QUESTIONS AND ANSWERS

What am I voting on?

You are being asked to vote on the following matters and any other business properly coming before the 2007 Annual Meeting of Shareholders, which we refer to in this proxy statement as the Meeting :

Proposal 1: Election of three directors nominated to a three-year term on the Board of Directors

Proposal 2: Approval of the Steelcase Inc. Management Incentive Plan

Proposal 3: Approval of the Steelcase Inc. Incentive Compensation Plan

How does the Board of Directors recommend I vote?

The Board of Directors recommends that you vote FOR each of the nominees for director listed in Proposal 1 and FOR Proposals 2 and 3.

Why am I being asked to approve the Steelcase Inc. Management Incentive Plan and the Steelcase Inc. Incentive Compensation Plan?

Your approval of the plans will allow us to continue granting awards under them that will satisfy an exemption to the applicability of Section 162(m) of the Internal Revenue Code. Section 162(m) generally prohibits the deduction from taxable income by publicly-held companies of compensation paid to certain executive officers in excess of \$1 million per year. There is an exemption to this rule for performance-based compensation which is paid under a plan approved by the company's shareholders, among other requirements. We are asking for your approval to satisfy this requirement so that we can continue to take a tax deduction for compensation in excess of \$1 million per year.

Who is entitled to vote?

Shareholders of record of Class A Common Stock or Class B Common Stock at the close of business on April 25, 2007 may vote at the Meeting.

How many shares can be voted at the Meeting?

At the close of business on April 25, 2007, there were 83,033,983 shares of Class A Common Stock and 62,779,936 shares of Class B Common Stock outstanding.

How many votes do I have?

Each shareholder has one vote per share of Class A Common Stock and ten votes per share of Class B Common Stock owned of record at the close of business on April 25, 2007.

How do I vote?

If you are a registered shareholder (that is, if you hold your Steelcase stock directly in your name), you may vote by telephone, Internet or mail or by attending the Meeting and voting in person.

To vote by telephone or Internet: Please follow the instructions on the proxy card. The deadline for voting by telephone or Internet is 11:59 p.m. Eastern Daylight Time on June 20, 2007.

To vote by mail: Please complete, sign and date the accompanying proxy card and return it in the enclosed postage-paid envelope. Only cards received and processed before 11:00 a.m. Eastern Daylight Time on June 21, 2007 will be voted.

Table of Contents

If you hold your stock in street name (that is, your shares are registered in the name of a bank, broker or other nominee, which we will collectively refer to as your broker), you must vote your shares in the manner required by your broker.

Whether you vote by telephone, Internet or mail, you may specify whether your shares should be voted for all, some or none of the nominees for director.

If you do not specify a choice and you use the enclosed proxy card, your shares will be voted FOR the election of each of the nominees for director listed under *Proposal 1 Election of Directors* and FOR each of Proposal 2 and Proposal 3.

If you do not specify a choice and you use a ballot card supplied by your broker, the rules of the New York Stock Exchange, or NYSE, provide that your broker can vote as they wish on Proposals 1 and 2. On Proposal 3, the NYSE rules provide that if you do not provide instructions to your broker on how to vote, your shares will not be treated as votes cast in determining the outcome of the proposal. For more information on the NYSE rules about broker voting, please see *Voting* under *Supplemental Information*.

What should I do if I received more than one proxy card?

If you received more than one proxy card, it is likely that your shares are registered differently or are in more than one account. You should sign and return all proxy cards to ensure all of your shares are voted.

How will voting on any other business be conducted?

For any other matter that properly comes before the Meeting, your shares will be voted in the discretion of the proxy holders. As of April 25, 2007, we do not know of any other matter to be considered at the Meeting.

Can I revoke my proxy?

If you appoint a proxy, you may revoke it at any time before it is exercised by notifying the Company's Secretary in writing, by delivering a later dated proxy to the Company's Secretary or by attending the Meeting and voting in person.

Who can attend the Meeting?

Shareholders of record of Class A Common Stock or Class B Common Stock may attend the Meeting.

Can I listen to the Meeting if I cannot attend?

You can listen to a live webcast of the Meeting on the Internet. Instructions for listening to the webcast will be available on the *Webcasts & Presentations* page of the Investor Relations section of our website, located under our company at www.steelcase.com, approximately one week before the Meeting. An audio replay of the Meeting will be available on our website shortly after the conclusion of the Meeting and until September 21, 2007.

When and how are shareholder proposals for next year's Annual Meeting to be submitted?

We must receive any shareholder proposals to be included in our proxy statement for the 2008 Annual Meeting of Shareholders by January 18, 2008. Shareholder proposals to be presented from the floor of the 2008 Annual Meeting must be received no earlier than March 23, 2008 and no later than April 12, 2008. All shareholder proposals must be sent in the manner and meet the requirements specified in our by-laws.

What if I have the same address as another shareholder?

We send a single copy of our annual report and proxy statement to any household at which two or more shareholders reside if they appear to be members of the same family. This practice is known as householding and helps reduce our printing and postage costs. Any shareholder residing at the same address as another shareholder who wishes to receive a single document or separate documents should call (800) 542-1061 or write to Broadridge Financial Solutions, Household Department, 51 Mercedes Way, Edgewood, New York 11717, and we will deliver the requested documents promptly.

CORPORATE GOVERNANCE

Our Board of Directors is committed to monitoring the effectiveness of policy and decision making at the Board and management levels. Fundamental to its corporate governance philosophy is the Board's commitment to upholding our reputation for honesty and integrity. Equally fundamental is its commitment to serving as an independent overseer of our management and operations.

Corporate Governance Principles

Our Board adopted our Corporate Governance Principles on December 18, 2002. These principles outline the goals, duties and responsibilities of the Board and its committees, as well as our Board's expectations of directors, including the following:

Our Board provides oversight to management that helps build long-term value for the Company's shareholders.

Our Board is responsible for monitoring the performance of the Company.

Our Board is responsible for selecting our Chief Executive Officer, evaluating his or her performance and engaging in succession planning for senior management.

Our directors are expected to spend the time and effort necessary to appropriately perform their responsibilities. Our Nominating and Corporate Governance Committee conducts an annual evaluation of directors' commitments to other boards to help ensure that our directors are able to devote the appropriate amount of time and effort to perform their duties.

Our directors are subject to mandatory retirement. After turning 75, a person shall not be nominated or re-elected as a director.

If a director has a significant change in responsibilities, including a change in employment, they are expected to volunteer to resign from the Board. Whether the Board accepts the resignation is dependent on the continued appropriateness of Board service.

Our Nominating and Corporate Governance Committee considers the issues of term limits in its nominating process and member rotation in making recommendations on committee assignments. In both instances, the Committee's goal is to ensure that our Board and its committees are open to new ideas and are willing to critically re-examine the status quo.

We conduct an orientation for new Board members.

Our directors are expected to participate in continuing educational programs to maintain the necessary level of expertise to perform their responsibilities as directors.

Our Board and our Audit, Compensation and Nominating and Corporate Governance Committees conduct annual self-evaluations.

Audit Committee Matters

Our Corporate Governance Principles prohibit any member of our Audit Committee from sitting on the audit committees of more than two other public companies. The Board of Directors has designated Michael J. Jandernoa as an audit committee financial expert, as defined by the rules of the Securities and Exchange Commission, or SEC, based on his financial and accounting education and experience. Mr. Jandernoa is independent, as independence of audit committee members is defined by the listing standards of the NYSE.

NOMINATING AND CORPORATE GOVERNANCE COMMITTEE MATTERS

The Nominating and Corporate Governance Committee has four members, all of whom are independent under the NYSE listing standards. The Committee performs the duties described in *Committees of the Board of Directors* and operates under a written charter adopted by the Board of Directors that is reviewed and assessed at least annually.

Corporate Governance

Since its formation in June 2002, the Committee has focused on seeking out and implementing world class governance policies and practices. Some of the resulting policies and practices are summarized below and in *Corporate Governance*.

Board Composition

The Committee identifies and recommends to the Board of Directors qualified candidates for election as directors. As a part of that responsibility, the Committee conducts an annual review of the composition of the Board and evaluates whether it continues to reflect the balance of knowledge, experience, skills, expertise and diversity necessary to provide oversight and direction to management in a manner that builds long-term shareholder value.

Qualifications

Nominees for director are selected on the basis of several criteria, the most fundamental of which is integrity. Our Board is committed to diversity, and a candidate's ability to add to the diversity of our Board is also considered. Directors are expected to be curious and demanding independent thinkers who possess appropriate business judgment and are committed to representing the long-term interests of shareholders. Directors must possess knowledge, experience, skills or expertise that will enhance our Board's ability to direct our business. They must also be willing and able to spend the time and effort necessary to effectively discharge their responsibilities. Directors must be prepared to resign from our Board in the event that they have a significant change in responsibilities, including a change in employment, as required by our Corporate Governance Principles.

In addition to the above qualifications, the Committee also reviews the effectiveness of directors when determining whether to re-nominate a current member of our Board for an additional term.

Identification of Candidates for Director

The Committee considers candidates suggested by its members, other directors and senior management in anticipation of potential or expected Board vacancies. After identifying a potential candidate, the Committee collects and reviews publicly-available information to assess whether they should be considered further. If the candidate warrants further consideration, the Chair or another member of the Committee will initiate a contact. Generally, if the person expresses a willingness to be considered, the Committee requests information from the candidate, reviews their qualifications and accomplishments and conducts one or more interviews with the candidate. Committee members may also contact references or others who have personal knowledge of the candidate's accomplishments.

The Committee will also consider candidates recommended by shareholders for nomination by the Board, taking into consideration the needs of the Board and the qualifications of the candidate. Shareholders must submit recommendations to the Company's Secretary in writing and include the following information:

the recommending shareholder's name and evidence of ownership of our stock, including the number of shares owned and the length of time owned; and

Table of Contents

the candidate's name, resume or a listing of qualifications to be a director of the Company and the person's consent to be named as a director if selected by the Nominating and Corporate Governance Committee and nominated by the Board.

Shareholders may also make their own nominations for director by following the process specified in our by-laws.

The Committee has the sole authority to retain search firms to assist in identifying candidates. During fiscal year 2007, the Committee retained Boyden Global Executive Search to assist it with identifying and evaluating potential candidates.

Director Independence

A majority of the members of our Board of Directors must be independent, as defined by the NYSE listing standards. On an annual basis, the Committee reviews and considers all relevant facts and circumstances relative to the independence of each of our directors and presents its findings to our Board.

Our Board adopted categorical standards to guide the determination of each director's independence. Under these standards, none of the following is considered a material relationship impairing a director's independence:

the director is currently employed in any capacity by, or is an equity owner in, another company that has done or does business with the Company, provided that:

the amount of business with the Company is less than the greater of \$1,000,000 or 1% of the other company's annual gross revenue, or

the director's ownership interest does not exceed 5% of the total equity interests in the other company; the director is currently serving solely as a director, advisory director, consultant or in a similar non-employee position with another company that has done or does business with the Company, regardless of the amount;

the director is currently employed as an executive officer of a charitable institution that has received contributions from the Company or the Steelcase Foundation, provided that the amount of the contributions in any of the last three years is less than the greater of \$1,000,000 or 2% of the charitable institution's annual gross revenue;

the director is currently serving solely as a director, trustee, volunteer, committee member or in a similar position (and not as an executive officer) of a charitable institution that has received contributions in any amount from the Company or the Steelcase Foundation during any of the past three years;

the Company has employed a member of the director's immediate family within the last three years, provided such employment was not as a board-elected officer;

the director, as part of his or her service on our Board of Directors also serves as a trustee of the Steelcase Foundation and/or a director of a subsidiary or affiliate; or

the Company previously employed the director in any capacity, provided that the director's employment ceased more than five years ago.

As used in the above categorical standards, "business with the Company" includes the Company selling products or services to the other company, either directly or through an independently owned dealer, and the Company buying products or services from the other company during the last three years. Unless the context otherwise requires, "director" includes the director and his or her immediate family members as defined in the NYSE listing standards.

Table of Contents

A copy of our categorical standards for director independence is also available in the Corporate Governance section of our website, located at www.steelcase.com, and found under our company, About Steelcase.

Applying the NYSE listing standards and the Board's categorical standards and considering all the relevant facts and circumstances, upon the recommendation of the Committee, our Board of Directors determined that William P. Crawford, Earl D. Holton, Michael J. Jandernoa, David W. Joos, Elizabeth Valk Long, Robert C. Pew III, Cathy D. Ross, Peter M. Wege II, P. Craig Welch, Jr. and Kate Pew Wolters are independent. James P. Hackett was found not to be independent because of his executive management position.

In reaching its recommendation to the Board, the Committee considered the following relationships between certain of our directors and Steelcase:

Director	Relationships Considered
William P. Crawford	Mr. Crawford's daughter is employed by Steelcase. She is not a board-elected officer.
Earl D. Holton	Mr. Holton is an owner of a company from which we have purchased services. The purchases were made in the ordinary course of business, and the amount of business involved was less than \$1 million.
David W. Joos	Mr. Joos is the President and CEO of two companies which have purchased products from us or our dealers and/or from which we have purchased services. In each case, the amount involved was less than 1% of the other company's annual gross revenues, and the transactions were made in the ordinary course of business.
Cathy D. Ross	Ms. Ross is the Chief Financial Officer of a company which has purchased products from us or our dealers and from which we have purchased services. In each case, the amount involved was less than 1% of the other company's annual gross revenues, and the transactions were made in the ordinary course of business.
Peter M. Wege II	Mr. Wege II's daughter is employed by a Steelcase subsidiary. She is not a board-elected officer.

In addition, the Committee considered that:

directors Crawford, Holton, Jandernoa, Joos, Long, Wege and Wolters or members of their immediate family serve on the boards of charitable organizations which received contributions from our company or the Steelcase Foundation, in each case involving less than \$1 million;

directors Crawford, Holton and Jandernoa serve or served on the boards of directors of companies which have purchased products from us or our dealers or from which we have purchased products or services in the ordinary course of business; and

members of the immediate family of directors Holton, Jandernoa, Joos and Long are employees of companies which have purchased products from us or our dealers or from which we have purchased services in the ordinary course of business, in each case involving less than the greater of \$1 million or 1% of the other company's annual gross revenues.

The Committee determined that each of the relationships it considered fell within the categorical standards adopted by the Board and, as a result, that the relationships are not material.

Related Person Transactions

We have a written Related Person Transactions Policy under which the Nominating and Corporate Governance Committee is responsible for reviewing and approving transactions with the Company in which certain related persons, as defined in the policy, have a direct or indirect material interest. Related persons include the Company's directors and executive officers, members of their immediate family and persons who beneficially own more than 5% of the Company's stock. A copy of our Related Person Transactions Policy is posted in the Corporate Governance section of our website, located at www.steelcase.com, and found under our company, About Steelcase.

Under the policy, our Chief Legal Officer will determine whether any identified potential related person transaction requires review and approval by the Committee, in which case the transaction will be referred to the Committee for approval, ratification or other action. If management becomes aware of an existing related person transaction which has not been approved by the Committee, the transaction will be referred to the Committee for appropriate action. In those instances where it is not practicable or desirable to wait until the next Committee meeting to consider the transaction, the Committee has delegated authority to the Chair of the Committee to consider the transaction in accordance with the policy.

The Committee is authorized to approve those related person transactions which are in, or are not inconsistent with, the best interests of our company and our shareholders. In considering any transaction, the Committee considers all relevant factors, including, as applicable:

the benefits to the Company,

the impact on a director's independence,

the availability of other sources for comparable products or services,

the terms of the transaction and

the terms available to unrelated third parties or to employees generally for comparable transactions.

Under the policy, certain categories of transactions have been identified as permissible, without approval by the Committee, as the transactions involve no meaningful potential to cause disadvantage to us or to give advantage to the related person.

