusted the financial data of Dopaco and Graham Packaging for the period presented by applying IFRS in all material respects to such financial data.

(2) RGHL Combined Group EBITDA is defined as profit (loss) from continuing operations for the period plus income tax expenses, net financial expenses, depreciation of property, plant and equipment and amortization of intangible assets. EBITDA is not a measure of our financial condition, liquidity or profitability and should not be considered as a substitute for profit (loss) from continuing operations for the period, operating profit or any other performance measures derived in accordance with IFRS or as a substitute for cash flow from operating activities as a measure of our liquidity in accordance with IFRS. Additionally, EBITDA is not intended to be a measure of

free cash flow for management's discretionary use, as it does not take into account certain items such as interest and principal payments on our indebtedness, depreciation and amortization expense, working capital needs, tax payments and capital expenditures. We believe that the inclusion of EBITDA in this prospectus is appropriate to provide additional information to investors about our operating performance and to provide a measure of operating results unaffected by differences in capital structures, capital investment cycles and ages of related assets among otherwise comparable companies. We additionally believe that issuers of high yield debt securities also present EBITDA because investors, analysts and rating agencies consider these measures useful. Because not all companies calculate EBITDA identically, this presentation of the RGHL Combined Group EBITDA may not be comparable to other similarly titled measures used by other companies. The following table reconciles the RGHL Combined Group EBITDA calculation presented above to our profit (loss) from continuing operations for the period presented:

- (3) RGHL Combined Group Adjusted EBITDA, a measure used by our management to measure operating performance, is defined as RGHL Combined Group EBITDA, adjusted to exclude certain items of a significant or unusual nature, including but not limited to acquisition costs, non-cash pension income, restructuring costs, unrealized gains or losses on derivatives, gains or losses on the sale of non-strategic assets, asset impairments and write downs and equity method profit not distributed in cash. Adjusted EBITDA is not a presentation made in accordance with IFRS, is not a measure of financial condition, liquidity or profitability and should not be considered as an alternative to profit (loss) from continuing operations for the period determined in accordance with IFRS or operating cash flows determined in accordance with IFRS. The determination of Adjusted EBITDA contains a number of estimates and assumptions that may prove to be incorrect and differ materially from actual results. See Risk Factors. Additionally, Adjusted EBITDA is not intended to be a measure of free cash flow for management's discretionary use, as it does not take into account certain items such as interest and principal payments on our indebtedness, depreciation and amortization expense, working capital needs, tax payments, and capital expenditures. We believe that the inclusion of Adjusted EBITDA in this prospectus is appropriate to provide additional information to investors about our operating performance and to provide a measure of operating results unaffected by differences in capital structures, capital investment cycles and ages of related assets among otherwise comparable companies. We additionally believe that issuers of high yield debt securities also present Adjusted EBITDA and other pro forma measures of Adjusted EBITDA because investors, analysts and rating agencies consider these measures useful. Because not all companies calculate Adjusted EBITDA identically, this presentation of Adjusted EBITDA may not be comparable to the similarly titled measures of other companies. - (j) Reflects costs incurred by the RGHL Group related to business acquisitions and to the integration of Pactiv and Graham Packaging and payments made to executives and members of management of Graham Packaging as a result of the change in control events associated with the Graham Packaging Acquisition.
- (k) Reflects the adjustments for unrealized gains or losses on derivatives.
- (l) Reflects a non-cash charge related to changing a technique in computing the monthly inventory standards at the Pactiv Foodservice and Reynolds Consumer Products segments.
- (m) Reflects the cost incurred by the RGHL Group related to the SEC registration process.
- (n) Represents the gain from modification of retiree medical plan benefits.
- (o) Reflects amounts in respect of the ITR agreements, which were terminated as a result of the Graham Packaging Acquisition.
- (p) Represents annual fees paid to Donald C. Graham, his family and affiliated entities and Graham Packaging's financial sponsors in connection with a monitoring agreement.
- (q) Represents costs related to the acquisition and integration of the Liquid Entities, China Roots Packaging PTE Ltd. (China Roots) and other entities by Graham Packaging.
- (r) Represents costs related to the terminated merger with Silgan Holdings Inc. and the subsequent acquisition costs by the RGHL Group.
- (s) Represents costs related to the OnTech arbitration, plant closures, employee severance and other costs.
- (t) Represents the net loss on disposal of fixed assets, stock-based compensation expense, non-cash equity income from non-consolidated entities and Venezuelan hyper-inflationary accounting for Graham Packaging, and certain expenses associated with historical Dopaco operations.
- (4) For purposes of calculating the pro forma ratio of earnings to fixed charges, earnings represent income before income taxes from continuing operations before adjustments for minority interests and equity from affiliates plus fixed charges and distributed income of equity investees. Fixed charges include the sum of (a) interest expensed and capitalized, (b) amortized premiums, discounts and capitalized expenses related to indebtedness, and (c) an estimate of the interest within rental expense. This ratio does not have the same definition as any similarly titled ratio with respect to the notes. For the period presented, the ratio coverage was less than 1.0x. The RGHL Combined Group would have needed to generate additional earnings of \$942 million for the year ended December 31, 2011 to achieve a coverage of 1.0x.
