CORPORATE GOVERNANCE

Board of Director Meetings and Committees

The Board of Directors of the Company held 5 meetings during 2003. Initially in 2003, the standing committees of the Board of Directors consisted of an Audit Committee and a Compensation and Nominating Committee. Effective March 1, 2003, the Board of Directors revised its committee structure. The standing committees of the Board of Directors currently consist of an Audit Committee, a Compensation Committee and a Governance and Nominating Committee. The Audit Committee held 9 meetings during 2003. The Governance and Nominating Committee and its predecessor held 4 meetings during 2003. The Compensation Committee and its predecessor held 3 meetings during 2003. Copies of the Audit Committee, Compensation Committee, and Governance and Nominating Committee Charters, as well as the Corporate Governance Guidelines and the Company's Code of Business Conduct and Ethics, are available under the Corporate Governance portion of the Investor Relations section of the Company's Web site at www.br-inc.com.

During 2003, each Director attended at least 75 percent of the meetings of the Board of Directors and the committees thereof on which such Director served. The Company's Corporate Governance Guidelines provide that the preference is that Directors attend the annual meeting of stockholders. All members of the Company's Board of Directors attended the Annual Meeting of Stockholders in 2003.

The Audit Committee's primary purpose is to assist the Board of Directors' oversight of (a) the integrity of the Company's financial statements, (b) the Company's compliance with legal and regulatory requirements, (c) the independent auditor's qualifications and independence, and (d) the performance of the

Company's internal audit function and independent auditors. The Audit Committee has the sole authority to appoint and terminate the Company's independent auditors. The Company's Board of Directors has determined that three members of the Audit Committee are audit committee financial experts as described in Item 401(h) of Regulation S-K, including Mr. Robert J. Harding, Chairman of the Audit Committee. In addition, the Board of Directors has determined that each member of the Audit Committee is independent, as independence for audit committee members is defined in the listing standards for the New York Stock Exchange (NYSE). The Audit Committee is established in accordance with Section 3(a)(58)(A) of the Securities and Exchange Act of 1934.

The purpose of the Compensation Committee is to have direct responsibility to (a) review and approve corporate goals and objectives relevant to senior executive compensation (including the Chief Executive Officer), evaluate senior management's performance in light of those goals and objectives, and determine and approve senior management's compensation level based on their evaluation and (b) make recommendations to the Board of Directors, as appropriate, with respect to non-senior management compensation, incentive-compensation plans and equity-based plans. The Company's Board of Directors has determined that each member of the Compensation Committee is independent, as independence for compensation committee members is defined in the listing standards for the NYSE.

The Governance and Nominating Committee is responsible for (a) identifying individuals qualified to serve on the Board of Directors, and recommending that the Board of Directors select director nominees to be considered for election at the Company's next annual meeting of shareholders or to be appointed by the Board of Directors to fill an existing or newly created vacancy on the Board of Directors, (b) identifying members of the Board of Directors to serve on each board committee and to serve as chairman thereof and recommending each such member and chairman to the Board of Directors, (c) developing and revising as appropriate Corporate Governance Guidelines applicable to the Company and recommending such guidelines or revisions to the Board of Directors, (d) overseeing the evaluation by the Board of Directors of itself and its committees, (e) overseeing the evaluation of management, (f) identifying individuals to serve as officers of the Company and recommending such individuals to the Board of Directors and (g) reviewing with the Chief Executive Officer matters of management succession. The Company's Board of Directors has determined that each member of the Governance and Nominating Committee is independent, as independence for nominating committee members is defined in the listing standards for the NYSE.

Executive Sessions of the Board of Directors

Non-Management Directors meet regularly in executive sessions following each regularly scheduled meeting of the Board of Directors.

Non-Management Directors are all those Directors who are not Company employees and includes Directors, if any, who are not independent as determined by the Board of Directors. The Non-Management Directors consist of all current Directors, except Messrs. Shackouls, Limbacher and Shapiro. Executive sessions are led by a presiding Non-Management Director. Except as otherwise designated, the Chairman of the Compensation Committee will serve as the presiding Non-Management Director at each such executive session.

Communications with Directors

The Company's Board of Directors has adopted Corporate Governance Guidelines that provide that security holders of the Company and other interested parties may communicate with one or more of the Company's Directors (including any presiding Director or the Non-Management Directors as a group) by mail in care of Jeffery P. Monte, Corporate Secretary, Burlington Resources Inc., 717 Texas Avenue, Suite 2100, Houston, Texas 77002. Such communications should specify the intended recipient or recipients. All such communications, other than unsolicited commercial solicitations or communications, will be forwarded to the appropriate Director or Directors for review.

