Proxy Statement

The proxy you received is solicited by the Board of Directors of Marshall & Ilsley Corporation (the "Company" or "M&I") for use at the Annual Meeting of Shareholders to be held on Tuesday, April 23, 2002 (the "Annual Meeting"). At the Annual Meeting, the shareholders of the Company will elect six Class III Directors, each of whom will hold office until April 2005 and, with respect to each Director, until his or her successor is elected and qualified. The Company's shareholders will also be asked to approve the Company's Annual Executive Incentive Compensation Plan.

The expense of printing and mailing proxy materials, including expenses involved in forwarding materials to beneficial owners of common stock held in the name of another person, will be borne by the Company. No solicitation other than by mail is contemplated, except that officers or employees of the Company or its subsidiaries may solicit the return of proxies from certain shareholders by telephone. In addition, the Company has retained Morrow & Co., Inc. to assist in the solicitation of proxies for a fee of approximately \$6,500. The Proxy Statement and the Proxy are being sent to the Company's shareholders commencing on or about March 11, 2002. Shareholders who have consented to electronic delivery of the Proxy Statement and the Company's Annual Report on Form 10-K will receive those documents via posting on M&I's web site: www.micorp.com/ereports.html.

Each shareholder of record at the close of business on February 28, 2002 will be entitled to one vote for each share of common stock registered in such shareholder's name. The Company has two classes of capital stock outstanding: its \$1.00 par value common stock (the "Common Stock") and its non-voting Series A convertible preferred stock (the "Preferred Stock"). As of February 28, 2002, the Company had outstanding 103,913,315 shares of Common Stock and 336,370 shares of Preferred Stock. The presence, in person or by proxy, of the holders of a majority of the shares of the Common Stock outstanding on the record date is required for a quorum with respect to the matters on which action is to be taken at the Annual Meeting.

Any shareholder executing and delivering his or her proxy may revoke the same at any time prior to the voting thereof by advising the Secretary of the Company in writing (including executing a later-dated proxy or voting via the Internet) or by telephone of such revocation.

The Company has instituted the Dividend Reinvestment and Cash Investment Plan (the "Reinvestment Plan") administered by Continental Stock Transfer and Trust Company, as Trustee. Under the provisions of the Reinvestment Plan, shares of Common Stock are acquired and held in nominee name by Continental

Edgar Filing: MARSHALL & ILSLEY CORP/WI/ - Form DEF 14A

Stock Transfer and Trust Company for participating shareholders. Shares so held have been separately designated on the proxy card pertaining to each participant and will be voted at the Annual Meeting in the same manner in which the participant votes those shares registered in his or her own name either by proxy or in person.

The Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2001 is being provided to shareholders with this Proxy Statement.

Unless otherwise directed, all proxies will be voted FOR the election of each of the individuals nominated to serve as a Class III Director and FOR approval of the Annual Executive Incentive Compensation Plan. Abstentions and broker non-votes (i.e., proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owners to vote shares as to a matter with respect to which the brokers or nominees do not have discretionary power to vote) will be treated as present for purposes of determining a quorum. Directors are elected by a plurality of the votes cast by holders of the Company's Common Stock entitled to vote at a meeting at which a quorum is present. In other words, the six nominees who receive the largest number of votes will be elected as directors. Any shares not voted, whether by withheld authority, broker non-vote or otherwise, will have no effect in the election of directors except to the extent that the failure to vote for an individual results in another individual receiving a larger number of votes. Any votes attempted to be cast "against" a candidate are not given legal effect and are not counted as votes cast in an election of directors. Approval of the Annual Executive Incentive Compensation Plan requires that the votes cast to approve the plan exceed the votes cast opposing the approval of the plan. Abstentions and broker non-votes will not be counted as votes cast and therefore will not affect the determination of whether the plan is approved.

Customers of the bank subsidiaries of the Company include nominees, directors and officers of the Company and their associates. Since January 1, 2001, such persons and firms have been indebted to the Company's bank subsidiaries for loans made in the ordinary course of business. All such loans were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with others and did not involve more than the normal risk of collectibility or present other unfavorable features. Loans to directors and executive officers, including their related interests, by the Company and its significant subsidiaries represented approximately 3.8% of shareholders equity at December 31, 2001. In addition to loans, bank subsidiaries of the Company provide other banking services in the ordinary course of business to directors and executive officers and their related interests.

7

From time to time, directors and officers of the Company and their associates may sell shares of their Common Stock to the Company pursuant to the Company's stock repurchase program. The purchase price for any such sales is the prevailing market price at the time of such sale.

