PROXY STATEMENT

**For the Annual Meeting of Stockholders
To Be Held November 8, 2001**

INTRODUCTION

The enclosed proxy is solicited by the Board of Directors of Thousand Trails, Inc., a Delaware corporation ("Thousand Trails"), for use at the Annual Meeting of Stockholders to be held at 10:00 a.m. on Thursday, November 8, 2001, or any adjournments thereof (the "Annual Meeting"). The Annual Meeting will be held at Thousand Trails' principal executive offices at 2711 LBJ Freeway, Suite 200, Dallas, Texas. The telephone number of Thousand Trails' principal executive offices is (972) 243-2228. Thousand Trails mailed the accompanying Notice of Annual Meeting, this proxy statement and the accompanying proxy on or about October 1, 2001.

Purposes of the Annual Meeting

At the Annual Meeting, holders of Thousand Trails' common stock (the "Stockholders") will be asked to elect six directors, who will hold office until the Annual Meeting of Stockholders in 2002 and, in each case, until his successor is elected and qualified. The Stockholders will also be asked to approve Thousand Trails' 2001 Stock Option and Restricted Stock Purchase Plan and a grant of options to William J. Shaw, to ratify the appointment of Arthur Andersen LLP as Thousand Trails' independent auditor for the fiscal year ending June 30, 2002, and to transact such other business as may properly come before the meeting or any adjournment thereof.

Recommendations of the Board of Directors

The Board of Directors recommends that you vote to:

- (1) Elect as directors the nominees named in this proxy statement and the accompanying proxy.
- (2) Approve Thousand Trails' 2001 Stock Option and Restricted Stock Purchase Plan and grant of options to William J. Shaw described in this proxy statement.
- (3) Ratify the appointment of Arthur Andersen LLP as Thousand Trails' independent auditor.

RECORD DATE AND VOTING

The Board of Directors established the close of business on September 21, 2001, as the record date for the determination of Stockholders entitled to notice of the Annual Meeting and to vote thereat and at any adjournment thereof. On that date, Thousand Trails had issued and outstanding 8,170,390 shares of common stock, par value \$.01 per share (the "Common Stock"). Thousand Trails did not have any other shares of

capital stock outstanding.

1

Table of Contents

Each Stockholder will be entitled to one vote per share of Common Stock in connection with the election of each of the six directors, the approval of Thousand Trails 2001 Stock Option and Restricted Stock Purchase Plan and the grant of options to Mr. Shaw, the ratification of the independent auditor, and each other matter that may be properly brought before the Annual Meeting. The Stockholders do not possess cumulative voting rights.

The presence, in person or by proxy, of the holders of a majority of the shares of Common Stock issued and outstanding will constitute a quorum at the meeting. Shares represented at the meeting in person or by proxy but not voted will nevertheless be counted for purposes of determining the presence of a quorum. Assuming that a quorum is present or represented at the meeting, the election of each of the six directors, the approval of Thousand Trails 2001 Stock Option and Restricted Stock Purchase Plan and the grant of options to Mr. Shaw, and the ratification of Arthur Andersen LLP as Thousand Trails independent auditor require the affirmative vote of the holders of a majority of the shares of Common Stock present or represented at the meeting. With respect to the election of directors, votes may be cast for a nominee or withheld. Instructions on the accompanying proxy to withhold authority to vote for one or more of the nominees will result in such nominee(s) receiving fewer votes. However, the number of votes otherwise received by such nominee(s) will not be reduced by such action. Under the rules of the American Stock Exchange, if a broker forwards the proxy statement and the accompanying material to its customers before the Annual Meeting, the broker may vote the customers shares on the proposals to elect directors and ratify Thousand Trails independent auditor if the broker does not receive voting instructions from the customers prior to the Annual Meeting. However, under such rules, in the absence of such instructions, the broker may not vote the customers shares on the proposal to approve Thousand Trails 2001 Stock Option and Restricted Stock Purchase Plan and the grant of options to Mr. Shaw. With respect to all of the proposals, abstentions and broker non-votes, because they are not affirmative votes, will have the same effect as withholding authority with respect to the election of directors or voting against the proposal. Proxies will be received and tabulated by American Stock Transfer & Trust Company, Thousand Trails transfer agent.

Proxyholders will vote the shares of Common Stock represented by valid proxies at the meeting in accordance with the directions given. If a Stockholder signs and returns a proxy card without giving any directions, the proxyholders will vote the shares for the election of the six nominees for director listed herein, for approval of Thousand Trails 2001 Stock Option and Restricted Stock Purchase Plan and the grant of options to Mr. Shaw, and for the ratification of Arthur Andersen LLP as Thousand Trails independent auditor. The Board of Directors does not intend to present, and has no information that others will present, any other business at the Annual Meeting. However, in their discretion, the proxyholders are authorized to (a) vote upon such other matters presented at the meeting that the Board of Directors did not know would be presented a reasonable time before this solicitation, (b) vote to approve the minutes of the last annual meeting of Stockholders (which approval will not amount to ratification of the action taken at that meeting), (c) vote for the election of such substitute nominees for director as the Board of Directors may propose if any nominee listed herein is unavailable to stand for election as a result of unforeseen circumstances, and (d) vote upon matters incident to the conduct of the meeting.

A Stockholder giving a proxy has the right to revoke it at any time before it is voted. The proxy may be revoked by written notice to the Secretary received at Thousand Trails offices at 2711 LBJ Freeway, Suite 200, Dallas, Texas 75234, on or before November 7, 2001, or by written notice delivered in person at the Annual Meeting to the Secretary prior to the commencement of the Annual Meeting. Attendance at the Annual Meeting will not, in itself, constitute revocation of a previously granted proxy.

2

Table of Contents

In addition to mailing this material to Stockholders, Thousand Trails has asked banks and brokers to forward copies to persons for whom they hold shares of Common Stock and request authority to execute the proxies. Thousand Trails will reimburse the banks and brokers for their reasonable out-of-pocket expenses in doing so. The directors, officers, and other employees of Thousand Trails may, without being additionally compensated, solicit proxies by mail, telephone, e-mail, facsimile, or personal contact. All proxy soliciting expenses will be paid by Thousand Trails in connection with the solicitation of votes for the Annual Meeting.

Under this employment agreement, Mr. Gelinas' base salary is not less than \$146,500 per year, and he may receive a bonus each year at the discretion of Thousand Trails Chief Executive Officer. Stock Option Agreement

At their annual meeting in 1996, the Stockholders approved the grant to Mr. Shaw of options to purchase 664,495 shares of Common Stock at \$0.69 per share. The options are evidenced by a stock option agreement, dated as of August 1, 1996 (the "Stock Option Agreement") that was approved by the Special Committee of independent directors. Options to purchase 144,927 shares of Common Stock are intended to be eligible for treatment as incentive stock options under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), and the remaining options are non-qualified options for such purposes. To date, Mr. Shaw has exercised options for 444,927 shares under the Stock Option Agreement, and options for 226,268 shares are outstanding.

The options granted to Mr. Shaw are exercisable immediately, in full or in part, for a term of ten years, while Mr. Shaw is in the employ of Thousand Trails and for a 90 day period thereafter, except in the event of the termination of Mr. Shaw's employment due to death or permanent disability, in which case the options are exercisable for one year thereafter, or for cause, in which case the options will terminate immediately. However, Mr. Shaw is not permitted to exercise the options if, and to the extent that, such exercise would violate the restrictions in Article IX of Thousand Trails' Restated Certificate of Incorporation, which are designed to prevent an ownership change for federal tax purposes. In the event options would otherwise expire at a time Mr. Shaw is not permitted to exercise all or a portion of the options because to do so would violate these restrictions, generally the term of the options will be extended with respect to that portion of the options which would violate the restrictions in order to ensure that Mr. Shaw will have at least a 90-day period after the restrictions cease within which to exercise such options. However, solely with respect to that portion of the options intended to be incentive stock options, the restrictions on exercise will not apply during the last 90 days of the ten-year term, and, if unexercised at the end of such ten-year term, such options will expire.