Shareholder Nominations

The Company's Corporate Governance Guidelines provide that the Governance and Nominating Committee will consider proposals for nominees for Director from stockholders which are made in writing to Mr. Jeffery P. Monte, Corporate Secretary, Burlington Resources Inc., 717 Texas Avenue, Suite 2100, Houston, Texas 77002. In order to nominate a Director at the Annual Meeting, the Company's By-Laws require that a stockholder follow the procedures set forth in Article II, Section 11 of the Company's By-Laws (available on the Company's web site at www.br-inc.com). In order to recommend a nominee for a Director position, a stockholder must be a stockholder of record at the time it gives its notice of recommendation and must be entitled to vote for the election of Directors at the meeting at which such nominee will be considered. Stockholder recommendations must be made pursuant to written notice delivered to the Secretary at the principal executive offices of the Company (i) in the case of a nomination for election at an annual meeting, not less than 60 days prior to the first anniversary of the date of the Company's notice of annual meeting for the preceding year's annual meeting; and (ii) in the case of a special meeting at which Directors are to be elected, not later than the close of business on the later of the 90th day prior to such special meeting or the tenth day following the day on which public announcement is first made of the date of the meeting and of the nominees proposed by the Board of Directors to be elected at the special meeting. In the event that the date of the annual meeting is changed by more than 30 days from the anniversary date of the preceding year's annual meeting, the stockholder notice described above will be deemed timely if it is received not later than the close of business on the later of the 90th day prior to such annual meeting or the tenth day following the day on which public announcement of the date of such meeting is first made.

The stockholder notice must set forth the following:

As to each person the stockholder proposes to nominate for election as a Director, all information relating to such person that would be required to be disclosed in solicitations of proxies for the election of such nominees as Directors pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the Exchange Act), and such person's written consent to serve as a director if elected, and

As to the nominating stockholder and the beneficial owner, if any, on whose behalf the nomination is made, such stockholder's and beneficial owner's, name and address as they appear on the Company's books, the class and number of shares of the Company's common stock which are owned beneficially and of record by such stockholder and such beneficial owner, and an affirmative statement of whether either such stockholder or such beneficial owner intends to deliver a proxy statement and form of proxy to a sufficient number of stockholders to elect such nominee or nominees.

In addition to complying with the foregoing procedures, any stockholder nominating a director must also comply with all applicable requirements of the Exchange Act and the rules and regulations thereunder.

Governance and Nominating Committee Nominations

The Governance and Nominating Committee selects each nominee based on the nominee's skills, achievements and experience. As set forth in the Company's Corporate Governance Guidelines, the following criteria will be considered in selecting candidates for the Board of Directors: independence, wisdom, integrity, an understanding and general acceptance of the Company's corporate philosophy, valid business or professional knowledge and experience that can bear on the Company's and the Board of Director's challenges and deliberations, a proven record of accomplishment with excellent organizations, an inquiring mind, a willingness to speak one's mind, an ability to challenge and stimulate management, future orientation, a willingness to commit time and energy, diversity, and international/global experience.

When seeking candidates for Director, the Governance and Nominating Committee may solicit suggestions from incumbent Directors, management, stockholders or others. While the Committee has authority under its charter to retain a search firm for this purpose, no such firm was utilized in 2003. After conducting an initial evaluation of a potential candidate, the Committee will interview that candidate if it believes such candidate might be suitable to be a Director. The Committee may also ask the candidate to

meet with management. If the Committee believes a candidate would be a valuable addition to the Board of Directors, it will recommend to the full Board of Directors that candidate's election.

Ms. Alexander and Mr. Runde, who were elected as Directors by the Board of Directors in January 2004, are standing for election by the stockholders for the first time. Ms. Alexander and Mr. Runde were initially recommended to the Committee for consideration by the Chairman of the Governance and Nominating Committee and the Chief Executive Officer, respectively, who believe such individuals will make valuable additions to the Board of Directors.

During 2003, an annual option for 2,000 shares of Common Stock was granted to Ms. Grant and to each of Messrs. Anderson, Harding, LaMacchia, McDonald, Orce, Roberts, Schwarz, Scott and Wade pursuant to this plan. In addition, in January 2004 an option for 5,000 shares of Common Stock was granted pursuant to this plan to each of Ms. Alexander and Mr. Runde upon their election to the Board of Directors.

The Company's Phantom Stock Plan for Non-Employee Directors provides that immediately following each Annual Meeting of Stockholders, a memorandum account established for each of the Directors who is not an employee of the Company will be credited with 1,000 shares of phantom stock. Dividends paid per share of Common Stock are deemed to be paid per share of phantom stock and are reinvested in additional phantom stock pursuant to the plan. Amounts credited to the memorandum accounts pursuant to this plan are unfunded obligations of the Company. Upon termination of service as a Director, phantom shares credited in the memorandum account will be valued at the fair market value of the Company's Common Stock at that time and paid in cash.

