WHY HAVE I RECEIVED THESE MATERIALS?

This proxy statement and the accompanying proxy card are being first mailed to shareholders on or about May [], 2006 and are being furnished in connection with the solicitation of proxies by and on behalf of the Board of Supervisory Directors of Core Laboratories N.V. (Core or the Company) for use at our 2006 annual meeting of shareholders to be held at the law offices of Nauta Dutilh N.V., Strawinskylaan 1999, 1077 XV, Amsterdam, The Netherlands, on Wednesday, June 14, 2006 at 9:30 a.m., local time for the purpose of voting on the proposals described in this proxy statement.

Table of Contents

To ratify the appointment of PricewaterhouseCoopers as our Company's independent public accountants for the year ended December 31, 2006; and

To transact such other business as may properly come before the annual meeting or any adjournment thereof.
WHY IS THE COMPANY AMENDING AND RESTATING THE DIRECTOR PLAN?

The Board of Supervisory Directors is recommending that our shareholders approve the amendment and restatement of our Director Plan to eliminate the automatic, formula grant of stock options under the plan and to replace that formula approach with the discretionary right of the Supervisory Board to grant stock options, restricted shares, or any combination thereof, to our nonemployee directors. In light of recent changes in the accounting treatment of various equity incentives and the possibility of further accounting or tax changes, the Company believes that it is advantageous for it to have greater flexibility in the design and implementation of its future equity compensation arrangements for its nonemployee directors.

WHY IS THE COMPANY AMENDING THE ARTICLES OF ASSOCIATION?

Core Laboratories is incorporated under the laws of The Netherlands. The Netherlands recently adopted certain revisions to its corporation law. In light of these revisions, we are requesting that our shareholders vote in favor of the amendments to our articles of association, which are described in Item 8.

WHY IS THE COMPANY EFFECTING A STOCK SPLIT?

The Supervisory Board monitors the trading price of the Company's common shares and believes that it is important to maintain a relatively affordable trading price to promote the common shares as an attractive investment opportunity. Further, the Company believes it may be beneficial to have more shares outstanding as a way to improve the execution of trades in its shares. Consequently, the Supervisory Board has approved a two-for-one stock split, subject to shareholder approval.

WHO IS ENTITLED TO VOTE?

You, if you hold common shares at the close of business on March 9, 2006, the record date for the determination of shareholders, are entitled to notice of and to vote at our annual meeting. On March 9, 2006, there were 25,677,175 common shares outstanding (other than shares held by the Company), each of which is entitled to one vote. Our common shares are the only class of our capital stock outstanding and entitled to notice of and to vote at the annual meeting.

HOW DO I VOTE BEFORE THE MEETING?

If you are a registered shareholder, meaning that you hold your shares in certificate form or through an account with our transfer agent, American Stock Transfer and Trust Company, you can vote by mail, by completing, signing and returning the enclosed proxy card.

If you hold your shares through an account with a bank or broker, you must obtain a legal proxy from the bank or broker in order to vote at the meeting. Please follow the directions that your bank or broker provides.

MAY I VOTE AT THE MEETING?

You may vote your shares at the meeting if you attend in person. Even if you plan to attend the meeting, we encourage you to vote your shares by proxy.

CAN I CHANGE MY MIND AFTER I VOTE?

You may change your vote at any time before the polls close at the conclusion of voting at the meeting. You may revoke your proxy (1) by giving written notice to John D. Denson, Secretary, Core Laboratories LP, 6316 Windfern Road, Houston, Texas 77040, at any time before the proxy is voted, (2) by submitting a properly signed proxy card with a later date, or (3) by voting in person at the annual meeting.

WHAT IF I RETURN MY PROXY CARD BUT DO NOT PROVIDE VOTING INSTRUCTIONS?

Table of Contents

Proxies that are signed and returned but do not contain instructions will be voted FOR all proposals and in accordance with the best judgment of the named proxies on any other matters properly brought before the Meeting.
WHAT VOTE IS REQUIRED?

Under Dutch law, there is no specific quorum requirement for our annual meeting and, except as described below, the affirmative vote of a majority of votes cast is required to approve each of the proposals. In addition, Dutch law and our articles of association provide that, common shares abstaining from voting, directions to withhold authority to vote for a Supervisory Director nominee and broker non-votes will count as shares present at the annual meeting but will not count for the purpose of determining the number of votes cast. A broker non-vote occurs if you do not provide the record holder of your Shares (usually a bank, broker, or other nominee) with voting instructions on a matter and the holder is not permitted to vote on the matter without instructions from you under applicable rules of the New York Stock Exchange, or NYSE .

Under Dutch law, the affirmative vote of two-thirds of the votes cast is required to approve each proposal to amend our articles of association. In addition, the total vote cast in favor of each proposal to amend to our articles of association must represent over 50 percent of all common shares entitled to vote on the proposal.

Under the listing standards of the NYSE, the affirmative vote of a majority of the votes cast is required to approve the amendment and restatement of our Director Plan. In addition, to satisfy the NYSE listing standards, the total vote cast with respect to the Director Plan must represent over 50 percent of all common shares entitled to vote on the proposal.

WHO WILL BEAR THE EXPENSE OF SOLICITING PROXIES?

Core Laboratories will bear the cost of preparing and mailing proxy materials as well as the cost of soliciting proxies and will reimburse banks, brokerage firms, custodians, nominees and fiduciaries for their expenses in sending proxy materials to the beneficial owners of our common shares. The solicitation of proxies by the Supervisory Board will be conducted by mail. In addition, certain members of the Supervisory Board, officers and regular employees of our Company may solicit proxies in person, by facsimile, by telephone or by other means of electronic communication. Core Laboratories has retained Georgeson Shareholder Communications to assist in the solicitation of proxies for a fee of \$10,000 plus out-of-pocket expenses. In addition to solicitation of proxies, Georgeson may provide advisory services as requested pertaining to the solicitation of proxies.

Table of Contents**Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Exchange Act requires the Supervisory Directors, executive officers and persons who own more than ten percent of our common shares to file initial reports of ownership and reports of changes in ownership (Forms 3, 4 and 5) of our common shares with the Securities and Exchange Commission (SEC) and the New York Stock Exchange (NYSE). Supervisory Directors, executive officers and greater than ten percent shareholders are required by SEC regulations to furnish us with copies of all such forms that they file.

To our knowledge, based solely upon our review of the Section 16(a) filings that have been received by us, we believe that during the fiscal year ending December 31, 2005, our Supervisory Directors, executive officers and ten percent shareholders complied with the applicable Section 16(a) filing requirements.

Equity Compensation Plan Information

We have two main incentive plans, our Incentive Plan and our Director Plan, both of which have been approved by our shareholders. The table below provides information regarding our equity compensation plans as of December 31, 2005.

	Number of Common Shares to be Issued	Weighted Average Exercise Price of Outstanding Options, Warrants and Rights	Number of Common Shares Remaining Available for Future Issuance Under Equity Compensation Plans
Equity compensation plans approved by our shareholders	3,267,559	\$ 11.34	772,400
Equity compensation plans not approved by our shareholders (1)			
Total	3,267,559	\$ 11.34	772,400

(1) We have assumed outstanding stock options in connection with certain of our acquisitions. The aggregate number of our common shares to be issued upon exercise of such options on December 31, 2005 was 57,409 shares and the weighted

average exercise price of such outstanding options was \$2.23. These shares were granted under plans administered by the companies acquired by us but we did not assume the stock option plans of these acquired companies, and since the closing of the acquisitions, no additional stock options under these plans have been granted, nor are any authorized to be granted under such plans. Because the assumption of these options did not require shareholder approval, we did not obtain such approval.

SHAREHOLDER RETURN PERFORMANCE PRESENTATION

The following performance graph compares the performance of our common shares to the Standard & Poor's 500 Index and the Standard & Poor's Oil & Gas Equipment and Services Index (which has been selected as our peer group) for the period beginning December 31, 2000 and ending December 31, 2005. The graph assumes that the value of the investment in our common shares and each index was \$100 at December 31, 2000 and that all dividends were reinvested.

Under the Director Plan, each nonemployee director is generally granted an option to acquire 1,000 common shares on the date such individual first becomes an eligible director. In addition, an option to acquire 10,000 common shares will be granted to each

nonemployee Supervisory Director (20,000 common shares if such nonemployee Supervisory Director is the Chairman)

each year generally on the first date in the calendar year set by the Supervisory Board for the issuance of stock options to more than ten employees under our 1995 Long-Term Incentive Plan, as amended, which we refer to as the Incentive Plan. Supervisory Directors who are also our employees receive no grants under the Director Plan. Options granted will be exercisable for a period of up to ten years and will vest one year following the date of grant. The exercise price of options granted under the Nonemployee Director Plan will be equal to the market price of our common shares on the date of grant. The Board of Supervisory Directors has approved the amendment and restatement of the Director Plan, which is described below as Item 7 for your approval.

CORPORATE GOVERNANCE

Board Structure

The Company has a two-tier board structure consisting of a Management Board and a Supervisory Board, each of which must consist of at least one member under the Company's articles of association. Under Dutch law, the Supervisory Board's duties include supervising and advising the Management Board in performing their management tasks. The Supervisory Board currently consists of eight Supervisory Directors. The Supervisory Directors are expected to exercise oversight of management with the Company's interests in mind. The Supervisory Board is divided into three classes, with each class subject to re-election every third year by the shareholders at the annual meeting.

The Management Board's sole member is Core Laboratories International B.V. As a Managing Director, Core Laboratories International B.V.'s duties include overseeing the management of the Company, consulting with the Supervisory Board on important matters and submitting certain important decisions to the Supervisory Board for its prior approval.

Supervisory Director Independence

In connection with determining the independence of each Supervisory Director of the Company, the Board inquired as to any transactions and relationships between each Supervisory Director and his or her immediate family and the Company and its subsidiaries, and reviewed and discussed the results of such inquiry. The purpose of this review was to determine whether any such relationships or transactions were material and, therefore, inconsistent with a determination that a Supervisory Director is independent, under the standards set forth by the NYSE and, to the extent consistent therewith, the Dutch Corporate Governance Code (the Dutch Code). Under the Dutch Code, the Supervisory Board is to be composed of members who are able to act critically and independently of each other and of the Management Board. As a result of this review, after finding no material transactions or relationships, the board affirmatively determined that all of our nonemployee Supervisory Directors, including the nonemployee Supervisory Director nominated by the Nominating and Governance Committee for reelection, are independent under the applicable standards described above.

Supervisory Board Meetings

The Supervisory Board held four meetings in 2005. Each Supervisory Director attended at least 75% of the meetings of the Supervisory Board and of all committees on which he serves, except that Mr. Joyce attended four of six Audit Committee Meetings. Under our Corporate Governance Guidelines, Supervisory Directors are expected to diligently fulfill their fiduciary duties to shareholders, including preparing for, attending and participating in meetings of the Supervisory Board and the committees of which the Supervisory Director is a member. We do not require our Supervisory Directors to attend our annual meetings, which are held in The Netherlands. One of our Supervisory Directors attended our 2005 annual meeting.

Our Nonemployee Supervisory Directors have met separately in executive session without any members of management present. The Chairman of the Nominating and Governance Committee is the presiding Supervisory Director at each such session. If any of our Nonemployee Supervisory Directors were to fail to meet the applicable criteria for independence, then our independent Supervisory Directors would meet separately at least once a year in accordance with the rules of the NYSE.

Committees of the Supervisory Board

The Supervisory Board has three standing committees, the identities, memberships and functions of which are described below:

Each member of the Audit Committee is financially literate and Mr. Kearney qualifies as an audit committee financial expert under the rules promulgated pursuant to the Exchange Act. The Audit Committee held 6 meetings in 2005. See *Report of the Audit Committee* below.

Compensation Committee. The current members of the Compensation Committee of our Supervisory Board are Messrs. Ogren (Chairman), Joyce and Perna. The Compensation Committee's principal functions include a general review of our compensation and benefit plans to ensure that they are properly designed to meet corporate objectives. The Compensation Committee reviews and approves the compensation of our Chief Executive Officer and our senior executive officers, granting of awards under our benefit plans and adopting and changing major compensation policies and practices. In addition to establishing the compensation for the Chief Executive Officer, the Compensation Committee reports its recommendations to the whole Supervisory Board for approval. On February 28, 2003, our Supervisory Board established an Options Subcommittee consisting of Messrs. Ogren (Chairman) and Joyce, which was renamed the Equity Awards Subcommittee in 2006. The Equity Awards Subcommittee's principal function is to review and approve awards made pursuant to our Incentive Plan. The Compensation Committee held 2 meetings in 2005. See *Report of the Compensation Committee on Executive Compensation* below.