- (1) As of December 31, 2001, the following executives had unreleased Key Restricted Stock: Mr. Bolger--3,000 shares value at \$186,840 and Mr. Furlong--10,000 shares valued at \$622,800. The values were arrived at using a year end 2001 closing market price of \$63.28 per share less consideration which is paid by the executive upon issuance of award. Dividends are paid on restricted stock.
- (2) LTIP payouts in any given year are based on the number of LTIP units awarded with respect to the prior three-year period and the Company's performance during such period. Accordingly, the amount of LTIP payouts may vary from year to year and in some years, like 1996, there may be no payouts under the LTIP. For 2001 the named executive officers received payouts for awards made with respect to the three-year period from January 1999 through December 2001. The performance criteria for this three-year cycle were based upon both the Company's total shareholder return in relation to companies in the Keefe, Bruyette & Woods 50 Bank Index (the "KBW 50 Index") and the Company's cumulative three-year earnings per share relative to predetermined goals. During this period, both the Company's total shareholder return and earnings per share performance exceeded the target levels, which resulted in payouts above the total targeted level of the plan.

- (3) Includes the following amounts paid by M&I under the Retirement Program for 2001: Mr. Wigdale--\$18,700; Mr. Kuester--\$14,960; Mr. Bolger--\$18,700; and Mr. Delgadillo--\$18,700. Includes the following amounts paid by M&I under a

- (4) Does not include amounts accrued by M&I under the Non-Qualified Retirement Benefit Plan. The estimated benefits payable to the named executive officers under the Non-Qualified Retirement Benefit Plan are disclosed under "Retirement Plans." In 1999 an accrual for this plan was disclosed in this column of the following amounts: Mr. Wigdale--\$393,173 and Mr. Kuester--\$180,334.
- (5) Mr. Wigdale served as Chief Executive Officer through December 31, 2001. Amounts shown were paid to Mr. Wigdale as compensation for his services as Chairman of the Board and Chief Executive Officer.
- (6) Mr. Furlong joined the Company in April 2001. Upon hire, Mr. Furlong received an award of 60,000 options to purchase the Company's Common Stock and an award of 10,000 shares of Key Restricted Stock, which awards are reflected in the table.

The following table provides information on options granted to the named executive officers during 2001.

- (1) Includes options transferable to the employees' immediate family or trusts or partnerships for the benefit thereof. Options generally become exercisable based on the following schedule: one-third on the first anniversary of the date of grant, an additional one-third on the second anniversary of the date of grant and the remaining one-third on the third anniversary of the date of grant. All options will become immediately exercisable upon a "Triggering Event" (which relates to a change of control of the Company). Employees who have attained age 55 and have at least ten years of service with the Company or a subsidiary receive options which are fully vested on the date of grant.
- (2) All options have an exercise price equal to 100% of the fair market value of the Company's Common Stock on the date of grant. The exercise price may

be paid in cash or by delivery of shares of the Company's Common Stock. Upon exercise of an option, the holder may satisfy any tax obligations either by having the Company withhold shares or by delivering shares such holder already owns.

- (3) With respect to the December 20, 2001 grant, the grant date present values were determined using the Black-Scholes model with the following common assumptions: a six-year expected period of time to exercise; a risk-free rate of return of 4.75%; an expected dividend yield of 1.82%; and a volatility factor of

31.09%. With respect to the April 16, 2001 grant, the grant date present values were determined using the Black-Scholes model with the following assumptions: a six-year expected period of time to exercise; a risk-free rate of return of 5.10%; an expected dividend yield of 2.26%; and a volatility factor of 31.22%.

 (1) Units awarded represent share equivalents of the Company's Common Stock. The performance period is the three years commencing on January 1, 2002 and ending on December 31, 2004 for awards granted in December 2001. Additional Units will be credited to each participant's account when dividends are paid on shares of the Company's Common Stock. Vesting of Units occurs at the end of the three-year period with the exception of the death or disability of the participant, termination of a participant's employment due to retirement or the occurrence of a "Triggering Event" (which relates to a change in control of the Company). A payout multiple is applied to the Units awarded to a participant based on the Company's performance in relation to two equally weighted performance criteria, which represent (i) the total return of the Company's Common Stock for the three-year period when compared with the total return for those stocks composing the KBW 50 Index and (ii) the Company's cumulative earnings per share for the three-year period. The Company's performance in relation to the performance criteria is calculated independently, thereby

10

allowing a participant to receive a payout under one of the criterion but not under the other. The minimum payout multiple is zero for each criterion and the maximum is 137.50%, resulting in a combined maximum of 275%. The resulting payout multiple is applied to the Units awarded plus those credited in lieu of dividends. Before awards are paid, the Compensation and Human Resources Committee must certify the extent to which the performance criteria have been met.