For fiscal year 2007, the Committee reviewed the following related person transactions:

The employment of Jennifer C. Niemann as a vice president of Steelcase Inc., a non-executive officer position, and the payment of related compensation to Ms. Niemann. Ms. Niemann is the daughter of William P. Crawford, a director and beneficial owner of more than 5% of our Class A Common Stock. For fiscal year 2007, Ms. Niemann earned approximately \$479,000 in total compensation, which included her base salary, annual and long-term awards under our Management Incentive Plan, earnings on prior years' Management Incentive Plan awards, the amount we recognized as expense for financial statement reporting purposes for stock awards, restricted stock dividends, company contributions under our Retirement Plan and Restoration Retirement Plan, life insurance premiums paid by the Company, Christmas gift card and benefit dollars paid in cash or to our Retirement Plan. She also participated in other plans and received benefits available to our other North American employees in comparable positions.

The payment of approximately \$686,000 in fees to Fifth Third Bancorp and its subsidiaries (Fifth Third) for cash management services, letters of credit, credit commitments under our global bank facility and retirement plan services. Fifth Third is a holder of record, through various trusts and accounts, of more than 5% of our Class A Common Stock.

Table of Contents

The sale of products and related services for approximately \$7.2 million to Fifth Third. The sales were made in the ordinary course of business at prevailing prices not more favorable to Fifth Third than those available to other customers for similar purchases.

Following a review of the transactions, the Committee approved the employment of Ms. Niemann and the payment of related compensation to her in accordance with the Company's Related Person Transactions Policy. Because Fifth Third is an institutional shareholder holding Steelcase stock with no apparent purpose or effect of changing or influencing control of the Company, approval of the Company's transactions with Fifth Third was not required pursuant to the Company's Related Person Transactions Policy. Our President and Chief Executive Officer, James P. Hackett, is a director of Fifth Third Bancorp, and directors William P. Crawford and Michael J. Jandernoa are directors of Fifth Third Bank a Michigan banking corporation, but none of Messrs. Hackett, Crawford or Jandernoa is considered to have a direct or indirect material interest in our transactions with Fifth Third.

During fiscal year 2007, we repurchased an aggregate of 2.3 million shares of our Class B Common Stock from (1) Crastecom B Limited Partnership, of which William P. Crawford is the managing partner, (2) the William P. Crawford Trust U/ A/ D December 27, 1995, as amended, of which Mr. Crawford is the trustee, and (3) the Marilyn M. Crawford Trust U/ A/ D December 27, 1995, as amended, of which Mr. Crawford's wife is the trustee. Mr. Crawford is a director and beneficial owner of more than 5% of our Class A Common Stock. The purchase price was an aggregate of \$41.63 million, or \$18.10 per share, and the repurchase was approved in advance by our Board of Directors.

On April 30, 2007, we repurchased an aggregate of 1,718,750 shares of our Class B Common Stock from (1) the William P. Crawford Trust U/ A/ D December 27, 1995, as amended, of which Mr. Crawford is the trustee, (2) the Marilyn M. Crawford Trust U/ A/ D December 27, 1995, as amended, of which Mr. Crawford's wife is the trustee, (3) the Walter D. Idema Grandchild Trust for the benefit of William P. Crawford, of which Mr. Crawford is a co-trustee, and (4) the Walter D. Idema Grandchild Trust No. 2 for the benefit of William P. Crawford, of which Mr. Crawford is a co-trustee. The purchase price was an aggregate of \$33 million, or \$19.20 per share, and the repurchase was approved in advance by our Board of Directors.

AUDIT COMMITTEE REPORT

The Audit Committee has four members, all of whom are financially literate as defined by the Board of Directors and are independent under the NYSE listing standards. Our Committee performs the duties described in *Committees of the Board of Directors* and operates under a written charter adopted by the Board of Directors that is reviewed and assessed at least annually.

Management is responsible for the Company's financial reporting process and its internal controls regarding financial reporting, accounting, legal compliance and ethics. BDO Seidman, LLP, the Company's independent registered public accounting firm (independent auditor), is responsible for performing independent audits of the Company's consolidated financial statements and its internal control over financial reporting and issuing opinions on:

the conformity of those audited financial statements with accounting principles generally accepted in the United States of America,

the effectiveness of the Company's internal control over financial reporting and

management's assessment of the effectiveness of the Company's internal control over financial reporting.

Our Committee's role is to serve as an independent and objective party to monitor these processes on behalf of the Board of Directors and to review the audit efforts of the Company's internal and independent auditors.

In this context, we discussed with the independent auditor the matters required to be discussed by Statement on Auditing Standards No. 61, *Communications with Audit Committees*, as amended. In addition, we received the written disclosures and letter from the independent auditor required by Independence Standards Board Standard No. 1 and reviewed, evaluated and discussed the written report and letter with that firm and its independence with respect to the Company.

We discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. We also reviewed and discussed with management the Company's audited financial statements. We met with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal control and the overall quality of the Company's financial reporting.

Based on the review and discussions referred to above, and relying on the representations of the Company's management and the independent auditor's report, our Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended February 23, 2007 for filing with the Securities and Exchange Commission.

(3) Tax fees consisted of assistance with tax compliance, preparation of certain subsidiary tax returns, tax consultation, planning and implementation services, and assistance in connection with tax audits.

Our Audit Committee determined that providing the services reflected in the above table was compatible with the maintenance of BDO Seidman, LLP's independence.

In addition, our Audit Committee has adopted a policy under which it approves in advance recurring audit, audit-related and tax services rendered by BDO Seidman, LLP, subject to specific fee limits. If circumstances require hiring the independent auditors for services not previously pre-approved or that would exceed the fee limits previously set, the Audit Committee must pre-approve the new services or fee limits. COMPENSATION DISCUSSION AND ANALYSIS

Overview

This section discusses our policies and practices relating to executive compensation and presents a review and analysis of the compensation earned in fiscal year 2007 by our Chief Executive Officer, or CEO, the two individuals who served as our Chief Financial Officer during the year and our three other most-highly compensated executive officers, to whom we refer collectively in this proxy statement as the named executive officers. The amounts of compensation earned by these executives during fiscal year 2007 are detailed in the Fiscal Year 2007 Summary Compensation Table in *Executive Compensation, Retirement Programs and Other Arrangements* and the other tables which follow it. The purpose of this section is to provide you with more information about the types of compensation earned by the named executive officers and the philosophy and objectives of our executive compensation programs and practices.

Philosophy and Objectives

Our philosophy for the compensation of all of our employees, including the named executive officers, is to value the contribution of our employees and share profits through broad-based incentive arrangements designed to reward performance and motivate collective achievement of strategic objectives that will contribute to our company's success. The primary objectives of the compensation programs for our named executive officers are to:

attract and retain highly-qualified executives,

motivate our executives to achieve our business objectives,

reward our executives appropriately for their individual and collective contributions,

align our executives' interests with the long-term interests of our shareholders and

ensure that executive compensation is reasonable when compared to compensation at similar companies.

Table of Contents

Annual Review

Each fiscal year, the Compensation Committee conducts a review of the various components of compensation of our named executive officers. The Committee reviews a summary which projects the compensation of each executive for the following five years, showing the estimated amounts that would be received by the executive under various performance scenarios.

Pursuant to its charter, the Committee has the sole authority to retain or terminate an independent compensation consultant of its choosing to assist the Committee in carrying out its responsibilities. The Committee has engaged Towers Perrin to advise the Committee on various matters related to the compensation of the named executive officers, including conducting and providing the Committee with a study of the competitiveness of our executive compensation relative to market data. Towers Perrin is engaged directly by the Compensation Committee and does not perform any other consulting services for our company, but we purchase compensation survey data from Towers Perrin from time to time.

The Towers Perrin study compares our executive compensation to that of a comparison group of companies, which includes companies in the following categories:

furniture companies, including office furniture and residential furniture companies,

other global manufacturing companies and

other companies which (a) are based within the same region as our company and (b) operate globally.

The composition of the comparison group of companies is reviewed and approved by the Compensation Committee each year. For fiscal year 2007, the comparison group consisted of:

American Axle & Manufacturing, Inc.

AMETEK Inc.

ArvinMeritor, Inc.

Avery Dennison Corporation

Ball Corporation

The Black & Decker Corporation

BorgWarner Inc.

Cooper Tire & Rubber Company

Donaldson Company, Inc.

Dura Automotive Systems, Inc.

Harsco Corporation

Herman Miller, Inc.

HNI Corporation

Kennametal Inc.

Navistar International Corporation

Parker-Hannifin Corporation

Pitney Bowes Inc.

Rockwell Automation, Inc.

The Timken Company

The Toro Company

As a general principle, both the overall level of compensation and the mix of compensation for each of the named executive officers is compared to the median level of the comparison group, taking into account (a) any difference between the role and responsibilities of our executive compared to those of his or her peer in the comparison group and (b) the specific contributions the executive has made to the successful achievement of our company goals. The relative experience level of the named executive officer and his or her tenure with our company are also considered as part of the comparison.

Historically, the Compensation Committee approved the compensation of our CEO, but beginning in March 2007, the Compensation Committee is required to submit its recommendation with regard to our CEO's compensation to our Board of Directors for approval. Our CEO develops and submits to the Compensation Committee his recommendation for the compensation of each of the named executive officers other than himself in connection with annual merit reviews of their performance. The Compensation Committee reviews and discusses the recommendations made by our CEO and approves the compensation for each named executive officer for the coming year.

None of the named executive officers has an employment agreement.

Authority of the Compensation Committee; Role of Executive Officers

Pursuant to its charter, the Compensation Committee is authorized by our Board of Directors to oversee our compensation and employee benefit practices and plans generally, including our executive compensation, incentive compensation and equity-based plans. The Committee may

Table of Contents

delegate its authority to subcommittees, provided that any such subcommittee must consist of at least two members, and the Committee may also delegate appropriate responsibilities associated with our benefit and compensation plans to members of management. The Committee has delegated certain responsibilities with regard to our Retirement Plan to an investment committee consisting of directors and members of management and to an administrative committee consisting of members of management.

The Compensation Committee has delegated to our CEO the authority to grant stock options, restricted stock and restricted units to employees. Under this delegated authority, our CEO cannot grant options to acquire more than 5,000 shares, more than 2,000 shares of restricted stock, or more than 2,000 restricted units in any year to any one individual, and he cannot grant, in the aggregate, options to acquire more than 100,000 shares, more than 40,000 shares of restricted stock and more than 40,000 restricted units in any year. Also, our CEO cannot grant any stock options, restricted stock or restricted units to any executive officer. The Compensation Committee also has delegated authority to our CEO to designate those employees who will participate in our Management Incentive Plan; provided, however, that the Committee is required to approve participation in such plan by any of our executive officers or anyone else who directly reports to our CEO.

As described above, our CEO makes recommendations to the Compensation Committee with regard to the compensation of each of the other executive officers, and any changes in executive officer compensation require the approval of the Committee. In addition, our Chief Financial Officer and other members of our finance staff assist the Committee with establishing performance target levels for performance-based compensation, as well as with the calculation of actual financial performance and comparison to the performance targets, each of which actions require the Committee's approval.

Elements of Executive Compensation for Fiscal Year 2007***Base Salary***

The base salary of each of our named executive officers is reviewed by the Compensation Committee at the beginning of each fiscal year as part of the overall annual review of executive compensation described above. As a general rule, base salaries for the named executive officers are set at a level which will allow us to attract and retain highly-qualified executives. In addition to the annual reviews, the base salary of a particular executive may be adjusted during the course of a fiscal year, for example, in connection with a promotion or other material change in the executive's role or responsibilities. During fiscal year 2007, each of the named executive officers received a merit increase to his or her base salary in May 2006, and Mark A. Baker, James P. Keane and David C. Sylvester each received a base salary increase in October 2006 in connection with a promotion or other material change in their responsibilities.

Management Incentive Plan Awards

Each of the named executive officers, along with approximately 320 other management employees, is a participant in our Management Incentive Plan, or MIP. The MIP provides for two types of awards: short-term awards and long-term awards. Both types of awards are calculated based on the financial performance of our company for the fiscal year using the measurement of economic value added, or EVA. EVA is a profit measure that takes into account our cost of capital. EVA is calculated by taking our net income for the fiscal year, deducting a capital charge representing the economic cost of a reasonable return (set by the Compensation Committee at 12% for fiscal year 2007) on our net assets, less excess cash and related interest income, and then adjusting for recent acquisitions and deferring a portion of restructuring or other charges to the extent approved by the Committee.

At the beginning of each fiscal year, the Compensation Committee establishes the targets for EVA performance under the MIP for that fiscal year, and the targets are the same for all participants in the MIP. Achievement of the EVA targets will produce a MIP award multiple of 1.0, but achievement of

Table of Contents

a lower amount of EVA will result in a MIP award multiple of less than 1.0, and achievement of a higher amount of EVA will result in a MIP award multiple of more than 1.0. The lowest MIP multiple is zero, meaning that no MIP awards would be paid, and the highest MIP multiple that can be awarded is 2.0. The maximum short-term award amount that can be earned by any participant in any given year is \$3 million, and the maximum long-term award that can be earned by any participant is \$4 million. In addition, no awards can be earned in a particular fiscal year to the extent that the awards would result in our company recording a net loss for that fiscal year.

For fiscal year 2007, the MIP awards were based 50% on EVA for the fiscal year as compared to an absolute EVA target set by the Compensation Committee and 50% on EVA for the fiscal year as compared to an EVA growth target set by the Compensation Committee. The absolute EVA target typically has been set at \$0, and the EVA growth target is set based on the average of (a) the actual EVA for the prior year and (b) the MIP EVA growth target for the prior year and adjusted for an improvement factor equal to 1% of our net assets to the extent that the resulting growth target would be less than or equal to 15% of our net assets.

The table below shows the levels of EVA that would have resulted in the award of the threshold, target or maximum MIP award multiples for fiscal year 2007.

EVA Target	Threshold (0.0 MIP multiple)	Target (1.0 MIP multiple)	Maximum (2.0 MIP multiple)
Absolute	\$(120.0)million	\$0.0million	\$120.0million
Growth	\$(103.8)million	\$(63.8)million	\$(23.8)million

The EVA targets are the same for all MIP participants, and the amount of the short-term and long-term awards that are payable to a particular participant upon achievement of those targets are established as specific percentages of the participant's base salary. The target award percentages for the named executive officers are reviewed by the Compensation Committee at the beginning of each fiscal year as part of its review of the officers' total compensation. The target award percentages as of the end of fiscal year 2007 were 70% short-term and 115% long-term for our CEO and ranged from 45% to 65% short-term and 80% to 100% long-term for the other named executive officers.

Following the end of each fiscal year and the determination of our company's financial performance for the year, the Compensation Committee reviews and approves the calculation of EVA and the MIP award multiple for the fiscal year. Based on our financial results for fiscal year 2007, the Compensation Committee reviewed and approved the calculation of EVA of \$(10.5) million for the fiscal year and approved a MIP multiple of 1.62. The awards payable to each participant are determined by multiplying the participant's target award percentages by the MIP award multiple, and multiplying those resulting amounts by the participant's base salary. For example, as illustrated below, with a MIP award multiple of 1.62, a participant with a short-term award target of 60% of his base salary and a long-term award target of 90% of his base salary would receive a short-term award of 97.2% of his base salary and a long-term award of 145.8% of his base salary.