In 1991, the Company established a Charitable Award Program for Directors who have served on the Board of Directors for at least two years. Upon the death of a Director eligible to participate in the program, the Company will donate \$1 million to one or more educational institutions of higher learning or other charitable organizations (which may include private foundations) nominated by the Director and, in the case of charitable organizations, approved by the Board of Directors. In January 2003, the Board of Directors amended the program to provide that persons first elected to serve on the Board of Directors after January 2003 are not eligible to participate in the program.

Stock Ownership

The Company's Board of Directors established stock ownership guidelines for Non-Management Directors in 2004 to ensure that such Directors will have a significant personal investment in Company Common Stock. The guidelines require Non-Management Directors to hold the equivalent of two times the amount of the Company's annual retainer for Non-Management Directors in the Company's Common Stock. Directors will have three years from the date of initial election to meet the target levels. As of February 23,

2004, the record date for the Annual Meeting, each of the Company's Non-Management Directors had attained the stock ownership targets currently required by the guidelines.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and Directors and persons who beneficially own more than 10 percent of a registered class of the Company's equity securities to file initial reports of ownership and changes in ownership with the SEC. Such officers, Directors and stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. Based solely on a review of the copies of such forms and amendments thereto furnished to the Company during the Company's most recent fiscal year by the Company's executive officers, Directors, and persons who beneficially owned more than 10 percent of a registered class of the Company's equity securities, all persons subject to the reporting requirements of Section 16(a) filed the required reports on a timely basis, except that, due to a technical error by the Company, a form 4 for Mr. McDonald reporting the acquisition of 15 shares of phantom stock as a result of dividend reinvestment was filed 20 days late. In addition, the Company filed late form 4s for each of Ms. Alexander and Mr. Runde reporting the acquisition of 1,000 shares of phantom stock upon their election as Directors of the Company in January 2004.

Certain Relationships and Related Transactions

Kenneth W. Orce, a member of the Board of Directors of the Company, is a senior partner at the law firm of Cahill Gordon & Reindel LLP, which provides legal services to the Company and its subsidiaries. For the fiscal year ended December 31, 2003, the total legal fees paid by the Company to Cahill Gordon & Reindel LLP represented less than 0.5 percent of the gross revenue of the firm.

Walter Scott, Jr., a member of the Board of Directors of the Company, is a majority shareholder of MidAmerican Energy Holdings Company (MidAmerican). For the fiscal year ended December 31, 2003, the Company's gas sales to MidAmerican were approximately \$7,914,000, representing 0.31 percent of the Company's total gas sales. The Company's gas purchases from MidAmerican were approximately \$96,000. Together, these amounts represented 0.16 percent of MidAmerican's consolidated gross revenues reported for its fiscal year ended December 31, 2002.

REPORT ON EXECUTIVE COMPENSATION

BY THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors (the Committee) is composed entirely of Directors who are not employees of the Company. The Committee is responsible for establishing and administering the Company's executive compensation program.

Compensation Philosophy And Objectives

The philosophy underlying the development and administration of the Company's annual and long-term compensation plans is the alignment of the interests of the Company's executives with those of the shareholders. Key elements of this philosophy are:

Establishing compensation plans which strengthen the Company's ability to attract and retain executives and key employees and to deliver pay commensurate with the Company's performance, as measured by strategic, operating and financial objectives.

Providing significant equity-based incentives for executives to ensure that they are motivated over the long term to respond to the Company's business challenges and opportunities as owners rather than just as employees.

Rewarding executives for superior performance when shareholders receive an above-average return on their investment over the long term.

One of the Committee's objectives is to position executive base salaries to be competitive with other companies in the energy sector. In 2003, the Company's executive base salaries were at the median when compared to a group of oil and gas companies. This compensation comparator group consists of ten independent and integrated oil and gas companies, including those currently in the Company's self-constructed peer group which is used in the Comparison of Cumulative Total Shareholder Return, as well as Amerada Hess Corporation, Kerr-McGee Corporation, Marathon Oil Corporation and Occidental Petroleum Corporation. The performance of the companies in the compensation comparator group is not considered in establishing executive base salaries.

The Incentive Compensation Plan, or annual bonus plan, is the program by which executives can earn additional compensation based on individual, division and Company performance relative to certain annual objectives. At maximum award levels, total annual cash compensation for the Company's executives is in the top quartile of the compensation comparator group's total annual cash compensation. The plan allows for maximum awards of up to 187.5 percent of base salary. In evaluating the Company's 2003 performance, the Committee considered a combination of strategic, operating and financial objectives, including Return on Capital Employed, growth in Appraised Net Worth per share, Unit Cash Costs, Change in Production per Share and Reserve Replacement Costs. The change in Appraised Net Worth is calculated on a price normalized basis. These measures were specifically weighted and are considered to be critical to the Company's fundamental goal of building shareholder value. In addition, the Committee has the discretion to modify the result of these measures based upon the Company's relative Total Shareholder Return as compared to its self-constructed peer group and the Company's environmental health and safety performance.