Nominating and Governance Committee. The current members of the Nominating and Governance Committee are Messrs. Joyce (Chairman), Schouten and Vriesendorp. The Nominating and Governance Committee's principal functions include recommending candidates to the Supervisory Board for election or appointment as Supervisory Director and advising about, and recommending to the Supervisory Board, an appropriate set of corporate governance practices. Each member of the Nominating and Governance Committee is independent as defined by the corporate governance standards of the NYSE. The Nominating and Governance Committee held one meeting in 2005. See *Report of the Nominating and Governance Committee* below.

Dutch Corporate Governance Code

On December 9, 2003, the Dutch Corporate Governance Committee presented its final corporate governance code, containing principles of good corporate governance and best practice provisions. The Dutch Code emphasizes the principles of integrity, transparency and accountability as the primary means of achieving good corporate governance. The Dutch Code includes certain principles of good corporate governance, supported by best practice provisions. Beginning on or after January 1, 2004, companies listed in the Netherlands are required to disclose in their annual report and accounts how they intend to incorporate the principles of the Dutch Code or, where relevant, to explain why they do not. The Management Board has reviewed the Dutch Code and generally agrees with its fundamental principles. As discussed above, the Company complies with U.S. corporate governance rules and, to the extent consistent therewith, the corporate governance principles of the Dutch Code. The Company intends to continue to monitor the developments in corporate governance and shall take such steps as it considers appropriate to further implement the provisions of the Dutch Code. Please see the report of the Management Board, a copy of which will be available for inspection at our offices in the Netherlands, located at Herengracht 424, 1017 B Z Amsterdam for a discussion of our compliance with the Dutch Corporate Governance Code.

Long-Term Incentive Plans Awards in 2005

The following table sets forth performance restricted share awards granted in 2005 to our executive officers:

Name	Number of Shares, Units or Other Rights (1)	Performance or Other Period Until Maturation or Payout
------	---	--

David M. Demshur	40,000	(1)

John D. Denson	10,000	(1)

(1) Includes contingent rights to acquire common shares awarded to Messrs. Demshur (40,000), Bergmark (20,000), Davis (20,000) and Denson (10,000) that are subject to a performance goal that is based on a calculated return on equity versus a pre-determined target return on equity of 20%. The return on equity is calculated by dividing

Table of Contents

earnings before interest and income tax from continuing operations over the performance period by ending shareholders equity over the performance period (ROE). Unless there is a change in control, none of these shares will be issued if our ROE is less than 20% for the three-year performance period. If our ROE for the performance period equals 20%, then 50% of the shares will be issued, and if our ROE for the performance period equals or exceeds 24%, then 100% of the shares will be issued. If our ROE for the performance period is greater than 20% but less than 24%, then the number of shares to be issued would be interpolated based on the terms of the agreement. If we undergo a

change in control prior to the last day of the performance period and while the executive officer is employed by us, then all of the executive officer's performance shares will vest as of the date of the change in control.

Employment and Change of Control Agreements

David M. Demshur Employment Agreement. Mr. Demshur serves as our President and Chief Executive Officer pursuant to an employment agreement that is currently set to expire in 2006. Unless either party gives notice to terminate the agreement, the agreement will automatically renew each year on the anniversary of the effective date for a successive three-year term. Mr. Demshur's employment agreement entitles him to a base salary of \$420,000, subject to increase at the discretion of the Compensation Committee, and the opportunity to earn a yearly bonus of up to 150% of his then current annual base salary dependent upon his reaching certain performance objectives established by the Compensation Committee and described below under Executive Compensation Program Annual Incentive Compensation. The employment agreement provides that Mr. Demshur is entitled to participate in all of our Company's benefit plans and programs and also contains non-compete provisions in the event Mr. Demshur's employment with our Company is terminated.

Mr. Demshur's employment agreement also includes provisions governing the payment of severance benefits if his employment is terminated by him for any reason or by the Company for any reason other than upon his death or disability, for cause or upon a material breach of a material provision of his employment agreement. Any severance benefits shall be made as follows:

the payment of a lump sum amount equal to the sum of:

200% of his base salary as in effect immediately prior to the termination; and

two times 45% of the maximum annual incentive bonus he could have earned pursuant to his employment contract;

the provision of a benefits package for Mr. Demshur and his dependants which includes medical, hospital, dental, disability and life insurance plans and coverage at least as favorable as those provided immediately prior to the termination for as long as Mr. Demshur and his dependents are living;

the payment of a lump sum amount equal to the non-vested employer contributions allocated to his account under our 401(k) Plan that are forfeited as a result of the termination;

the full and immediate vesting of all of his outstanding stock options which options shall remain exercisable for a period of three months following such termination; and

the provision of outplacement services at a cost not to exceed 100% of the his annual base salary as in effect immediately prior to the termination.

If Mr. Demshur's employment is terminated as a result of his death or disability, Mr. Demshur (if living) and his dependents will be entitled to the benefits described under the second and forth bullet points above.

If Mr. Demshur's employment is terminated for any reason within three years following a change in control, as defined in his employment agreement, he will be entitled to the same benefits described above except that (A) the options vested pursuant to the fourth bullet point above shall remain exercisable for a period of one year and (B) the lump sum payment described in the first bullet point above shall be equal to the sum of:

300% of his base salary as in effect immediately prior to the change in control; and

three times the higher of (A) 45% of the maximum annual incentive bonus he could have earned pursuant to his employment contract or (B) the highest annual bonus he received in the three years prior to the change of control.

Additionally, if any of the payments or benefits described above would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code of 1986, as amended, then Mr. Demshur will be entitled to receive a gross-up payment equal the amount of excise tax imposed plus all taxes imposed on the gross-up payment.

Richard L. Bergmark Employment Agreement. Mr. Bergmark serves as our Chief Financial Officer and Treasurer pursuant to an employment agreement that is currently set to expire in 2006. Mr. Bergmark's employment agreement entitles him to a base salary of \$236,250, subject to increase at the discretion of the Compensation Committee, and the opportunity to earn a yearly bonus of up to 100% of his then current annual base salary dependent upon his reaching certain performance objectives established by the Compensation Committee. The other terms of Mr. Bergmark's amended and revised employment agreement are substantially identical to those contained in Mr. Demshur's employment agreement described above.

John D. Denson Employment Agreement. Mr. Denson serves as our General Counsel, Vice President and Secretary pursuant to an employment agreement that is currently set to expire in 2006. Mr. Denson's employment agreement entitles him to a base salary of \$199,500, subject to increase at the discretion of the Compensation Committee, and the opportunity to earn a yearly bonus of up to 75% of his then current annual base salary dependent upon his reaching certain performance objectives established by the Compensation Committee. The other terms of Mr. Denson's amended and revised employment agreement are substantially identical to those contained in Mr. Demshur's employment agreement described above.

Supplemental Executive Retirement Plans

In 1998, we adopted the Core Laboratories Supplemental Executive Retirement Plan, which we refer to as the Group SERP, for the benefit of certain key employees and outside directors. The Group SERP was established to provide additional retirement income to the participants and death benefits to the participants' designated beneficiaries as a reward for the participants' contributions to our success and growth. Richard L. Bergmark, David M. Demshur and Joseph R. Perna participate in the Group SERP. Each participant is entitled to receive a retirement benefit of \$250,000 per year, which begins on the later of participant's retirement date or attaining the age of 65 years and is paid in annual installments until the participant's death. If a participant dies on or after his retirement date and prior to receiving 15 annual installments of his retirement benefit, then the participant's designated beneficiary is entitled to receive \$250,000 each year until such payments have been made for an aggregate of 15 years to both the participant and such designated beneficiary. If the participant dies before his retirement date, the designated beneficiary of the deceased participant is entitled to receive \$225,000 each year for 15 years. Each participant's benefit under the Group SERP is fully vested and fully accrued. Additionally, the participant may make a prior election to receive a lump sum payment upon a change of control of our Company equal to the discounted present value of the retirement benefits that would have been paid upon the participant's retirement. Benefits under the Group SERP may be forfeited only in the event of a participant's termination for cause.

In 1999, we adopted the Core Laboratories Supplemental Executive Retirement Plans for Monty L. Davis and John D. Denson, which we refer to as the Individual SERPs. The terms of the Individual SERPs are similar to that of the Group SERP except that the amount of the retirement benefit is determined using a formula that takes into consideration the participant's compensation, years of employment, and a five year vesting schedule. The following table represents the total estimated annual benefits payable to Messrs. Davis and Denson in fixed annual payments for life, subject to a minimum of 15 annual payments, under the Individual SERPs.

Amounts shown as Final Average Compensation in this table represent the average annual covered compensation paid for five consecutive calendar years immediately preceding the year in which the individual's employment terminates. For 2005, covered compensation for Messrs. Davis and Denson in the Summary Compensation Table on page 9 is the same as the total of their salary amounts shown in that table. As of March 1, 2006, Messrs. Davis and Denson had 25 years and 14.5 years of credited service with the Company, respectively. The benefits listed in the table are not subject to any deduction for Social Security.

We have purchased insurance coverage on the lives of Messrs. Demshur, Bergmark, Perna, Davis and Denson to assist us in providing benefits under the Group and Individual SERPs. We are the owner and beneficiary of the insurance coverage for which all of the Group SERP and the Individual SERP premiums are fully paid. Based on actuarial calculations (including a 12% earnings rate assumption), we expect that the death benefits paid to us under the insurance policies will be sufficient to cover the costs of the Group and Individual SERPs' benefits for these individuals. However, to the extent the death benefits under the policies are insufficient to cover those costs, we are obligated to pay the remainder out of our other general assets to absorb any shortfall.

to oversee the administration of the incentive and stock option plans; and

to oversee the development of the compensation program for our Supervisory Directors.

Our Compensation Committee is comprised of Messrs. Ogren, Joyce and Perna. The Company has determined that each member of the Compensation Committee is independent under the standards set forth by the NYSE and, to the extent consistent therewith, the Dutch Code.

Executive Compensation Philosophy

The objective of the compensation program for officers and managers is to create strong financial incentives for corporate and division officers and managers to increase profits, revenues and operating efficiency, which we expect to lead to an increase in shareholder value. The following objectives guide the Compensation Committee in its deliberations:

provide a competitive compensation program that enables us to attract and retain key executives and Supervisory Board members;

ensure a strong relationship between our performance results and those of our divisions and the total compensation received by an individual;

balance our annual and longer term performance objectives;

Table of Contents

encourage executives to acquire and retain meaningful levels of common shares; and

work closely with our Chief Executive Officer to ensure that the compensation program supports our management style, objectives and culture.

In addition to normal employee benefits, the executive total compensation program includes base salary, annual cash incentive compensation and longer term stock-based grants and awards.

Market Comparisons

Primary market comparisons for executive compensation are made to other oilfield service companies, adjusted for size and job responsibilities. The companies used for market comparisons in the development of the compensation program are broader than those used in the performance graph presented elsewhere in this proxy statement and are used because they are more representative of the market in which we compete for executive talent. Data sources include peer company proxy disclosures, oilfield industry surveys, national survey databases and general trend data provided by consultants.

Variable Incentives

Variable incentives, both annual and longer term, are major components of the program and are used to link pay with performance results appropriate to each executive officer or manager. Variable incentive awards and performance objectives are calibrated such that total compensation will approximate the market 50th percentile when our performance plans are achieved and exceed the 50th percentile when our performance plans are exceeded.

Internal Revenue Code Section 162(m)

Internal Revenue Code Section 162(m) imposes a \$1,000,000 limit, with certain exceptions, on the deductibility of compensation paid to each of our five highest paid executive officers. In particular, compensation that is determined to be performance-based is exempt from this limitation. To be performance based, incentive payments must use predetermined objective standards, limit the use of discretion in making awards and be certified by the Compensation Committee made up of outside directors. To date, we have not lost any tax deductions related to the limitations of Section 162(m). The Compensation Committee will continue to monitor these issues and will take appropriate action if it is warranted in the future.

Executive Compensation Program

The following is a discussion of each of the principal components of the executive total compensation program.

Base Salary. The base salary program targets the median of the primary comparison group for corporate and divisional officers and managers. Each executive is reviewed individually on an annual basis. Salary adjustments are based on the individual's experience and background, the individual's performance during the prior year, the general movement of salaries in the marketplace and our financial position. As a result of these factors, an executive's base salary may be above or below the targeted median at any point in time.

