PROXY STATEMENT FOR ONLINE RESOURCES CORPORATION
2006 ANNUAL MEETING OF STOCKHOLDERS

GENERAL INFORMATION ABOUT THE ANNUAL MEETING

Why Did You Send Me this Proxy Statement?

We sent you this proxy statement and the enclosed proxy card because Online Resources Corporation's Board of Directors is soliciting your proxy to vote at the 2006 annual meeting of stockholders and any adjournments of the meeting. This proxy statement summarizes the information you need to know to vote at the annual meeting.

On April 3, 2006, we began sending this proxy statement, the attached notice of annual meeting and the enclosed proxy card to all stockholders entitled to vote at the meeting. Although not part of this proxy statement, we are also sending our 2005 annual report, which includes our financial statements for the fiscal year ended December 31, 2005. You can also find a copy of our 2005 Annual Report on Form 10-K on the Internet through the SEC's electronic data system called EDGAR at www.sec.gov or through the Investor Relations section of our website at www.orcc.com.

Who Can Vote?

Only stockholders who owned Online Resources Corporation common stock at the close of business on March 23, 2006 are entitled to vote at the annual meeting. On this record date, there were 25,398,804 shares of Online Resources Corporation common stock outstanding and entitled to vote. Online Resources Corporation common stock is our only class of voting stock.

You do not need to attend the annual meeting to vote your shares. Shares represented by valid proxies, received in time for the meeting and not revoked prior to the meeting, will be voted at the meeting. A stockholder may revoke a proxy before the proxy is voted by delivering to our Secretary a signed statement of revocation or a duly executed proxy card bearing a later date. Any stockholder who has executed a proxy card but attends the meeting in person may revoke the proxy and vote at the meeting.

How Many Votes Do I Have?

Each share of Online Resources Corporation common stock that you own entitles you to one vote.

How Do I Vote?

Whether you plan to attend the annual meeting or not, we urge you to vote by proxy. Voting by proxy will not affect your right to attend the annual meeting. If your shares are registered directly in your name through our stock transfer agent, American Stock Transfer and Trust Company, or you have stock certificates, you may vote:

By mail. Complete and mail the enclosed proxy card in the enclosed postage prepaid envelope. Your proxy will be voted in accordance with your instructions. If you sign the proxy card but do not specify how you want your shares voted, they will be voted as recommended by our Board of Directors.

By Internet or by telephone. Follow the instructions attached to the proxy card to vote by Internet or telephone.

In person at the meeting. If you attend the meeting, you may deliver your completed proxy card in person or you may vote by completing a ballot, which will be available at the meeting.

If your shares are held in street name (held in the name of a bank, broker or other nominee), you must provide the bank, broker or other nominee with instructions on how to vote your shares and can do so as follows:

By Internet or by telephone. Follow the instructions you receive from your broker to vote by Internet or telephone.

By mail. You will receive instructions from your broker or other nominee explaining how to vote your shares.

In person at the meeting. Contact the broker or other nominee who holds your shares to obtain a broker's proxy card and bring it with you to the meeting. You will not be able to vote at the meeting unless you have a proxy card from your broker.

How Does the Board of Directors Recommend That I Vote on the Proposals?

The Board of Directors recommends that you vote as follows:

FOR the election of the nominees for Director; and

FOR ratification of the selection of our independent auditors for our year ending December 31, 2006.

If any other matter is presented at the annual meeting, the proxy card provides that your shares will be voted by the proxy holder listed on the proxy card in accordance with his or her best judgment. At the time this proxy statement was printed, we knew of no matters that are to be acted on at the annual meeting, other than those discussed in this proxy statement.

May I Revoke My Proxy?

If you give us your proxy, you may revoke it at any time before the meeting. You may revoke your proxy in any one of the following ways:

signing a new proxy card and submitting it as instructed above;

if your shares are held in street name, re-voting by Internet or by telephone as instructed above, only your latest Internet or telephone vote will be counted;

notifying Online Resources Corporation's Secretary in writing before the annual meeting that you have revoked your proxy; or

attending the meeting in person and voting in person. Attending the meeting in person will not in and of itself revoke a previously submitted proxy unless you specifically request it.