- (2) Cash-based awards are made under Metavante Corporation's LTIP. The performance period is the three years commencing on January 1, 2002 and ending on December 31, 2004 for awards granted in December 2001. The performance criterion is based on attaining cumulative three-year net income targets. A payout multiple is applied to the cash award made to a participant based on Metavante Corporation's cumulative net income for the three-year period. The minimum payout multiple is zero and the maximum is 200%. In the event of a change of control of Metavante Corporation or M&I, each participant will be entitled to a payment equal to 125% of established target notwithstanding continued employment by the acquiring company. In the event of a participant's death, disability or retirement in accordance with the plan's specifications, the participant or his estate will continue as a plan participant for the remainder of the outstanding award period.
- (3) Mr. Furlong joined the Company in April 2001. In addition to the 3,000 Units reflected in the table, upon hire Mr. Furlong received an award for 3,000 Units under the Company's LTIP for the performance period beginning in 2001.

RETIREMENT PLANS

The Marshall & Ilsley Corporation Nonqualified Retirement Benefit Plan (the "Nonqualified Plan") provides two current executive officers of M&I with a supplemental retirement benefit. The purpose of the Nonqualified Plan is to provide an annual retirement benefit such that the sum of the benefits from the

Edgar Filing: MARSHALL & ILSLEY CORP/WI/ - Form DEF 14A

Retirement Growth Plan, the Corporation's Amended and Restated Supplementary Retirement Benefits Plan (the "SERP"), the SERP Account of the Corporation's Amended and Restated Deferred Compensation Plan, Social Security and this plan equals 60% of the participant's average salary and annual short-term incentive for his last five years of employment. The total benefit under this plan is adjusted in the event of death or early retirement before age 62, and can be paid for life with a 120-month certain pay-out or on a joint and survivor basis at the option of the participant. The pay-out option elected may also affect the amount of the annual benefit. For Mr. Wigdale, the monthly retirement benefit under this plan is \$41,313. For Mr. Kuester, the estimated monthly retirement benefit beginning at age 65 is \$31,482 (assuming he retires on or after attaining age 62), determined based on the five year average compensation earned through December 31, 2001 and various actuarial and interest rate assumptions. In the event of a Change in Control (as defined in the Nonqualified Plan), each participant who is actively employed will be deemed to retire on the Change of Control date but will have no reduction in benefits under the Plan for retiring prior to age 62. A participant has the option, in certain circumstances, to elect to receive the present value of the benefits to which he is entitled under the Nonqualified Plan upon a Change of Control regardless of his age at that point. Under the terms of the plan, Mr. Wigdale is eligible to begin receiving benefits in January of 2002. However, in connection with his continued full-time active employment, Mr. Wigdale has elected to forego the payments otherwise due to him for 2002.

The Marshall & Ilsley Corporation Executive Deferred Compensation Plan (the "Deferred Compensation Plan") provides selected key employees of M&I, including the named executive officers, with the ability to defer up to 80% of base salary and 100% of bonus. Those employees electing to participate have two investment options for amounts deferred: a fixed rate option equal to the Moody's A Long-Term Corporate Bond Rate for the month of September of the previous year and an equity option equal to the total return of the S&P 500 Index. The percentage allocated to any investment option may not be less than 10% and elections may be changed semi-annually. Amounts deferred are distributable upon termination of employment at the election of the participant. Choices range from a lump sum distribution upon termination of employment to a pay-out over 15 years if a participant's employment terminates on or after age 55, other than because of death or disability, with at least 10 years of service. Amounts deferred and investment returns thereon are held in the Marshall & Ilsley Corporation Deferred Compensation Trust II of which Marshall & Ilsley Trust Company N.A. is the trustee (the "Trust").