Table of Contents

Neither the options, nor any interest therein, may be assigned or transferred except by will or the laws of descent and distribution.

The exercise price is payable in cash, except that with the prior approval of the committees administering the Stock Option Agreement, the exercise price may instead be paid in whole or in part by the delivery to Thousand Trails of a certificate or certificates representing shares of Common Stock, provided that Thousand Trails is not then prohibited by the terms of any contractual obligation or legal restriction from purchasing or acquiring such shares of Common Stock.

In connection with the options granted under the Stock Option Agreement, Thousand Trails must withhold federal taxes with respect to any ordinary income that Mr. Shaw recognizes in connection with such options. Thousand Trails may also have to withhold state and local taxes with respect thereto. Mr. Shaw must pay such withholding liability to Thousand Trails. With the prior consent of the committees administering the Stock Option Agreement, Mr. Shaw may be allowed to deliver to Thousand Trails shares of Common Stock in the amount of such withholding liability.

Stock Option Plans

1991 Employee Plan. Effective December 31, 1991, Thousand Trails adopted the 1991 Employee Stock Incentive Plan (as amended, the "1991 Employee Plan") to enable Thousand Trails and its subsidiaries to attract, retain, and motivate their officers, employees, and non-employee directors. Awards under the 1991 Employee Plan may take various forms, including (i) shares of Common Stock, (ii) options to acquire shares of Common Stock ("Options"), (iii) securities convertible into shares of Common Stock, (iv) stock appreciation rights, (v) phantom stock, or (vi) performance units. Options granted under the 1991 Employee Plan may be (i) incentive stock options ("ISOs"), which have certain tax benefits and restrictions, or (ii) non-qualified stock options ("Non-qualified Options"), which do not have any tax benefits and have few restrictions.

The Compensation Committee or, in certain circumstances, the Board of Directors may grant awards under the 1991 Employee Plan until December 30, 2001. The recipient of an award duly granted on or prior to such date may thereafter exercise or settle it in accordance with its terms, although Thousand Trails may not issue any shares of Common Stock pursuant to any award after December 30, 2011.

The Board of Directors may amend or terminate the 1991 Employee Plan at any time and in any manner, provided that (i) an amendment or termination may not affect an award previously granted without the recipient's consent, and (ii) an amendment will not be effective until the Stockholders approve it if any national securities exchange or securities association that lists any of Thousand Trails' securities requires

stockholder approval or if Rule 16b-3 requires stockholder approval.

Thousand Trails reserved 291,780 shares of Common Stock for issuance under the 1991 Employee Plan. To date, options for 164,278 shares are outstanding under the 1991 Employee Plan, and options for 127,499 shares have been exercised. The options have a term of 10 years from the date of grant. All of the outstanding options are fully vested, except for 5,000, which will vest in May 2002.

1993 Employee Plan. On December 2, 1993, Thousand Trails adopted the 1993 Stock Option and Restricted Stock Purchase Plan (as amended, the 1993 Employee Plan) in order to enable Thousand Trails and its subsidiaries to attract, retain, and motivate their officers and employees. Awards under the 1993 Employee Plan are restricted to (i) awards of the right to purchase shares of Common Stock (Stock Awards), or (ii) awards of Options, which may be either ISOs or Non-qualified Options. The purchase price for any Stock Awards and the exercise price for any Non-qualified Options may be less than the fair market value of the Common Stock on the date of grant. The exercise price of any ISOs may not be less than the fair market value of the Common Stock on the date of grant.

The Compensation Committee or, in certain circumstances, the Board of Directors may grant awards under the 1993 Employee Plan until October 20, 2003. The termination of the 1993 Employee Plan, however, will not alter or impair any rights or obligations under any award previously granted under the plan.

The Board of Directors may amend or terminate the 1993 Employee Plan at any time and in any manner, provided that (i) an amendment or termination may not affect an award previously granted without the recipient's consent, (ii) an amendment will not be effective until the Stockholders approve it if any national securities exchange or securities association that lists any of Thousand Trails securities requires stockholder approval or if Rule 16b-3 requires stockholder approval, and (iii) the Stockholders must approve any amendment decreasing the minimum exercise price specified in the plan for any ISO granted thereunder.

Thousand Trails reserved 285,919 shares of Common Stock for issuance under the 1993 Employee Plan. To date, options for 130,419 shares are outstanding under the 1993 Employee Plan, and options for 153,000 shares have been exercised. The options have a term of 10 years from the date of grant. All of the outstanding options are fully vested, except for 4,165, which will vest in May 2002.

1999 Employee Plan. On November 18, 1999, Thousand Trails adopted the 1999 Stock Option and Restricted Stock Purchase Plan (the 1999 Employee Plan) in order to enable Thousand Trails and its subsidiaries to attract, retain, and motivate their officers, employees and non-employee directors. Awards under the 1999 Employee Plan are restricted to (i) Stock Awards, or (ii) awards of Options, which may be either ISOs or Non-qualified Options. The purchase price for any Stock Awards and the exercise price for any Non-qualified Options may be less than the fair market value of the Common Stock on the date of grant. The exercise price of any ISOs may not be less than the fair market value of the Common Stock on the date of grant.

The Compensation Committee or, in certain circumstances, the Board of Directors may grant awards under the 1999 Employee Plan until September 27, 2009. The termination of the 1999 Employee Plan, however, will not alter or impair any rights or obligations under any award previously granted under the plan.

The Board of Directors may amend or terminate the 1999 Employee Plan at any time and in any manner, provided that (i) an amendment or termination may not affect an award previously granted without the recipient's consent, (ii) an amendment will not be effective until the Stockholders approve it if any national securities exchange or securities association that lists any of Thousand Trails securities requires stockholder approval and (iii) the Stockholders must approve any amendment decreasing the minimum exercise price specified in the plan for any ISO granted thereunder.

Thousand Trails reserved 140,000 shares of Common Stock for issuance under the 1999 Employee Plan. To date, options for 50,000 shares are outstanding under the 1999 Employee Plan, and no options have been exercised. The options have a term of 10 years from the date of grant. All of the outstanding options will vest at the rate of 33 1/3% per year, commencing in December 2001, except for 15,000 which are fully vested.

Edgar Filing: THOUSAND TRAILS INC /DE/ - Form DEF 14A

Director Plan. On December 2, 1993, Thousand Trails adopted the 1993 Director Stock Option Plan (as amended, the Director Plan), which provides for the grant of Options to non-employee directors. Thousand Trails reserved 50,000 shares of Common Stock for issuance under the Director Plan. To date, options for 40,000 shares are outstanding under the Director Plan, all of which are vested, and options for 10,000 shares have been exercised. The options have a term of 10 years from the date of grant.

The Director Plan was designed to be a formula plan, pursuant to which each non-employee director would automatically receive a grant of Non-qualified Options to purchase 5,000 shares of Common Stock on the day immediately after each annual meeting of the Stockholders at which directors are elected, beginning with the annual meeting held in December 1993. If on any such day, the number of shares of Common Stock remaining available for issuance under the Director Plan was insufficient for the grant of the total number of Non-qualified Options to which all participants would otherwise be entitled, each participant would receive Non-qualified Options to purchase a proportionate number of the available number of remaining shares. The exercise price of each Non-qualified Option was required to equal the fair market value of such Option on the date of grant, which was defined as the average trading price of the Common Stock during the period beginning 45 days before the date of grant and ending 15 days before the date of grant.