Annual Incentive Compensation. We administer an annual incentive plan for our corporate and divisional officers and managers. The goal of the plan is to reward participants based on our performance as a whole, the performance of the division for which they have direct responsibility and their individual contributions to our success. Under the plan, our executives have the opportunity to earn yearly cash bonuses based on such executive's achievement of certain performance objectives. Please see *Employment and Change of Control Agreements* for more information on the annual incentive plan.

For 2005, corporate participants were measured on earnings per share and earnings before interest and taxes, or EBIT, while division participants were also measured on working capital management. In addition, a discretionary component was included as part of the plan so that outstanding effort and dedication could be recognized. The measures were weighted substantially equally.

Deferred Compensation Plan. Core Laboratories LP, one of our principal subsidiaries, has adopted a deferred compensation plan that allows certain officers, including all of our executive officers, to defer a portion of their salary and bonus, as well as the amount of any reductions in their deferrals under the 401(k) Plan, due to certain limitations imposed by the Internal Revenue Code of 1986, as amended. The plan also provides for employer contributions to be made on behalf of participants equal in amount to certain forfeitures of, and/or reductions in, employer contributions that participants could have received under the 401(k) Plan in the absence of certain limitations

Table of Contents

imposed by the Internal Revenue Code. These employer contributions vest gradually over a period of five years. Discretionary employer contributions may also be made on behalf of participants in the plan and are subject to discretionary vesting schedules determined at the time of such contributions. Vesting in all employer contributions is accelerated upon the death of the participant or a change in control. Employer contributions under the plan are forfeited upon a participant's termination of employment to the extent they are not vested at that time.

Stock Based Compensation. Stock ownership by corporate and divisional management is encouraged through the use of the Incentive Plan which provides for the award of our common shares and options to buy our common shares. The Compensation Committee and management believe that widespread common share ownership by key employees is an important means of encouraging superior performance and employee retention. Common share option grants or grants of restricted share awards are considered annually based on competitive multiples of base salary. Senior executives typically have a higher multiple and, as a result, have a greater portion of their total compensation linked to our long-term success. In determining the appropriate grant multiples, we target the market median among publicly-held oilfield service companies of similar size. In 2005, each of Messrs. Demshur, Bergmark, Davis and Denson received restricted share awards of 20,000, 15,000, 15,000 and 5,000 shares, respectively but received no stock option grants. Such restricted shares will generally vest upon the occurrence of any of the following: (i) the average closing stock price per common share attains a level equal to or above \$28.00 per share over a period of 20 consecutive trading days ending within a period beginning on the twenty-first trading day after April 1, 2006 and ending on April 1, 2008, (ii) the average closing price per common share attains a level equal to or greater than \$32.00 per share over a period of 20 consecutive trading days ending within the period beginning on the last trading day after April 1, 2008 and ending April 1, 2010, or (iii) in their entirety on January 1, 2012.

In 2005, pursuant to the Executive Restricted Share Matching Program, each of Messrs. Demshur, Bergmark, Davis and Denson received restricted share awards of 27,183, 28,253, 9,459 and 11,304 shares, respectively, (the Restricted Gross-Up Shares) to reimburse them for tax liabilities resulting from the vesting of the original grant of restricted shares under the ESMP and their eventual vesting in the Restricted Gross-Up Shares. In order to vest in the Restricted Gross-Up Shares, each executive officer generally must remain in our employment until June 1, 2007, and maintain continuous ownership until such date of (a) the equivalent number of shares the officer initially purchased in order to receive the original restricted matching share award plus (b) a number of the shares received in the restricted matching share award (which number of shares is generally equal to all of the shares included in the restricted matching share award less a percentage of such shares surrendered by the participant to pay applicable taxes upon their vesting). A participant may become vested in some or all of the Restricted Gross-Up Shares prior to June 1, 2007, in the event of a change in control or the termination of the participant's employment by reason of death, disability, an involuntary termination without cause, or after attaining the age of 60 and completing 10 years of employment with us.

In 2005, our executive officers were also awarded contingent rights to acquire common shares (Performance Shares) that are subject to a performance goal that is based on a calculated return on equity versus a pre-determined target return on equity of 20%. Pursuant to the agreement, return on equity is calculated by dividing earnings before interest and income tax from continuing operations for the performance period by ending shareholders' equity for the performance period (ROE). Unless there is a change in control, none of these 90,000 shares will be issued if the ROE for Core Laboratories is less than 20% for the three-year performance period. If our ROE for the performance period equals 20%, then 50% of the shares will be issued, and if our ROE for the performance period equals or exceeds 24%, then 100% of the shares will be issued. If our ROE for the performance period is greater than 20% but less than 24%, then the number of shares to be issued would be interpolated based on the terms of the agreement. If a change in control of the Company occurs prior to the last day of the performance period and while the executive officer is employed by the Company, then all of the executive officer's Performance Shares will vest as of the date of the change in control. In 2005, Messrs. Demshur, Bergmark, Davis and Denson received Performance Shares of 40,000, 20,000, 20,000 and 10,000, respectively.

Compensation of the Chief Executive Officer

Our Chief Executive Officer, David M. Demshur, participates in the executive compensation program described above. In establishing the base salary for Mr. Demshur, our Compensation Committee assessed the pay levels for

executive officers in similar companies in the oilfield service industry and our profit performance. In 2005, Mr. Demshur's base salary was \$500,000 and his bonus was \$710,000. As described in greater detail above, he received a restricted share award of 20,000 shares, 27,183 Restricted Gross-Up Shares and a performance share award of 40,000 shares. He received no stock options in 2005.

REPORT OF THE NOMINATING AND GOVERNANCE COMMITTEE

The Nominating and Governance Committee currently consists of Messrs. Joyce, Schouten and Vriesendorp. The Company has determined that each member of the Nominating and Governance Committee is independent under the standards set forth by the NYSE and, to extent consistent therewith, the Dutch Code.

The Nominating and Governance Committee identifies and recommends to the Supervisory Board qualified candidates to serve as nominees for Supervisory Directors. Shareholders seeking to recommend Supervisory Director candidates for consideration by the Nominating and Governance Committee may do so by writing to the Company's Secretary at the address indicated on the cover page of this proxy, giving the recommended candidates' name, biographical data and qualifications. The Nominating and Governance Committee will consider all candidates submitted by shareholders within the time period set forth specified under "Shareholder Proposals" below.

Qualifications of Supervisory Directors. When identifying Supervisory Director nominees, the Nominating and Governance Committee may consider, among other factors: the person's reputation, integrity and independence (under applicable SEC, NYSE and Dutch Code standards); the person's skills and business, government or other professional acumen, bearing in mind the composition of the Board of Supervisory Directors and the current state of Core Laboratories and the industry generally at the time of determination; and the number of other public companies for which the person serves as director and the availability of the person's time and commitment to Core Laboratories. In the case of current Supervisory Directors being considered for renomination, the Nominating and Corporate Governance Committee will also take into account the Supervisory Director's tenure as a member of our Board of Supervisory Directors; the Supervisory Director's history of attendance at meetings of the Board of Supervisory Directors and committees thereof; and the Supervisory Director's preparation for and participation in such meetings.

Supervisory Director Nomination Process.

The Nominating and Governance Committee, the Chairman of the Supervisory Board, the Chief Executive Officer, or a Supervisory Director identifies a need to add a new board member that meets specific criteria or to fill a vacancy on the board. The Nominating and Governance Committee also reviews the candidacy of existing members of the Supervisory Board whose terms are expiring and who may be eligible for reelection to the Supervisory Board. The Nominating and Governance Committee also considers recommendations for nominees for directorships submitted by shareholders as provided below.

If a new board member is to be considered, the Nominating and Governance Committee initiates a search by seeking input from other Supervisory Directors and senior management, and hiring a search firm, if necessary. An initial slate of candidates that will satisfy specific criteria and otherwise qualify for membership on the Supervisory Board are identified by and/or presented to the Nominating and Governance Committee, which ranks the candidates. Members of the Nominating and Governance Committee review the qualifications of prospective candidate(s), and the Chairman of the Supervisory Board, the Chief Executive Officer, and all other Supervisory Board members have the opportunity to review the qualifications of prospective candidate(s).

Table of Contents

The Nominating and Governance Committee recommends to the Supervisory Board the nominee(s) from among the candidate(s), including existing members of the Supervisory Board whose terms are expiring and who may be eligible for reelection to the Supervisory Board, and new candidates, if any, identified as described above.

The nominee(s) are nominated by the Supervisory Board.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee currently consists of Messrs. Kearney, Perna, and Joyce. The Company has determined that: (1) each member of the Audit Committee is independent, as defined in Section 10A of the Exchange Act and under the standards set forth by the NYSE and, to extent consistent therewith, the Dutch Code; and (2) all current Audit Committee members are financially literate. In addition, Mr. Kearney qualifies as an audit committee financial expert under the applicable rules promulgated pursuant to the Exchange Act and as defined in the Dutch Code.

During the last fiscal year, and earlier this year in preparation for the filing with the SEC of the Company's Annual Report on Form 10-K for the year ended December 31, 2005, the Audit Committee:

reviewed and discussed the Company's audited financial statements as of and for the year ended December 31, 2005 with management and with the independent auditors;

considered the adequacy of the Company's internal controls and the quality of its financial reporting, and discussed these matters with management, with the internal auditors and with the independent auditors;

reviewed and discussed with the independent auditors (1) their judgments as to the quality of the Company's accounting policies, (2) the written disclosures and the letter from the independent auditors required by Independence Standard No. 1, Independence Discussions with Audit Committees, as amended, by the Independence Standards Board, and the independent auditors' independence, and (3) the matters required to be discussed by Statements on Auditing Standards No. 61, Communication with Audit Committees, as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants;

discussed with management, with the internal auditors and with the independent auditors the process by which the Company's chief executive officer and chief financial officer make the certifications required by the SEC in connection with the filing with the SEC of the Company's periodic reports, including reports on Forms 10-K and 10-Q;

pre-approved all auditing services and non-audit services to be performed for the Company by the independent auditors as required by the applicable rules promulgated pursuant to the Exchange Act, considered whether the rendering of non-audit services was compatible with maintaining PricewaterhouseCoopers' independence, and concluded that PricewaterhouseCoopers' independence was not compromised by the provision of such services (details regarding the fees paid to PricewaterhouseCoopers in fiscal 2005 for audit services, audit-related services, tax services and all other services, are set forth at Audit Fee Summary below); and

based on the reviews and discussions referred to above, recommended to the Supervisory Board that the financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2005.

As recommended by the NYSE's corporate governance rules, the Audit Committee also considered whether, to assure continuing auditor independence, it would be advisable to regularly rotate the audit firm itself. The Audit

Committee has concluded that the current benefits to the Company from continued retention of PricewaterhouseCoopers warrant retaining the firm at this time. The Committee will, however, continue to review this issue on an annual basis.

A copy of the Company's Audit Committee's written charter may be found on the Company's website, at <http://www.corelab.com/governance>.

Notwithstanding the foregoing actions and the responsibilities set forth in the Audit Committee's charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with generally accepted accounting principles. Management is responsible for the Company's financial reporting process including its system of internal controls, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States. The independent auditors are responsible for expressing an opinion on those financial statements. Committee members are not employees of the Company or accountants or auditors by profession. Therefore, the Committee has relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States and on the representations of the independent auditors included in their report on the Company's financial statements.

The Committee meets regularly with management and the independent and internal auditors, including private discussions with the independent auditors and the Company's internal auditors and receives the communications described above. The Committee has also established procedures for (a) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and (b) the confidential, anonymous submission by the Company's employees of concerns regarding questionable accounting or auditing matters. However, this oversight does not provide us with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, our considerations and discussions with management and the independent auditors do not assure that the Company's financial statements are presented in accordance with generally accepted accounting principles or that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards.

MATTERS TO BE VOTED ON**Item 1. Election of Supervisory Directors**

Our articles of association provide for one or more Supervisory Directors. Our Supervisory Board currently has eight members who are divided into three classes of Supervisory Directors. Each class is elected for a term of three years such that the term of one class of Supervisory Director expires at the annual meeting each year. At this year's annual meeting we will be electing two Class III Supervisory Directors. The Supervisory Board is proposing the election of Messrs. Richard L. Bergmark and Alexander Vriesendorp as Class III Supervisory Directors for a term expiring at the annual meeting in 2009. All of the Class III nominees for Supervisory Director are presently members of the Supervisory Board. Please see *Information About Our Supervisory Directors and Director Compensation Board of Supervisory Directors* for biographical information of our Supervisory Directors.