What if I Receive More Than One Proxy Card?

You may receive more than one proxy card or voting instruction form if you hold shares of our common stock in more than one account, which may be in registered form or held in street name. Please vote in the manner described under "How Do I Vote?" for each account to ensure that all of your shares are voted.

Will My Shares be Voted if I Do Not Return My Proxy Card?

If your shares are registered in your name or if you have stock certificates, they will not be voted if you do not return your proxy card by mail or vote at the meeting as described above under "How Do I Vote?"

If your shares are held in street name and you do not provide voting instructions to the bank, broker or other nominee that holds your shares as described above under "How Do I Vote?", the bank, broker or other nominee has the authority to vote your unvoted shares on both Proposals 1 and 2 even if it does not receive instructions from you. We encourage you to provide voting instructions. This ensures your shares will be voted

at the meeting in the manner you desire. If your broker cannot vote your shares on a particular matter because it has not received instructions from you and does not have discretionary voting authority on that matter or because your broker chooses not to vote on a matter for which it does have discretionary voting authority, this is referred to as a broker non-vote.

What Vote is Required to Approve Each Proposal and How are Votes Counted?

Proposal 1: Elect Directors The nominees for Director who receive the most votes (also known as a plurality of the votes) will be elected. Abstentions are not counted for purposes of electing Directors. You may vote either FOR all of the nominees, WITHHOLD your vote from all of the nominees or WITHHOLD your vote from any one or more of the nominees. Votes that are withheld will not be included in the vote tally for the election of Directors. Brokerage firms have authority to vote customers' unvoted shares held by the firms in street name for the election of Directors. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote.

Proposal 2: Ratify Selection of Auditors The affirmative vote of a majority of the votes present or represented by proxy and entitled to vote at the annual meeting is required to ratify the selection of independent auditors. Abstentions will be treated as votes against this proposal. Brokerage firms have authority to vote customers' unvoted shares held by the firms in street name on this proposal. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote. We are not required to obtain the approval of our stockholders to select our independent accountants; however, if our stockholders do not ratify the selection of Ernst & Young LLP as our independent accountants for 2006, the Audit Committee of our Board of Directors will reconsider its selection.

Is Voting Confidential?

We will keep all the proxy cards, ballots and voting tabulations private. We only let our Inspectors of Election and American Stock Transfer and Trust Company, our transfer agent, examine these documents. We will not disclose your vote to management unless it is necessary to meet legal requirements. We will, however, forward to management any written comments you make, on the proxy card or elsewhere. Our practice is not to attribute a stockholder's identity to their comments.

What Are the Costs of Soliciting these Proxies?

We will pay all of the costs of soliciting these proxies, including expenses in connection with preparing and mailing this proxy statement. We have retained Automatic Data Processing, Inc. to assist our Board of Directors in the distribution of proxy materials for a fee of \$17,500, plus reimbursement of out-of-pocket expenses. Automatic Data Processing, Inc. will reimburse brokerage firms and other persons representing beneficial owners of our common stock for their expenses in forwarding proxy materials to such beneficial owners, and we will reimburse Automatic Data Processing, Inc. for the expenses. Our Directors and employees also may solicit proxies using the Internet, telephone, fax, email or in person. We will not pay our employees and Directors any additional compensation for these services.

What Constitutes a Quorum for the Meeting?

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of our common stock at the record date is necessary to constitute a quorum at the meeting. Votes of stockholders of record who are present at the meeting in person or by proxy, abstentions, and broker non-votes are counted for purposes of determining whether a quorum exists.

Attending the Annual Meeting

The annual meeting will be held at 2:00 P.M. (EDT) on Thursday, May 4, 2006 at the Harvard Club of New York, 27 West 44th Street, New York, NY 10036. When you arrive at the Harvard Club of New York, signs will direct you to the appropriate meeting rooms. You need not attend the annual meeting in order to vote.