New Stock Option Plan. On September 17, 2001, the Compensation Committee and Board of Directors adopted the Thousand Trails, Inc. 2001 Stock Option and Restricted Stock Purchase Plan (the 2001 Stock Option Plan) and, at the same time, approved the grant to Mr. Shaw of options to purchase 600,000 shares of Common Stock at an exercise price of \$5.93 per share, subject to approval by the Stockholders. If the 2001 Stock Option Plan is approved by the Stockholders at the Annual Meeting, the Compensation Committee contemplates that additional stock awards will be granted to other key employees and non-employee directors in the future; however, at the present time, no decision has been made regarding the awards to be granted to specific individuals. The Compensation Committee and Board of Directors believe the grant to Mr. Shaw and the additional stock awards will aid in the retention of these individuals and further align their interests with those of Thousand Trails and its Stockholders. See Proposal to Approve the Thousand Trails, Inc. 2001 Stock Option and Restricted Stock Purchase Plan and Grant of Options to William J. Shaw on page 26.

The options have a 10-year term and vest over three years, except for the options granted to Mr. Shaw, which are fully vested.

(2) These assumed rates of appreciation are provided in order to comply with the requirements of the SEC and do not represent Thousand Trails expectation as to the actual rate of appreciation of the Common Stock. These gains are based on assumed rates of annual compound stock price appreciation of 5% and 10% from the date the options were granted over the full option term. The actual value of the options will depend on the performance of the Common Stock and may be greater or less than the amounts shown.

Stock Purchase Plan

In August 1999, Thousand Trails adopted the Thousand Trails, Inc. Employee Stock Purchase Plan (the Stock Purchase Plan) to give employees and non-employee directors an opportunity to purchase Common Stock through payroll deductions. Under the terms of the Stock Purchase Plan, participants may defer between 1% and 10% of their annual compensation, which will be used to purchase shares of Common Stock on a semi-annual basis. The purchase price paid by participants is 85% of the closing price of the Common Stock as reported by the American Stock Exchange on the date of purchase. Thousand Trails pays the other 15% of the purchase price, plus commissions, and the other costs of administering the Stock Purchase Plan. During the year ended June 30, 2001, employees purchased 7,531 shares of Common Stock under the Stock Purchase Plan, of which Mr. Shaw purchased 4,077 shares and Mr. Gelinas purchased 2,363 shares.

Long Term Incentive Plans

As of June 30, 2001, Thousand Trails had two long-term incentive plans. The first of these, the Employees Savings Trust (the 401(k) Plan), is a contributory employee savings plan exempt under Section 401(k) of the Code. An eligible employee participating in the 401(k) Plan may contribute up to 15% of his or her annual salary, subject to certain limitations. In addition, Thousand Trails makes discretionary matching contributions as determined annually by the Board of Directors. Thousand Trails made matching contributions totaling \$150,000 for the year ended June 30, 2001, and has committed to make matching contributions for the calendar year

Table of Contents

ended December 31, 2001, in an amount equal to 45% of the voluntary contributions made by each participant, up to 4% of the participant's annual compensation (or a maximum of 1.8% of the participant's annual compensation). Employer contributions are subject to a seven-year vesting schedule.

In April 1998, Thousand Trails adopted the Non-Qualified Deferred Compensation Plan (the Non-Qualified Plan) for the purpose of establishing a deferred compensation plan for certain highly compensated employees. An eligible employee participating in this plan may contribute up to 10% of his or her annual salary subject to certain limitations. In addition, Thousand Trails makes discretionary matching contributions as determined annually by the Board of Directors. Thousand Trails made matching contributions totaling \$15,062 for the year ended June 30, 2001, and has committed to make matching contributions for the calendar year ended December 31, 2001, in an amount equal to 45% of the combined voluntary contributions made by each participant to the Non-Qualified Plan and 401(k) Plan, up to 4% of the participant's annual compensation (or a maximum of 1.8% of the participants annual compensation). Employer contributions are fully vested at the time the contributions are made.

Indemnification

Under its Bylaws, Thousand Trails must indemnify its present and former directors and officers for the damages and expenses that they incur in connection with threatened or pending actions, suits, or proceedings arising because of their status as directors and officers, provided that they acted in good faith and in a manner that they reasonably believed to be in or not opposed to the best interests of Thousand Trails (or with respect to any criminal action or proceeding, provided that they had no reasonable cause to believe that their conduct was unlawful). In connection with this indemnification obligation, Thousand Trails has entered into indemnification agreements with its directors and officers.

Thousand Trails must advance funds to these individuals to enable them to defend any such threatened or pending action, suit, or proceeding. Thousand Trails cannot release such funds, however, until it receives an undertaking by or on behalf of the requesting individual to repay the amount if a court of competent jurisdiction ultimately determines that such individual is not entitled to indemnification.

CERTAIN TRANSACTIONS

Thousand Trails has an ongoing arrangement with Mr. Shaw under which it pays all of the expenses Mr. Shaw incurs in operating and maintaining a private airplane that he uses for business travel on behalf of Thousand Trails. During the fiscal year ended June 30, 2001, Thousand Trails paid \$299,000 of such expenses.

REPORT OF THE COMPENSATION COMMITTEE

Thousand Trails' executive compensation program is administered by the Compensation Committee. The role of the Compensation Committee is to review and approve salaries and other compensation of Thousand Trails' principal officers, including the Named Executive Officers.

Overall Policy. The Compensation Committee's compensation policies are intended to (i) provide incentives for executive officer performance that results in continuing improvements in Thousand Trails' financial results and (ii) align the interests of executive officers and Thousand Trails' Stockholders by providing for payment of compensation based on increases in the value of the Common Stock. The Compensation Committee is comprised of independent directors, none of whom is or has been an employee of Thousand Trails.

Executive Officers. The compensation of executive officers (other than Mr. Shaw) for fiscal 2001 consisted of a combination of base salary, discretionary cash bonus award, and stock option grants. The Compensation Committee has delegated to Mr. Shaw the authority to determine the salary and bonus of such officers if the aggregate annual compensation of the officer is less than \$175,000. Pursuant to such delegated authority, in January 2001, the base salaries of Messrs. Gelinas, Jaccard, and Reed were increased to \$146,500, \$157,000, and \$130,000, respectively, which was an increase of from 3-4% over the fiscal 2000 level, and the base salary of Mr. Dawson was continued at the same level as in fiscal 2000.

Messrs. Jaccard and Reed receive a discretionary cash bonus award based upon achievement of Thousand Trails' overall objectives for the year. Mr. Gelinas receives a discretionary cash bonus award based upon achievement of Thousand Trails' marketing objectives for the year. Mr. Dawson receives a discretionary cash bonus award based upon achievement of Thousand Trails' objectives for its subsidiary, Resort Parks International, Inc. (RPI), for the year. These individuals received cash bonus awards in fiscal 2001 that were equal to or greater than the awards received in fiscal 2000 because of the improvement in Thousand Trails' operating and sales results and the improvement in RPI's operating results.

In order to provide an incentive to these officers and align their interests with those of the Stockholders, in December 2000, the Compensation Committee approved grants to Messrs. Dawson, Gelinas, Jaccard and Reed of options to purchase 2,500, 2,500, 2,500 and 7,500 shares of Common Stock, respectively, at an exercise price of \$4.75 per share under the 1999 Employee Plan. The exercise price of these options equaled the market value of the Common Stock on the date of grant and, therefore, they provide value to the officers only with appreciation in stock prices. These options have a 10-year term and will vest at the rate of 33 1/3% per year over three years.

The Compensation Committee may increase the base salaries of these officers during fiscal 2002. In addition, such persons may receive a discretionary cash bonus award in fiscal 2002 based upon the achievement of objectives related to the performance of Thousand Trails, and they may be granted stock options at the discretion of the Compensation Committee.

Table of Contents

Compensation of Chief Executive Officer. The compensation of Thousand Trails Chief Executive Officer for fiscal 2001 consisted of a combination of base salary, cash bonus award, and grant of stock options. In January 2001, the Compensation Committee increased Mr. Shaw's base salary to \$298,500 which was an increase of 3.8% over the fiscal 2000 level.

