DENVER, COLORADO 80222-7900

PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON APRIL 26, 2002

This Proxy Statement is furnished to stockholders of Apartment Investment and Management Company ("AIMCO" or the "Company"), a real estate investment trust ("REIT"), in connection with the solicitation of proxies in the form enclosed herewith for use at the Annual Meeting of Stockholders of the Company (the "Meeting") to be held on Friday, April 26, 2002, at 9:00 a.m. at the principal executive offices of the Company at 2000 South Colorado Boulevard, Tower Two, Suite 2-1000, Denver, Colorado 80222-7900, and at any and all adjournments or postponements thereof, for the purposes set forth in the Notice of Meeting. This Proxy Statement and the enclosed form of proxy are first being mailed to stockholders on or about April 3, 2002.

This solicitation is made by mail on behalf of the Board of Directors of the Company. Costs of the solicitation will be borne by the Company. Further solicitation of proxies may be made by telephone, fax or personal interview by the directors, officers and employees of the Company and its affiliates, who will not receive additional compensation for the solicitation. The Company has retained the services of Georgeson Shareholder, for an estimated fee of \$4,000, plus out-of-pocket expenses, to assist in the solicitation of proxies from brokerage houses, banks, and other custodians or nominees holding stock in their names for others. The Company will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy material to stockholders.

Holders of record of the Class A Common Stock of the Company ("Common Stock") as of the close of business on the record date, March 15, 2002 (the "Record Date"), are entitled to receive notice of, and to vote at, the Meeting. Each share of Common Stock entitles the holder to one vote. At the close of business on the Record Date, there were 76,728,847 shares of Common Stock issued and outstanding.

Shares represented by proxies in the form enclosed, if the proxies are properly executed and returned and not revoked, will be voted as specified. Where no specification is made on a properly executed and returned proxy, the shares will be voted: FOR the election of all nominees for director; FOR the ratification of the selection of Ernst & Young LLP as independent auditors for the calendar year ending December 31, 2002 and FOR the approval of the sale of an aggregate of 5,000 High Performance Partnership Units of AIMCO Properties, L.P. (the "Operating Partnership"). To be voted, proxies must be filed with the Secretary of the Company prior to voting. Proxies may be revoked at any time

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form PRE 14A

before voting by filing a notice of revocation with the Secretary of the Company, by filing a later dated proxy with the Secretary of the Company or by voting in person at the Meeting. Shares represented by proxies that reflect abstentions or "broker non-votes" (i.e., shares held by a broker or nominee which are represented at the Meeting, but with respect to which such broker or nominee is not empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

The Company's 2001 Annual Report to Shareholders is being mailed with this Proxy Statement. The principal executive offices of the Company are located at 2000 South Colorado Boulevard, Tower Two, Suite 2-1000, Denver, Colorado 80222-7900.

PROPOSAL 1: ELECTION OF DIRECTORS

Pursuant to the Company's Charter, directors are elected at each Annual Meeting of Stockholders and hold office for one year, and until their successors are duly elected and qualify. The Company's Bylaws currently authorize a Board of Directors consisting of not fewer than three nor more than nine persons.

The nominees for election to the six positions on the Board of Directors selected by the Nominating Committee of the Board of Directors to be voted upon at the Meeting are James N. Bailey, Terry Considine, Richard S. Ellwood, Peter K. Kompaniez, J. Landis Martin and Thomas L. Rhodes, all of whom were elected to the Board of Directors at the last Annual Meeting of Stockholders. Messrs. Bailey, Ellwood, Martin, and Rhodes (the "Independent Directors") are not employed by, or affiliated with, the Company, other than by virtue of serving as directors of the Company. Unless authority to vote for the election of directors has been specifically withheld, the persons named in the accompanying proxy intend to vote for the election of Messrs. Bailey, Considine, Ellwood, Kompaniez, Martin and Rhodes to hold office as directors for a term of one year until their successors are elected and qualify at the next Annual Meeting of Stockholders. All nominees have advised the Board of Directors that they are able and willing to serve as directors.

If any nominee becomes unavailable for any reason (which is not anticipated), the shares represented by the proxies may be voted for such other person or persons as may be determined by the holders of the proxies (unless a proxy contains instructions to the contrary). In no event will the proxy be voted for more than six nominees.

Directors will be elected by a favorable vote of a plurality of the shares of voting stock present and entitled to vote, in person or by proxy, at the Meeting. Accordingly, abstentions or broker non-votes as to the election of directors will not affect the election of the candidates receiving the plurality of votes. Unless instructed to the contrary in the proxy, the shares represented by the proxies will be voted FOR the election of the six nominees named above as directors.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" EACH OF THE SIX NOMINEES.

