Management of the registrant is still in the process of reviewing quarterly results and the reporting of same, especially in light of the effectiveness of new SFAS 123R, and certain subsequent events to ensure appropriate reporting thereof in the quarterly report. As such, the quarterly report could not be completed within the required time period without unreasonable effort or expense. The registrant expects that the Form 10-Q for the quarter ended September 30, 2005 will be filed on or before the fifth calendar day following the prescribed due date therefor.

(2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If the answer is no, identify report(s).

Yes  No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes  No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

It is anticipated that the Registrant's results of operations for the fiscal year ended September 30, 2005 will reflect the costs for completing the closure of its operations in Ireland. The costs of the closure are estimated to be approximately \$426,000 in the aggregate. As similar costs were not incurred in the corresponding period for the last fiscal year, such costs may contribute to a change in the results of operations for the quarter ended September 30, 2005. As the Registrant is still in the process of reviewing the quarterly results as indicated above, the registrant is unable to set forth herein a reasonable estimate of its results of operations for the first quarter.