Candidates for Supervisory Director are recommended by the Nominating and Governance Committee to our Supervisory Board. Our Supervisory Board then nominates selected candidates, who are elected at the annual meeting by the affirmative vote of a majority of the votes cast at the meeting. You may vote for either nominee, both nominees, or for neither nominee. Under Dutch law and our articles of association, common shares abstaining from voting and broker non-votes will not count as votes cast at the annual meeting but will count for the purpose of determining the number of shares represented at the meeting.

Unless otherwise instructed or unless authority to vote is withheld, the enclosed proxy will be voted for the election of the nominees listed above. If at the time of, or prior to, the annual meeting any of the nominees should be unable or decline to serve, the discretionary authority provided in the proxy may be used to vote for a substitute or substitutes designated by our Supervisory Board. The Supervisory Board has no reason to believe that any substitute nominees will be required. No proxy will be voted for a greater number of persons than the number of nominees named herein. Shareholders may not cumulate their votes in the election of Supervisory Directors.

The Supervisory Board recommends that shareholders vote FOR the nominees for Supervisory Director as set forth above, and proxies executed and returned will be so voted unless contrary instructions are indicated thereon.

Item 2. Confirmation and Adoption of Annual Accounts

At the annual meeting, as required under Dutch law and our articles of association our shareholders will be asked to confirm and adopt our Dutch Statutory Annual Accounts (the *Annual Accounts*) for the fiscal year ending December 31, 2005, which are our audited consolidated financial statements that are prepared in accordance with Dutch generally accepted accounting principles. In accordance with Article 408, Book 2 of the Dutch Civil Code, the *Annual Accounts* are our annual accounts and our participation. However, the *Annual Accounts* do not represent the consolidated accounts of our Company and subsidiaries as presented in our Consolidated Financial Statements contained in our Annual Report on Form 10-K for the year ending December 31, 2005.

Table of Contents

The affirmative vote of the majority of the votes cast at the annual meeting is required to confirm and adopt the Annual Accounts. Under Dutch law and our articles of association, common shares abstaining from voting and broker non-votes will not count as votes cast at the annual meeting.

The Supervisory Board recommends that shareholders vote FOR the confirmation and adoption of the Annual Accounts, and proxies executed and returned will be so voted unless contrary instructions are indicated thereon.

Item 3. Cancellation of Our Repurchased Shares

At the annual meeting, our shareholders will be asked to resolve to cancel all of the treasury shares we have repurchased up to the date of our annual meeting. According to the Dutch Civil Code, we can only hold 10% of our issued share capital at one time. This restriction is not typical for a company domiciled in the United States but is imposed on us as a result of our being organized under the laws of The Netherlands. As of December 31, 2005, we held approximately 1,023,015 of our common shares as treasury shares, which equals approximately 3.8% of our issued share capital. If our shareholders do not resolve to cancel the above described shares, we would only be able to repurchase on the open market approximately an additional 1,445,905 common shares under our Share Repurchase Program on the open market. Management believes it is in the best interest of our shareholders for the Supervisory Board and management to have the flexibility to purchase additional common shares in the open market should market conditions warrant. Upon the affirmative vote of our shareholders, the shares will be cancelled in the manner described in Article 2:99(2) and 2:100 of the Dutch Civil Code.

Core will post a copy of the minutes of the annual meeting of shareholders at the Dutch commercial registry and will publish a notice of the deposit in a Dutch daily newspaper. If no creditors oppose the capital reduction within two months after publication in a Dutch daily newspaper, then the cancellation of the shares will become effective after this two-month waiting period.

If our shareholders approve the amendments to the articles of association to convert the par value of each share from NLG 0.03 to EUR 0.04 (Item 8 in this proxy statement) and to subsequently effect a two-for-one stock split by reducing the par value of each share to EUR 0.02 (Item 10 in this proxy statement), then the number of treasury shares on or about June 30, 2006, the expected effective date of the stock split, will be doubled and each share will have a par value per share of EUR 0.02 at the moment that the cancellation of shares becomes effective.

The affirmative vote of the majority of the votes cast at the annual meeting is required to cancel our repurchased shares if more than one-half of our issued share capital is represented at the annual meeting. If less than one-half of our issued share capital is represented at the annual meeting, then the affirmative vote of two-thirds of the votes cast at the annual meeting is required to approve the cancellation of our repurchased shares. Under Dutch law and our articles of association, common shares abstaining from voting and broker non-votes will not count as votes cast at the annual meeting.

The Supervisory Board recommends that shareholders vote FOR the cancellation of our repurchased shares, and proxies executed and returned will be so voted unless contrary instructions are indicated thereon.

Item 4. Extension of Authority of Management Board Until December 14, 2007 To Repurchase Shares

Under Dutch law and our articles of association, and subject to certain Dutch statutory provisions, we may repurchase up to 10% of our issued share capital in open market purchases at any price that does not exceed \$200.00 per share or its equivalent in other currencies. Any such purchases are subject to the approval of the Supervisory Board and the authorization of our shareholders at the annual meeting, which authorization must be renewed every 18 months. In connection with our initial public offering in September 1995, our shareholders authorized our Management Board to make such repurchases for a period of 18 months. At each annual meeting subsequent to 1995, our shareholders have

Table of Contents

renewed that authorization such that the current period is set to expire on December 1, 2006. In 2005, we repurchased approximately 1,317,600 of our common shares for an aggregate purchase price of approximately \$37.2 million. We believe that it is in the best interest of our Company and shareholders to have the flexibility to repurchase shares in the future if the Supervisory Board deems it advisable to do so. **This authority is similar to that generally afforded under state law to public companies domiciled in the United States.**

At the annual meeting, our shareholders will be asked to approve a further extension of this authority for an additional 18-month period from the date of the annual meeting until December 14, 2007.

The affirmative vote of the majority of the votes cast at the annual meeting is required to extend the authorization of the Management Board to repurchase up to 10% of our issued share capital for an additional 18-month period from the date of the annual meeting. Under Dutch law and our articles of association, common shares abstaining from voting and broker non-votes will not count as votes cast at the annual meeting.

The Supervisory Board recommends that shareholders vote FOR the extension of the authority of the Management Board to repurchase up to 10% of our issued share capital until December 14, 2007 at a price not to exceed \$200.00 per share, and proxies executed and returned will be so voted unless contrary instructions are indicated thereon.

Item 5. Extension of Authority of Supervisory Board To Issue Shares of Core Laboratories N.V. Until June 14, 2011

Our authorized share capital consists of 100 million common shares and 3 million preference shares, each share with a current par value of NLG 0.03, which par value will be converted to EUR 0.04 (after execution of the proposed amendments of the articles of association under Item 8 and Item 10). Under Dutch law and our articles of association, the Supervisory Board has the power to issue shares of our authorized share capital as long as the Supervisory Board has been designated and authorized by the shareholders to do so at the annual meeting. An authorization of the Supervisory Board to issue shares may be effective for a period of up to five years and may be renewed on an annual rolling basis. In connection with our initial public offering in September 1995, our shareholders authorized the Supervisory Board to issue shares and/or rights with respect to our shares for a five-year period. At each annual meeting subsequent to 1995, our shareholders have extended the period such that the current period is set to expire on April 15, 2010.

At the annual meeting, our shareholders will be asked to approve a further extension of this authority to issue shares and/or to grant rights, including options to purchase, with respect to our unissued common and preference shares up to the maximum number of common and preference shares indicated by the authorized share capital for a five-year period from the date of the annual meeting until June 14, 2011. **This authority to issue shares is similar to that generally afforded under state law to public companies domiciled in the United States.** Management believes that retaining the flexibility to issue shares for acquisition, financing or other business purposes in a timely manner without first obtaining specific shareholder approval is important to our continued growth. Furthermore, our common shares are listed on the NYSE and, accordingly, the issuance of additional shares will remain subject to the rules of the NYSE. In particular, the NYSE requires shareholder approval for the issuance of shares of common stock in excess of twenty percent of the shares outstanding except for public offerings for cash or bona fide private offerings at a price greater than both the book and market value of a company's common stock. The authority of the Supervisory Board to issue shares as described in this proxy statement does not include the power to increase the total number of authorized shares of Core Laboratories N.V.

The affirmative vote of the majority of the votes cast at the annual meeting is required to extend the authority of the Supervisory Board to issue shares and/or to grant rights (including options to purchase) with respect to our common and/or preference shares for a five-year period from the date of the annual meeting. Under Dutch law and our articles of association, common shares abstaining from voting and broker non-votes will not count as votes cast at the annual meeting.

The Supervisory Board recommends that shareholders vote FOR the extension of the authority of the Supervisory Board to issue shares and/or to grant rights (including options to purchase) with respect to our common and/or preference shares until June 14, 2011, and proxies executed and returned will be so voted unless contrary instructions are indicated thereon.

Table of Contents**Item 6. Extension of Authority of Supervisory Board To Limit or Eliminate Preemptive Rights Until June 14, 2011**

Holders of our common shares (other than our employees and employees of our subsidiaries who are issued common shares pursuant to the exercise of options granted under the Incentive Plan and the Nonemployee Director Plan) have a pro rata preemptive right of subscription to any of our common shares issued for cash unless such right is limited or eliminated by our Supervisory Board. Holders of our common shares have no pro rata preemptive subscription right with respect to any common shares issued for consideration other than cash. If designated and authorized by our shareholders at the annual meeting, the Supervisory Board has the power to limit or eliminate such rights. Such an authorization may be effective for up to five years and may be renewed for successive five-year periods. In connection with our initial public offering in September 1995, our shareholders authorized the Supervisory Board to limit or eliminate the preemptive rights of holders of our common shares for a five-year period. At each annual meeting subsequent to 1995, our shareholders have extended this period such that the current period is set to expire on April 15, 2010.

At the annual meeting, our shareholders will be asked to approve a further extension of this authority for a five-year period from the date of the annual meeting until June 14, 2011 to limit or eliminate preemptive rights.

Preemptive rights are uncommon for public companies domiciled in the United States. Management believes that if the Supervisory Board is not granted the authority to limit preemptive rights, the ability of our Company to engage in equity financing transactions would be significantly affected. Any limits or waivers of preemptive rights would apply equally to all holders of our common shares. Furthermore, as long as our common shares remain listed on the NYSE, any issuance of common shares will remain subject to the rules of the NYSE, including limitations on our ability to issue shares without shareholder approval. See Item 5 above for a discussion of the NYSE rules regarding stock issuances.

The affirmative vote of the majority of the votes cast at the annual meeting is required to extend the authority of the Supervisory Board to limit or eliminate the preemptive rights of holders of our common shares for a five-year period from the date of the annual meeting. However, if less than 50 percent of all common shares entitled to vote on the proposal are present at the meeting, then two-thirds of the votes cast will be required to extend this authority. Under Dutch law and our articles of association, common shares abstaining from voting and broker non-votes will not count as votes cast at the annual meeting.

The Supervisory Board recommends that shareholders vote FOR the extension of the authority of the Supervisory Board to limit or eliminate preemptive rights of holders of our common shares until June 14, 2011, and proxies executed and returned will be so voted unless contrary instructions are indicated thereon.

Item 7. Approval of the Amendment and Restatement of the Core Laboratories N.V. 1995 Nonemployee Director Stock Option Plan

The Supervisory Board adopted an amendment and restatement of the Core Laboratories N.V. 1995 Nonemployee Director Stock Option Plan on March 9, 2006, subject to approval by the shareholders of the Company. The plan as amended and restated will be called the Core Laboratories N.V. 2006 Nonemployee Director Stock Incentive Plan (the 2006 Nonemployee Director Plan). The primary change effected by the amendment and restatement of the plan is to eliminate the automatic, formula grant of stock options under the plan and to replace that formula approach with the discretionary right of the Supervisory Board to grant stock options, restricted shares, or any combination thereof, to our nonemployee directors.

Prior to its amendment and restatement into the 2006 Nonemployee Director Plan, the 1995 Nonemployee Director Stock Option Plan provided only for the grant of stock options to our nonemployee directors pursuant to a formula set forth in the plan. Pursuant to this formula, each nonemployee director was generally granted (a) an option to acquire 1,000 common shares on the date such individual first became an eligible director and (b) an option to acquire 10,000 common shares (20,000 common shares if such nonemployee director was the Chairman of the Supervisory Board) each year generally on the first date in the calendar year set by the Supervisory Board for the issuance of stock options to more than 10 employees under our 1995 Long-Term Incentive Plan, as amended. In light of recent changes in the accounting treatment of various equity incentives and the possibility of further accounting or tax changes, the Company believes that it is advantageous for it to have greater flexibility in the design and implementation of its

future equity compensation arrangements for its nonemployee directors.