PROPOSAL 2: RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The firm of Ernst & Young LLP, the Company's independent auditors for

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form PRE 14A

the year ended December 31, 2001, was selected by the Board of Directors, upon the recommendation of the Audit Committee, to act in the same capacity for the fiscal year ending December 31, 2002, subject to ratification by the Company's stockholders. The aggregate fees billed for services rendered by Ernst & Young LLP during the year ended December 31, 2001 are as follows:

Audit Fees. The aggregate fees billed by Ernst & Young LLP to the Company for professional services rendered for audits of the annual financial statements of the Company and certain of its subsidiaries and affiliates (approximately 600 entities) for the fiscal year ended December 31, 2001 and for the review of the financial statements included in the Quarterly Reports on Form 10-Q of the Company and certain of its subsidiaries and affiliates for the fiscal year ended December 31, 2001 were \$6.8 million.

All Other Fees. The aggregate fees billed for all other services rendered by Ernst & Young LLP to the Company and certain of its subsidiaries and affiliates for the fiscal year ended December 31, 2001 were \$10.7 million, which includes audit-related services of \$3.3 million and non-audit services of \$7.4 million. Audit related services generally include fees for merger and acquisition due diligence, employee benefit plan audits, accounting consultations and registration statements filed with the Securities and Exchange Commission. Non-audit services consisted of \$6.5 million of tax compliance for over 900 entities affiliated with the Company and \$0.9 million of consulting services.

Representatives of Ernst & Young LLP will be present at the Meeting and will be given the opportunity to make a statement if they so desire and to respond to appropriate questions.

The affirmative vote of a majority of the votes cast regarding the proposal is required to ratify the selection of Ernst & Young LLP. Accordingly, abstentions or broker non-votes will not affect the outcome of the vote on the proposal. Unless instructed to the contrary in the proxy, the shares represented by the proxies will be voted FOR the proposal to

3

ratify the selection of Ernst & Young LLP to serve as independent auditors for the Company for the fiscal year ending December 31, 2002.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE SELECTION OF ERNST & YOUNG LLP.

PROPOSAL 3: APPROVAL OF THE SALE OF HIGH PERFORMANCE UNITS

As an additional step in furtherance of the Company's goal of increasing AIMCO's adjusted funds from operations, dividend income and share price by making share ownership the primary economic motivation of its officers and directors, in January 1998, the Operating Partnership sold an aggregate of 15,000 Class I High Performance Partnership Units (the "Class I Units") to a joint venture formed by fourteen of the Company's officers and to three of the Company's Independent Directors. Based on the success of the Class I Units, in January 2001, the Board of Directors decided to sell to the Company's employees additional High Performance Units. In 2001, upon approval of shareholders, the Operating Partnership sold an aggregate of 15,000 of its Class II, III, and IV High Performance Partnership Units (the "Class II Units", "Class III Units" and "Class IV Units") to over 60 employees of the Company. Unlike Common Stock,

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form PRE 14A

Partnership Common Units ("OP Units") and options to purchase Common Stock, the High Performance Units provide the following advantages to the Company:

- o the Operating Partnership receives cash consideration for an interest that will have nominal cost to the Company unless the total return to the Company's stockholders for the relevant measurement period exceeds a minimum hurdle rate and is significantly better than the industry average (as measured by the Morgan Stanley REIT Index); and
- o any value received by the purchasers of the High Performance Units is not readily transferable and constitutes a long-term investment in the Company, providing a further substantial and enduring alignment of the long-term economic interests of the Company and its officers.

The following table details the results of the High Performance Units that have been previously issued and for which the relevant measurement period has ended:

	CLASS I UNITS	CLASS II UNITS
Measurement Period	1/1/98 - 12/31/00	1/1/01 - 12/31/01
AIMCO Total Return	59.24%	
MS REIT Index Total Return	0.58%	
Minimum Return for Measurement Period	30.00%	
Excess (Outperformance) Return	29.24%	
Weighted Average Market Value of Outstanding Equity (in millions)	\$2,623	
Excess (Outperformance) Shareholder Value Added (in millions, at end of measurement period)	\$767	
Value of Units (in millions, at end of measurement period)	\$115	

As shown in the above table, the Class II Units were valued at \$0, and therefore, the allocable investment made by the holders of \$1.275 million was lost.

In addition to the Class I and Class II High Performance Partnership Units described above, the Operating Partnership has also sold 5,000 Class III Units and 5,000 Class IV Units, which have measurement periods of January 1, 2001 through December 31, 2002 and January 1, 2001 through December 31, 2003, respectively.