Voting

To ensure that your vote is recorded promptly, please vote as soon as possible, even if you plan to attend the annual meeting in person. If you attend the annual meeting, you may also submit your vote in person, and any previous votes that you submitted, will be superseded by the vote that you cast at the annual meeting.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information with respect to the beneficial ownership of our common stock as of March 10, 2006 for (a) the executive officers named in the Summary Compensation Table set forth elsewhere in this proxy statement, (b) each of our Directors and Director nominees, (c) all of our current Directors and executive officers as a group and (d) each stockholder known by us to own beneficially more than 5% of our common stock. Beneficial ownership is determined in accordance with the rules of the SEC and includes voting or investment power with respect to the securities. We deem shares of common stock that may be acquired by an individual or group within 60 days of March 10, 2006 pursuant to the exercise of options or warrants or the conversion of other securities to be outstanding for the purpose of computing the percentage ownership of such individual or group, but are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person shown in the table. Except as indicated in footnotes to this table, we believe that the owners of our common stock named in this table have sole voting and investment power with respect to all shares of common stock shown to be beneficially owned by them based on information provided to us by these stockholders. Percentage of ownership is based on 25,372,966 shares of common stock outstanding on March 10, 2006.

MANAGEMENT

Nominees and Continuing Directors

Our bylaws provide that our business is to be managed by or under the direction of our Board of Directors. The members of our Board of Directors are divided into three classes for purposes of election. Our practice has been to elect one class, representing about one-third of the members of the Board, at each annual meeting of stockholders to serve for a three-year term. Our Board of Directors currently consists of eight members, classified into three classes as follows: (1) William H. Washecka, Stephen S. Cole and Joseph J. Spalluto constitute a class with a term ending at the 2008 annual meeting; (2) Matthew P. Lawlor, Ervin R. Shames and Barry D. Wessler constitute a class with a term ending at the 2007 annual meeting and (3) Michael H. Heath and Edward E. Furash constitute a class with a term ending at the upcoming 2006 annual meeting.

On March 1, 2006, the Board of Directors voted to nominate Michael H. Heath and Edward E. Furash for election at the annual meeting for a term of three years. If Mr. Heath and Mr. Furash are elected by the stockholders at the annual meeting to serve on the Board, they will serve until the 2009 annual meeting of stockholders, and until their successors are elected and qualified. Please note that the mandatory retirement age for the Board of Directors is 72. Mr. Furash will reach this age and retire during his elected term. Upon his retirement, the Board will nominate and elect a new Director to serve the remainder of his term, until the 2009 annual meeting of stockholders.

Set forth below are the names of the Directors whose terms do not expire this year and the persons nominated for election to the Board of Directors at the annual meeting, their ages, their offices in the company, if any, their principal occupations or employment for the past five years, the length of their tenure as Directors and the names of other public companies in which such persons hold directorships.

The Audit Committee is governed by a written charter approved by the Board of Directors, which is available at www.orcc.com. The Board has determined that all members of the Audit Committee satisfy the current independence standards promulgated by the Securities and Exchange Commission and by the Nasdaq Stock Market. The Board has determined that William H. Washecka is an audit committee financial expert, as the Securities and Exchange Commission has defined that term in Item 401 of Regulation S-K.

Nomination Process

Our Corporate Governance Committee recommends candidates for nomination by the Board for election as directors. The Nominating Committee may consider candidates recommended by stockholders as well as from other sources such as other directors or officers, third party search firms or other appropriate sources. In evaluating and determining whether to nominate a candidate for a position on our Board, the Committee will consider the criteria outlined in our corporate governance policy, which include high professional ethics and values, relevant management experience and a commitment to enhancing stockholder value. In evaluating candidates for nomination, the Committee utilizes a variety of methods. In general, persons recommended by stockholders will be considered on the same basis as candidates from other sources. If a stockholder wishes to nominate a candidate to be considered for election as a Director at the 2006 Annual Meeting of Stockholders using the procedures set forth in our by-laws, it must follow the procedures described in Stockholder Proposals and Nominations For Director. If a stockholder wishes simply to propose a candidate for consideration as a nominee by the Nominating Committee, it should submit a recommendation to our Secretary at the address set forth on the first page of this proxy statement, indicating the nominee's qualifications and other relevant biographical information and providing confirmation of the nominee's consent to serve as a Director.