Table of Contents

Set forth below is a summary of the principal features of the 2006 Nonemployee Director Plan that is qualified in its entirety by reference to the full text of the 2006 Nonemployee Director Plan which is attached to this Proxy Statement as Appendix A.

General

The 2006 Nonemployee Director Plan is intended to provide an incentive to retain and attract persons of training, experience, and ability to serve as independent directors on the Supervisory Board, to encourage the sense of proprietorship of such persons, and to stimulate the active interest of such persons in our development and financial success. These objectives are to be accomplished by making awards under the 2006 Nonemployee Director Plan and thereby providing participants with a proprietary interest in our growth and performance. Accordingly, the 2006 Nonemployee Director Plan provides for granting (a) stock options that do not qualify as incentive stock options as defined in Section 422 of the Code and (b) restricted shares that are either (1) common shares that are restricted or subject to forfeiture provisions or (2) a credit of units to a bookkeeping account maintained by the Company evidencing accrual to a participant of unsecured and unfunded conditional rights to acquire common shares.

Number of Shares Subject to the 2006 Nonemployee Director Plan

The aggregate maximum number of common shares authorized to be issued under the 2006 Nonemployee Director Plan pursuant to grants of stock options and restricted shares is 700,000 (or 1,400,000 if the stock split is approved by our shareholders) common shares (subject to adjustment under certain circumstances, such as upon a reorganization, stock split, recapitalization, or other change in the Company's capital structure). This number of shares was not increased in the amendment and restatement of the plan. As of April 1, 2006, approximately 254,000 common shares authorized to be issued under the plan are subject to currently outstanding stock options and 92,000 common shares remain available for issuance under the plan. Common Shares related to awards under the 2006 Nonemployee Director Plan that are forfeited or terminated or that expire unexercised will again become available for the granting of awards under the plan.

Administration

The 2006 Nonemployee Director Plan will be administered by the Supervisory Board. The Supervisory Board has full authority, subject to the terms of the 2006 Nonemployee Director Plan, to establish rules and regulations for the proper administration of the 2006 Nonemployee Director Plan, to select the persons to whom awards are granted and to set the date of grant and the other terms of the awards.

Eligibility

Any individual serving as a member of the Supervisory Board is eligible to participate in the 2006 Nonemployee Director Plan provided that such individual is not an employee of the Company or any of its subsidiaries and has not been an employee since the date of the most recent annual general meeting of our shareholders. As used in this summary of the 2006 Nonemployee Director Plan, the term nonemployee director refers to the individuals described in the preceding sentence. The selection of nonemployee directors, from among those eligible, who will receive awards under the 2006 Nonemployee Director Plan is within the discretion of the Supervisory Board.

Effective Date; Amendment and Termination of the 2006 Nonemployee Director Plan

The 1995 Nonemployee Director Stock Option Plan was originally effective as of September 1, 1995. It was subsequently amended and restated effective as of May 29, 1997. The amendment and restatement of the plan into the 2006 Nonemployee Director Plan is effective as of June 14, 2006. No further awards may be granted under the 2006 Nonemployee Director Plan after April 20, 2016. The Supervisory Board may from time to time amend, modify, suspend or terminate the 2006 Nonemployee Director Plan for any purpose except that (a) no amendment or alteration that would impair the rights of a holder of an award under the 2006 Nonemployee Director Plan may be made without the holder's consent, (b) no amendment or alteration will be effective prior to approval of the shareholders of the Company, to the extent such approval is then required pursuant to Rule 16b-3 under the Exchange Act or to the extent shareholder approval is otherwise required by applicable law, and (c) no amendment to the 2006 Nonemployee Director Plan that would require shareholder approval pursuant to the requirements of the New York Stock Exchange or any exchange on which the Company is listed will be effective prior to approval of the shareholders of the Company.

Table of Contents**Stock Options**

All options will be evidenced by a written contract containing provisions consistent with the 2006 Nonemployee Director Plan and such other provisions as the Supervisory Board deems appropriate. An option granted under the 2006 Nonemployee Director Plan will not be treated as an incentive stock option within the meaning of Section 422 of the Code. The term of each option will be as specified by the Supervisory Board at the date of grant, and the effect of the termination of a nonemployee director's service as a director will be controlled by the terms of the option contract that evidences each option grant. The number of shares for which an option is granted to a nonemployee director will be determined by the Supervisory Board. The purchase price of each common share that is subject to an option will also be determined by the Supervisory Board, but (subject to adjustment under certain circumstances, such as upon a reorganization, stock split, recapitalization, or other change in the Company's capital structure) such purchase price will be no less than the fair market value of a common share on the date that the option is granted. The purchase price upon exercise may be paid in cash, or, at the discretion of the Supervisory Board, in other common shares owned by the nonemployee director, by surrendering all or part of that or any other award under the 2006 Nonemployee Director Plan, or by any combination thereof.

Restricted Shares

An award of restricted shares may consist of common shares or may be denominated in units of common shares. All or part of any such award may be subject to conditions established by the Supervisory Board and set forth in the written agreement evidencing such award, which conditions may include, but are not limited to, (a) the attainment of one or more performance targets established by the Supervisory Board, (b) the award recipient's continued provision of services to the Company and its subsidiaries, whether in the capacity as a nonemployee director or otherwise, for a specified period of time, (c) the occurrence of any event or the satisfaction of any other condition specified by the Supervisory Board in its sole discretion, or (d) a combination of any of the foregoing. Each award of restricted shares may have different conditions and restrictions, in the discretion of the Supervisory Board. Dividends or dividend equivalent rights may be extended to and made part of any award denominated in common shares or units of common shares, subject to such terms, conditions and restrictions as the Supervisory Board may establish.

Transferability

Unless otherwise determined by the Supervisory Board and provided in an award agreement, awards under the 2006 Nonemployee Director Plan are generally not transferable except (a) by will or the laws of descent and distribution, (b) pursuant to a qualified domestic relations order, or (c) with the consent of the Supervisory Board.

Change in Control

The 2006 Nonemployee Director Plan provides that each stock option will become fully exercisable and the restrictions on restricted shares will lapse upon a change in control of the Company (as defined in the 2006 Nonemployee Director Plan).

United States Federal Income Tax Aspects of the 2006 Nonemployee Director Plan

Nonqualified Stock Options. As a general rule, no federal income tax is imposed on the optionee upon the grant of a nonqualified stock option such as those granted under the 2006 Nonemployee Director Plan, and we are not entitled to a tax deduction by reason of such a grant. Generally, upon the exercise of a nonqualified stock option, the optionee will be treated as receiving compensation taxable as ordinary income in the year of exercise in an amount equal to the excess of the fair market value of the shares of stock on the date of exercise over the option price paid for such shares. Upon the exercise of a nonqualified stock option granted under the 2006 Nonemployee Director Plan, we may claim a deduction for compensation paid at the same time and in the same amount as compensation income is recognized by the optionee, assuming any federal income tax reporting requirements are satisfied. Upon a subsequent disposition of the shares received upon exercise of a nonqualified stock option, any difference between the fair market value of the shares on the date of exercise and the amount realized on the disposition would be treated as capital gain or loss. If the shares received upon the exercise of a nonqualified stock option are transferred to the optionee subject to certain restrictions, then the taxable income realized by the optionee, unless the optionee elects otherwise, and our tax deduction (assuming any federal income tax reporting requirements are satisfied) should be deferred and should be measured at the fair market value of the shares at the time the restrictions lapse. The restrictions imposed on officers, directors and 10% shareholders

Table of Contents

by Section 16(b) of the Exchange Act is such a restriction during the period prescribed thereby if other shares have been purchased by such an individual within six months of the exercise of a nonqualified stock option.

Restricted Shares. A nonemployee director who has been granted restricted shares under the 2006 Nonemployee Director Plan consisting of Common Shares that are subject to forfeiture provisions will not realize taxable income at the time of grant, and we will not be entitled to a deduction at that time, assuming that the forfeiture provisions constitute a substantial risk of forfeiture for federal income tax purposes. Upon expiration of the forfeiture restrictions (i.e., as shares become vested), the nonemployee director will realize ordinary income in an amount equal to the excess of the fair market value of the shares at such time over the amount, if any, paid for such shares, and we will be entitled to a corresponding deduction. Dividends paid to the holder during the period that the forfeiture restrictions apply will also be compensation to the nonemployee director and deductible as such by the Company.

Notwithstanding the foregoing, the recipient of such restricted shares may elect to be taxed at the time of grant of the restricted shares based upon the fair market value of the shares on the date of the award, in which case (a) we will be entitled to a deduction at the same time and in the same amount, (b) dividends paid to the recipient during the period the forfeiture restrictions apply will be taxable as dividends and will not be deductible by the Company and (c) there will be no further federal income tax consequences when the forfeiture restrictions lapse.

A nonemployee director who has been granted restricted shares under the 2006 Nonemployee Director Plan consisting of a credit of units to a bookkeeping account maintained by the Company evidencing accrual to such nonemployee director of unsecured and unfunded conditional rights to acquire Common Shares will not realize taxable income at the time of grant, and we will not be entitled to a deduction at that time. Upon expiration of the restrictions applicable to such restricted shares, the nonemployee director will realize ordinary income in an amount equal to the excess of the fair market value of the property distributed to the nonemployee director by the Company at that time over the amount, if any, paid by the nonemployee director for such property, and we will be entitled to a corresponding deduction.

Section 162(m) of the Code. Subject to certain exceptions, Section 162(m) of the Code generally precludes a public corporation from taking a deduction for annual compensation in excess of \$1 million paid to its chief executive officer or any of its four other highest-paid officers. Section 162(m) should not limit the deductibility of compensation paid under the 2006 Nonemployee Director Plan to our nonemployee directors.

Section 409A of the Code. Section 409A of the Code provides that deferred compensation, as defined therein, will be subject to an additional 20% tax unless it meets certain restrictions set forth in Section 409A of the Code and the guidance promulgated thereunder. We intend for awards issued under the 2006 Nonemployee Director Plan to either be exempt from the application of, or to comply with, Section 409A of the Code.

Section 401(a) of the Code. The 2006 Nonemployee Director Plan is not qualified under Section 401(a) of the Code.

The comments set forth in the above paragraphs are only a summary of certain of the United States federal income tax consequences relating to the 2006 Nonemployee Director Plan. No consideration has been given to the effects of foreign, state, local, or other tax laws on the 2006 Nonemployee Director Plan or award recipients, or the application of Dutch tax law to the Company.

Inapplicability of ERISA

Based upon current law and published interpretations, the Company does not believe the Nonemployee Director Plan is subject to any of the provisions of ERISA.

New Plan Benefits

The benefits or amounts that will be received by or allocated to non-executive directors other than executive officers, by reason of the amendment, are not yet determinable. Future awards are in the discretion of the Compensation Committee (including, as applicable, the Equity Awards Subcommittee), and cannot be determined at this time.

The affirmative vote of holders of a majority of the common shares present or represented by proxy and entitled to vote at the Annual Meeting is required to approve the proposed amendment and restatement of the 1995 Nonemployee Director Stock Option Plan into the 2006 Nonemployee Director Plan. In addition, the total vote cast with respect to this proposal must represent over 50 percent of all common shares entitled to vote on this proposal.

Table of Contents

The Supervisory Board recommends that the shareholders vote FOR the approval of the Amendment and Restatement of the Core Laboratories N.V. 1995 Nonemployee Director Stock Option Plan and proxies executed and returned will be so voted unless contrary instructions are indicated thereon.

Item 8. Approval of Mandatory Amendments to the Company's Articles of Association

Core Laboratories is incorporated under the laws of The Netherlands. The Netherlands recently adopted certain revisions to its corporation law.

In light of these revisions, we are requesting that our shareholders vote in favor of the amendments to our articles of association, which are required in order to comply with these recent changes.

The following summary of the principal changes to be effected by the proposed mandatory amendments is subject to the specific text of the articles of association. This summary does not purport to be complete. For complete information, you should read the full text of the amendment to the articles of association included as Appendix B to this Proxy Statement. For purposes of comparison, the full text of the old articles of association is included in this Proxy Statement as Appendix C.

The amendments required by the revised Dutch law are as follows:

Subject	Proposed Change	Reason for Change
Article 4, Paragraph 1 Authorized Share Capital and Par Value of each share	Change denomination of authorized share capital from The Netherlands guilders into euros and revise all such references contained in the articles of association.	On January 1, 1999, the euro became the common currency of The Netherlands. The national currencies remained legal tender in the participating countries until mid-year 2002. All businesses in The Netherlands conduct all transactions in euros and must convert their financial records and reports to be euro based. As the result of the conversion of the par value per share from NLG 0.03 to EUR 0.04 an increase in share capital will occur, which will be charged to the paid-in capital account of the Company. If the shareholders approve the two-for-one stock split (Item 10 on the agenda), the par value per share will be converted to EUR 0.02 pursuant to the second amendment to the articles of association and the number of outstanding shares will be doubled.