4

The following table details the results of the High Performance Units that have been previously issued and for which the relevant measurement periods have not yet ended:

	CLASS III UNITS	CLASS IV UNITS
Measurement Period	1/1/01 - 12/31/02	1/1/03 - 12/31/03
AIMCO Total Return (for period from 1/1/01 through 12/31/01)	0.21%	
MS REIT Index Total Return (for period from 1/1/01 through 12/31/01)	12.83%	
Minimum Return for Measurement Period	23.20%	

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form PRE 14A

Outperformance Return (for period from 1/1/01 through 12/31/01)	0.00%
Weighted Average Market Value of Outstanding Equity (in millions for the period from 1/1/01 through 12/31/01)	\$3,858
Outperformance Shareholder Value Added (in millions, at 12/31/01)	\$0
Value of Units (in millions, at 12/31/01)	\$0

As shown in the above table, the Class III Units and Class IV Units were valued at \$0 for the period of January 1, 2001 through December 31, 2001, however, the full measurement period for Class III Units ends on December 31, 2002 and Class IV Units ends on December 31, 2003.

This year, the Board of Directors has decided to sell a new class of High Performance Units (Class V High Performance Partnership Units), which have identical characteristics to the Class IV Units sold in 2001 except for the dilutive impact limit which was reduced from 1.5% to 1% and a different three year measurement period. The specific characteristics of the Class V High Performance Partnership Units are shown below:

- o The new High Performance Units will have a three-year measurement period starting on January 1, 2002 and ending December 31, 2004.
- o The new High Performance Units will have nominal value unless the AIMCO total return (dividend income plus share price appreciation) exceeds 115% of the cumulative total return of the Morgan Stanley REIT Index and has a cumulative total return for the three year period of at least 36.8% (equivalent to 11% per year).
- o The amount, if any, by which the total return of the Common Stock over the measurement period exceeds the applicable total return hurdle will be considered the "Outperformance Return."
- o Outperformance Return multiplied by AIMCO's average market capitalization will be considered "Outperformance Shareholder Value Added" for shareholders.
- o If the minimum total return hurdle is met as of December 31, 2004, the holders of the new High Performance Units will thereafter receive distributions and allocations of income and loss at the same time and in the same amount (subject to certain exceptions upon liquidation of the Operating Partnership) as a number of OP Units equal to (i) 5% of Outperformance Value Added divided by (ii) the average volume weighted price of the Company's Common Stock over the 20 trading days ending on the determination date (subject to the limits on dilution described below).
- o Investment in the new High Performance Units will be offered to approximately 50 employees of the Company, and there will be no participation by the independent board members.
- o The new High Performance Units are not transferable (except to family trusts or partnerships) until the holder of the units dies, and are not exchangeable for Common Stock unless there is a change of control of the Company.
- o The dilutive impact to AIMCO's stockholders from the new High Performance Units will be limited to 1.0%.

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form PRE 14A

- o In calculating the AIMCO total returns for the new High Performance Units, the initial value of the Common Stock will be \$45.19. This was also the price used to determine the total return of the Common Stock for purposes of valuing the Class II High Performance Partnership Units issued in January 2001, for which the measurement period ended December 31, 2001. It is an average of the volume-weighted daily trading price of the Common Stock for the 20 consecutive trading days immediately preceding the end of the period on December 31, 2001.

The Company's Board of Directors has determined, based upon the advice of an independent valuation expert, that the fair value of the 5,000 new High Performance Units is \$999,064 in the aggregate. The employees who are offered the opportunity to invest in the new High Performance Units will do so through a senior management partnership, SMP 2005, L.L.C., a Delaware limited liability company (the "SMP"), which will hold the new High Performance Units until their valuation date. The terms of the limited liability company agreement of the SMP will restrict the employees' ability to transfer their interests, and provides the SMP with a right to repurchase the interest of any employee at the original purchase price if such employee's employment with the Company is terminated for any reason (other than by death or disability) before the end of the measurement period. As with previous High Performance Units, the employees are investing through a limited liability company to ensure that there is no opportunity to profit from the ownership of High Performance Units before the valuation date.

A family partnership controlled by Terry Considine, the Chairman of the Board and Chief Executive Officer of the Company, and Peter Kompaniez, the Vice-Chairman of the Board and President of the Company, will own approximately 40% and 10%, respectively, of the SMP. The remaining interests in the SMP may be owned by the other employees of the Company. Accordingly, Messrs. Considine and Kompaniez will beneficially own 50% of the High Performance Units purchased by the SMP. The \$999,064 million aggregate purchase price to be paid by the SMP for the High Performance Units will be funded with cash contributions from the employees participating in the SMP. To the extent that offerees elect not to participate, their interests will be offered to other participants on a proportionate basis.