The Company's long-term incentive program consists of stock options and restricted stock granted under the 2002 Stock Incentive Plan (the Stock Incentive Plan) and performance share units granted under the 2001 Performance Share Unit Plan (the PSU Plan). The Committee's objective is to structure the executives' overall long-term incentive compensation opportunity at approximately the seventy-fifth percentile of the long-term compensation opportunity provided by the compensation comparator group for comparable positions and to emphasize equity as the cornerstone of the Company's long-term incentive compensation program. Long-term incentive benefits are dependent on the Company's achievement of its strategic, operating and financial goals, the Company's relative Total Shareholder Return as compared to the TSR peer group, and the price of the Company's Common Stock.

Under the Stock Incentive Plan, stock options are granted to executives, managers and key employees. The options vest no earlier than one year after the grant date, have a term of ten years and have an exercise

price equal to the fair market value of the Common Stock on the day of grant. Restricted stock is also granted to this group of employees. The restrictions on this stock generally lapse on the third anniversary of the date of grant.

Vesting of units under the PSU Plan occurs over a four year performance period ending in December 2004 and is dependent on the Company's achievement of its strategic, operating and financial objectives and the Company's relative Total Shareholder Return. Up to 25 percent of the units granted are eligible to vest and pay-out for each year of the plan. Units which do not vest in any given year may be carried over for vesting consideration at the end of the four year cycle.

The deferred compensation provisions of the Company's compensation plans, including the PSU Plan and the Incentive Compensation Plan, permit participants to allocate all or a portion of their deferred compensation in a variety of investment funds, including phantom shares of the Company's Common Stock. As an inducement for executives to increase their exposure to the Company's Common Stock, the plans permit executives the opportunity to invest their deferred PSU Plan and Incentive Compensation Plan pay-out in phantom shares at 75 percent of the fair market value of the Company's Common Stock, provided that such funds may not be transferred to another investment fund for three years or until termination of employment. In addition, the Stock Incentive Plan permits a participant to forfeit Restricted Stock and receive phantom stock in the deferral plans at fair market value.

The Omnibus Budget Reconciliation Act of 1993 places a limit on the amount of certain types of compensation for each of the executive officers which may be tax deductible by the Company. The Company's policy is, primarily, to design and administer compensation plans which support the achievement of long-term strategic objectives and enhance shareholder value. Where it is consistent with this compensation philosophy, the Committee will also attempt to structure compensation programs that are tax-deductible by the Company.

Company Performance And Compensation

Annual Incentive Award

The Company's annual incentive award payout reflected a year of strong performance. Return on Capital Employed and price normalized Appraised Net Worth per share were rated as outstanding. Unit Cash Costs received an excellent rating. Reserve Replacement Costs was rated as acceptable. Change in Production per share was rated at threshold. Through internal development and acquisitions, the Company replaced 142 percent of production for the year.

In view of these results, the Committee awarded Mr. Shackouls an annual incentive award of \$1,069,575, which represents 109.7 percent of his base salary. Similarly, the Committee awarded the other executive officers 109.7 percent of their base salaries.

In general, the Committee reviews the base salaries for the executive group every year and in connection with promotions or significant changes in responsibilities. In January 2004, the base salaries for Messrs. Limbacher, Shapiro and Hanower were adjusted. The base salaries for the other executive officers were not adjusted.

Long-Term Incentive Plan Payout

The Company's performance, for purposes of the PSU Plan pay-out, was evaluated over a three year period, beginning January 1, 2001 and ending December 31, 2003. The Committee determined that the Company's performance was excellent and its Total Shareholder Return was excellent, compared to the self-constructed TSR peer group. Based on the Company's performance, the Committee approved the vesting of 75 percent of the eligible units for 2003 or 37,500 units for Mr. Shackouls and an aggregate of 45,000 units for the other executive officers.

Pay-out under the PSU Plan, which occurred in January 2004, was based on the number of vested units multiplied by the average closing price of the Company's Common Stock for the 20 trading days prior to and

including December 31, 2003. Payments under this plan consisted of \$2,053,500 to Mr. Shackouls and an aggregate of \$2,464,200 to the other executive officers.