Short-term target %		MIP award multiple		Short-term award %	Long-term target %		MIP award multiple		Long-term award %
60%	x	1.62	=	97.2%	90%	x	1.62	=	145.8%

Once the award amounts have been calculated, we pay the short-term awards to participants soon thereafter, and we record the long-term amounts into bookkeeping accounts we maintain for the

participants. We then pay out the long-term amounts to participants in equal thirds shortly after the end of each of the three following fiscal years. We maintain the long-term amounts in unfunded accounts which are subject to forfeiture upon termination of employment for any reason other than death, total disability or retirement, except in the circumstances described below under the heading *Severance and Change in Control Benefits*. We adjust the account balances each year based on the

Table of Contents

change in our shareholders' equity (positive or negative) for that year, before the payment of dividends and as adjusted for stock issuances and repurchases. For fiscal year 2007, the change in shareholders' equity which was approved by the Compensation Committee was 9.98%.

Equity-Based Incentive Awards

In addition to a long-term award under the MIP, each of our named executive officers typically receives a long-term equity-based incentive award under our Incentive Compensation Plan each year. The awards typically are approved by the Compensation Committee at a regularly scheduled meeting at the beginning of each fiscal year, but awards also may be approved by the Committee in a special meeting. In fiscal year 2007, each of the named executive officers was granted performance shares under the plan, other than David C. Sylvester who was not an executive officer at the time the grants were made.

The performance share awards granted in fiscal year 2007 have a three-year performance period of fiscal years 2007 through 2009 and will be earned based on the achievement of two performance measures: cumulative cash flow per share and average annual operating income, with 50% of the award earned based on each performance measure. The performance measure targets were set by the Compensation Committee based upon our financial plan for the performance period at the time the awards were made. The Committee also established the levels of performance at which a threshold amount of shares, equal to 50% of the target amount, and a maximum amount of shares, equal to 200% of the target amount, would be earned. The table below shows the levels of cumulative cash flow per share and average annual operating income performance that would result in the award of the threshold, target or maximum number of shares.

Performance Measure	Threshold	Target	Maximum
Cumulative cash flow per share	\$2.60	\$5.20	\$7.80
Average annual operating income	\$148 million	\$296 million	\$346 million

If the actual results fall between the threshold and target performance levels, or between the target and maximum performance levels, the number of shares earned will be determined on a prorated basis.

In determining the size of the performance share award granted to each named executive officer, the Compensation Committee reviewed the value of the award at the target performance level using a discounted stock price based on a binomial valuation provided by Towers Perrin. The valuation took into account the probability that the performance targets would be met and an estimated rate of forfeiture. The value of each award, plus the participant's MIP long-term award, then was considered relative to the median levels of long-term incentive compensation shown in the Towers Perrin comparison study.

In addition to granting annual equity-based incentive awards, from time to time at the request of our CEO the Compensation Committee considers granting special awards of restricted stock to named executive officers in connection with promotions or other changes in responsibilities or in recognition of particular contributions to our company's performance. During fiscal year 2007, the Compensation Committee approved a grant of 8,500 shares of restricted stock to David C. Sylvester in connection with his promotion to Chief Financial Officer.

All grants of equity-based incentive awards to named executive officers require the advance approval of the Compensation Committee, and we do not have any program or practice to time the grant of equity-based awards relative to the release of any material non-public information. Pursuant to our Incentive Compensation Plan, all stock options are granted with exercise prices equal to the opening market price on the date of the grant, which is the date the Compensation Committee approves the grant. We have not granted stock options to any of our named executive officers since September 2002.

Table of Contents**Retirement Programs and Benefits*****Retirement and Restoration Retirement Plans***

Each of the named executive officers is a participant in our Retirement Plan and our Restoration Retirement Plan. Our Retirement Plan is a tax-qualified defined contribution plan which is open to all U.S.-based employees of Steelcase Inc. and certain of its subsidiaries and affiliates. Participants may elect to contribute a portion of their earnings to the 401(k) component of the Retirement Plan each year, and we make a non-discretionary contribution of 5% of each participant's eligible pay to the Retirement Plan each fiscal year. In addition, we generally matched 50% of the first 2% of eligible pay each participant contributed to the plan during the second half of fiscal year 2007, and for fiscal year 2008, we will generally match 50% of the first 4% of eligible pay each participant contributes to the plan.

Our Restoration Retirement Plan is a non-qualified defined contribution plan which is unfunded. Participants in our MIP for whom contributions to our Retirement Plan are limited by Section 401(a)(17) of the Internal Revenue Code may participate in the Restoration Retirement Plan. We make annual additions to a participant's bookkeeping account under the Restoration Retirement Plan at the same rate of contribution as our Retirement Plan.

The vesting period for our contributions to the Retirement Plan and the Restoration Retirement Plan is five years. Participants select from several investment fund options for their accounts under the Retirement Plan, and the rate of return a participant earns on his or her Retirement Plan account is also applied to the participant's Restoration Retirement Plan account. Following termination of employment, a participant's account balance in each plan, to the extent vested, is paid out to the participant either in a lump sum or installments or, in the case of the Retirement Plan, the balance may be rolled over to an Individual Retirement Account or may be kept in the Retirement Plan until minimum distributions are required under applicable law.

Executive Supplemental Retirement Plan

We also maintain an Executive Supplemental Retirement Plan, or SERP, which is an unfunded plan that provides certain defined benefits to participants who are designated by the Compensation Committee. Each of the named executive officers participates in the SERP. Participants do not make contributions to the SERP, which pays the following benefits at retirement, death or total disability:

five annual payments equal to the sum of (1) 70% of the participant's average base salary for the three consecutive calendar years prior to retirement, death or total disability plus (2) \$50,000,

followed by:

ten annual payments of \$50,000.

Normal retirement under the SERP is at age 65, but a participant may receive payments upon retirement before age 65 if the participant's age plus years of continuous service with our company equal 80 or more (we refer to this as early retirement). In the event of early retirement, with the approval of the SERP's administrative committee, a participant can elect to receive the same total amount of benefits starting earlier but in lower annual amounts and for a longer period of time. Participants are fully vested in the SERP after seven years of participation in the plan, with partial vesting beginning at 20% after three years of participation and increasing 20% per year thereafter. For example, after five years of participation in the SERP, a participant is 60% vested and would receive payments equal to 60% of the amounts described above if he or she retired at that point. None of the named executive officers is currently age 65 or older, but Michael I. Love's age plus years of continuous service with Steelcase is greater than 80, making him eligible for early retirement under the SERP. We do not have a policy for granting participants extra years of service under the SERP.

Deferred Compensation Plan

Each of the named executive officers is also eligible to participate in our Deferred Compensation Plan, or DCP. Under the DCP, participants may elect to defer a portion of their base salary (up to 25%) and/or short-term award under the MIP (up to 50%) into an unfunded account with our company on a tax-deferred basis. Our company does not make any contributions to the DCP. Funds deferred under the DCP are deemed invested in one or more market investment funds selected by the participant and are payable to the participant after termination of employment in either a lump sum or installments, at the election of the participant.

Deferred Compensation Agreement

James P. Hackett has an agreement with our company under which he deferred a total of \$250,000 of his compensation from March 1996 to February 2001. This unfunded arrangement, which is similar to other arrangements we entered into around the same time with other senior employees, provides that Mr. Hackett will receive a payment of \$300,000 per year for a period of 15 years once he reaches age 70 in March 2026, reflecting an implied annual rate of return of approximately 8.55%. If Mr. Hackett dies before age 70, his heirs would be entitled to receive reduced payments under the agreement. In the event Mr. Hackett's employment is terminated for cause, we would pay him only the original \$250,000 he deferred under this arrangement.

Other Retirement Benefits

In addition to the retirement programs listed above, upon a qualifying retirement (generally when the age at retirement and number of years of continuous service with our company equals 80 or more), each of the named executive officers is eligible for certain welfare benefits, such as medical and dental programs, in the same manner as all other employees of Steelcase Inc. hired before July 22, 2002.

Severance and Change in Control Benefits

In February 2007, the Compensation Committee adopted our Executive Severance Plan, which provides for certain benefits in the event of certain terminations of employment with our company. In March 2006, the Compensation Committee began discussing the details of such a plan, with a view toward providing common benefits to members of executive management and to avoid negotiating individual agreements.

The Committee oversaw the development of the plan to provide benefits that would be reasonable to shareholders and to management, and the Committee retained Towers Perrin to examine severance and change in control benefits at other companies and advise the Committee on the terms and conditions of comparable arrangements. In developing its recommendations for the design of the plan, management engaged Hewitt Associates to provide a review of market comparison data for similar programs.

In approving the Executive Severance Plan, the Compensation Committee believed the plan would:
provide clarity to shareholders, executive management and plan participants in the event of a severance or change in control,

align the interests of executive management with the long-term interests of the company's shareholders,

reinforce behavior that promotes maximum value in the event of any merger or acquisition activity and

attract and retain executive management by maintaining competitive compensation programs.

Table of Contents

Pursuant to the Executive Severance Plan, participants are entitled to receive a severance payment in the event of (a) involuntary termination without cause (a severance) or (b) involuntary termination without cause or voluntary termination for good reason within two years following a change in control of our company (a change in control severance), in each case as more particularly defined in the plan.

In the event of a severance, a participant would receive the following:

a payment equal to two or one times (depending on whether the participant is a Level 1 Employee or a Level 2 Employee, as detailed below) the participant's current base salary and short-term award under the MIP at target,

payment of a prorated portion of the participant's short-term award under the MIP for the current fiscal year at target,

payment of the balance of the participant's long-term incentive compensation account under the MIP, as adjusted for the change in our shareholders' equity (positive or negative) for the fiscal year to date, before the payment of dividends and as adjusted for stock issuances and repurchases,

payment of a lump sum amount equal to the premiums the participant would have to pay to continue coverage under our health plan for eighteen months and

outplacement assistance for a period of up to eighteen months.

In the event of a change in control severance, a participant would receive the following:

a payment equal to three or two times (depending on whether the participant is a Level 1 Employee or a Level 2 Employee) the participant's current base salary and short-term award under the MIP at target,

payment of a prorated portion of the participant's short-term and long-term awards under the MIP for the current fiscal year at target,

payment of the balance of the participant's long-term incentive compensation account under the MIP, as adjusted for the change in our shareholders' equity (positive or negative) for the fiscal year to date, before the payment of dividends and as adjusted for stock issuances and repurchases,

payment of the present value of the benefits the participant would receive under our SERP upon retirement, prorated to the extent the participant does not qualify for normal or early retirement at the time of the change in control, but with an additional three years of service and age credited in the case of a Level 1 Employee or two years of service and age credited in the case of a Level 2 Employee,

any additional amount necessary to cover any (1) excise taxes on the above payments (the gross up payment) and (2) additional income, employment and excise taxes on the gross up payment,

payment of a lump sum amount equal to the premiums the participant would have to pay to continue coverage under our health plan for eighteen months and

outplacement assistance for a period of up to eighteen months.

Our CEO is a Level 1 Employee in the Executive Severance Plan, entitling him to the higher-multiple severance and change in control severance benefits, and each of our other named executive officers is a Level 2 Employee, entitling them to the lower-multiple benefits.

In addition to the Executive Severance Plan, the named executive officers are entitled to certain benefits under the MIP, Incentive Compensation Plan, Restoration Retirement Plan and DCP in the event of a change in control of our company, as defined in those plans. These benefits are triggered

by a change in control, regardless of whether the participant's employment continues after the change in control. The benefits under each of these plans which are triggered by a change in control are as follows:

Management Incentive Plan:

lump sum payment of a prorated portion of the participant's short-term and long-term awards for the current plan year at target and

lump sum payment of the balance of the participant's long-term incentive compensation account, as adjusted for the change in our shareholders' equity (positive or negative) for the plan year to date, before the payment of dividends and as adjusted for stock issuances and repurchases;

Incentive Compensation Plan:

stock option awards vest in full,

unvested restricted stock and restricted stock unit awards vest in full,

earned but unvested performance share and performance unit awards vest in full and

a prorated portion of unearned performance share and performance unit awards are earned at target and vest in full;

Restoration Retirement Plan:

all amounts vest in full and

lump sum payment of the balance of the participant's account; and

Deferred Compensation Plan:

lump sum payment of the balance of the participant's account.

Other Programs and Practices

Perquisites and Other Benefits

Our company provides very limited perquisites or other personal benefits to our named executive officers. The only perquisites received in fiscal year 2007 by the named executive officers other than our CEO were: (1) an optional annual physical examination and (2) in one case, tax preparation fees associated with a previous expatriate assignment. The only perquisite received by our CEO at incremental cost to our company in fiscal year 2007 was security monitoring services for his primary residence. In addition, members of our CEO's family accompanied him on business travel on our corporate aircraft on several occasions during fiscal year 2007, but the incremental cost to our company of their travel was negligible as they were only additional passengers on flights that were otherwise being made for business purposes. Any use of our corporate aircraft by our CEO for personal travel is governed by written aircraft time-sharing agreements under which he reimburses us for all operating expenses associated with the flight, multiplied by 200%. The aggregate incremental cost to our company of the perquisites received by the named executive officers in fiscal year 2007 was less than \$10,000 for each officer.

The named executive officers also may elect to participate in our other benefit programs on the same terms as other employees. These programs include medical, dental, vision, life and disability insurance, charitable gift matching and discounts on company products. None of the named executive officers has a company car or company-provided housing, and we do not pay any country club memberships for any of the named executive officers.

Table of Contents***Stock Ownership Guidelines***

During fiscal year 2007, the Compensation Committee adopted stock ownership guidelines to encourage stock ownership among our executives to further the objective of aligning our executives' interests with those of our shareholders. Under these guidelines, our CEO is expected to own shares of our common stock having a current market value of not less than five times his base salary, and the other named executive officers are expected to own shares of our common stock having a current market value of not less than two or three times their respective base salaries, depending on their position. The amount of holdings required by the guidelines was developed based on the premise that an executive should be able to satisfy the guidelines by retaining shares awarded to the executive as compensation and without purchasing additional shares, assuming that the applicable performance criteria for the share awards are satisfied.

In addition to shares owned by our executives, holdings which count toward satisfaction of stock ownership guidelines include restricted stock, restricted stock units, performance shares and performance units at target award levels during the vesting period, as does the value of in-the-money stock options held by the executive. The Compensation Committee reviews compliance with the stock ownership guidelines annually. Persons who were executive officers when the guidelines were adopted are expected to meet the guidelines by the end of fiscal year 2011, and persons who become executive officers thereafter have a period of five full fiscal years to meet these guidelines, to allow them an appropriate period of time to build their holdings through annual equity awards.

Non-compete and Other Forfeiture Provisions

One of the basic principles of the various compensation plans and programs which may provide benefits to our named executive officers following termination of their employment is that certain benefits will be forfeited if the participant engages in competition with us during a specified period after they leave our employment. Our Executive Severance Plan provides for forfeiture of any remaining payments if the participant engages in competition during a period of two years after leaving our employment. Similarly, the MIP, Incentive Compensation Plan, Restoration Retirement Plan and SERP provide that a participant forfeits any benefits under those plans if he or she engages in competition while employed by us or during three years after leaving our employment, and the DCP provides for forfeiture of all past earnings on deferred amounts in such event. Under the Incentive Compensation Plan, a participant must return to the company any gain he or she received from exercising an option, the fair market value on the grant date of any restricted stock or restricted stock units which vested, and any gain resulting from any performance shares or performance units, within twelve months prior to the date when he or she started competing with us.

In addition to non-compete forfeiture provisions, our Executive Severance Plan provides that in the event our financial results are materially restated, the Compensation Committee may review the circumstances surrounding the restatement and determine whether and which participants will forfeit the right to receive any future benefits and/or repay any prior benefits received under the Plan. In the event of a material restatement due to fraud, if the Compensation Committee determines that a participant was responsible for or participated in the fraud, that participant will be required to forfeit any future benefits and repay any prior benefits paid in excess of the amounts that would have been paid based on our restated financial results. These are called "clawback" provisions, and the MIP and the Incentive Compensation Plan have similar clawback provisions which apply only to those participants who also participate in the Executive Severance Plan.