In fiscal 1998, the Compensation Committee and full Board of Directors approved a performance-based cash bonus award for Mr. Shaw. The amount of the cash bonus award each year is determined as follows: if Thousand Trails' actual net income, as adjusted, for a fiscal year equals or exceeds the net income projected in Thousand Trails' budget, as adjusted, for such fiscal year, Mr. Shaw will receive a cash bonus award equal to 25% of his annual base salary at the end of such fiscal year, plus 7.5% of the amount by which the actual net income, as adjusted, for such fiscal year exceeds the net income projected in the budget, as adjusted, for such fiscal year; provided, however, that the amount of the cash bonus award cannot exceed 100% of Mr. Shaw's annual base salary at the end of such fiscal year. For purposes of computing this bonus, the actual and budgeted net income is adjusted to eliminate the effect of gains on asset sales, nonrecurring income and expenses, reductions in the allowance for doubtful accounts, the net deferral of sales revenue and expense, and income taxes. In addition, the cash bonus award is computed before accrual of the bonus on Thousand Trails' financial records. For fiscal 2001, Mr. Shaw earned a cash bonus award of \$298,500 under this formula.

On September 17, 2001, the Compensation Committee and Board of Directors increased Mr. Shaw's base salary from \$298,500 to \$398,500, an increase of 34%. The Compensation Committee and Board of Directors believe the increase was necessary in order to retain Mr. Shaw's services as Thousand Trails' Chief Executive Officer. Mr. Shaw may also earn a cash bonus award for fiscal 2002 based on Thousand Trails' performance, which will be computed using the formula described above.

In order to provide an incentive to Mr. Shaw and align his interests with those of the Stockholders, in December 2000, the Compensation Committee approved the grant to Mr. Shaw of options to purchase 2,500 shares of Common Stock at an exercise price of \$4.75 per share under the 1999 Employee Plan. These options have a 10-year term and were fully vested on the date of grant. In addition, on September 17, 2001, the Compensation Committee and Board of Directors approved the grant to Mr. Shaw of options to purchase 600,000 shares of Common Stock at an exercise price of \$5.93 per share under the 2001 Stock Option Plan, subject to approval by the Stockholders. These options have a 10-year term and will vest at the rate of 33 1/3% per year over three years. (See Proposal to Approve the Thousand Trails, Inc. 2001 Stock Option and Restricted Stock Purchase Plan and Grant of Options to William J. Shaw on page 26.) The exercise price of all of these options equaled the market value of the Common Stock on the date of grant and, therefore, they provide value to Mr. Shaw only with appreciation in stock prices.

The 2001 Stock Option Plan under which Mr. Shaw's options have been granted has been structured to qualify for the performance-based compensation exemption under Section 162(m) of the Code. Section 162(m) generally disallows a tax deduction to publicly held companies for compensation over \$1 million to a corporation's chief executive officer and other executive officers named in a corporation's proxy statement compensation table, but the statute exempts qualifying performance-based compensation if certain requirements are met, including stockholder approval. The Compensation Committee and the Board of Directors,

however, reserve the authority to award non-deductible compensation arrangements to the Company's executive officers should they deem it appropriate to serve the Company's corporate objectives.

Respectfully submitted,

Compensation Committee

PROPOSAL 2

**APPROVAL OF THE THOUSAND TRAILS, INC.
2001 STOCK OPTION AND RESTRICTED STOCK PURCHASE PLAN
AND GRANT OF OPTIONS TO WILLIAM J. SHAW**

(Item 2 on Proxy Card)

The Board of Directors is submitting the Thousand Trails, Inc. 2001 Stock Option and Restricted Stock Purchase Plan (the "2001 Stock Option Plan") to the Stockholders for approval. A copy of this plan is attached as Appendix A to this proxy statement. The 2001 Stock Option Plan will provide for (i) awards of the right to purchase shares of Common Stock ("Stock Awards"), or (ii) awards of options to acquire shares of Common

Stock (Options), which may be either incentive stock options (ISOs) that qualify under Section 422 of the Code or non-qualified stock options (Non-qualified Options) which do not have any tax benefits and have few restrictions.

On September 17, 2001, the Compensation Committee and Board of Directors approved the grant to Mr. Shaw of options to purchase 600,000 shares of Common Stock at an exercise price of \$5.93 per share under the 2001 Stock Option Plan, subject to approval by the Stockholders (see Grant of Options to Mr. Shaw on page 30). It is anticipated that additional awards under the 2001 Stock Option Plan will be made to other senior management and non-employee directors of Thousand Trails. However, because grants under the 2001 Stock Option Plan will depend on the Compensation Committee's discretion in determining whether, and to what extent, future awards will be made, it is not possible to determine the awards that will be received by executive officers and others if the 2001 Stock Option Plan is approved by the Stockholders.

The following description of the 2001 Stock Option Plan is qualified in its entirety by and subject to the terms and conditions of the 2001 Stock Option Plan as set forth in Appendix A to this proxy statement.

Purpose

The purpose of the 2001 Stock Option Plan is to enable Thousand Trails and its subsidiaries to attract, retain, and motivate their officers, employees, and non-employee directors (collectively, the Participants), and to align the Participants' interests with those of Thousand Trails and its Stockholders through increased stock ownership.

Eligibility

Officers and employees of Thousand Trails and members of the Board of Directors who are not officers or employees of Thousand Trails will be eligible to be considered for awards under the 2001 Stock Option Plan. The Compensation Committee or, in certain circumstances, the full Board of Directors will have general discretion to determine which eligible Participants are to receive awards. Any award granted under the 2001 Stock Option Plan will be evidenced by an award agreement subject to all applicable provisions of the 2001 Stock Option Plan.

26

Table of Contents

Shares Available for Grant

The maximum aggregate number of shares of Common Stock that may be issued pursuant to awards made under the 2001 Stock Option Plan will be 650,000 shares, subject to increases and adjustments for stock dividends, stock splits, and other events provided in the 2001 Stock Option Plan.

Administration

The Compensation Committee will construe and interpret the 2001 Stock Option Plan and oversee its administration. Members of the Compensation Committee are members of the Board of Directors and there will be at least as many members as required by Rule 16b-3 under the Securities Exchange Act of 1934. Consistent with the terms of the 2001 Stock Option Plan, the Compensation Committee or, in certain circumstances, the full Board of Directors will have full and final authority to select the Participants to whom awards will be made, to grant such awards, and to determine the number of shares underlying such awards, the price at which the awards may be exercised, and the other terms and conditions of the awards. In addition, the Compensation Committee will have the authority to accelerate vesting and consider conditions and restrictions on awards automatically satisfied in the event of a change in control of Thousand Trails. The 2001 Stock Option Plan provides that Thousand Trails will indemnify the members of the Compensation Committee from certain liabilities arising with respect to the 2001 Stock Option Plan or the Compensation Committee's administration thereof.

Plan Duration

The Compensation Committee or, in certain circumstances, the full Board of Directors may grant awards under the 2001 Stock Option Plan until September 16, 2011. The termination of the 2001 Stock Option Plan, however, will not alter or impair any rights or obligations under any award previously granted under the plan.

Important Terms and Conditions of the 2001 Stock Option Plan

Edgar Filing: THOUSAND TRAILS INC /DE/ - Form DEF 14A

Awards made under the 2001 Stock Option Plan are subject to the following terms and conditions:

Exercise Price. The price to be paid for shares of Common Stock upon exercise of an Option or Stock Award will be determined by the Compensation Committee or, in certain circumstances, by the full Board of Directors and may be equal to, more than, or less than the fair market value of such shares on the grant date (but in no event less than the par value of such shares). However, the exercise price of ISOs may not be less than 100% of the fair market value of the shares of Common Stock subject to the ISOs on the date the ISOs are granted. In addition, ISOs granted to a Participant owning more than 10% of the outstanding shares of Common Stock may not be less than 110% of the fair market value of the shares of Common Stock subject to the ISOs on the date the ISOs are granted. Fair market value per share of Common Stock as of any day is defined as the closing price of sales of shares of Common Stock on the American Stock Exchange or, if there have been no sales on any such day, the average of the highest bid and lowest asked prices on the American Stock Exchange at the end of such day.