Holders of the new High Performance Units will not be able redeem their High Performance Units prior to the date (the "Valuation Date") that is the earlier of (i) January 1, 2005, or (ii) the date on which a change of control (as defined in the Operating Partnership's Agreement of Limited Partnership) occurs. Holders of the new High Performance Units will be entitled to receive distributions and allocations of income and loss from the Operating Partnership in the same amounts and at the same times (subject to certain exceptions upon liquidation of the Operating Partnership) as would holders of a number of OP Units (the "OP Unit Equivalent"). Prior to the relevant Valuation Date, the OP Unit Equivalent will be 0.01 for each new High Performance Unit. If, on the Valuation Date, the cumulative Total Return of the Company Common Stock from January 1, 2002 to December 31, 2004 (the "Measurement Period") exceeds 115% of the cumulative Total Return of a peer group index over the same period, and is at least the equivalent of 36.8% cumulative Total Return over the three year period (the "Minimum Return"), then, on and after the Valuation Date, the OP Unit Equivalent for each new High Performance Unit will be revised to equal (i) the product of (A) 5% of the amount by which the cumulative Total Return of the Company Common Stock over the Measurement Period exceeds the greater of 115% of a peer group index or the Minimum Return (such excess being the "Outperformance Return"), multiplied by (B) the weighted average market value of the Company's equity capitalization (including Common Stock and OP Units but not preferred stock or preferred units), divided by (ii) the product of (A) the market value of one share of Common Stock on the Valuation Date and (B) the 5,000 new High Performance Units originally issued. However, the number of OP Unit Equivalents for the 5,000 new High Performance Units may not exceed 1.0% of the number of

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form PRE 14A

shares of Common Stock and OP Units outstanding, on a fully diluted basis, on the Valuation Date. If, on the Valuation Date, the cumulative Total Return of the Company Common Stock does not satisfy these criteria, then the OP Unit Equivalent for the new High Performance Units will remain at 0.01 per Unit. For purposes of determining the market value of Common Stock or OP Units as of any date, the average of the volume-weighted daily trading price of the Common Stock for the 20 consecutive trading days immediately preceding such date is used, except that the value of a share of Common Stock as of January 1, 2002 will be \$45.19, the price used to determine the value of the Class II High Performance Partnership Units as of December 31, 2001.

As with previously-issued High Performance Units, the Morgan Stanley REIT Index will be used as the peer group index (the "Peer Group Index") for purposes of the new High Performance Units. The Morgan Stanley REIT Index is a capitalization-weighted index, with dividends reinvested, of the most actively traded real estate investment trusts. As of December 31, 2001, the Morgan Stanley REIT Index was comprised of 116 real estate investment trusts selected by Morgan Stanley Incorporated. The Board of Directors of the Company has selected this index because it believes that it

6

is the real estate investment trust index most widely reported and accepted among institutional investors. The Board of Directors may select a different index if it determines that the Morgan Stanley REIT Index is no longer an appropriate comparison for the Company; if the Morgan Stanley REIT Index is not maintained throughout the Measurement Period; or for any other reason that the Board of Directors determines.

"Total Return" means, for any security and for any period, the cumulative total return for such security over such period, as measured by (i) the sum of (a) the cumulative amount of dividends paid in respect of such security for such period (assuming that all cash dividends are reinvested in such security as of the payment date for such dividend based on the security price on the dividend payment date), and (b) an amount equal to (x) the security price at the end of such period, minus (y) the security price at the beginning of such period, divided by (ii) the security price at the beginning of the measurement period; provided, however, that if the foregoing calculation results in a negative number, the Total Return shall be equal to zero.

The new High Performance Units are subject to certain restrictions on transfer. The SMP may not transfer its High Performance Units until after the Valuation Date, and then only to its participants or to one of their family members (or a family-owned entity). Individuals may not transfer High Performance Units except to a family member (or a family-owned entity) or in the event of death or disability. The new High Performance Units are not convertible into Common Stock. However, in the event of a change of control of the Company, holders of the new High Performance Units will have redemption rights similar to those of holders of OP Units. Upon the occurrence of a change of control, any holder of the new High Performance Units may, subject to certain restrictions, require the Operating Partnership to redeem all or a portion of the High Performance Units held by such party in exchange for a cash payment per unit equal to their market value at the time of redemption. However, in the event that any High Performance Units are tendered for redemption, the Operating Partnership's obligation to pay the redemption price is subject to the prior right of the Company to acquire such High Performance Units in exchange for an equal number of shares of Common Stock (subject to certain adjustments).