Tax Considerations

In making decisions regarding executive compensation, the Compensation Committee considers the tax deductibility of the amounts payable. Section 162(m) of the Internal Revenue Code generally limits the tax deductibility of annual compensation paid to certain officers to \$1 million. The Committee's goal is to structure the compensation paid to these individuals to maximize deductibility for federal income tax purposes; however, when deemed necessary, the Committee may authorize compensation that may not be deductible under Section 162(m) to promote incentive and retention goals.

- (2) The amounts shown in the *Non-Equity Incentive Plan Compensation* column represent the sum of: (a) annual awards under the MIP earned for fiscal year 2007, (b) long-term awards under the MIP earned for fiscal year 2007 and (c) earnings for fiscal year 2007 on unpaid long-term MIP awards made in prior fiscal years. The annual awards were paid in cash shortly after the end of fiscal year 2007. The long-term awards are payable in cash in three equal annual installments after the end of fiscal years 2008, 2009 and 2010, and the amounts payable are multiplied by

the percentage, positive or negative, of the change in our shareholders' equity (before the payment of dividends and as adjusted for stock issuances and repurchases) for such fiscal year. Earnings for fiscal year 2007 on the portions of long-term MIP awards made in prior years which are payable after the end of fiscal year 2007 are paid at the time the award is paid, and earnings for fiscal year 2007 on the portions of awards made in prior years which are not payable until after the end of future fiscal years are payable at the time such awards are payable. The amounts included in this column for earnings on long-term MIP awards made in prior years are as follows:

The amounts shown in the Non-Equity Incentive Plan Compensation column for David C. Sylvester also include earnings on long-term awards made in prior fiscal years under our International Management Incentive Plan, which operates similarly to the MIP.

- (3) The amounts shown in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column represent the increase in actuarial present value of the applicable officer's accumulated benefit under (a) our Executive Supplemental Retirement Plan and (b) a deferred compensation agreement (in the case of James P. Hackett only). Earnings under our Deferred Compensation Plan are not included because they are not earned at a preferential rate.
- (4) The amounts shown in the All Other Compensation column include the following:

This line shows an award of performance shares made under our Incentive Compensation Plan. The performance shares will be earned and vest as of the end of fiscal year 2009, subject to the achievement of certain performance measures over fiscal years 2007, 2008 and 2009, as follows: 50% based on cumulative cash flow per share and 50% based on average annual operating income. See the *Compensation Discussion and Analysis* under the heading Elements of Executive Compensation for Fiscal Year 2007 Equity-Based Incentive Awards for further discussion of these awards. At the end of fiscal year 2009, the number of performance shares earned will be issued as Class A Common Stock, and each officer will also receive a cash payment equal to the cumulative total of dividends declared during the performance period on the number of shares earned.

- (2) This line shows the long-term component of an award made under the MIP. These awards will be paid in cash in three equal annual installments shortly after the end of fiscal years 2008, 2009 and 2010, after adjusting for the change in our shareholders' equity (before the payment of dividends and as adjusted for stock issuances and repurchases), positive or negative, for that year. See the *Compensation Discussion and Analysis* under the heading Elements of Executive Compensation for Fiscal Year 2007 Management Incentive Plan Awards for further discussion of these awards.
- (3) This line shows an award of restricted stock made to Mr. Sylvester under our Incentive Compensation Plan. The shares will vest in full on October 25, 2009, and Mr. Sylvester will receive dividend payments on the shares during the vesting period.

After the end of fiscal year 2007, on March 22, 2007, the Compensation Committee confirmed the performance results, and the awards were earned at 150% of target. The number of shares shown reflects the amount actually earned.
- (6) These performance shares will be earned based on the satisfaction of certain performance conditions over a performance period of fiscal years 2006, 2007 and 2008 and, if earned, will vest in three equal annual installments at the end of fiscal years 2008, 2009 and 2010. Because the performance through fiscal year 2007 exceeded the target performance goals for these awards, the number of shares and market values shown are based upon the maximum number of shares under the award (equal to 200% of the target number of shares), in accordance with the regulations of the Securities and Exchange Commission.
- (7) These performance shares will be earned based on the satisfaction of certain performance conditions over a performance period of fiscal years 2007, 2008 and 2009 and, if earned, will vest in full at the end of fiscal year 2009. Because the performance for fiscal year 2007 exceeded the threshold performance goals for these awards, the number of shares and market values shown are based upon the target number of shares under the award, in accordance with the regulations of the Securities and Exchange Commission.
- (8) These restricted stock units vested in full on March 26, 2007, after the end of fiscal year 2007, and were settled in unrestricted shares of Class A Common Stock.

- (1) The amount shown in the Value Realized on Exercise column is calculated by multiplying (a) the difference between the closing market price of our Class A Common Stock on the day the executive officer exercised the option and the option exercise price by (b) the number of shares exercised. This amount does not reflect any deduction for shares sold to cover applicable tax withholding.
- (2) The amount shown in the Value Realized on Vesting column is calculated by multiplying (a) the closing market price of our Class A Common Stock on the date of vesting by (b) the number of shares vested. This value does not reflect any deduction for shares forfeited to cover applicable tax withholding.

- (1) The number shown in the Number of Years Credited Service column for the Executive Supplemental Retirement Plan represents the number of years the executive officer has participated in the plan as of the end of fiscal year 2007. Eligibility and benefits under this plan are based on age and continuous years of service with our company, as well as a vesting schedule as described in the *Compensation Discussion and Analysis* under the heading Retirement Programs and Benefits Executive Supplemental Retirement Plan.
- (2) The amount shown in the Present Value of Accumulated Benefit column represents the actuarial present value of the executive officer's accumulated benefits under the applicable plan or agreement as of the end of fiscal year 2007. The amount was calculated using the same assumptions used for financial reporting purposes under generally accepted accounting principles, which are disclosed in Note 9 to the consolidated financial statements included in our annual report on Form 10-K for fiscal year 2007 filed with the SEC on April 20, 2007.
- (3) Mr. Sylvester became a participant in our Executive Supplement Retirement Plan in March 2007, after the end of fiscal year 2007.

For a description of the material terms of our Executive Supplemental Retirement Plan, see the *Compensation Discussion and Analysis* under the heading Retirement Programs and Benefits Executive Supplemental Retirement Plan. For a description of the material terms of Mr. Hackett's deferred compensation agreement, see the *Compensation*

Discussion and Analysis under the heading Retirement Programs and Benefits Deferred Compensation Agreement.

Table of Contents**Deferred Compensation**

The following table shows information for fiscal year 2007 regarding each plan under which compensation may be deferred on a basis that is not tax-qualified.

Fiscal Year 2007 Nonqualified Deferred Compensation

Name	Executive Contributions in Last FY(1)	Registrant Contributions in Last FY(2)	Aggregate Earnings in Last FY(3)	Aggregate Withdrawals/ Distributions	Aggregate Balance at Last FYE(4)

Michael I. Love	\$ 81,394	\$ 11,000	\$ 37,945		\$ 382,853

- (1) The amounts shown in the **Executive Contributions in Last FY** column are the amounts deferred by the officers under our Deferred Compensation Plan. Of the amounts shown, \$46,731 for James P. Hackett, \$115 for Mark A. Baker and \$30,000 for Michael I. Love are included in the **Salary** column of the Fiscal Year 2007 Summary Compensation Table; the remaining amounts shown represent salary or non-equity incentive compensation earned in fiscal year 2006 that would have been paid to the officer during fiscal year 2007 if it had not been deferred under the Deferred Compensation Plan.
- (2) The amounts shown in the **Registrant Contributions in Last FY** column are the amounts we contributed to the officers' accounts under our Restoration Retirement Plan for fiscal year 2007; these amounts are also reported in the **All Other Compensation** column of the Fiscal Year 2007 Summary Compensation Table.
- (3) The amounts shown in the **Aggregate Earnings in Last FY** column are the earnings in the officers' accounts under both our Deferred Compensation Plan and our Restoration Retirement Plan. These amounts are not reported in the Fiscal Year 2007 Summary Compensation Table because the earnings are not preferential.
- (4) The amounts shown in the **Aggregate Balance at Last FYE** column are the combined balance of the applicable executive officers' accounts under our Deferred Compensation Plan and our Restoration Retirement Plan. As of the end of the end of fiscal year 2007, Mr. Merlotti was 75% vested in our Restoration Retirement Plan, and each of the other named executive officers was 100% vested. Of the amounts shown, \$183,628 for James P. Hackett, \$72,189 for James P. Keane, \$30,750 for Frank H. Merlotti, Jr., \$53,927 for Mark A. Baker and \$150,466 for Michael I. For a description of the material terms of our Deferred Compensation Plan and our Restoration Retirement Plan, see the *Compensation Discussion and Analysis* under the headings **Retirement Programs and Benefits - Deferred Compensation Plan** and **Retirement Programs and Benefits - Retirement and Restoration Retirement Plans**.

Termination or Change in Control Payments

The following table shows the payments that would have been made to the named executive officers if a termination of employment or change in control had happened on February 23, 2007, the last day of our fiscal year 2007. We have included in the table the payments that would have been made if our Executive Severance Plan and

certain amendments to our Restoration Retirement Plan

Table of Contents

and Management Incentive Plan had been in effect as of February 23, 2007, even though the plan and amendments were not effective until March 1, 2007.

The various circumstances under which payments would have been made are categorized as follows:

Retirement meaning the officer voluntarily terminated his or her employment and qualified for retirement under the applicable plans, which generally occurs when the sum of (a) the officer's age plus (b) the officer's years of continuous service with our company equals 80 or more. Michael I. Love is the only named executive officer who was qualified for retirement as of the end of fiscal year 2007.

Death or disability meaning the officer died or the officer's employment terminated due to a disability, as defined in the applicable plans.

Involuntary termination meaning we terminated the officer's employment without cause, as defined in the applicable plans.

Change in control meaning a change in control of our company (as defined in the applicable plans) had taken place, regardless of whether or not the officer's employment terminated.

Termination after change in control meaning the officer's employment terminated within two years following a change in control either (a) by us (or our successor) without cause or (b) by the officer for good reason, as defined in the applicable plans. The amounts reflected in the table below for a termination following change in control would be reduced by those amounts which had been paid to the officer upon the change in control which preceded his termination.

- (1) The amounts shown in the **Severance Payment** column reflect the severance payments that would be made pursuant to our Executive Severance Plan, which is determined as follows:
for our CEO: in the event of an involuntary termination, two times the sum of (a) his base salary on the date of termination plus (b) his target short-term award under the MIP for the year; and in the event of a termination following a change in control, three times the sum of (a) and (b); and

for each of the other named executive officers: in the event of an involuntary termination, one times the sum of (a) his base salary on the date of termination plus (b) his target short-term award under the MIP for the year; and in the event of a termination following a change in control, two times the sum of (a) and (b).

- (2) The amounts shown in the MIP Awards column are the amounts that would be paid with regard to the officers MIP awards for the year under the MIP or the Executive Severance Plan, determined as follows:
in the event of retirement, death or disability, the officer would receive his short-term and long-term MIP awards for the year, prorated for the portion of the MIP plan year that he was an employee and using the actual EVA performance level for the year,

in the event of an involuntary termination, the officer would receive his short-term MIP award for the year, prorated at target levels for the portion of the fiscal year that he was an employee,

in the event of a change in control, the officer would receive his short-term and long-term MIP awards for the year, prorated at target levels for the portion of the MIP plan year prior to the change in control, and

in the event of a termination after change in control, the officer would receive his short-term and long-term MIP awards for the year, prorated at target levels for the portion of the fiscal year that he was an employee.

Table of Contents

- (3) The amounts shown in the MIP Balance column are the balances of the officers' accounts under the MIP which would be paid, after appropriate crediting or debiting for the Company's return on equity for the applicable portion of the year, pursuant to the Executive Severance Plan. These balances represent long-term MIP awards made in prior fiscal years which had not yet been paid to the officers. For David C. Sylvester, the amount shown in the Death or disability line also includes the balance of his account under our International Management Incentive Plan, which operates similarly to the MIP.
- (4) The amounts shown in the Stock Awards column are the value of any unvested restricted stock and restricted stock unit awards and unearned and/or unvested performance share awards that would vest under certain circumstances pursuant to the Incentive Compensation Plan. The values reflected represent the number of shares that would vest multiplied by the market price of our stock on February 23, 2007. The amounts shown also include the value of any stock awards that would continue to be earned and vest following retirement as if the officer's employment had continued; such awards are not accelerated in the event of retirement.
- (5) The amounts shown in the SERP column are the payments that would be made to the officers pursuant to our Executive Severance Plan with regard to our Executive Supplemental Retirement Plan in the event of a termination after change in control. David C. Sylvester was not a participant in our Executive Supplemental Retirement Plan until March 22, 2007, which was after the end of our fiscal year 2007, but the amount shown in this column for Mr. Sylvester was calculated as if he were a participant in the plan as of the end of the fiscal year.
- (6) The amounts shown in the Other Benefits column are the sum of:
- the estimated value of outplacement services that would be provided to the officer for up to 18 months following termination pursuant to the Executive Severance Plan,
 - a lump sum payment that would be made under the Executive Severance Plan equal to the premiums that the officer would need to pay to continue health plan coverage for himself and his beneficiaries under our benefit plans for a period of 18 months and
 - in the case of Mr. Merlotti only, the incremental value of the acceleration of vesting of his account under the Restoration Retirement Plan in the event of a change in control or termination after change in control. Mr. Merlotti was 75% vested under that plan as of March 1, 2007, and all of the other named executive officers were 100% vested.
- (7) The amounts shown in the Excise Tax Gross Up column are the amounts that would be paid under the Executive Severance Plan to cover any excise taxes due by the officers for the payments and benefits received in connection with a termination or change in control.
- (8) The amount shown in the Total column is the sum of the amounts in columns (1) through (7). In addition to the amounts shown in those columns, the named executive officers would receive:
- the vested balance of their account under the Steelcase Inc. Retirement Plan, which is available generally to all employees and does not discriminate in favor of the executive officers;
 - the vested balance of their account under the Restoration Retirement Plan, as shown in the Fiscal Year 2007 Nonqualified Deferred Compensation table; provided, however, that in the case of an involuntary termination, the officer will forfeit the full balance of such account. See note 6 above regarding acceleration of Mr. Merlotti's account balance under certain circumstances;
 - the balance of their account under the Deferred Compensation Plan, as shown in the Fiscal Year 2007 Nonqualified Deferred Compensation table; provided, however, that in the case of an involuntary termination involving gross misconduct, the officer will forfeit the earnings in their account;

their vested benefits under the Executive Supplemental Retirement Plan, as described in the *Compensation Discussion and Analysis* under the heading Retirement Programs and Benefits Executive Supplemental Retirement Plan;

in the event of normal retirement only, the right to receive medical and dental benefits on a private pay basis, which is available generally to all employees of Steelcase Inc. hired before July 22, 2002 and

other welfare benefits, such as a family death benefit in the event of death of the employee, which are available generally to all employees of Steelcase Inc.

The Potential Payments Upon Termination or Change in Control table does not include any payments that would be made to James P. Hackett pursuant to his individual deferred compensation agreement with us, as payments under the agreement are not triggered by termination of Mr. Hackett's employment or a change in control. See the *Compensation Discussion and Analysis* under the heading Retirement Programs and Benefits Deferred Compensation Agreement for a discussion of this agreement.

Generally the amounts reflected in the Potential Payments Upon Termination or Change in Control table would be paid to the applicable officer in a lump sum following termination of employment or change in control, pursuant to the terms of the applicable plans; provided, however, that portions of such amounts would be paid six months after the applicable triggering date and two years after the applicable triggering date. In addition, certain of the amounts reflected in the table are subject to forfeiture in the event the officer competes with us or in the event of certain restatements of our financial statements. See the *Compensation Discussion and Analysis* under the heading Other Programs and Practices Non-compete and Other Forfeiture Provisions for a discussion of these conditions.