27

Table of Contents

Limitation on Incentive Stock Options. The aggregate fair market value (determined at the time the Option is granted) of shares with respect to which ISOs are exercisable for the first time during any calendar year may not exceed \$100,000. If this limit is exceeded, the excess Options will be treated as Non-qualified Options.

Method of Exercise. An award may be exercised in whole or in part at such times and on such terms as are prescribed by the Compensation Committee in the Participant's award agreement. The exercise price may be paid by delivery to Thousand Trails of cash or, if approved by the Compensation Committee and not prohibited by any agreement to which Thousand Trails is a party, previously acquired shares of Common Stock, or other property acceptable to the Compensation Committee. If employees of Thousand Trails exercise Non-Qualified Options or Stock Awards, they must pay or make arrangements to pay withholding tax requirements applicable to the exercise of the Non-Qualified Options or Stock Awards or the disposition of Common Stock acquired by the exercise thereof.

Exercise Period. Options and Stock Awards will become exercisable on the date of grant unless otherwise specified in the Participant's award agreement prescribed by the Compensation Committee. No ISO may have a term for exercise that is longer than ten years from the date of grant. In addition, any ISO granted to a Participant owning more than 10% of the outstanding shares of Common Stock must terminate not later than five years from the date of grant. Upon termination of a Participant's employment with Thousand Trails and its subsidiaries, unless otherwise specified by the Compensation Committee (in a Participant's award agreement or otherwise), and except as otherwise specified in a properly authorized employment agreement between the Participant and Thousand Trails, a Participant will generally have 90 days after termination of employment to exercise awards that had become exercisable by the date of termination of employment.

Transferability of Awards. Any award made under the 2001 Stock Option Plan is transferable only by will or by the laws of descent and distribution and may be exercised only by the Participant to whom it was made, unless he or she is deceased.

Amendments

The Board of Directors may amend or terminate the 2001 Stock Option Plan at any time and in any manner, provided that (i) an amendment or termination may not affect an award previously granted without the recipient's consent, (ii) an amendment will not be effective until the Stockholders approve it if any national securities exchange or securities association that lists any of Thousand Trails' securities requires stockholder approval, and (iii) the Stockholders must approve any amendment decreasing the minimum exercise price specified in the plan for any ISO granted thereunder.

Adjustments

If the shares of Common Stock are changed into or exchanged for a different number or kind of securities of Thousand Trails or another corporation through reorganization, merger, consolidation, or similar transaction, or increased because of any dividends paid in Common Stock, the Board of Directors will make appropriate and proportionate adjustments in (i) the number of shares of Common Stock (and the exercise price per share) subject to any unexercised Options that the Participants may possess, (ii) the number of shares of Common Stock to be

28

Table of Contents

acquired pursuant to any Stock Award that has not yet vested, and (iii) the maximum number of shares of Common Stock that Thousand Trails may issue under the 2001 Stock Option Plan.

Federal Income Tax Considerations.

Thousand Trails believes that under present law, the following are the U.S. federal income tax consequences generally applicable to awards made under the 2001 Stock Option Plan.

ISOs. A Participant who is granted an ISO recognizes no ordinary income upon grant or exercise of the ISO. However, the amount by which the fair market value of the shares of Common Stock covered thereby exceeds the exercise price on the date of exercise is an item includable in the Participant's alternative minimum taxable income. If a Participant holds the shares acquired upon exercise of the ISO for at least two years from the date of grant of the ISO and at least one year following the exercise (the *Statutory Holding Periods*), the Participant's gain, if any, upon a subsequent disposition of such shares, is taxed as long-term capital gain. If a Participant disposes of the shares acquired pursuant to the exercise of an ISO before satisfying the *Statutory Holding Periods* (a *Disqualifying Disposition*), the Participant will no longer be entitled to favorable tax treatment under the ISO rules. The amount of compensation income resulting from a *Disqualifying Disposition* generally equals the excess of (i) the lesser of the amount realized on the disposition or the fair market value of the shares on the exercise date over (ii) the exercise price. The balance of the gain realized on such a disposition, if any, is a long-term or a short-term capital gain depending on the length of time the shares are held following the exercise of the ISO.

Thousand Trails is not entitled to any deduction with respect to the grant or exercise of an ISO or the subsequent disposition by the Participant of the shares acquired if the Participant satisfies the *Statutory Holding Periods*. If these holding periods are not satisfied, Thousand Trails is entitled to a deduction in the year the Participant makes a *Disqualifying Disposition* of the stock in an amount equal to the Participant's compensation income.

Non-Qualified Stock Options. A Participant who is granted a Non-qualified Option recognizes no income upon the grant of the Non-qualified Option. At the time of exercise, however, the Participant recognizes compensation income equal to the difference between the exercise price and the fair market value of the shares of Common Stock received on the date of exercise. Thousand Trails is entitled to an income tax deduction corresponding to the compensation income recognized by the Participant.

When a Participant disposes of shares of Common Stock received upon the exercise of a Non-qualified Option, the Participant will recognize capital gain or loss equal to the difference between the sales proceeds received and the Participant's basis in the shares sold (exercise price paid plus taxable income previously recognized). The holding period for determining long-term or short-term gain or loss begins to run upon exercise of the option. Thousand Trails will not receive a deduction for any capital gain recognized by the Participant.

Stock Settlements. Under current rulings, if a Participant transfers previously held shares of Common Stock (other than shares subject to ISOs that have not been held for the requisite holding period) in satisfaction of part or all of the exercise price of an ISO or Non-qualified Option, no additional gain will be recognized on the transfer of such previously held shares in satisfaction of the ISO or Non-qualified Option exercise price, although a Participant would still recognize ordinary compensation income upon exercise of a Non-qualified Option in the manner

Table of Contents

described above. Moreover, that number of shares of Common Stock received upon exercise which equals the number of shares of previously held Common Stock surrendered therefor in satisfaction of the ISO or Non-qualified Option exercise price will have a tax basis that equals, and a holding period that includes, the tax basis and holding period of the previously held shares of Common Stock surrendered in satisfaction of the ISO or Non-qualified Option exercise price. Any additional shares of Common Stock received upon exercise will have a tax basis that equals the amount of cash, if any, paid by the Participant, plus the amount of compensation income recognized by the Participant under the rules described above.

Stock Awards. A Participant who is granted Stock Awards may file an election under Section 83(b) of the Code to have the grant taxed as compensation income at the date of receipt, with the result that any future appreciation (or depreciation) in the value of the shares of Common Stock granted will be taxed as capital gain (or loss) on a subsequent sale of the shares. However, if the Participant does not make a Section 83(b) election, the grant will be taxed as compensation income at its fair market value on the date that the restrictions imposed on the shares expire. Any compensation income a Participant recognizes from a grant of a Stock Award is subject to income and employment tax withholding. Thousand Trails is generally entitled to an income tax deduction for any amounts which are taxed as compensation income to the Participant.

Deduction Limitations. If the individual agreements governing specific awards provide for accelerated vesting, lapse of restrictions, deemed satisfaction of performance goals, or payment of an award in connection with a change in control of Thousand Trails, then certain amounts with respect to such an award may constitute an excess parachute payment under the golden parachute provisions of the Code. Pursuant to Section 4999 of the Code, a Participant will be subject to a nondeductible 20 percent excise tax on any excess parachute payment, and pursuant to Section 280G of the Code, Thousand Trails would be denied any deduction with respect to such excess parachute payment. Awards under the 2001 Stock Option Plan, however, are intended to qualify for the performance-based compensation exemption from the tax deduction limitation imposed by Section 162(m) of the Code for compensation over \$1 million paid to a corporation's chief executive officer and certain other executive officers.