Long-Term Incentive Plan Awards

As an incentive for future performance and consistent with the objective of targeting long-term incentive compensation at the seventy-fifth percentile when compared to the comparator group of oil and gas companies, the Committee in January 2004 granted Mr. Shackouls 100,000 stock options and 30,000 shares of restricted stock. The Committee also granted the other executive officers an aggregate of 110,000 stock options and an aggregate of 35,000 shares of restricted stock. The grant of restricted stock vests three years from the date of the grant.

Stock Ownership

The Committee established stock ownership guidelines in 1993 to more closely align executive management's personal financial interests with the interests of all shareholders. The guidelines require executives, depending upon their position, to hold the equivalent of one to four times their base pay in the Company's Common Stock. For new incumbents, these targets are to be achieved within five years of their appointment to the position. As of February 23, 2004, the record date for the Annual Meeting, each of the Company's executive officers had attained the stock ownership targets currently required by the guidelines.

NOTES

- Under the terms of the Stock Incentive Plan, options are granted at fair market value and generally may not be exercised until the employee has completed one year of continuous employment with the Company or its subsidiaries from the grant date. Options have a term of ten years and generally terminate (i) three years after the optionee's death, permanent disability, retirement, or termination in certain circumstances following a Change in Control of the Company, as defined in the Stock Incentive Plan, (ii) two years after involuntary termination of the optionee's employment by the Company without cause (except that the Compensation Committee or a subcommittee thereof may terminate options earlier following involuntary termination of employment of the named executive officers), or (iii) immediately upon voluntary termination of employment by the optionee or involuntary termination of employment by the Company for cause.
- The value has been calculated using a variation of the Black-Scholes stock option valuation methodology. The applied model used the grant date of January 22, 2003, with an option price of \$42.02, it assumed a stock price volatility of 36.99 percent, a risk-free rate of return of 4.05 percent, a dividend of \$0.55 per year and an expected term until exercise of ten years. The value has been reduced by approximately 24.69 percent to reflect the probability of forfeiture due to termination of employment prior to vesting or of a shortened option term due to termination of employment prior to the expiration date.
- Nonqualified stock options which became exercisable on January 22, 2004.

NOTE

(1) Average pension earnings for a given year include salary and bonus payments. Under the Pension Plan, the maximum benefit payable in 2004 is \$165,000 and the maximum amount of compensation that may be considered is \$205,000. Pension Plan benefits are not reduced by Social Security benefits.

The Pension Plan formula (as amended as of January 1, 1999) for normal retirement benefits at age 65 is 1.1 percent of the highest three-year average earnings, plus 0.5 percent of the highest three-year average earnings in excess of one-third of the FICA taxable wage base in effect during the year of termination, times the number of years of credited service. An early retirement supplement equal to 1 percent of the highest three-year average earnings up to one-third of the FICA taxable wage base in effect in the year of termination, times the number of years of credited service, is payable until age 65. Both the basic benefit and the early retirement supplement are reduced by 2 percent for each year the employee's actual retirement date precedes the date the employee would have attained age 65. Years of credited service under the Pension Plan at age 65 for Messrs. Shackouls, Limbacher, Shapiro, Williams, and Hanower would be 22, 37, 16, 23, and 34, respectively.

Effective January 1, 2003, the Company amended its U.S. pension plan to provide cash balance benefits to new employees. U.S. employees hired before January 1, 2003 were given the choice to remain under the prior plan formula or accrue future benefits under the cash balance formula. Messrs. Shackouls, Limbacher, Shapiro, Williams, and Hanower each elected to remain under the prior plan formula and the Pension Plan Table is based on such formula.

Employment Agreements and Severance Plans

The Company has an agreement with Mr. Shackouls which provides for his employment as Chairman of the Board, President and Chief Executive Officer of the Company at a minimum annual salary of \$825,000, effective for three years from the date the Company notifies him that it does not wish to extend the term. The Agreement shall terminate automatically on the date of the Company's Annual Meeting of Stockholders following Mr. Shackouls' 60th birthday. The agreement provides that upon termination of employment within two years after a Change in Control of the Company, Mr. Shackouls will be entitled to the greater of the benefits under the employment agreement or the Company's Executive Change in Control Severance Plan (the "Change in Control Severance Plan"). Pursuant to this agreement, Mr. Shackouls is entitled to approximately thirteen additional years of credited service under the Supplemental Benefits Plan if he remains employed by the Company until age 55 or is terminated by the Company prior to age 55.