DIRECTOR COMPENSATION

The compensation for members of our Board of Directors is reviewed by the Nominating and Corporate Governance Committee, which submits any recommended changes to director compensation to the full Board for approval. James P. Hackett, as an employee, does not receive any additional compensation for his service as a director or committee member.

Standard Arrangements

As of the end of fiscal year 2007, our standard compensation arrangements for our outside directors were as follows:

Type of Compensation	Director	Board Chair
Board Annual Retainer	\$ 80,000	\$ 150,000
Committee Chair Annual Retainers:		
Audit Committee	\$ 10,000	
Compensation Committee	\$ 7,500	
Nominating and Corporate Governance Committee	\$ 5,000	

Board annual retainers and committee chair annual retainers are paid 50% in cash and the remaining 50% in either: a deemed investment in Class A Common Stock under our Non-Employee Director Deferred Compensation Plan or

Class A Common Stock issued under our Incentive Compensation Plan.

All shares granted to our directors as part of their non-cash director compensation are granted in the form of our Class A Common Stock, pursuant to our Incentive Compensation Plan. The number of

Table of Contents

shares awarded is calculated using the fair market price of the Class A Common Stock as of the opening of the NYSE on the date on which the shares are issued.

Each outside director (including committee chairs but excluding the Board Chair) also receives \$1,500 per committee meeting attended, paid in cash.

Non-Employee Director Deferred Compensation Plan

Each of our outside directors is eligible to participate in our Non-Employee Director Deferred Compensation Plan. Under this plan, directors may defer all or part of their retainer and/or committee fees until they no longer serve on our Board. A participating director may elect to have the deferred amount deemed invested in Class A Common Stock or several other investment funds.

Director Stock Ownership Guidelines

Our Board expects that any shares issued to outside directors under our Incentive Compensation Plan will be held by the directors while they serve on the Board.

Other Benefits

All directors (including committee chairs and the Board chair) are reimbursed for reasonable out-of-pocket expenses incurred to attend Board and committee meetings.

During fiscal year 2007, each of our outside directors who is not a retiree of our Company was eligible to receive medical and dental care coverage under our Benefit Plan for Outside Directors, which provides coverage comparable to the Steelcase Inc. Benefit Plan generally available to all employees of Steelcase Inc. The cost of participating in this plan is reported as taxable income for the director. The table below shows, for each outside director who participated in the plan during fiscal year 2007, the amount of taxable income relating to such participation.

Participating Directors	Fiscal Year 2007 Taxable Income
Michael J. Jandernoa	\$12,413

Table of Contents**Other Payments Received by Certain Directors**

William P. Crawford and Robert C. Pew III currently receive or are entitled to receive payments under supplemental retirement and/or deferred compensation arrangements that were in effect when their active employment with us ended. Mr. Crawford also participates in our retiree medical and life insurance benefit plans on the same terms as other U.S. retirees. Their rights to receive those payments and benefits are not conditioned on continued service on our Board.

Table of Contents**STOCK OWNERSHIP OF MANAGEMENT AND CERTAIN BENEFICIAL OWNERS**

The tables on the following pages show the amount of Class A Common Stock and Class B Common Stock beneficially owned by certain persons. Generally, a person beneficially owns shares if the person has or shares with others the right to vote those shares or to dispose of them, or if the person has the right to acquire voting or disposition rights within 60 days (for example, by exercising options). Except as stated in the notes following the tables, each person has the sole power to vote and dispose of the shares shown in the tables as beneficially owned.

Each share of Class B Common Stock can be converted into one share of Class A Common Stock at the option of the holder. Ownership of Class B Common Stock is, therefore, deemed to be beneficial ownership of Class A Common Stock under the SEC's rules and regulations. The number of shares of Class A Common Stock and percentages shown for Class A Common Stock in the following tables, however, do not account for this conversion right in order to reduce substantial duplications in the number of shares and percentages that would be shown in the table.

Directors and Executive Officers

This table shows the amount of common stock beneficially owned as of April 25, 2007 by (a) each of our directors, (b) each of our executive officers named in the Fiscal Year 2007 Summary Compensation Table, and (c) all of our directors and executive officers as a group. The address of each director and executive officer is 901 44th Street SE, Grand Rapids, MI 49508.

This table shows the amount of common stock beneficially owned by each other person known by us to beneficially own more than 5% of our Class A Common Stock or our Class B Common Stock. The information set forth in this table is based on the most recent Schedule 13D or 13G filing made by such persons with the SEC, except where we know of any changes in beneficial ownership holdings after the date of such filings. The percentages listed in the Percent of Class column for Class B Common Stock add up to more than 100% because (1) as described in the notes to the table, some of the persons listed in the table share the power to vote and dispose of shares of Class B Common Stock with one or more of the other persons listed in the table, and (2) for many persons listed in the table, the number of Shares Beneficially Owned is based on filings by such persons with the SEC as of December 31, 2006 or earlier but the Percent of Class is calculated based on the total number of shares of Class B Common Stock outstanding on April 25, 2007.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors, executive officers, and those who beneficially own more than 10% of our Class A Common Stock to file reports of initial ownership and changes in their beneficial ownership of shares of Class A Common Stock with the SEC. Based on our review of the reports filed with the SEC, or written representations that no reports were required, we believe that during fiscal year 2007, all Section 16(a) reports were filed on a timely basis, except that (1) one Form 3 amendment, reporting 110 shares inadvertently omitted from the original Form 3 filing, one Form 4, reporting three transactions, and one Form 5, reporting two transactions, were filed late by Frank H. Merlotti, Jr., and (2) one Form 4, reporting one transaction, was filed late by James P. Hackett.

**PROPOSAL 2 APPROVAL OF THE
STEELCASE INC. MANAGEMENT INCENTIVE PLAN**

The Steelcase Inc. Management Incentive Plan, or MIP, was first adopted by our Board of Directors on June 27, 1994. The Compensation Committee most recently amended and restated the MIP as of February 24, 2007. The amended and restated MIP applies to any award established on or after February 24, 2007. As amended and restated, the MIP is intended to enable us to grant awards that satisfy the requirements of a performance-based compensation program under Section 162(m) of the Internal Revenue Code. However, our ability to grant performance-based compensation under Section 162(m) under the MIP is subject to your approval of this Proposal 2.

Our Board of Directors believes that the maintenance of the MIP is necessary to meet our objectives of attracting, retaining and compensating key employees.

Background

Section 162(m)

Section 162(m) generally limits the deductibility for tax purposes of compensation in excess of \$1 million per year paid by a publicly traded company to certain executive officers who are deemed to be covered employees under the Internal Revenue Code. Compensation that qualifies under Section 162(m) as performance-based compensation is, however, exempt from the \$1 million deductibility limitation. The deductibility of payments made under the MIP resulting in total covered compensation in excess of \$1 million for our covered employees following the Meeting will depend on whether the payment is performance-based within the meaning of Section 162(m).

As amended and restated, the MIP is intended to enable us to grant awards that satisfy the requirements of a performance-based compensation program under Section 162(m), including the requirement that the compensation must be paid solely on account of the attainment of pre-established, objective performance goals. However, in order for compensation granted pursuant to the MIP to qualify for the performance-based exemption from the applicability of Section 162(m), the material terms under which the compensation is to be paid must be disclosed to and approved by shareholders in a separate vote prior to payment. Accordingly, we are asking you to approve the MIP as amended and restated.

Plan Description

The following is a summary of the material provisions of the MIP. The summary is qualified in its entirety by the specific language of the MIP, which is attached as Exhibit A. Also see the discussion of the MIP in *Compensation Discussion and Analysis*, under the heading Elements of Executive Compensation for Fiscal Year 2007 Management Incentive Plan Awards.

Purposes

The MIP is an annual and long-term incentive compensation program. Its purpose is to encourage initiative, resourcefulness, teamwork and efficiency among employees of Steelcase and our consolidated subsidiaries, unconsolidated or consolidated partnerships and joint ventures.

Administration

The MIP is administered by the Compensation Committee, which has full discretionary authority in the operation and administration of the MIP. The Compensation Committee may delegate its authority from time to time to management or another approved committee, but any actions taken by management or the other committee under any such delegation are subject to review and change by the Compensation Committee.

Table of Contents

Eligibility

Subject to the limitation described in the following sentence, our CEO and the Compensation Committee have the authority to designate employees who will be participants in the MIP from time to time. Participation in the MIP by employees who directly report to our CEO or employees who are covered employees under Section 162(m) must be approved by the Compensation Committee. As of April 30, 2007, there were approximately 320 participants in the MIP.

Determination of Awards

The MIP provides participants with cash or other forms of payments (as described below) based upon the achievement of specified financial performance targets, as measured by economic value added, or EVA. EVA is a profit measurement that reflects all the costs of operating our Company as a business, including the cost of capital. Incentive compensation under the MIP for any fiscal year has an annual component, which rewards managers based on our financial performance for the current year, and a long-term component, which rewards managers for making decisions that affect the long-term success and strength of our company.

Established performance targets include a threshold level of performance below which no award payment will be made, levels of performance at which specified percentages of the target award will be paid, and the level of performance at which the maximum award levels will be paid.

With respect to all awards intended for any fiscal year to qualify for the performance-based exception to Section 162(m), the Compensation Committee must make all of the relevant performance target determinations when the achievement of the performance target is substantially uncertain and within 90 days of the beginning of the fiscal year.

Certification of Awards

Before any awards intended to qualify for the performance-based exception to Section 162(m) can be paid to participants, the Compensation Committee must certify, in writing, the extent to which the established performance targets have been attained.

Payment of Awards

Annual awards for any fiscal year are payable in cash promptly after the end of the fiscal year.

Long-term awards for any fiscal year generally are credited in substantially equal amounts to a record-keeping account established for each participant. The long-term award is then paid out in cash annually over a three-year period starting after the end of the fiscal year following the year in which the long-term amount was earned. Pending payment, the long-term MIP accounts are adjusted based on the change in our shareholders' equity (positive or negative) as determined each fiscal year before the payment of dividends and as adjusted for stock issuances and repurchases. The Compensation Committee in its discretion may decide to make payment of some or all of the long-term awards for any fiscal year in the form of property, including options to purchase our Class A Common Stock or restricted shares of our Class A Common Stock.

Maximum Award Amounts

The maximum amount that can be earned by any employee as annual incentive compensation with respect to any fiscal year is \$3 million. The maximum amount of long-term incentive compensation (including the value of any compensation paid in the form of options or other non-cash property) that can be earned in any fiscal year by any employee (regardless of when the compensation is actually paid) is \$4 million. The value of any compensation paid in property other than cash is determined by the Compensation Committee. In addition, no awards can be earned in a particular fiscal year to the extent that the awards would result in our company recording a net loss for that fiscal year.

Table of Contents

Termination of Employment

An employee whose employment with us terminates due to death, total disability, or retirement is to be paid prorated annual and long-term awards under the MIP, based upon the employee's time of active employment during the fiscal year. The prorated awards are paid and computed in the same manner as MIP awards are otherwise payable to employees who are Company employees at the end of the year. Unless otherwise determined by the Compensation Committee, the balance in the employee's long-term MIP account is paid to the employee or the employee's beneficiary as the long-term incentive compensation payments are made under the MIP each year until the account is fully paid.

Upon termination of employment for any other reason than death, total disability, or retirement, an employee is not entitled to payment of any incentive compensation for the fiscal year and the balance in the employee's long-term incentive compensation account is forfeited, unless otherwise determined by the Compensation Committee or as provided in our Executive Severance Plan. Except as otherwise provided by the Compensation Committee, an employee is not entitled to payment of any incentive compensation if the employee directly or indirectly engages in competition with Steelcase (or any of our subdivisions, subsidiaries, or affiliates) at any time during or within three years following employment with us.

Change in Control

Upon a change in control of our Company (as defined in the MIP), each participant will receive:
a prorated portion of his or her annual and long-term incentive compensation under the MIP for the current fiscal year at target and

lump sum payment of the balance of his or her long-term incentive compensation account under the MIP, as adjusted for the change in our shareholders' equity (positive or negative) for the plan year to date, before the payment of dividends and as adjusted for stock issuances and repurchases.

Clawback Provision

Awards made under the MIP to any participant who also participates in our Executive Severance Plan may be subject to forfeiture in the event of any material restatement of our financial results. In the event of a material restatement, the Compensation Committee may review the circumstances surrounding the restatement and determine whether and which participants will forfeit the right to any future payments under the MIP or be required to repay prior payments under the MIP determined by the Committee to have been inappropriately received by the participant. In the event of a material restatement due to fraud, any participant who the Compensation Committee determines participated in or is responsible for the fraud will forfeit the right to future payments under the MIP and be required to repay any amounts paid under the MIP in excess of those amounts that would have been paid based on the restated financial results.

Amendment and Termination

The MIP can be amended or terminated by the Compensation Committee or our Board of Directors so long as the amendment or termination does not reduce or eliminate amounts already credited to the long-term incentive compensation accounts of participants as of the end of the fiscal year preceding the later of the date on which the amendment or termination became effective or was adopted.

Table of Contents**MIP Benefits**

The following table provides information about awards under the MIP for fiscal year 2008 for each of our named executive officers, our executive officers as a group and our non-executive officer employees as a group. Our directors do not participate in the MIP. As described above, awards under the MIP are granted based on a percentage of the participant's salary and will be determined based upon the amount of EVA achieved in fiscal year 2008. As a result, the amounts that may be earned by participants under the MIP for fiscal year 2008 cannot be determined at this time. The dollar values shown in the table below for the named executive officers and all executive officers as a group have been calculated based upon the applicable officer's current short-term and long-term award percentages under the MIP, his or her current salary, and a MIP award multiple of 1.0. The dollar value shown for all employees as a group represents our current estimate of the total short-term and long-term awards that would be payable to all current MIP participants at a 1.0 award multiple.

Management Incentive Plan

All current executive officers as a group	\$ 6,267,970

As described in the *Compensation Discussion and Analysis* under the heading *Elements of Executive Compensation for Fiscal Year 2007 - Management Incentive Plan Awards*, the lowest MIP multiple that may be earned is zero, and the highest MIP multiple that may be earned is 2.0, meaning that the actual amounts that may be earned under the MIP by the applicable participants for fiscal year 2008 may be as low as zero and as high as 200% of the amounts shown in the table above. In addition, any change in a participant's salary or MIP award percentages during fiscal year 2008 would affect the amount that would be earned by such participant.

The Board of Directors recommends a vote FOR Proposal 2.

**PROPOSAL 3 APPROVAL OF THE
STEELCASE INC. INCENTIVE COMPENSATION PLAN**

Our Incentive Compensation Plan, or ICP, was first adopted by our Board of Directors on October 27, 1997 and approved by our shareholders on December 2, 1997. The Compensation Committee of our Board of Directors most recently amended and restated the ICP as of February 24, 2007. Your approval of the ICP as amended and restated is necessary to increase the number of shares available for issuance under the ICP and to enable us to grant awards under the ICP that satisfy the requirements of a performance-based compensation program under Section 162(m).

Table of Contents

As amended and restated, the ICP is effective with respect to any award established on or after February 24, 2007. However, the increase in the number of shares available for issuance under the ICP and the continuation of any award intended to qualify for the performance-based exception to Section 162(m) with respect to periods after the Meeting are subject to your approval of this Proposal 3.

Our Board of Directors believes the existing awards under the ICP have enhanced our position in the highly competitive market for managerial and executive talent and have aligned the long-term interests of participants with those of the shareholders and that the continued maintenance of the ICP is necessary to meet our objectives of attracting, retaining and compensating our key employees and others.