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form PRE 14A

Although the Company does not believe that the sale of the new High Performance Units will have an anti-takeover effect, the High Performance Units could increase the potential cost of acquiring control of the Company and thereby discourage an attempt to take control of the Company. However, the Board of Directors is not aware of any attempt to take control of the Company and the Board of Directors has not approved the sale of the new High Performance Units with the intention of discouraging any such attempt.

If the Company's Total Return over the Measurement Period exceeds 115% of the Total Return of the Morgan Stanley REIT Index and exceeds the Minimum Return of 36.8% over three years, then the holders of new High Performance Units could be entitled to a significant percentage of future distributions made by the Operating Partnership. This would have a dilutive effect on future earnings per share of Common Stock, and on the Company's equity ownership in the Operating Partnership after the Valuation Date. However, the maximum dilutive effect for the new class of High Performance Units will be 1.0% of the number of shares of Common Stock and OP Units outstanding, on a fully diluted basis, on the Valuation Date.

The following table sets forth the cumulative Total Returns of the Company's Common Stock and the Morgan Stanley REIT Index, respectively, for each year in the period from January 1, 1998 through December 31, 2000, which were the returns used for the valuation of the Class I Units. However, such historical results are not necessarily indicative of future performance.

	YEAR ENDED DECEMBER 31,		
	1998	1999	2000
	-----	-----	-----
Cumulative Total Return of Company Common Stock	7.77%	22.71%	59.24%
Cumulative Total Return of Morgan Stanley REIT Index	(16.83)%	(20.69)%	0.58%

7

The following table sets forth the cumulative Total Returns of the Company Common Stock and the Morgan Stanley REIT Index, respectively, for the period from January 1, 2001 through December 31, 2001, which were the returns used in the valuation of the Class II, Class III and Class IV Units to date. However, such historical results are not necessarily indicative of future performance.

	YEAR ENDED DECEMBER 31, 2001 ----
Cumulative Total Return of Company Common Stock	0.21%
Cumulative Total Return of Morgan Stanley REIT Index	12.83%

The table below illustrates the value of the new High Performance Units on the Valuation Date under different circumstances. The table demonstrates the value of the new High Performance Units at given prices for Common Stock and the

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form PRE 14A

total return calculated at that price compared to both the Minimum Return and 115% of the peer group total return. For purposes of this illustration, the "value" of the new High Performance Units is calculated by multiplying (a) 5% of the Outperformance Return, by (b) the weighted average market value of the Company's equity capitalization (including Common Stock and OP Units not held by the Company) over the Measurement Period. However, this determination of value does not represent the actual fair market value of the High Performance Units on the Valuation Date because the High Performance Units are subject to substantial restrictions on transfer and, in the absence of a change of control, do not entitle the holders thereof to any redemption rights. Except as otherwise indicated, it is assumed, for purposes of the illustration, that the Valuation Date is January 1, 2004, the Peer Group Index has an annual Total Return of 36.8%; and the weighted average market value of outstanding equity (Common Stock and OP Units not held by the Company) during the Measurement Period is \$3.965 billion. Other important assumptions are set forth in the footnotes below the following table.

The table below is for illustrative purposes only and there can be no assurance that actual outcomes will be within the ranges used. Some of the factors that could affect the results set forth in the table are the Total Return of the Common Stock relative to the Total Return of the Morgan Stanley Index, and the market value of the average outstanding equity of the Company during the Measurement Period. These factors may be affected by general economic conditions, local real estate conditions and the dividend policy of the Company.

- (1) If "Outperformance Shareholder Value Added" is \$0, the "Cash Proceeds to Company from Initial Investment" is calculated by subtracting the "Value of High Performance Units" from \$999,064 which is the purchase price of 5,000 Class V Units.
- (2) AIMCO Total Return is calculated in the above example as follows:
 $((\text{Stock Price} + 2002 \text{ Annual Dividend} + 2003 \text{ Annual Dividend} + 2004 \text{ Annual Dividend}) - \$45.19) / \$45.19$, where 2002 Annual Dividend equals \$3.28, 2003 Annual Dividend equals \$3.45 and 2004 Annual Dividend equals \$3.63. The 2003 and 2004 Annual Dividends include a 5.13% increase over 2002 and 2003, respectively.
- (3) "Outperformance Return" is the amount, if any, by which the total return of the AIMCO Class A Common Stock over the measurement period exceeds the greater of the Minimum Return or 115% of the MS REIT Index Total Return.
- (4) Assumes the market value of outstanding equity (AIMCO Class A Common Stock and Common OP Units) at December 31, 2001 throughout the measurement period.
- (5) "Outperformance Shareholder Value Added" is calculated by multiplying the Outperformance Return by the average market capitalization.
- (6) The "Value of High Performance Units" is calculated by multiplying the Outperformance Shareholder Value Added by 5%. If Outperformance Shareholder Value Added is \$0, the Value of High Performance Units is calculated by multiplying the stock price by 50 OP Units. The initial investment of \$999,064 for the Class V Units will continue to be treated as contributed equity on the balance sheet of the Operating Partnership.
- (7) The "OP Unit Dilution" is calculated by dividing the Value of High Performance Units by the stock price at the end of the period.
- (8) "OP Unit Dilution as a Percentage of Total Diluted Shares Outstanding"

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form PRE 14A

is calculated by dividing the OP Unit Dilution by the total weighted-average diluted shares outstanding as of December 31, 2001 (103.4 million shares).