The Change in Control Severance Plan provides severance benefits following a Change in Control for certain officers of the Company and its subsidiaries, including the named executive officers listed in the Summary Compensation Table, in an amount equal to (i) three times the sum of annual salary plus the bonus amount defined in the plan and (ii) a pro rata bonus amount for the year in which the change in control occurs. The Change in Control Severance Plan also provides for the continuation of life, health, survivor benefit and long-term disability insurance for a period of up to 36 months subsequent to a participant's termination of employment following a Change in Control as well as a supplemental pension payable under the Supplemental Benefits Plan calculated by adding three years of additional credited pension service and certain other benefits. Benefits are payable under the Change in Control Severance Plan for any termination of employment within two years of the date of a Change in Control, except where termination is by reason of death, disability, for cause, instituted by the employee for other than good reason or the employee is offered employment with a divested operating unit of the Company. The Change in Control Severance Plan also provides that the Company will pay legal fees and expenses incurred by a participant to enforce rights or benefits under the plan.

As defined in the Change in Control Severance Plan, a "Change in Control" shall mean the occurrence of any of the following: (a) a person or group acquires 20% or more of the Company's voting securities; (b) a merger, consolidation or reorganization with or into the Company or in which securities of the Company are issued unless such merger is a "Non-Control Transaction" as defined in the Change in Control Severance Plan; (c) the sale or disposition of substantially all of the Company's assets; (d) a complete liquidation or dissolution of the Company; or (e) members of the Board of Directors on the effective date of the Change in Control Severance Plan and new members approved by at least two-thirds of such members and previously approved members cease to constitute a majority of the Board of Directors.

The Company also has an agreement with Mr. Shapiro which provides that if (i) Mr. Shapiro is still employed by the Company on his 55th birthday or (ii) before his 55th birthday, Mr. Shapiro's employment with the Company is involuntarily terminated by the Company (other than for Cause or as a result of his death or Permanent Disability, each as defined in the Company's Key Executive Severance Protection Plan), Mr. Shapiro will receive upon termination of his employment with the Company a supplemental pension benefit equal to the difference between the benefit calculated using his actual service and the benefit calculated assuming Mr. Shapiro had an additional three years of credited service. This supplemental pension benefit will be calculated using the provisions of the qualified Pension Plan and the non-qualified Supplemental Benefits Plan in effect at the time Mr. Shapiro's employment with the Company is terminated.

The Company has also agreed to provide certain employees formerly employed in the Company's Seattle, Washington office, including Mr. Hanower, with additional pension-related benefits if their employment terminates prior to age 60 equal to the lump sum value of the additional benefits the employee would have received under the Company's Pension Plan and Supplemental Benefits Plan if the employee had retired upon early retirement at age 60, based on the assumptions that the employee's base salary increases 6% per year, the employee receives the maximum bonus opportunity each year, and the Social Security integration level increases at 5% per year.

The Internal Revenue Code of 1986, as amended (the Code), imposes an excise tax on payments to certain employees following a Change in Control if the payments meet certain requirements and exceed certain limits set forth in the Code. If payments under the Change in Control Severance Plan (the Severance Payments) are subject to this excise tax, the Company will pay an additional amount to the participant (the Gross-Up Payment) such that the participant retains, after payment of the excise tax on the Severance Payments and the Gross-Up Payment and any income tax and Medicare tax on the Gross-Up Payment, an amount equal to the Severance Payments.

PROPOSAL TO APPROVE AN AMENDMENT TO THE COMPANY S

**CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF
AUTHORIZED SHARES OF COMMON STOCK**

The authorized capital stock of the Company presently consists of 325,000,000 shares of Common Stock, par value of \$.01 per share, and 75,000,000 shares of preferred stock, par value \$.01 per share. On January 21, 2004, the Board of Directors of the Company conditionally approved a two-for-one stock split to be effected in the form of a stock distribution of one share of Common Stock for each currently issued share of Common Stock, payable on June 1, 2004, to stockholders of record of the Company on May 5, 2004. The Company does not currently have a sufficient number of authorized but unissued shares of Common Stock available to effectuate the stock split, which is conditioned upon, and shall be due and payable only upon, approval by the stockholders of the proposed amendment described below, the filing of the necessary documents with the Delaware Secretary of State to amend the Certificate of Incorporation, and compliance with all applicable laws, regulations and rules of the New York Stock Exchange (NYSE) and the Toronto Stock Exchange.

The Board of Directors of the Company has approved, and is recommending to the stockholders for approval at the Annual Meeting, an amendment to the Company s Certificate of Incorporation to increase the number of authorized shares of Common Stock. The proposed amendment would increase the number of authorized shares of Common Stock from 325,000,000 shares to 650,000,000 shares. If approved, Article 4, Section 4.1 of the Company s Certificate of Incorporation will be amended to read in its entirety as follows:

4.1 Authorized Capital. The total authorized stock of this corporation shall consist of 650,000,000 shares of common stock having a par value of \$.01 per share and 75,000,000 shares of preferred stock having a par value of \$.01 per share.