Background

Shares Available for Issuance

Before its amendment and restatement, the ICP had reserved for issuance 21,000,000 shares of our Class A Common Stock, no more than 3,000,000 of which could be granted in the form of restricted stock. We are asking for your approval of an additional 4,000,000 shares of our Class A Common Stock for grants of future awards under the ICP. We intend to increase to 6,000,000 the total number of shares that may be granted in the form of restricted stock. If the additional 4,000,000 shares are approved, there will be a total of 25,000,000 shares reserved for issuance under the ICP.

Section 162(m)

As explained above in connection with Proposal 2, in order for compensation granted under the ICP to qualify for the performance-based exemption from the applicability of Section 162(m), the material terms under which the compensation is to be paid must be disclosed to and approved by shareholders in a separate vote prior to payment.

Plan Description

The following is a summary of the material provisions of the ICP. The summary is qualified in its entirety by the specific language of the ICP, which is attached as Exhibit B.

Purposes

The purposes of the ICP are to:

optimize the profitability and growth of our company through annual and long-term incentives that are consistent with our goals and link the personal interests of ICP participants with those of our shareholders;

provide participants with an incentive for excellence in individual performance;

promote teamwork among participants;

provide flexibility for us to attract and retain the services of participants who make significant contributions to our success; and

allow participants to share in our success.

Administration

Our Board of Directors is generally responsible for the administration of the ICP. However, the Board has delegated its administrative authority to the Compensation Committee other than with

Table of Contents

respect to awards to non-employee Directors. Under the ICP, the Compensation Committee has the power to:

- select the employees and other individuals who will participate in the ICP;
- determine the size and type of awards;
- determine the terms and conditions of any award consistent with the terms of the ICP;
- interpret the ICP and any agreement or instrument entered into under the ICP;
- establish, amend, or waive rules and regulations for the ICP's administration; and
- amend the terms and conditions of any outstanding award as provided under the ICP.

Subject to the limitations described below, our Compensation Committee has delegated authority to our CEO to grant:

stock options, not to exceed 5,000 shares to any one person in any one fiscal year and not to exceed 100,000 shares in the aggregate in any one fiscal year,

restricted stock, not to exceed 2,000 shares to any one person in any one fiscal year and not to exceed 40,000 shares in the aggregate in any one fiscal year, and

restricted units, not to exceed 2,000 shares to any one person in any one fiscal year and not to exceed 40,000 units in the aggregate in any one fiscal year.

Our CEO may not grant any awards to any of our executive officers.

Eligibility

The ICP is open to participation by all employees and directors of Steelcase and its subsidiaries or affiliates and any other person designated by the Compensation Committee. Of those eligible, the Compensation Committee determines who will receive awards. As of April 30, 2007, there were approximately 490 participants in the ICP.

Types of Awards

The ICP provides for the grant of stock options, stock appreciation rights, shares of restricted stock, performance shares, performance units and cash-based awards, phantom shares or other share-based awards. These awards are discussed in more detail below.

Stock Options

Options granted under the ICP may be incentive stock options meeting the definition of an incentive stock option under Section 422 of the Internal Revenue Code or options that do not qualify as incentive stock options (referred to as nonqualified stock options). The Compensation Committee will determine the option price, duration of the option, the number of shares to which the option pertains, termination and transferability rights and other terms and conditions of the option. The option price for each grant will be at least equal to 100% of the closing price of our Class A Common Stock on the NYSE on the date of grant (the fair market price).

In no event can an option be exercised later than the tenth anniversary date of its grant. In the event of termination of employment, the options can be exercised in accordance with the terms of the award agreement. The maximum aggregate number of shares that can be granted in the form of stock options in any one fiscal year to any one participant is 500,000 shares, inclusive of any options granted by our CEO.

Table of Contents***Stock Appreciation Rights (SARs)***

The Compensation Committee can grant SARs under the ICP, either in tandem with stock options or freestanding and unrelated to options. The grant price of a freestanding SAR will be the fair market price. The grant price of tandem SARs will equal the option price of the related option.

Upon exercise of a SAR, a participant will be entitled to receive payment from us in an amount determined by multiplying (1) the difference between the fair market value of a share on the exercise date and the grant price, by (2) the number of shares with respect to which the SAR is exercised. The form of payment of a SAR will be determined by the Compensation Committee, and may be in shares of common stock, cash, or a combination of common stock and cash. The maximum aggregate number of shares that may be granted in the form of SARs in any one fiscal year to any one participant is 500,000 shares.

Restricted Stock

Each grant of restricted stock under the ICP will be evidenced by an award agreement that will specify the period and type of restriction, the number of shares covered by the grant and other provisions that the Compensation Committee may determine to be appropriate. The Compensation Committee has the authority to impose any type of restriction on vesting as it may deem appropriate, including without limitation a requirement that a participant remain employed for a specified period, specific performance requirements, restrictions under federal or state securities laws, or any combination of these or other types of restrictions. The maximum aggregate number of shares that may be granted in the form of restricted stock in any one fiscal year to any one participant is 200,000 shares.

Performance Shares/ Performance Units and Cash-Based Awards

Each performance share granted under the ICP will have an initial value equal to the fair market price of a share. Each performance unit granted under the ICP will have an initial value determined by the Compensation Committee at the time of grant. Each cash-based award will have a value as may be determined by the Compensation Committee. The Compensation Committee will set performance goals that, if met, will determine the number and/or value of performance shares or performance units or cash-based awards that would be paid to the participant. Participants may be granted full voting rights and receive dividends on the performance shares and/or units during the performance period. The maximum aggregate payout (determined at the end of the applicable performance period) with respect to awards of performance shares or performance units or cash-based awards granted in any one fiscal year to any one participant is 250,000 shares.

Phantom Shares

Each phantom share granted under the ICP will have an initial value equal to the fair market price on the date of grant. The Compensation Committee may determine the terms and conditions of the award, including any vesting provisions. The holder of any vested phantom shares will be entitled to receive payout on the number of and value of phantom shares earned by the participant over the performance period. Participants may be granted the right to receive dividends on the phantom shares that have been earned but not yet distributed. The maximum aggregate payout (determined at the end of the applicable performance period) with respect to phantom shares granted in any one fiscal year to any one participant is 250,000 shares.

Other Share-Based Awards

Subject to the terms of the ICP, the Compensation Committee may grant other share-based awards under the ICP including, without limitation, awards under which shares are acquired or may be acquired in the future. The Compensation Committee, in its sole discretion, will determine the terms

Table of Contents

and conditions of these awards. The maximum aggregate number of shares that may be granted in the form of other share-based awards in any one fiscal year to any one participant is 200,000 shares.

Performance Criteria

Any award granted under the ICP may be made subject to the attainment of performance goals. With respect to any award intended to qualify for the performance-based exception to the applicability of Section 162(m), the Compensation Committee shall select the performance criteria from among the following:

earnings per share;

net income (before or after taxes);

return measures (including, but not limited to, return on assets, equity or sales);

cash flow (including, but not limited to, operating cash flow, free cash flow, cash flow return on investment (discounted or otherwise), or cumulative cash flow per share);

earnings before or after taxes;

gross revenue;

operating profit;

operating expenses;

share price (including, but not limited to, growth measures and total shareholder return);

economic value added;

implementation or completion of critical projects or processes;

strategic business criteria, consisting of one or more objectives based on meeting specified market share, market penetration, geographic business expansion, customer satisfaction, employee satisfaction, human resources management, supervision of litigation, information technology, and goals relating to acquisitions, divestitures, joint ventures and similar transactions, and budget comparisons;

personal professional objectives, including any of the foregoing performance goals, the implementation of policies and plans, the negotiation of transactions, the development of long-term business goals, formation of joint ventures, research or development collaborations, and the completion of other corporate transactions; and

any combination of, or a specified increase in, any of the foregoing.

The Compensation Committee may adjust the performance criteria to the extent permitted by Section 162(m) and in its discretion may grant awards (including awards based on the foregoing criteria) that are not intended to satisfy the performance-based exception to the applicability of Section 162(m).

Competition

If a participant, during the term of his or her employment or during the three-year period following termination of employment, engages in competition with us or any of our subsidiaries or affiliates, the participant will immediately forfeit the right to exercise and/or receive payment for any award, whether or not the award is vested or unvested. In addition, the participant must also repay us any gain he or she realized from exercise of any options, the fair market value on the grant date of any restricted stock or restricted stock units which vested, and any gain resulting from any

performance shares or performance units, within 12 months prior to the date the participant began competing with us.

Table of Contents

Adjustments to Number of Shares

In the event of any change in our capitalization or in the event of a corporate transaction such as a merger, consolidation, separation or similar event, the ICP provides for appropriate adjustments in the number and class of shares of common stock available for issuance or grant and in the number and/or price of shares subject to awards.

Change in Control

Under the terms of the ICP, in the event of an occurrence of a change in control of our company (as defined in the ICP):

all outstanding options become immediately exercisable and remain exercisable throughout their entire term;

restriction periods and restrictions imposed on shares of restricted stock (other than performance-based restricted stock) immediately lapse; and

the target payout opportunities attainable under all outstanding awards of performance-based restricted stock, performance units, performance shares, and cash-based awards and share-based awards are deemed to have been fully earned for the entire performance period(s) as of the effective date of the Change in Control.

The vesting of all awards denominated in shares will be accelerated as of the effective date of the Change in Control. Additionally, there will be paid out to participants, within thirty (30) days following the effective date of the Change in Control, a pro rata number of shares based upon an assumed achievement of all relevant targeted performance goals and upon the length of time within the performance period which has elapsed prior to the Change in Control. Awards denominated in cash will be paid pro rata to participants in cash within thirty (30) days following the effective date of the Change in Control, with the proration determined as a function of the length of time within the performance period that has elapsed prior to the Change in Control, and based on an assumed achievement of all relevant targeted performance goals.

In the event of a Change in Control in which the consideration paid to our shareholders is solely cash, our Board may provide that each award under the ICP will be cancelled upon the occurrence of the Change in Control in exchange for a payment equal to the consideration paid per share in the Change in Control over the exercise or purchase price, if any, per share of the award, multiplied by the number of shares granted under the award.

Nontransferability

Except as otherwise provided in a participant's award agreement, awards may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. In addition, except as otherwise provided in a participant's award agreement, a participant's rights under the ICP will be exercisable during the participant's lifetime only by the participant or the participant's legal representative.

Clawback Provision

Awards made under the ICP to any participant who also participates in our Executive Severance Plan may be subject to forfeiture in the event of any material restatement of our financial results. In the event of a material restatement, the Compensation Committee may review the circumstances surrounding the restatement and determine whether and which participants will forfeit the right to any future awards or other equity-based compensation under the ICP or be required to repay prior awards or cash payments under the ICP determined by the Compensation Committee to have been inappropriately received by the participant. In the event of a material restatement due to fraud, any participant who the Compensation Committee determines participated in or is responsible for the fraud

Table of Contents

will forfeit the right to future awards or other equity-based compensation under the ICP and be required to repay any awards or cash payments made under the ICP in excess of the amounts that would have been received based on the restated financial results.

Amendment, Modification and Termination of the Plan

Our Board of Directors may at any time amend, suspend, or terminate the ICP in whole or in part. However, no amendment will be made without shareholder approval if that approval is necessary to comply with applicable tax or regulatory requirements. No termination, amendment, or modification of the ICP may adversely affect in any material way any award previously granted under the ICP without the written consent of the participant holding the award. The Change in Control provisions of the ICP may not be amended, terminated or modified after a Change in Control to adversely affect any award previously granted under the ICP without the written consent of the participant holding the award.

Employees from the United Kingdom and France

Our employees from the United Kingdom and France are eligible to participate in the ICP. However, special provisions apply to their participation. The stock reserved for issuance under the ICP is used to settle awards granted to our employees from the United Kingdom and France.

Federal Income Tax Consequences

The following discussion of certain relevant federal income tax effects applicable to stock options and other stock-based awards granted under the ICP is a summary only, and reference is made to the Internal Revenue Code for a complete statement of all relevant federal tax provisions.

Options

In general, no taxable income is realized by a participant upon the grant of an incentive stock option (ISO). If shares of common stock are issued to a participant (option shares) pursuant to the exercise of an ISO granted under the ICP and the participant does not dispose of the option shares within the two-year period after the date of grant or within one year after the participant's receipt of the option shares (a disqualifying disposition), then, generally (1) the participant will not realize ordinary income upon exercise and (2) upon sale of the option shares, any amount realized in excess of the exercise price paid for the option shares will be taxed to the participant as capital gain (or loss). The amount by which the fair market value of the common stock on the exercise date of an ISO exceeds the purchase price generally will constitute an item which increases the participant's alternative minimum taxable income.

If option shares acquired upon the exercise of an ISO are disposed of in a disqualifying disposition, the participant generally would include in ordinary income in the year of disposition an amount equal to the excess of the fair market value of the option shares at the time of exercise (or, if less, the amount realized on the disposition of the option shares), over the exercise price paid for the option shares.

Subject to certain exceptions, an option generally will not be treated as an ISO if it is exercised more than three months following termination of employment. If an ISO is exercised at a time when it no longer qualifies as an ISO, the option will be treated as nonqualified stock options as discussed below.

With respect to nonqualified stock options, the participant will recognize no income upon grant of the option, and, upon exercise, will recognize ordinary income to the extent of the excess of the fair market value of the shares on the date of option exercise over the amount paid by the participant for the shares. Upon a subsequent disposition of the shares received under the option, the participant generally will recognize capital gain or loss to the extent of the difference between the fair market value of the shares at the time of exercise and the amount realized on the disposition.

Table of Contents

In general, the Company will receive an income tax deduction at the same time and in the same amount that is taxable to the employee as compensation, as long as the amount constitutes reasonable compensation.

SARs

The recipient of a grant of SARs will not realize taxable income and we will not be entitled to a deduction with respect to the grant on the date of the grant. Upon the exercise of SAR, the recipient will realize ordinary income equal to the amount of cash (including the amount of any taxes withheld) and the fair market value of any shares received at the time of exercise. We will be entitled to a corresponding deduction, equal to the amount of income realized, as long as the amount constitutes reasonable compensation.

Restricted Stock

A participant who receives a grant of restricted stock will not recognize any taxable income at the time of the award, provided the shares are subject to restrictions (that is, they are nontransferable and subject to a substantial risk of forfeiture). A participant's rights in restricted stock awarded under the ICP are subject to a substantial risk of forfeiture if the rights to full enjoyment of the shares are conditioned, directly or indirectly, upon the future performance of substantial services by the participant. However, the participant may elect under Section 83(b) of the Internal Revenue Code to recognize compensation income in the year of the award in an amount equal to the fair market value of the shares on the date of the award, determined without regard to the restrictions. If the participant does not make a Section 83(b) election within 30 days of receipt of the restricted shares, the fair market value of the shares on the date the restrictions lapse, less any amount paid by the participant for the shares, will be treated as compensation income to the participant and will be taxable in the year the restrictions lapse. We generally will be entitled to a compensation deduction for the amount of compensation income the participant recognizes as long as the amount constitutes reasonable compensation.

Performance Units, Performance Shares, Cash-Based Awards and Phantom Shares

The recipient of a grant of performance units, performance shares, cash-based awards or phantom shares will not realize taxable income, and we will not be entitled to a deduction, with respect to a grant on the date of the grant. Upon the payout of the award, the recipient will realize ordinary income and we will be entitled to a corresponding deduction, equal to the amount of cash or stock received, as long as the amount constitutes reasonable compensation.