Table of Contents

Subject	Proposed Change	Reason for Change
Article 11 Transfer of Shares and Limited Rights to Shares	Amend and restate this article in its entirety to clarify the manner in which transfers of share certificates are conducted.	This article has been revised to reflect that shares may be held in certificated or non-certificated form.
Article 16, Paragraph 4 Approval of Supervisory Director Compensation	Amend this provision to stipulate that shareholder approval of future changes in the compensation of supervisory directors is required.	Pursuant to Article 2:145 of the Dutch Civil Code, supervisory director compensation must be approved by the shareholders.
Article 16, Paragraph 15	Amend this provision to remove the designated age limit of 72 years for supervisory directors.	Article 2:142 of the Dutch Civil Code has been amended so as to abolish the statutory age limit of 72 years for members of the board of Supervisory Directors of publicly listed companies or private companies with limited liability. The Board has determined that there should be no arbitrary age limit or mandatory retirement age for Board members. Rather, a review of the performance of the Board's performance will help determine each Board member's tenure. The Company believes that such limitations may result in the arbitrary loss of experience and talent.
Article 18, Paragraph 5 Notice of Meetings	Amend this provision to change the period of notice from 14 days to 15 days as is now required by Dutch law.	Article 2:115 of the Dutch Civil Code has been amended so as to change the required notice period from 14 to 15 days.

Table of Contents

Subject	Proposed Change	Reason for Change
Article 24, Paragraph 5 Confirmation of Dutch Annual Accounts	Amend paragraph 5 to clarify that the adoption of the annual accounts does not automatically release the management board and the supervisory board from liability.	Article 2:101(3) of the Dutch Civil Code previously provided that the adoption of the annual accounts automatically released the management board and the supervisory board from liability for legal acts performed by a management board or supervisory board member for matters known by the Shareholders Meeting based on information provided to that meeting. However, Article 2:101 of the Dutch Civil Code has been revised so that adoption of the annual accounts no longer automatically releases the management board and supervisory board from liability.

Furthermore, it is proposed to designate the managing director and each civil law notary, junior civil law notary and notarial assistant working at NautaDutilh N.V. to apply for, or instruct others to apply for, the declarations for the amendment of the articles of association referred to in Article 2:125 of the Netherlands Civil Code and, after the declaration has been obtained, to designate them and each lawyer, working at NautaDutilh N.V., to have the notarial deed in relation to the amendment of the articles of association executed.

The affirmative vote of two-thirds of the votes cast at the Annual Meeting is required to approve Item 8. In addition, the total votes cast in favor must represent over 50 percent of all common shares entitled to vote on this proposal. Under Dutch law and our articles of association, common shares abstaining from voting and broker non-votes will not count as votes cast at the Annual Meeting.

If this proposal is not adopted, then the articles of association will not accurately reflect current Dutch law as described above.

The Supervisory Board recommends that the shareholders vote FOR the approval of the mandatory amendments to the Amended and Restated Articles of Association of Core Laboratories N.V. and proxies executed and returned will be so voted unless contrary instructions are indicated thereon.

Item 9: Adoption of an Amendment to the Articles of Association that Amends the Provisions Relating to Indemnification of Directors.

In addition to the amendments proposed above in Item 8, the Supervisory Board has approved and is submitting for shareholder approval an amendment to articles of association, which amends the provisions of the Company's current articles of association relating to indemnification of directors. The following summary of the amendment relating to indemnification should be read in conjunction with, and is qualified in its entirety by reference to, the full text of the amendments to the articles of association included in this proxy statement as Appendix B.

Purpose.

The Board believes that it is important for the Company to continue to attract and retain qualified directors. In order to do so, the Board believes that it is appropriate to protect its directors and officers by indemnifying them in certain circumstances. The existing articles of association contain a provision that authorizes the Company to indemnify its directors, officers, employees and agents. However, the provision is very general in its terms. Accordingly, the Supervisory Board desires to clarify who is entitled to indemnification, elaborate

Table of Contents

the terms under which indemnification may be obtained and describe the circumstances under which advanced expenses must be provided. The following summary highlights the material differences between the current articles of association and the proposed amendment:

	Current Articles	Proposed Articles
Persons Entitled to Indemnification	<p>The articles provide that the Company shall, to the fullest extent permitted by Dutch law, as amended from time to time, indemnify, and advance expenses to, each of the acting and former managing directors, members of the board of supervisory directors, officers, employees and agents of the Company or any group company, whenever any such or former managing director, member of the board of supervisory directors, officer, employee or agent is made a party or threatened to be made a party in any action, suit or proceeding by reason of his service as such with the Company or any group company.</p>	<p>The amendment provides that an indemnitee who was or is made a party or threatened to be made a party to or is involved in any proceeding is entitled to indemnification in the circumstances described above, if he or she, is or was or has agreed to become a supervisory or managing director of the Company or is or was serving or has agreed to serve at the request of the Company as a supervisory or managing director of another company or of a partnership, joint venture, trust or other enterprise, including service with respect to employee benefit plans, whether the basis of such proceeding is alleged action in an official capacity as a supervisory or managing director of the Company or in any other capacity while serving or having agreed to serve as a supervisory or managing director. This would allow an indemnitee who incurs costs by appearing as a witness, for example, to be indemnified, if such person is acting in one of the capacities stated above.</p>

Table of Contents

	Current Articles	Proposed Articles
Standard of Conduct	The current articles do not contain any such provisions.	The amendment provides that a supervisory or managing director will not be entitled to indemnification if the damage was caused by seriously culpable conduct, which is intended to be functionally equivalent to the standards of gross negligence or willful misconduct as applied under New York state law, subject to the applicable provisions of Dutch law.
Advancement of Expenses	The current articles do not contain any such provisions.	The amendment provides that the right to indemnification includes the right to be paid by the company expenses in advance of the final disposition of the proceeding.
Proceedings to Enforce Rights to Indemnification	The current articles do not contain any such provisions.	The amendment requires the Company to pay claims for indemnification within 90 days of receipt of the claim by the Company. If the Company fails to do so, the indemnitee is authorized to bring suit against the Company to recover the unpaid amount of such claim. If the indemnitee is successful in such an action, or in a suit brought by the Company to recover an advancement of expenses, the indemnitee will be entitled to be indemnified for the expenses of bringing or defending the suit.

**Item 10. Approval of a Two-for-One Stock Split Authorized by the Supervisory Board
Background Information**

On April 18, 2006, the Supervisory Board adopted a resolution declaring it advisable to issue two-for-one stock split, subject to the approval by the shareholders of the Company. However, the implementation of the stock split is contingent upon approval of Item 8. Specifically, if the amendment to convert the Company's par value from guilders (NLG 0.03) to euros (EUR 0.04) is not approved by our shareholders, then under Dutch law the Company will not be able to effect a 2-for-1 stock split. If Item 8 and this Item 10 are approved, then the stock split would be accomplished by restating Article 4, paragraph 1 of the Company's articles of association to read as follows:

1. The authorised share capital of the company amounts to four million one hundred twenty thousand euros (EUR 4,120,000.), divided into two hundred million (200,000,000) ordinary shares and six million (6,000,000) preference shares, each with a nominal value of two eurocents (EUR 0.02).

In the event that shareholder approval of this proposal is obtained, the two-for-one stock split will become effective upon the execution of the notarial deed of amendment to the articles of association in the Netherlands. Thereafter, each shareholder of record at the close of business on the record date for the stock split, June 30, 2006, will be entitled to receive one additional common share for every common share so held. The Company expects that certificates representing the additional shares will be mailed to shareholders on or about July 7, 2006, a few days after June 30, 2006 the effective date of the stock split.

Reasons for the Amendment

Generally, stock splits are intended to shift the market price range of shares of stock to a level that will facilitate increased trading activity and will broaden the marketability of such stock. The Supervisory Board monitors the trading price of the Company's common shares and believes that it is important to maintain a relatively affordable trading price to promote the common shares as an attractive investment opportunity. Consequently, the Supervisory Board has approved a two-for-one stock split, subject to shareholder approval. In addition to doubling the number of shares owned by each shareholder, the stock split is generally expected to have the effect of reducing the trading price of the common shares by approximately one-half. This reduction, the Supervisory Board believes, will place the trading price in a range that is more attractive to investors, particularly individual investors.

This planned stock split would be effected by reducing the par value of each share from EUR 0.04 to EUR 0.02 (subject to our shareholders approving Item 8) and by converting each of the authorized common shares into two common shares, so that the resulting post-split number of shares in each account is twice the pre-split number of shares. The number of common shares issued as of the record date for the Annual Meeting of Shareholders was 25,677,175, and the Company held 1,629,030 shares as treasury shares. There were also 146,195 shares subject to issuance for outstanding awards or available for future grants under the benefit plans for employees and directors.

Possible Effects of the Proposed Stock Split

Table of Contents

Under the proposed stock split, each of the newly authorized common shares will have the same rights and privileges as currently authorized common shares. Approval of the proposed stock split will not affect the rights of the holders of currently outstanding common shares. The Company intends to list the additional common shares resulting from the stock split on the New York Stock Exchange.

Additionally, the stock split will affect all earnings per share amounts reflected on the Consolidated Statements of Operations, since earnings per share will be stated for the periods presented to reflect the increase in the number of common shares outstanding. Although earnings per share is expected to decrease on a per share basis due to the stock split, the stock split itself has no effect on the Company's earnings. The stock split will not otherwise affect the Company's Consolidated Statements of Operations or the Consolidated Statements of Cash Flows, except to the extent of additional costs to effectuate the amendment and the stock split, which are not expected to be material to the Company.

The Company's shareholders do not have preemptive rights, which means they do not have the right to purchase shares in connection with any new issuance of common shares in order to maintain their proportionate interests in the Company. In addition, this issuance of additional common shares will have a dilutive effect on the earnings per share.

Implementation of the Stock Split

If the proposed stock split is approved, it will become effective upon the execution of the notarial deed of amendment to the articles of association in the Netherlands. As discussed under "Background Information" above, each shareholder of record at the close of business on the record date for the stock split will then be entitled to receive one additional common share for every common share held. The effective date of the stock split may be deferred until a later date for reasons of administrative convenience. The Company expects to declare the stock split effective on or about July 1, 2006.

On or about July 7, 2006 or as soon thereafter as practicable, the Company expects to begin mailing certificates to registered shareholders representing one additional common share for each common share held on the record date for the stock split. Certificates that currently represent outstanding common shares will continue to represent the same number of common shares after the effective date of the stock split.

Accordingly, please do not destroy your existing stock certificates or return them to the Company or its transfer agent. Shareholders whose shares are held in "street name" (through a broker, bank or other nominee) will not receive certificates representing additional shares, but will be credited with additional common shares in accordance with the procedures used by their brokers or other nominees.

Furthermore, it is proposed to designate the managing director and each civil law notary, junior civil law notary and notarial assistant working at NautaDutilh N.V. to apply for, or instruct others to apply for, the declarations for the amendment of the articles of association referred to in Article 2:125 of the Netherlands Civil Code and, after the declaration has been obtained, to designate them and each lawyer, working at NautaDutilh N.V., to have the notarial deed in relation to the amendment of the articles of association executed.

The affirmative vote of two-thirds of the votes present or represented by proxy and entitled to vote at the Annual Meeting and representing more than a majority of the issued shares is required to approve the stock split to increase the outstanding shares.

The Supervisory Board recommends that the shareholders vote FOR the approval of the stock split and proxies executed and returned will be so voted unless contrary instructions are indicated thereon.

Item 11. Ratification of Appointment of PricewaterhouseCoopers As Independent Public Accountants of the Company For 2006

The Supervisory Board has appointed the firm of PricewaterhouseCoopers as our independent public accountants for the year ending December 31, 2006 subject to ratification by our shareholders. PricewaterhouseCoopers has acted as our independent public accountants since April 2002. We have invited representatives of PricewaterhouseCoopers to the annual meeting and we expect one such representative to attend. If such representative should attend we expect that he or she will be available to respond to questions.

Table of Contents

The affirmative vote of the majority of the votes cast at the annual meeting is required to ratify the appointment of PricewaterhouseCoopers as our independent public accountants for 2005. Under Dutch law and our articles of association, common shares abstaining from voting and broker non-votes will not count as votes cast at the annual meeting.