11

M&I's Supplementary Retirement Benefits Plan (the "SERP") is a nonqualified benefit plan which covers employees whose compensation exceeds the statutory limits on compensation which can be taken into account for purposes of crediting contributions to M&I's Retirement Growth Plan, including all of the executive officers named in the Summary Compensation Table. The SERP was suspended in August 1999 and M&I will make no further contributions to the SERP. Existing account balances under M&I's Retirement Growth Plan in the SERP will continue to vest as long as the participant remains employed by M&I and will be credited with the applicable investment return until pay-out pursuant to the terms of the SERP. The Deferred Compensation Plan was amended such that persons eligible to participate therein will receive an allocation equal to the amount that would have formerly been allocated under the SERP. This amount, which would have been allocated to such participant's account under M&I's Retirement Growth Plan absent the statutory limitations, is credited to an account which vests after an employee has five years of vesting service as defined in M&I's Retirement Growth Plan. Participants have the same investment and pay-out elections as other accounts in the Deferred Compensation Plan,

Edgar Filing: MARSHALL & ILSLEY CORP/WI/ - Form DEF 14A

described above, and amounts credited under the SERP are held in the Trust.

In lieu of certain benefits under the Deferred Compensation Plan and/or the SERP, Messrs. Wigdale, Kuester and Delgadillo and two other senior executives will receive life insurance benefits. Under this arrangement, M&I will pay premiums on the life insurance policies purchased for the benefit of the participants and will retain a collateral interest in those policies equal to the amount of the premiums paid by M&I under a split-dollar arrangement. The present value cost of any life insurance purchased under these split-dollar life insurance arrangements will have an economic cost to the Company, after the return of premiums, equal to the present value of the reduction in projected benefits payable under the plans.

CHANGE OF CONTROL AGREEMENTS AND RELATED MATTERS

In order to assure management continuity and stability, as of February 1, 2002, M&I had substantially similar Change of Control Agreements (the "Change of Control Agreements") outstanding with all of the named executive officers, nine additional executive officers and 16 other officers and employees of the Company and its subsidiaries (collectively, the "Executives"). The Change of Control Agreements with the named executive officers each have a term of three years. The Change of Control Agreements with the other Executives each have a term of two years.

The Change of Control Agreements guarantee the Executives specific payments and benefits upon a termination of employment as a result of a change of control of M&I. If a change of control occurs, the contract becomes effective and continues for the relevant term. The employment term renews on a daily basis until M&I gives notice to terminate the daily renewal.

The Change of Control Agreements provide for specified benefits after a change of control if the Executive voluntarily terminates for "good reason" or is involuntarily terminated other than for "cause" (as defined in the Change of Control Agreements). In addition, in the case of some Change of Control Agreements, at the end of six months after a change of control, the Executive may terminate employment for any reason and is entitled to receive full benefits. Upon a termination, the Executive is entitled to (a) a lump sum payment equal to two or three times (depending on whether the contract is a two- or three-year contract) the sum of the Executive's current base salary plus the higher of the Executive's bonus for the last year or the Executive's average bonus for the past three years, (b) a proportionate amount of any unpaid bonus deemed earned for the year of termination, (c) a lump sum payment equal to the retirement benefits lost as a result of not having been employed for the remaining contract term, (d) health and other benefits for the remaining contract term, and (e) payments for certain other fringe benefits. In the event of a termination of employment as a result of his death, the Executive's beneficiary is entitled to six months of base salary. No additional benefits are guaranteed under the contract upon an Executive's disability or termination by M&I for cause.

The Change of Control Agreements provide that upon a change of control most restrictions limiting the exercise, transferability or other incidents of ownership of any outstanding award, restricted stock, options, stock appreciation rights, or other property rights of M&I granted to the Executive shall lapse, and such awards shall become fully vested, except in certain circumstances. The Change of Control Agreements also provide for "gross-up" payments in the event payments to an Executive under the Change of Control Agreement are subject to Section 4999 of the Internal Revenue Code of 1986, as

Edgar Filing: MARSHALL & ILSLEY CORP/WI/ - Form DEF 14A

amended (the "Code"), (the "Excise Tax") or any similar federal, state or local tax which may be imposed, in an amount such that the net amount retained by the Executive, after deduction of any Excise Tax on the payments and any federal, state and local income tax and Excise Tax on the gross-up payment, shall be equal to the payments then due.