Other Share-Based Awards

The recipient of a grant of a share-based award will not realize taxable income, and we will not be entitled to a deduction, with respect to a grant on the date of the grant. The recipient will realize ordinary income for the amount of stock received less any amount paid for the stock, and we will be entitled to a corresponding deduction, at such time as the shares become transferable or are not subject to a substantial risk of forfeiture, whichever occurs earlier, as long as the amount constitutes reasonable compensation.

ICP Benefits

The number and type of awards that have been granted under the ICP to the named executive officers and our directors which are still outstanding are detailed in the Fiscal Year 2007 Outstanding Equity Awards at Fiscal Year-End table in *Executive Compensation, Retirement Programs and Other Arrangements* and the Fiscal Year 2007 Director Compensation Table in *Director Compensation*. The following table shows the number of performance shares and performance units which have been granted under the ICP during fiscal year 2008 to date for each of our named executive officers and

No such awards have been granted during fiscal year 2008 to date, and any such grants may be made by the Compensation committee or our CEO at their discretion as described above under Plan Description Administration.

SUPPLEMENTAL INFORMATION

Voting

Michigan law and our by-laws require a quorum for the Meeting, which means that holders of a majority of the voting power entitled to vote must be present in person or represented by proxy in order to transact business at the Meeting. Withheld votes and abstentions are counted in determining whether a quorum has been reached.

Assuming a quorum has been reached, we must determine the results of the vote on each matter submitted for shareholders' approval. In order to be elected, the director nominees must receive a plurality of the votes cast at the Meeting for the election of directors. For Proposal 2 or Proposal 3 to be approved, the proposal must receive the affirmative vote of the majority of the votes cast at the Meeting for the proposal.

Under NYSE rules, brokers who hold shares on behalf of their customers (shares held in street name) can vote on certain items when they do not receive instructions from their customers. However, brokers are not authorized to vote on non-routine matters if they do not receive instructions from their customers. The election of directors and the approval of our Management Incentive Plan are considered routine matters under NYSE rules. Therefore, brokers holding shares in street name for their customers can vote as they wish on behalf of any customer who does not give his or her broker instructions on how to vote on Proposals 1 and 2. The approval of our Incentive Compensation plan is considered a non-routine matter; therefore, if you fail to give your broker instructions on how to vote on Proposal 3, your shares will not be treated as votes cast in determining the outcome on that proposal.

Solicitation of Proxies

We will bear the cost of soliciting proxies, which may be done by e-mail, mail, telephone or in person by our directors, officers and employees, who will not be additionally compensated for those activities. We may also reimburse banks, brokers, nominees and other fiduciaries for reasonable expenses they incur in forwarding these proxy materials at our request to the beneficial owners of Class A Common Stock and Class B Common Stock.

Independent Auditor

BDO Seidman, LLP serves as our independent auditor. BDO Seidman, LLP representatives will attend the Meeting, have an opportunity to make a statement if they desire to do so, and respond to appropriate questions.

By Order of the Board of Directors,

Nancy W. Hickey

Chief Administrative Officer and Secretary

**AMENDED AND RESTATED
STEELCASE INC. MANAGEMENT INCENTIVE PLAN**

Preamble

This STEELCASE INC. MANAGEMENT INCENTIVE PLAN (Plan) is a program for measuring financial performance in terms of Economic Value Added (EVA), and providing eligible Employees with incentive compensation based upon EVA results. The objective of the Plan is to encourage initiative, resourcefulness, teamwork, motivation, and efficiency on the part of all Employees that will result in financial success for both the shareholders and the Employees of the Company. The Plan provides annual and long-term incentive compensation for eligible Employees who are in a position to make substantial contributions toward achievement of the financial performance goals established pursuant to the Plan.

SECTION 1

ESTABLISHMENT OF PLAN

1.1 Plan Document

This instrument, as amended from time to time, constitutes the governing document of the Plan.

1.2 Effective Dates

The initial effective date of the Plan was June 27, 1994 and was amended and restated as of March 1, 2002. The Plan as hereby further amended and restated is effective as of February 24, 2007, with respect to any incentive award established on or after such date; provided, however, that the grant of any performance-based compensation with respect to Plan Year 2008 and after, shall be subject to the approval by stockholders of the Plan at the annual meeting for the stockholders of the Company held in 2007.

1.3 Incentive Compensation Plan

The Plan is an annual and long-term compensation program for eligible Employees. Because the Plan does not provide welfare benefits and does not provide for the deferral of compensation to termination of employment, it is established with the intent and understanding that it is not an Employee benefit plan within the meaning of the Employee Retirement Income Security Act of 1974, as amended. To the extent any award under the Plan would become subject to Section 409A of the Code, such award shall be granted in compliance with the requirements set forth in Section 409A of the Code and any regulations or guidance promulgated thereunder.

SECTION 2

Table of Contents

actions taken pursuant to delegated authority and responsibility shall be subject to review and change by the Committee. With respect to awards that are intended to meet the Performance Based Exception and that are made to a Participant who is expected to be a Covered Employee, such delegation shall not include any authority or responsibility which would cause the Participant's award to fail the Performance Based Exception. All decisions, determinations, and interpretations of the Plan by the Committee shall be final and binding on all parties.

A member of the Committee or individual or group to whom authority is delegated shall not participate in and shall not be counted as a member, individual or group with respect to any action of the Committee directly affecting only that member, individual or group.

Designated Participants shall be notified in writing and provided a written summary and explanation of the Plan.

4.2 Continuing Participation

Designation as a Participant for a Plan Year will continue in effect for each succeeding Plan Year until participation is terminated by the CEO or the Committee. The CEO or the Committee may terminate participation by an Employee at any time with or without cause.

SECTION 5
MEASUREMENT OF COMPANY PERFORMANCE

5.1 EVA Performance

For purposes of the Plan, financial performance of the Company or any subdivision of the Company shall be measured by EVA. In general, the Plan shall be administered so that the incentive compensation provided to a Participant under the Plan for each Plan Year is based on absolute EVA performance, improved EVA performance relative to prior EVA performance, or a combination of these criteria.

5.2 Determination of EVA

EVA shall be determined for each Fiscal Year by the Committee. EVA generally shall be determined by application of accounting principles consistently applied from year to year. Nevertheless, the Committee shall have full authority and discretion to modify the accounting principles and components applied in the determination of EVA from time to time as the Committee deems necessary or appropriate. References to EVA for a Plan Year mean EVA for the Fiscal Year ending closest in time to the last day of the Plan Year.

For most Participants, EVA and EVA performance shall be the EVA and EVA performance determined for the Company. Nevertheless, the Committee may determine that EVA and EVA performance applicable to one or more Participants for a Plan Year shall be determined with respect to a business unit comprising less than all of Steelcase Inc., or may be based upon a weighted average of the separate EVA or EVA performance of more than one business unit chosen by the Committee from among Steelcase Inc. and subsidiaries, divisions, and other subdivisions of Steelcase Inc. If weighted averaging is applied, the Committee will determine the weighting percentages applicable for each relevant classification of Participants for the Plan Year, and the percentages will be published at the time of publication of EVA performance targets and target incentive percentages.

5.3 EVA and/or EVA Growth Target

The EVA and/or EVA growth performance targets for each Plan Year shall be determined by the Committee and published to Participants. Notwithstanding the preceding sentence, with respect to awards designed to qualify for the Performance Based Exception, the EVA and/or EVA growth performance targets shall be established at a time (a) prior to ninety (90) days after the commencement of the Plan Year and (b) when the achievement of the performance targets are substantially uncertain.

5.4 Leverage Factor

Leverage factors also shall be determined by the Committee and announced to Participants for each Plan Year. Notwithstanding the preceding sentence, with respect to awards designed to qualify for the Performance Based Exception, the leverage factors shall be established at a time (a) prior to ninety (90) days after the commencement of the Plan Year and (b) when the achievement of the performance targets are substantially uncertain. The leverage factors are (i) the amount of EVA performance above or below EVA growth performance targets for the Plan Year that will cause each Participant's incentive compensation for the Plan Year to be double the participant's target incentive compensation for the plan year, if positive, or to be zero for the Plan Year, if negative and (ii) the absolute leverage factor. The leverage factors for a Plan Year may be the same or different.

5.5 Adjustments

Adjustments to EVA and EVA targets may be made when deemed appropriate by the Committee pursuant to Section 9; provided, however, with respect to awards designed to qualify for Performance

Table of Contents

Based Exception, EVA and EVA targets may not be adjusted after the Committee has approved them for a Plan Year in a manner that would cause an increase in the amount of resulting incentive compensation. Nevertheless, the Committee shall have the authority to make appropriate adjustments to EVA and EVA targets to reflect the impact of the following extraordinary items not reflected in such goals: (a) any profit or loss attributable to acquisitions or dispositions of stock or assets, (b) any changes in accounting standards that may be required or permitted by the Financial Accounting Standards Board or adopted by the Company after the goal is established, (c) all items of gain, loss or expense for the year related to restructuring charges for the Company, (d) all items of gain, loss or expense for the year determined to be extraordinary or unusual in nature or infrequent in occurrence or related to the disposal of a segment of a business, (e) all items of gain, loss or expense for the year related to discontinued operations that do not qualify as a segment of a business as defined in APB Opinion No. 30 and S.F.AS No. 144, and (f) such other items as may be prescribed by Section 162(m) of the Code and the Treasury Regulations thereunder as may be in effect from time to time, and any amendments, revisions or successor provisions and any changes thereto.

SECTION 6
INCENTIVE COMPENSATION TARGETS

6.1 Target Incentive Compensation

The target annual and long-term incentive compensation for each Participant for each Plan Year shall be an amount that is a percentage of the Participant's base pay for the Plan Year.

6.2 Annual and Long-Term Percentages

Separate annual and long-term target incentive compensation percentages shall be determined for each Participant for each Plan Year; provided, however, that the Committee may determine that some Participants will be eligible only for annual incentive compensation or only long-term incentive compensation for a Plan Year. The annual and long-term target incentive compensation percentages shall be determined by the Committee and published to Participants for the Plan Year.

6.3 Maximum Award

- (a) The maximum amount that may be paid to any Employee as annual incentive compensation with respect to any Plan Year shall be \$3 million.
- (b) The maximum amount of long-term incentive compensation that may be awarded in any Plan Year to any Employee, determined without regard to when such compensation is paid to the Employee, shall be \$4 million (including the value of any portion of such award that is not payable in cash, with such value determined by the Committee in its discretion).

SECTION 7
DETERMINATION AND PAYMENT OF INCENTIVE AMOUNTS

7.1 Final Plan Year EVA

EVA and EVA performance, including any necessary or appropriate adjustments required or permitted hereunder, shall be determined as soon as administratively feasible following the availability of final financial results for the Plan Year. The Committee shall certify, in writing, the attainment of year end EVA results and the associated bonus multiple with respect to any award designed to qualify for the Performance Based Exception.

Table of Contents**7.2 Determination of Incentive Compensation**

Under rules established by the Committee, the incentive compensation for each Participant for each Plan Year shall be calculated by the following steps:

- (a) **Bonus Multiple.** The bonus multiple shall be calculated based on (i) the actual level of EVA performance and (ii) growth of EVA for a Plan Year. The Committee shall determine the relative weight of each component to derive the bonus multiple.
- (b) **Incentive Compensation.** Annual and long-term incentive compensation for each Participant for the Plan Year shall be the result obtained by multiplying the Participant's individual target annual or long-term incentive percentage for the Plan Year by the applicable bonus multiple for the Plan Year and then multiplying the resulting percentage by the Participant's base pay for the Plan Year to determine the dollar amount of the Participant's incentive compensation. If a Participant's base pay changes during a Plan Year, proportionate annual and long-term incentive compensation shall be calculated, under the rules established by the Committee, for each period of the Plan Year that each level of base pay was in effect. The proportionate incentive compensation for each level of base pay shall be calculated by annualizing that level of base pay, multiplying by the applicable annual or long-term target incentive percentage for that level of base pay and the bonus multiple, and then multiplying the resulting amount by a fraction, the numerator of which is the number of days during the Plan Year that the level of base pay was in effect and the denominator of which is the number of days in the Plan Year.
- (c) **Maximum.** Notwithstanding the foregoing and subject to Section 6.3, the Committee may determine the maximum amount of annual and long-term incentive compensation for each Participant in a Plan Year.

7.3 Payment of Incentive Amounts

- (a) **Annual Component.** The dollar amount of the annual incentive compensation for a Plan Year shall be paid to the participant as soon as feasible following the completion of the incentive compensation calculations for the Plan Year; provided, however, that no amount shall be paid with respect to any award designed to qualify for the Performance Based Exception until the Committee has certified the EVA and attainment of EVA performance targets with respect to such award in accordance with Section 7.1.
- (b) **Long-Term Component.** The amount of the long-term incentive compensation for a Plan Year that is payable to the Participant in cash shall be paid to the Participant, subject to the adjustments provided herein, in three annual installments. The first installment for a Participant shall be paid after the end of the Participant's second Plan Year of participation in the Plan. The long-term incentive amounts payable to the Participant shall be credited contingently to a long-term incentive compensation recordkeeping account maintained for each Participant; provided, however, that no amount with respect to an award designed to qualify for the Performance Based Exception may be credited to a Participant's account until the Committee has certified the EVA and attainment of EVA performance targets with respect to such Participant in accordance with Section 7.1. The account shall be credited at the end of each succeeding Plan Year with any long-term incentive dollar amount earned by the Participant. Within the account, a separate record or sub-account shall be maintained for each Plan Year for which long-term incentive compensation is credited.
- (c) In addition to any applicable long-term incentive dollar amount, at the end of the second Plan Year of participation and each subsequent Plan Year, each sub-account within the Participant's account shall be adjusted by a hypothetical earnings credit or debit. The adjustment shall be equal to the percentage of positive or negative change, if any, in the shareholder's equity in the Company, before payment of any dividends, for the Fiscal Year

Table of Contents

ending closest in time to the last day of the Plan Year except as adjusted in accordance with Section 5.5.

The separate sub-account for each Plan Year for which long-term incentive compensation is credited shall be independently adjusted by any applicable earnings credits or debits and paid as follows:

- (i) The sub-account shall be established for and as of the end of the Plan Year; and
- (ii) As of the end of the second Plan Year (the Plan Year following the Plan Year for which the sub-account was established), the amount in the sub-account shall be divided into three equal parts and each of such parts shall be adjusted by any applicable earnings credit or debit for the second Plan Year; and
- (iii) As soon as feasible following the end of the second Plan Year, one of the three parts of the sub-accounts be paid to the Participant; and
- (iv) As of the end of the third Plan Year, the two remaining parts of the sub-account shall be adjusted by any applicable earnings credit or debit for the third Plan Year; and
- (v) As soon as feasible following the end of the third Plan Year, one of the two remaining parts shall be paid to the Participant; and
- (vi) As of the end of the fourth Plan Year, the amount remaining in the sub-account shall be adjusted for any earnings credit or debit for the fourth Plan Year and the resulting amount shall be paid to the Participant as soon as feasible following the end of the fourth Plan Year.

Pursuant to the foregoing each Participant may be receiving payments from as many as three different sub-accounts following the end of a Plan Year.

The dollar amount of long-term compensation credited to a Participant for each Plan Year shall be entirely contingent and shall be unconditionally earned only when actually paid. In the event a Participant ceases to be a Participant but continues to be an Employee, adjustments for any earnings credits or debits and payments from the Participant's long-term compensation account shall continue until the account is exhausted or until terminated under Section 7.4.

The Committee in its discretion may determine that any portion or all of the long-term incentive compensation that is payable to a Participant shall be paid in property other than cash (including without limitation stock options granted under the Company's Incentive Compensation Plan). Any portion of the long-term incentive compensation that is payable to a Participant in property other than cash shall be paid on such terms and conditions as determined by the Committee.