Although shares authorized over and above the number required to fund the stock split described above would be available for issuance for other corporate purposes without further action by the stockholders, unless required by the Company s Certificate of Incorporation or By-Laws, by the rules of any stock exchange on which the Common Stock may be listed, or by applicable law, the Board of Directors has no present plans to issue any additional shares of Common Stock, except for the funding of the stock split described above and in connection with the Company s existing stock incentive plans.

Existing holders of shares of Common Stock would have no preemptive rights under the Company s Certificate of Incorporation or otherwise to purchase any additional shares of Common Stock issued by the Company. It is possible that shares of Common Stock may be issued at a time and under circumstances that may dilute the voting power of existing stockholders, decrease earnings per share and decrease the book value per share of shares presently held.

**THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE PROPOSED AMENDMENT TO THE
COMPANY S CERTIFICATE OF INCORPORATION.**

REPORT BY AUDIT COMMITTEE

The primary purpose of the Audit Committee is to assist the Board of Directors' oversight of (1) the integrity of the Company's financial statements, (2) the Company's compliance with legal and regulatory requirements, (3) the independent auditor's qualifications and independence, and (4) the performance of the Company's internal audit function and independent auditors. The Audit Committee is solely responsible for the appointment and compensation of the Company's independent auditors. The Audit Committee is composed of four independent directors and operates under a written charter adopted and approved by the Board of Directors, attached as Schedule B to this Proxy Statement. During the fiscal year 2003, the Audit Committee held nine meetings.

It is not the responsibility of the Audit Committee to plan or conduct audits, to determine that the Company's financial statements are in all material respects complete and accurate in accordance with generally accepted accounting principles, or to certify the Company's financial statements. This is the responsibility of management and the independent auditors. It is also not the responsibility of the Audit Committee to guarantee the independent auditor's report or assure compliance with laws and regulations and the Company's Code of Business Conduct and Ethics.

Based on the Audit Committee's review of the audited financial statements, its discussions with management regarding the audited financial statements, its receipt of written disclosures and the letter from independent auditors required by Independence Standards Board Standard No. 1, its discussions with the independent auditors regarding such auditor's independence, the audited financial statements, the matters required to be discussed by the Statement on Auditing Standards No. 61 and other matters the Audit Committee deemed relevant and appropriate, the Audit Committee recommended to the Board of Directors that the audited financial statements for the fiscal year ended December 31, 2003 be included in the Company's Annual Report on Form 10-K for such fiscal year.

AUDIT COMMITTEE

Mr. Donald M. Roberts

**APPOINTMENT AND RATIFICATION
OF INDEPENDENT AUDITOR**

The Audit Committee of the Board of Directors is required by law and applicable NYSE rules to be directly responsible for the appointment, compensation and retention of the Company's independent auditor. The Audit Committee has appointed PricewaterhouseCoopers LLP (PWC) as independent auditor for the year ending December 31, 2004. While stockholder ratification of the selection of PWC as the Company's independent auditor is not required by the Company's By-laws or otherwise, the Board of Directors is submitting the selection of PWC to the stockholders for ratification in order to enhance its corporate governance practices. If the stockholders fail to ratify the selection, the Audit Committee may, but is not required to, reconsider whether to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different auditor at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

Representatives of PWC will be present at the Annual Meeting with the opportunity to make a statement and to respond to appropriate questions.

THE BOARD OF DIRECTORS OF THE COMPANY RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS INDEPENDENT AUDITOR OF THE COMPANY FOR THE YEAR ENDING DECEMBER 31, 2004.

Audit-Related Fees in 2003 and 2002 were primarily for the Company's benefit plan audits and accounting consultation.

Tax Fees

Tax Fees in 2003 and 2002 include professional services for preparation of federal tax returns and tax planning related to the Company's expatriate employees in both the United States and certain other countries and the preparation of federal tax returns for certain subsidiaries of the Company.

All Other Fees

The aggregate fees billed for services rendered by PWC not reportable as Audit Fees, Audit Related Fees or Tax Fees for each of the fiscal years ended December 31, 2003 and December 31, 2002 were \$43,790 and \$12,700, respectively. All Other Fees in 2003 primarily relate to consultations regarding the Sarbanes-Oxley Act of 2002. All other fees in 2002 primarily relate to internal audit information technology assistance and business continuity planning consultation.

None of the services provided by PWC described above were approved by the Audit Committee pursuant to the de minimis exception set forth in 17 CFR 210.2-01(e)(7)(i)(C).

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee's policy provides that the Company's independent auditor (the Audit Firm) may provide only those services pre-approved by the Audit Committee or its designated subcommittee. The Audit Committee annually reviews and pre-approves the audit, review, attest and permitted non-audit services to be provided during the next audit cycle by the Audit Firm. To the extent practicable, at the same meeting the Audit Committee also reviews and approves a budget for each of such services. The term of any such pre-approval is for the period of the annual audit cycle, unless the Audit Committee specifically provides for a different period.