NON-EMPLOYEE DIRECTOR COMPENSATION

Directors of M&I who are not employees are paid a retainer fee of \$12,000 per year. In addition, non-employee directors receive a fee of \$1,500 for each Board meeting which they attend and \$500 for each Committee meeting which they attend. M&I has established a deferred compensation plan for its Directors. Under such plan, all or part of the fees received by a Director may be deferred at the election of the Director. Amounts deferred may be allocated to one of two accounts as selected by the participating Director: (i) the Common Stock account or (ii) a cash account, earning interest at a rate equal to that earned on U.S. Treasury Bills with maturities of 13 weeks. Deferred amounts are payable in a lump sum or in not less than two nor more than 10 annual installments, as elected by the participating Director, or, if no such election is made, in five annual installments. Messrs. Boldt, Bueche, Chait, Bruce E. Jacobs, Johnson, Kellner, Meyer, Schaefer, Urdan, Wardeberg and Gus A. Zuehlke (Mr. Zuehlke retired from the Board in February 2001) elected to defer compensation under the plan during 2001. Directors of M&I who are also Directors of subsidiaries of M&I receive compensation from such subsidiaries in varying amounts based on the Director compensation schedule of such subsidiaries. Directors of subsidiaries of M&I may also elect to defer compensation under the plan.

Directors of M&I who are not employees of M&I or its subsidiaries ("Participants") also participate in the 1995 Directors Stock Option Plan. On the date of each Annual Meeting of Shareholders, each Participant elected or re-elected as a director at such Annual Meeting receives an option for that number of shares of Common Stock equal to the multiple of 2,500 and the number of years in the term to which such Participant has been elected. In addition, a Participant who is appointed to fill a vacancy on the Board of Directors, or a director who becomes a Participant because such director ceases to be employed by the Company or its subsidiaries, will receive, on the date of the next Annual Meeting, an option for that number of shares of Common Stock equal to a multiple of 2,500 and the number of years remaining in such Participant's term as a director of the Company. Under the terms of this plan, the option price per share will not be less than 100% of the fair market value of the shares on the date the option is granted, the options will not be exercisable more than 10 years after the date of grant, and the options will terminate no later than three years after the Participant ceases to be a director of the Company for any reason. Such options may be exercised at any time after they are granted. The exercise price of an option may, at the Participant's election, be paid in cash or previously owned shares of Common Stock or a combination thereof.

In connection with the merger with Valley Bancorporation on May 31, 1994, M&I agreed to provide Mr. Zuehlke with a \$100,000 annual consulting fee for the remainder of his life. Mr. Zuehlke also receives a car, office space and membership in a professional organization.

In connection with the merger with National City Bancorporation on August 1, 2001, M&I entered into a consulting and noncompetition agreement with Mr. Andreas. M&I agreed to pay Mr. Andreas a monthly consulting fee of \$25,000 and provide health and dental benefits to Mr. Andreas and his family for a term of one year beginning on January 1, 2002. Mr. Andreas agreed to provide consulting services to the Company and abide by certain confidentiality, nonsolicitation and noncompetition provisions for the term of the agreement.

COMPENSATION AND HUMAN RESOURCES COMMITTEE REPORT

General Policy

The Compensation and Human Resources Committee (the "Committee") determines the compensation policy for executive officers, makes awards and sets performance criteria under the Company's incentive plans, and determines the salary levels for executive officers. The Company's compensation program is designed to offer a competitive total compensation value that will attract and retain high quality talent and ensure alignment of a significant portion of the executive's total compensation to the annual and long-term performance of the Company as well as the creation of stockholder value. The Committee bases its compensation decisions primarily on its overall assessment of the executive's contribution to the profitability of the Company on both a long-term and short-term basis and the relevant market relationship of the executive officer's compensation. The Committee reviews the executive's performance in light of both the historical financial performance of the Company and the Committee's assessment of the executive's role in ensuring the future financial success of the Company. In this respect, the Committee seeks to reward leadership, innovation and entrepreneurship. The compensation package for senior executives has both objective (performance based) and subjective elements. Awards under the Annual Executive Incentive Plan are based on the achievement of specified performance criteria determined by the Committee. For certain executive officers, the financial performance of the business unit or division for which that executive has responsibility may receive a proportionately larger consideration by the Committee in determining that executive's compensation. The Committee reviews the compensation plans for executives in order to determine whether such plans are consistent with the Company's objectives and financial performance.

The Committee is aware of the limitations imposed by Section 162(m) of the Internal Revenue Code of 1986, as amended, on the deductibility of compensation paid to certain senior executives to the extent it exceeds \$1 million per executive. The Committee currently intends to recommend compensation amounts and plans which will meet the requirements for deductibility.