- (9) The maximum dilution for the Class V Units is 1.0% of the total weighted-average diluted units outstanding.

AUDIT COMMITTEE REPORT TO STOCKHOLDERS

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. A written charter approved by the Board of Directors governs the Audit Committee.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, their judgments as to the quality, not just the acceptability, of the Company's accounting principles. The Audit Committee also has discussed with the independent auditors the matters required to be discussed by Statement of Auditing Standards No. 61 relating to communication with audit committees. In addition, the Audit Committee has received from the independent auditors the written disclosures and letter required by Independence Standards Board Standard No. 1 relating to independence discussions with audit committees, has discussed with the independent auditors their independence from the Company and its management, and has considered whether the independent auditor's provision of non-audit services to the Company is compatible with maintaining the auditor's independence.

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form PRE 14A

The Committee discussed with the Company's independent auditors the overall scope and plans for their audit. The Committee meets with the independent auditors, with and without management present, to discuss the results of their examination, their evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee held four meetings during fiscal year 2001.

None of the Audit Committee members has a relationship with the Company that might interfere with exercise of his independence from the Company and its management.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2001 for filing with the Securities and Exchange Commission. The Committee has also determined that provision by Ernst & Young LLP of other non-audit services is compatible with maintaining Ernst & Young LLP's independence. The Committee and the Board have also recommended, subject to stockholder approval, the selection of the Company's independent auditors.

- (5) Includes 74,743 shares held by Mr. Considine's spouse, Elizabeth Considine, for which Mr. Considine disclaims beneficial ownership, 98,963 shares held by a non-profit foundation in which Mr. Considine has shared voting and investment power, for which Mr. Considine disclaims beneficial ownership, and 80,000 shares held by Titaho Limited Partnership RLLLP ("Titaho"), a Registered Limited Liability Limited Partnership in which Mr. Considine's brother is the trustee for the sole general partner and for which Mr. Considine disclaims beneficial ownership. The 840,801 OP Units include 179,735 OP Units held by an entity in which Mr. Considine has sole voting and investment power, 2,300 OP Units held by Titahotwo, and 157,698 OP Units held by Mr. Considine's spouse, Elizabeth Considine, for which Mr. Considine disclaims beneficial ownership. COMPENSATION COMMITTEE REPORT TO STOCKHOLDERS

The four members of the Board of Directors who are not members of management constitute the Compensation Committee. The Compensation Committee determines the compensation of the Chief Executive Officer and the President; reviews and approves compensation of other corporate officers holding the title of Executive Vice President ("Other Senior Management" and together with the Chief Executive Officer and the President, "Senior Management"); reviews the general compensation and benefit practices of the Company; and administers the Company's stock option and other stock related plans.

In conducting its review and in making its determination and granting approvals, the Committee considers various factors: the alignment of management financial awards with shareholder objectives for Total Return (dividend income plus share price appreciation); reasonability of compensation in consideration of all the facts, including Total Return, the size and complexity of the Company, and practices of other real estate investment trusts; and recruitment and retention of the Company's management.

Compensation of Senior Management is comprised of Base Compensation, Bonus Compensation and Long Term Incentive Compensation (collectively "Total Compensation"). The policy of the Compensation Committee is to set Base Compensation at or below the median paid by comparable companies to executive officers with comparable responsibilities; to utilize Bonus Compensation with a mixture of cash and stock options and/or restricted stock to reward specific achievements with reference to the median levels of the peer group; and to utilize Long Term Incentive Compensation (which is a mixture of stock options and restricted stock), at levels dependant upon the Company's performance. In years when the Company's financial performance is superior to its peer group, (REITs with market capitalization of greater than \$4 billion), it is the policy of the Compensation Committee to set Total Compensation at levels which reward such performance. If Company performance is not superior to the peer group it is the Compensation Committee's policy to maintain aggregate Total Compensation of Senior Management at levels equal to or below the median level of the peer group, balanced by individual performance. The comparable companies reviewed by the Compensation Committee are among those included in the SNL indices used in the stock price performance graph on page 24 of this Proxy Statement. Among the factors considered by the Compensation Committee, in addition to Total Return, are various metrics of the Company, measured against the peer group, such as Adjusted Funds From Operations, and the scale of the business.