Grant of Options to Mr. Shaw

On September 17, 2001, the Compensation Committee and Board of Directors approved the grant to Mr. Shaw of options to purchase 600,000 shares of Common Stock at an exercise price of \$5.93 per share under the 2001 Stock Option Plan, subject to approval by the Stockholders. Options to purchase 16,863 shares of Common Stock are intended to be eligible for treatment as incentive stock options under Section 422 of the Code, and the remaining options are non-qualified options for such purposes. The options have a 10-year term and will vest at the rate of 33 1/3% per year over three years. The exercise price of these options equaled the market value of the Common Stock on the date of grant and, therefore, they provide value to Mr. Shaw only with appreciation in stock prices. In addition, the Compensation Committee and Board of Directors believe this grant of options to Mr. Shaw will further align his interests with those of Thousand Trails and its Stockholders. On September 21, 2001, the closing price of sales of shares of Common Stock on the American Stock Exchange was \$5.85 per share.

Mr. Shaw is not permitted to exercise the options if, and to the extent that, such exercise would violate the restrictions in Article IX of Thousand Trails' Restated Certificate of Incorporation, which are designed to prevent an ownership change for federal tax purposes. In

30

Table of Contents

the event options would otherwise expire at a time Mr. Shaw is not permitted to exercise all or a portion of the options because to do so would violate these restrictions, generally the term of the options will be extended with respect to that portion of the options which would violate the restrictions in order to ensure that Mr. Shaw will have at least a 90-day period after the restrictions cease within which to exercise such options. However, solely with respect to that portion of the options intended to be incentive stock options, the restrictions on exercise will not apply during the last 90 days of the ten-year term, and, if unexercised at the end of such ten-year term, such options will expire.

Stockholder Approval

The affirmative vote of holders of a majority of the shares of Common Stock represented at the Annual Meeting is required to approve the 2001 Stock Option Plan and the grant of options to Mr. Shaw. Unless instructions to the contrary are specified in a properly signed and returned proxy, the proxies will be voted for the approval of the 2001 Stock Option Plan and the grant of options to Mr. Shaw.

The Board of Directors recommends that Stockholders vote For approval of the Thousand Trails, Inc. 2001 Stock Option and Restricted Stock Purchase Plan and Grant of Options to William J. Shaw.

The Audit Committee is composed of three independent directors, each of whom is independent under the listing standards of the American Stock Exchange. The Audit Committee operates under a written charter adopted by the Board of Directors. A copy of the charter is attached to this proxy statement as Appendix B.

The Audit Committee has reviewed and discussed Thousand Trails' audited financial statements with management. The Audit Committee has discussed with Arthur Andersen LLP, Thousand Trails' independent auditor, the matters required to be discussed by Statement of Auditing Standards No. 61, Communication with Audit Committees, which includes, among other items, matters related to the conduct of the audit of

PROPOSAL 3

RATIFICATION OF APPOINTMENT OF ARTHUR ANDERSEN LLP AS INDEPENDENT AUDITOR FOR FISCAL 2002

(Item 3 on Proxy Card)

The Audit Committee has considered the qualifications of Arthur Andersen LLP and recommended that the Board of Directors appoint it as independent auditor (of the consolidated financial statements of Thousand Trails) for the fiscal year ended June 30, 2002. The Audit Committee reviewed its performance in prior years, as well as its reputation for integrity and competence in the fields of accounting and auditing. The Audit Committee has expressed its satisfaction with Arthur Andersen LLP in all of these respects. The Audit Committee's review also included matters required to be considered under the recently promulgated SEC Rules on Auditor Independence and took into account factors relating to independence set forth therein. The Audit Committee's review also included inquiry concerning litigation involving Arthur Andersen LLP and the existence of any investigations by the SEC into the financial reporting practices of the companies audited by it. In this respect the Audit Committee concluded that the ability of Arthur Andersen LLP to perform services for Thousand Trails is not in any way adversely affected by any such investigation or litigation.

During the fiscal year ended June 30, 2001, Thousand Trails retained Arthur Andersen LLP to provide services in the categories set forth in the following table.

Audit Fees	\$ 185,000
Financial Information Systems Design and Implementation Fees	
\$-0-	
All Other Fees	
\$11,000	

The amounts reflected in the table represent aggregate fees billed by Arthur Andersen LLP for these services for the fiscal year ended June 30, 2001.

The Audit Committee has considered whether the provision of non-audit services by Thousand Trails' auditor is compatible with maintaining auditor independence.

The Board of Directors desires to obtain Stockholder ratification of the Board's action in appointing Arthur Andersen LLP as independent auditor of the consolidated financial statements of Thousand Trails for the fiscal year ending June 30, 2002. Representatives of Arthur Andersen LLP will be present at the Annual Meeting and may make a statement if they desire. These representatives will also be available to respond to appropriate questions from the Stockholders.

The Board of Directors recommends that Stockholders vote For ratification of Arthur Andersen as Thousand Trails independent auditor for fiscal 2002.

2001 STOCK OPTION AND RESTRICTED STOCK PURCHASE PLAN**

Section 1. Purpose. The purpose of the Thousand Trails, Inc. 2001 Stock Option and Restricted Stock Purchase Plan (the "Plan") is to promote the interests of Thousand Trails, Inc., a Delaware corporation (the "Company"), and any Subsidiary thereof and the interests of the Company's stockholders by providing an opportunity to selected employees and non-employee directors of the Company or any Subsidiary thereof to purchase Common Stock of the Company. By encouraging such stock ownership, the Company seeks to attract, retain and motivate such employees and non-employee directors and to encourage such employees and non-employee directors to devote their best efforts to the business and financial success of the Company. Under the Plan, the Committee shall have the authority (in its sole discretion) to grant incentive stock options within the meaning of Section 422(b) of the Code, non-qualified stock options as described in Treasury Regulation Section 1.83-7 or any successor regulation thereto, or restricted stock awards.

No person shall have any right to participate in the Plan. Any person selected by the Committee for participation during any one period will not by virtue of such participation have the right to be selected as a Participant for any other period.

Section 4. Common Stock Subject to the Plan.

4.1 Number of Shares. The total number of shares of Common Stock for which Options and/or Awards may be granted under the Plan (as well as the total number of ISOs that may be granted hereunder) shall not exceed in the aggregate 650,000 shares of Common Stock (subject to adjustment as provided in Section 8 hereof). If any shares of Common Stock acquired pursuant to an Award shall have been repurchased by the Company, such shares shall again become available for issuance pursuant to the Plan.

4.3 Special ISO Limitations

(a) ISOs may only be granted to Employees who are regular full-time common law employees of the Company or a Subsidiary of the Company.

This rule shall be applied by taking Options into account in the order in which they were granted.

(c) No ISOs shall be granted to an Employee who, at the time the ISOs are granted, owns (actually or constructively under the provisions of Section 424(d) of the Code) stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any

4.4 Limitations Not Applicable to Non-Qualified Options or Awards. Notwithstanding any other provision of the Plan, the provisions of Sections 4.3(a), (b) and (c) shall not apply, nor shall be construed to apply, to any Non-Qualified Options or Awards granted under the Plan.