2001 Compensation

Overview

With regard to 2001 compensation decisions, the Committee reviewed the Company's financial performance on both a long-term and short-term basis, the overall performance of each executive officer, the market relationship of compensation paid to the Company's executive officers and other information which the Committee deemed relevant in the case of any particular individual. The Committee also compared the Company's compensation levels and financial performance to the companies in the KBW 50 Index, which is the same peer group used in the performance graph, and a more defined group of similarly sized bank holding companies. In addition, the Committee consulted with Hewitt Associates LLC, the Committee's compensation consultants, in connection with various compensation decisions. In making compensation decisions, the Committee did not set the compensation for the Company's executive officers at a specific level as compared to the executives in the peer groups. The Committee's compensation determinations generally reflect competitive factors and performance. In the case of any particular individual, circumstances unique to such individual such as increased responsibilities or extraordinary effort may also be reflected. In assessing the Company's performance, the Committee considered, among other things, the profitability of the Company as a whole on both a long-term and short-term basis (including net income, earnings per share, return on average

shareholders' equity and return on average assets). The Committee's decisions with respect to compensation generally reflect all of the factors considered, including objective factors and the Committee's subjective assessment of the executive's performance.

14

Annual Executive Incentive Plan

The Annual Executive Incentive Plan provides for annual cash incentives (bonuses) to the participants based upon one or more objective financial performance criteria selected by the Committee. The Annual Executive Incentive Plan rewards eligible senior executives with an incentive award based on a percentage of each participant's base salary if the performance goals set by the Committee are met for that year. In evaluating the participants' bonus opportunity under the Annual Executive Incentive Plan, the Committee compared each participant's base salary and bonus opportunity relative to those provided by peer companies. The performance criterion for 2001 was based upon earnings per share adjusted for certain non-recurring items of income or loss. Reported operating earnings per share for 2001 reflect an increase of 12% over year 2000. Results under the plan exceeded the target performance levels established by the Committee for 2001, and resulted in eligible senior executives receiving payouts ranging from 42% to 125% of their respective 2001 base salaries as compared to payouts ranging from 18% to 61% of base salaries in 2000. In future years, the Committee may use performance criteria different than earnings per share.

Base Salary and Long-Term Incentive Compensation

In determining the base salaries for the Company's executive officers, the Committee takes a long-term view of the executive's job performance, the Company's financial performance and the salaries paid in the marketplace to executives with similar responsibilities. The Committee also reviewed the total compensation opportunities of each senior executive officer. The Committee deemed it appropriate to increase the 2001 base salaries for certain senior executive officers. The Committee believes the base salaries, when viewed in conjunction with the annual incentive opportunities of the executive officers, are commensurate with the Committee's evaluation of the information reviewed.

The Committee made long-term incentive awards in 2001 under the Company's Executive Stock Option and long-term incentive plans. It is the intention of the Committee to continue to emphasize long-term incentives in the compensation provided to the Company's executive officers. In arriving at the 2001 long-term incentive award levels, the Committee compared the total compensation opportunities of each senior executive officer, and the values of each compensation component, in relation to those provided by peer companies for similar positions.

In determining the total number of options to be granted in 2001 to all employee recipients, including the executive officers, the Committee reviewed the annual option awards and cumulative options outstanding of the peer group companies in relation to outstanding shares. Based upon this review, the Committee determined an increase in the Company's overall option awards was appropriate. In 2001, grants to employees totaled 1,920,550 options, or approximately 1.8% of shares outstanding as of January 31, 2002. The Committee believes annual awards at this level are comparable to the award levels of the peer group companies.

Participants in the Company's LTIP, including the executive officers, received payouts for awards made with respect to the three-year period from

Edgar Filing: MARSHALL & ILSLEY CORP/WI/ - Form DEF 14A

January 1999 through December 2001. The performance criteria for this three-year cycle were based upon both the Company's total shareholder return in relation to companies in the KBW 50 Index and the Company's cumulative three-year earnings per share relative to predetermined goals. During this period, the Company's total shareholder return and the earnings per share performance exceeded the target levels under the plan.

Chief Executive Officer Compensation

In determining Mr. Wigdale's salary and long-term incentive awards, the Committee's review concentrated on the prevailing market rates of compensation for his position and the Company's current and prior year's financial performance. The Committee considered the compensation of the chief executive officers of the peer group companies, taking into account the Company's size and performance relative to the companies in the peer groups, in order to determine whether Mr. Wigdale is compensated on a basis which is reasonably consistent. Mr. Wigdale received an Annual Executive Incentive Plan Award of approximately 125% of his base salary, resulting from the Company's 2001 adjusted earnings per share performance in relation to the goals established under the plan. It is the Committee's conclusion that Mr. Wigdale's compensation is fair and appropriate.

ANNUAL EXECUTIVE INCENTIVE COMPENSATION PLAN

The complete text of the Annual Executive Incentive Compensation Plan is set forth in Appendix A. The following summary of the material features of the plan does not purport to be complete and is qualified in its entirety by reference to Appendix A.