Base Compensation. The Compensation Committee determined 2001 Base Compensation for the Chief Executive Officer and for the President; reviewed and approved 2001 Base Compensation for Other Senior Management based upon the recommendation of the Chief Executive Officer and President; and considered such 2001 Base Compensation reasonable and in line with Company policy. The Base Compensation for Messrs. Considine and Kompaniez has been set to be equal or below the median compensation paid to executives with similar responsibilities at comparable companies reviewed by the Compensation Committee.

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form PRE 14A

Bonus and Long Term Incentive Compensation. For 2001, the Compensation Committee considered, among other things:

- o AFFO and FFO per share increased to \$4.63 and \$5.21, respectively, an increase of 6% and 8%, respectively, over the prior year's results. Annual dividends per share increased from \$3.12 to \$3.28, an increase of 5% from the prior year.
- o Total market capitalization increased to approximately \$9.9 billion (\$4.0 billion in equity capitalization) as of December 31, 2001, compared to approximately \$9.6 billion (\$4.0 billion in equity capitalization), as of December 31, 2000, an increase of 3%.
- o Property sales activity totaled approximately \$420 million for the year, consisting of 76 apartment communities, three commercial properties and one land parcel, containing 10,628 units.
- o The Company completed the merger of OTEF and acquired 5 apartment communities containing 2,673 units for approximately \$120 million.

20

- o AIMCO's 2001 Total Return of (1.8)% was less than that of the Morgan Stanley REIT Index, which had a return of 12.83%, and less than that of the peer group.
- o AIMCO Total Return for the last five years is 123.7%, or 17.47% on an annualized basis, exceeding the Morgan Stanley REIT Index of 34.57%, which is a difference of 6.12% on an annualized basis. For the same period, AIMCO ranked first in total return to stockholders among REITs with a market capitalization of over \$2 billion.
- o AIMCO agreed to the Casden Properties transactions (completed March 11, 2002), which have made Southern California AIMCO's largest market and improved the Company's overall asset quality, and which transactions closed on March 11, 2002.

While there were a number of significant accomplishments by the Company during 2001, the Company's financial performance was not considered superior by the Compensation Committee. Thus, the Compensation Committee approved Total Compensation to Mr. Considine and Mr. Kompaniez as follows:

NAME	BASE COMPENSATION	BONUS COMPENSATION	LONG TERM INCENTIVE COMPENSATION
Terry Considine.....	\$100,000	\$1,400,000	\$2,500,000
Peter K. Kompaniez.....	\$100,000	\$700,000	\$1,250,000

Mr. Considine's and Mr. Kompaniez' Total Compensation is comprised of \$957,500 and \$607,500 in cash and \$3,042,500 and \$1,442,500 in stock options, respectively.

The Compensation Committee approved \$8,325,000 in Total Compensation to eight other members of Senior Management, consisting of \$4,077,500 in cash and \$4,247,500 in stock options and restricted stock. Restricted stock was valued at

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form PRE 14A

\$43.60 per share, the closing price of the Company's Common stock on January 25, 2002, which is also the price at which the options may be exercised. The Compensation Committee valued the options at approximately \$3.30 per underlying share, based on the advice of a nationally recognized independent investment bank that considered the exercise price, the terms of the options, the lack of transferability of the options, the vesting provisions (1/3 per year over three years for that portion paid as Bonus Compensation and over 5 years for that portion paid as Long Term Incentive Compensation), and the likely dividend rate on the underlying stock.

The aggregate amount of Total Compensation of \$9,350,000, consisting of \$2,819,500 in cash and \$6,530,500 in options and Restricted Stock, for the Company's four Named Executive Officers is below the average amount paid to the four most highly compensated executive officers of REITs having market capitalization rates of \$4 billion or greater.

The initial two-year term of each of these contracts expired in July 1996 but the contracts are automatically renewed for successive one-year terms unless the officer is terminated by the Company. The base salary payable under the employment contracts is subject to annual review and adjustment by the Compensation Committee. The base annual salaries of Messrs. Considine and Kompaniez were \$100,000 each for 2001. Each of Messrs. Considine and Kompaniez are also eligible for a bonus set by the Compensation Committee. See "Compensation Committee Report to Stockholders."

The contracts provide that during the term of the contract and for one year thereafter in no event will the employees engage in the acquisition, development, operation or management of other multifamily rental apartment properties outside of the Company. In addition, the contracts provide that the employees will not engage in any active or passive investment in property relating to multifamily rental apartment properties, with the exception of the ownership of up to 1% of the securities of any publicly-traded company involved in those activities.