5.2 Grant of Options/Awards.

(a) Options. The Committee shall have the sole authority and discretion under the Plan (i) to select the Employees who are to be granted Options hereunder; (ii) to designate whether any Options to be granted hereunder are to be ISOs or Non-Qualified Options; (iii) subject to Sections 3 and 4.1 above, to establish the number of shares of Common Stock that may be issued under each Option; (iv) to determine the time and the conditions subject to which Options may be exercised in whole or in part; (v) to determine the form of the consideration that may be used to purchase shares of Common Stock upon exercise of Options (including the circumstances under which the Company's issued and

outstanding shares of Common Stock may be used by a Participant to exercise Options); (vi) to impose restrictions and/or conditions with respect to shares of Common Stock acquired upon exercise of Options; (vii) to determine the circumstances under which shares may be subject to repurchase by the Company; (viii) to determine the circumstances and conditions subject to which shares acquired upon exercise of Options may be sold or otherwise transferred, including, without limitation, the circumstances and conditions subject to which a proposed sale of shares of Common Stock acquired upon exercise of Options may be subject to the Company's right of first refusal (as well as the terms and conditions of any such right of first refusal); (ix) to establish a vesting provision for Options relating to the time when (or the circumstances under which) the Options may be exercised by a Participant, including, without limitation, vesting provisions that may be contingent upon (A) the Company meeting specified financial goals, (B) a change of control of the Company or (C) the occurrence of other specified events; (x) to accelerate the time when outstanding Options may be exercised, provided, however, that any ISOs may only be accelerated within the meaning of Section 424(h) of the Code; and (xi) to establish any other terms, restrictions and/or conditions applicable to any Options not inconsistent with the provisions of the Plan.

(b) Awards. 5.3 Interpretation. The Committee shall be authorized to interpret the Plan and may, from time to time, adopt such rules and regulations, not inconsistent with the provisions of the Plan, as it may deem advisable to carry out the purposes of the Plan.

Section 6. Terms and Conditions of Options.

6.1 ISOs. The terms and conditions of any ISOs granted under the Plan shall be specified by the Committee and shall be set forth in an ISO agreement between the Company and the Participant in such form as the Committee shall approve. The terms and conditions of any ISOs shall be such that any ISOs issued hereunder shall constitute and shall be treated as incentive stock options as defined in Section 422(b) of the Code. The terms and conditions of any ISOs granted hereunder need not be identical to those of any other ISOs granted hereunder.

The terms and conditions of any ISOs shall include the following:

(a) The exercise price shall be fixed by the Committee but shall in no event be less than 100% (or 110% in the case of an Employee referred to in Section 4.3(c) hereof) of the fair market value of the shares of Common Stock subject to the ISOs on the date the ISOs are granted. For purposes of the Plan, the fair market value per share of Common Stock as of any day shall mean the average of the closing prices of sales of shares of Common Stock on all national securities exchanges on which the Common Stock may at the time be listed or, if there shall have been no sales on any such day, the average of the highest bid and lowest asked prices on all such exchanges at the end of such day, or, if on any day the Common Stock shall not be so listed, the average of the representative bid and asked prices quoted in the National Association of Securities Dealers Automated Quotation System (the NASDAQ System) as of 3:30 p.m., New York time, on such day, or, if on any day the Common Stock shall not be quoted in the NASDAQ System, the average of the highest bid and the lowest asked prices on such day in the over-the-counter market as reported by National Quotation Bureau Incorporated, or any similar successor organization. If at any time the Common Stock is not listed on any national securities exchange or quoted in the NASDAQ System or the over-the-counter market, the fair market value of the shares of Common Stock subject to the Options on the date the ISOs are granted shall be the fair market value thereof determined in good faith by the Board of Directors. The fair market value of Shares of Common Stock subject to ISOs shall be determined without regard to any restriction other than a restriction which, by its terms, will never lapse.

(b) ISOs, by their terms, shall not be transferable otherwise than by will or the laws of descent and distribution, and, during a Participant's lifetime, the ISOs shall be exercisable only by the Participant.

(c) Any ISOs must be granted within ten (10) years from the date the Plan is adopted, or, if earlier, the date the Plan is approved by the stockholders of the Company. The Committee shall fix the term of all ISOs granted pursuant to the Plan (including the date on which the ISOs shall expire and terminate), provided, however, that such term shall in no event exceed ten years from the date on which such ISOs are granted (or, in the case of ISOs granted to an Employee referred to in Section 4.3(c) hereof, such term shall in no event exceed five years from the date on which the ISOs are granted). ISOs shall be exercisable in such amount or amounts, under such conditions and at such times or intervals or in such installments as shall be determined by the Committee in its sole discretion.

(d) To the extent that the Company or any Parent or Subsidiary of the Company is required to withhold any Federal, state or local taxes in respect of any compensation income realized by any Participant as a result of any disqualifying disposition of any shares of Common Stock acquired upon exercise of ISOs granted hereunder, the Company shall deduct from any payments of any kind otherwise due to such Participant the aggregate amount of such Federal, state or local taxes required to be so withheld or, if such payments are insufficient to satisfy such

Federal, state or local taxes, such Participant will be required to pay to the Company, or make other arrangements satisfactory to the Company regarding payment to the Company of, the aggregate amount of any such taxes. All matters with respect to the total amount of taxes to be withheld in respect of any such compensation income shall be determined by the Board of Directors in its sole discretion.

(e) In the sole discretion of the Committee the terms and conditions of any ISOs may (but need not) include any of the following provisions:

(i) In the event a Participant shall cease to be employed by the Company or any Parent or Subsidiary of the Company on a full-time basis for any reason other than as a result of his death or disability (within the meaning of Section 22(e)(3) of the Code), any unexercised ISOs held by such Participant at that time may only be exercised within three (3) months after the date on which the Participant ceased to be so employed, and only to the extent that the Participant could have otherwise exercised such ISOs as of the

date on which he ceased to be so employed.

(ii) In the event a Participant shall cease to be employed by the Company or any Parent or Subsidiary of the Company on a full-time basis by reason of his disability (within the meaning of Section 22(e)(3) of the Code), any unexercised ISOs held by such Participant at that time may only be exercised within one year after the date on which the Participant ceased to be so employed, and only to the extent that the Participant could have otherwise exercised such ISOs as of the date on which he ceased to be so employed.

(iii) In the event a Participant shall die while in the full-time employ of the Company or a Parent or Subsidiary of the Company (or within a period of three (3) months after ceasing to be an Employee for any reason other than his disability or within a period of one year after ceasing to be an Employee by reason of such disability), any unexercised ISOs held by such Participant at the time of his death may only be exercised within one year after the date of such Participant's death, and only to the extent that the Participant could have otherwise exercised such ISOs at the time of his death. In such event, such ISOs may be exercised by the executor or administrator of the Participant's estate or by any person or persons who shall have acquired the ISOs directly from the Participant by bequest or inheritance.

6.2 Non-Qualified Options. The terms and conditions of any Non-Qualified Options granted under the Plan shall be specified by the Committee, in its sole discretion, and shall be set forth in a written option agreement between the Company and the Participant in such form as the Committee shall approve. The terms and conditions of any Non-Qualified Options will be such (and each Non-Qualified Option Agreement shall expressly so state) that any Non-Qualified Options issued hereunder shall not constitute nor be treated as incentive stock options as defined in Section 422(b) of the Code but will be non-qualified stock options for Federal, state or local income tax purposes. The terms and conditions of any Non-Qualified Options granted hereunder need not be identical to those of any other Non-Qualified Options granted hereunder.

The terms and conditions of each Non-Qualified Option Agreement shall include the following:

(a) The exercise price shall be fixed by the Committee and may be equal to, more than or less than 100% of the fair market value of the shares of Common Stock subject to the Non-Qualified Options on the date such Non-Qualified Options are granted, provided, however, that the exercise price shall not be less than the par value of such shares of Common Stock.

(b) The Committee shall fix the term of all Non-Qualified Options granted pursuant to the Plan (including the date on which such Non-Qualified Options shall expire and terminate). Such term may be more than ten years from the date on which such Non-Qualified Options are granted. Non-Qualified Options shall be exercisable in such amount or amounts, under such conditions (including provisions governing the rights to exercise such Non-Qualified Options), and at such times or intervals or in such installments as shall be determined by the Committee in its sole discretion.