Services proposed to be provided by the Audit Firm that have not been pre-approved during the annual review and the fees for such proposed services must be pre-approved by the Audit Committee or its designated subcommittee. Additionally, fees for previously approved services that are expected to exceed the previously approved budget must also be pre-approved by the Audit Committee or its designated subcommittee.

All requests or applications for the Audit Firm to provide services to the Company must be submitted to the Audit Committee or its designated subcommittee by the Audit Firm and the Chief Financial Officer and must include a joint statement as to whether, in their view, the request or application is consistent with applicable laws, rules and regulations relating to auditor independence. In the event that any representative of the Company or the Audit Firm becomes aware that any services are being, or have been, provided by the Audit Firm to the Company without the requisite pre-approval, such individual must immediately notify the Controller or the Chief Financial Officer, who must promptly notify the Chairman of the Audit Committee and appropriate senior management so that prompt action may be taken to the extent deemed necessary or advisable.

The Audit Committee may form and delegate to a subcommittee, composed of one or more of its members, the authority to grant specific pre-approvals under its policy with respect to audit, review, attest and permitted non-audit services, provided that any such grant of pre-approval shall be reported to the full Audit Committee no later than its next scheduled meeting. The Audit Committee may not delegate its responsibilities to pre-approve services performed by the Audit Firm to management.

EXPENSES OF SOLICITATION

The expenses of preparing and mailing this Proxy Statement and the accompanying form of proxy and the cost of solicitation of proxies on behalf of the management will be borne by the Company. In addition, D. F. King & Co. has been retained to aid in the solicitation at an estimated fee of \$10,500. Proxies may be solicited by personal interview, mail and telephone. Brokerage houses, other custodians and nominees will be asked whether other persons are beneficial owners of the shares which they hold of record and, if so, they will be supplied with additional copies of the proxy materials for distribution to such beneficial owners. The Company will reimburse parties holding stock in their names or in the names of their nominees for their reasonable expenses in sending proxy material to their principals.

ELECTRONIC PROXY VOTING

Registered shareholders can vote their shares via (1) a toll-free telephone call from the U.S. and Canada; or (2) the Internet; or (3) by mailing their signed proxy card. The telephone and Internet voting procedures are designed to authenticate shareholders' identities, to allow shareholders to vote their shares and to confirm that their instructions have been properly recorded. Specific instructions to be followed by any registered shareholder interested in voting via telephone or the Internet are set forth on the enclosed proxy card.

HOUSEHOLDING OF ANNUAL MEETING MATERIALS

The Securities and Exchange Commission rules regarding the delivery of proxy statements and annual reports permit the Company, in specified circumstances, to deliver a single set of these reports to any address at which two or more stockholders reside. This method of delivery, often referred to as "householding," will

reduce the amount of duplicative information that security holders receive and lower printing and mailing costs for the Company. Each stockholder will continue to receive a separate proxy card.

We have delivered only one proxy statement and annual report to eligible stockholders who share an address, unless we received contrary instructions from any such stockholder prior to the mailing date. If a stockholder prefers to receive separate copies of the Company's proxy statement or annual report, either now or in the future, the Company will promptly deliver, upon written or oral request, a separate copy of the proxy statement or annual report, as requested, to any stockholder at the shared address to which a single copy was delivered. Such requests should be communicated to the Company's transfer agent, EquiServe Trust Company, N.A. either by sending a request in writing to P.O. Box 43010, Providence, Rhode Island 02940 or by calling 1-800-736-3001.

If you are currently a stockholder sharing an address with another stockholder and wish to have only one proxy statement and annual report delivered to the household in the future, please contact EquiServe at the address or telephone number indicated above.

OTHER MATTERS

Management knows of no other matters which are likely to be brought before the meeting. However, if any other matters, not now known or determined, come before the meeting, the persons named in the enclosed form of proxy or their substitutes will vote such proxy in accordance with their judgment in such matters.

ANNUAL REPORT

This Proxy Statement does not include information regarding executive officers called for by Item 401(b) of Regulation S-K because such information is furnished in the Company's 2003 Annual Report to Stockholders and such information is incorporated herein by reference thereto. A copy of the Company's 2003 Annual Report to Stockholders is being mailed with this Proxy Statement to each stockholder of record. The Audit Committee shall prepare the report required by the rules of the Securities and Exchange Commission to be included in the Company's annual proxy statement.

While the Audit Committee recognizes the importance of its role, it is not the responsibility of the Audit Committee to plan or conduct audits, to determine that the Company's financial statements are in all material respects complete and accurate and in accordance with generally accepted accounting principles (GAAP), or to certify the Company's financial statements.