- (2) In accordance with the rules of the SEC, we show in these columns the potential realizable value over the term of the option (the period from the grant date to the expiration date). We calculate this assuming that the fair market value of our common stock on the date of grant appreciates at the indicated annual rate, 5% and 10% compounded annually, for the entire term of the option and that the option is exercised and the shares sold thereunder on the last day of its term for the appreciated stock price. These amounts are based on assumed rates of appreciation and do not represent an estimate of our future stock price. Actual gains, if any, on stock option exercises will depend on the future performance of our common stock, the optionholder's continued employment with us through the option exercise period, and the date on which the option is exercised.
- (3) Stock options vest immediately upon grant.

REPORT OF MANAGEMENT DEVELOPMENT AND COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

This report is submitted by the Management Development and Compensation Committee (the Committee), which is responsible for overseeing the compensation and organizational matters of the Company. The Committee is composed of Ervin R. Shames (Chairman), Edward E. Furash and Stephen S. Cole, none of who is an employee of the Company. This report addresses the compensation policies for 2005 as they affected Matthew P. Lawlor, in his capacity as Chairman and Chief Executive Officer, and the Company's other executive officers.

The Committee reviews and approves management compensation policies, including target compensation levels for management that are based on industry benchmarks, design of the Company's annual bonus program and establishment of the program's goals and design of the Company's long-term, equity-based incentive program. The Committee focuses, in particular, on the Chief Executive Officer and the Chief Executive Officer's direct reports. The Committee reviews and recommends goals for the Chief Executive Officer to the Board of Directors and evaluates the Chief Executive Officer together with the Board of Directors. In consultation with outside compensation experts, the Committee also designs and recommends to the Board of Directors the compensation policies for Directors. In overseeing the Company's management development policies and practices, the Committee consults with the Chief Executive Officer on succession plans and more broadly assesses the development and contingency plans for senior management staff.

Compensation Objectives. The Committee considers the following objectives in setting base salary and benefits and some of the following objectives in determining bonuses and long-term incentives for executives:

establishing base salaries at a competitive average within the e-financial services industry, which is targeted at the mid-point (50th percentile) of current market job classifications;

rewarding the achievement of the Company's annual and long-term strategic goals at a level higher than average for the e-financial services industry;

retaining and attracting executive officers by offering competitive compensation and benefits at a competitive level with other executives in the e-financial services industry; and

providing motivation for the executive officers to enhance stockholder value by linking a portion of the compensation package to the performance of the Company's common stock.

Executive Compensation Program Components. The three principal components of executive compensation are annual base salary, annual incentive bonuses, and long-term incentive compensation under our 2005 Restricted Stock and Option Plan. Each of these components is discussed as follows:

Annual Base Salary. The Committee's recommendations regarding the annual base salary of the Company's executive officers, including the compensation of the Chief Executive Officer, are based on a number of factors, including each executive officer's experience and qualifications, the potential impact of the individual on the Company's performance, the level of skill and responsibilities and the other factors described above. Base salaries are reviewed annually, and the Committee seeks to set executive officer base salaries at competitive levels in relation to the companies with which the Company competes for executives. Average base salaries for the executive officers increased 7% in 2005.

Annual Incentive Bonuses. The Company's annual incentive bonus program is designed to provide a direct financial incentive to the Company's executive officers, including the Chief Executive Officer, as well as other key employees, for achievement of specific performance goals. During the year ending 2005, the incentive bonus program was comprised of cash and stock options. Consistent with the Company's executive and key employee incentive program, at the beginning of each fiscal year, the Committee determines:

The employees by grade level that are eligible to participate in the plan for the year;

The annual corporate performance goals for the year; and

For each eligible employee, the target bonus level as a percentage of base compensation.