(c) Non-Qualified Options shall not be transferable otherwise than by will or the laws of descent and distribution, and during a Participant's lifetime Non-Qualified Options shall be exercisable only by the Participant.

(d) To the extent that the Company is required to withhold Federal, state or local taxes in respect of any compensation income realized by any Participant in respect of any Non-Qualified Options granted hereunder or in respect of any shares of Common Stock acquired upon exercise of Non-Qualified Options, the Company shall deduct from any payments of any kind otherwise due to such Participant the aggregate amount of such Federal, state or local taxes required to be so withheld or, if such payments are insufficient to satisfy such Federal, state or local taxes, or if no such payments are due or to become due to such Participant, then, such Participant will be required to pay to the Company, or make other arrangements satisfactory to the Company regarding payment to the Company of, the aggregate amount of any such taxes. All matters with respect to the total amount of taxes to be withheld in respect of any such compensation income shall be determined by the Board of Directors in its sole discretion.

Section 7. Terms and Conditions of Awards. The terms and conditions of each Award granted under the Plan shall be specified by the Committee, in its sole discretion, and shall be set forth in a written agreement between the Participant and the Company, in such form as the Committee shall approve. The terms and provision of any Award granted hereunder need not be identical to those of any other Award granted hereunder.

The terms and conditions of each Award shall include the following:

(a) The amount to be paid by a Participant to acquire the shares of Common Stock pursuant to an Award shall be fixed by the Board of Directors (or the Committee) and may be equal to, more than or less than 100% of the fair market value of the shares of Common Stock subject

to the Award on the date the Award is granted (but in no event less than the par value of such shares).

(b) Each Award shall contain such vesting provisions, such transfer restrictions and such other restrictions and conditions as the Committee, in its sole discretion, may determine, including, without limitation, the circumstances under which the Company shall have the right and option to repurchase shares of Common Stock acquired pursuant to an Award.

(c) Stock certificates representing Common Stock acquired pursuant to an Award shall bear a legend referring to the restrictions imposed on such stock and such other matters as the Committee may determine.

(d) To the extent that the Company is required to withhold any Federal, state or local taxes in respect of any compensation income realized by the Participant in respect of an Award

granted hereunder, or in respect of any shares acquired pursuant to an Award, or in respect of the vesting of any such shares of Common Stock, then the Company shall deduct from any payments of any kind otherwise due to such Participant the aggregate amount of such Federal, state or local taxes required to be so withheld or, if such payments are insufficient to satisfy such Federal, state or local taxes, or if no such payments are due or to become due to such Participant, then, such Participant will be required to pay to the Company, or make other arrangements satisfactory to the Company regarding payment to the Company of, the aggregate amount of any such taxes. All matters with respect to the total amount of taxes to be withheld in respect of any such compensation income shall be determined by the Committee in its sole discretion.

Section 8. Adjustments. In the event that, after the adoption of the Plan by the Board of Directors, the outstanding shares of the Company's Common Stock shall be changed into or exchanged for a different number or kind of shares of stock or other securities of the Company or of another corporation through reorganization, merger or consolidation, recapitalization, reclassification, stock split, split-up, combination or exchange of shares or increased because of any dividends paid in Common Stock, the Board of Directors shall appropriately adjust (i) the number of shares of Common Stock (and the exercise price per share) subject to any unexercised Options (to the nearest possible full share), provided, however, that the limitations of Section 424 of the Code shall apply with respect to adjustments made to ISOs, (ii) the number of shares of Common Stock to be acquired pursuant to an Award which have not become vested, and (iii) the number of shares of Common Stock for which Options and/or Awards may be granted under the Plan, as set forth in Sections 3 and 4.1 hereof, and such adjustments shall be effective and binding for all purposes of the Plan.

Section 9. Effect of the Plan on Employment Relations. Neither the Plan nor any Options and/or Award granted hereunder to a Participant shall be construed as conferring upon such Participant any right to continue in the employ of (or otherwise provide services to) the Company or any Subsidiary or Parent thereof, or limit in any respect the right of the Company or any Subsidiary or Parent thereof to terminate such Participant's employment or other relationship with the Company or any Subsidiary or Parent, as the case may be, at any time.

Section 10. Amendment of the Plan. The Board of Directors may amend the Plan from time to time as it deems desirable; provided, however, that, (a) no such amendment shall deprive any Participant of any Options and/or Award theretofore granted under the Plan, without the consent of such Participant, or of any of his or her rights thereunder or with respect thereto; and (b) without the approval of the holders of a majority of the stock of the Company present, or represented, and entitled to vote thereon at a meeting, the Board of Directors may not amend the Plan (i) to increase (except for increases due to adjustments in accordance with Section 8 hereof) the aggregate number of shares of Common Stock for which Options and/or Awards may be granted hereunder; (ii) to decrease the minimum exercise price specified by the Plan in respect of ISOs; (iii) to change the class of Employees eligible to receive ISOs under the Plan; or (iv) to make any other change requiring shareholder approval under any applicable rule, regulation, or procedure of any national securities exchange or securities association upon which any securities of the Company are listed (or any listing agreement with any such securities exchange or securities association).

Section 11. Termination of the Plan. The Board of Directors may terminate the Plan at any time. Unless the Plan theretofore has been terminated by the Board of Directors, the Plan shall terminate on September 16, 2011. No Options and/or Award may be granted hereunder after termination of the Plan. The termination of the Plan shall not alter or impair any rights or obligations under any Options and/or Award theretofore granted under the Plan.

Section 12. Effective Date of the Plan. The Plan shall be effective as of September 17, 2001, the date on which the Plan was adopted by the Board of Directors of the Company; provided, however, that the Plan shall be null and void ab initio unless approved by the affirmative vote of the holders of a majority of the stock of the Company present, or represented, and entitled to vote at a meeting of the stockholders of the Company held within twelve (12) months before or after the date of such adoption. Options and/or Awards may be granted under the Plan at any time on or after September 17, 2001, provided, however, that any such grant shall be null and void ab initio unless the Plan is approved by the affirmative vote of the holders of a majority of the stock of the Company present, or represented, and entitled to vote at a meeting of the stockholders of the Company held within twelve (12) months before or after the date of adoption of the Plan.

Section 13. Legal Restrictions. Nothing herein, in any agreement entered into hereunder, or in any Options or Award granted hereunder, shall require the Company to sell or issue any Common Stock or other securities pursuant to any Options or Award if such sale or issuance would, in the opinion of counsel for the Company, constitute a violation of the Securities Act of 1933, as amended, or any similar or superseding statute or statutes, or any other applicable federal or state statute, rule, or regulation, as then in effect. At the time of any grant or exercise of any Options or Award, or sale or issuance of Common Stock or other securities pursuant thereto, the Company may, as a condition precedent to the sale or issuance of Common Stock or other securities pursuant thereto, require from the holder of the Options or Award (or in the event of his death, his legal representatives, legatees, or distributees) such written representations, if any, concerning his (or the transferee's) intentions with regard to the retention or disposition of the Common Stock or other securities being acquired pursuant to such Options or Award, and such written covenants and agreements, if any, as to the manner of disposal of such Common Stock or other securities as, in the opinion of counsel to the Company, may be necessary to ensure that any disposition by such holder (or in the event of his death, his legal representatives, legatees, or distributees), will not involve a violation of the Securities Act of 1933, as amended, or any similar or superseding statute or statutes, or any other applicable federal or state statute, rule, or regulation, as then in effect. Certificates for Common Stock or other securities, when issued, shall have appropriate legends, or statements of other applicable restrictions, endorsed thereon, and may or may not be immediately transferable.

Section 14. Governing Law. All questions arising with respect to the provisions of the Plan or any agreement entered into hereunder or any Options or Award shall be determined by application of the laws of the State of Delaware except to the extent Delaware law is preempted by federal law.

Dated as of September 17, 2001.