7.4 Partial Year Participation, Employment Changes and Forfeitures

- (a) **Partial Year Participation.** If an Employee is designated to become a Participant in a Plan Year as of a date other than the first day of the Plan Year, the Participant's incentive award compensation for the Plan Year shall be determined, under rules established and maintained by the Committee for this purpose from time to time, on the basis of the Participant's time of participation during the Plan Year.
- (b) **Employment Changes.** Target incentive percentages and incentive awards for a Participant for a Plan Year will be prorated under rules established and maintained by the Committee for this purpose from time to time, in the event of any change in compensation or employment status or location, or any other change that would effect the determination for the Plan Year, in proportion to the duration of each applicable factor during the Plan Year. The balance in the Participant's long-term compensation account as of the end of the Plan Year shall not be modified by reason of any change in any applicable factor in a subsequent Plan Year.

Table of Contents

- (c) **Retirement, Death or Disability.** If a Participant's employment terminates during a Plan Year by reason of Retirement, death, or Total Disability, (i) the annual component of the Participant's incentive compensation dollar amount for the Plan Year, if any, shall be prorated, and (ii) the long-term component of the Participant's incentive compensation dollar amount for the Plan Year, if any, shall be prorated, under rules established and maintained by the Committee for such purpose, based on the Participant's time of active employment as a Participant during the Plan Year. The balance in the Participant's long-term incentive compensation account as of the end of the Plan Year, after appropriate crediting or debiting for the Plan Year, shall be paid to the Participant or the Participant's beneficiary at the time long-term incentive compensation payments are made under the Plan for each Plan Year until the account is exhausted. Notwithstanding the preceding sentence, the Committee may determine to accelerate the payment of long-term incentive compensation amounts credited to the Participant or Beneficiary at the time and in the manner determined in the sole and absolute discretion of the Committee; provided, that such action would not cause any payment to result in deferred compensation that is subject to the additional tax under Section 409A of the Code.
- (d) **Other Termination of Employment.** Except as otherwise provided in this subsection (d) or pursuant to subsection (e), upon termination of a Participant's employment during a Plan Year for any reason other than Retirement, death, or Total Disability, the Participant shall not be entitled to the payment of incentive compensation for the Plan Year and the balance in the Participant's long-term incentive compensation account shall be forfeited. Notwithstanding the preceding sentence, the Committee shall have full discretion to determine that any or all of the following: payment of a prorated annual component, crediting of the Participant's long-term incentive compensation account, or payments from the long-term account until exhausted, may be made when termination of the Participant's employment results from job elimination, reduction in work force or other similar company initiative, or is encouraged or induced by incentives offered by the Company; provided, that such actions would not cause any payment to result in deferred compensation that is subject to the additional tax under Section 409A of the Code.
- (e) **Competition.** A Participant shall not be entitled to the payment of incentive compensation for the Plan Year and the balance in the Participant's long-term incentive compensation account shall be forfeited in the event the Participant directly or indirectly engages in Competition with Steelcase Inc. Competition means directly or indirectly engaging in competition with the Company or any subdivision, subsidiary, or affiliate of the Company (collectively, the Company Group) at any time during employment with the Company Group or during the three (3) year period following termination of employment with the Company Group, without prior approval of the Committee. A Plan Participant engages in competition if that person participates directly or indirectly in the manufacture, design or distribution of any products of the same type as those of the Company Group, including, but not limited to, office furniture, office systems or architectural products, or the providing of any related services, for or on behalf of any person or entity other than the Company and its authorized dealers, at any location within or without the United States of America. It is intended that this definition shall be enforced to the fullest extent permitted by law. If any part of this definition shall be construed to be invalid or unenforceable, in whole or in part, then such definition shall be construed in a manner so as to permit its enforceability to the fullest extent permitted by law.
- (f) **Committee Discretion.** Pursuant to the powers conferred in Section 9, the Committee may make other rules and exceptions applicable to participation and employment changes.
- (g) **Section 409A.** Notwithstanding anything to the contrary in this Plan, payments made in connection with a termination of employment to a Participant (other than by reason of death or Total Disability) who is deemed to be a specified employee under Section 409A(a)(2)(B)

Table of Contents

of the Code, that would have been made at any time during the six-month period immediately following such termination of employment, shall not be made prior to the expiration of such six-month period.

7.5 Reports

From time to time during each Plan Year and as of the end of each Plan Year, the Committee shall provide to each Participant information concerning current and cumulative EVA performance, credits and debits in the account and the balance in the Participant's long-term incentive compensation account.

SECTION 8
CHANGE IN CONTROL

8.1 Annual Component

Upon a Change in Control, the annual component of the Participant's incentive compensation dollar amount for the Plan Year, if any, shall be prorated at target, based on the Participant's time of active employment as a Participant during the Plan Year through the date of the Change in Control. The prorated bonus shall be paid as a single lump sum payment to the Participant as soon as reasonably practicable following the date of the Change in Control.

8.2 Long-Term Component

- (a) Upon a Change in Control, the long-term component of the Participant's incentive compensation for the Plan Year, if any, shall be prorated at target, based on the Participant's time of active employment as a Participant during the Plan Year through the date of the Change in Control. The prorated bonus shall be paid as a single lump sum payment to the Participant as soon as reasonably practicable following the date of the Change in Control.
- (b) Upon a Change in Control, the balance in the Participant's long-term incentive compensation account as of the date of the Change in Control, after appropriate crediting or debiting for such period, shall be fully paid to the Participant on an accelerated basis as a single lump sum payment as soon as reasonably practicable following the date of the Change in Control; provided, however, in the event such payment would be made during 2007, such; payment shall instead be made as soon as reasonably practicable after January 2, 2008.

8.3 Section 409A

Payments made under this Article 8 shall be made only to the extent that actions taken under this Article 8 would not cause any payment to result in deferred compensation that is subject to the additional tax under Section 409A of the Code.

SECTION 9
COMMITTEE DISCRETION

The Committee shall exercise all of its power and duties as the Committee deems appropriate in its sole and absolute discretion. All decisions of the Committee shall be final and binding on all Participants and their respective heirs and representatives. In the event it is determined, in the judgment and discretion of the Committee, that any factor applicable in the ultimate determination of incentive compensation under the Plan for a Plan Year is not appropriate with respect to one or more Participants due to unusual events, unforeseen circumstances, or other factors deemed material and relevant, the applicable factor or the amount of the resulting incentive compensation may be adjusted

Table of Contents

or modified in any manner deemed appropriate by the Committee; provided, however, that with respect to awards designed to qualify for the Performance Based Exception, no applicable factor may be adjusted in a manner that would cause an increase in the amount of resulting incentive compensation and the resulting incentive compensation may not be increased.

SECTION 10
AMENDMENT AND TERMINATION

10.1 Amendment

The Plan may be amended in any manner at any time by action of the Board of Directors or the Committee. No amendment shall reduce the amounts credited to the long-term incentive compensation accounts of Plan Participants as of the end of the Plan Year preceding the later of the effective date of the amendment or the date the amendment is adopted.

10.2 Termination

The Plan may be suspended at any time by action of the Committee, pending the next meeting of the Board of Directors of Steelcase Inc. Any suspension may be approved and ratified and the Plan may be terminated at any time by action of the Board of Directors. Neither a suspension nor termination of the Plan shall reduce or eliminate amounts credited in the long-term incentive compensation accounts of Participants as of the end of the Plan Year preceding the later of the effective date of the suspension or termination or the date of the action to suspend or terminate.

SECTION 11
GENERAL PROVISIONS

11.1 Benefits Not Guaranteed

Neither the establishment and maintenance of the Plan nor participation in the Plan shall provide any guarantee or other assurance that incentive compensation will be payable under the Plan. The success of Steelcase Inc. and its subdivisions and affiliates, as determined hereunder, and adjusted as provided herein, and application of the administrative rules and determinations by the Committee shall determine the extent to which Participants are entitled to receive incentive compensation payments and credits hereunder.

11.2 Clawback

If the Company's financial results are materially restated, the Committee may review the circumstances surrounding the restatement and determine whether and which Participants will be required to forfeit the right to receive any future payments under Section 7 of the Plan and/or repay any prior payments determined by the Committee to have been inappropriately received by the Participant. If the Company's financial results are restated due to fraud, any Participant who the Committee determines participated in or is responsible for the fraud causing the need for the restatement forfeits the right to receive any future payments under Section 7 of the Plan and must repay any amounts paid in excess of the amounts that would have been paid based on the restated financial results. Any repayments required under this Section 11.2 must be made by the Participant within ten (10) days following written demand from the Company. This Section 11.2 applies only to Participants in the Plan who also participate in the Steelcase Inc. Executive Severance Plan.

11.3 No Right to Participate

Nothing in this Plan shall be deemed or interpreted to provide a Participant or any non-participating Employee with any contractual right to participate in or receive benefits of the Plan. No designation of an Employee as a Participant for all or any part of a Plan Year shall create a right to incentive compensation or other benefits of the Plan for any other Plan Year.

11.4 No Employment Right

Participation in this Plan shall not be construed as constituting a commitment, guarantee, agreement, or understanding of any kind that the Company or any subdivision of the Company will continue to employ an individual, and this Plan shall not be construed or applied as any type of employment contract or obligation. Nothing herein shall abridge or diminish the rights of the Company or the employing subdivision of the Company to determine the terms and conditions of employment of any Participant or other employee or to terminate the employment of any Participant or other Employee with or without cause at any time.

11.5 No Assignment or Transfer

Neither a participant nor any beneficiary or other representative of a Participant shall have any right to assign, transfer, attach, or hypothecate any incentive compensation amount or credit, potential payment, or right to future payments of any incentive compensation amount or credit, or any other benefit provided under this Plan. Payment of any amount due or to become due under this Plan shall not be subject to the claims of creditors of the Participant or to execution by attachment or garnishment or any other legal or equitable proceeding or process.

11.6 Withholding and Payroll Taxes

The Company shall deduct from any payment made under this Plan all amounts required by federal, state, and local tax laws to be withheld and shall subject any payments made under the Plan to all applicable payroll taxes and assessments.

11.7 Incompetent Payee

If the Committee determined that a person entitled to a payment hereunder is incompetent, it may cause benefits to be paid to another person for the use or benefit of the Participant or the Participant's beneficiary at the time or times otherwise payable hereunder, in total discharge of the Plan's obligations to the Participant or beneficiary.

11.8 Section 409A

It is intended that the Plan and awards issued hereunder will comply with Section 409A of the Code (and any regulations and guidelines issued thereunder) to the extent the awards are subject thereto, and the Plan and such awards shall be interpreted on a basis consistent with such intent. The Plan and any award agreements issued thereunder may be amended in any respect deemed by the Board or the Committee to be necessary in order to preserve compliance with Section 409A of the Code.

The Plan permits the grant of Nonqualified Stock Options, Incentive Stock Options, Stock Appreciation Rights, Restricted Stock, Performance Shares, Performance Units, Cash-Based Awards, Phantom Shares and Share-Based Awards. Notwithstanding any provision in the Plan, to the extent that any Award would be subject to Section 409A of the Code, no such Award may be granted if it would fail to comply with the requirements set forth in Section 409A of the Code and any regulations or guidance promulgated thereunder.

- (b) **Cashout of Awards.** Notwithstanding any other provision of the Plan, in the event of a Change in Control in which the consideration paid to the holders of Shares is solely cash, the Board may, in its discretion, provide that each Award shall, upon the occurrence of a Change in Control, be cancelled in exchange for a payment in an amount equal to (i) the excess of the consideration paid per Share in the Change in Control over the exercise or purchase price (if any) per Share subject to the Award multiplied by (ii) the number of Shares granted under the Award.

ARTICLE 18. Amendment, Modification, and Termination

18.1 Amendment, Modification, and Termination. Subject to Sections 18.3 and 18.4, the Board may at any time and from time to time, alter, amend, suspend or terminate the Plan in whole or in part; provided, that no amendment shall be made without shareholder approval if such approval is necessary to comply with any applicable tax or regulatory requirements. Prior to such approval, Awards may be made under the Plan expressly subject to such approval.

18.2 Adjustment of Awards. The Board (or its delegate) may make adjustments in the terms and conditions of, and the criteria included in, any Award in any situation it deems appropriate, as long as the adjustment of such Award does not adversely affect the holder; provided, that no such adjustment shall be authorized to the extent that such authority would be inconsistent with the Plan's meeting the requirements of Section 162(m) or 409A of the Code.

18.3 Awards Previously Granted. Notwithstanding any other provision of the Plan to the contrary (but subject to Article 17 hereof), no termination, amendment, or modification of the Plan shall adversely affect in any material way any Award previously granted under the Plan, without the written consent of the Participant holding such Award.

18.4 Compliance with Code Section 162(m). At all times when Code Section 162(m) is applicable, all Awards granted under this Plan shall comply with the requirements of Code Section 162(m); provided, however, that in the event the Board determines that such compliance is not desired with respect to any Award or Awards available for grant under the Plan, then compliance with Code Section 162(m) will not be required. In addition, in the event that changes are made to Code Section 162(m) to permit greater flexibility with respect to any Award or Awards available under the Plan, the Board may, subject to this Article 18, make any adjustments it deems appropriate.

ARTICLE 19. Clawback

If the Company's financial results are materially restated, the Committee may review the circumstances surrounding the restatement and determine whether and which Participants will be required to forfeit the right to receive any future Awards or other equity based incentive compensation under the Plan and/or repay any Awards or cash payments determined by the Committee to have been inappropriately received by the Participant. If the Company's financial results are restated due to fraud, any Participant who the Committee determines participated in or is responsible for the fraud causing the need for the restatement, forfeits the right to receive any future Awards or other equity based incentive compensation under the Plan and must repay any Awards or cash payments in excess of the amounts that would have been received based on the restated financial results. Any repayments required under this Article 19 must be made by the Participant within ten (10) days

following written demand from the Company. This Article 19 applies only to Participants in the Plan who also participate in the Steelcase Inc. Executive Severance Plan.

ARTICLE 20. Withholding

20.1 Tax Withholding. The Company shall have the power and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy federal, state, and local taxes, domestic or foreign, required by law or regulation to be withheld with respect to any taxable event arising as a result of this Plan.

20.2 Share Withholding. With respect to withholding required upon the exercise of Options or SARs, upon the lapse of restrictions on Restricted Stock, or upon any other taxable event arising as a result of Awards granted hereunder, Participants may elect, subject to the approval of the Board, to satisfy the withholding requirement, in whole or in part, by having the Company withhold Shares having a Fair Market Value on the date the tax is to be determined equal to the minimum statutory total tax which could be imposed on the transaction. All such elections shall be irrevocable, made in writing, signed by the Participant, and shall be subject to any restrictions or limitations that the Board, in its sole discretion, deems appropriate.

ARTICLE 21. Indemnification

Each person who is or shall have been a member of the Committee, or of the Board, shall be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him or her in connection with or resulting from any claim, action, suit, or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action taken or failure to act under the Plan and against and from any and all amounts paid by him or her in settlement thereof, with the Company's approval, or paid by him or her in satisfaction of any judgment in any such action, suit, or proceeding against him or her, provided he or she shall give the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Articles of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

ARTICLE 22. Successors

All obligations of the Company under the Plan with respect to Awards granted hereunder shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business and/or assets of the Company.

23.3 Requirements of Law. The granting of Awards and the issuance of Shares under the Plan shall be subject to all applicable laws, rules, and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.

23.5 Section 409A. It is intended that the Plan and Awards issued hereunder will comply with Section 409A of the Code (and any regulations and guidelines issued thereunder) to the extent the Awards are subject thereto, and the Plan and such Awards shall be interpreted on a basis consistent with such intent. The Plan and any Award Agreements issued thereunder may be amended in any respect deemed by the Board or the Committee to be necessary in order to preserve compliance with Section 409A of the Code.