15

In 2005, the Committee established incentive bonus compensation for executive officers and other key employees based on the Company's targeted revenues, operating earnings and service quality index. The average bonus earned under the program in 2005 by the three executive officers was 50% of their base salaries. The average maximum targeted bonus that could have been earned under the program by the three executive officers was 90% of their base salaries. Half of the executives' incentive bonuses in 2005 were paid in cash, and half were paid in stock options. The stock options were 100% vested at the time of grant and expire ten years after the date they were granted.

Long-Term Incentive Compensation. The Committee believes that stock ownership is a significant incentive in aligning the interests of the executives and the stockholders. Through 2005, executives and other employees were granted stock options at hiring, vested over four years, with additional options granted at the discretion of the Board of Directors.

In 2005, after receiving shareholder approval for a new Long-Term Incentive Plan, the Committee designed and approved an incentive program that provided for equity-based awards each year starting in 2006. Based on benchmarks for comparable companies, the Company's executives and other key employees were granted a package of equity-based incentives consisting of one or more of 1) performance-based restricted stock, 2) time-based restricted stock, and 3) stock options. Performance-based restricted stock is linked to three-year operating earnings and revenue growth performance. The proportion of performance-based compensation tied to the Company's three-year financial goals is linked to the executive's seniority and degree to which the executive can impact the Company's performance.

Chief Executive Officer. Matthew P. Lawlor has been Chairman and Chief Executive Officer of the Company since March 1989. The Committee agreed that Mr. Lawlor continues to provide exceptional leadership to Online Resources Corporation as it continues to emerge as a profitable company with high revenue and earnings growth.

In 2005, the Company achieved record revenues of \$60.5 million, a 43% increase over 2004. Net income per share rose 75% to \$0.35, excluding the one-time \$0.53 impact of the release of \$36 million of the Company's tax valuation allowance. Reported earnings per share were a record \$0.88 for the year, increasing 340%. The Company also completed a follow-on offering in April 2005, raising \$40 million in cash and further strengthening the Company's balance sheet, and made its second acquisition, Integrated Data Systems, Inc., expanding the Company's breadth of offerings to the e-financial services industry.

In reviewing Mr. Lawlor's performance in 2005, the Committee determined he and the Online Resources management team he leads delivered outstanding financial results, made integral strategic decisions and provided exceptional service to the Company's clients and its clients' end-users. Mr. Lawlor continued to aggressively drive the adoption of the Company's core banking and billpay services, while looking to the future with the development of the Company's card and e-commerce services. His ability to move the Company forward with strategic decision-making, while not losing sight of the Company's core businesses, has resulted in enhanced stockholder value. Finally, Mr. Lawlor's sustained focus on the development of current and future management talent at Online Resources Corporation continues to be a key factor in maintaining and growing the Company's performance.

As a result of his performance, the Committee awarded Mr. Lawlor a bonus of \$138,320, of which 50% was paid in cash and 50% was paid in stock options. In August 2005, the Committee also increased Mr. Lawlor's base salary to a level of \$285,000 per year, resulting in a total base salary of \$260,800 for the 2005 year. In addition, consistent with its new Long-Term Incentive Plan, on January 1, 2006 the Committee granted Mr. Lawlor \$371,000 of value in equity-based incentives, consisting of 13,430 shares of performance-based restricted stock, 10,073 shares of time-based restricted stock and 15,903 optioned shares exercisable at \$11.05 per share, the closing price of the Company's stock on the last trading day of 2005.

The components of Mr. Lawlor's compensation for the 2005 year are summarized below. This compensation does not include Long-Term Incentives granted to Mr. Lawlor in 2006.