The Board of Directors recommends a vote FOR approval of the Annual Executive Incentive Compensation Plan.

The Compensation and Human Resources Committee and the Board of Directors have approved the Annual Executive Incentive Compensation Plan for 2002 and subsequent years unless and until terminated by the committee. The plan will replace the Company's prior incentive plan which was in effect for calendar years 1997 through and including 2001. The purpose of the plan is to determine the annual incentives (bonuses) of the Company's Chairman, Chief Executive Officer and other officers who may be designated as eligible to participate in the plan. The plan rewards eligible participants with an incentive award if the performance goals set by the committee pursuant to the terms of the plan are met. The plan, as adopted, is subject to approval by the Company's shareholders and will only take effect if such approval is obtained. The plan is intended to meet the requirements of Section 162(m) of the Internal Revenue Code, and the regulations thereunder, so that compensation received will be performance-based compensation excludable from the \$1 million limitation on deductible compensation.

The plan establishes a correlation between the annual incentives awarded to the participants and the Company's financial performance. Each year, the committee will fix, during the first ninety days of a performance year, the performance criteria and goals to be achieved before any award will be payable. The performance criteria among which the committee may select are earnings per share, earnings, return on average equity or return on average assets, to be used singularly or in combination, as the committee determines, to measure the performance of the Company. The performance criteria and the percentage of base salary awarded for achieving the goals set by the committee may vary from year to year.

If and to the extent the performance criteria set by the committee are achieved, all or a portion of the award will be paid, based on a percentage of each participant's base salary earned for the performance period. For example, if the targeted performance level is achieved for 2002, the Chief Executive Officer will receive an award of 95% of base salary. If the performance achieved for 2002 is less than threshold, the Chief Executive Officer will not receive an award. If the maximum performance level is achieved, the Chief Executive Officer will receive an award equal to 162% of base salary. The percentage opportunities will be less for other participants in the plan. If the performance falls between the performance goals established by the committee, the plan provides that the award will be determined by interpolation. In succeeding performance years, the awards may be larger or smaller depending upon a variety of factors, such as the extent to which performance targets are attained, the base salary for that performance year, and the individual award percentages, but in no event will a participant receive an award in any year that exceeds \$2,000,000. The committee retains full discretion to reduce or eliminate any award which may be earned by a participant under the plan. The committee may amend or terminate the plan at any time, provided that to the extent required to meet the requirements of Section 162(m) of the Internal Revenue Code for performance-based compensation, any amendment that makes a material change to the plan must be approved by the

Edgar Filing: MARSHALL & ILSLEY CORP/WI/ - Form DEF 14A

shareholders of the Company. Any amounts to be received by participants under the plan are not yet determinable.

Appendix A

MARSHALL & ILSLEY CORPORATION ANNUAL EXECUTIVE INCENTIVE COMPENSATION PLAN

1. Purpose. The Board of Directors of Marshall & Ilsley Corporation adopted this Annual Executive Incentive Compensation Plan (the "Plan") on February 21, 2002. The Plan is intended to establish a correlation between the annual incentives awarded to the participants and the Company's financial performance. The participants will receive an incentive award if the performance goals, as fixed by the Compensation and Human Resources Committee of the Board of Directors of Marshall & Ilsley Corporation (the "Committee") pursuant to the terms of the Plan, are met. Subject to approval by the shareholders of Marshall & Ilsley Corporation, the Plan will be applicable to 2002 and subsequent years unless and until terminated by the Committee. If shareholder approval is not obtained, the Plan will not take effect. The Plan is intended to meet the requirements of Section 162(m) of the Internal Revenue Code, and the regulations thereunder, so that compensation received pursuant to the Plan will be performance-based compensation excludable from the \$1 million limitation on deductible compensation.

2. Definitions. As used in the Plan, the following terms have the meanings indicated:

(g) "Earnings" means the after-tax consolidated net income of the Company computed in accordance with generally accepted accounting principles and adjusted to eliminate the following if the impact on net income is material: (i) gain or loss attributable to the disposition of investment in subsidiaries, and (ii) extraordinary and nonrecurring items of income or loss.

Edgar Filing: MARSHALL & ILSLEY CORP/WI/ - Form DEF 14A

Committee or senior management. A person who becomes a Participant after the commencement of a Performance Year shall be eligible to receive a pro rata award pursuant to Section 4, based on the number of full months remaining in the Performance Year after he or she becomes a Participant.