In the event the appointment is not ratified, our Supervisory Board will consider the appointment of other independent accountants. Our Supervisory Board may terminate the appointment of PricewaterhouseCoopers as our independent accountants without the approval of our shareholders whenever our Supervisory Board deems such termination necessary or appropriate.

The Supervisory Board recommends that the shareholders vote FOR the ratification of PricewaterhouseCoopers appointment as our independent public accountants for 2006 and proxies executed and returned will be so voted unless contrary instructions are indicated thereon.

Item 12. Other Matters To Be Voted On

The Supervisory Board does not know of any other matters that are to be presented for action at the annual meeting. However, if any other matters properly come before the annual meeting or any adjournment thereof, it is intended that the enclosed proxy will be voted in accordance with the judgment of the persons voting the proxy.

CORE LABORATORIES N.V.
2006 NONEMPLOYEE DIRECTOR STOCK INCENTIVE PLAN

1. **Objectives.** The Core Laboratories N.V. 2006 Nonemployee Director Stock Incentive Plan (the Plan) is intended to provide an incentive to retain and attract persons of training, experience, and ability to serve as independent directors on the Board of Supervisory Directors of Core Laboratories N.V. (the Company), to encourage the sense of proprietorship of such persons, and to stimulate the active interest of such persons in the development and financial success of the Company. These objectives are to be accomplished by making Awards under the Plan and thereby providing Participants with a proprietary interest in the growth and performance of the Company and its Subsidiaries. The Plan as set forth herein constitutes an amendment and restatement of the Core Laboratories N.V. 1995 Nonemployee Director Stock Option Plan as previously adopted and amended by the Company (the Prior Plan), and shall supersede and replace in its entirety such previously adopted plan. This amendment and restatement of the Prior Plan shall be effective as of June 14, 2006, provided this amendment and restatement of the Prior Plan is approved by the shareholders of the Company on such date at the Company's 2006 Annual Meeting of Shareholders. If this amendment and restatement of the Prior Plan is not so approved by the shareholders, then this amendment and restatement shall be void and of no effect. Notwithstanding any provisions herein to the contrary, each stock option granted under the Prior Plan prior to the effective date of this amendment and restatement shall be subject to the terms and provisions of the Prior Plan as in effect prior to this amendment and restatement of the Prior Plan into the Plan.

3. **Eligibility.** All Nonemployee Directors are eligible for Awards under the Plan. The Board in its sole discretion shall select the Participants in the Plan from time to time by the grant of Awards under the Plan. The selection of Participants and the granting of Awards under the Plan shall be entirely discretionary and nothing in the Plan shall be deemed to give any Nonemployee Director any right to participate in the Plan or to be granted an Award.

4. **Common Shares Available for Awards.** There shall be available for Awards granted wholly or partly in Common Shares (including rights or options which may be exercised for or settled in Common Shares) during the term of the Plan an aggregate of 700,000 Common Shares (inclusive of the shares that were available under the Prior Plan), subject to adjustment as provided in Section 13. The Board and the appropriate officers of the Company shall from time to time take whatever actions are necessary to file required documents with governmental authorities and stock exchanges and transaction reporting systems to make Common Shares available for issuance pursuant to Awards. Common Shares related to Awards that are forfeited or terminated or that expire unexercised shall immediately become available for Awards hereunder. The Board may from time to time adopt and observe such procedures concerning the counting of shares against the Plan maximum as it may deem appropriate under Rule 16b-3.

5. **Administration.** The Plan shall be administered by the Board, which shall have full and exclusive power to interpret the Plan and to adopt such rules, regulations, and guidelines for carrying out the Plan as it may deem necessary or proper, all of which powers shall be exercised in the best interests of the Company and in keeping with the objectives of the Plan. The Board may, in its discretion, provide for the extension of the exercisability of an Award, accelerate the vesting or exercisability of an Award, eliminate or make less restrictive any restrictions contained in an Award, waive any restriction or other provision of the Plan or an Award, or otherwise amend or modify an Award in any manner that is either (i) not adverse to the Participant holding such Award or (ii) consented to by such Participant. The Board may correct any defect or supply any omission or reconcile any inconsistency in the Plan or in any Award in the manner and to the extent the Board deems necessary or desirable to carry it into effect. Any decision of the Board in the interpretation and administration of the Plan shall lie within its sole and absolute discretion and shall be final, conclusive, and binding on all parties concerned. No member of the Board shall be liable for anything done or omitted to be done by him or her or by any other member of the Board in connection with the performance of any duties under the Plan, except for his or her own willful misconduct or as expressly provided by statute.

6. **Awards.** The Board shall in its discretion determine the type or types of Awards to be made to each Participant under the Plan. Each Award made hereunder shall be embodied in an Award Agreement, which shall contain such terms, conditions, and limitations as shall be determined by the Board in its sole discretion and shall be signed by the Participant and by the Managing Director, the Chief Executive Officer, the President, the Secretary or any Vice President of the Company for and on behalf of the Company. An Award Agreement may include provisions for the repurchase by the Company of Common Shares acquired pursuant to the Plan and the repurchase of a Participant's option rights under the Plan. Awards may consist of those listed in this Section 6 and may be granted singly, in combination, or in tandem. Awards may also be made in combination or in tandem with, in replacement of, or as alternatives to grants or

Table of Contents

rights (i) under the Plan or any other Nonemployee Director plan of the Company or any of its Subsidiaries, including the plan of any acquired entity, or (ii) made to any Nonemployee Director by the Company or any Subsidiary. An Award may provide for the granting or issuance of additional, replacement or alternative Awards upon the occurrence of specified events, including the exercise of the original Award.

(a) **Stock Option.** An Award may consist of a right to purchase a specified number of Common Shares upon terms and conditions specified by the Board in the Award Agreement or otherwise. An Option granted under the Plan shall not be treated as an incentive stock option within the meaning of section 422(b) of the Code. The purchase price of each Common Share that is subject to an Option granted pursuant to the Plan shall be determined by the Board but, subject to adjustment as provided in Section 13, such purchase price shall not be less than the Fair Market Value of a Common Share on the date such Option is granted.

(b) **Award of Restricted Shares.** An Award of Restricted Shares may consist of Common Shares or may be denominated in units of Common Shares. All or part of any such Award may be subject to conditions established by the Board and set forth in the Award Agreement, which conditions may include, but are not limited to, (i) the attainment of one or more performance targets established by the Board, (ii) the Award recipient's continued provision of services to the Company and its Subsidiaries, whether in the capacity as a Nonemployee Director or otherwise, for a specified period of time, (iii) the occurrence of any event or the satisfaction of any other condition specified by the Board in its sole discretion, or (iv) a combination of any of the foregoing. Each Award of Restricted Shares may have different conditions and restrictions, in the discretion of the Board. Each such Award may be based on Fair Market Value or other specified valuations. The certificates evidencing Common Shares issued in connection with an Award of Restricted Shares shall contain appropriate legends and restrictions describing the terms and conditions of the restrictions applicable thereto. Dividends or dividend equivalent rights may be extended to and made part of any Award denominated in Common Shares or units of Common Shares, subject to such terms, conditions, and restrictions as the Board may establish.

(c) **Change in Control.** An Option shall become fully exercisable and restrictions on Restricted Shares shall lapse upon a Change in Control (as hereinafter defined) of the Company. Change in Control shall mean (i) a merger of the Company with another entity, a consolidation involving the Company, or the sale of all or substantially all of the assets of the Company to another entity if, in any such case, (A) the holders of equity securities of the Company immediately prior to such transaction or event do not beneficially own immediately after such transaction or event, in substantially the same proportions that they owned the equity securities of the Company immediately prior to such transaction or event, 50% or more of the common equity of the resulting entity, (B) the holders of equity securities of the Company immediately prior to such transaction or event do not beneficially own immediately after such transaction or event, in substantially the same proportions that they owned the equity securities of the Company immediately prior to such transaction or event, equity securities of the resulting entity entitled to 50% or more of the votes then eligible to be cast in the election of directors generally (or comparable governing body) of the resulting entity, or (C) the persons who were members of the Board immediately prior to such transaction or event shall not constitute at least a majority of the board of directors of the resulting entity immediately after such transaction or event, (ii) shareholder approval of a plan of dissolution or liquidation of the Company, (iii) when any person or entity, including a group as contemplated by Section 13(d)(3) of the Exchange Act, (other than a trustee or other fiduciary holding securities under an employee benefit plan of the Company or any affiliate of the Company), acquires or gains ownership or control (including, without limitation, power to vote) of more than 30% of the combined voting power of the outstanding securities of, (A) if the Company has not engaged in a merger or consolidation, the Company, or (B) if the Company has engaged in a merger or consolidation, the resulting entity, or (iv) a change in the composition of the Board, as a result of which fewer than a majority of the supervisory directors are Incumbent Directors. For purposes of the preceding sentence, (1) resulting entity in the context of a transaction or event that is a merger, consolidation or sale of all or substantially all assets shall mean the surviving entity (or acquiring entity in the case of an asset sale) unless the surviving entity (or acquiring entity in the case of an asset sale) is a subsidiary of another entity and the holders of common equity of the Company receive capital stock of such other entity in such transaction or event, in which event the resulting entity shall be such other entity, (2) subsequent to the consummation of a merger or consolidation that does not constitute a Change in Control, the term Company shall refer to the resulting entity and

the term Board shall refer to the board of directors (or comparable governing body) of the resulting entity, and (3) Incumbent Directors shall mean directors who

either (x) were directors of the Company as of February 28, 2003, or (y) are elected, or nominated for election, to the Board with the affirmative votes of at least two-thirds of the Incumbent Directors at the time of such election or nomination, but Incumbent Director shall not include an individual whose election or nomination occurs as a result of either (I) an actual or threatened election contest (as such terms are used in Rule 14a-11 of Regulation 14A promulgated under the Exchange Act) or (II) an actual or threatened solicitation of proxies or consents by or on behalf of a person other than the Board.

7. ***Substitution of Awards.*** At the discretion of the Board, a Participant may be offered an election to substitute an Award for another Award or Awards of the same or different type.

8. ***Option Exercise.*** The price at which Common Shares may be purchased under an Option shall be paid in full at the time of exercise in cash or, if permitted by the Board, by means of tendering Common Shares or surrendering all or part of that or any other Award, including Restricted Shares, valued at Fair Market Value on the date of exercise, or any combination thereof. The Board shall determine acceptable methods for tendering Common Shares or Awards to exercise an Option as it deems appropriate. If permitted by the Board, payment may be made by successive exercises by the Participant. The Board may provide for procedures to permit the exercise or purchase of Awards by (i) loans from the Company (to the extent permissible under applicable law) or (ii) use of the proceeds to be received from the sale of Common Shares issuable pursuant to an Award. Unless otherwise provided in the applicable Award Agreement, in the event Restricted Shares are tendered as consideration for the exercise of an Option, a number of the shares issued upon the exercise of the Option, equal to the number of Restricted Shares used as consideration therefor, shall be subject to the same restrictions as the Restricted Shares so submitted as well as any additional restrictions that may be imposed by the Board.

9. ***Tax Withholding.*** The Company shall have the right to deduct applicable taxes from any Award payment and withhold, at the time of delivery or vesting of cash or Common Shares under the Plan, an appropriate amount of cash or number of Common Shares or a combination thereof for payment of taxes required by law or to take such other action as may be necessary in the opinion of the Company to satisfy all obligations for withholding of such taxes. The Board may also permit withholding to be satisfied by the transfer to the Company of Common Shares theretofore owned by the holder of the Award with respect to which withholding is required. If Common Shares are used to satisfy tax withholding, such shares shall be valued based on the Fair Market Value when the tax withholding is required to be made.

10. ***Amendment, Modification, Suspension, or Termination.*** The Board may amend, modify, suspend, or terminate the Plan for the purpose of meeting or addressing any changes in legal requirements or for any other purpose permitted by law except that (i) no amendment or alteration that would impair the rights of any Participant under any Award previously granted to such Participant shall be made without such Participant's consent, (ii) no amendment or alteration shall be effective prior to approval by the Company's shareholders to the extent such approval is then required pursuant to Rule 16b-3 in order to preserve the applicability of any exemption provided by such rule to any Award then outstanding (unless the holder of such Award consents) or to the extent shareholder approval is otherwise required by applicable legal requirements, and (iii) no material amendment to the Plan shall be effective prior to approval by the Company's shareholders. For purposes of clause (iii) of the preceding sentence, a material amendment is any amendment that would require shareholder approval pursuant to the requirements of the New York Stock Exchange or any exchange on which the Company is then listed. Notwithstanding any provision herein to the contrary, unless the Plan is terminated earlier pursuant to the preceding provisions of this Section 10, no further Awards may be granted under the Plan after April 20, 2016. The Plan shall remain in effect (at least for the purpose of governing outstanding Awards) until all Options granted under the Plan have been exercised or expired and all Restricted Shares granted under the Plan have vested or been forfeited.