Effective in January 2002, the Company entered into comprehensive non-competition, non-solicitation agreements with all members of its senior management team. Pursuant to such agreements and in accordance with their terms,

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form PRE 14A

the Company and all its senior executives agreed that for a period of two years after the termination of employment, the executive could not be employed by a competitor of the Company, and could not solicit other AIMCO employees to leave the Company's employ. In such agreements the Company and its senior executives further agreed to protect the Company's trade secrets and confidential information.

Effective in January 2002, the Company entered into certain non-competition and non-solicitation agreements with a number of employees, including Messrs. Considine, Kompaniez, Alcock, Foye and McAuliffe. Pursuant to the agreements, in consideration for payment of certain bonus and restricted stock as disclosed herein on the Summary Compensation Table and Option/SAR Grants in Last Fiscal Year table, each of these executives agreed that during the term of his employment with the Company and for a period of two (2) years following the termination of his employment, except in circumstances where there was a change in control of the Company, he could not (i) be employed by a competitor of the Company named on a schedule to the agreement, (ii) solicit other AIMCO employees to leave the Company's employ or (iii) solicit customers of AIMCO to terminate their relationship with the Company. The agreements further required that the executives protect the Company's trade secrets and confidential information.

The agreements provide that in order to enforce the above-noted non-competition condition following the executive's termination of employment by the Company without cause, each of Messrs. Considine, Kompaniez, Alcock, Foye and McAuliffe will receive, for a period not to exceed the earlier of twenty-four (24) months following such termination or the date of acceptance of employment with a non-competitor, (i) severance pay in an amount, if any, to be determined by the Company in its sole discretion, and (ii) following payment of such severance, a monthly payment equal to two-thirds (2/3) of such executive's monthly base salary at the time of termination.

For purposes of these agreements, "cause" is defined to mean, among other things, the executive's (i) breach of the agreement, (ii) failure to perform required employment services, (iii) misappropriation of Company funds or property, (iv) indictment, conviction, plea of guilty or plea of no contest to a crime involving fraud or moral turpitude, or (v) negligence, fraud, breach of fiduciary duty, misconduct or violation of law.

STOCK PRICE PERFORMANCE GRAPH

The following graph compares cumulative total returns for the Company's Common Stock ("AIMCO"), the Standard & Poor's 500 Total Return Index (the "S&P 500"), the NASDAQ, the SNL Residential REIT Index and the Morgan Stanley REIT. The SNL Residential REIT Index was prepared by SNL Securities, an independent research and publishing firm specializing in the collection and dissemination of data on the banking, thrift and financial services industries. The Morgan Stanley REIT Index is published by Morgan Stanley Incorporated, an investment banking company. The indices are weighted for all companies that fit the definitional criteria of the particular index and are calculated

to exclude companies as they are acquired and add them to the index calculation as they become publicly traded companies. All companies of the definitional criteria in existence at the point in time presented are included in the index calculations. The graph assumes the investment of \$100 in the Company's Common Stock and in each index on December 31, 1996, and that all dividends paid have

been reinvested.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

From time to time, the Company has entered into various transactions with certain of its executive officers and directors. The Company attempts to price such transactions based on fair market value, and believes that the transactions are on terms that are as favorable to the Company as could be achieved with unrelated third parties.

In 2001, the Operating Partnership sold to three limited liability companies owned by members of senior management and other employees of the Company (40% by a Considine family partnership, 10% by Mr. Kompaniez and 50% by other employees) an aggregate of 5,000 Class II Units, 5,000 Class III Units and 5,000 Class IV Units for \$1,274,854, \$1,792,764, and \$1,792,764, respectively. The sale was approved by the Company's stockholders at the 2001 Annual Stockholders' Meeting.

Based upon the total return of the Company's Common Stock during 2001, compared to the Morgan Stanley REIT Index, and an 11% minimum return, the Class II Units were valued at \$0 as of January 1, 2002 and the allocable investment made by the holders of \$1,274,854 was lost.

Based upon the total return of the Company's Common Stock during 2001, compared to the Morgan Stanley REIT Index, and a 23.2% minimum return, the Class III Units were valued at \$0 for the period of January 1, 2001 through December 31, 2001, however, the full measurement period ends on December 31, 2002. Based on the total return of the Company's Common Stock during 2001, compared to the Morgan Stanley REIT Index, and a 36.8% minimum return, the Class IV Units were valued at \$0 for the period of January 1, 2001 through December 31, 2001, however, the full measurement period ends on December 31, 2003

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form PRE 14A