The goal of our compensation structure is to be certain that all executives are compensated consistent with the above guidelines and to assure that all reasonable and possible efforts are being exerted to maximize stockholder value. In 2005, the Management Development and Compensation Committee met six times to review executive compensation levels to ensure this result.

The percentage of services set forth above in the categories [audit related fees, tax fees, and all other fees], that were approved by the Audit Committee pursuant to Rule 2-01(c)(7)(i)(C) (relating to the approval of a de minimis amount of non-audit services after the fact but before completion of the audit), was 100%.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-audit Services of Independent Auditors

Consistent with SEC policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent auditor. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor.

Prior to engagement of the independent auditor for the next year's audit, management will submit an aggregate of services expected to be rendered during that year for each of four categories of services to the Audit Committee for approval.

1. **Audit** services include audit work performed in the preparation of financial statements, as well as work that generally only the independent auditor can reasonably be expected to provide, including comfort letters, statutory audits, and attest services and consultation regarding financial accounting and/or reporting standards.
2. **Audit-Related** services are for assurance and related services that are traditionally performed by the independent auditor, including due diligence related to employee benefit plan audits and special procedures required to meet certain regulatory requirements.

3. *Tax* services include all services performed by the independent auditor's tax personnel except those services specifically related to the audit of the financial statements, and includes fees in the areas of tax compliance, tax planning, and tax advice.

4. *Other Fees* are those associated with services not captured in the other categories. The Company generally does not request such services from the independent auditor.

Prior to engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted and the Audit Committee requires the independent auditor and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditor.

Although shareholder ratification is not required, the selection of Ernst & Young LLP is being submitted for ratification at the annual meeting with a view towards soliciting the shareholders' opinions, which the Audit Committee will take into consideration in future deliberations. If Ernst & Young LLP's selection is not ratified at the annual meeting, the Audit Committee will consider the engagement of other independent accountants. The Audit Committee may terminate Ernst & Young LLP's engagement as the Company's independent accountants and engage other independent accountants without the approval of the Company's shareholders whenever the Audit Committee deems appropriate.

The affirmative vote of a majority of the shares present or represented and entitled to vote at the annual is required to ratify the appointment of the independent public accountants.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE TO RATIFY THE APPOINTMENT OF ERNST & YOUNG LLP AS INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS UNDER PROPOSAL 2 ON THE PROXY CARD, AND PROXIES SOLICITED BY THE BOARD WILL BE VOTED IN FAVOR OF SUCH RATIFICATION UNLESS A STOCKHOLDER INDICATES OTHERWISE ON THE PROXY.

STOCKHOLDER PROPOSALS AND NOMINATIONS FOR DIRECTORS

To be considered for inclusion in our proxy statement and form of proxy relating to the annual meeting of stockholders to be held in 2007, a stockholder proposal must be received by the Secretary at our principal executive offices not later than December 4, 2006. Any such proposal will be subject to rules and regulations under the Securities Exchange Act of 1934, as amended.

Our bylaws provide an advance notice procedure for a stockholder to properly bring a proposal before an annual meeting. The stockholder must give timely written notice to the Secretary. To be timely, a stockholder notice of the proposal must be delivered or mailed to and received at our principal executive office not less than ninety (90) days prior to the date of such annual meeting; provided, however, that in the event that less than one hundred (100) days notice or prior public disclosure of the date of the meeting is given or made to stockholders, to be timely, notice of the proposal by the stockholder must be received not later than the close of business on the tenth day following the date on which notice to stockholders of such annual meeting date was mailed or such public disclosure was made. Proposals received after such date will not be voted on at such annual meeting. If a proposal is received before that date, the proxies that management solicits for such annual meeting may still exercise discretionary voting authority on the stockholder proposal under circumstances consistent with the proxy rules of the Securities and Exchange Commission. The notice of a proposal by a stockholder must include the stockholder's name and address, as the same that appears in our record of stockholders, a brief description of the proposal, the reason for the proposal, the number of shares of common stock that are beneficially owned by the proposing stockholder and any material interest of such stockholder in the proposed business.