11. ***Termination of Service as a Director.*** Upon the termination of a Nonemployee Director's service as a Director, any unexercised, deferred, or unpaid Awards shall be treated as provided in the specific Award Agreement evidencing the Award. In the event of such a termination, the Board may, in its discretion, provide for the extension of the exercisability of any Award, accelerate the vesting or exercisability of an Award, eliminate or make less restrictive any restrictions contained in an Award, waive any restriction or other provision of the Plan or an Award, or otherwise amend or modify the Award in any manner that is either (i) not adverse to such Participant or (ii) consented to by such

Participant.

12. **Assignability.** Unless otherwise determined by the Board and provided in the Award Agreement, no Award or any other benefit under the Plan shall be assignable or otherwise transferable except (i) by will or the laws of descent and distribution, (ii) pursuant to a qualified domestic relations order as defined by the Code or Title I of the United States Employee Retirement Income Security Act, or the rules thereunder, or (iii) with the consent of the Board. The Board may prescribe and include in applicable Award Agreements other restrictions on transfer. Any attempted assignment of an Award or any other benefit under the Plan in violation of this Section 12 or the terms of an Award Agreement shall be null and void.

13. **Adjustments.**

(a) The existence of outstanding Awards shall not affect in any manner the right or power of the Company or its shareholders to make or authorize (i) any or all adjustments, recapitalizations, reorganizations or other changes in the share capital of the Company or its business, (ii) any merger or consolidation of the Company, (iii) any issue of bonds, debentures, preferred or prior preference shares (whether or not such issue is prior to, on a parity with or junior to the Common Shares), (iv) the dissolution or liquidation of the Company, (v) any sale or transfer of all or any part of its assets or business, or (vi) any other corporate act or proceeding of any kind, whether or not of a character similar to that of the acts or proceedings enumerated above.

(b) In the event of any subdivision or consolidation of outstanding Common Shares or declaration of a dividend payable in Common Shares or capital reorganization or reclassification or other transaction involving an increase or reduction in the number of outstanding Common Shares, the Board may adjust proportionally (i) the number of Common Shares reserved under the Plan and the number of Common Shares covered by outstanding Awards denominated in Common Shares or units of Common Shares, (ii) the exercise or other price in respect of such Awards, and (iii) the appropriate Fair Market Value and other price determinations for such Awards. In the event of any consolidation or merger of the Company with another corporation or entity or the adoption by the Company of a plan of exchange affecting the Common Shares or any distribution to holders of Common Shares of securities or property (other than normal cash dividends or dividends payable in Common Shares), the Board shall make such adjustments or other provisions to the Plan and outstanding Awards as it may deem equitable, including adjustments to avoid fractional shares, to give proper effect to such event. In the event of a corporate merger, consolidation, acquisition of property or stock, separation, reorganization, or liquidation, the Board shall be authorized, in its discretion, (A) to issue or assume stock options, regardless of whether in a transaction to which Section 424(a) of the Code applies, by means of substitution of new options for previously issued options or an assumption of previously issued options, (B) to make provision, prior to the transaction, for the acceleration of the vesting and exercisability of, or lapse of restrictions with respect to, Awards and the termination of Options that remain unexercised at the time of such transaction, or (C) to provide for the acceleration of the vesting and exercisability of the Options and the cancellation thereof in exchange for such payment as shall be mutually agreeable to the Participant and the Board.

14. **Restrictions.** No Common Shares or other form of payment shall be issued with respect to any Award unless the Company shall be satisfied based on the advice of its counsel that such issuance will be in compliance with applicable federal and state securities laws. It is the intent of the Company that the Plan comply with Rule 16b-3 with respect to persons subject to Section 16 of the Exchange Act unless otherwise provided herein or in an Award Agreement, that any ambiguities or inconsistencies in the construction of the Plan be interpreted to give effect to such intention and that, if any provision of the Plan is found not to be in compliance with Rule 16b-3, such provision shall be null and void to the extent required to permit the Plan to comply with Rule 16b-3. Certificates evidencing Common Shares delivered under the Plan may be subject to such stop transfer orders and other restrictions as the Board may deem advisable under the rules, regulations, and other requirements of the Securities and Exchange Commission, any securities exchange or transaction reporting system upon which the Common Shares are then listed, and any applicable foreign and United States federal and state securities law. The Board may cause a legend or legends to be placed upon any such certificates to make appropriate reference to such restrictions.

15. **Unfunded Plan.** Insofar as it provides for Awards of Common Shares or rights thereto, the Plan shall be unfunded. Although bookkeeping accounts may be established with respect to Participants who are entitled to Common Shares or rights thereto under the Plan, any such accounts shall be used merely as a bookkeeping convenience. The Company shall not be required to segregate any assets that may at any time be represented by

Table of Contents

rights thereto, nor shall the Plan be construed as providing for such segregation, nor shall the Company or the Board be deemed to be a trustee of any Common Shares or rights thereto to be granted under the Plan. Any liability or obligation of the Company to any Participant with respect to a grant of Common Shares or rights thereto under the Plan shall be based solely upon any contractual obligations that may be created by the Plan and any Award Agreement with such Participant, and no such liability or obligation of the Company shall be deemed to be secured by any pledge or other encumbrance on any property of the Company. Neither the Company nor the Board shall be required to give any security or bond for the performance of any obligation that may be created by the Plan.

16. ***Rights as Shareholder.*** Unless otherwise provided under the terms of an Award Agreement, a Participant shall have no rights as a holder of Common Shares with respect to Awards granted hereunder, unless and until certificates for Common Shares are issued to such Participant.

17. ***Governing Law.*** The Plan and all determinations made and actions taken pursuant hereto, to the extent not otherwise governed by mandatory provisions of the Code or the securities laws of the United States, shall be governed by and construed in accordance with the laws of the State of Texas.

18. ***Effective Date of Plan.*** The Plan originally became effective on September 1, 1995. It was subsequently amended and restated effective as of May 29, 1997. This amendment and restatement of the Plan shall be effective as provided in Section 1.

19. ***Miscellaneous.*** The granting of any Award shall not impose upon the Company, the Board, or any other Directors any obligation to nominate any Participant for election as a Director and the right of the shareholders of the Company to remove any person as a Director of the Company shall not be diminished or affected by reason of the fact that an Award has been granted to such person.

INDEMNIFICATION

Article 17.

1. Each person who was or is made a party or is threatened to be made a party to or is involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative (hereinafter a proceeding), by reason of the fact that he or she, is or was or has agreed to become a supervisory or managing director of the company or is or was serving or has agreed to serve at the request of the company as a supervisory or managing director of another company or of a partnership, joint venture, trust or other enterprise, including service with respect to employee benefit plans, whether the basis of such proceeding is alleged action in an official capacity as a supervisory or managing director of the company or in any other capacity while serving or having agreed to serve as a supervisory or managing director, shall be indemnified by the company against all expense, liability and loss (including without limitation, attorneys fees, judgments, fines, excise taxes or penalties and amounts paid or to be paid in settlement) reasonably and actually incurred or suffered by such person in connection therewith.
2. Such indemnification shall continue as to a person who has ceased to serve in the capacity which initially entitled such person to indemnity hereunder and shall inure to the benefit of his or her heirs, executors of his or her last will and testament, and the administrators of his estate.
3. If the damage was caused by seriously culpable conduct (which the parties intend to be functionally the same as gross negligence or wilful misconduct standards used in New York state law which, while not superseding the Dutch law governing the relationship between Dutch companies and the directors thereof, reflects the parties intent as to the principles which, in the absence of clear Dutch law to the contrary, should be used for purposes of this indemnity) on the part of the relevant supervisory director or managing director, no right to indemnification shall exist.
4. The right to indemnification shall include the right to be paid by the company the expenses incurred in defending any such proceeding in advance of its final disposition. The payment of such expenses incurred by a current, former or proposed supervisory or managing director in his or her capacity as a supervisory or managing director or proposed supervisory or managing director in advance of the final disposition of a proceeding, shall be made only upon delivery to the company of a written undertaking, by or on behalf of such person seeking indemnification, to repay all amounts so advanced if it shall ultimately be determined that such person seeking indemnification is not entitled to be indemnified under this Article 17 or otherwise.
5. The managing or supervisory director shall not accept any liability towards third parties and not enter into a settlement agreement without the prior written consent of the company. The company and the managing or supervisory director shall use all reasonable efforts, but at the company s sole expense, to cooperate in order to agree on the defense against any action against the managing or supervisory director unless such defense is not, in the opinion of counsel to the person seeking indemnification, likely to be successful.
6. If a written claim received by the company from or on behalf of an indemnified party under this Article 17 is not paid in full by the company within ninety days after such receipt, the claimant may at any time thereafter bring suit against the company to recover the unpaid amount of the claim and, if successful in whole or in part, the claimant shall be entitled to be paid also the expense of prosecuting such claim.
7. The right to indemnification and the advancement and payment of expenses conferred in this Article 17 shall not be exclusive of any other right which any person may have or hereafter acquire under any law (common or statutory), provision of the Articles of Association of the company, bylaw, agreement, vote of stockholders or disinterested supervisory or managing directors or otherwise.
8. The company may maintain insurance, at its expense, to protect itself and any person who is or was serving as a supervisory or managing director of the company or is or was serving at the request of the company as a supervisory or managing director of another company, partnership, joint venture, trust or other enterprise, including service with respect to employee benefit plans against any expense, liability or loss, whether or not the

Table of Contents

company would have the power to indemnify such person against such expense, liability or loss under Dutch law.

9. If this Article 17 or any portion hereof shall be invalidated on any ground by any court of competent jurisdiction, then the company shall nevertheless indemnify each supervisory or managing director of the company and any person who is or was serving at the request of the company as a supervisory or managing director of another company, partnership, joint venture, trust or other enterprise, including service with respect to employee benefit plans, as to costs, charges and expenses (including without limitation, attorneys' fees, judgments, penalties or fines, and amounts paid or to be paid in settlement) with respect to any action, suit or proceeding, whether civil, criminal, administrative or investigative to the full extent permitted by any applicable portion of this Article 17 that shall not have been invalidated and to the fullest extent permitted by applicable law.
10. For purposes of this Article 17, reference to the company shall include, in addition to the company, any constituent company (including any constituent of a constituent) absorbed in a consolidation or merger prior to (or, in the case of an entity specifically designated in a resolution of the board of supervisory directors, after) the adoption hereof and which, if its separate existence had continued, would have had the power and authority to indemnify its supervisory or managing directors of such constituent company and so that any person who is or was a supervisory or managing director of such constituent company, or is or was serving at the request of such constituent company as a supervisory or managing director of another company, partnership, joint venture, trust or other enterprise, including service with respect to employee benefit plans, shall stand in the same position under the provisions of this Article 17 with respect to the resulting or surviving company as he or she would have with respect to such constituent company if its separate existence had continued.
11. An amendment to this article shall not impair the rights of a person who was a supervisory director or managing director after the introduction of this article but before the amendment. The obligations of the company towards such persons shall remain in effect as if the article had not been amended.

VI. Article 18 paragraph 5 will be:

5. Notice of the meetings must be given to the persons entitled to attend meetings, without prejudice to the provisions of paragraph 3 of this article, by or on behalf of the board of management or the board of supervisory directors. The notice convening a general meeting shall be published by advertisement which shall at least be published in a nationally distributed daily newspaper in The Netherlands. In addition, the shareholders shall be

notified by means of letters delivered through the mails; the period of notice shall be at least fifteen days, not including the day of the notice and the day of the meeting.

VII. Article 24 paragraph 5 will be:

5. The general meeting shall adopt the annual accounts. Adoption of the annual accounts shall not serve to discharge a managing director or a supervisory director.

4. If any other person, who is not at the same time a person to whom these Articles of Association allow the shares to be freely transferred, acquires the rights of a pledgee who is entitled to vote, he shall only be entitled to the right to vote if the transfer of the voting right has been approved by the board of supervisory directors.

As promptly as practicable but at least within thirty days after a request for that approval has been received, a meeting of the board of supervisory directors shall be called, to which the request for that approval shall be submitted. In case no binding nomination has been made within the abovementioned period, the general meeting shall be free in its choice. The general meeting shall also be free in its choice if it deprives any nomination of its binding character in a resolution passed by at least two thirds of the valid votes cast at a meeting where more than half of the issued share capital is present or represented. This new vote shall nullify the legal consequences of the original vote.