4. Determination of Awards.

(a) Before April 1, 2002, and thereafter, during the first ninety days of each succeeding Performance Year, the Committee will complete and adopt an Award Table substantially in the form attached as Exhibit A. The Award Table will fix the objective components for determining whether an award will be paid and, if so, the amount of the award. Awards are based on a percentage of each Participant's Salary for the Performance Year, if and to the extent the Performance Goal is achieved. If the performance falls between the Performance Goals set forth in the Award Table, the amount of the award will be determined by interpolation. The Performance Goals and targets for a Performance Year may not be modified after the first ninety days of a calendar year have elapsed.

(b) Before any award may be paid for a Performance Year, the Committee shall certify that the Performance Goals and other requirements of the Plan have been satisfied for the Performance Year. No payments shall be made unless and until the Committee makes this certification.

(c) Even though the Performance Goals have been met, (i) no award to a Participant with respect to a Performance Year shall exceed \$2,000,000, and (ii) the Committee expressly reserves the right to reduce or eliminate entirely any award if it determines it is in the best interests of the Company to do so. Such determination shall be conclusive and binding.

5. Payment of Awards.

(a) If the Committee has made the certification required pursuant to Section 4(b), subject to Section 4(c), awards shall be payable not later than 60 days following the last day of the Performance Year for which they are computed. Notwithstanding the foregoing, a Participant may defer receipt of an award by filing a timely election pursuant to the Company's 1997 Executive Deferred Compensation Plan. All awards under the Plan are subject to federal, state and local income and payroll tax withholding when paid.

(b) A Participant shall receive no award for a year if the Participant's employment with the Company terminates prior to the last day of the Performance Year for any reason other than death, Disability, Retirement, or a Change in Control as defined in the Company's 2000 Executive Stock Option and Restricted Stock Plan, as amended from time to time. A Participant who terminates employment for one of the reasons described in the preceding sentence shall be eligible to receive a pro rata award, if an award is otherwise payable pursuant to Section 4, based on the number of full months elapsed in the Performance Year ending with the date the event occurred. A Participant shall not forfeit an award if the participant's employment terminates after the end of the applicable Performance Year, but prior to the distribution of the award for such year. Notwithstanding the foregoing, in the event of a Change in Control, any payments owing to a Participant under the Plan for the year of his termination of employment shall be reduced, but not below zero, by any amount payable to the Participant as a bonus for the year of termination of employment pursuant to the Participant's Change in Control Agreement with the Company.

Edgar Filing: MARSHALL & ILSLEY CORP/WI/ - Form DEF 14A

(c) If a Participant dies and is subsequently entitled to receive an award under the Plan, the award shall be paid to the Participant's estate.

6. Administration. The Plan shall be administered by the Committee. The Committee may adopt rules and regulations for carrying out the Plan, and the Committee may take such actions as it deems appropriate to ensure that the Plan is administered in the best interests of the Company. The Committee has the authority to construe and interpret the Plan, resolve any ambiguities, and make determinations with respect to the eligibility for or amount of any award. The interpretation, construction and administration of the Plan by the Committee shall be final and conclusive. The Committee may consult with counsel, who may be counsel to the Company, and shall not incur any liability for any action taken in good faith in reliance upon the advice of counsel.

7. Rights. Participation in the Plan and the right to receive awards under the Plan shall not give a Participant any proprietary interest in the Company or any of its assets. A Participant shall for all purposes be a general creditor of the Company. The interests of a Participant cannot be assigned, anticipated, sold, encumbered or pledged and shall not be subject to the claims of his creditors. Nothing in the Plan shall confer upon any Participant the right to continue in the employ of the Company, or shall interfere with or restrict in any way the right of the Company to discharge a Participant at any time for any reason whatsoever, with or without cause.

8. Successors. The Plan shall be binding on the Participants and their personal representatives. If the Company becomes a party to any merger, consolidation, reorganization or other corporate transaction, the Plan shall remain in full force and effect as an obligation of the Company or its successor in interest.

9. Amendment and Termination. The Committee may amend or terminate the Plan at any time as it deems appropriate; provided that to the extent required to meet the requirements of Code Section 162(m) for performance-based compensation, any amendment that makes a material change to the Plan must be approved by the shareholders of Marshall & Ilsley Corporation.

10. Interpretation. If any provision of the Plan would cause the Plan to fail to meet the Code Section 162(m) requirements for performance-based compensation, then that provision of the Plan shall be deemed modified to the extent necessary to meet the requirements of Code Section 162(m).
